
DREYFUS PREMIER GNMA FUND
CLASS A, CLASS B AND CLASS C SHARES

STATEMENT OF ADDITIONAL INFORMATION
MAY 1, 2003
AS REVISED, APRIL 15, 2004

This Statement of Additional Information, which is not a prospectus, supplements and should be read in conjunction with the current Prospectus of Dreyfus Premier GNMA Fund (the “Fund”), dated May 1, 2003, as it may be revised from time to time. To obtain a copy of the Fund’s Prospectus, please call your financial adviser, write to the Fund at 144 Glenn Curtiss Boulevard, Uniondale, New York 11556-0144, visit the Dreyfus.com Web site, or call 1-800-554-4611.

The Fund’s most recent Annual Report and Semi-Annual Report to Shareholders are separate documents supplied with this Statement of Additional Information, and the financial statements, accompanying notes and report of independent auditors appearing in the Annual Report are incorporated by reference into this Statement of Additional Information.

DESCRIPTION OF THE FUND

The Fund is a Massachusetts business trust that commenced operations on January 29, 1987. The Fund is an open-end management investment company, known as a mutual fund. The Fund is a diversified fund, which means that, with respect to 75% of its total assets, the Fund will not invest more than 5% of its assets in the securities of any single issuer nor hold more than 10% of the outstanding voting securities of any single issuer (other than, in each case, securities of other investment companies, and securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities).

The Dreyfus Corporation (the “Manager”) serves as the Fund’s investment adviser.

Dreyfus Service Corporation (the “Distributor”) is the distributor of the Fund’s shares.

Certain Portfolio Securities

The following information supplements and should be read in conjunction with the Fund’s prospectus.

Ginnie Maes. The Fund normally invests at least 80% of its net assets, and it is a fundamental policy of the Fund that it will invest at least 65% of the value of its net assets (except when maintaining a temporary defensive position), in GNMA certificates (popularly called “Ginnie Maes”). The Fund will invest in Ginnie Maes only of the “fully modified pass-through” type which are guaranteed as to timely payment of principal and interest by the Government National Mortgage Association (“GNMA”), a U.S. Government corporation.

Ginnie Maes are created by an “issuer,” which is a Federal Housing Administration (“FHA”) approved mortgagee that also meets criteria imposed by the GNMA. The issuer assembles a pool of FHA, Farmers’ Home Administration or Veterans’ Administration (“VA”) insured or guaranteed mortgages which are homogeneous as to interest rate, maturity and type of dwelling. Upon application by the issuer, and after approval by the GNMA of the pool, the GNMA provides its commitment to guarantee timely payment of principal and interest on the Ginnie Maes backed by the mortgages included in the pool. The Ginnie Maes, endorsed by the GNMA, then are sold by the issuer through securities dealers. Ginnie Maes bear a stated “coupon rate” which represents the effective FHA-VA mortgage rate at the time of issuance, less the GNMA’s and issuer’s fees.

The GNMA is authorized under the National Housing Act to guarantee timely payment of principal and interest on Ginnie Maes. This guarantee is backed by the full faith and credit of the United States. The GNMA may borrow U.S. Treasury funds to the extent needed to make payments under its guarantee.

When mortgages in the pool underlying a Ginnie Mae are prepaid by mortgagors or by result of foreclosure, such principal payments are passed through to the certificate holders. Accordingly, the life of the Ginnie Mae is likely to be substantially shorter than the stated maturity of the mortgages in the underlying pool.

Payments to holders of Ginnie Maes consist of the monthly distributions of interest and principal less the GNMA's and issuer's fees. The actual yield to be earned by a holder of a Ginnie Mae is calculated by dividing interest payments by the purchase price paid for the Ginnie Mae (which may be at a premium or a discount from the face value of the certificate). Monthly distributions of interest, as contrasted to semi-annual distributions which are common for other fixed interest investments, have the effect of compounding and thereby raising the effective annual yield earned on Ginnie Maes.

The Fund may purchase other securities issued or guaranteed by, or exchangeable for securities issued or guaranteed by, the U.S. Government or issued by its agencies or instrumentalities that are backed by the full faith and credit of the U.S. Government. For temporary defensive purposes, the entire portfolio may be so invested. Securities issued or guaranteed by the U.S. Government or its agencies or instrumentalities include U.S. Treasury securities, which differ in their interest rates, maturities and times of issuance.

Investment Companies. The Fund may invest in securities issued by other investment companies. Under the Investment Company Act of 1940, as amended (the "1940 Act"), the Fund's investment in such securities, subject to certain exceptions, currently is limited to (i) 3% of the total voting stock of any one investment company, (ii) 5% of the Fund's total assets with respect to any one investment company and (iii) 10% of the Fund's total assets in the aggregate. As a shareholder of another investment company, the Fund would bear, along with other shareholders, its pro rata portion of the other investment company's expenses, including advisory fees. These expenses would be in addition to the advisory and other expenses that the Fund bears directly in connection with its own operations. The Fund also may invest its uninvested cash reserves or cash it receives as collateral from borrowers of its portfolio securities in connection with the Fund's securities lending program, in shares of one or more money market funds advised by the Manager. Such investments will not be subject to the limitations described above, except that the Fund's aggregate investment of uninvested cash reserves in such money market funds may not exceed 25% of its total assets. See "Lending Portfolio Securities."

Investment Techniques

The following information supplements and should be read in conjunction with the Fund's prospectus.

Leverage. Leveraging (that is, buying securities using borrowed money) exaggerates the effect on net asset value of any increase or decrease in the market value of the Fund's portfolio. These borrowings will be subject to interest costs which may or may not be recovered by appreciation of the securities purchased; in certain cases, interest costs may exceed the return received on the securities purchased. For borrowings for investment purposes, the 1940 Act requires the Fund to maintain continuous asset coverage (total assets including borrowings, less liabilities exclusive of borrowings) of 300% of the amount borrowed. If the required coverage should decline as a result of market fluctuations or other reasons, the Fund may be required to sell some of its portfolio holdings within three days to reduce the amount of its borrowings and restore the 300% asset coverage, even though it may be disadvantageous from an investment

standpoint to sell securities at that time. The Fund also may be required to maintain minimum average balances in connection with such borrowing or pay a commitment or other fee to maintain a line of credit; either of these requirements would increase the cost of borrowing over the stated interest rate.

Forward Commitments. The Fund may purchase or sell Ginnie Maes on a forward commitment, when-issued or delayed delivery basis, which means delivery and payment take place a number of days after the date of the commitment to purchase or sell the securities at a predetermined price and/or yield. Typically, no interest accrues to the purchaser until the security is delivered. When purchasing a security on a forward commitment basis, the Fund assumes the rights and risks of ownership of the security, including the risk of price and yield fluctuations, and takes such fluctuations into account when determining its net asset value. Because the Fund is not required to pay for these securities until the delivery date, these risks are in addition to the risks associated with the Fund's other investments. If the Fund is fully or almost fully invested when forward commitment purchases are outstanding, such purchases may result in a form of leverage. The Fund intends to engage in forward commitments to increase its portfolio's financial exposure to the types of securities in which it invests. Leveraging the portfolio in this manner will increase the Fund's exposure to changes in interest rates and will increase the volatility of its returns. The Fund will segregate permissible liquid assets at least equal at all times to the amount of the Fund's purchase commitments. At no time will the Fund have more than 33-1/3% of its assets committed to purchase securities on a forward commitment basis.

Ginnie Maes purchased on a forward commitment basis are subject to changes in value (generally changing in the same way, i.e., appreciating when interest rates decline and depreciating when interest rates rise) based upon the public's perception of the creditworthiness of the issuer and changes, real or anticipated, in the level of interest rates. Securities purchased on a forward commitment basis may expose the Fund to risks because they may experience such fluctuations prior to their actual delivery. Purchasing securities on a forward commitment basis can involve the additional risk that the yield available in the market when the delivery takes place actually may be higher than that obtained in the transaction itself. Purchasing securities on a forward commitment basis when the Fund is fully or almost fully invested may result in greater potential fluctuation in the value of the Fund's net assets and its net asset value per share.

Forward Roll Transactions. To enhance current income, the Fund may enter into forward roll transactions with respect to Ginnie Maes. In a forward roll transaction, the Fund sells a Ginnie Mae to a financial institution, such as a bank or broker-dealer, and simultaneously agrees to repurchase a similar security from the institution at a later date at an agreed upon price. The securities that are repurchased will bear the same interest rate as those sold, but generally will be collateralized by different pools of mortgages with different prepayment histories than those sold. During the period between the sale and repurchase, the Fund will not be entitled to receive interest and principal payments on the securities sold. Proceeds of the sale will be invested in short-term instruments, particularly repurchase agreements, and the income from these investments, together with any additional fee income received on the sale, will generate income for the Fund exceeding the yield on the securities sold. Forward roll transactions involve the risk that the market value of the securities sold by the Fund may decline below the purchase price of

those securities. The Fund will segregate permissible liquid assets at least equal to the amount of the repurchase price (including accrued interest).

Lending Portfolio Securities. The Fund may lend securities from its portfolio to brokers, dealers and other financial institutions needing to borrow securities to complete certain transactions. In connection with such loans, the Fund remains the owner of the loaned securities and continues to be entitled to payments in amounts equal to the interest, dividends or other distributions payable on the loaned securities. The Fund also has the right to terminate a loan at any time. The Fund may call the loan to vote proxies if a material issue affecting the Fund's investment is to be voted upon. Loans of portfolio securities may not exceed 33-1/3% of the value of the Fund's total assets (including the value of all assets received as collateral for the loan). The Fund will receive collateral consisting of cash, U.S. Government securities or irrevocable letters of credit which will be maintained at all times in an amount equal to at least 100% of the current market value of the loaned securities. If the collateral consists of a letter of credit or securities, the borrower will pay the Fund a loan premium fee. If the collateral consists of cash, the Fund will reinvest the cash and pay the borrower a pre-negotiated fee or "rebate" from any return earned on the investment. The Fund may participate in a securities lending program operated by Mellon Bank, N.A., as lending agent (the "Lending Agent"). The Lending Agent will receive a percentage of the total earnings of the Fund derived from lending its portfolio securities. Should the borrower of the securities fail financially, the Fund may experience delays in recovering the loaned securities or exercising its rights in the collateral. Loans are made only to borrowers that are deemed by the Manager to be of good financial standing. In a loan transaction, the Fund will also bear the risk of any decline in value of securities acquired with cash collateral. The Fund will minimize this risk by limiting the investment of cash collateral to money market funds advised by the Manager, repurchase agreements or other high quality instruments with short maturities.

Derivatives. In addition to mortgage-related securities, the Fund also may invest in, or enter into, other derivatives, such as options and futures, and options on futures, for a variety of reasons, including to hedge certain market risks, to provide a substitute for purchasing or selling particular securities or to increase potential income gain. Derivatives may provide a cheaper, quicker or more specifically focused way for the Fund to invest than traditional securities would.

Derivatives can be volatile and involve various types and degrees of risk, depending upon the characteristics of the particular derivative and the portfolio as a whole. Derivatives permit a Fund to increase or decrease the level of risk, or change the character of the risk, to which its portfolio is exposed in much the same way as the Fund can increase or decrease the level of risk, or change the character of the risk, of its portfolio by making investments in specific securities. However, derivatives may entail investment exposures that are greater than their cost would suggest, meaning that a small investment in derivatives could have a large potential impact on the Fund's performance.

If the Fund invests in derivatives at inopportune times or judges market conditions incorrectly, such investments may lower the Fund's return or result in a loss. The Fund also could experience losses if its derivatives were poorly correlated with its other investments, or if the Fund were unable to liquidate its position because of an illiquid secondary market. The

market for many derivatives is, or suddenly can become, illiquid. Changes in liquidity may result in significant, rapid and unpredictable changes in the prices for derivatives.

Although the Fund will not be a commodity pool, certain derivatives subject the Fund to the rules of the Commodity Futures Trading Commission which limit the extent to which the Fund can invest in such derivatives. The Fund may invest in futures contracts and options with respect thereto for hedging purposes without limit. However, the Fund may not invest in such contracts and options for other purposes if the sum of the amount of initial margin deposits and premiums paid for unexpired options with respect to such contracts, other than for bona fide hedging purposes, exceeds 5% of the liquidation value of the Fund's assets (or such other amount permitted by the Commodity Futures Trading Commission), after taking into account unrealized profits and unrealized losses on such contracts and options; provided, however, that in the case of an option that is in-the-money at the time of purchase, the in-the-money amount may be excluded in calculating the 5% limitation.

Derivatives may be purchased on established exchanges or through privately negotiated transactions referred to as over-the-counter derivatives. Exchange-traded derivatives generally are guaranteed by the clearing agency which is the issuer or counterparty to such derivatives. This guarantee usually is supported by a daily variation margin system operated by the clearing agency in order to reduce overall credit risk. As a result, unless the clearing agency defaults, there is relatively little counterparty credit risk associated with derivatives purchased on an exchange. By contrast, no clearing agency guarantees over-the-counter derivatives. Therefore, each party to an over-the-counter derivative bears the risk that the counterparty will default. Accordingly, the Manager will consider the creditworthiness of counterparties to over-the-counter derivatives in the same manner as it would review the credit quality of a security to be purchased by the Fund. Over-the-counter derivatives are less liquid than exchange-traded derivatives since the other party to the transaction may be the only investor with sufficient understanding of the derivative to be interested in bidding for it.

