Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

SAMI Brokerage LLC

Notes to Financial Statements

December 31, 2020

1. Organization

Organization and Nature of Business

SAMI Brokerage LLC (the “Company”) was formed on January 2, 2019 as a Delaware limited liability company. Prior to that, the Company’s operations were part of Spectrum Asset Management, Inc. (“Spectrum”). The Company is a broker-dealer registered with the Financial Industry Regulatory Authority (FINRA), providing security investment brokerage for institutional clients. The Company clears its securities transactions on a fully disclosed basis through National Financial Services LLC (“NFS”).

The Company is a wholly owned subsidiary of Spectrum which is a wholly owned subsidiary of Principal Global Investors Holding Company (US), LLC (Principal Global). Principal Global is a wholly owned subsidiary of Principal Financial Services, Inc. (PFSI). PFSI is a wholly owned subsidiary of Principal Financial Group (PFG).

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturities of three months or less when purchased to be cash equivalents. The Company is required to hold cash on deposit with NFS. The amount held on deposit with NFS is \$300,000 as of December 31, 2020.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. It is possible that actual results could differ from the estimates and assumptions utilized.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Allowance for Credit Loss

The authoritative guidance requires entities to use a current expected credit loss model to measure impairment for most financial assets that are not recorded at fair value through net income. Under the model, the Company will estimate lifetime expected credit losses considering available relevant information about historical events, current conditions and reasonable and supportable forecasts. The Company's evaluation included but was not limited to evaluating receivable balances within scope of the guidance carried at book value for credit losses using judgment in determining the relevant information and estimation methods that are appropriate in its circumstances. Based on the Company's evaluation of both historical experience and evaluating future scenarios, the Company determined the likelihood of credit related losses are extremely remote. As such, based on this scenario and the immaterial nature of receivables, the Company will not record an allowance and will regularly monitor current financial assets and assess new financial assets that are carried at book value.

Future Adoption of New Accounting Pronouncements

In December 2019, the FASB issued ASU 2019-12, *Income Taxes* (Topic 740). This authoritative guidance simplifies the accounting for income taxes by removing certain exceptions, including exceptions related to the incremental approach for intraperiod tax allocation, calculating income taxes in an interim period and the recognition of deferred tax liabilities for outside basis differences. Also, the guidance clarifies the accounting for franchise taxes, transactions that result in a step-up in the tax basis of goodwill and enacted changes in tax law or rates. It specifies that an entity is not required to allocate the consolidated amount of current and deferred tax expense to a legal entity that is not subject to tax in its separate financial statements, although an entity may elect to do so. The guidance will be applied based on varying transition methods defined by amendment. Early adoption is permitted. The guidance is effective on January 1, 2021 but the new guidance is not expected to have a material impact to the financial results of the Company.

SAMI Brokerage LLC

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Income Taxes

The Company is taxed as a division of PFG at corporate rates based on existing tax laws. Current income taxes are charged or credited to operations based upon amounts estimated to be payable or recoverable as a result of taxable operations for the current year. Deferred income taxes are

provided for the tax effect of temporary differences in the financial reporting and income tax basis of assets and liabilities and net operating losses using enacted income tax rates and laws. The effect on deferred income tax assets and deferred income tax liabilities of a change in tax rates is recognized in operations in the period in which the change is enacted.

Broker Commissions and Fees

The Company earns commission revenue through brokerage services it executes on behalf of its customers. The performance obligation for these revenues is satisfied at the time the trade is executed. The clearing and execution operations are performed by NFS. The Company is charged clearing fees for all trades cleared through NFS. The Company also incurs execution costs for certain trades executed over an exchange. As of December 31, 2020, the total amount payable to NFS (net of commission revenue and clearing/execution costs) is \$9,751 and is included in Accounts Payable on the Statement of Financial Condition.

3. Income Taxes

Income Tax Expense

The Company's taxable income or loss is generally included in the consolidated income tax return filed by PFG, the Company's ultimate parent.

PFG has adopted the policy of allocating income tax expense and benefits to members of its consolidated group based upon their pro rata contribution of taxable income or loss. The Company paid no taxes during 2020.

SAMI Brokerage LLC

Notes to Financial Statements (continued)

3. Income Taxes (continued)

Income tax expense (benefit) was as follows as of December 31, 2020:

Current income taxes (benefits):	
U.S. federal	\$ (66,270)
State	(8,066)
Total current income taxes (benefits)	<u>\$ (74,336)</u>

Unrecognized Tax Benefits

The amount of unrecognized tax benefits calculated for the Company as of December 31, 2020 is not material to the Company's financial position. Therefore, the total amount of unrecognized tax benefits, that if recognized, would affect the effective income tax rate is immaterial. The Company recognizes interest expense and penalties related to income taxes in operating expenses. The Company recognized no accumulated pre-tax interest and penalties related to unrecognized tax benefits in 2020.

We do not believe there is a reasonable possibility that the total amount of unrecognized tax benefits will significantly increase or decrease in the next twelve months.

4. Related-Party Transactions

The Company has entered into an expense reimbursement agreement with Spectrum to reimburse Spectrum for certain office and administrative services that Spectrum pays on the Company's behalf. These costs are settled on an annual basis net of tax credits, or as agreed upon between the Company and Spectrum. As of December 31, 2020, total amounts billed to the Company for 2020 was \$300,000.

SAMI Brokerage LLC

Notes to Financial Statements (continued)

5. Regulatory Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined therein, shall not exceed 15 to 1. At December 31, 2020, the Company had defined net capital of \$398,267 which was \$393,267 in excess of its required minimum net capital of \$5,000. At December 31, 2020, the Company's ratio of aggregate indebtedness to net capital was .098 to 1. Various other regulatory agencies may impose additional capital requirements.

The Company is exempt from maintaining a special reserve bank account under Rule 15c3-3(k)(2)(ii).

6. Subsequent Events

The Company has evaluated subsequent events through the date that the financial statements were issued.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Management of SAMI Brokerage LLC.

We have reviewed management's statements, included in the accompanying SAMI Brokerage LLC's Exemption Report, in which (1) SAMI Brokerage LLC (the Company) identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) the Company stated that it met the identified exemption provisions in 17 C.F.R. § 240.15c3-3 (k) throughout the most recent fiscal year December 31, 2020, without exception. Management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.^(B)

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5 under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and other recipients specified by Rule 17a-5(d)(6) and is not intended to be and should not be used by anyone other than these specified parties.
