BUTLER INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Tabular information in thousands, except per share amounts)

1. BASIS OF PRESENTATION:

The accompanying unaudited condensed consolidated financial statements of Butler International, Inc. and subsidiaries (the "Company") have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission for interim financial information. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America ("U.S. GAAP") for complete financial statements. In the opinion of management, all adjustments consisting of normal recurring adjustments and accruals, as well as accounting changes (see Note 4) considered necessary for a fair presentation have been reflected in these condensed consolidated financial statements. On May 30, 2003, the Company sold its United Kingdom based staffing operations ("UK Operations"). See Note 8, Discontinued Operations. The UK Operations were part of the Company's Technical Group reporting segment. The UK Operations are accounted for as a discontinued operation under U.S. GAAP and therefore, the UK Operations' results of operations and cash flows have been removed from the Company's results of continuing operations and cash flows for all periods presented. Operating results for the quarter are not necessarily indicative of the results that may be expected for the year ending December 31, 2003 due to seasonal and other factors. In order to maintain consistency and comparability between periods presented, certain prior period amounts have been reclassified to conform to the current period presentation. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statement and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

2. DESCRIPTION OF BUSINESS AND SEGMENT INFORMATION:

The Company provides outsourcing, project management and technical staff augmentation services in technical, information technology, and telecommunications disciplines including: engineering design support primarily used for aerospace, defense and heavy equipment manufacturing, software quality assurance testing, software applications development and implementation, enterprise network design and implementation, and telecommunications network systems implementation. The Company also provides fleet maintenance and repair services to major ground fleet-holders nationwide. These services are provided through three ISO 9002 certified business segments: Technical Group, Information Technology Solutions, and Telecommunications Service.

The Company discloses segment information in accordance with Statements of Financial Accounting Standards ("SFAS") No. 131, *"Disclosure About Segments of an Enterprise and Related Information,"* which requires companies to report selected segment information on a quarterly basis and to report certain entity-wide disclosures about products and services, major customers and material countries in which the entity holds assets and reports revenues. The operating segments reported below are the segments of the Company for which operating results are evaluated regularly by management in deciding how to allocate resources and in assessing performance. The accounting policies of the business segments are the same as those described in the summary of significant accounting policies in Note 3. Intersegment sales are not significant. The operating results for the Technology Solutions segment includes a goodwill impairment charge of approximately \$12.3 million for the three-month and six-month periods ended June 30, 2003 (see Note 3).

Management reviews the Company's assets on a consolidated basis, as it is not meaningful to allocate assets to the various segments. The Company evaluates segment performance based on revenues and operating profits. The Company does not allocate income taxes or charges determined to be non-recurring in nature, such as restructuring and legal settlement charges. Unallocated amounts of operating loss consist of certain shared general and administrative services, some of which may be considered corporate in nature.

The Company primarily operates in the United States. Operations include the results of the India subsidiary. Sales from India operations were approximately \$283,000 and \$461,000 for the three-month and six-month periods ended June 30, 2003, respectively and \$232,000 and \$299,000 for the three-month and six-month periods ended June 30, 2002, respectively. It generated operating profits of approximately \$151,000 and \$237,000 for the three-month and six-month periods ended June 30, 2003, respectively, compared to operating profits of approximately \$142,000 and \$133,000 for the three-month and six-month periods ended June 30, 2002, respectively.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Goodwill

Goodwill represents costs in excess of fair values assigned to the underlying net assets of acquired companies. Effective January 1, 2002, the Company adopted SFAS No. 142, "Goodwill and Other Intangible Assets." and as a result, goodwill is no longer being amortized but tested for impairment annually, or more frequently if events or changes in circumstances indicate that the asset might be impaired. An impairment charge is recognized when the implied fair value of a reporting unit, including goodwill, is less than its carrying amount. On June 30, 2003, the Company performed its annual goodwill impairment test. The Company determined the implied fair value of each of its reporting units using a discounted cash flow analysis and compared such values to the respective reporting units' carrying amounts. This evaluation indicated that goodwill recorded in the Technology Solutions segment was impaired. The primary factor resulting in the impairment charge was the continuing difficult economic environment in the information technology sector. Accordingly, the Company recognized a non-cash charge of approximately \$12.3 million, (approximately \$7.9 million, net of tax).

