BUTLER INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. PRESENTATION:

The accompanying unaudited condensed consolidated financial statements of Butler International, Inc. and subsidiaries (the "Company") have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission for interim financial information. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments consisting of normal recurring adjustments and accruals, as well as accounting changes (see Note 2) considered necessary for a fair presentation have been reflected in these condensed consolidated financial statements. Operating results for the quarter are not necessarily indicative of the results that may be expected for the year ending December 31, 2002 due to seasonal and other factors. Certain prior period amounts have been reclassified to conform to the current period presentation. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statement and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001.

2. ACCOUNTING CHANGES:

Change in Accounting for Goodwill and Certain Other Intangibles

Effective January 1, 2002, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets". SFAS No. 142 requires that goodwill and other indefinite lived intangible assets not be amortized, but be tested for impairment at least annually at the reporting unit level. An impairment charge will be recognized only when the implied fair value of a reporting unit, including goodwill, is less than its carrying amount. Accordingly, the Company ceased amortization of all goodwill on January 1, 2002.

Pursuant to SFAS No. 142, the Company performed the transitional goodwill impairment test. The Company determined the implied fair value of each of its reporting units using a discounted cash flow analysis and compared such values to the respective reporting units' carrying amounts. This evaluation indicated that goodwill recorded in the Technology Solutions segment was impaired as of January 1, 2002. The primary factor resulting in the impairment charge was the continuing difficult economic environment in the information technology sector. Accordingly, the Company recognized a non-cash charge of approximately \$12,338,000 (net of tax benefit of approximately \$1,404,000), recorded as of January 1, 2002, as a cumulative effect of a change in accounting principle for the write-down of goodwill to its fair value. No impairment charge was appropriate under the previous goodwill impairment standard, which was based on undiscounted cash flows.

Other Accounting Pronouncements

Effective January 1, 2002, the Company also adopted SFAS No 144, "Accounting for the Impairment or Disposal of Long-Lived Assets", which supersedes SFAS No. 121. Though it retains the basic requirements of SFAS No. 121 regarding when and how to measure an impairment loss, SFAS No. 144 provides additional implementation guidance. SFAS No. 144 applies to long-lived assets to be held and used or to be disposed of, including assets under capital leases of lessees; assets subject to operating leases of lessors; and prepaid assets. SFAS No. 144 also expands the scope of a discontinued operation to include a component of an entity, and eliminates the current exemption to consolidation when control over a subsidiary is likely to be temporary. The adoption of SFAS 144 did not have a material impact on the Company's consolidated results of operations and financial position.

3. RESTRUCTURING AND OTHER CHARGES:

In April 2001, the Company announced a Company-wide cost reduction plan. The Company recorded restructuring and other charges totaling \$9.3 million during 2001. These charges were for costs incurred to eliminate excess capacity, reduce both staff and service delivery personnel in all of the Company's business units, the closing of certain unprofitable locations and the termination of unprofitable contracts and activities. As a result of the restructuring, a total of 389 employees were terminated in 2001. During the first nine months of 2002, the Company recorded additional charge of \$4,422,000 principally related to the termination of an additional 158 employees, the closing of certain unprofitable locations and the termination of an unprofitable contract. Also, the Company finalized certain previously recorded restructuring accruals resulting in a credit to income of \$527,000 primarily due to favorable settlements of facility lease commitments.

BUTLER INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The following presents a reconciliation of the original restructuring components of the 2001 and 2002 charges to the balance remaining at September 30, 2002, which is included in accounts payable and accrued liabilities (\$1.3 million) and in other long-term liabilities (\$0.2 million) (in thousands):

4. EARNINGS PER SHARE:

The following table presents the computation of basis and diluted earnings per common share (in thousands, except per share data):

	For the Three-Month Period Ended September 30,		For the Nine-Month Period Ended September 30,	
	2002	2001	2002	2001
Basic Earnings per Share:

Weighted average common shares outstanding	<u>10,045</u>	<u>9,422</u>	<u>9,948</u>	<u>9,421</u>
Basic loss per common share	<u>\$ (0.28)</u>	<u>\$ (0.11)</u>	<u>\$ (1.79)</u>	<u>\$ (0.82)</u>
Diluted Earnings per Share:				
Net loss	\$ (2,743)	\$ (939)	\$ (17,530)	\$ (7,471)
Preferred dividends	<u>(98)</u>	<u>(91)</u>	<u>(293)</u>	<u>(272)</u>
Loss available to common shareholders assuming conversion	<u>(2,841)</u>	<u>(1,030)</u>	<u>(17,823)</u>	<u>(7,743)</u>
Weighted average common shares outstanding	<u>10,045</u>	<u>9,422</u>	<u>9,948</u>	<u>9,421</u>
Diluted loss per common share	<u>\$ (0.28)</u>	<u>\$ (0.11)</u>	<u>\$ (1.79)</u>	<u>\$ (0.82)</u>

Basic earnings/(loss) per common share is calculated by dividing net income/(loss), adjusted for preferred stock dividends, by the weighted average number of common shares outstanding during the period. Diluted earnings/(loss) per share is calculated by dividing net income/(loss) by the sum of the weighted average number of common shares that would have been outstanding if potentially dilutive securities or common stock equivalents had been issued. As a result of the net loss reported for the three and nine-month periods ended September 30, 2001, potential common shares of 11,250 have been excluded from the calculations of diluted loss per share because their effect would be anti-dilutive. In addition, for the three and nine-month periods ended September 30, 2002 and 2001, there were options and warrants totaling 1,690,083 and 1,369,500, respectively, where the exercise price was greater than the average market price of the common shares were excluded from the computation of diluted loss per share.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

5. GOODWILL

As described in Note 2, the Company adopted SFAS No. 142 as of January 1, 2002 and, as a result, all of the Company's goodwill is no longer amortized. The effect of this accounting change is reflected prospectively. The following table reflects the Company's comparative net loss before the cumulative effect of accounting change and goodwill amortization under SFAS No. 142 (in thousands except for per share data):

6. LONG-TERM DEBT:

During the second quarter of 2002, the Company did not meet the fixed charge coverage ratio covenant on its then existing seven-year mortgage for its corporate office facility. The Company did receive a waiver from the mortgage holder, however, in exchange for the waiver, the bank accelerated the maturity date from November 1, 2004 to September 30, 2002. In accordance with that agreement, that mortgage was repaid on September 30, 2002.

As part of its restructuring plan, the Company closed on a new mortgage for its corporate office facility on September 30, 2002. The new 10 year, \$7.0 million, mortgage replaced an existing \$5.2 million obligation. The new agreement's interest rate is fixed at 6.85% compared to an effective 8.1% rate on the prior mortgage. In conjunction with the repayment its existing mortgage, the Company terminated its interest rate swap agreement at a cost of \$457,000. The interest rate swap agreement was designed as a cash flow hedge and the termination cost was included in the restructuring reserve.

Consolidated Total	<u>\$ (2,925)</u>	<u>\$ (2,003)</u>	<u>\$ (4,022)</u>	<u>\$ (7,987)</u>

The Company primarily operates in the United States. The Technical Group operations include the results of its United Kingdom ("UK") and India subsidiaries. Sales from the UK and India operations were approximately \$5.0 million and \$3.3 million for the three-month period ended September 30, 2002 and 2001, respectively and \$12.4 million and \$9.6 million for the nine-month period ended September 30, 2002 and 2001, respectively. Operating profits/(losses) from the UK subsidiary were approximately \$172,000 and (\$42,000) for the three-month periods ended September 30, 2002 and 2001, respectively, and approximately \$389,000 and \$57,000 for the nine-month periods ended September 30, 2002 and 2001, respectively. The India subsidiary began operations in April 2001. It generated operating profits of approximately \$164,000 and \$295,000 for the three-month and nine-month periods ended September 30, 2002, respectively, compared to losses of \$14,000 and \$108,000 for the same periods in 2001.

Management reviews the Company's assets on a consolidated basis, as it is not meaningful to allocate assets to the various segments. Unallocated amounts of operating profits consist of corporate expenses and certain general and administrative expenses from field operations.

