The principal functions of the Audit Committee are to: (i) select and engage the Company’s independent registered public accounting firm (“independent auditors”); (ii) review and approve management’s plan for engaging the Company’s independent auditors during the year to perform non-audit services and consider what effect these services will have on the independence of the Company’s independent auditors; (iii) review the Company’s annual financial statements and other financial reports which require approval by the Board of Directors; (iv) oversee the integrity of the Company’s financial statements, the Company’s systems of disclosure controls and internal controls and the Company’s compliance with legal and regulatory requirements; (v) review the scope of the Company’s independent auditors’ audit plans and the results of their audit; and (vi) evaluate the performance of the Company’s independent auditors.

### **Changes in Nomination Process**

The Company's Board of Directors has determined that a policy with respect to consideration of candidates to serve as directors recommended by security holders is not appropriate. The Company's Board of Directors has not changed this policy since it was last disclosed by the Company.

### **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who beneficially own more than ten percent (10%) of any class of equity securities of the Company registered pursuant to Section 12 of the Exchange Act, to file with the SEC and any national securities exchange on which these securities are registered, initial reports of beneficial ownership and reports of changes in beneficial ownership of equity securities of the Company. Executive officers, directors and greater than ten percent (10%) beneficial owners are required by the Exchange Act to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely upon a review of the copies of such reports furnished to the Company, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent (10%) beneficial owners were complied with for the fiscal year ended December 31, 2006.

## **ITEM 11. EXECUTIVE COMPENSATION**

### **COMPENSATION COMMITTEE**

The principal functions of the Compensation Committee are to: (i) develop corporate goals and objectives relevant to the compensation of the Company's President and Chief Operating Officer, evaluate the President and Chief Operating Officer's performance in light of such goals and objectives, and exercise sole authority to determine the President and Chief Operating Officer's compensation based upon such evaluation; (ii) make recommendations to the Board of Directors with respect to the compensation of the Company's other executive officers; and (iii) administer the Company's 2002 Employee, Director and Consultant Stock Plan (the "2002 Plan").

The Compensation Committee meets at least one time per year, and more often as the members of the Compensation Committee deem appropriate. The Compensation Committee operates under a written Compensation Committee Charter, a copy of which is attached to this Form 10-K/A as an exhibit. The Compensation Committee met two times in 2006.

### **COMPENSATION DISCUSSION AND ANALYSIS**

#### **Compensation Objectives**

For the President and Chief Operating Officer and all Named Officers (the President and Chief Operating Officer and the Named Officers are hereinafter collectively referred to as the "named executive officers") compensation is intended to be performance-based. The Compensation Committee, which has responsibility for establishing the compensation for all of the named executive officers, believes that compensation paid to executive officers should be closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation should assist the Company in attracting and retaining key executives critical to its long-term success.

In establishing compensation for executive officers, the following are the Compensation Committee's objectives:

- Attract and retain individuals of superior ability and managerial talent;
- Ensure senior officer compensation is aligned with the Company's corporate strategies, business objectives and the long-term interests of the Company's stockholders; and
- Enhance the officers' incentive to increase the Company's stock price and maximize stockholder value, as well as promote retention of key people, by providing a portion of total compensation opportunities for senior management in the form of direct or indirect ownership in the Company.

The Company's overall compensation program is structured to attract, motivate and retain highly qualified executive officers by paying them competitively, consistent with the Company's success and their contribution to that success. To this end, base salary and bonus are designed to reward annual achievements and to be commensurate with the executive's scope of responsibilities, demonstrated leadership abilities, and management experience and effectiveness. Other elements of compensation focus on motivating and challenging the Company's executives to achieve superior, longer-term, sustained results.

## **Implementation of Objectives**

### Base Salaries

The Company pays named executive officers, and other employees, base salaries to compensate them for services rendered during the fiscal year. Salaries for named executive officers are based on their responsibilities, prior experience and recent performance. Decisions regarding salary increases take into account a named executive officer's current salary, market conditions and the amounts paid to a named executive officer's peers within and outside the Company. Base salaries are typically reviewed on a 12-month or longer cycle, except where there is a significant change in the named executive officer's responsibilities during a shorter period of time. Such adjustments, if any, are determined by evaluating (i) the scope of any new responsibilities; (ii) the competitive market value of a named executive officer's role; (iii) the performance of the individual; and (iv) the performance of the Company. Neither the Compensation Committee nor the Company has retained a compensation consultant or similar organization for assistance in determining the salaries to be paid to the named executive officers.

### Annual Bonuses

Each December, the Company's President and Chief Operating Officer reviews with the Compensation Committee the Company's estimated full-year results against the financial, strategic and operational goals established for the year, and the Company's performance in prior periods. After reviewing the actual results for the fiscal year, the Compensation Committee approves total bonuses to be awarded to all named executive officers, including the President and Chief Operating Officer.