Stock-based Compensation

The Company accounts for employee stock options using the intrinsic value method in accordance with using Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees", and related interpretations. The Company has recognized no compensation expense related to employee stock options for any year shown, since options are always granted at a price equal to the market price on the day of grant. Statement of Financial Accounting Standard ("SFAS") No. 123, "Accounting for Stock-Based Compensation", requires that the Company provide pro forma information regarding net earnings and net earnings per common share as if compensation cost for the Company's stock option programs had been determined in accordance with the fair value method prescribed therein. The Company also adopted the disclosure portion of SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" requiring quarterly SFAS No. 123 pro forma disclosure.

No options were granted during the six-month period ended June 30, 2003. The fair value of each option granted in 2002 is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions: risk-free interest rate of 5.26%; expected life of 6.9 years; and expect volatility rate of 87.52%.

BUTLER INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(Tabular information in thousands, except per share amounts)

The Company presents both basic and diluted earnings/(loss) per common share amounts. Basic earnings/(loss) per common share is calculated by dividing net income/(loss), adjusted for preferred stock dividends, by the weighted average number of common shares outstanding during the period. Diluted earnings/(loss) per share is calculated by dividing net income/(loss) by the sum of the weighted average number of common and common equivalent shares outstanding during the year. Common equivalent shares are excluded from the computation in periods in which they have an anti-dilutive effect. Accordingly, 1,622,831 and 2,024,862 common equivalent shares have been excluded from the calculations of diluted loss per share for the periods ended June 30, 2003 and 2002, respectively. The Company uses the treasury stock method to calculate the impact of outstanding stock options and warrants. Stock options and warrants for which the exercise price exceeds the average market price over the period have an anti-dilutive effect on earnings per common share and, accordingly, are excluded from the calculation. For the three-month and six-month periods ended June 30, 2003, there were options and warrants totaling 1,509,208, where the exercise price was greater than the average market price of the common shares and, therefore, were excluded from the computation of diluted loss per share. For the three-month and six-month periods ended June 30, 2002, there were options and warrants totaling 1,279,500, where the exercise price was greater than the average market price of the common shares and, therefore, were excluded from the computation of diluted loss per share.

4. ACCOUNTING CHANGES:

Effective January 1, 2003, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 143, *"Accounting for Asset Retirement Obligations."* This Statement establishes accounting standards for the recognition and measurement of an asset retirement obligation and associated asset retirement cost. It also provides accounting guidance for legal obligations associated with the retirement of tangible long-lived assets. Adoption of this statement had no impact on the Company's consolidated results of operations and financial position.

Effective January 1, 2003, the Company adopted SFAS No. 145, *"Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections"*. SFAS No. 145 eliminates the requirement that gains and losses from the extinguishment of debt be aggregated and classified as an extraordinary item, net of tax, and makes certain other technical corrections. Adoption of this statement did not have a material effect on the Company's consolidated results of operations and financial position.

Effective January 1, 2003, the Company adopted SFAS No. 146, *"Accounting for Costs Associated with Exit or Disposal Activities"*. SFAS No. 146 requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of commitment to an exit or disposal plan. SFAS No. 146 replaces previous accounting guidance provided by Emerging Issues Task Force ("EITF") Issue No. 94-3, *"Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)"* and is effective for the Company for exit or disposal activities initiated after December 31, 2002. Adoption of this statement did not have a material effect on the Company's consolidated results of operations and financial position.