Futures Transactions--In General. The Fund may enter into futures contracts in U.S. domestic markets. Engaging in these transactions involves risk of loss to the Fund which could adversely affect the value of the Fund's net assets. Although the Fund intends to purchase or sell futures contracts only if there is an active market for such contracts, no assurance can be given that a liquid market will exist for any particular contract at any particular time. Many futures exchanges and boards of trade limit the amount of fluctuation permitted in futures contract prices during a single trading day. Once the daily limit has been reached in a particular contract, no trades may be made that day at a price beyond that limit or trading may be suspended for specified periods during the trading day. Futures contract prices could move to the limit for several consecutive trading days with little or no trading, thereby preventing prompt liquidation of futures positions and potentially subjecting the Fund to substantial losses.

Successful use of futures by the Fund also is subject to the Manager's ability to predict correctly movements in the direction of the relevant market and, to the extent the transaction is entered into for hedging purposes, to ascertain the appropriate correlation between the position being hedged and the price movements of the futures contract. For example, the Fund uses futures to hedge against the possibility of a decline in the market value of securities held in its

portfolio and the prices of such securities instead increase, the Fund will lose part or all of the benefit of the increased value of securities which it has hedged because it will have offsetting losses in its futures positions. Furthermore, if in such circumstances the Fund has insufficient cash, it may have to sell securities to meet daily variation margin requirements. The Fund may have to sell such securities at a time when it may be disadvantageous to do so.

Pursuant to regulations and/or published positions of the Securities and Exchange Commission, the Fund may be required to segregate permissible liquid assets to cover its obligations relating to its transactions in derivatives. To maintain this required cover, the Fund may have to sell portfolio securities at disadvantageous prices or times since it may not be possible to liquidate a derivative position at a reasonable price. In addition, the segregation of such assets will have the effect of limiting the Fund's ability otherwise to invest those assets.

Specific Futures Transactions. The Fund may purchase and sell interest rate futures contracts. An interest rate future obligates the Fund to purchase or sell an amount of a specific debt security at a future date at a specific price.

The Fund may also purchase and sell index futures contracts. A securities index future obligates the Fund to pay or receive an amount of cash equal to a fixed dollar amount specified in the futures contract multiplied by the difference between the settlement price of the contract on the contract's last trading day and the value of the index based on the prices of the securities that comprise it at the opening of trading in such securities on the next business day.

Options--In General. The Fund may purchase call and put options, and write (i.e., sell) covered call and put option contracts. A call option gives the purchaser of the option the right to buy, and obligates the writer to sell, the underlying security or securities at the exercise price at any time during the option period, or at a specific date. Conversely, a put option gives the purchaser of the option the right to sell, and obligates the writer to buy, the underlying security or securities at the exercise price at any time during the option period, or at a specific date.

A covered call option written by the Fund is a call option with respect to which the Fund owns the underlying security or otherwise covers the transaction by segregating permissible liquid assets. A put option written by the Fund is covered when, among other things, the Fund segregates permissible liquid assets having a value equal to or greater than the exercise price of the option to fulfill the obligation undertaken. The principal reason for writing covered call and put options is to realize, through the receipt of premiums, a greater return than would be realized on the underlying securities alone. The Fund receives a premium from writing covered call or put options which it retains whether or not the option is exercised.

There is no assurance that sufficient trading interest to create a liquid secondary market on a securities exchange will exist for any particular option or at any particular time, and for some options no such secondary market may exist. A liquid secondary market in an option may cease to exist for a variety of reasons. In the past, for example, higher than anticipated trading activity or order flow, or other unforeseen events, at times have rendered certain of the clearing facilities inadequate and resulted in the institution of special procedures, such as trading rotations, restrictions on certain types of orders or trading halts or suspensions in one or more

options. There can be no assurance that similar events, or events that may otherwise interfere with the timely execution of customers' orders, will not recur. In such event, it might not be possible to effect closing transactions in particular options. If, as a covered call option writer, the Fund is unable to effect a closing purchase transaction in a secondary market, it will not be able to sell the underlying security until the option expires or it delivers the underlying security upon exercise or it otherwise covers its position.

Specific Options Transactions. The Fund may purchase and sell call and put options in respect of specific securities (or groups or "baskets" of specific securities) or indices listed on national securities exchanges or traded in the over-the-counter market. An option on an index is similar to an option in respect of specific securities, except that settlement does not occur by delivery of the securities comprising the index. Instead, the option holder receives an amount of cash if the closing level of the securities index upon which the option is based is greater than, in the case of a call, or less than, in the case of a put, the exercise price of the option. Thus, the effectiveness of purchasing or writing securities index options will depend upon price movements in the level of the index rather than the price of a particular security.

The Fund may purchase cash-settled options on swaps in pursuit of its investment objective. A cash-settled option on a swap gives the purchaser the right, but not the obligation, in return for the premium paid, to receive an amount of cash equal to the value of the underlying swap as of the exercise date. These options typically are purchased in privately negotiated transactions from financial institutions, including securities brokerage firms.

Successful use by the Fund of options will be subject to the Manager's ability to predict correctly movements in the prices of individual securities, the financial markets generally, or interest rates. To the extent such predictions are incorrect, the Fund may incur losses.

Future Developments. The Fund may take advantage of opportunities in options and futures contracts and options on futures contracts and any other derivatives which are not presently contemplated for use by the Fund or which are not currently available but which may be developed, to the extent such opportunities are both consistent with the Fund's investment objective and legally permissible for the Fund. Before entering into such transactions or making any such investment, the Fund will provide appropriate disclosure in its Prospectus or this Statement of Additional Information.

Certain Investment Considerations and Risks

Mortgage-Related Securities. Although certain mortgage-related securities, such as Ginnie Maes, are guaranteed by a third party or otherwise similarly secured, the market value of the security, which may fluctuate, is not secured. If a mortgage-related security is purchased at a premium, all or part of the premium may be lost if there is a decline in the market value of the security, whether resulting from changes in interest rates or prepayments on the underlying mortgage collateral. As with other interest-bearing securities, the prices of certain mortgage-related securities are inversely affected by changes in interest rates. However, although the value of a mortgage-related security may decline when interest rates rise, the converse is not necessarily true, since in periods of declining interest rates the mortgages underlying the security

are more likely to be prepaid. For this and other reasons, a mortgage-related security's stated maturity may be shortened by unscheduled prepayments on the underlying mortgages, and, therefore, it is not possible to predict accurately the security's return to the Fund. During periods of rapidly rising interest rates, prepayments of mortgage-related securities may occur at slower than expected rates. Slower prepayment effectively may lengthen a mortgage-related security's expected maturity which generally would cause the value of such security to fluctuate more widely in response to changes in interest rates. Were the prepayments on the Fund's mortgage-related securities to decrease significantly, the Fund's effective duration, and thus sensitivity to interest rate fluctuations, would increase.

Simultaneous Investments. Investment decisions for the Fund are made independently from those of other investment companies advised by the Manager. The Manager has adopted written trade allocation procedures for its equity and fixed income trading desks. Under the procedures, portfolio managers or the trading desks will ordinarily seek to aggregate (or "bunch") orders that are placed or received concurrently for more than one investment company or account. In some cases, this procedure may adversely affect the size of the position obtained for or disposed of by the Fund or the price paid or received by the Fund.

Investment Restrictions

Under normal circumstances, the Fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in Ginnie Maes. The Fund has adopted a policy to provide its shareholders with at least 60 days' prior written notice of any change in its policy to so invest its assets. The Fund's investment objective is a fundamental policy, which cannot be changed without approval by the holders of a majority (as defined in the 1940 Act) of the Fund's outstanding voting shares. In addition, the Fund has adopted investment restrictions numbered 1 through 8 as fundamental policies. Investment restrictions numbered 9 and 10 are not fundamental policies and may be changed by a vote of a majority of the Fund's Board members at any time. The Fund may not:

1. Purchase common stocks, preferred stocks, warrants or other equity securities, or purchase corporate bonds or debentures, state bonds, municipal bonds or industrial revenue bonds.
2. Borrow money, except to the extent permitted under the 1940 Act (which currently limits borrowing to no more than 33-1/3% of the value of the Fund's total assets). For purposes of this Investment Restriction, the entry into options, forward contracts, futures contracts, including those relating to indices, and options on futures contracts or indices shall not constitute borrowing.
3. Sell securities short or purchase securities on margin but the Fund may make margin deposits in connection with transactions in options, forward contracts, futures contracts, and options on futures contracts.

4. Underwrite the securities of other issuers, except to the extent the Fund may be deemed an underwriter under the Securities Act of 1933, as amended, by virtue of disposing of portfolio securities.

5. Purchase or sell real estate, real estate investment trust securities, commodities, or oil and gas interests, except that the Fund may purchase and sell options, forward contracts, futures contracts, including those relating to indices, and options on futures contracts or indices, and provided that the Fund may purchase Ginnie Maes without limitation.

6. Lend any securities or make loans to others except to the extent permitted under the 1940 Act (which currently limits such loans to no more than 33-1/3% of the Fund's total assets) or as otherwise permitted by the Securities and Exchange Commission. For purposes of this Investment Restriction, the purchase of debt obligations (including acquisitions of loans, loan participations or other forms of debt instruments) and the entry into repurchase agreements shall not constitute loans by the Fund. Any loans of portfolio securities will be made according to guidelines established by the Securities and Exchange Commission and the Fund's Board.

7. Invest more than 25% of its assets in securities of issuers in any industry, provided that there shall be no limitation on the purchase of Ginnie Maes or other securities issued, guaranteed or backed by the U.S. Government, as described in the Prospectus.

8. Invest in companies for the purpose of exercising control.

9. Purchase securities of other investment companies, except to the extent permitted under the 1940 Act.

10. Pledge, hypothecate, mortgage or otherwise encumber its assets, except to the extent necessary to secure permitted borrowings and to the extent related to the purchase of securities on a when-issued or forward commitment basis and in connection with writing covered put and call options and margin arrangements with respect to options, forward contracts, futures contracts, including those relating to indices, and options on futures contracts or indices.

If a percentage restriction is adhered to at the time of investment, a later change in percentage resulting from a change in values or assets will not constitute a violation of that restriction. With respect to Investment Restriction No. 2, however, if borrowings exceed 33-1/3% of the value of the Fund's total assets as a result of a change in values or assets, the Fund must take steps to reduce such borrowings at least to the extent of such excess.

The Fund and the Manager have received an exemptive order from the Securities and Exchange Commission which, among other things, permits the Fund to use cash collateral received in connection with lending the Fund's securities and other uninvested cash to purchase shares of one or more registered money market funds advised by the Manager in excess of limitations imposed by the 1940 Act.

MANAGEMENT OF THE FUND

The Fund's Board is responsible for the management and supervision of the Fund, and approves all significant agreements with those companies that furnish services to the Fund. These companies are as follows:

The Dreyfus Corporation	Investment Adviser
Dreyfus Service Corporation.....	Distributor
Dreyfus Transfer, Inc.	Transfer Agent
Mellon Bank, N.A.	Custodian

Board members of the Fund, together with information as to their positions with the Fund, principal occupations and other board memberships and affiliations, are shown below.

Board Members of the Fund¹

<u>Name (Age)</u> <u>Position with Fund (Since)</u>	<u>Principal Occupation</u> <u>During Past 5 Years</u>	<u>Other Board Memberships and Affiliations</u>
Joseph S. DiMartino (59) Chairman of the Board (1995)	Corporate Director and Trustee	The Muscular Dystrophy Association, <i>Director</i> Levcor International, Inc., an apparel fabric processor, <i>Director</i> Century Business Services, Inc., a provider of outsourcing functions for small and medium size companies, <i>Director</i> The Newark Group, a provider of a national market of paper recovery facilities, paperboard mills and paperboard converting plants, <i>Director</i>
Clifford L. Alexander, Jr. (69) Board Member (1988)	President of Alexander & Associates, Inc., a management consulting firm (January 1981 – present) Chairman of the Board of Moody's Corporation (October 2000 – present) Chairman of the Board and Chief Executive Officer of The Dun and Bradstreet Corporation (October 1999 – September 2000)	Wyeth (formerly, American Home Products Corporation), a global leader in pharmaceuticals, consumer healthcare products and animal health products, <i>Director</i> Mutual of America Life Insurance Company, <i>Director</i>
Peggy C. Davis (60) Board Member (1990)	Shad Professor of Law, New York University School of Law (1983 – present) Writer and teacher in the fields of evidence, constitutional theory, family law, social sciences and the law, legal process and professional methodology and training	None

¹ None of the Board members are “interested persons” of the Fund, as defined in the 1940 Act.

