AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION/SAR VALUES

The following table sets forth information regarding the aggregate number of shares underlying options exercised in 2005 and the value at December 31, 2005 of options, whether or not exercisable, held by the Company's President and Chief Operating Officer and the Named Officers:

Name	Shares Acquired on Exercise(#)	Value Realized \$(1)	Number of Securities Underlying Unexercised Options/SARs at December 31, 2005(2)		Value of Unexercised In-The-Money Options/SARs at December 31, 2005(2)

(1) "Value Realized" is the difference between the exercise price and the market price on the exercise date, multiplied by the number of options or SARs exercised, as the case may be. "Value Realized" numbers do not necessarily reflect what the holder might receive if such holder sells the shares acquired upon the option exercise, since the market price of the shares at the time of sale may be higher or lower than the price on the exercise date of the option.

(2) The value of both exercisable and unexercisable "in-the-money" options at December 31, 2005 is the difference between (a) the closing price of the Common Stock on December 31, 2005, as reported by NASDAQ (\$7.56) and (b) the per share option exercise price, multiplied by the number of shares of Common Stock underlying the options.

DEFINED BENEFIT PENSION PLAN

Prior to December 31, 2005, the Company had a noncontributory defined benefit pension plan (the "Pension Plan") covering a significant number of its employees, including Messrs. Niemeyer and Johnson. The Pension Plan's benefits were computed based on years of service and average compensation. Compensation under the Pension Plan was defined as base salary including bonuses and commissions. The Named Officers, other than Messrs. Niemeyer and Johnson, were not eligible to participate in the Pension Plan. The Pension Plan benefits for single and married participants are computed as a 10-year certain and life annuity and joint-and-survivor annuity, respectively. Benefits payable under the Pension Plan are not reduced for Social Security or other offsets.

On December 31, 2005, the Company froze the plan benefits under the Pension Plan for all hourly employees and certain salaried employees, including Messrs. Niemeyer and Johnson. The Pension Plan continues in effect for certain salaried employees.

SUPPLEMENTAL EMPLOYEE RETIREMENT PLAN

On February 22, 2006, the Company entered into Supplemental Employee Retirement Plan Agreements (“SERPA”) with certain senior employees of the Company, including Messrs. Niemeyer and Johnson. The benefits payable under the SERPA replace, on an equivalent basis, those which otherwise would have been payable to Messrs. Niemeyer and Johnson under the Pension Plan. As of December 31, 2005, the credited years of service for Messrs. Niemeyer and Johnson were 34 years and 12 years, respectively. The remaining Named Officers are not eligible to participate in the SERPA.

The following table sets forth information regarding the aggregate annual retirement benefits payable under the Pension Plan and SERPA based on years of service that would be payable at normal retirement (age 65) on December 31, 2005

COMPENSATION OF DIRECTORS

Each of the four independent members of the Board of Directors, Messrs. Harkavy, Lahey, Tatum and Whritner, receives an annual retainer of \$10,000. The Chairperson of the Audit Committee, Mr. Tatum, receives an additional annual retainer of \$5,000. In addition to the retainer, the independent members of the Board of Directors receive \$500 for each board or committee meeting attended.

Non-employee directors are eligible to receive grants of stock options under the 2002 Employee, Director and Consultant Stock Plan (“2002 Stock Plan”). The 2002 Stock Plan provides for the automatic grant of non-qualified options to non-employee directors. Each non-employee director, upon first being elected to the Board of Directors, receives an option to purchase 2,500 shares of Common Stock, which will vest one year after the date of the grant of the option, assuming uninterrupted service on the Board of Directors. Additionally, the 2002 Stock Plan provides for a grant to each non-employee director on the date of his or her reelection (provided that the director has served as a director since his or her initial election) of an option to purchase 500 shares of Common Stock, which will vest one year after the date of the grant of the option, assuming uninterrupted service on the Board of Directors.

Messrs. Donald Netter, Edward Netter and Thung, due to their positions with Geneve, have elected to waive their rights to compensation as directors of the Company.