Effective January 1, 2003, the Company adopted Financial Accounting Standards Board ("FASB") Interpretation No. 45, *"Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others"*, an Interpretation of FASB Statements No. 5, 57, and 107 and Rescission of FASB Interpretation No. 34 ("FIN No. 45"). The interpretation requires that upon issuance of a guarantee, the entity must recognize a liability for the fair value of the obligation it assumes under that guarantee. In addition, FIN No. 45 requires disclosures about the guarantees that an entity has issued, including a roll forward of the entity's product warranty liabilities. The resulting disclosure provisions are effective for year-end 2002 and such disclosures are provided in Note 7 to the Company's 2002 Annual Report on Form 10K. Recognition and measurement provisions become effective for guarantees issued or modified after December 31, 2002. Adoption of this Interpretation did not have a material effect on the Company's consolidated results of operations and financial position.

BUTLER INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(Tabular information in thousands, except per share amounts)

In January 2003, the FASB issued FASB Interpretation No.46, "Consolidation of Variable Interest Entities - an interpretation of ARB No. 51" ("FIN 46"). FIN 46 requires that if an entity has a controlling financial interest in a variable interest entity, the assets, liabilities and results of activities of the variable interest entity should be included in the consolidated financial statements of the entity. FIN 46 requires that its provisions are effective immediately for all arrangements entered into after January 31, 2003. For those arrangements entered into prior to January 31, 2003, the FIN 46 provisions are required to be adopted at the beginning of the first interim or annual period beginning after June 15, 2003. Adoption of this statement did not have a material effect on the Company's consolidated results of operations and financial position.

5. GOODWILL:

The changes in the carrying amount of goodwill for the period ended June 30, 2003 are as follows:

	Technical Group	Telecom Services	Technology Solutions	Total
Balance at December 31, 2002	\$ 18,581	\$ 7,803	\$ 19,946	\$ 46,330
Impairment loss	-	-	(12,331)	(12,331)
Balance at June 30, 2003	<u>\$ 18,581</u>	<u>\$ 7,803</u>	<u>\$ 7,615</u>	<u>\$ 33,999</u>

6. CONTINGENCIES:

As disclosed in Note 22 to the Company's 2002 Annual Report on Form 10K, on March 27, 2003, the Company entered into the Third Amendment and Waiver Agreement with General Electric Capital Corporation ("GECC"). The agreement, among other things, stipulated that current-year senior management bonuses may not be paid in cash. In accordance with such agreement, the Company did not pay first quarter bonuses, including those bonuses it is contractually obligated to pay. Based upon the current agreement with GECC, the Company will not pay quarterly or year-end cash bonuses for the rest of the year.

On May 12, 2003, Edward M. Kopko, Chairman and Chief Executive Officer, notified the Company of an alleged breach in its financial obligations to him, by virtue of the non-payment of his guaranteed bonus, which was due within thirty days after the end of the first quarter. Under the terms of his employment agreement upon such an event, Mr. Kopko is entitled to terminate his employment agreement and receive, among other things, termination payments equal to three times his highest annual compensation, benefits and bonus. Mr. Kopko has made a claim of \$6.3 million.

In anticipation of a settlement of his claim, Mr. Kopko has informed the Company of his intention to voluntarily remain in the employ of the Company and to continue to perform his duties as President, Chairman of the Board and Chief Executive Officer of the Company, until September 15, 2003, provided that the Company comply with all its obligations under his employment agreement subsequent to April 1, 2003. The Board of Directors is currently engaged in negotiations with Mr. Kopko in an attempt to settle this matter. Based on these negotiations, the Company has accrued approximately \$2.3 million, included in other long-term liabilities, to cover the probable costs of the settlement. These accrued costs represent management's best estimate of the costs to settle Mr. Kopko's claim, however, the ultimate outcome is unknown and the final settlement costs could be more or less than the amounts accrued.

