ANNUAL MEETING OF STOCKHOLDERS
May 23, 2001

SOLICITATION AND VOTING

This Proxy Statement ("Proxy Statement") is furnished in connection with the solicitation of proxies on behalf of the Board of Directors (the "Board") of Level 3 Communications, Inc. ("Level 3" or the "Company") to be voted at the Annual Meeting of Stockholders to be held on Wednesday, May 23, 2001, or any adjournment thereof (the "Annual Meeting"). This Proxy Statement, the Notice of Annual Meeting and the accompanying Proxy are being mailed to Stockholders on or about April 24, 2001.

As of April 13, 2001, the record date for the determination of persons entitled to vote at the Annual Meeting, there were 368,173,378 shares of the Company's Common Stock, par value \$.01 per share (the "Level 3 Common Stock"), outstanding. Each share of Level 3 Common Stock is entitled to one vote on each matter to be voted upon by the Stockholders at the Annual Meeting.

The five Class I Directors will be elected by a plurality of the votes cast by holders of Level 3 Common Stock present in person or by proxy and entitled to vote at the Annual Meeting.

The presence, in person or by proxy, of the holders of a majority of the issued and outstanding shares of Level 3 Common Stock entitled to vote as of the Record Date is required to constitute a quorum at the Annual Meeting. Under applicable Delaware law, abstentions and "broker non-votes" (that is, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining the presence of a quorum at the Annual Meeting. If such a quorum should not be present, the Annual Meeting may be adjourned from time to time until the necessary quorum is obtained.

All shares of Level 3 Common Stock represented by properly executed proxies which are returned and not revoked will be voted in accordance with the instructions, if any, given therein. If no instructions are provided in a proxy, it will be voted **FOR** the Board's nominees for Director and in accordance with the proxy-holders' best judgment as to any other business raised at the Annual Meeting. If you elect to deliver your proxy by telephone or the Internet as described in the enclosed telephone and Internet voting instructions, your shares will be voted as you direct. Your telephone or Internet delivery authorizes the named proxies to vote your shares in the same manner as if you marked, signed and returned your proxy card.

Any Stockholder who delivers, whether by telephone, Internet or through the mail, a proxy may revoke it at any time before it is voted by delivering to the Secretary of the Company a written statement revoking the proxy, by executing and delivering a later dated proxy, by using the telephone voting procedures, the Internet voting procedures or by voting in person at the Annual Meeting.

Level 3 will bear its own cost of solicitation of proxies. In addition to the use of the mail, proxies may be solicited by the directors and officers of Level 3 by personal interview, telephone, telegram or e-mail. Such directors and officers will not receive additional compensation for such solicitation but may be reimbursed for out-

of-pocket expenses incurred in connection therewith. Arrangements may also be made with brokerage firms and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares of Level 3 Common Stock held of record by such persons, in which case Level 3 will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

At the Annual Meeting, these Class I Directors will be reelected to hold office for a three-year term until the 2004 annual meeting, or until their successors have been elected and qualified. If any nominee shall, prior to the Annual Meeting, become unavailable for election as a Director, the persons named in the accompanying form of proxy will, in their discretion, vote for that nominee, if any as may be recommended by the Level 3 Board of Directors, or the Level 3 Board of Directors may reduce the number of Directors to eliminate the vacancy.

The written charter of the Audit Committee is attached to this proxy statement as Annex I.

Audit Committee Report

The following report was delivered to the Board of Directors of the Company by the Audit Committee on February 15, 2001. The following Report of the Audit Committee shall not be deemed to be incorporated by reference in any previous or future documents filed by the Company with the Securities and Exchange Commission under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates the Report by reference in any such document. To the Board of Directors

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles. We have reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2000.

We have discussed with Arthur Andersen LLP ("Arthur Andersen") the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit committees, as amended, by the Auditing

Standards Board of the American Institute of Certified Public Accountants. We have received and reviewed the written disclosures and the letter from Arthur Andersen required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the auditors the auditors' independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000.

We have also considered whether the provision of services by Arthur Andersen not related to the audit of the financial statements referred to above and to the reviews of the interim financial statements included in the Company's Forms 10-Q for the quarters ended March 31, 2000, June 30, 2000 and September 30, 2000 is compatible with maintaining Arthur Andersen's independence.

