## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

#### NOTE 1: BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the interim financials not misleading have been included and all such adjustments are of a normal recurring nature. The operating results for the three months ended March 31, 2007 are not necessarily indicative of the results that can be expected for the year ending December 31, 2007.

The balance sheet as of December 31, 2006 has been derived from the audited financial statements at such date, but does not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

The accounting policies followed by the Company are set forth in Note 2 to the Company's consolidated financial statements in the December 31, 2006 Form 10-KSB.

For further information, please refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report of Form 10-KSB for the year ended December 31, 2006.

Intercompany transactions have been eliminated in consolidation.

Certain reclassifications have been made to prior period financial statements to conform to the current year presentation.

#### NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Revenue and Income Recognition

The Company recognizes revenues and income using the percentage-of-completion method for custom production-type contracts while revenues from other products are recorded when such products are accepted and shipped. Profits on custom production-type contracts are recorded on the basis of the Company's estimates of the percentage-of-completion of individual contracts,

### NOTE 2 (continued):

commencing when progress reaches a point where experience is sufficient to estimate final results with reasonable accuracy. Under this method, revenues are recognized based on costs incurred to date compared with total estimated costs.

The asset, "Costs and estimated earnings in excess of billings on uncompleted contracts," represents revenues recognized in excess of amounts billed.

The liability, "Billings in excess of costs on uncompleted contracts" represents amounts billed in excess of revenues earned.

#### Cash and Cash Equivalents

The Company considers all highly liquid financial instruments purchased with an original maturity of three months or less at the date of purchase to be cash equivalents.

#### Investments

Investments in unconsolidated companies in which the Company owns less than a 20% interest or otherwise does not exercise a significant influence are carried at cost.

#### NOTE 3: UNCOMPLETED CONTRACTS

Costs, estimated earnings and billings on uncompleted contracts are summarized as follows:

	March 31, 2007 (Unaudited)	<u>December 31, 2006</u>
Costs incurred on uncompleted contracts	\$ 1,690,364	\$ 1,509,672
Estimated earnings	2,495,770	2,015,836
	4,186,134	3,525,508
Billings to date	(2,900,516)	<u>(2,808,845)</u>
	<u>\$ 1,285,618</u>	<u>\$ 716,663_</u>
Included in accompanying balance sheets		
Under the following captions:		
Costs and estimated earnings in excess of billings on uncompleted contracts Billings in excess of costs and estimate	\$ 1,285,618	\$ 716,663
earnings on uncompleted contracts		
	\$ 1,285,618	\$ 716,663 <b>_</b>

#### NOTE 4: INVENTORY

Inventories consist of the following:

	March 31, 2007 (Unaudited)	<u>December 31, 2006</u>
Raw materials	\$ 902,854	\$ 860,085
Work-in-process	1,385,078	1,515,460
Finished goods	328,961	328,961
	\$2,616,893	\$ 2,704,506

#### NOTE 5: BAD DEBTS

Accounts receivables are presented net of an allowance for doubtful accounts of \$5,217 and \$7,217 as of March 31, 2007 and December 31, 2006 respectively. The allowance is based on prior experience and management's evaluation of the collectibility of accounts receivable. Management believes the allowance is adequate. However, future estimates may change based on changes in economic conditions.

NOTE 6:	SHORT TERM BORROWINGS
MOIL 0.	

March 31, (Unaudit	
\$205,0	90 \$210,000

The Company has a line of credit with a bank permitting it to borrow on a revolving basis amounts up to \$1,250,000 until June 1, 2007 at which time it will be subject to renewal. Interest is payable on any unpaid principal balance at the bank's prime rate plus <sup>3</sup>/<sub>4</sub> of 1%. The prime rate was 8.25% and the amount outstanding on the facility was \$205,000 and \$210,000 on March 31, 2007 and December 31, 2006 respectively. Borrowings are collateralized by the Company's assets.

The Company has a line of credit for equipment purchases from the same bank permitting it to borrow up to 100% of the purchase price of the equipment up to \$250,000. The amount borrowed is immediately converted into a five year term loan at the bank's prime rate plus 1 1/4%. As of March 31, 2007, there was approximately \$213,000 outstanding on this facility. Borrowings are collateralized by the equipment purchased.