On January 29, 2002, Dorset Management Corporation, on behalf of itself, Knott Partners, L.P. and David M. Knott (the "Knott Group") proposed a nominee to the Board of Directors and announced its intention to conduct a proxy contest in connection with the election of directors. On March 18, 2002 the Company's special Maryland counsel notified the Knott Group, that its nominee would not be placed on the proxy ballot due to, among other things, the Knott Group's failure to comply with certain disclosure requirements in connection with such nomination. On August 28, 2002, Knott Partners, L.P., of which David M. Knott is a general partner, and Old Oak Partners, LLC filed a lawsuit against the Company and certain of its directors alleging, among other things, breach of fiduciary duty. The Company considers the lawsuit baseless.

BUTLER INTERNATIONAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(Tabular information in thousands, except per share amounts)

The Company intends to initiate litigation against David M. Knott and certain other unnamed individuals and entities for, among other things, wrongfully acting in concert in connection with the purchase of securities and in making certain misrepresentations and omitting certain material facts in certain regulatory and non-regulatory filings in connection with the purchase of securities.

The Company and its subsidiaries are parties to various legal proceedings and claims incidental to its normal business operations for which no material liability is expected beyond which is recorded. While the ultimate resolution is not known, management does not expect that the resolution of such matters will have a material adverse effect on the Company's financial statements and results of operations.

7. RESTRUCTURING AND OTHER CHARGES:

In April 2001, the Company announced a Company-wide cost reduction plan. The Company recorded restructuring and other charges totaling \$4,636,000 and \$9,314,000 during 2002 and 2001, respectively. These charges were for costs incurred to eliminate excess capacity, reduce both staff and service delivery personnel in all of the Company's business units, the closing of certain unprofitable locations, the termination of unprofitable contracts and the elimination of unnecessary equipment. As a result of the restructuring, a total of 166 and 389 employees were terminated in 2002 and 2001, respectively. During the first two quarters of 2003, the Company recorded additional charge of \$2,650,000 related to costs incurred to eliminate excess capacity and to close of certain locations as well as the termination of an additional 25 employees. Also, the Company finalized certain previously recorded restructuring accruals resulting in a credit to income of \$125,000.

The following presents a reconciliation of the original restructuring components of the 2003, 2002 and 2001 charges to the balance remaining at June 30, 2003, which is included in accounts payable and accrued liabilities (\$1,652,000) and in other long-term liabilities (\$405,000):

	Balance at December 31, 2002	Additional Charges	Adjustments	Payments	Balance at June 30, 2003

8. DISCONTINUED OPERATIONS:

On May 30, 2003, the Company sold its UK Operations. The total gross proceeds of the sale were \$2.3 million (excluding any contingent payments based on the sold business' earnings). The Company transferred approximately \$1.1 million of cash as part of the UK Operations, resulting in a net cash inflow in 2003 related to the UK Operations divestiture of \$1.2 million. The loss on disposal recorded in 2003 was approximately \$1.4 million, net of tax, and was recorded in (loss)/income from discontinued operations. Summarized selected financial information for the discontinued operations is as follows:

	For the Three-Month Period Ended June 30,		For the Six-Month Period Ended June 30,	
	2003	2002	2003	2002
Revenue	\$ 4,233	\$ 3,774	\$ 10,234	\$ 7,094

10. RECENTLY ISSUED FINANCIAL ACCOUNTING STANDARDS:

In April 2003, the FASB issued Statement No. 149, "*Amendment of Statement 133 on Derivative Instruments and Hedging Activities*". The Statement amends and clarifies accounting for derivative instruments, including certain derivatives instruments embedded in other contracts, and for hedging activities under SFAS NO. 133. Implementation of the amendment, which is required beginning in the third quarter of 2003, is not expected to have a significant effect on the Company's consolidated results of operations and financial position.

In May 2003, FASB issued Statement No. 150, "*Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity*". SFAS No. 150 establishes standards for how an issuer classifies and measures in its balance sheet certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify instruments within its scope as a liability (or an asset in some circumstances) in the statement of financial position. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003, and otherwise effective at the beginning of the first interim period beginning after June 15, 2003. At this time, the Company is not party to any such financial instruments as defined under SFAS No. 150, and therefore, the Company has determined that the adoption of this statement will not have a material effect on the Company's consolidated results of operations and financial position.