<u>Name (Age)</u> <u>Position with Fund (Since)</u>	<u>Principal Occupation</u> <u>During Past 5 Years</u>	<u>Other Board Memberships and Affiliations</u>
Ernest Kafka (70) Board Member (1988)	Physician engaged in private practice specializing in the psychoanalysis of adults and adolescents (1962-present) Instructor, The New York Psychoanalytic Institute (1981 – present) Associate Clinical Professor of Psychiatry at Cornell Medical School (1987 – 2002)	None
Nathan Leventhal (60) Board Member (1989)	Chairman of the Avery-Fisher Artist Program (November 1997 – present) President of Lincoln Center for the Performing Arts, Inc. (March 1984 – December 2000)	None

Board members are elected to serve for an indefinite term. The Fund has standing audit, nominating and compensation committees, each comprised of its Board members who are not “interested persons” of the Fund, as defined in the 1940 Act. The function of the audit committee is to oversee the Fund’s financial and reporting policies and certain internal control matters; the function of the nominating committee is to select and nominate all candidates who are not “interested persons” of the Fund for election to the Fund’s Board; and the function of the compensation committee is to establish the appropriate compensation for serving on the Board. The nominating committee does not normally consider nominees recommended by shareholders. The Fund also has a standing pricing committee comprised of any one Board member. The function of the pricing committee is to assist in valuing the Fund’s investments. The audit committee met four times during the fiscal year ended December 31, 2002. The nominating, pricing and compensation committees had no meetings during the last fiscal year.

The table below indicates the dollar range of each Board member’s ownership of Fund shares and shares of other funds in the Dreyfus Family of Funds for which he or she is a Board member, in each case as of December 31, 2002.

<u>Name of Board Member</u>	<u>Fund</u>	<u>Aggregate Holding of Funds in the Dreyfus Family of Funds</u>
Joseph S. DiMartino	None	Over \$100,000
Clifford L. Alexander, Jr.	None	None
Peggy C. Davis	None	\$1 - \$10,000
Ernest Kafka	None	Over \$100,000
Nathan Leventhal	None	\$10,001 - \$50,000

As of December 31, 2002, none of the Board members or their immediate family members owned securities of the Manager, the Distributor or any person (other than a registered investment company) directly or indirectly controlling, controlled by or under common control with the Manager or the Distributor.

The Fund typically pays its Board members its allocated portion of an annual retainer of \$50,000 and a per meeting fee of \$6,500 (with a minimum of \$500 per meeting and per telephone meeting) attended for the Fund and 14 other funds (comprised of 26 portfolios) in the Dreyfus Family of Funds, and reimburses them for their expenses. The Chairman of the Board receives an additional 25% of such compensation. Emeritus Board members are entitled to receive an annual retainer and a per meeting attended fee of one-half the amount paid to them as Board members. The aggregate amount of compensation paid to each Board member by the Fund for the fiscal year ended December 31, 2002, and by all funds in the Dreyfus Family of Funds for which such person was a Board member (the number of portfolios of such funds is set forth in parenthesis next to each Board member's total compensation) during the year ended December 31, 2002, is as follows:

<u>Name of Board Member</u>	<u>Aggregate Compensation from the Fund*</u>	<u>Total Compensation from the Fund and Fund Complex Paid to Board Member (**)</u>
Joseph S. DiMartino	\$ 963	\$815,938 (191)
Clifford L. Alexander, Jr.	\$ 770	\$135,400 (53)
Peggy C. Davis	\$ 770	\$ 83,000 (26)

<u>Name of Board Member</u>	<u>Aggregate Compensation from the Fund*</u>	<u>Total Compensation from the Fund and Fund Complex Paid to Board Member (**)</u>
Ernest Kafka	\$ 770	\$ 83,000 (26)
Saul B. Klamman***	\$2,502	\$ 34,375 (26)
Nathan Leventhal	\$ 770	\$ 83,000 (26)

* Amount does not include reimbursed expenses for attending Board meetings, which amounted to \$1,023 for all Board members as a group.

** Represents the number of separate portfolios comprising the investment companies in the Fund Complex, including the Fund, for which the Board member serves.

*** Emeritus Board member as of January 18, 2000.

Officers of the Fund

STEPHEN E. CANTER, President since March 2000. Chairman of the Board, Chief Executive Officer and Chief Operating Officer of the Manager, and an officer of 94 investment companies (comprised of 188 portfolios) managed by the Manager. Mr. Canter also is a Board member and, where applicable, an Executive Committee Member of the other investment management subsidiaries of Mellon Financial Corporation, each of which is an affiliate of the Manager. He is 57 years old and has been an employee of the Manager since May 1995.

STEPHEN R. BYERS, Executive Vice President since November 2002. Chief Investment Officer, Vice Chairman and a director of the Manager, and an officer of 94 investment companies (comprised of 188 portfolios) managed by the Manager. Mr. Byers also is an officer, director or an Executive Committee Member of certain other investment management subsidiaries of Mellon Financial Corporation, each of which is an affiliate of the Manager. He is 49 years old and has been an employee of the Manager since January 2000. Prior to joining the Manager, he served as an Executive Vice President – Capital Markets, Chief Financial Officer and Treasurer at Gruntal & Co., L.L.C.

MARK N. JACOBS, Vice President since March 2000. Executive Vice President, Secretary and General Counsel of the Manager, and an officer of 95 investment companies (comprised of 204 portfolios) managed by the Manager. He is 57 years old and has been an employee of the Manager since June 1977.

JAMES WINDELS, Treasurer since November 2001. Director – Mutual Fund Accounting of the Manager, and an officer of 95 investment companies (comprised of 204 portfolios) managed by the Manager. He is 43 years old and has been an employee of the Manager since April 1985.

STEVEN F. NEWMAN, Secretary since March 2000. Associate General Counsel and Assistant Secretary of the Manager, and an officer of 95 investment companies (comprised of 204 portfolios) managed by the Manager. He is 53 years old and has been an employee of the Manager since July 1980.

MICHAEL A. ROSENBERG, Assistant Secretary since March 2000. Associate General Counsel of the Manager, and an officer of 93 investment companies (comprised of 200 portfolios) managed by the Manager. He is 43 years old and has been an employee of the Manager since October 1991.

JANETTE E. FARRAGHER, Assistant Secretary since March 2000. Associate General Counsel of the Manager, and an officer of 15 investment companies (comprised of 26 portfolios) managed by the Manager. She is 40 years old and has been an employee of the Manager since February 1984.

KENNETH J. SANDGREN, Assistant Treasurer since November 2001. Mutual Funds Tax Director of the Manager, and an officer of 95 investment companies (comprised of 204 portfolios) managed by the Manager. He is 48 years old and has been an employee of the Manager since June 1993.

ERIK D. NAVILOFF, Assistant Treasurer since December 2002. Senior Accounting Manager - Taxable Fixed Income Funds of the Manager, and an officer of 18 investment companies (comprising 77 portfolios) managed by the Manager. He is 34 years old and had been an employee of the Manager since November 1992.

WILLIAM GERMENIS, Anti-Money Laundering Compliance Officer since September 2002. Vice President and Anti-Money Laundering Compliance Officer of the Distributor, and the Anti-Money Laundering Compliance Officer of 90 investment companies (comprised of 199 portfolios) managed by the Manager. He is 32 years old and has been an employee of the Distributor since October 1998. Prior to joining the Distributor, he was a Vice President of Compliance Data Center, Inc.

The address of each Board member and officer of the Fund is 200 Park Avenue, New York, New York 10166.

Board members and officers, as a group, owned less than 1% of the Fund's shares outstanding on April 2, 2003. The following persons are known by the Fund to own of record 5% or more of the Fund's outstanding voting securities as of April 2, 2003:

Donald Lufkin Jenrette Securities Corp. Inc. P.O. Box 2052 Jersey City, NJ 07303-2052	Class A - 11.17% Class B - 13.35%
National Financial Services 82 Devonshire Street Boston, MA 02109-3605	Class A - 7.13% Class B - 10.31% Class C - 17.65%
Merrill Lynch Pierce Fenner & Smith for the Sole Benefit of its Customers 4800 Deer Lake Drive East Jacksonville, FL 32246-6484	Class A - 6.26% Class B - 13.31% Class C - 18.67%
Charles Schwab & Co. Special Custody Account 101 Montgomery Street San Francisco, CA 94104-4122	Class A - 6.09%
Salomon Smith Barney 333 W. 34 th Street New York, NY 10001-2402	Class A - 5.12% Class B - 7.60% Class C - 8.49%
Fiserv Securities, Inc. One Commerce Square 2005 Market Street Philadelphia, PA 19103	Class B - 8.03%
Prudential Securities, Inc. 1 New York Plaza New York, NY 10292-0001	Class B - 5.51%
Wedbush Morgan Securities 1000 Wilshire Blvd. Los Angeles, CA 90017-2457	Class C - 26.65%

A shareholder who beneficially owns, directly or indirectly, more than 25% of the Fund's voting securities may be deemed a "control person" (as defined in the 1940 Act) of the Fund.

MANAGEMENT ARRANGEMENTS

Investment Adviser. The Manager is a wholly-owned subsidiary of Mellon Financial Corporation ("Mellon"). Mellon is a global financial holding company incorporated under Pennsylvania law in 1971 and registered under the Federal Bank Holding Company Act of 1956,

as amended. Mellon provides a comprehensive range of financial products and services in domestic and selected international markets.

The Manager provides management services pursuant to a Management Agreement (the “Agreement”) between the Fund and the Manager. The Agreement is subject to annual approval by (i) the Fund’s Board or (ii) vote of a majority (as defined in the 1940 Act) of the Fund’s outstanding voting securities, provided that in either event its continuance also is approved by a majority of the Fund’s Board members who are not “interested persons” (as defined in the 1940 Act) of the Fund or the Manager, by vote cast in person at a meeting called for the purpose of voting on such approval. The Agreement is terminable without penalty, on 60 days’ notice, by the Fund’s Board or by vote of the holders of a majority of the Fund’s outstanding shares, or, upon not less than 90 days’ notice, by the Manager. The Agreement will terminate automatically in the event of its assignment (as defined in the 1940 Act).

In approving the current Agreement, the Board considered a number of factors, including the nature and quality of the services provided by the Manager; the investment philosophy and investment approach as applied to the Fund by the Manager; the investment management expertise of the Manager in respect of the Fund’s investment strategies; the personnel, resources and experience of the Manager; the Fund’s performance history and the management fees paid to the Manager relative to those of mutual funds with similar investment objectives, strategies and restrictions; the Manager’s costs of providing services under the Agreement; the relationship between the fees paid to the Manager under the Agreement and the Fund’s Distribution Plan; and ancillary benefits the Manager may receive from its relationship with the Fund.

The following persons are officers and/or directors of the Manager: Stephen E. Canter, Chairman of the Board, Chief Executive Officer and Chief Operating Officer; Michael G. Millard, President and a director; Stephen R. Byers, Chief Investment Officer, Vice Chairman and a director; J. Charles Cardona, Vice Chairman and a director; Lawrence S. Kash, Vice Chairman; J. David Officer, Vice Chairman and a director; Ronald P. O’Hanley III, Vice Chairman and a director; Diane P. Durnin, Executive Vice President; Mark N. Jacobs, Executive Vice President, General Counsel and Secretary; Patrice M. Kozlowski, Senior Vice President-Corporate Communications; Mary Beth Leibig, Vice President-Human Resources; Theodore A. Schachar, Vice President-Tax; Angela E. Price, Vice President; Wendy H. Strutt, Vice President; Ray Van Cott, Vice President-Information Systems; William H. Maresca, Controller; James Bitetto, Assistant Secretary; Steven F. Newman, Assistant Secretary; and Mandell L. Berman, Steven G. Elliott, David F. Lamere, Martin G. McGuinn and Richard W. Sabo, directors.

The Manager’s Code of Ethics subjects its employees’ personal securities transactions to various restrictions to ensure that such trading does not disadvantage any fund advised by the Manager. In that regard, portfolio managers and other investment personnel of the Manager must preclear and report their personal securities transactions and holdings, which are reviewed for compliance with the Code of Ethics and are also subject to the oversight of Mellon’s Investment Ethics Committee. Portfolio managers and other investment personnel of the Manager who comply with the preclearance and disclosure procedures of the Code of Ethics and the requirements of the Committee may be permitted to purchase, sell or hold securities which also

may be or are held in fund(s) they manage or for which they otherwise provide investment advice.

The Manager maintains office facilities on behalf of the Fund and furnishes statistical and research data, clerical help, accounting, data processing, bookkeeping and internal auditing and certain other required services to the Fund. The Manager may pay the Distributor for shareholder services from the Manager's own assets, including past profits but not including the management fees paid by the Fund. The Distributor may use part or all of such payments to pay Service Agents (as defined below) in respect of these services. The Manager also may make such advertising or promotional expenditures, using its own resources, as it from time to time deems appropriate.

