Dear Mr. Sargent:

We have reviewed your filing and have the following comments. We have limited our review to only your financial statements and related disclosures and do not intend to expand our review to other portions of your documents. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter within ten business days by amending your filing, by providing the requested information, or by advising us when you will provide the requested response. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your filing and the information you provide in response to these comments, we may have additional comments.

Management's Discussion and Analysis of Financial Condition and Results of Operations, page B-1

1. We note your discussion of comparable store sales. Please tell us your consideration of defining a comparable store and definitively stating whether or not online sales are included in the measure.
2. Reference is made to Exhibit 99.1 of Form 8-K filed March 6, 2014 which discloses that nearly half of your sales are generated online. In light of the very material sales generated online, please tell us your consideration of providing separate disclosure and discussion of online sales and related costs. In addition, explain your consideration of further disaggregating to disclose and discuss online sales generated from websites and mobile platforms as well as each reportable segment.

Outlook, page B-1

3. Reference is made to your disclosure of the expected range of first quarter 2014 diluted earnings per share excluding the potential impact on sales or earnings associated with restructuring activities in 2014 and expected fiscal year 2014 free cash flow disclosed in the last paragraph on page B-1. These appear to be non-GAAP measures. Please tell us your consideration of providing disclosure pursuant to Item 10(e)(i)(A)-(D) of Regulation S-K.

Critical Accounting Policies and Significant Estimates, page B-10

Impairment of Goodwill, page B-10

4. Please tell us your consideration of disclosing the percentage by which the fair values of your Australia and China reporting units exceeded carrying values as of the most recent goodwill impairment test.

5. Please tell us your consideration of disclosing your accounting policy for sales returns and allowances and your consideration of including the activity in Schedule II as prescribed by Rule 12-09 of Regulation S-X in accordance with Rule 5-04 of Regulation S-X.
6. We note that delivery sales are recognized at the time of shipment rather than upon delivery to and acceptance by the customer. Please explain why this policy is appropriate referencing authoritative literature. In doing so, please tell us whether your stated shipping terms are FOB shipping point or FOB destination. In addition, please tell us whether your sales agreements contain right of inspection or acceptance provisions. If your sales agreements are silent as to when title passes, please tell us why sales recognition is appropriate upon shipment, rather than upon delivery to and acceptance by the customer. Please also confirm to us supplementally that amounts paid to you by customers for shipping and handling is included in net sales.

Note B – Restructuring Charges, page C-12

7. We note your adjustment in the third quarter of 2013 to reduce the liabilities associated with the 2012 Plan stemming from changes in facts and circumstances. Please explain to

Note G – Fair Value Measurements, page C-20

Note L – Pension and Other Post-Retirement Benefit Plans, page C-29

10. Reference is made to the second to last paragraph on page C-34 and the discussion of estimating expected return on plan assets. For purposes of determining the expected return on plan assets, a market-related asset value is used. Market-related asset value is defined as either fair market value or a calculated value. Refer to ASC 715-30-35-51 and the Master Glossary. Please tell us your consideration of disclosing whether you use the fair market value or a calculated value.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require.