#### NOTE 7: STOCK COMPENSATION EXPENSE

On January 1, 2006, the Company adopted the provisions of SFAS No. 123-R "Share-Based Payment" using the modified prospective method. SFAS No. 123-R requires companies to recognize the cost of employee services received in exchange for awards of equity instruments based upon the grant date fair value of those awards. Under the modified prospective method of adopting SFAS No. 123-R, the Company recognized compensation cost for all share-based payments granted after January 1, 2006, plus any awards granted to employees prior to January 1, 2006 that remain unvested at that time. Under this method of adoption, no restatement of prior periods is made.

During the three months ended March 31, 2007 and March 31, 2006, the Company recorded into selling and general administrative expense approximately \$42,000 and \$53,000 respectively for the cost of employee services received in exchange for equity instruments based on the grant-date fair value of those instruments in accordance with the provisions of SFAS No. 123-R.

#### NOTE 8: INCOME TAXES

The provision (benefit) for income taxes includes the following:

	Three Months Ended
	March 31, 2007
	(Unaudited)
Current:	
Federal	\$ 108,921
State	8,791_
<b>Total Current Provision</b>	117,712
Deferred:	
Federal	(73,677)
State	15,615
Total Deferred (Benefit)	(58,062)
	<u>\$ 59,650</u>

All of the Company's federal net operating loss (NOL'S) carry forwards of approximately \$40,000 have been utilized and \$276,000 of the Company's \$277,000 state net operating loss (NOL'S) carry forwards have been utilized through March 31, 2007. For the three months ended March 31, 2007, the Company recorded a current income tax expense of approximately \$118,000, which related to various federal, state and local taxes.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the consolidated financial statements and accompanying notes filed as part of this report.

Except for historical information contained herein, this "Management's Discussion and Analysis of Financial Condition and Results of Operations" contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, as amended. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of the Company to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. These forward-looking statements were based on various factors and were derived utilizing numerous important assumptions and other important factors that could cause actual results to differ materially from those in the forward-looking statements. Important assumptions and other factors that could cause actual results to differ materially from those in the forwardlooking statements, include but are not limited to: competition in the Company's existing and potential future product lines of business; the Company's ability to obtain financing on acceptable terms if and when needed; uncertainty as to the Company's future profitability, uncertainty as to the future profitability of acquired businesses or product lines, uncertainty as to any future expansion of the Company. Other factors and assumptions not identified above were also involved in the derivation of these forward-looking statements and the failure of such assumptions to be realized as well as other factors may also cause actual results to differ materially from those projected. The Company assumes no obligation to update these forward looking statements to reflect actual results, changes in assumptions or changes in other factors affecting such forward-looking statements.

#### **Results of Operations**

Revenue for the three month period ended March 31, 2007 was \$3,811,277 compared to \$3,211,473 for the three month period ended March 31, 2006, an increase of 18.7% as the Company continues to experience an increasing demand for its products.

The Company generated a gross profit of approximately \$1,256,000 for a gross profit margin of 33.0% for the three months ended March 31, 2007 compared to a gross profit of approximately \$1,070,000 for a gross profit margin of 33.3% for the three months ended March 31, 2006.

Selling and shipping expenses for the three months ended March 31, 2007 and 2006 were \$278,310 and \$196,869 respectively, representing a 41.4% increase. This increase can be attributed primarily to a \$35,000 increase in trade show expenses in order to effectuate the Company's sales expansion program, and an increase in sales commissions.

The Company incurred approximately \$773,000 of general and administrative expenses during the quarter ended March 31, 2007, representing an increase of 7.7% or approximately \$55,000 compared to the approximately \$718,000 of general and administrative expenses incurred in the quarter ended March 31, 2006. This increase is a result of increased personnel as well as various increases in employee benefit costs, insurance, and energy costs.

As a result of the foregoing factors, operating income was \$204,000 for the three months ended March 31, 2007 an increase of 31.6% compared to \$155,000 for the same period one year ago.

Interest expense for the three months ended March 31, 2007 decreased by 5.6% to \$53,473 compared to \$56,647 during the three months ended March 31, 2006. Although the Company incurred higher operating costs during the current period, interest expenses were slightly lower as result of reduced borrowing by the Company.