The Manager manages the Fund's portfolio of investments in accordance with the stated policies of the Fund, subject to the approval of the Fund's Board. The Manager is responsible for investment decisions, and provides the Fund with portfolio managers who are authorized by the Board members to execute purchases and sales of securities. The Fund's portfolio managers are Ronald Deonarian, Michael Hoeh, and Gerald E. Thunelius. The Manager also maintains a research department with a professional staff of portfolio managers and securities analysts who provide research services for the Fund and for other funds advised by the Manager.

All expenses incurred in the operation of the Fund are borne by the Fund, except to the extent specifically assumed by the Manager. The expenses borne by the Fund include, without limitation, the following: taxes, interest, brokerage fees and commissions, if any, fees of Trustees who are not officers, directors, employees or holders of 5% or more of the outstanding voting securities of the Manager, Securities and Exchange Commission fees, state Blue Sky qualification fees, advisory fees, charges of custodians, transfer and dividend disbursing agents' fees, certain insurance premiums, industry association fees, outside auditing and legal expenses, costs of independent pricing services, costs of maintaining the Fund's existence, costs attributable to investor services (including, without limitation, telephone and personnel expenses), costs of preparing and printing prospectuses and statements of additional information for regulatory purposes and for distribution to existing shareholders, costs of shareholder reports and meetings, and any extraordinary expenses. In addition, each class of shares bears any class specific expenses allocated to such class, such as expenses related to the distribution and/or shareholder servicing of such class. Shares of each Class are subject to an annual service fee and Class B and Class C shares are subject to an annual distribution fee. See "Distribution Plan and Shareholder Services Plan."

As compensation for the Manager's services to the Fund, the Fund has agreed to pay the Manager a monthly management fee at the annual rate of 0.55% of the value of the Fund's average daily net assets. For the fiscal years ended December 31, 2000, 2001 and 2002 the management fees paid by the Fund amounted to \$615,196, \$710,624, and \$961,469, respectively.

The Manager has agreed that if in any fiscal year the aggregate expenses of the Fund, exclusive of taxes, brokerage fees, interest on borrowings and (with the prior written consent of the necessary state securities commissions) extraordinary expenses, but including the management fee, exceed the expense limitation of any state having jurisdiction over the Fund,

the Fund may deduct from the payment to be made to the Manager under the Agreement, or the Manager will bear, such excess expense to the extent required by state law. Such deduction or payment, if any, will be estimated daily, and reconciled and effected or paid, as the case may be, on a monthly basis.

The aggregate of the fees payable to the Manager is not subject to reduction as the value of the Fund's net assets increases.

Distributor. The Distributor, a wholly-owned subsidiary of the Manager located at 200 Park Avenue, New York, New York 10166, serves as the Fund's distributor on a best effort basis pursuant to an agreement with the Fund which is renewable annually.

From August 23, 1994 through March 21, 2000, Premier Mutual Fund Services, Inc. ("Premier") acted as the Fund's distributor. For the period from January 1, 2000 through March 21, 2000, Premier retained \$353 from sales loads on Class A shares; \$19,620 from contingent deferred sales charges ("CDSCs") on Class B shares; and \$275 from CDSCs on Class C shares. For the period March 22, 2000 through December 31, 2000, and for the fiscal years ended December 31, 2001 and 2002, the Distributor retained \$3,005, \$12,001 and \$30,717, respectively, from sales loads on Class A shares; \$62,447, \$103,064 and \$207,423, respectively, from CDSCs on Class B shares; and \$2,293, \$1,433 and \$8,805, respectively, from CDSCs on Class C shares.

The Distributor compensates certain Service Agents for selling Class B and Class C shares at the time of purchase from the Distributor's own assets. The proceeds of the CDSC and fees under the Distribution Plan (as defined below), in part, are used to defray these expenses.

The Distributor may pay Service Agents that have entered into agreements with the Distributor a fee based on the amount invested through such Service Agents in Fund shares by employees participating in qualified or non-qualified employee benefit plans, including pension, profit-sharing and other deferred compensation plans, whether established by corporations, partnerships, non-profit entities or state and local governments ("Retirement Plans"), or other programs. The term "Retirement Plans" does not include IRAs, IRA "Rollover Accounts" or IRAs set up under a Simplified Employee Pension Plan ("SEP-IRAs"). Generally, the Distributor may pay such Service Agents a fee of up to 1% of the amount invested through the Service Agents. The Distributor, however, may pay Service Agents a higher fee and reserves the right to cease paying these fees at any time. The Distributor will pay such fees from its own funds, other than amounts received from a Fund, including past profits or any other source available to it. Sponsors of such Retirement Plans or the participants therein should consult their Service Agent for more information regarding any such fee payable to the Service Agent.

The Distributor, at its expense, may provide promotional incentives to Service Agents that sell shares of funds advised by the Manager which are sold with a sales load. In some instances, those incentives may be offered only to certain Service Agents who have sold or may sell significant amounts of shares.

Transfer and Dividend Disbursing Agent and Custodian. Dreyfus Transfer, Inc. (the “Transfer Agent”), a wholly-owned subsidiary of the Manager, 200 Park Avenue, New York, New York 10166, is the Fund’s transfer and dividend disbursing agent. Under a transfer agency agreement with the Fund, the Transfer Agent arranges for the maintenance of shareholder account records for the Fund, the handling of certain communications between shareholders and the Fund and the payment of dividends and distributions payable by the Fund. For these services, the Transfer Agent receives a monthly fee computed on the basis of the number of shareholder accounts it maintains for the Fund during the month, and is reimbursed for certain out-of-pocket expenses.

Mellon Bank, N.A. (the “Custodian”), an affiliate of the Manager, One Mellon Bank Center, Pittsburgh, Pennsylvania 15258, acts as custodian of the Fund’s investments. Under a custody agreement with the Fund, the Custodian holds the Fund’s securities and keeps all necessary accounts and records. For its custody services, the Custodian receives a monthly fee based on the market value of the Fund’s assets held in custody and receives certain securities transaction charges.

HOW TO BUY SHARES

General. Class A shares, Class B shares and Class C shares may be purchased only by clients of certain financial institutions (which may include banks), securities dealers (“Selected Dealers”) and other industry professionals (collectively, “Service Agents”), except that full-time or part-time employees of the Manager or any of its affiliates or subsidiaries, directors of the Manager, Board members of a fund advised by the Manager, including members of the Fund’s Board, or the spouse or minor child of any of the foregoing may purchase Class A shares directly through the Distributor. Subsequent purchases may be sent directly to the Transfer Agent or your Service Agent.

When purchasing Fund shares, you must specify which Class is being purchased. Stock certificates are issued only upon your written request. No certificates are issued for fractional shares. The Fund reserves the right to reject any purchase order.

Service Agents may receive different levels of compensation for selling different Classes of shares. Management understands that some Service Agents may impose certain conditions on their clients which are different from those described in the Fund’s Prospectus and this Statement of Additional Information, and, to the extent permitted by applicable regulatory authority, may charge their clients direct fees. Third parties may receive payments from the Manager in connection with their offering of Fund shares to their customers, or for marketing, distribution or other services. The receipt of such payments could create an incentive for the third party to offer the Fund instead of other mutual funds where such payments are not received. You should consult your Service Agent in this regard.

The minimum initial investment is \$1,000. Subsequent investments must be at least \$100. However, the minimum initial investment is \$750 for Dreyfus-sponsored Keogh Plans, IRAs (including regular IRAs, spousal IRAs for a non-working spouse, Roth IRAs, SEP-IRAs

and rollover IRAs) and 403(b)(7) Plans with only one participant and \$500 for Dreyfus-sponsored Education Savings Accounts, with no minimum for subsequent purchases. The initial investment must be accompanied by the Account Application. For full-time or part-time employees of the Manager or any of its affiliates or subsidiaries who elect to have a portion of their pay directly deposited into their Fund accounts, the minimum initial investment is \$50. Fund shares are offered without regard to the minimum initial investment requirements to Board members of a fund advised by the Manager, including members of the Fund's Board, who elect to have all or a portion of their compensation for serving in that capacity automatically invested in the Fund. The Fund reserves the right to offer Fund shares without regard to minimum purchase requirements to employees participating in certain Retirement Plans or other programs where contributions or account information can be transmitted in a manner and form acceptable to the Company. The Fund reserves the right to vary further the initial and subsequent investment minimum requirements at any time.

Fund shares also may be purchased through Dreyfus-Automatic Asset Builder® and Dreyfus Government Direct Deposit Privilege described under "Shareholder Services." These services enable you to make regularly scheduled investments and may provide you with a convenient way to invest for long-term financial goals. You should be aware, however, that periodic investment plans do not guarantee a profit and will not protect an investor against loss in a declining market.

Fund shares are sold on a continuous basis. Net asset value per share of each Class is determined as of the close of trading on the floor of the New York Stock Exchange (usually 4:00 p.m., Eastern time), on each day the New York Stock Exchange is open for regular business. For purposes of determining net asset value, certain options and futures contracts may be valued 15 minutes after the close of trading on the floor of the New York Stock Exchange. Net asset value per share of each Class is computed by dividing the value of the Fund's net assets represented by such Class (i.e., the value of its assets less liabilities) by the total number of shares of such Class outstanding. For information regarding the methods employed in valuing the Fund's investments, see "Determination of Net Asset Value."

If an order is received in proper form by the Transfer Agent or other entity authorized to receive orders on behalf of the Fund by the close of trading on the floor of the New York Stock Exchange (usually 4:00 p.m., Eastern time) on a regular business day, Fund shares will be purchased at the public offering price determined as of the close of trading on the floor of the New York Stock Exchange on that day. Otherwise, Fund shares will be purchased at the public offering price determined as of the close of trading on the floor of the New York Stock Exchange on the next business day, except where shares are purchased through a dealer as provided below.

Orders for the purchase of Fund shares received by dealers by the close of trading on the floor of the New York Stock Exchange on any regular business day and transmitted to the Distributor or its designee by the close of such business day (usually 5:15 p.m., Eastern time) will be based on the public offering price per share determined as of the close of trading on the floor of the New York Stock Exchange on that day. Otherwise, the orders will be based on the next determined public offering price. It is the dealer's responsibility to transmit orders so that they will be received by the Distributor or its designee before the close of its business day. For

certain institutions that have entered into agreements with the Distributor, payment for the purchase of Fund shares may be transmitted, and must be received by the Transfer Agent, within three business days after the order is placed. If such payment is not received within three business days after the order is placed, the order may be canceled and the institution could be held liable for resulting fees and/or losses.

Class A Shares. The public offering price for Class A shares is the net asset value per share of that Class plus a sales load as shown below:

<u>Amount of Transaction</u>	<u>Total Sales Load</u>		<u>Dealer's reallowance as a % of offering price</u>
	<u>As a % of offering price per share</u>	<u>As a % of net asset value per share</u>	
Less than \$50,000.....	4.50	4.70	4.25
\$50,000 to less than \$100,000.....	4.00	4.20	3.75
\$100,000 to less than \$250,000.....	3.00	3.10	2.75
\$250,000 to less than \$500,000.....	2.50	2.60	2.25
\$500,000 to less than \$1,000,000.....	2.00	2.00	1.75
\$1,000,000 or more	-0-	-0-	-0-

A CDSC of 1% will be assessed at the time of redemption of Class A shares purchased without an initial sales charge as part of an investment of at least \$1,000,000 and redeemed within one year of purchase. The Distributor may pay Service Agents an amount up to 1% of the net asset value of Class A shares purchased by their clients that are subject to a CDSC.

The scale of sales loads applies to purchases of Class A shares made by any “purchaser,” which term includes an individual and/or spouse purchasing securities for his, her or their own account or for the account of any minor children, or a trustee or other fiduciary purchasing securities for a single trust estate or a single fiduciary account (including a pension, profit-sharing or other employee benefit trust created pursuant to a plan qualified under Section 401 of the Internal Revenue Code of 1986, as amended (the “Code”)) although more than one beneficiary is involved; or a group of accounts established by or on behalf of the employees of an employer or affiliated employers pursuant to an employee benefit plan or other program (including accounts established pursuant to Sections 403(b), 408(k), and 457 of the Code); or an organized group which has been in existence for more than six months, provided that it is not organized for the purpose of buying redeemable securities of a registered investment company and provided that the purchases are made through a central administration or a single dealer, or by other means which result in economy of sales effort or expense.

Set forth below is an example of the method of computing the offering price of the Fund’s Class A shares. The example assumes a purchase of Class A shares aggregating less

than \$50,000 subject to the schedule of sales charges set forth above at a price based upon the net asset value of the Class A shares on December 31, 2002:

NET ASSET VALUE per Share.....	\$15.66
Per Share Sales Charge - 4.5% of offering price (4.7% of net asset value per share)	\$.74
Per Share Offering Price to the Public	\$16.40

Full-time employees of NASD member firms and full-time employees of other financial institutions which have entered into an agreement with the Distributor pertaining to the sale of Fund shares (or which otherwise have a brokerage related or clearing arrangement with an NASD member firm or financial institution with respect to the sale of such shares) may purchase Class A shares for themselves directly or pursuant to an employee benefit plan or other program, or for their spouses or minor children, at net asset value, provided they have furnished the Distributor with such information as it may request from time to time in order to verify eligibility for this privilege. This privilege also applies to full-time employees of financial institutions affiliated with NASD member firms whose full-time employees are eligible to purchase Class A shares at net asset value. In addition, Class A shares are offered at net asset value to full-time or part-time employees of the Manager or any of its affiliates or subsidiaries, directors of the Manager, Board members of a fund advised by the Manager, including members of the Fund's Board, or the spouse or minor child of any of the foregoing.

