LIQUIDITY AND CAPITAL RESOURCES

On July 31, 1986 the Partnership purchased the Las Brisas Apartments. The purchase provided for the sellers to receive cash at closing and notes totaling \$660,000. On September 30, 1987 the principal balance due totaled \$210,000. In order to obtain the necessary proceeds to finally retire these notes the General Partners offered 254 Units of the Partnership to two investors at the price of \$200,660. No commissions were taken nor did the General Partner receive any fees in connection with these interests. The Partnership then obtained short term financing from Resource Savings Association totaling \$260,000, bearing interest at the rate of 2% over prime and payable quarterly together with principal payments of \$15,000 each. Security for the loan was provided by a \$100,000 certificate of deposit and the personal guaranties of the Partnership's General Partners. The Resource Savings Association loan matured December 31, 1983. In September 1991 Mr. Werra paid \$40,750 in satisfaction of his personal guaranty of the Partnership loan.

The Partnership defaulted in its debt obligations in August 1988. The Partnership was forced to seek protection under Chapter 11 of the United States Bankruptcy Code in December, 1988 when negotiations with Aetna Life Insurance Company, ("Aetna") the holder of the two underlying first mortgage notes and Las Brisas Apartments, Ltd. and Abilene Associates, Ltd., the holders of respective wrap mortgage notes ("Wrap Note Holders") failed to provide any relief.

The Partnership emerged from bankruptcy on May 15, 1990, having negotiated a modification of its debt with its major creditors. In June 1989 an affiliate of the individual General Partner provided \$401,910.77 to bring the Aetna notes current. At the same time the Wrap Note Holders agreed to reduced the payments due on their respective wrap notes in order to mirror the payments made on the underlying Aetna notes. The term of each wrap note will be extended from July 31, 1995 to July 1, 2002 and July 1, 2007 respectively. The \$401,910.77 note is collateralized by junior mortgage on the property. In addition, the affiliate has the option to purchase the wrap notes for \$85,000 at any time prior to the respective maturity dates of the wrap notes.

Commencing on July 1, 1992, payments on the notes reverted to the original amounts of \$19,442 and \$15,454. During the prior two years the Partnership deferred \$214,460 in debt service payments. The modification gave the Partnership room to deal with the economic difficulties experienced in the market at the time.

In February 1991, Amrecorp Realty Inc. resigned as the Managing General Partner of the Partnership. As was communicated to all limited partners, this step was taken in order to minimize any effect that Amrecorp's financial difficulties might have on the partnership. Management of the Partnership's assets is performed by Univesco, Inc., a Texas corporation, Robert J. Werra, CEO.

On November 12, 1993 the Partnership refinanced the properties secured debt with an 8.15%, ten year, mortgage loan from Lexington Mortgage Company. The \$3,250,000 mortgage loan provides for monthly payments of \$415,000 based on an amortized schedule of 300 months with a final payment of the entire remaining principal balance in December 2003. The proceeds of this new loan were used to pay off the \$2,500,000 and \$2,300,000 mortgage notes which previously held the first mortgage position. The old first mortgagee provided a discount of approximately ten percent of the outstanding principal balances of two old notes. The balance of funds needed to retire the old notes (approximately \$100,000) was provided by Robert J. Werra. In addition Robert J. Werra exercised his option in the property's wrap mortgage notes. The new lender prohibited subordinate debt. To meet this requirement the subordinate debt held by Mr. Werra was converted to a class of equity with the same terms and conditions as it possessed as debt. The wrap mortgage lender would not agree to the change in status so Mr. Werra paid \$85,000 to complete his purchase of the wrap notes and now holds an equity position in the partnership as a Special Limited partner.

The partnership agreement was amended by vote of the limited partners to include the appointment of a new corporate general partner, LBAL, Inc., a Texas corporation wholly owned by Robert J. Werra.

While it is the General Partners primary intention to operate and manage the existing real estate investment, the General Partner also continually evaluates this investment in light of current economic conditions and trends to determine if this asset should be considered for disposal. At this time, there is no plan to dispose of Las Brisas Apartments.

As of September 30, 2004, the Partnership had \$45,743 in cash and cash equivalents as compared to \$19,115 as of December 31, 2003. The net increase in cash of \$26,628 was cash flow from operations.

The property is encumbered by a non-recourse mortgage with a principal balance of \$3,953,893 as of September 30, 2004. During the year ended December 31, 2001, the Partnership refinanced the mortgage payable. The mortgage payable bears interest at a rate of 6.18% and is payable in monthly installments of principal and interest of \$25,058 through December 2011, at which time a lump sum payment of approximately \$3,447,000 is due. This mortgage note is secured by real estate with a net book value of \$3,169,117.

For the foreseeable future, the Partnership anticipates that mortgage principal payments (excluding balloon mortgage payments), improvements and capital expenditures will be funded by net cash from operations. The primary source of capital to fund future Partnership acquisitions and balloon mortgage payments will be proceeds from the sale financing or refinancing of the Property.

The special limited partner distribution preference arises from a preferred return on certain special limited partnership contributions made in prior years in conjunction with the refinancing of the mortgage debt. The total unpaid amount due to the special limited partners at September 30, 2004 is approximately \$2,082,000 of which \$903,000 is the remaining distribution preference and \$1,179,000 is the original contribution. Any additional available cash will then be distributed in accordance with the partnership agreement. During 2004, 2003, and 2002, distributions of \$90,000, \$110,000, and \$523,560, respectively, were made to the special limited partners in accordance with this agreement.

Item 3 – Quantitative and Qualitative Disclosure about Market Risk

The Partnership is exposed to interest rate changes primarily as a result of its real estate mortgages. The Partnerships interest rate risk management objective is to limit the impact of interest rate changes on earnings and cash flows and to lower its overall borrowing costs. To achieve its objectives, the Partnership borrows primarily at fixed rates. The Partnership does not enter into derivative or interest rate transactions for any purpose.

The Partnerships' activities do not contain material risk due to changes in general market conditions. The partnership invests only in fully insured bank certificates of deposits, and mutual funds investing in United States treasury obligations.

Item 4 - Controls and Procedures

Based on their most recent evaluation, which was completed within 90 days of the filing of this Form 10-Q, our Acting Principal Executive Officer and Chief Financial Officer, believe our disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) are effective. There were not any significant changes in internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation, and there has not been any corrective action with regard to significant deficiencies and material weaknesses.