Other income during the quarter ended March 31, 2007 was approximately \$5,000 compared to approximately \$75,000 for the corresponding period one year ago. This resulted from the receipt of \$70,000 during the quarter ended March 31, 2006 which was previously written off in 2004.

For the three months ended March 31, 2007, the Company recorded a current income tax expense of approximately \$118,000 that was reduced by the deferred tax benefit of \$58,000.

The Company reported net income of approximately \$96,000 for the current period compared to net income of approximately \$113,000 for the same period, one year ago. This decrease was primarily due to two factors: the receipt of \$70,000 during the 1<sup>st</sup> quarter 2006, which was previously written off in 2004; and an increase in expenses in the current quarter associated with the initiation of the Company's program, first discussed in the December 31, 2006 Form 10-K, to broaden the First Nano product line and pursue a significantly larger share of the R&D market.

#### **Liquidity and Capital Resources**

As of March 31, 2007, the Company had an aggregate working capital of approximately \$4,305,000 compared to \$4,151,000 at December 31, 2006 an increase of \$154,000. This increase was the result of the following: our net income, after adding back depreciation and amortization, increased working capital by approximately \$202,000. The increase in working capital also included approximately \$126,000 in net proceeds from stock option exercises and stock based compensation expense and \$140,000 from equipment loans. These increases were partially offset by an investment in equipment of \$197,000 along with changes in other current assets and liabilities of \$117,000.

Accounts receivable as of March 31, 2007 was \$1,956,018 compared to \$2,377,069 as of December 31, 2006. This decrease is attributable to the timing of shipments and customer payments.

As of March 31, 2007 the Company's backlog was approximately \$2,143,000, a decrease of \$1,422,000 or 40.0% compared to \$3,565,000 at December 31, 2006. Timing for completion of the backlog varies depending on the product mix, however, there is generally a one to six month lag in the completion and shipping of backlogged product. Backlog from quarter to quarter can vary based on the timing of order placements and shipments.

The Company has a revolving line of credit with a bank permitting it to borrow on a revolving basis amounts up to \$1,250,000 until June 1, 2007, at which time it will be subject to renewal. Interest is payable on any unpaid principal balance at the bank's prime rate plus ¾ of 1%. As of March 31, 2007, \$205,000 was outstanding on this facility. Borrowings are collateralized by the Company's assets.

The Company also has an equipment line of credit of \$250,000 with that same bank. The Company is permitted to borrow up to 100% of the purchase price of the equipment. The amount borrowed is immediately converted into a five year term loan at the bank's prime rate plus 1.25%. As of March 31, 2007, there was approximately \$213,000 outstanding on this facility. Borrowings are collateralized by the equipment purchased.

The Company believes that its cash, cash equivalents and available credit facilities will be sufficient to meet its working capital and investment requirements for the next twelve months. However, should we determine and allow our business to grow more aggressively, which may include making acquisitions, we may need to raise additional funding. For this reason, as well as other reasons that arise from time to time, we may consider raising capital through equity or debt financings. Any decision to raise additional capital, as well as the determination of the appropriate vehicle for doing so, will depend on market conditions, order levels, opportunities presented to us and other factors.

#### Item 3. Controls and Procedures.

#### Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as required by Exchange Act Rule 13a-15, as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective to insure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms.

#### Changes in Internal Controls

There were no significant changes in the Company's internal controls over financial reporting that occurred during the three months ended March 31, 2007 that have materially affected, or are reasonably likely to materially affect, the internal controls over financial reporting.

#### Limitations on the Effectiveness of Controls

We believe that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control systems are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

#### Certifications of Principal Executive Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

- I, Leonard A. Rosenbaum, the principal executive officer of CVD Equipment Corporation, certify that:
  - 1. I have reviewed this quarterly report on Form 10-QSB of CVD Equipment Corporation;
  - 2. Based upon my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
  - 3. Based upon my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
  - 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
    - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
    - b. Intentionally omitted.
    - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
    - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
  - 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrants' board of directors (or persons performing the equivalent functions):
    - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
    - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Dated: May 14, 2007