Class A shares are offered at net asset value without a sales load to employees participating in Retirement Plans. Class A shares also may be purchased (including by exchange) at net asset value without a sales load for Dreyfus-sponsored IRA "Rollover Accounts" with the distribution proceeds from a qualified retirement plan or a Dreyfus-sponsored 403(b)(7) plan, provided, at the time of such distribution, such qualified retirement plan or Dreyfus-sponsored 403(b)(7) plan invested all or a portion of its assets in funds in the Dreyfus Premier Family of Funds or the Dreyfus Family of Funds or certain funds advised by Founders Asset Management LLC ("Founders"), an indirect subsidiary of the Manager, or certain other products made available by the Distributor to such plans.

Class A shares may be purchased at net asset value through certain broker-dealers and other financial institutions which have entered into an agreement with the Distributor, which includes a requirement that such shares be sold for the benefit of clients participating in a "wrap account" or a similar program under which such clients pay a fee to such broker-dealer or other financial institution.

Class A shares also may be purchased at net asset value, subject to appropriate documentation, by (i) qualified separate accounts maintained by an insurance company pursuant to the laws of any State or territory of the United States, (ii) a State, county or city or instrumentality thereof, (iii) a charitable organization (as defined in Section 501(c)(3) of the Code) investing \$50,000 or more in Fund shares, and (iv) a charitable remainder trust (as defined in Section 501(c)(3) of the Code).

Class B Shares. The public offering price for Class B shares is the net asset value per share of that Class. No initial sales charge is imposed at the time of purchase. A CDSC is imposed, however, on certain redemptions of Class B shares as described under “How to Redeem Shares--Contingent Deferred Sales Charge--Class B Shares.”

Approximately six years after the date of purchase, Class B shares automatically will convert to Class A shares, based on the relative net asset values for shares of each such Class. Class B shares that have been acquired through the reinvestment of dividends and distributions will be converted on a pro rata basis together with other Class B shares, in the proportion that a shareholder's Class B shares converting to Class A shares bears to the total Class B shares not acquired through the reinvestment of dividends and distributions.

Class C Shares. The public offering price for Class C shares is the net asset value per share of that Class. No initial sales charge is imposed at the time of purchase. A CDSC is imposed, however, on redemptions of Class C shares made within the first year of purchase. See “How to Redeem Shares--Contingent Deferred Sales Charge--Class C Shares.”

Right of Accumulation — Class A Shares. Reduced sales loads apply to any purchase of Class A shares, by you and any related “purchaser” as defined above, where the aggregate investment, including such purchase, is \$50,000 or more. If, for example, you previously purchased and still hold Class A shares, or shares of certain other funds advised by the Manager or Founders which are subject to a sales load or shares acquired by a previous exchange of such shares (hereinafter referred to as “Eligible Funds”), or combination thereof, with an aggregate current market value of \$40,000 and subsequently purchase Class A shares or shares of an Eligible Fund having a current value of \$20,000, the sales load applicable to the subsequent purchase would be reduced to 4.0% of the offering price. All present holdings of Eligible Funds may be combined to determine the current offering price of the aggregate investment in ascertaining the sales load applicable to each subsequent purchase.

To qualify for reduced sales loads, at the time of purchase you or your Service Agent must notify the Distributor if orders are made by wire, or the Transfer Agent if orders are made by mail. The reduced sales load is subject to confirmation of your holdings through a check of appropriate records.

Using Federal Funds. The Transfer Agent or the Fund may attempt to notify you upon receipt of checks drawn on banks that are not members of the Federal Reserve System as to the possible delay in conversion into Federal Funds and may attempt to arrange for a better means of transmitting the money. If you are a customer of a Selected Dealer and your order to purchase Fund shares is paid for other than in Federal Funds, the Selected Dealer, acting on your behalf, will complete the conversion into, or itself advance, Federal Funds generally on the business day following receipt of your order. The order is effective only when so converted and received by the Transfer Agent. An order for the purchase of Fund shares placed by you with sufficient Federal Funds or a cash balance in your brokerage account with a Selected Dealer will become effective on the day that your order, including Federal Funds, is received by the Transfer Agent.

Dreyfus TeleTransfer Privilege. You may purchase shares by telephone or online if you have checked the appropriate box and supplied the necessary information on the Account Application or have filed a Shareholder Services Form with the Transfer Agent. The proceeds will be transferred between the bank account designated in one of these documents and your Fund account. Only a bank account maintained in a domestic financial institution which is an Automated Clearing House (“ACH”) member may be so designated.

Dreyfus TeleTransfer purchase orders may be made at any time. Purchase orders received by 4:00 p.m., Eastern time, on any day the Transfer Agent and the New York Stock Exchange are open for regular business will be credited to the shareholder’s Fund account on the next bank business day following such purchase order. Purchase orders made after 4:00 p.m., Eastern time, on any day the Transfer Agent and the New York Stock Exchange are open for regular business, or orders made on Saturday, Sunday or any Fund holiday (e.g., when the New York Stock Exchange is not open for business), will be credited to the shareholder’s Fund account on the second bank business day following such purchase order. To qualify to use the Dreyfus TeleTransfer Privilege, the initial payment for purchase of shares must be drawn on, and redemption proceeds paid to, the same bank and account as are designated on the Account Application or Shareholder Services Form on file. If the proceeds of a particular redemption are to be sent to an account at any other bank, the request must be in writing and signature-guaranteed. See “How to Redeem Shares--Dreyfus TeleTransfer Privilege.”

Reopening an Account. You may reopen your account with a minimum investment of \$100 without filing a new Account Application during the calendar year the account is closed or during the following calendar year, provided the information on the old Account Application is still applicable.

DISTRIBUTION PLAN AND SHAREHOLDER SERVICES PLAN

Class B and Class C shares are subject to a Distribution Plan and Class A, Class B and Class C shares are subject to a Shareholder Services Plan.

Distribution Plan. Rule 12b-1 (the “Rule”) adopted by the Securities and Exchange Commission under the 1940 Act provides, among other things, that an investment company may bear expenses of distributing its shares only pursuant to a plan adopted in accordance with the Rule. The Fund’s Board has adopted such a plan (the “Distribution Plan”) with respect to the Fund’s Class B and Class C shares, pursuant to which the Fund pays the Distributor for distributing each such Class of shares a fee at the annual rate of 0.50% of the value of the average daily net assets of Class B and 0.75% of the value of the average daily net assets of Class C. The Distributor may pay one or more Service Agents in respect of advertising, marketing and other distribution services, and determines the amounts, if any, to be paid to Service Agents and the basis on which such payments are made. The Fund’s Board believes that there is a reasonable likelihood that the Distribution Plan will benefit the Fund and holders of its Class B and Class C shares.

A quarterly report of the amounts expended under the Distribution Plan, and the purposes for which such expenditures were incurred, must be made to the Board for its review. In

addition, the Distribution Plan provides that it may not be amended to increase materially the costs which holders of the Fund's Class B or Class C shares may bear pursuant to the Distribution Plan without the approval of the holders of such shares and that other material amendments of the Distribution Plan must be approved by the Fund's Board, and by the Board members who are not "interested persons" (as defined in the 1940 Act) of the Fund and have no direct or indirect financial interest in the operation of the Distribution Plan or in any agreements entered into in connection with the Distribution Plan, by vote cast in person at a meeting called for the purpose of considering such amendments. The Distribution Plan is subject to annual approval by such vote cast in person at a meeting called for the purpose of voting on the Distribution Plan. As to the relevant Class of shares of the Fund, the Distribution Plan may be terminated at any time by vote of a majority of the Board members who are not "interested persons" and have no direct or indirect financial interest in the operation of the Distribution Plan or in any agreements entered into in connection with the Distribution Plan or by vote of the holders of a majority of such Class of shares.

For the fiscal year ended December 31, 2002, the Fund paid the Distributor \$288,622 and \$141,536 with respect to Class B and Class C, respectively, pursuant to the Distribution Plan.

Shareholder Services Plan. The Fund has adopted a Shareholder Services Plan, pursuant to which the Fund pays the Distributor for the provision of certain services to the holders of the Fund's Class A, Class B and Class C shares a fee at the annual rate of 0.25% of the value of the average daily net assets of each such Class. The services provided may include personal services relating to shareholder accounts, such as answering shareholder inquiries regarding the Fund and providing reports and other information, and services related to the maintenance of such shareholder accounts. Under the Shareholder Services Plan, the Distributor may make payments to Service Agents in respect of these services.

A quarterly report of the amounts expended under the Shareholder Services Plan, and the purposes for which such expenditures were incurred, must be made to the Board for its review. In addition, the Shareholder Services Plan provides that material amendments must be approved by the Fund's Board, and by the Board members who are not "interested persons" (as defined in the 1940 Act) of the Fund and have no direct or indirect financial interest in the operation of the Shareholder Services Plan or in any agreements entered into in connection with the Shareholder Services Plan, by vote cast in person at a meeting called for the purpose of considering such amendments. The Shareholder Services Plan and related agreements are subject to annual approval by such vote of the Board members cast in person at a meeting called for the purpose of voting on the Shareholder Services Plan. As to each Class, the Shareholder Services Plan is terminable at any time by vote of a majority of the Board members who are not "interested persons" and who have no direct or indirect financial interest in the operation of the Shareholder Services Plan or in any agreements entered into in connection with the Shareholder Services Plan.

For the fiscal year ended December 31, 2002, the Fund paid the Distributor \$245,542, \$144,311, and \$47,178 with respect to Class A, Class B, and Class C, respectively, pursuant to the Shareholder Services Plan.

HOW TO REDEEM SHARES

General. If you hold Fund shares of more than one Class, any request for redemption must specify the Class of shares being redeemed. If you fail to specify the Class of shares to be redeemed or if you own fewer shares of the Class than specified to be redeemed, the redemption request may be delayed until the Transfer Agent receives further instructions from you or your Service Agent.

The Fund ordinarily will make payment for all shares redeemed within seven days after receipt by the Transfer Agent of a redemption request in proper form, except as provided by the rules of the Securities and Exchange Commission. However, if you have purchased Fund shares by check, by Dreyfus TeleTransfer Privilege or through Dreyfus-Automatic Asset Builder® and subsequently submit a written redemption request to the Transfer Agent, the Fund may delay sending the redemption proceeds for up to eight business days after the purchase of such shares. In addition, the Fund will not honor redemption checks under the Checkwriting Privilege, and will reject requests to redeem shares by wire or telephone, online or pursuant to the Dreyfus TeleTransfer Privilege, for a period of up to eight business days after receipt by the Transfer Agent of the purchase check, the Dreyfus TeleTransfer purchase or the Dreyfus-Automatic Asset Builder® order against which such redemption is requested. These procedures will not apply if your shares were purchased by wire payment, or if you otherwise have a sufficient collected balance in your account to cover the redemption request. Fund shares may not be redeemed until the Transfer Agent has received your Account Application.

Contingent Deferred Sales Charge--Class B Shares. A CDSC payable to the Distributor is imposed on any redemption of Class B shares which reduces the current net asset value of your Class B shares to an amount which is lower than the dollar amount of all payments by you for the purchase of Class B shares of the Fund held by you at the time of redemption. No CDSC will be imposed to the extent that the net asset value of the Class B shares redeemed does not exceed (i) the current net asset value of Class B shares acquired through reinvestment of dividends or capital gain distributions, plus (ii) increases in the net asset value of Class B shares above the dollar amount of all your payments for the purchase of Class B shares held by you at the time of redemption.

If the aggregate value of Class B shares redeemed has declined below their original cost as a result of the Fund's performance, a CDSC may be applied to the then-current net asset value rather than the purchase price.

In circumstances where the CDSC is imposed, the amount of the charge will depend on the number of years from the time you purchased the Class B shares until the time of redemption of such shares. Solely for purposes of determining the number of years from the time of any payment for the purchase of Class B shares, all payments during a month will be aggregated and deemed to have been made on the first day of the month.

The following table sets forth the rates of the CDSC for Class B shares, except for Class B shares purchased by shareholders who beneficially owned Class B shares on November 30, 1996:

<u>Year Since Purchase Payment Was Made</u>	<u>CDSC as a % of Amount Invested or Redemption Proceeds (whichever is less)</u>
First	4.00
Second.....	4.00
Third.....	3.00
Fourth.....	3.00
Fifth.....	2.00
Sixth.....	1.00

The following table sets forth the rates of the CDSC for Class B shares purchased by shareholders who beneficially owned Class B shares on November 30, 1996:

<u>Year Since Purchase Payment Was Made</u>	<u>CDSC as a % of Amount Invested or Redemption Proceeds (whichever is less)</u>
First	3.00
Second.....	3.00
Third.....	2.00
Fourth.....	2.00
Fifth.....	1.00
Sixth.....	0.00

In determining whether a CDSC is applicable to a redemption, the calculation will be made in a manner that results in the lowest possible rate. It will be assumed that the redemption is made first of amounts representing shares acquired pursuant to the reinvestment of dividends and distributions; then of amounts representing the increase in net asset value of Class B shares above the total amount of payments for the purchase of Class B shares made during the preceding six years (five years for shareholders beneficially owning Class B shares on November 30, 1996); and finally, of amounts representing the cost of shares held for the longest period of time within the applicable six-year period (five years for shareholders beneficially owning Class B shares on November 30, 1996).