9. COMMON STOCK

During the first quarter of 2002, certain individuals, including directors, executed non-interest bearing, non-recourse notes payable to the Company in the aggregate amount of \$915,410 in order to exercise options and warrants granted under various approved stockholder option plans and other stock purchase agreements to purchase a total of 361,000 shares of the Company's common stock.

In March 2002, the Company granted a total of 258,667 shares of its common stock to three of its officers under the 1992 Stock Bonus Plan.

In June 2002, the Company reissued and retired from treasury 656,114 common shares. As a result of this re-issuance and retirement, treasury stock and additional paid-in capital were both reduced by approximately \$5.8 million.

10. CONTINGENCIES:

The Company and its subsidiaries are parties to various legal proceedings and claims incidental to its normal business operations for which no material liability is expected beyond which is recorded. While the ultimate resolution is not known, management does not expect that the resolution of such matters will have a material adverse effect on the Company's financial statements and results of operations.

On August 28, 2002, Knott Partners, L.P., of which David M. Knott is a general partner, and Old Oak Partners, LLC filed a lawsuit against the Company and certain of its directors alleging, among other things, breach of fiduciary duty. The Company considers the lawsuit baseless.

11. OTHER MATTERS:

On September 26, 2002, the Company received notice from the Nasdaq National Market ("Nasdaq NM"), on which the Company is listed, that our Common Stock had not met the \$1.00 continuing listing standard for a period of 30 consecutive trading days. Nasdaq NM permits a 90-day cure period for a company to regain compliance with the bid price standard.

Prior to the expiration of the 90-day cure period which will occur on December 26, 2002, the Company intends to submit a transfer application to Nasdaq in order to be transferred from the Nasdaq NM to Nasdaq SmallCap. Nasdaq SmallCap permits a 180-day cure period for a company to regain compliance with the bid price standard, and the Company determined that it was preferable to be quoted on the Nasdaq SmallCap than to be delisted from the Nasdaq NM after the expiration of the 90-day cure period. Nasdaq SmallCap's 180-day cure period for the Company to regain compliance with the bid standard will expire on March 25, 2003 (the failure to comply is measured from the original date of the transfer from Nasdaq NM to Nasdaq SmallCap). The Company's Common Stock must have a closing bid price of \$1.00 for ten consecutive trading days in order to regain compliance with the Nasdaq SmallCap listing standard.

If the Company cannot demonstrate compliance with the Nasdaq SmallCap \$1.00 minimum bid price requirement prior to March 25, 2003, the end of the 180-day grace period, the Company may be eligible for an additional 180-day grace period if it can demonstrate compliance with each initial listing requirement for Nasdaq SmallCap except for the minimum bid price. The Company is currently eligible for this 180-day grace period. If the Company does not achieve compliance with the minimum bid price requirement prior to the additional 180-day grace period, Nasdaq may de-list the Company's Common Stock from the Nasdaq SmallCap.

12. RECENTLY ISSUED FINANCIAL ACCOUNTING STANDARDS:

In June 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations". This Statement establishes accounting standards for the recognition and measurement of an asset retirement obligation and associated asset retirement cost. It also provides accounting guidance for legal obligations associated with the retirement of tangible long-lived assets. SFAS No. 143 is effective for financial statements issued for fiscal years beginning after June 15, 2002 with early adoption permitted. The Company plans to adopt SFAS No. 143 effective January 1, 2003 and expects that it will not have a material impact on its consolidated results of operations and financial position.

BUTLER INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In April 2002, the FASB issued SFAS No. 145, *Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections*. Statement 145 rescinds SFAS No. 4, which required all gains and losses from extinguishment of debt to be aggregated and, if material, classified as an extraordinary item, net of related income tax effect. As a result, the criteria in Opinion 30 will now be used to classify those gains and losses. SFAS No. 64 amended SFAS No. 4, and is no longer necessary because SFAS No. 4 has been rescinded. SFAS No. 44 was issued to establish accounting requirements for the effects of transition to the provisions of the Motor Carrier Act of 1980. Because the transition has been completed, SFAS No. 44 is no longer necessary. SFAS No. 145 amends SFAS No. 13 to require that certain lease modifications that have economic effects similar to sale-leaseback transactions should be accounted for in the same manner as sale-leaseback transactions. The provisions of this Statement related to the rescission of SFAS No. 4 are effective for fiscal years beginning after May 15, 2002, and all other provisions of this Statement are effective for financial statements issued on or after May 15, 2002, with early application encouraged. The Company plans to adopt SFAS No. 145 effective January 1, 2003.