Compensation Committee Interlocks and Insider Participations

The Compensation Committee of the Company consists of Messrs. Michael B. Yanney, David C. McCourt, Mogens C. Bay and Richard R. Jaros, none of whom is an officer or employee of the Company.

Compensation Committee Report

The Compensation Committee (the "Committee") is responsible for determining the cash and equity compensation of James Q. Crowe, President and Chief Executive Officer. The Committee reviews and approves the cash compensation of certain of Level 3's other senior executives based upon the recommendations of Mr. Crowe.

Level 3 believes that the compensation levels of its executive officers, who provide leadership and strategic direction, should consist of: (i) fair base salaries, (ii) significant cash bonus opportunities based on achievement of objectives established by Level 3 and (iii) ownership of Level 3 Common Stock and stock options to align management's interests with stockholders' interests, targeted to provide opportunities that are comparable to other similarly situated telecommunications and high growth technology companies.

Level 3 considers the following factors (ranked in order of importance) when determining compensation of executive officers: (i) Level 3's performance measured by attainment of specific objectives, (ii) the individual performance of each executive officer, (iii) Level 3's stock price performance, (iv) comparative industry compensation levels and (v) historical cash and compensation levels. The comparable industry compensation data is based in part on public telecommunications companies that are included in the Nasdaq Telecommunications Stock Index, which was chosen as the peer group for the Performance Graph, and on the other publicly traded telecommunications and high growth technology companies with comparable market capitalization.

Determination of the Chief Executive Officer's Compensation

For Fiscal 2000, Level 3's performance objectives included:

- continue to offer services in an increasing number of markets in the United States, complete the construction of Gateway facilities in an increasing number of major U.S. and European markets and continue to expand the development of both local networks and Level 3's proposed intercity networks;
- secure operating licenses and initiate development in Hong Kong and Tokyo and commence the offering of services in Hong Kong and Tokyo;
- complete construction of Level 3's U.S. and European intercity networks;
- accelerate the development of networks internationally in Europe and Asia;
- attract and retain experienced personnel to enable Level 3 to meet its tactical and strategic goals;
- complete the launch of additional innovative services that take advantage of the Level 3 Network; and
- continue the acquisition of sufficient capital at an acceptable cost in order to fund the Level 3 business plan.

These goals were met in fiscal 2000. As of December 31, 2000, Level 3 had operational gateway facilities in 52 U.S. markets, nine European markets and Hong Kong and Tokyo. In addition Level 3 had operational facilities based metropolitan networks in 26 U.S. markets and six major European markets. Level 3 has established its Asian headquarters in Hong Kong and secured required government licenses in both Hong Kong and Tokyo and began offering services in those markets during 2000. Also in 2000, Level 3 announced its intention to offer services in Taipei, Taiwan and Seoul, South Korea. Peter Kiewit Sons', Inc., the program manager for the construction of the Level 3 North American intercity network, substantially completed the construction of Level 3's North American intercity network. In addition, construction and installation of fiber in the first empty conduit on Rings 1 and 2 of the Level 3 intercity network in Europe, were completed during 2000. During 2000 Level 3 continued to "light" portions of the North American intercity network and to carry customer traffic on those portions. During 2000, Level 3 also completed the development of a 1.28 Tbps transatlantic submarine cable system and announced the development of a 2.56 Tbps North Asian Cable System, which is expected to be placed into service during 2001. Each of these submarine cable systems will have an initial transmission capacity of 320 Gbps.

Also during 2000, Level 3 launched (3)Crossroads, its high speed Internet access product, which includes Destination Sensitive Billing – a billing feature that charges customers based on the distance that the information is transported rather than a flat fee. By the end of 2000, Level 3 had an aggregate of 5,537 employees in the communications portion of its business. Finally, during 2000, the Company raised approximately \$5.786 billion in gross proceeds from successful common stock, convertible subordinated note and high yield debt offerings and other real estate financing transactions.

Based on the achievement of these goals and for aggressively pursuing the implementation of Level 3's business plan to expand its information services business to provide a broad range of communications services over a new end-to-end network based on Internet Protocol technology, Mr. Crowe was awarded an aggregate of 240,922 Outperform Stock Options in 2000. Mr. Crowe was also awarded an aggregate of 437,200 Special Recognition Outperform Stock Options in 2000. In addition, Mr. Crowe was awarded a \$1.0 million performance bonus.