Item 2. Management's Discussions and Analysis of Results of Operations and Financial Condition

Butler International, Inc. (the "Company" or "Butler") provides outsourcing, project management and technical staff augmentation services in technical, information technology, and telecommunications disciplines including: engineering design support primarily used for aerospace, defense and heavy equipment manufacturing, software quality assurance testing, software applications development and implementation, enterprise network design and implementation, and telecommunications network systems implementation. The Company also provides fleet maintenance and repair services to major ground fleet-holders nationwide. The combined vertical industry segments of aerospace/aircraft, satellite and defense are Butler's largest and fastest growing segments.

In the financial review that follows, we discuss the Company's results of operations, financial condition and certain other information. Certain statements in this report may constitute "forward-looking" statements within the meaning of the Private Litigation Reform Act of 1995. Words such as "expects," "intends," "plans," "projects," "believes," "estimates," and similar expressions are used to identify these forward-looking statements. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Forward-looking statements are based upon assumptions as to future events that may not prove to be accurate. Actual outcomes and results may differ materially from what is expressed or forecasted in these forward-looking statements. As a result, these statements speak only as of the date they were made and the Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. The actual results and future trends may differ materially depending on a variety of factors, including, without limitation: (i) unemployment and general economic conditions associated with the provision of engineering services and solutions and placement of temporary staffing personnel, particularly in the telecommunication services and information technology divisions; (ii) possible additional gross margin pressure; (iii) possible slowdown in accounts receivable collections; (iv) possible loss of key employees; (v) the Company's ability to continue to attract, train and retain personnel qualified to meet the requirements of its clients; (vi) possible adverse effects on the market price of the Company's common stock due to the resale into the market of significant amounts of common stock; (vii) the potential adverse effect of a decrease in the trading price of the Company's common stock would have upon the Company's ability to acquire businesses through the issuance of its securities; (viii) the Company's ability to obtain financing on satisfactory terms; (ix) the reliance of the Company upon the continued service of its executive officers; (x) the Company's ability to remain competitive in the markets which it serves; (xi) the Company's ability to maintain its unemployment insurance premiums and workers compensation premiums; (xii) the risk of claims being made against the Company associated with providing temporary staffing services; (xiii) the Company's ability to manage significant amounts of information, and periodically expand and upgrade its information processing capabilities; (xiv) the Company's ability to remain in compliance with federal and state wage and hour laws and regulations including legal requirements associated with the definition of independent contractors; (xv) predictions as to the future need for the Company's services; (xvi) uncertainties relating to the allocation of costs and expenses to each of the Company's operating segments; (xvii) the costs of conducting and the outcome of litigation involving the Company, (xviii) competition, and (xix) other economic, competitive and governmental factors affecting the Company's operations, markets and services. Additional information regarding these factors is contained in the Company's SEC filings, including, without limitation, the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

This discussion should be read in conjunction with the accompanying condensed consolidated financial statements and footnotes thereto and the audited consolidated financial statement and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

RESULTS OF OPERATIONS

Revenues for the current year quarter were \$51.7 million down from \$64.6 million in 2002. Reduced volume in the current year quarter resulted in a lower gross margin, which was offset by a 27% decrease in selling, general and administrative (SG&A) costs. The majority of the volume reductions were reported by the Company's Telecommunications Services operation, although sales in the Technology Solutions business unit also sustained a steep decline. Net sales for the second quarter 2003 for Telecommunication Services decreased by \$7.8 million or 33.2% while sales for the Technology Solutions decreased by \$2.2 million or 26.0%. The decrease experienced in the Telecommunications reflects the continuing trend of the general telecommunications marketplace. The Company began to feel the effects of this downturn in the third quarter of 2001, continuing through the second quarter of the current year. The reduction in volume in the Technology Solutions operation also reflects a trend of lower demand

BUTLER INTERNATIONAL, INC.

for IT staffing services. Sales of the Technical Group were also down, declining by \$2.6 million or 8.1% since the prior year quarter.

