AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION/SAR VALUES

The following table sets forth information regarding the aggregate number of shares underlying options exercised in 2004 and the value at December 31, 2004 of options, whether or not exercisable, held by the Company's President and Chief Operating Officer and the Named Officers:

Name	Shares Acquired on Exercise(#)	Value Realized \$(1)	Number of Securities Underlying Unexercised Options/SARs at December 31, 2004(2)		Value of Unexercised In-The-Money Options/SARs at December 31, 2004\$(2)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Steven B. Lapin	-	-	295,833	104,167	1,103,415	352,085
W. Phillip Niemeyer	-	-	83,333	16,667	339,165	67,835
Dean T. Johnson	-	-	37,500	12,500	145,958	47,542
Brian R. Schlier	-	-	8,750	6,250	25,550	18,250
H. William Smith	-	-	37,500	12,500	139,875	46,625

(1) "Value Realized" is the difference between the exercise price and the market price on the exercise date, multiplied by the number of options or SARs exercised, as the case may be. "Value Realized" numbers do not necessarily reflect what the holder might receive if such holder sells the shares acquired upon the option exercise, since the market price of the shares at the time of sale may be higher or lower than the price on the exercise date of the option.

(2) The value of both exercisable and unexercisable "in-the-money" options at December 31, 2004 is the difference between (a) the closing share price of the Common Stock on December 31, 2004, as reported by NASDAQ (\$7.02) and (b) the per share option exercise price, multiplied by the number of shares of Common Stock underlying the options.

DEFINED BENEFIT PENSION PLAN

The Company has a noncontributory defined benefit pension plan (the "Pension Plan") covering substantially all salaried employees, including certain Named Officers. The Pension Plan's benefits are computed based on years of service and average compensation. Average compensation is computed by averaging the employee's highest five consecutive annual salaries, up to a maximum of \$180,000, in the ten years immediately before retirement. Compensation under the Pension Plan is defined as base salary including overtime, bonuses and commissions. As of December 31, 2004, the credited years of service for Messrs. Niemeyer and Johnson were 33 years and 11 years, respectively. The remaining Named Officers are not eligible to participate in the Pension Plan. The Pension Plan benefits for single and married participants are computed as a 10-year certain and life annuity and joint-and-survivor annuity, respectively. Benefits payable under the Pension Plan are not reduced for Social Security or other offsets.

The following table sets forth information regarding annual retirement benefits based on years of service that would be payable at normal retirement (age 65) on December 31, 2004:

Final Average Pay(\$)	Years of Service						
	10	15	20	25	30	35	40

COMPENSATION OF DIRECTORS

Each of the three independent members of the Board of Directors, Ms. Oster and Messrs. Lahey and Tatum, as well as Mr. Crawford, the Company's former Chief Executive Officer, receives an annual retainer of \$10,000. The Chairperson of the Audit Committee, Ms. Oster, receives an additional annual retainer of \$5,000. In addition to the retainer, the members of the Board of Directors receive \$500 for each board or committee meeting attended.

Non-employee directors are eligible to receive grants of stock options under the 2002 Employee, Director and Consultant Stock Plan ("2002 Stock Plan"). The 2002 Stock Plan provides for the automatic grant of non-qualified options to non-employee directors. Each non-employee director, upon first being elected to the Board of Directors, receives an option to purchase 2,500 shares of Common Stock, which will vest one year after the date of the grant of the option, assuming uninterrupted service on the Board of Directors. Additionally, the 2002 Stock Plan provides for a grant to each non-employee director on the date of his or her reelection (provided that the director has served as a director since his or her initial election) of an option to purchase 500 shares of Common Stock, which will vest one year after the date of the grant of the option, assuming uninterrupted service on the Board of Directors.

Each of Messrs. Donald T. Netter, Edward Netter and Thung, due to their positions with Geneve, has elected to waive their right to compensation as directors of the Company.

COMPENSATION COMMITTEE

The principal functions of the Compensation Committee are to (i) develop corporate goals and objectives relevant to the compensation of the Company's President and Chief Operating Officer, evaluate the President and Chief Operating Officer's performance in light of such goals and objectives, and exercise sole authority to determine the President and Chief Operating Officer's compensation based upon such evaluation; (ii) make recommendations to the Board of Directors with respect to the compensation of the Company's other executive officers; and (iii) administer the Company's 2002 Stock Plan.