COMPENSATION COMMITTEE

The principal functions of the Compensation Committee are to: (i) develop corporate goals and objectives relevant to the compensation of the Company’s President and Chief Operating Officer, evaluate the President and Chief Operating Officer’s performance in light of such goals and objectives, and exercise sole authority to determine the President and Chief Operating Officer’s compensation based upon such evaluation; (ii) make recommendations to the Board of Directors with respect to the compensation of the Company’s other executive officers; and (iii) administer the Company’s 2002 Stock Plan.

Messrs. Harkavy, Tatum and Whritner are the current members of the Compensation Committee. A copy of the Compensation Committee Charter adopted by the Board of Directors in March 2004 was attached to the proxy statement issued in connection with the 2004 Annual Meeting of Stockholders. The Compensation Committee held one meeting in 2005.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Harkavy, Tatum and Whritner are the current members of the Compensation Committee. Mr. John Crawford and Ms. Sharon Oster served on the Compensation Committee until August 31, 2005. No member of the Compensation Committee, other than Mr. Crawford, has ever been an officer or employee of the Company. Mr. Crawford retired as an officer of the Company in December 2002. During 2005, (i) no executive officer of the Company served as a member of a board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company’s Compensation Committee; and (ii) no executive officer of the Company served as a member of a compensation committee of any entity that has one or more executive officers serving as a member of the Company’s Board of Directors.

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

General

The purpose of the Company's compensation policy is to offer compensation packages to attract, retain and motivate the Company's executive officers over the long term. The primary components of the Company's executive compensation program are base salary and bonuses, and long-term incentive compensation in the form of stock options and other awards offered under the 2002 Stock Plan. The Compensation Committee did not retain a compensation consultant.

Base Salaries and Bonuses

Annual base salaries paid to the Company's executive officers have historically been at levels comparable to those generally paid to executive officers with comparable experience and responsibilities in industries similar to that of the Company or other similarly-sized companies. The Compensation Committee makes compensation adjustments based on a review of each individual's performance, the individual's success in achieving Company and personal goals and planned changes in responsibilities. The Compensation Committee also considers an individual's extraordinary efforts resulting in tangible increases in corporate, division or department success in recommending increases in base salary and annual bonuses.

Incentive Compensation

The Compensation Committee believes that executive officers who are able to contribute to the Company's long-term success and help build incremental stockholder value should have a stake in that future success and value. This stake focuses the executive officers' attention on managing the Company as owners with equity positions in the Company and aligns their interests with the long-term interests of the Company's stockholders. Stock options therefore represent an important and significant component of the Company's compensation program for executive officers.

Standard awards under the 2002 Stock Plan are based on a review of the individual employee's performance, years of service, position with the Company and long-term potential contribution to the Company. The number of options to be granted at any one time is based upon consideration of the foregoing factors, the employee's level of responsibility and the number of options previously granted to the employee. The Company does not assign specific weights to these factors, although the employee's position and a subjective evaluation of the employee's performance are considered most important. To encourage executive officers to remain in the Company's employ, options granted under the 2002 Stock Plan generally vest on a quarterly basis over a period of three years and have exercise prices not less than the fair market value of the Company's Common Stock on the date of the grant.

Compensation of President and Chief Operating Officer

Compensation paid to Mr. Lapin for 2005 was primarily based on the achievement of individual performance criteria established by the Compensation Committee including merging the Company's defined benefit pension plans, identifying and acquiring attractive complementary businesses and matters relating to the Company's revenues and earnings.

Section 162(m) of the United States Internal Revenue Code of 1986, as amended, may limit the Company's ability to deduct for Federal income tax purposes, compensation in excess of \$1,000,000 paid to each of the Company's President and Chief Operating Officer and its Named Officers in any one fiscal year. No executive officer of the Company received any such compensation in excess of this limit during 2005.

Respectfully submitted,

The Aristotle Corporation Compensation Committee