On a sequential quarter basis, the Company recognized its first increase in revenue and gross margin in two and a half years. Telecommunications Services reported a 10.3% increase in revenue over the first quarter of 2003, while the Technology Group also recorded an increase. SG&A costs were also less than that of the first quarter of this year. As a result, each of the Company's operating divisions achieved higher operating profits excluding the goodwill impairment charge than the previous quarter.

The net loss for the quarter was \$13.0 million or \$1.29 per share. The net loss from continuing operations was \$11.9 million or \$1.18 per share compared with a loss of \$1.6 million or \$0.17 per share in the 2002 period. The loss from discontinued operations reflects the results of the sale of the Company's United Kingdom based staffing operation. The loss from discontinued operations, approximately \$1.1 million or \$0.11 per share, includes the loss on disposal of approximately \$1.4 million, net of tax.

The current year quarter included certain legal settlements and related costs as well as restructuring charges, which totaled approximately \$5.1 million, on a pre-tax basis. The 2003 quarter also included a charge related to goodwill impairment amounting to approximately \$12.3 million, on a pre-tax basis. The prior year also included restructuring charges of \$1.3 million also on a pre-tax basis. The Company considers these to be unusual items and separate from day-to-day operations.

The legal settlement costs include an accrual for, and related costs of, settling the previously announced contract claim brought by the Company's Chairman and Chief Executive Officer, Edward M. Kopko. Such costs totaled \$2.4 million. The Board of Directors is currently engaged in negotiations with Mr. Kopko in an attempt to settle this matter. Based on these negotiations, the Company has accrued approximately \$2.3 million to cover the probable costs of the settlement. These accrued costs represent management's best estimate of the costs to settle Mr. Kopko's claim, however, the final settlement costs could be more or less than the amounts accrued.

As a result of continuing cost reduction programs to eliminate excess capacity and unnecessary equipment, reduce support and administrative staff and close unprofitable locations, the Company has significantly reduced its operating costs although not sufficiently to offset the decline in the gross margin. Depreciation expense decreased by \$0.4 million or 33.3% and SG&A expenses were cut by \$3.2 million or 27.2%. Cost reduction initiatives which resulted in the reduced SG&A expenses also led to the establishment of the restructuring costs that were recorded. During the second quarter, the Company eliminated approximately \$3 million of annualized expenses, bringing the cumulative total, since the beginning of the initiative, to more than \$46 million. The goodwill charge was related to the reduced business levels of the Company's Technology Solutions operation, which has been impacted by the reduced IT spending of its clients.

On a year-to-date basis, revenues were \$101.2 million down from \$132.7 million in 2002 and net loss was \$14.7 million or \$1.46 per share. The net loss from continuing operations was \$13.7 million or \$1.37 per share thus far in 2003, compared with a loss of \$14.9 million or \$1.52 per share in the prior year. These results of each period included pre-tax restructuring costs of \$2.4 million and \$1.0 million, respectively. Both periods also include goodwill impairment charges of \$7.9 million and \$12.3 million, net of tax, respectively. The 2002 charge reflected the Company's adoption of Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets", while the 2003 charge resulted from a further reduction in business levels in the Technology Solutions business unit. The 2003 period also includes the expenses related to legal settlements and their related costs which totaled \$2.9 million. The loss from discontinued operations was \$1.0 million in 2003, compared with a profit of \$0.1 million in 2002. The principle causes of the increased net loss were volume and markup percentage decreases, which resulted in a gross margin reduction of \$8.4 million. On a year-on-year basis, gross margin percentages declined to 17.8% in the current quarter from 19.9% in the prior year.