The Compensation Committee, with input from the Company's President and Chief Operating Officer, uses discretion in determining, for each named executive officer, the current year's bonus, which is typically equal to a percentage of an executive's base salary. The Compensation Committee evaluates the overall performance of the Company, the performance of the business or function that the executive leads and an assessment of each executive's performance against expectations, which were established at the beginning of the year.

The salaries paid and annual bonuses awarded to the Company's named executive officers are discussed below and shown in the Summary Compensation Table.

### Equity Awards

The Company's 2002 Plan provides the opportunity for the Compensation Committee to award stock options or restricted stock grants to, among others, the Company's named executive officers. Each of the Company's named executive officers holds stock options which have varying exercise prices and expiration dates. Stock options were issued in 2002 and 2003 and are intended to motivate future superior performance, align the interests of the named executive officers with those of the Company's stockholders and retain the named executive officers through the term of the awards. The Company has not issued any restricted stock grants under the 2002 Plan. No stock options were granted under the 2002 Plan in 2006.

The Company does not have any target levels of stock ownership applicable to any of its employees, including the named executive officers.

## Retirement Benefits

Prior to December 31, 2005, the Company had a non-contributory defined benefit pension plan (the “Pension Plan”) covering a significant number of its employees, including Messrs. Niemeyer and Johnson, two of the Company’s named executive officers; Messrs. Lapin and Smith were not eligible to participate in the Pension Plan. On December 31, 2005, the Company froze the plan benefits under the Pension Plan for all hourly employees and certain salaried employees, including Messrs. Niemeyer and Johnson. The Pension Plan continues in effect for certain other salaried employees.

On February 22, 2006, the Company entered into Supplemental Employee Retirement Plan Agreements (“SERPA”) with several employees of the Company, including Messrs. Niemeyer and Johnson. The SERPA, which are effective as of January 1, 2006, provides certain retirement benefits based upon Messrs. Niemeyer’s and Johnson’s average annual wages and years of service (as defined in the SERPA). Benefits under the SERPA generally accrue from the effective date thereof through the earlier to occur of Messrs. Niemeyer’s and Johnson’s retirement, disability or termination of employment with the Company. The benefits payable under the SERPA replace, on an equivalent basis, those which otherwise would have been payable to Messrs. Niemeyer and Johnson under the Pension Plan.

During 2006, the Company incurred a total expense of \$230,000 for all SERPA. The Company incurred compensation expense for Messrs. Niemeyer and Johnson of \$61,685 and \$22,508, respectively, in connection therewith. At December 31, 2006, the amount payable under all SERPA was \$230,000. At December 31, 2006, the amounts payable under the SERPA for Niemeyer and Johnson were \$61,685 and \$22,508, respectively.

On December 28, 2006, the Company assumed the obligations of IHC, an affiliate of the Company, under a retirement benefit agreement (the “Retirement Agreement”) for the benefit of Mr. Lapin. Mr. Lapin had originally entered into the Retirement Agreement on September 30, 1991; the Retirement Agreement related to services previously provided by Mr. Lapin to IHC.

Under the terms of the Retirement Agreement, Mr. Lapin is entitled to receive a cash payment of \$1,174,750 on September 3, 2007, or at the termination of his employment with the Company prior to September 3, 2007 in an amount set forth in a time-adjusted payment schedule. IHC paid the Company \$1,129,037 in connection with the assignment of the Retirement Agreement.

Following the assignment of the Retirement Agreement, the Company and Mr. Lapin entered into Amendment No. 1 to the Retirement Agreement whereby its term was extended until September 3, 2010, and the total potential payment thereunder was increased to \$1,399,146, based on additional years of service to the Company by Mr. Lapin.

Most employees of the Company, including Messrs. Lapin and Smith, are eligible to participate in the Company’s 401(k) savings plan. The Company matches employee contributions to the 401(k) savings plan at a rate of \$.50 for every dollar contributed by each participant to a maximum 6% on compensation permitted by the Internal Revenue Service. Messrs. Niemeyer and Johnson are eligible to participate in the Company’s 401(k) savings plan, but are not entitled to any matching contributions from the Company.

## Perquisites and Other Personal Benefits

Messrs. Niemeyer and Johnson are eligible to participate in (as are all the Company’s employees who meet service requirements under the several plans) the Company’s medical and dental health insurance plans, life insurance plans and long term disability insurance plans.

The medical and dental plans require a contributory amount to be paid by all participants. While no participant contribution is required for the life insurance plan, the Company does include the cost of those benefits that exceed \$50,000 in participant’s reported income to the Internal Revenue Service. The Company provides a long-term disability plan under which the Company pays the insurance premiums.