For example, assume an investor purchased 100 shares at \$10 per share for a cost of \$1,000. Subsequently, the shareholder acquired five additional shares through dividend reinvestment. During the second year after the purchase the investor decided to redeem \$500 of the investment. Assuming at the time of the redemption the net asset value had appreciated to \$12 per share, the value of the investor's shares would be \$1,260 (105 shares at \$12 per share).

The CDSC would not be applied to the value of the reinvested dividend shares and the amount which represents appreciation (\$260). Therefore, \$240 of the \$500 redemption proceeds (\$500 minus \$260) would be charged at a rate of 4% (the applicable rate in the second year after purchase) for a total CDSC of \$9.60.

Contingent Deferred Sales Charge--Class C Shares. A CDSC of 1% payable to the Distributor is imposed on any redemption of Class C shares within one year of the date of purchase. The basis for calculating the payment of any such CDSC will be the method used in calculating the CDSC for Class B shares. See “Contingent Deferred Sales Charge--Class B Shares” above.

Waiver of CDSC. The CDSC may be waived in connection with (a) redemptions made within one year after the death or disability, as defined in Section 72(m)(7) of the Code, of the shareholder, (b) redemptions by employees participating in Retirement Plans, (c) redemptions as a result of a combination of any investment company with the Fund by merger, acquisition of assets or otherwise, (d) a distribution following retirement under a tax-deferred retirement plan or upon attaining age 70½ in the case of an IRA or Keogh plan or custodial account pursuant to Section 403(b) of the Code, and (e) redemptions pursuant to the Automatic Withdrawal Plan, as described below. If the Fund’s Board determines to discontinue the waiver of the CDSC, the disclosure herein will be revised appropriately. Any Fund shares subject to a CDSC which were purchased prior to the termination of such waiver will have the CDSC waived as provided in the Fund’s Prospectus or this Statement of Additional Information at the time of the purchase of such shares.

To qualify for a waiver of the CDSC, at the time of redemption you must notify the Transfer Agent or your Service Agent must notify the Distributor. Any such qualification is subject to confirmation of your entitlement.

Checkwriting Privilege – Class A Only. The Fund provides redemption checks (“Checks”) to investors in Class A shares automatically upon opening an account, unless you specifically refuse the Checkwriting Privilege by checking the applicable “No” box on the Account Application. The Checkwriting Privilege may be established for an existing account by a separate signed Shareholder Services Form. Checks will be sent only to the registered owner(s) of the account and only to the address of record. The Account Application or Shareholder Services Form must be manually signed by the registered owner(s). Checks are drawn on your Fund account and may be made payable to the order of any person in an amount of \$500 or more. When a Check is presented to the Transfer Agent for payment, the Transfer Agent, as your agent, will cause the Fund to redeem a sufficient number of full and fractional Class A shares in your account to cover the amount of the Check. Dividends are earned until the Check clears. After clearance, a copy of the Check will be returned to you. You generally will be subject to the same rules and regulations that apply to checking accounts, although election of this Privilege creates only a shareholder-transfer agent relationship with the Transfer Agent.

You should date your Checks with the current date when you write them. Please do not postdate your Checks. If you do, the Transfer Agent will honor, upon presentment, even if

presented before the date of the Check, all postdated Checks which are dated within six months of presentment for payment, if they are otherwise in good order.

Checks are free, but the Transfer Agent will impose a fee for stopping payment of a Check upon your request or if the Transfer Agent cannot honor a Check due to insufficient funds or other valid reason. If the amount of the Check is greater than the value of the Class A shares in your account, the Check will be returned marked insufficient funds. Checks should not be used to close an account.

This Privilege will be terminated immediately, without notice, with respect to any account which is, or becomes, subject to backup withholding on redemptions. Any Check written on an account which has become subject to backup withholding on redemptions will not be honored by the Transfer Agent.

Redemption Through a Selected Dealer. If you are a customer of a Selected Dealer, you may make redemption requests to your Selected Dealer. If the Selected Dealer transmits the redemption request so that it is received by the Transfer Agent prior to the close of trading on the floor of the New York Stock Exchange (usually 4:00 p.m., Eastern time), the redemption request will be effective on that day. If a redemption request is received by the Transfer Agent after the close of trading on the floor of the New York Stock Exchange, the redemption request will be effective on the next business day. It is the responsibility of the Selected Dealer to transmit a request so that it is received in a timely manner. The proceeds of the redemption are credited to your account with the Selected Dealer. See “How to Buy Shares” for a discussion of additional conditions or fees that may be imposed upon redemption.

In addition, the Distributor or its designee will accept orders from Selected Dealers with which the Distributor has sales agreements for the repurchase of shares held by shareholders. Repurchase orders received by dealers by the close of trading on the floor of the New York Stock Exchange on any business day and transmitted to the Distributor or its designee prior to the close of its business day (usually 5:15 p.m., Eastern time) are effected at the price determined as of the close of trading on the floor of the New York Stock Exchange on that day. Otherwise, the shares will be redeemed at the next determined net asset value. It is the responsibility of the Selected Dealer to transmit orders on a timely basis. The Selected Dealer may charge the shareholder a fee for executing the order. This repurchase arrangement is discretionary and may be withdrawn at any time.

Reinvestment Privilege. Upon written request, you may reinvest up to the number of Class A or Class B shares you have redeemed, within 45 days of redemption, at the then-prevailing net asset value without a sales load, or reinstate your account for the purpose of exercising Fund Exchanges. Upon reinstatement, with respect to Class B shares, or Class A shares if such shares were subject to a CDSC, your account will be credited with an amount equal to the CDSC previously paid upon redemption of the Class A or Class B shares reinvested. The Reinvestment Privilege may be exercised only once.

Wire Redemption Privilege. By using this Privilege, you authorize the Transfer Agent to act on telephone, letter or online redemption instructions from any person representing himself or

herself to be you and reasonably believed by the Transfer Agent to be genuine. Ordinarily, the Fund will initiate payment for shares redeemed pursuant to this Privilege on the next business day after receipt by the Transfer Agent of a redemption request in proper form. Redemption proceeds (\$1,000 minimum) will be transferred by Federal Reserve wire only to the commercial bank account specified by you on the Account Application or Shareholder Services Form, or to a correspondent bank if your bank is not a member of the Federal Reserve System. Fees ordinarily are imposed by such bank and borne by you. Immediate notification by the correspondent bank to your bank is necessary to avoid a delay in crediting the funds to your bank account.

To change the commercial bank or account designated to receive redemption proceeds, a written request must be sent to the Transfer Agent. This request must be signed by each shareholder, with each signature guaranteed as described below under “Share Certificates; Signatures.”

Dreyfus TeleTransfer Privilege. You may request by telephone or online that redemption proceeds be transferred between your Fund account and your bank account. Only a bank account maintained in a domestic financial institution which is an ACH member may be designated. Redemption proceeds will be on deposit in your account at an ACH member bank ordinarily two business days after receipt of the redemption request. You should be aware that any request for a Dreyfus TeleTransfer transaction will be effected through the ACH system unless more prompt transmittal specifically is requested. See “How to Buy Shares--Dreyfus TeleTransfer Privilege.”

Share Certificates; Signatures. Any certificates representing Fund shares to be redeemed must be submitted with the redemption request. Written redemption requests must be signed by each shareholder, including each holder of a joint account, and each signature must be guaranteed. Signatures on endorsed certificates submitted for redemption also must be guaranteed. The Transfer Agent has adopted standards and procedures pursuant to which signature-guarantees in proper form generally will be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies, and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program, the Securities Transfer Agents Medallion Program (“STAMP”) and the Stock Exchange Medallion Program. Guarantees must be signed by an authorized signatory of the guarantor and “Signature-Guaranteed” must appear with the signature. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees or guardians, and may accept other suitable verification arrangements from foreign investors, such as consular verification.

Redemption Commitment. The Fund has committed itself to pay in cash all redemption requests by any shareholder of record, limited in amount during any 90-day period to the lesser of \$250,000 or 1% of the value of the Fund’s net assets at the beginning of such period. Such commitment is irrevocable without the prior approval of the Securities and Exchange Commission. In the case of requests for redemption in excess of such amount, the Board reserves the right to make payments in whole or in part in securities or other assets in case of an emergency or any time a cash distribution would impair the liquidity of the Fund to the detriment of the existing shareholders. In such event, the securities would be valued in the

same manner as the Fund's securities are valued. If the recipient sold such securities, brokerage charges might be incurred.

Suspension of Redemptions. The right of redemption may be suspended or the date of payment postponed (a) during any period when the New York Stock Exchange is closed (other than customary weekend and holiday closings), (b) when trading in the markets the Fund ordinarily utilizes is restricted, or when an emergency exists as determined by the Securities and Exchange Commission so that disposal of the Fund's investments or determination of its net asset value is not reasonably practicable, or (c) for such other periods as the Securities and Exchange Commission by order may permit to protect the Fund's shareholders.

SHAREHOLDER SERVICES

Fund Exchanges. Clients of certain Service Agents may purchase, in exchange for Class A, Class B or Class C shares of the Fund, shares of the same Class of another fund in the Dreyfus Premier Family of Funds, shares of the same Class of certain funds advised by Founders, or shares of certain other funds in the Dreyfus Family of Funds, to the extent such shares are offered for sale in such client's state of residence. Shares of the same Class of such funds purchased by exchange will be purchased on the basis of relative net asset value per share as follows:

- A. Class A shares of funds purchased without a sales load may be exchanged for Class A shares of other funds sold with a sales load, and the applicable sales load will be deducted.
- B. Class A shares of funds purchased with or without a sales load may be exchanged without a sales load for Class A shares of other funds sold without a sales load.
- C. Class A shares of funds purchased with a sales load, Class A shares of funds acquired by a previous exchange from Class A shares purchased with a sales load, and additional Class A shares acquired through reinvestment of dividends or distributions of any such funds (collectively referred to herein as "Purchased Shares") may be exchanged for Class A shares of other funds sold with a sales load (referred to herein as "Offered Shares"), but if the sales load applicable to the Offered Shares exceeds the maximum sales load that could have been imposed in connection with the Purchased Shares (at the time the Purchased Shares were acquired), without giving effect to any reduced loads, the difference may be deducted.
- D. Class B or Class C shares of any fund may be exchanged for the same Class of shares of other funds without a sales load. Class B or Class C shares of any fund exchanged for the same Class of shares of another fund will be subject to the higher applicable CDSC of the two exchanged funds and, for purposes of calculating CDSC rates and conversion periods, will be deemed to have been held since the date the Class B or Class C shares being exchanged were initially purchased.

To accomplish an exchange under item C above, your Service Agent acting on your behalf must notify the Transfer Agent of your prior ownership of such Class A shares and your account number.

You also may exchange your Fund shares that are subject to a CDSC for shares of Dreyfus Worldwide Dollar Money Market Fund, Inc. The shares so purchased will be held in a special account created solely for this purpose ("Exchange Account"). Exchanges of shares from an Exchange Account only can be made into certain other funds managed or administered by the Manager. No CDSC is charged when an investor exchanges into an Exchange Account; however, the applicable CDSC will be imposed when shares are redeemed from an Exchange Account or other applicable Fund account. Upon redemption, the applicable CDSC will be calculated without regard to the time such shares were held in an Exchange Account. See "How to Redeem Shares." Redemption proceeds for Exchange Account shares are paid by Federal wire or check only. Exchange Account shares also are eligible for the Dreyfus Auto-Exchange Privilege, Dreyfus Dividend Sweep and the Automatic Withdrawal Plan.

To request an exchange, your Service Agent acting on your behalf must give exchange instructions to the Transfer Agent in writing, by telephone or online. The ability to issue exchange instructions by telephone is given to all Fund shareholders automatically, unless you check the applicable "No" box on the Account Application, indicating that you specifically refuse this privilege. By using this privilege, you authorize the Transfer Agent to act on telephonic and online instructions (including over the Dreyfus Express® voice response telephone system) from any person representing himself or herself to be you, or a representative of your Service Agent, and reasonably believed by the Transfer Agent to be genuine. Exchanges may be subject to limitations as to the amount involved or the number of exchanges permitted. Shares issued in certificate form are not eligible for telephone or online exchange. No fees currently are charged shareholders directly in connection with exchanges, although the Fund reserves the right, upon not less than 60 days' written notice, to charge shareholders a nominal administrative fee in accordance with rules promulgated by the Securities and Exchange Commission.