In June 2002, the FASB issued SFAS No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*. This Statement addresses financial accounting and reporting for cost associated with exit or disposal activities and nullifies Emerging Issue Task Force ("EITF") Issue No. 94-3, *Liability Recognition for Certain Employee Termination Benefits and Other Cost to Exit an Activity (including Certain Costs Incurred in a Restructuring)*. This Statement requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under Issue 94-3, a liability for an exit cost as defined in Issue 94-3 was recognized at the date of an entity's commitment to an exit plan. A fundamental conclusion reached by the Board in this Statement is that an entity's commitment to a plan, by itself, does not create a present obligation to others that meets the definition of a liability. Therefore, this Statement eliminates the definition and requirements for recognition of exit costs in Issue 94-3. This Statement also establishes that fair value is the objective for initial measurement of the liability. SFAS No. 146 is effective for exit or disposal activities that are initiated after December 31, 2002, with early adoption permitted. The Company plans to adopt SFAS No. 146 effective January 1, 2003 and expects that it will not have a material impact on its consolidated results of operations and financial position.

Item 2. MANAGEMENT'S DISCUSSIONS AND ANALYSIS OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

RESULTS OF OPERATIONS

Butler International, Inc. (the "Company") is a leading provider of TechOutsourcing services, helping customers worldwide increase performance and savings. Focused on quality, technology and learning initiatives, Butler delivers leading edge services to its clients, enabling them to adapt and grow in a cost effective way within our ever-changing world.

Sales for the current year quarter were \$64.1 million, down by 25% from last year's \$86.0 million, the majority of the decline coming from the Company's Telecom industry clients. The net loss for the quarter was \$2.7 million, or \$0.28 per share compared with a loss of \$0.9 million, or \$0.11 per share in the prior year quarter.

It should be noted that in accordance with current accounting regulations, the 2002 period excluded any charges related to goodwill amortization. That expense in the third quarter of 2001 was \$0.3 million, net of tax. Therefore, on a pro forma basis, the current quarter net loss of \$2.7 million, or \$0.28 per share, would compare with a net loss of \$0.7 million or \$0.08 per share for the same period in 2001.

On August 29, 2002, the Company announced a \$5 million cost reduction plan, the purpose of which was to advance the Company's return to profitability. As a result of that action, the Company recorded a restructuring charge of \$2.9 million in the current year quarter. The prior year quarter also included a charge in the amount of \$1.6 million.

Exclusive of all charges in both periods, the net loss for the 2002 quarter was \$0.9 million or \$0.10 per share, compared with \$0.4 million or \$0.05 per share reported in the prior year.

All lines of business reported increased operating profits over that of the 2001 quarter, with the lone exception of Telecommunications Services. These favorable results reflect the impact and success of management's cost reduction initiatives, which resulted in a 27% decrease in selling, general and administrative expenses. Of particular note, the profitability of project oriented work in the Technical Group increased by 55% over last year's quarter to \$1.7 million. The Telecommunications Services operation remained profitable in the quarter, however its profits declined by 66% to \$9 million from last year's \$2.6 million, more than offsetting the other segments' gains. In response to the slowdown in the technology sector, the Company has begun to reallocate resources to other areas of its business including aerospace, defense and manufacturing.

The Company's Telecommunication industry customers were the principal drivers of the revenue decline. While ordering activity in that sector did show signs of recovery during the third quarter with a number of opportunities awarded to Butler, they were subsequently placed on hold or otherwise delayed. The Technical Group's project oriented work increased by 23% to \$12.8 million in the current year quarter.