The Company believes that the several insurance plans that are offered are important components of the comprehensive benefit package which induces employees to remain in the Company’s employ.

Messrs. Lapin and Smith do not participate in the Company’s medical, dental, life insurance or disability insurance plans.

### Employment Agreements and Severance Packages

The Company has not entered into any employment agreements with or guaranteed severance packages to any of the named executive officers.

### Tax Implications

Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), limits the Company’s deductions for compensation paid to the named executive officers to \$1 million unless certain requirements are met. The policy of the Compensation Committee with respect to Section 162(m) is to establish and maintain a compensation program which will optimize the deductibility of compensation. The Compensation Committee, however, reserves the right to use its judgment, where merited by the Compensation Committee’s need to respond to changing business conditions or by an executive officer’s individual performance, to authorize compensation which may not, in a specific case, be fully deductible to the Company. No named executive officer received compensation in 2006 in excess of the \$1 million limitation provided by Section 162(m) of the Code.

### **COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed the Compensation Discussion and Analysis, and discussed the Analysis with the Company’s management. Based on that review and analysis, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in Amendment No. 1 to the Company’s 2006 Annual Report on Form 10-K.

The foregoing report is provided by the undersigned members of the Compensation Committee of the Board of Directors.

(1) On December 28, 2006, the Company assumed the obligations of IHC under the Retirement Agreement. Pursuant to the terms of the Retirement Agreement, Mr. Lapin is entitled to receive a cash payment of \$1,174,750 on September 3, 2007, or at the termination of his employment with the Company prior to September 3, 2007 in an amount set forth in a time-adjusted payment schedule. IHC paid the Company \$1,129,037 in connection with the assignment of the Retirement Agreement. Because the Company assumed the obligation under the Retirement Agreement on December 28, 2006, no expense for accrued benefit thereunder was incurred by the Company in 2006.

Following the assignment of the Retirement Agreement, the Company and Mr. Lapin entered into Amendment No. 1 to the Retirement Agreement whereby its term was extended until September 3, 2010, and the total potential payment thereunder was increased to \$1,399,146, based on additional years of service to the Company by Mr. Lapin.

(2) On February 22, 2006, following the freezing of the Pension Plan, the Company entered into the SERPA with Messrs. Niemeyer and Johnson. The SERPA, which are effective as of January 1, 2006, provide certain retirement benefits based upon Messrs. Niemeyer's and Johnson's average annual wages and years of service (as defined in the SERPA). Benefits under the SERPA generally accrue from the effective date thereof through the earlier of Messrs. Niemeyer's and Johnson's retirement, disability or termination of employment with the Company. The benefits payable under the SERPA replace, on an equivalent basis, those which otherwise would have been payable to Messrs. Niemeyer and Johnson under the Pension Plan.

## COMPENSATION OF DIRECTORS

Additionally, the 2002 Plan provides for a grant to each non-employee director on the date of such director's reelection (provided that such director has served since such director's initial election) of an option to purchase 500 shares of Common Stock, which will vest one year after the date of the grant of the option, assuming uninterrupted service on the Board of Directors.

### **ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE**

#### **Review and Approval of Related Party Transactions**

The Company reviews all relationships and transactions in which the Company and its directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. The Company's legal and accounting staff is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related party transactions and then determining, based on facts and circumstances, whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in Company's Annual Report on Form 10-K or in its proxy statement. In addition, the Audit Committee reviews and approves or ratifies any related party transaction as required by the relevant Nasdaq requirements.

As set forth in the Audit Committee Charter, and as a matter of practice, the Audit Committee considers the following items in its review of related party transactions:

- The nature of the related person's interest in the transaction;

- The material terms of the transaction, including, without limitation, the amount and type of transaction;
- The importance of the transaction to the related person;
- The importance of the transaction to the Company;
- Whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and
- Any other matters the Audit Committee deems appropriate.

Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction; provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the Audit Committee called to consider such transaction.

#### Related Party Transactions

The Company and Geneve operate under cost-sharing arrangements pursuant to which certain administrative items, such as certain executive officer compensation and benefits, are allocated between the companies. During 2006, the Company accrued and paid to Geneve approximately \$.9 million under such arrangements. Included in these amounts is consideration paid by the Company to Geneve for the Company's use of office space at Geneve's corporate headquarters. In addition, certain directors, officers and/or employees of the Company or its subsidiaries, who are also directors, officers and/or employees of Geneve, received compensation and benefits from Geneve for services rendered thereto since January 1, 2006.

The Company (including certain qualifying domestic subsidiaries) is included in the Federal income tax return and certain State income tax returns of Geneve. The provision for income taxes for the Company is determined on a separate return basis in accordance with the terms of a tax sharing agreement with Geneve, and payments for Federal and certain State income taxes are made to Geneve. The Company made income tax payments to Geneve under such arrangement of \$.7 million in 2006.