During times of drastic economic or market conditions, the Fund may suspend Fund Exchanges temporarily without notice and treat exchange requests based on their separate components -- redemption orders with a simultaneous request to purchase the other fund's shares. In such a case, the redemption request would be processed at the Fund's next determined net asset value but the purchase order would be effective only at the net asset value next determined after the fund being purchased receives the proceeds of the redemption, which may result in the purchase being delayed.

To establish a personal retirement plan by exchange, shares of the fund being exchanged must have a value of at least the minimum initial investment required for shares of the same Class of the fund into which the exchange is being made.

Dreyfus Auto-Exchange Privilege. Dreyfus Auto-Exchange Privilege permits you to purchase (on a semi-monthly, monthly, quarterly or annual basis) in exchange for Class A,

Class B or Class C shares of the Fund, shares of the same Class of another fund in the Dreyfus Premier Family of Funds, shares of the same Class of certain Funds advised by Founders, or shares of certain other funds in the Dreyfus Family of Funds, of which you are a shareholder. This Privilege is available only for existing accounts. Shares will be exchanged on the basis of relative net asset value as described above under "Fund Exchanges." Enrollment in or modification or cancellation of this Privilege is effective three business days following notification by you. You will be notified if your account falls below the amount designated to be exchanged under this Privilege. In this case, your account will fall to zero unless additional investments are made in excess of the designated amount prior to the next Dreyfus Auto-Exchange transaction. Shares held under IRA and other retirement plans are eligible for this Privilege. Exchanges of IRA shares may be made between IRA accounts and from regular accounts to IRA accounts, but not from IRA accounts to regular accounts. With respect to all other retirement accounts, exchanges may be made only among those accounts.

Shareholder Services Forms and prospectuses of the other funds may be obtained by calling 1-800-554-4611 or visiting the Dreyfus.com Web site. Fund Exchanges and the Dreyfus Auto-Exchange Privilege are available to shareholders resident in any state in which shares of the fund being acquired may legally be sold. The Fund reserves the right to reject any exchange request in whole or in part. Shares may be exchanged only between accounts having certain identical identifying designations. The Fund Exchanges service or the Dreyfus Auto-Exchange Privilege may be modified or terminated at any time upon notice to shareholders.

Dreyfus-Automatic Asset Builder®. Dreyfus-Automatic Asset Builder permits you to purchase Fund shares (minimum of \$100 and maximum of \$150,000 per transaction) at regular intervals selected by you. Fund shares are purchased by transferring funds from the bank account designated by you.

Dreyfus Government Direct Deposit Privilege. Dreyfus Government Direct Deposit Privilege enables you to purchase Fund shares (minimum of \$100 and maximum of \$50,000 per transaction) by having Federal salary, Social Security, or certain veterans', military or other payments from the U.S. Government automatically deposited into your Fund account. You may deposit as much of such payments as you elect.

Dreyfus Dividend Options. Dreyfus Dividend Sweep allows you to invest automatically your dividends or dividends and capital gain distributions, if any, from the Fund in shares of the same Class of another fund in the Dreyfus Premier Family of Funds, shares of the same Class of certain funds advised by Founders, or shares of certain other funds in the Dreyfus Family of Funds, of which you are a shareholder. Shares of the same Class of other funds purchased pursuant to this privilege will be purchased on the basis of relative net asset value per share as follows:

- A. Dividends and distributions paid with respect to Class A shares by a fund may be invested without a sales load in Class A shares of other funds offered without a sales load.

- B. Dividends and distributions paid with respect to Class A shares by a fund which does not charge a sales load may be invested in Class A shares of other funds sold with a sales load, and the applicable sales load will be deducted.
- C. Dividends and distributions paid with respect to Class A shares by a fund that charges a sales load may be invested in Class A shares of other funds sold with a sales load (referred to herein as "Offered Shares"), but if the sales load applicable to the Offered Shares exceeds the maximum sales load charged by the fund from which dividends or distributions are being swept (without giving effect to any reduced loads), the difference may be deducted.
- D. Dividends and distributions paid with respect to Class B or Class C shares by a fund may be invested without imposition of any applicable CDSC in the same Class of shares of other funds and the relevant Class of shares of such other funds will be subject on redemption to any applicable CDSC.

Dreyfus Dividend ACH permits you to transfer electronically dividends or dividends and capital gain distributions, if any, from the Fund to a designated bank account. Only an account maintained at a domestic financial institution which is an ACH member may be so designated. Banks may charge a fee for this service.

Automatic Withdrawal Plan. The Automatic Withdrawal Plan permits you to request withdrawal of a specified dollar amount (minimum of \$50) on either a monthly or quarterly basis if you have a \$5,000 minimum account. Withdrawal payments are the proceeds from sales of Fund shares, not the yield on the shares. If withdrawal payments exceed reinvested dividends and distributions, your shares will be reduced and eventually may be depleted. Automatic Withdrawal may be terminated at any time by you, the Fund or the Transfer Agent. Shares for which certificates have been issued may not be redeemed through the Automatic Withdrawal Plan.

No CDSC with respect to Class B or Class C shares will be imposed on withdrawals made under the Automatic Withdrawal Plan, provided that any amount withdrawn under the plan does not exceed on an annual basis 12% of the greater of (1) the account value at the time of the first withdrawal under the Automatic Withdrawal Plan, or (2) the account value at the time of the subsequent withdrawal. Withdrawals with respect to Class B or Class C shares under the Automatic Withdrawal Plan that exceed such amounts will be subject to a CDSC. Withdrawals of Class A shares subject to a CDSC under the Automatic Withdrawal Plan will be subject to any applicable CDSC. Purchases of additional Class A shares where the sales load is imposed concurrently with withdrawals of Class A shares generally are undesirable.

Letter of Intent--Class A Shares. By signing a Letter of Intent form, you become eligible for the reduced sales load on purchases of Class A shares based on the total number of shares of Eligible Funds purchased by you and any related "purchaser" (as defined above) in a 13-month period pursuant to the terms and conditions set forth in the Letter of Intent. Shares of any Eligible Fund purchased within 90 days prior to the submission of the Letter of Intent may be

used to equal or exceed the amount specified in the Letter of Intent. A minimum initial purchase of \$5,000 is required. You can obtain a Letter of Intent form by calling 1-800-554-4611.

Each purchase you make during the 13-month period (which begins on the date you submit the Letter of Intent) will be at the public offering price applicable to a single transaction of the aggregate dollar amount you select in the Letter of Intent. The Transfer Agent will hold in escrow 5% of the amount indicated in the Letter of Intent, which may be used for payment of a higher sales load if you do not purchase the full amount indicated in the Letter of Intent. When you fulfill the terms of the Letter of Intent by purchasing the specified amount, the escrowed amount will be released and additional shares representing such amount credited to your account. If your purchases meet the total minimum investment amount specified in the Letter of Intent within the 13-month period, an adjustment will be made at the conclusion of the 13-month period to reflect any reduced sales load applicable to shares purchased during the 90-day period prior to submission of the Letter of Intent. If your purchases qualify for a further sales load reduction, the sales load will be adjusted to reflect your total purchase at the end of 13 months. If total purchases are less than the amount specified the offering price of the shares you purchased (including shares representing the escrowed amount) during the 13-month period will be adjusted to reflect the sales load applicable to the aggregate purchases you actually made (which will reduce the number of shares in your account), unless you have redeemed the shares in your account, in which case the Transfer Agent, as attorney-in-fact pursuant to the terms of the Letter of Intent, will redeem an appropriate number of Class A shares of the Fund held in escrow to realize the difference between the sales load actually paid and the sales load applicable to the aggregate purchases actually made and any remaining shares will be credited to your account. Signing a Letter of Intent does not bind you to purchase, or the Fund to sell, the full amount indicated at the sales load in effect at the time of signing, but you must complete the intended purchase to obtain the reduced sales load. At the time you purchase Class A shares, you must indicate your intention to do so under a Letter of Intent. Purchases pursuant to a Letter of Intent will be made at the then-current net asset value plus the applicable sales load in effect at the time such Letter of Intent was submitted.

Corporate Pension/Profit-Sharing and Personal Retirement Plans. The Fund makes available to corporations a variety of prototype pension and profit-sharing plans, including a 401(k) Salary Reduction Plan. In addition, the Fund makes available Keogh Plans, IRAs (including regular IRAs, spousal IRAs for a non-working spouse, Roth IRAs, IRAs set up under a Simplified Employee Pension Plan ("SEP-IRAs"), and Rollover IRAs), Education Savings Accounts and 403(b)(7) Plans. Plan support services also are available.

If you wish to purchase Fund shares in conjunction with a Keogh Plan, an Education Savings Account, a 403(b)(7) Plan or an IRA, including a SEP-IRA, you may request from the Distributor forms for adoption of such plans.

The entity acting as custodian for Keogh Plans, 403(b)(7) Plans or IRAs may charge a fee, payment of which could require the liquidation of shares. All fees charged are described in the appropriate form.

Shares may be purchased in connection with these plans only by direct remittance to the entity acting as custodian. Purchases for these plans may not be made in advance of receipt of funds.

The minimum initial investment for corporate plans, Salary Reduction Plans, 403(b)(7) Plans and SEP-IRAs with more than one participant, is \$1,000 with no minimum for subsequent purchases. The minimum initial investment is \$750 for Dreyfus-sponsored Keogh Plans, IRAs (including regular IRAs, spousal IRAs for a non-working spouse, Roth IRAs, SEP-IRAs, and rollover IRAs) and 403(b)(7) Plans with only one participant and \$500 for Dreyfus-sponsored Education Savings Accounts, with no minimum for subsequent purchases.

You should read the prototype retirement plan and the appropriate form of custodial agreement for further details on eligibility, service fees and tax implications, and you should consult a tax adviser.

DETERMINATION OF NET ASSET VALUE

Valuation of Portfolio Securities. The Fund's investments are valued each business day using available market quotations or at fair value as determined by one or more independent pricing services (collectively, the "Service") approved by the Fund's Board. The Service may use available market quotations, employ electronic data processing techniques and/or a matrix system to determine valuations. The Service's procedures are reviewed by the Fund's officers under the general supervision of the Board. These procedures need not be used to determine the value of securities held by the Fund if, in the opinion of a committee appointed by the Fund's Board, some other method would more accurately reflect the fair value of such securities. Expenses and fees, including the management fee (reduced by the expense limitation, if any) and fees pursuant to the Shareholder Services Plan and, with respect to the Class B and Class C shares only, the Distribution Plan, are accrued daily and are taken into account for the purpose of determining the net asset value of the relevant Class of shares. Because of the difference in operating expenses incurred by each Class, the per share net asset value of each Class will differ.

New York Stock Exchange Closings. The holidays (as observed) on which the New York Stock Exchange is closed currently are: New Year's Day, Martin Luther King Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas.

DIVIDENDS, DISTRIBUTIONS AND TAXES

Management believes that the Fund has qualified as a "regulated investment company" under the Code for the fiscal year ended December 31, 2002. The Fund intends to continue to so qualify if such qualification is in the best interests of its shareholders. As a regulated investment company, the Fund pays no Federal income tax on net investment income and net realized capital gains to the extent that such income and gains are distributed to shareholders. To qualify as a regulated investment company, the Fund must pay out to its shareholders at least 90% of its net

income (consisting of net investment income from tax exempt obligations and taxable obligations, if any, and net short-term capital gains), and must meet certain asset diversification and other requirements. If the Fund does not qualify as a regulated investment company, it will be treated for tax purposes as an ordinary corporation subject to Federal income tax. The term “regulated investment company” does not imply the supervision of management or investment practices or policies by any government agency.

The Fund ordinarily declares dividends from its net investment income on each day the New York Stock Exchange is open for regular business. Fund shares begin earning income dividends on the day immediately available funds (“Federal Funds”) are received by the Transfer Agent. If a purchase order is not accompanied by remittance in Federal Funds, there may be a delay between the time the purchase order becomes effective and the time the shares purchased start earning dividends. If your payment is not made in Federal Funds, it must be converted into Federal Funds. This usually occurs within one business day of receipt of a bank wire and within two business days of receipt of a check drawn on a member bank of the Federal Reserve System. Checks drawn on banks which are not members of the Federal Reserve system may take considerably longer to convert into Federal Funds.

Dividends usually are paid on the last calendar day of each month and are automatically reinvested in additional shares of the same Class from which they were paid at net asset value or, at your option, paid in cash. The Fund’s earnings for Saturdays, Sundays and holidays are declared as dividends on the preceding business day. If you redeem all shares in your account at any time during the month, all dividends to which you are entitled will be paid to you along with the proceeds of the redemption. If you are an omnibus accountholder and indicate in a partial redemption request that a portion of any accrued dividends to which such account is entitled belongs to an underlying accountholder who has redeemed all shares in his or her account, such portion of the accrued dividends will be paid to you along with the proceeds of the redemption.

If you elect to receive dividends and distributions in cash, and your dividend or distribution check is returned to the Fund as undeliverable or remains uncashed for six months, the Fund reserves the right to reinvest such dividend or distribution and all future dividends and distributions payable to you in additional Fund shares at net asset value. No interest will accrue on amounts represented by uncashed distribution or redemption checks.