Equity Compensation

The Committee approves all awards made under the Level 3 1995 Stock Plan. Periodically the Committee approves grants to existing employees and also approves awards to new employees as an incentive to join Level 3. Awards made to the Company's named executive officers and certain other key employees are approved by a subcommittee of the Compensation Committee comprised of Messrs. Bay and Yanney.

The Compensation Committee:

Mogens C. Bay
Richard R. Jaros
David C. McCourt
Michael B. Yanney, Chairman

For the year ended December 31, 2000

Outperform Stock Option Grants

The Company’s OSO program is the primary component of Level 3’s long term incentive, stock based compensation programs. The OSO program was designed by the Company so that its stockholders receive a market related return on their investment before OSO holders receive any return on their options. The Company believes that the OSO program aligns directly employees’ and stockholders’ interests by basing stock option value on the Company’s ability to outperform the market in general, as measured by the S&P 500 Index. The value received for options under the OSO plan is based on a formula involving a multiplier related to how much our common stock outperforms the S&P 500 Index. Participants in the OSO program do not realize any value from options unless our common stock price outperforms the S&P 500 Index. To the extent that the Level 3 common stock outperforms the S&P 500, the value of OSOs to an option holder may exceed the value of Non Qualified Stock Options or NQSOs.

In July 2000, the Company adopted a convertible outperform stock option program, (“C-OSO”) as an extension of the existing OSO plan. The program is a component of the Company’s ongoing employee retention efforts and offers similar features to those of an OSO, but provides an employee with the greater of the value of a single share of the Company’s common stock at exercise, or the calculated OSO value of a single OSO at the time of exercise. The following table summarizes the grant of OSO Program awards to the Named Executive Officers during 2000.

- (1) An OSO award vests in equal quarterly installments over two years. No OSO award, including a vested OSO award, granted prior to March 1, 2001 can be exercised until the second anniversary of the date of its grant. OSO awards after March 1, 2001 awards can be exercised upon vesting. The OSO awards provide for acceleration of vesting and the lifting of the two year prohibition on exercise (with respect to OSO awards granted prior to March 1, 2001) in the event of a change of control, as defined in the Level 3 1995 Stock Plan (as amended on April 1, 1998). SR-OSO awards or Special Recognition OSO Awards were granted on December 1, 2000. SR-OSO awards have all of the same features as an OSO award other than with respect to vesting and exercising. SR-OSO awards vest 25% of the SR-OSO award on May 31, 2001 and the remaining 75% of the SR-OSO award on May 31, 2002. SR-OSO awards are fully exercisable upon vesting.
- (2) OSO and SR-OSO value at December 31, 2000 has been computed based upon the OSO formula and multiplier as of that date. The value of an OSO and a SR-OSO is subject to change based upon the performance of the Level 3 Common Stock relative to the performance of the S&P 500 Index from the time of the grant of the OSO or SR-OSO award, as the case may be, until the award has been exercised.
- (3) Mr. Choksi also received a grant of Convertible Outperform Stock Options (C-OSOs). Mr. Choksi received a grant of 26,612 C-OSOs on September 1, 2000 and a grant of 26,612 C-OSOs on December 1, 2000. Mr. Choksi's C-OSOs will vest over a period of three years at the rate of 1/6 of the total on the first anniversary of the date of grant, an additional 1/3 of

the total on second anniversary of the date of grant and the remainder of the total on the third anniversary of the date of grant. At December 31, 2000, no C-OSOs were exercisable and the value of all C-OSOs granted to Mr. Choksi was \$873,252.

Section 16(a) Beneficial Ownership Reporting Compliance

To Level 3's knowledge, no person that was a director, executive officer or beneficial owner of more than 10% of the outstanding shares of Level 3 Common Stock failed to timely file all reports required under Section 16(a) of the Securities Exchange Act of 1934.

Director's Compensation

During 2000, each of the directors of the Company who were not employed by the Company during 2000 received directors fees consisting of an annual retainer of \$200,000. Messers. Yanney and Julian each received an annual retainer of \$210,000, which includes additional fees for serving as chairman of the Compensation Committee and Audit Committee, respectively. These fees have been paid to these directors in the form of grants of Level 3's Outperform Stock Options.