The majority of both the volume and markup reductions were reported by the Company's Telecommunications Services operation, although sales in the Technology Solutions business unit also sustained a steep decline. Net sales for the first half 2003 for Telecommunication Services decreased by \$20.0 million or 40.1% while sales for the Technology Solutions decreased by \$5.0 million or 28.3%. The decrease experienced in the Telecommunications reflects the continuing trend of the general telecommunications marketplace. The Company began to feel the effects of this downturn in the third quarter of 2001, continuing through the first quarter of the current year. The reduction in volume in the Technology Solutions operation also reflects a trend of lower demand for IT staffing services. The overall reduction in gross margin percentage since last year is related to the volume decreases in both Telecommunications Services and Technology Solutions. This is due to historically higher margins enjoyed by those

BUTLER INTERNATIONAL, INC.

operations. Sales of the Technical Group were also down, declining by \$5.9 million or 9.2% since the prior year quarter.

As a result of continuing cost reduction programs to eliminate excess capacity and unnecessary equipment, reduce support and administrative staff and close unprofitable locations, the Company has significantly reduced its operating costs although not sufficiently to offset the decline in the gross margin. Depreciation expense decreased by \$0.6 million or 28.8% and SG&A expenses were cut by \$6.8 million or 27.9%. The decrease in SG&A expenses in the first half 2003 compared with the first half 2002 principally reflects the impact of headcount reductions (\$6.6 million) and a decline in discretionary spending for equipment and office expense (\$0.4 million) and travel (\$0.3 million).

Management continues to seek ways of reducing costs in its operations. During the first two quarters of 2003, the Company recorded additional charge of \$2,650,000 related to costs incurred to eliminate excess capacity and to close of certain locations as well as the termination of an additional 25 employees. Also, the Company finalized certain previously recorded restructuring accruals resulting in a credit to income of \$125,000. This compares to restructuring charges in the prior year quarter of \$1.5 million principally for severance costs and contract termination costs, offset by the reversal of \$0.5 million of previously recorded charges due to the termination of certain facility lease obligations earlier than had been expected.

DISCONTINUED OPERATIONS:

On May 30, 2003, the Company sold its UK Operations. The total gross proceeds of the sale were \$2.3 million (excluding any contingent payments based on the sold business' earnings). The Company transferred approximately \$1.1 million of cash as part of the UK Operations, resulting in a net cash inflow in 2003 related to the UK Operations divestiture of \$1.2 million. The loss on disposal recorded in 2003 was approximately \$1.4 million, net of tax, and was recorded in (loss)/income from discontinued operations. Summarized selected financial information for the discontinued operations is as follows:

	For the Three-Month Period Ended June 30,		For the Six-Month Period Ended June 30,	
	2003	2002	2003	2002
Revenue	\$ 4,233	\$ 3,774	\$ 10,234	\$ 7,094

..

LIQUIDITY AND CAPITAL RESOURCES

The Company's primary sources of funds are generated from operations and borrowings under its credit facility with General Electric Capital Corporation ("GECC"). The Company has a revolving credit facility and two term loans with GECC. Availability under the revolving credit facility is based upon the amount of eligible receivables. As of June 30, 2003, \$15.8 million was outstanding under the revolving credit facility, and an additional \$3.2 million was used to collateralize letters of credit. Proceeds from the revolving credit facility combined with operating cash flow are used by the Company to finance its internal business growth, working capital, capital expenditures and term loan amortization. The June 30, 2003 balances outstanding under GECC Term Loan A and B were \$17 million and \$18 million, respectively. The Company also has a ten-year mortgage for its corporate office facility with a balance of \$6.9 million at June 30, 2003.

The Fourth Amendment and Waiver Agreement with GECC was granted to cover the impact of the Chairman and Chief Executive Officer's contract dispute settlement, if any. In conjunction with the recording of the accrual for the Mr. Kopko's claim, the Company received a waiver for its financial covenants for the period ended June 30, 2003.

Management believes that the combination of cash flows from operations and availability under the Credit Facility will be sufficient to meet the Company's foreseeable cash requirements. It should be noted however that a continuation of losses of the magnitude experienced in 2002 would require the Company to seek alternative or

BUTLER INTERNATIONAL, INC.

additional financing sources. Management believes that there will be an improvement in operating cash flow in the latter part of fiscal 2003.