On a year-to-date basis, sales for the 2002 period were \$203.9 million, down by 29% from last year's \$285.5 million, also principally due to the Telecommunications sector. The current year net loss, \$17.5 million, or \$1.79 per share, compared with a loss of \$7.5 million or \$.82 per share in 2001. The 2002 loss includes a non-cash impairment charge of \$12.3 million, net of tax, related to the carrying value of goodwill in the Company's Technology Solutions business segment. On a pro forma basis, excluding goodwill amortization, the 2001 year-to-date loss was \$6.4 million or \$0.70 per share. On a year-to-date basis, the Company has recorded restructuring charges of \$3.9 million, compared with \$6.0 million in the 2001 period.

Effective January 1, 2002, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets". SFAS No. 142 requires that goodwill and other indefinite lived intangible assets not be amortized, but be tested for impairment at least annually at the reporting unit level. An impairment charge will be recognized only when the implied fair value of a reporting unit, including goodwill, is less than its carrying amount. Accordingly, the Company ceased amortization of all goodwill on January 1, 2002. The application of the non-amortization provisions of SFAS No. 142 is expected to result in additional net income for the year of approximately \$1,553,000 or approximately \$0.16 per common share.

Pursuant to SFAS No. 142, the Company performed the transition goodwill impairment test. The Company determined the implied fair value of each of its reporting units using a discounted cash flow analysis and compared such values to the respective reporting units' carrying amounts. This evaluation indicated that goodwill recorded in the Technology Solutions segment was impaired as of January 1, 2002. The primary factor resulting in the impairment charge was the continuing difficult economic environment in the information technology sector. Accordingly, the Company recognized a non-cash charge of approximately \$12,338,000 (net of tax benefit of approximately \$1,404,000), recorded as of January 1, 2002, as a cumulative effect of a change in accounting principle for the write-down of goodwill to its fair value. No impairment charge was appropriate under the previous goodwill impairment standard, which was based on undiscounted cash flows.

Effective January 1, 2002, the Company also adopted SFAS No 144, "Accounting for the Impairment or Disposal of Long-Lived Assets", which supersedes SFAS No. 121. Though it retains the basic requirements of SFAS No. 121 regarding when and how to measure an impairment loss, SFAS No. 144 provides additional implementation guidance. SFAS No. 144 applies to long-lived assets to be held and used or to be disposed of, including assets under capital leases of lessees; assets subject to operating leases of lessors; and prepaid assets. SFAS No. 144 also expands the scope of a discontinued operation to include a component of an entity, and eliminates the current exemption to consolidation when control over a subsidiary is likely to be temporary. The adoption of SFAS 144 did not have a material impact on the Company's consolidated results of operations and financial position.

In June 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations". This Statement establishes accounting standards for the recognition and measurement of an asset retirement obligation and associated asset retirement cost. It also provides accounting guidance for legal obligations associated with the retirement of tangible long-lived assets. SFAS No. 143 is effective for financial statements issued for fiscal years beginning after June 15, 2002 with early adoption permitted. The Company plans to adopt SFAS No. 143 effective January 1, 2003 and expects that it will not have a material impact on its consolidated results of operations and financial position.

In April 2002, the FASB issued SFAS No. 145, *Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections*. Statement 145 rescinds SFAS No. 4, which required all gains and losses from extinguishment of debt to be aggregated and, if material, classified as an extraordinary item, net of related income tax effect. As a result, the criteria in Opinion 30 will now be used to classify those gains and losses. SFAS No. 64 amended SFAS No. 4, and is no longer necessary because SFAS No. 4 has been rescinded. SFAS No. 44 was issued to establish accounting requirements for the effects of transition to the provisions of the Motor Carrier Act of 1980. Because the transition has been completed, SFAS No. 44 is no longer necessary. SFAS No. 145 amends SFAS No. 13 to require that certain lease modifications that have economic effects similar to sale-leaseback transactions should be accounted for in the same manner as sale-leaseback transactions. The provisions of this Statement related to the rescission of SFAS No. 4 are effective for fiscal years beginning after May 15, 2002, and all other provisions of this Statement are effective for financial statements issued on or after May 15, 2002, with early application encouraged. The Company plans to adopt SFAS No. 145 effective January 1, 2003.