Certain Relationships and Related Transactions

All share information has been adjusted to reflect the Company's 2-for-1 stock split, effected as a stock dividend in August 1998.

During 1999, Mr. Crowe entered into an agreement for the period October 1999 to October 2000 to purchase personal use of the Company's aircraft. Mr. Crowe has agreed that the Company will charge him the cost to operate the aircraft as allowed by Part 91 of the U.S. Federal Aviation Administration regulations for personal use of corporate aircraft. The Company received a total payment in the amount of \$89,419 from Mr. Crowe under this agreement for calendar year 2000 and estimates that the amount to be paid by Mr. Crowe for calendar year 2001 will be approximately \$100,000.

Messers. Scott, Crowe, Bay, Grewcock and Stinson are members of the Board of Directors of Peter Kiewit Sons', Inc. ("PKS") as well as members of the Board of Directors of the Company. Mr. Stinson is also the chief executive officer of PKS.

On June 18, 1998, Level 3 entered into a contract with PKS for the construction of Level 3's nearly 16,000 mile North American intercity network. Construction of the North America intercity network was substantially completed at December 31, 2000. Level 3 has also entered into various other agreements with PKS including agreements for construction activities relating to its local networks, gateway facilities and headquarters facilities in Broomfield, Colorado. For the year ended December 31, 2000, the Company incurred the following costs under these agreements to PKS: \$1.713 billion relating to construction of intercity and local networks as well as gateway construction; approximately \$50 million for construction of the Company's headquarters facilities; and approximately \$1 million for miscellaneous construction projects. PKS has the opportunity to earn a significant award fee with respect to the construction of the intercity network, the amount of which will be based on cost and speed of construction, quality, safety and program management. The award fee will be determined by Level 3's assessment of PKS' performance in each of these areas. In 2000, the Company accrued approximately \$138 million toward the award fee, which is included in the \$1.713 billion indicated above.

Level 3 and PKS are parties to various aircraft operating agreements pursuant to which PKS provides Level 3 with aircraft maintenance, operations and related services. During 2000, Level 3 incurred costs to PKS of approximately \$1.9 million pursuant to these agreements.

In connection with the Split-off, Level 3 and PKS entered into various agreements intended to implement the Split-off, including a separation agreement and a tax-sharing agreement.

Separation Agreement. Level 3 and PKS entered into a separation agreement (the "Separation Agreement") relating to the allocation of certain risks and responsibilities between PKS and Level 3 after the Split-off and certain other matters. The Separation Agreement provides that each of PKS and Level 3 will indemnify the

other with respect to the activities of its subsidiary business groups, except as specifically provided under other agreements between the companies. The cross-indemnities are intended to allocate financial responsibility to PKS for liabilities arising out of the construction businesses formerly conducted by Level 3, and to allocate to Level 3 financial responsibility for liabilities arising out of the non-construction businesses conducted by Level 3. The Separation Agreement also allocates between PKS and Level 3 certain corporate-level risk exposures not readily allocable to either the construction businesses or the non-construction businesses.

The Separation Agreement provides that each of Level 3 and PKS will be granted access to certain records and information in the possession of the other company, and requires that each of Level 3 and PKS retain all such information in its possession for a period of ten years following the Split-off. Under the Separation Agreement, each company is required to give the other company prior notice of any intention to dispose of any such information.

The Separation Agreement provides that, except as otherwise set forth therein or in any related agreement, costs and expenses in connection with the Split-off will be paid 82.5% by Level 3 and 17.5% by PKS. On March 18, 1998, Level 3 and PKS entered into an amendment to the Separation Agreement that provides that PKS will bear substantially all of those expenses if the Level 3 Board determined to force conversion of all outstanding Class R Stock of Level 3 on or before July 15, 1998 (a "Forced Conversion Determination").

The Level 3 Board made such a determination and, accordingly, substantially all of those expenses will be borne by PKS.

Tax Sharing Agreement. Level 3 and PKS have entered into a tax sharing agreement (the "Tax Sharing Agreement") that defines each company's rights and obligations with respect to deficiencies and refunds of federal, state and other taxes relating to operations for tax years (or portions thereof) ending prior to the Split-off and with respect to certain tax attributes of Level 3 and PKS after the Split-off. Under the Tax Sharing Agreement, with respect to periods (or portions thereof) ending on or before the Split-off, Level 3 and PKS generally will be responsible for paying the taxes relating to such returns (including any subsequent adjustments resulting from the redetermination of such tax liabilities by the applicable taxing authorities) that are allocable to the non-construction business and the construction business, respectively.