Ms. Oster, Mr. Crawford and Mr. Tatum are the current members of the Compensation Committee. Mr. Crawford is the Company's former Chief Executive Officer. The Compensation Committee was established in January 2004. A copy of the Compensation Committee Charter adopted by the Board of Directors in March 2004 was attached to the proxy statement issued in connection with the 2004 Annual Meeting of Stockholders. The entire Board of Directors made decisions regarding the compensation of the Company's executive officers for 2003 and 2002 and with respect to the administration of the 2002 Stock Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee, other than Mr. Crawford, has ever been an officer or employee of the Company. Mr. Crawford retired as an officer of the Company in December 2002. During 2004, (1) no executive officer of the Company served as a member of a board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Compensation Committee; and (2) no executive officer of the Company served as a member of a compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors.

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

General

The purpose of the Company's compensation policy is to offer compensation packages to attract, retain and motivate the Company's executive officers over the long term. The primary components of the Company's executive compensation program are base salary and bonuses, and long-term incentive compensation in the form of stock options and other awards offered under the 2002 Stock Plan. The Compensation Committee did not retain a compensation consultant.

Base Salaries and Bonuses

Annual base salaries paid to the Company's executive officers have historically been at levels comparable to those generally paid to executive officers with comparable experience and responsibilities in industries similar to that of the Company or other similarly-sized companies. The Compensation Committee makes compensation adjustments based on a review of each individual's performance, the individual's success in achieving Company and personal goals and planned changes in responsibilities. The Compensation Committee also considers an individual's extraordinary efforts resulting in tangible increases in corporate, division or department success in recommending increases in base salary and annual bonuses.

Incentive Compensation

The Compensation Committee believes that executive officers who are able to contribute to the Company's long-term success and help build incremental stockholder value should have a stake in that future success and value. This stake focuses the executive officers' attention on managing the Company as owners with equity positions in the Company and aligns their interests with the long-term interests of the Company's stockholders. Stock options therefore represent an important and significant component of the Company's compensation program for executive officers.

Standard awards under the 2002 Stock Plan are based on a review of the individual employee's performance, years of service, position with the Company and long-term potential contribution to the Company. The number of options to be granted at any one time is based upon consideration of the foregoing factors, the employee's level of responsibility and the number of options previously granted to the employee. The Company does not assign specific weights to these factors, although the employee's position and a subjective evaluation of the employee's performance are considered most important. To encourage executive officers to remain in the Company's employ, options granted under the 2002 Stock Plan generally vest on a quarterly basis over a period of three years and have exercise prices not less than the fair market value of the Company's Common Stock on the date of the grant.

Compensation of President and Chief Operating Officer

Compensation paid to Mr. Lapin for 2004 was primarily based on the achievement of individual performance criteria established by the Compensation Committee including merging the Company's defined benefit pension plans, identifying and acquiring attractive complementary businesses and matters relating to the Company's revenues and earnings.

Respectfully submitted,

The Aristotle Corporation Compensation Committee

John J. Crawford
Sharon M. Oster
James G. Tatum

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company and Geneve operate under cost-sharing arrangements pursuant to which certain administrative items, such as certain executive officer compensation and benefits, are allocated between the companies. During 2004, the Company accrued and paid to Geneve approximately \$.8 million under such arrangements, and accrued approximately an additional \$.2 million for the first quarter of 2005. Included in these amounts is consideration paid by the Company to Geneve for the Company's use of office space at Geneve's corporate headquarters. The foregoing is subject to approval of the Audit Committee of the Board of Directors at least annually, and management of the Company believes that the terms of thereof are no less favorable than could be obtained by the Company from unrelated parties on an arm's length basis. In addition, certain directors, officers and/or employees of the Company or its subsidiaries, who are also directors, officers and/or employees of Geneve, received compensation and benefits from Geneve for services rendered thereto since January 1, 2004.

The Company (including certain qualifying domestic subsidiaries) is included in the Federal income tax return and certain State income tax returns of Geneve. The provision for income taxes for the Company is determined on a separate return basis in accordance with the terms of a tax sharing agreement with Geneve, and payments for Federal and certain State income taxes are made to Geneve. The Company made income tax payments to Geneve under such arrangement of \$.7 million and \$.2 million in 2004 and the first quarter of 2005, respectively.

During 2004, the Company invested \$4.0 million in an investment limited partnership, the substantial portion of which was made at the end of the fourth quarter of 2004. The general partner of the limited partnership is an affiliate of the Company. The limited partnership invested its funds with a pool of money managers that followed diversified investment strategies. In February 2005, the then-balance of the investment, approximately \$4.1 million, was transferred to another limited partnership, the general partner of which is an affiliate of the Company; the assets of the limited partnership are managed exclusively by a non-affiliate of the Company. None of the Company's affiliates received material compensation in connection with such investment activities.

The Audit Committee approved and adopted preapproval policies and procedures for nonaudit services proposed to be performed by the Company's independent auditor. The policies and procedures were implemented in 2002. Departmental requests for non-audit services are reviewed by management and, once approved, are forwarded to the Chairperson of the Audit Committee for preapproval.