In June 2002, the FASB issued SFAS No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*. This Statement addresses financial accounting and reporting for cost associated with exit or disposal activities and nullifies Emerging Issue Task Force ("EITF") Issue No. 94-3, *Liability Recognition for Certain Employee Termination Benefits and Other Cost to Exit an Activity (including Certain Costs Incurred in a Restructuring)*. This Statement requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under Issue 94-3, a liability for an exit cost as defined in Issue 94-3 was recognized at the date of an entity's commitment to an exit plan. A fundamental conclusion reached by the Board in this Statement is that an entity's commitment to a plan, by itself, does not create a present obligation to others that meets the definition of a liability. Therefore, this Statement eliminates the definition and requirements for recognition of exit costs in Issue 94-3. This Statement also establishes that fair value is the objective for initial measurement of the liability. SFAS No. 146 is effective for exit or disposal activities that are initiated after December 31, 2002, with early adoption permitted. The Company plans to adopt SFAS No. 146 effective January 1, 2003 and expects that it will not have a material impact on its consolidated results of operations and financial position.

On July 21, 2002, a significant customer of the Company, Worldcom, Inc. ("WorldCom"), filed for reorganization under Chapter 11 of the U.S. Bankruptcy Code. At the time of the bankruptcy filing, the Company had outstanding receivables due from WorldCom of approximately \$700,000. Although it is impossible to predict the outcome of the WorldCom reorganization, management believes that adequate provisions have been made for probable losses with respect thereto and that the outcome, after such provisions, will not have a material adverse effect on the consolidated results of operations or financial position. Should WorldCom cease operations in the near future, the Company does not expect that the loss of WorldCom related business would have a material impact on the Company's operations.

LIQUIDITY AND CAPITAL RESOURCES

The Company's primary sources of funds are generated from operations and borrowings under its credit facility with General Electric Capital Corporation ("GECC"). Cash provided by operating activities was \$8.3 million for the nine-month period ended September 30, 2002, decrease of \$3.4 million over the same period in 2001.

On September 28, 2001, the Company closed on the Second Amended and Restated Credit Agreement with General Electric Capital Corporation ("GECC"). This three year, \$85 million credit facility provides the Company with increased borrowing capacity, which will be used for accommodating future growth. The agreement provides a revolving credit facility for loans up to \$47 million, including \$9.0 million for letters of credit, Term Loan A for \$20 million, and Term Loan B for \$18 million. The sum of the aggregate amount of loans outstanding under the revolving credit facility plus the aggregate amount available for letters of credit may not exceed the lesser of (i) \$47 million or (ii) an amount equal to 85% of eligible receivables plus 75% of eligible pending receivables. The current interest rate with respect to revolving credit advances is the 30-day Commercial Paper Rate plus three hundred basis points. The current interest rate for Term Loan A is the 30-day Commercial Paper Rate plus three hundred fifty basis points. With respect to Term Loan B, the current interest rate in effect as of September 30, 2002 was the Prime Rate plus four hundred fifteen basis points. Term Loan B interest rate will be increased by 15 basis points per month for each month that any balance is outstanding up to 14%, thereafter increasing 15 basis points quarterly. Interest rate reductions are available for the revolving credit facility and Term Loan A based upon the Company achieving certain financial results, after repayment of Term Loan B. In connection with the refinancing, the Company will grant warrants to GECC, the aggregate value of which cannot exceed \$400,000. The Company is in compliance with required affirmative and financial covenants, as amended.

As of September 30, 2002, \$61.0 million was outstanding under the GECC credit facility, with an additional \$2.1 million used to collateralize letters of credit compared to \$70.3 million outstanding under the GECC credit facility with additional \$3 million for letters of credit as December 31, 2001. Proceeds from the credit facility are used to finance internal business growth, working capital and capital expenditures. The credit facility excludes the U.K. operation, which has its own £1.5 million facility. As of September 30, 2002, £425,645 was outstanding under the U.K. facility.

During the second quarter of 2002, the Company did not meet the fixed charge coverage ratio covenant on its then existing seven-year mortgage for its corporate office facility. The Company did receive a waiver from the mortgage holder, however, in exchange for the waiver, the bank accelerated the maturity date from November 1, 2004 to September 30, 2002. In accordance with that agreement, that mortgage was repaid on September 30, 2002.