The Tax Sharing Agreement also provides that Level 3 and PKS will indemnify the other from certain taxes and expenses that would be assessed on PKS and Level 3, respectively, if the Split-off were determined to be taxable, but solely to the extent that such determination arose out of the breach by Level 3 or PKS, respectively, of certain representations made to the Internal Revenue Service in connection with the private letter ruling issued with respect to the Split-off. Under the Tax Sharing Agreement, if the Split-off were determined to be taxable for any other reason, those taxes and certain other taxes associated with the Split-off (together, "Split-off Taxes") would be allocated 82.5% to Level 3 and 17.5% to PKS. The Tax Sharing Agreement, however, provides that Split-off Taxes will be allocated one-half to each of Level 3 and PKS if a Forced Conversion Determination is made. As a result of the Forced Conversion Determination, the Split-off Taxes would be so allocated. Finally, the Tax Sharing Agreement provides, under certain circumstances, for certain liquidated damage payments from Level 3 to PKS if the Split-off were determined to be taxable, which are intended to compensate stockholders of PKS indirectly for taxes assessed upon them in that event. Those liquidated damage payments, however, are reduced because of the Forced Conversion Determination.

Mine Management Agreement. In 1992, PKS and Level 3 entered into a mine management agreement (the "Mine Management Agreement") pursuant to which a subsidiary of PKS, Kiewit Mining Group Inc. ("KMG"), provides mine management and related services for Level 3's coal mining properties. In consideration of the provision of such services, KMG receives a fee equal to 30% of the adjusted operating income of the coal mining properties. Level 3 incurred expenses for services provided by KMG under the Mine Management Agreement of \$29 million for the year ended December 31, 2000. The term of the Mine Management Agreement expires on January 1, 2016.

In connection with the Split-off, the Mine Management Agreement was amended to provide KMG with a right of offer in the event that Level 3 were to determine to sell any or all of its coal mining properties. Under the right of offer, Level 3 would be required to offer to sell those properties to KMG at the price that Level 3 would seek to sell the properties to a third party. If KMG were to decline to purchase the properties at that price, Level 3

would be free to sell them to a third party for an amount greater than or equal to that price. If Level 3 were to sell the properties to a third party, thus terminating the Mine Management Agreement, it would be required to pay KMG an amount equal to the discounted present value to KMG of the Mine Management Agreement, determined, if necessary, by an appraisal process.

In September 2000, the Company sold its entire 50% ownership interest in The Walnut Creek Mining Company to a subsidiary of Peter Kiewit Sons', Inc. for a cash payment of approximately \$37 million.

[†] It is the Company's practice to include in this table the number of shares of common stock issuable upon exercise of Outperform Stock Options, if any, which are exercisable within 60 days. The value of the Outperform Stock Options is dependent upon the extent to which the Company's common stock has outperformed the results of the S&P 500. The number of shares of common stock issuable upon exercise of an Outperform Stock Option has been calculated based upon the closing price of the Company's common stock on February 1, 2001. The number of shares issuable upon exercise of an Outperform Stock Option is therefore subject to changes in the extent to which the Company's common stock has outperformed the results of the S&P 500 and the Company's common stock closing price.