Operating Activities

In the first half of 2003 cash provided by operations was \$3.8 million as compared to \$9.8 million for the same period in 2002. The decrease resulted primarily from significantly lower accounts receivable balances in 2003 due to the decline in net sales and higher long-term liabilities due to the accrual for the legal settlement costs

Investing Activities

Net cash provided by investing activities was \$0.9 million through the second quarter of 2003 as compared to the net cash used by investing activities of \$0.6 million for the same period in 2002. The primary source of cash was the sale of the UK Operations which resulted in a net cash inflow in 2003 of \$1.2 million. The Company also reduced capital expenditures to \$0.3 million in the first two quarters of the year to preserve liquidity, compared to \$0.6 million in prior year period. The Company uses operating leases for most computer and other office equipment.

Financing Activities

The Company decreased its borrowings under the GECC credit facility due to the sale of the UK Operations and lower accounts receivable balance.

The Company's revolving credit facility is scheduled to expire in September 2004. The Company plans to renew or extend this facility prior to its scheduled expiration. The Company has standby letters of credit in the amount of \$1.9 million as collateral against its insurance program. These letters of credit are renewed annually. The Company also has a \$1.3 million letter of credit associated with its mortgage note.

BUTLER INTERNATIONAL, INC.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

The Company uses financial instruments, including fixed and variable rate debt, to finance operations, for capital spending programs and for general corporate purposes. The Company is exposed to market risk primarily from changes in interest rates, and to a lesser extent, changes in foreign currency rates. In managing exposure to these fluctuations, the Company may engage in various hedging transactions that have been authorized according to documented policies and procedures. The Company does not use derivatives for trading purposes. The Company's capital costs are directly linked to financial and business risks.

The Company's international operations are directed from offices in the United Kingdom and Hyderabad, India. International operations accounted for approximately 8.5% and 10.3% of the Company's sales for the three-month and six-month periods ended June 30, 2003, respectively, principally from the United Kingdom. On May 30, 2003, the Company sold its UK Operations. In the first six months of 2003, changes in foreign currency rates had an immaterial impact on sales and earnings per share.

Item 4. Controls and Procedures

Evaluation of disclosure controls and procedures

. Based on the evaluation of the Company's disclosure controls and procedures (as defined in Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) required by Securities Exchange Act Rules 13a-15(b) or 15d-15(b), the Company's Chief Executive Officer and Chief Financial Officer, with the participation of the Company's management team, have concluded that as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Securities Exchange Act was recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities Exchange Commission.

Changes in internal controls.

There were no significant changes in the Company's internal controls over financial reporting or in other factors that could significantly affect these internal controls over financial reporting subsequent to the date of the most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

On January 29, 2002, Dorset Management Corporation, on behalf of itself, Knott Partners, L.P. and David M. Knott (the "Knott Group") proposed a nominee to the Board of Directors and announced its intention to conduct a proxy contest in connection with the election of directors. On March 18, 2002 the Company's special Maryland counsel notified the Knott Group, that its nominee would not be placed on the proxy ballot due to, among other things, the Knott Group's failure to comply with certain disclosure requirements in connection with such nomination. On August 28, 2002, Knott Partners, L.P., of which David M. Knott is a general partner, and Old Oak Partners, LLC filed a lawsuit against the Company and certain of its directors alleging, among other things, breach of fiduciary duty. The Company considers the lawsuit baseless.

The Company intends to initiate litigation against David M. Knott and certain other unnamed individuals and entities for, among other things, wrongfully acting in concert in connection with the purchase of securities and in making certain misrepresentations and omitting certain material facts in certain regulatory and non-regulatory filings in connection with the purchase of securities.

On April 2, 2003, the motions filed by the Company and the four individual defendants to dismiss the complaint were denied.

A special litigation committee, consisting solely of independent directors, has been formed to evaluate the plaintiffs' claims in the above matter and will report the outcome of their evaluation to the court.