As part of its restructuring plan, the Company closed on a new mortgage for its corporate office facility on September 30, 2002. The new 10 year, \$7.0 million, mortgage replaced an existing \$5.2 million obligation. The new agreement's interest rate is fixed at 6.85% compared to an effective 8.1% rate on the prior mortgage. In conjunction with the repayment its existing mortgage, the Company terminated its interest rate swap agreement at a cost of \$457,000. The interest rate swap agreement was designed as a cash flow hedge and the termination cost was included in the restructuring reserve.

The Company believes that its operating cash flow will provide sufficient liquidity for at least the next twelve months. However, should operating losses continue, additional financing would be required. To provide such resources, the Company is considering raising funds through a private placement offering of certain of its securities to increase its working capital.

Information contained in this Quarterly Report on Form 10-Q, other than historical information, may be considered forward-looking in nature. As such, it is based upon certain assumptions and is subject to various risks and uncertainties, which may not be controllable by the Company. To the extent that these assumptions prove to be incorrect, or should any of these risks or uncertainties materialize, the actual results may vary materially from results expressed in, or implied by, this forward-looking statement.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

The Company is exposed to market risk primarily from changes in interest rates, and to a lesser extent, changes in foreign currency rates.

The Company has a credit agreement with GECC which, provides a revolving credit facility for loans up to \$47 million, including \$9.0 million for letters of credit, Term Loan A for \$20 million and Term Loan B for \$18 million. The interest rates in effect at September 30, 2002 were 4.71%, 5.21% and 8.90% on the revolver, Term Loan A and Term Loan B, respectively. During the first nine months of 2002, the average interest rate on the revolving credit facility was 4.75% and the average interest rates on the other GECC loans was 6.78%. Interest reductions are available based upon the Company achieving certain financial results after the repayment of Term Loan B.

From time-to-time the Company has used derivative instruments to limit its exposure to fluctuating interest rates. It is not the Company's policy to use these transactions for speculation purposes. The Company has taken advantage of cash flow hedging activities through the use of interest rate swaps.

In 1997, the Company entered into interest rate swap arrangement with its mortgage holder. On September 30, 2002, the Company terminated this agreement in conjunction with the repayment of its existing mortgage.

The Company's international operations are directed from offices in the United Kingdom and Hyderabad, India. International operations accounted for approximately 5.8% of the Company's sales for the nine months ended September 30, 2002, principally from the United Kingdom. In the nine months of 2002, changes in foreign currency rates had an immaterial impact on sales and earnings per share.

Item 4. CONTROLS AND PROCEDURES

The Company's management, including the Chief Executive Officer and Chief Financial Officer, have conducted an evaluation of the effectiveness of disclosure controls and procedures within 90 days prior to the filing date of this quarterly report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the disclosure controls and procedures are effective in ensuring that all material information required to be filed in this quarterly report is recorded, processed, summarized and reported by management of the Company on a timely basis in order to comply with the Company's disclosure requirements under the Security Exchange Act of 1934. There have been no significant changes in internal controls, or in factors that could significantly affect internal controls, subsequent to the date the Chief Executive Officer and Chief Financial Officer completed their evaluation.

PART II. OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS

On January 29, 2002, Dorset Management Corporation, on behalf of itself, Knott Partners, L.P. and David M. Knott (the "Knott Group") proposed a nominee to the Board of Directors and announced its intention to conduct a proxy contest in connection with the election of directors. On March 18, 2002 the Company's special Maryland counsel notified the Knott Group, that its nominee would not be placed on the proxy ballot due to, among other things, the Knott Group's failure to comply with certain disclosure requirements in connection with such nomination. On August 28, 2002, Knott Partners, L.P., of which David M. Knott is a general partner, and Old Oak Partners, LLC filed a lawsuit against the Company and certain of its directors alleging, among other things, breach of fiduciary duty. The Company considers the lawsuit baseless.

The Company intends to initiate litigation against David M. Knott and certain other unnamed individuals and entities for, among other things, wrongfully acting in concert in connection with the purchase of securities and in making certain misrepresentations and omitting certain material facts in certain regulatory and non-regulatory filings in connection with the purchase of securities.