In fiscal 2005, the Company invested \$8.2 million in an investment limited partnership. No additional amounts were invested in the limited partnership in 2006. At December 31, 2006, the value of the Company's investment in the limited partnership was \$14.6 million. The general partner of the limited partnership is an affiliate of the Company. The funds invested in the limited partnership are managed exclusively by a non-affiliate of the Company. None of the Company's affiliates received material compensation in connection with such investment activities.

On May 22, 2006, the Company received a proposal from Geneve to acquire in a merger transaction (i) the balance of the outstanding shares of Common Stock for a cash purchase price of \$8.06 per share, and (ii) all of the outstanding shares of Series I Preferred Stock for a cash purchase price of \$8.25 per share plus accrued and unpaid dividends to the closing date. At the request of Geneve, the Board of Directors of the Company established the Special Committee composed of the Company's independent directors solely to consider Geneve's proposal. Despite extensive efforts, Geneve and the Special Committee were unable to reach agreement; as a result, on September 18, 2006, Geneve withdrew its proposal.

The Audit Committee has reviewed and approved or ratified the foregoing transactions.

#### Director Independence

The Company's Board of Directors has determined that each of Messrs. Harkavy, Lahey, Tatum and Whritner is an independent director pursuant to the definition of "independent director" under Nasdaq Marketplace Rule 4200(a)(15).

The Company qualifies as a "controlled company" as defined in Rule 4350(c)(5) of the Nasdaq Marketplace Rules because more than 50% of the Company's voting power is held by Geneve. Therefore, the Company is not subject to the requirements of Rule 4350(c) that would otherwise require the Company to have (i) a majority of independent directors on the Board of Directors; (ii) compensation of the Company's executive officers determined by a majority of the independent directors or a compensation committee composed solely of independent directors; (iii) director nominees selected, or recommended for the Board of Directors selection, either by a majority of the independent directors or a nominating committee composed solely of independent directors; and (iv) adopted a formal written charter or board resolution addressing the nomination process and related matters.

In light of Geneve's voting power, the Board of Directors has determined that the Board of Directors, rather than a nominating committee, is the most appropriate body for identifying director candidates and selecting nominees to be presented at the annual meeting. The Board of Directors seeks candidates who will bring outstanding business experience that will benefit all of the stockholders of the Company. The Board of Directors has further determined that a policy with respect to consideration of candidates recommended by security holders would not be appropriate.

#### Committees of the Board of Directors

The Board of Directors has an Executive Committee, an Audit Committee, an Investment Committee and a Compensation Committee. The Executive Committee and the Audit Committee were established in June 2002, immediately following the Merger. The Compensation Committee was established in January 2004 and the Investment Committee was established in June 2004. The Executive Committee is comprised of one independent director, one non-employee director and one employee director. Each of the Audit Committee and the Compensation Committee is comprised exclusively of independent directors. The Investment Committee is comprised of two independent directors and one non-employee director. The Company does not have a standing nominating committee or a nominating committee charter.

#### **ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES**

The following table presents aggregate fees for professional services billed to the Company in the years ended December 31, 2006 and 2005 by KPMG LLP ("KPMG"), the Company's independent registered public accounting firm.

	<u>2006</u>	<u>2005</u>
Audit fees (1)	\$ 298,100	\$ 217,500
Audit related fees (2)	22,000	26,000
Tax fees (3)	-	11,000
All other fees	-	-
	<u>\$ 320,100</u>	<u>\$ 254,500</u>

(1) Audit fees consist of fees billed to the Company by KPMG for professional services for the audit of the Company's financial statements filed with the Company's Annual Report on Form 10-K, review of the financial statements included in the Company's Quarterly Reports on Form 10-Q and services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements.

(2) Audit related fees consist of fees billed to the Company by KPMG for professional services for assurance and related services that are reasonably related to the audit or review of the Company's financial statements for 2006 and 2005. These services include employee benefit plan audits.

(3) Tax fees consist of fees billed to the Company by KPMG for professional services for tax compliance, tax advice and tax planning.

#### **POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT AUDITOR**

The Audit Committee approved and adopted pre-approval policies and procedures for non-audit services proposed to be performed by the Company's independent auditors. The policies and procedures were implemented in 2002. Departmental requests for non-audit services are reviewed by management and are forwarded to the Chairperson of the Audit Committee for pre-approval. In addition, the Audit Committee reviewed the professional fees billed by KPMG, and determined that the provision of non-audit services was compatible with the maintenance of the auditors' independence. All non-audit services billed to the Company by KPMG in 2006 were pre-approved by the Audit Committee.
