SUPPLEMENTAL PROXY MATERIALS
2018 ANNUAL SHAREHOLDERS MEETING**

CONTEXT

- The purpose of this presentation is to ensure you have a solid understanding of our executive compensation program as you prepare to vote your shares.
- As you also know, we take a long-term view of our business -- and are focused on delivering strong shareholder value over the long-term. That said, we recognize that our business has been under pressure as a result of significant industry weakness in the U.S. Consequently, our stock price has been down recently.
- We are executing plans to address the industry weakness and deliver our 10-year objectives.
- We appreciate your investment in what we believe will be a strong future.
- Thank you for your investment in Harley-Davidson.

This presentation may include forward-looking statements that are subject to risks that could cause actual results to be materially different. Those risks include, among others, matters we have noted in our latest earnings presentation and filings with the SEC. Harley-Davidson disclaims any obligation to update information in this presentation. Additional information and risk factors are included at the end of this presentation.

2018 COMPENSATION PROGRAM MODIFICATIONS

We continuously assess and refine the executive compensation program and have made some changes for 2018.

- **Eliminated Leadership Short-Term Incentive Plan (Leadership STIP):** The Committee eliminated the Leadership STIP to provide greater alignment between pay and performance for our executives, as well as to simplify our incentive plan structure.
- **Adjusted Incentive Targets:** After eliminating the Leadership STIP, the Committee adjusted the Financial STIP and Long-Term Incentive Plan incentive targets to maintain market competitiveness within the targeted range and to drive more compensation towards long-term performance.
 - Two-thirds of the Leadership STIP incentive target moved to the Long-Term Incentive Plan target, and one-third moved to the Financial STIP.
 - The 2018 Long-Term Incentive Plan mix is 60% Performance Shares and 40% Restricted Stock Units, similar to our disclosed compensation benchmark companies (peer groups).
- **Withheld Base Salary Increases:** The executive leadership team did not receive a performance-based salary adjustment in 2018, based on company performance in 2017.
