Form 10-K for the fiscal year ended December 31, 2007

Consolidated Statements of Cash Flows

1. We note from your consolidated statements of cash flows that you have presented purchases and sales of municipal bonds and other investments on a net basis in your consolidated statements of cash flows. In future filings, please revise to present purchases sales and maturities of investments on a gross basis in your consolidated statement of cash flows as required by paragraph 18 of SFAS No.115.

Consolidated Statements of Stockholders' Equity

Note 2. Adopted Accounting Pronouncements

Note 4. Income Taxes

2. We note from the disclosures provided in Notes 2 and 4 that the Company adopted SAB 108 by recording a \$15.9 million cumulative adjustment to retained earnings during the year ended December 31, 2006 to record a previously unrecorded state income tax exposure liability of \$11.8 million and a related increase in the deferred tax liability of \$4.1 million. We also note from the disclosures provided that the amount recorded pertains to potential state tax liabilities for the years 1996 through 2005 and the impact on deferred taxes for those same years. We also note from your disclosures that these errors were considered immaterial under the Company's previous method of evaluating misstatements.

Please tell us and expand future filings to disclose the method previously utilized to evaluate misstatements prior to the adoption of SAB 108. Also, please provide us with an analysis indicating the dollar amounts of the misstatements that existed with respect to the various periods that were misstated along with managements' materiality analysis of the misstatements prior to the adoption of SAB 108. We may have further comment upon receipt of your response.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required
