**REPORT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

To the Stockholder of
Surety Financial Services, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Surety Financial Services, Inc. (the "Company") as of December 31, 2019, the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2019, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement to the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The information contained in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the information in Schedules I, II and III reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the accompanying schedules. In forming our opinion on the accompanying

schedules, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the aforementioned supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Company's auditor since 2005.

The Company is registered with the Securities and Exchange Commission, the Financial Industry Regulatory Authority and the securities commissions of appropriate states. The Company received approval to operate as a licensed broker-dealer in December of 1986.

Income Taxes: The Company has elected to be taxed as an S corporation. Therefore, the income or losses of the Company flow through to the stockholder and no income taxes are recorded in the accompanying financial statements.

The Company has adopted the provisions of FASB Accounting Standards Codification, Accounting for Uncertainty in Income Taxes. Thus, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a return. The Company has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Revenue Recognition: Revenues are generally recognized when earned and realized or realizable, when persuasive evidence of an arrangement exists, delivery has occurred, or services have been rendered, the price is fixed and determinable, and collectability is reasonably assured.

Revenue from Contracts with Customers Standard (ASU 2014-09) core principle is that an entity should recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 prescribes a five-step process to accomplish this core principle, including:

- Identification of the contract with the customer;
- Identification of the performance obligation(s) under the contract;
- Determination of transaction price;
- Allocation of the transaction price to the identified performance obligation(s); and
- Recognition of revenue as (or when) an entity satisfies the identified performance obligation(s).

The Company recognizes commission revenue upon the execution of the underlying trade as this satisfies the only performance obligation identified in accordance with this standard.