Janus Capital owns 23,480,896 shares of common stock, which includes 380,626 shares of common stock issuable upon conversion of \$51.325 million in principal amount of our 6% convertible subordinated notes that held by Janus Capital. Janus Capital is a registered investment adviser which furnishes investment advice to several investment companies registered under Section 8 of the Investment Company Act of 1940 and individual and institutional clients (collectively referred to herein as "Managed Portfolios"). As a result of its role as investment adviser or sub-adviser to the Managed Portfolios, Janus Capital may be deemed to be the beneficial owner of the shares of Level 3 Common Stock held by such Managed Portfolios. However, Janus Capital does not have the right to receive any dividends from, or the proceeds from the sale of, the securities held in the Managed Portfolios and disclaims any ownership associated with such rights. Mr. Thomas Bailey owns approximately 12.2% of Janus Capital. In addition to being a stockholder of Janus Capital, Mr. Bailey serves as President and Chairman of the Board of Janus Capital and filed the joint statement with Janus Capital as a result of such stock ownership and positions which may be deemed to enable him to exercise control over Janus Capital. Mr. Bailey does not own of record any shares of Level 3 Common Stock. However, as a result of his position, Mr. Bailey may be deemed to have the power to exercise or to direct the exercise of such voting and/or dispositive power that Janus Capital may have with respect to Level 3 Common Stock held by the Managed Portfolios. All shares reported herein have been acquired by the Managed Portfolios, and Mr. Bailey specifically disclaims beneficial ownership over any shares of Level 3 Common Stock that he or Janus Capital may be deemed to beneficially own. Furthermore, Mr. Bailey does not have the right to receive any dividends from, or the proceeds from the sale of, the securities held in the Managed Portfolios and disclaims any ownership associated with such rights.

Performance Graph

The following performance graph shall not be deemed to be incorporated by reference by means of any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates such information by reference, and shall not otherwise be deemed filed under such acts.

The graph below compares the cumulative total return (stock appreciation plus reinvested dividends) of the Company's common stock with two indexes of publicly traded stocks. Prior to the Split-off, the Company had two classes of common stock, Class C Construction & Mining Group Restricted Convertible Exchangeable Common Stock, par value \$.0625 per share (the "Class C Stock") and Class D Stock. For substantially all of the periods presented the Company's stock was not publicly traded. Beginning in the fourth quarter 1997, the Company's Class D Stock commenced trading on the over-the-counter market of the National Association of Securities Dealers, Inc. During the fourth quarter, the only quarter during which trading occurred, the range of the high and low bid information for the Class D Stock was \$20.41 to \$29.00. The Level 3 Common Stock now trades on The Nasdaq National Market under the symbol "LVLT." Because the Split-off occurred during 1998, no performance graph information is presented for the Class C Stock. For performance graph information regarding the Class C Stock, please see the proxy materials of Peter Kiewit Sons', Inc.

Pursuant to the terms of the Company's Restated Certificate of Incorporation for all periods presented, other than for the last three quarters of 1998, the Company's stock was valued by a formula contained in the Restated Certificate of Incorporation. Company stock was valued at the end of the Company's fiscal year and the formula value was reduced as dividends are declared during the following year. For purposes of the graphs, it has been assumed that dividends were immediately reinvested in additional shares of Level 3 Common Stock, although such reinvestment was not permitted in actual practice. Although for fiscal years prior to 1998, the Company's fiscal year ended on the last Saturday in December, its stock is compared against indexes which assume a fiscal year ending December 31.

The formula value of the Class D Stock was linked to the performance of the Company's Diversified Group (which are the operations that remained in the Company after the Split-off), which is primarily engaged in communications, information services and coal mining businesses.

The graph compares the cumulative total return of the Level 3 Common Stock (formerly Class D Stock) for the five year period 1996 – 2000 with the S&P 500 Index and the Nasdaq Telecommunications Index. In prior years, the Company has also compared the cumulative total return of the Level 3 Common Stock with the Dow Jones Coal Index. The Dow Jones Coal Index is no longer published, and is therefore not included in the performance graph. The graph assumes that the value of the investment was \$100 on December 31, 1995, and that all dividends and other distributions were reinvested. In addition, all stock prices and dividends reflect a dividend of four shares of Class D Stock for each outstanding share of Class D Stock that was effective December 1997 and a dividend of one share of Level 3 Common Stock (formerly Class D Stock) for each outstanding share of Level 3 Common Stock effective August 1998.

STOCKHOLDER PROPOSALS

Any proposal which a stockholder intends to present at the 2002 Annual Meeting must be received by Level 3 on or before March 24, 2002, but no earlier than February 23, 2002 to be included in the proxy material of Level 3 relating to such meeting. If the stockholder wishes to nominate one or more persons for election as a director, such stockholder's notice must comply with additional provisions as set forth in the Level 3 By-laws, including certain information with respect to the persons nominated for election as directors and any information relating to the stockholder that would be required to be disclosed in a Proxy Filing. practices, including changes in, or adoptions of, accounting principles and disclosure practices, and discuss any other matters required to be communicated to the Committee by the auditors.
