Wyomissing, Pennsylvania 19610

**Re: Vist Financial Corp.
Item 4.02 Form 8-K Filed November 10, 2009
File No. 000-14555**

Dear Mr. Barrett:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your documents in response to these comments. If you disagree, we will consider your explanation as to why our comments are inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone number listed at the end of this letter.

Form 8-K Filed November 10, 2009

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

1. We note your disclosure that the interest rate swaps used to hedge the cash flows related to your junior subordinated debentures should have been accounted for under ASC 825 rather than ASC 815. This statement is confusing as the accounting treatment for derivative instruments that are not designated as hedging instruments is specifically discussed in ASC 815-10-35-2. Furthermore, it is not

clear from your disclosure that the application of cash flow hedge accounting to these hedging relationships was inappropriate since the hedged items (junior subordinated debentures) were carried at fair value under ASC 825-10-25.

Accordingly, please revise to clearly disclose the reasons that your referenced financial statements can no longer be relied upon. In this regard, disclose the following:

- Discuss the changes made to your valuation models for both your interest rate swaps and junior subordinated debentures, specifically identify the assumptions that were revised and explain how you determined that your original estimates of fair value were not appropriate; and
 - Clarify that the restatements are also the result of the misapplication of cash flow hedge accounting to instruments that were already being carried at fair value.
2. Please revise your disclosure to address the September 30, 2008 reporting period.
 3. As a related matter, we note that you filed your September 30, 2008 Form 10-Q on November 16, 2009. It does not appear that you have properly reflected the restatement of the comparable prior period in this quarterly report. Please consider the need to address this filing and any potential required amendment in your amended Item 4.02 Form 8-K.
 4. In your amended periodic reports to file your restated financial statements describe the effect of the restatement on the officers' conclusions regarding the effectiveness of the company's disclosure controls and procedures. See Item 307 of Regulation S-K. If the officers' conclude that the disclosure controls and procedures were effective, despite the restatement, describe the basis for the officers' conclusions.

* * * *

As appropriate, please amend your filings and respond to this comment within five business days or tell us when you will provide us with a response. You may wish to provide us with marked copies of the amendments to expedite our review. Please furnish a cover letter with your amendments that keys your responses to our comment and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendments and responses to our comment.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings to be certain that the filings include all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comment on your filing.

If you have any questions, please call Angela Connell at (202) 551-3426.

Sincerely,

Hugh West
Accounting Branch Chief