Any dividend or distribution declared and paid shortly after your purchase may have the effect of reducing the aggregate net asset value of your shares below the cost of your investment. Such a distribution would be a return on investment in an economic sense although taxable as stated in the Prospectus. In addition, the Code provides that if a shareholder has not held his shares for more than six months and has received a capital gains dividend with respect to such shares, any loss incurred on the sale of such shares will be treated as long-term capital loss to the extent of the capital gain received.

Ordinarily, gains and losses realized from portfolio transactions will be treated as capital gain or loss. However, all or a portion of any gains realized from the sale or other disposition of certain market discount bonds will be treated as ordinary income.

If the Fund either (1) holds an appreciated financial position with respect to stock, certain debt obligations, or partnership interests (“appreciated financial position”) and then enters into a short sale, futures, forward, or offsetting notional principal contract (collectively, a “Contract”) with respect to the same or substantially identical property or (2) holds an appreciated financial position that is a Contract and then acquires property that is the same as, or substantially identical to, the underlying property, the Fund generally will be taxed as if the appreciated financial position were sold at its fair market value on the date the Fund enters into the financial position or acquires the property, respectively.

Federal regulations require that you provide a certified taxpayer identification number (“TIN”) upon opening or reopening an account. See the Account Application for further information concerning this requirement. Failure to furnish a certified TIN to the Fund could subject you to a \$50 penalty imposed by the Internal Revenue Service.

PORTFOLIO TRANSACTIONS

Portfolio securities ordinarily are purchased from and sold to parties acting as either principal or agent. Newly-issued securities ordinarily are purchased directly from the issuer or from an underwriter; other purchases and sales usually are placed with those dealers from which it appears that the best price or execution will be obtained. Usually no brokerage commissions, as such, are paid by the Fund for such purchases and sales, although the price paid usually includes an undisclosed compensation to the dealer acting as agent. The prices paid to underwriters of newly-issued securities usually include a concession paid by the issuer to the underwriter, and purchases of after-market securities from dealers ordinarily are executed at a price between the bid and asked price. No brokerage commissions have been paid by the Fund to date.

The Fund’s annual portfolio turnover rate for the current fiscal year is not expected to exceed 500%. A portfolio turnover rate of 100% is equivalent to the Fund purchasing and selling all of the securities in its portfolio once in the course of a year. Higher portfolio turnover rates usually generate additional brokerage commissions and transaction costs (which, however, the Fund typically does not incur when it purchases portfolio securities) and the short-term gains realized from these transactions are taxable to shareholders as ordinary income.

The overall reasonableness of brokerage commissions paid is evaluated by the Manager based upon its knowledge of available information as to the general level of commissions paid by other institutional investors for comparable services.

Transactions are allocated to various dealers by the Fund’s portfolio managers in their best judgment. The primary consideration is prompt and effective execution of orders at the most favorable price. Subject to that primary consideration, dealers may be selected for research, statistical or other services to enable the Manager to supplement its own research and analysis with the views and information of other securities firms and may be selected based upon their sales of shares of the Fund or other funds advised by the Manager or its affiliates.

Research services furnished by brokers through which the Fund effects securities transactions may be used by the Manager in advising other funds it advises and, conversely, research services furnished to the Manager by brokers in connection with other funds the Manager advises may be used by the Manager in advising the Fund. Although it is not possible to place a dollar value on these services, it is the Manager's opinion that the receipt and study of such services should not reduce the overall expenses of its research department.

PERFORMANCE INFORMATION

Current yield for the 30-day period ended December 31, 2002 was 2.62% for Class A, 2.23% for Class B and 2.09% for Class C. Current yield is computed pursuant to a formula which operates, with respect to each Class, as follows: the amount of the Fund's expenses with respect to such Class accrued for the 30-day period (net of reimbursements) is subtracted from the amount of the dividends and interest earned (computed in accordance with regulatory requirements) by the Fund with respect to such Class during the period. That result is then divided by the product of: (a) the average daily number of shares outstanding during the period that were entitled to receive dividends, and (b) the maximum offering price per share in the case of Class A or the net asset value per share in the case of Class B or Class C on the last day of the period less any undistributed earned income per share reasonably expected to be declared as a dividend shortly thereafter. The quotient is then added to 1, and that sum is raised to the 6th power, after which 1 is subtracted. The current yield is then arrived at by multiplying the result by 2.

The average annual total return for the 1, 5 and 10 year periods ended December 31, 2002 for Class A was 2.77%, 5.34% and 5.97%, respectively. The average annual total return for the 1, 5 and 9.97 year periods ended December 31, 2002 for Class B was 3.05%, 5.44% and 6.06%, respectively. The average annual total return for the 1, 5 and 7.22 year periods ended December 31, 2002 for Class C was 5.73%, 5.46% and 5.73%, respectively. Average annual total return is calculated by determining the ending redeemable value of an investment purchased at net asset value (maximum offering price in the case of Class A) per share with a hypothetical \$1,000 payment made at the beginning of the period (assuming the reinvestment of dividends and distributions), dividing by the amount of the initial investment, taking the "n"th root of the quotient (where "n" is the number of years in the period) and subtracting 1 from the result. A Class's average annual total return figures calculated in accordance with such formula provides that in the case of Class A the maximum sales load has been deducted from the hypothetical initial investment at the time of purchase or in the case of Class B or Class C the maximum applicable CDSC has been paid upon redemption at the end of the period. The average annual total return for Class B shares assumes a conversion to Class A shares after six years.

The total return for the period January 29, 1987 (commencement of operations) through December 31, 2002 for Class A was 223.25%. Based on net asset value per share, the total return for Class A was 238.42% for this period. The total return for Class B for the period from January 15, 1993 (commencement of initial offering of Class B shares) through December 31, 2002 was 79.83%. The total return for Class C for the period October 16, 1995 (commencement of initial offering of Class C shares) through December 31, 2002 was 49.45%. Total return is

calculated by subtracting the amount of the Fund's net asset value (maximum offering price in the case of Class A) per share at the beginning of a stated period from the net asset value per share at the end of the period (after giving effect to the reinvestment of dividends and distributions during the period), and dividing the result by the maximum offering price per share at the beginning of the period. Total return also may be calculated based on the net asset value per share at the beginning of the period instead of the maximum offering price per share at the beginning of the period for Class A shares or without giving effect to any applicable CDSC at the end of the period for Class B or Class C shares. In such cases, the calculation would not reflect the deduction of the sales load with respect to Class A shares or any applicable CDSC with respect to Class B or Class C shares, which, if reflected, would reduce the performance quoted. The total return for Class B shares assumes a conversion to Class A shares after six years. Since the periods covered for Class B and Class C are beyond the period for which a CDSC would be applied, no CDSC is factored into the aggregate total return quoted above for Class B and Class C.

From time to time, the after-tax returns of the Fund may be advertised or otherwise reported. The formula for computing after-tax returns assumes an initial one-time investment of \$1,000 and the deduction of the maximum sales load, if any, and other charges from this initial investment. After-tax returns (including those reflecting Fund distributions and/or redemption of Fund shares) are calculated using the then-current highest individual Federal marginal income tax rates, and do not reflect the impact of state and local taxes. After-tax returns on distributions and redemptions are computed assuming a complete sale of Fund shares at the end of the period and reflect reinvested amounts. The formula assumes that the taxable amount and tax character of each distribution are as specified by the Fund on the dividend declaration date, adjusted to reflect subsequent recharacterizations, and ignores the effect of either the alternative minimum tax or phaseouts of certain tax credits, exemptions, and deductions for taxpayers whose adjusted gross income is above a specified amount.

Effective January 20, 2003, the Fund changed its investment objective from seeking as high a level of current income as is consistent with the preservation of capital to its current objective.

Comparative performance information may be used from time to time in advertising or marketing the Fund's shares, including data from Lipper Analytical Services, Inc., Lipper Leader Ratings, Morningstar, Inc., Bank Rate MonitorTM, N. Palm Beach, Fla. 33408, Moody's Bond Survey Bond Index, Lehman Brothers Mortgage Backed Bond Index, Citigroup Credit Rate of Return Index, Bond Buyer's 20-Bond Index and mortgage trade and other indexes or publications. In addition, data may be used in comparing the difference in yields between Ginnie Maes and comparable term Treasury Notes (which are direct obligations of the U.S. Government).

From time to time, the Fund may compare its performance against inflation with the performance of other instruments against inflation, such as short-term Treasury bills (which are direct obligations of the U.S. Government) and FDIC-insured bank money market accounts. In addition, advertising for the Fund may indicate that investors may consider diversifying their investment portfolios in order to seek protection of the value of their assets against inflation.

From time to time, Fund advertisements may include statistical data or general discussions about the growth and development of Dreyfus Retirement Services (in terms of new customers, assets under management, market share, etc.) and its presence in the defined contribution plan market. Advertising material for the Fund also may include biographical information relating to its portfolio managers and may refer to, or include commentary by a portfolio manager relating to investment strategy, asset growth, current or past business, political, economic or financial conditions and other matters of general interest to investors. From time to time, advertising materials may refer to studies performed by the Manager or its affiliates, such as “The Dreyfus Tax Informed Investing Study” or “The Dreyfus Gender Investment Comparison Study” or other such studies.

INFORMATION ABOUT THE FUND

Each Fund share has one vote and, when issued and paid for in accordance with the terms of the offering, is fully paid and non-assessable. Fund shares have no preemptive or subscription rights and are freely transferable.

Under Massachusetts law, shareholders, under certain circumstances, could be held personally liable for the obligations of the Fund. However, the Fund’s Agreement and Declaration of Trust (“Trust Agreement”) disclaims shareholder liability for acts or obligations of the Fund and requires that notice of such disclaimer be given in each agreement, obligation or instrument entered into or executed by the Fund or a Trustee. The Trust Agreement provides for indemnification from the Fund’s property for all losses and expenses of any shareholder held personally liable for the obligations of the Fund. Thus, the risk of a shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which the Fund itself would be unable to meet its obligations, a possibility which management believes is remote. Upon payment of any liability incurred by the Fund, the shareholder paying such liability will be entitled to reimbursement from the general assets of the Fund. The Fund intends to conduct its operations in such a way so as to avoid, as far as possible, ultimate liability of the shareholders for liabilities of the Fund.

Unless otherwise required by the 1940 Act, ordinarily it will not be necessary for the Fund to hold annual meetings of shareholders. As a result, Fund shareholders may not consider each year the election of Board members or the appointment of auditors. However, the holders of at least 10% of the shares outstanding and entitled to vote may require the Fund to hold a special meeting of shareholders for purposes of removing a Board member from office. Fund shareholders may remove a Board member by the affirmative vote of two-thirds of the Fund’s outstanding voting shares. In addition, the Board will call a meeting of shareholders for the purpose of electing Board members if, at any time, less than a majority of the Board members then holding office have been elected by shareholders.

The Fund is intended to be a long-term investment vehicle and is not designed to provide investors with a means of speculating on short-term market movements. A pattern of frequent purchases and exchanges can be disruptive to efficient portfolio management and, consequently,

can be detrimental to the Fund's performance and its shareholders. Accordingly, if the Fund's management determines that an investor is following a market-timing strategy or is otherwise engaging in excessive trading, the Fund, with or without prior notice, may temporarily or permanently terminate the availability of Fund Exchanges, or reject in whole or part any purchase or exchange request, with respect to such investor's account. Such investors also may be barred from purchasing other funds in the Dreyfus Family of Funds. Generally, an investor who makes more than four exchanges out of the Fund during any calendar year or who makes exchanges that appear to coincide with a market-timing strategy may be deemed to be engaged in excessive trading. Accounts under common ownership or control will be considered as one account for purposes of determining a pattern of excessive trading. In addition, the Fund may refuse or restrict purchase or exchange requests by any person or group if, in the judgment of the Fund's management, the Fund would be unable to invest the money effectively in accordance with its investment objective and policies or could otherwise be adversely affected or if the Fund receives or anticipates receiving simultaneous orders that may significantly affect the Fund (e.g., amounts equal to 1% or more of the Fund's total assets). If an exchange request is refused, the Fund will take no other action with respect to the Fund shares until it receives further instructions from the investor. The Fund may delay forwarding redemption proceeds for up to seven days if the investor redeeming shares is engaged in excessive trading or if the amount of the redemption request otherwise would be disruptive to efficient portfolio management or would adversely affect the Fund. The Fund's policy on excessive trading applies to investors who invest in the Fund directly or through financial intermediaries, but does not apply to the Dreyfus Auto-Exchange Privilege, to any automatic investment or withdrawal privilege described herein, or to participants in employer-sponsored retirement plans.

To offset the relatively higher costs of servicing smaller accounts, the Fund will charge regular accounts with balances below \$2,000 an annual fee of \$12. The valuation of accounts and the deductions are expected to take place during the last four months of each year. The fee will be waived for any investor whose aggregate Dreyfus mutual fund investments total at least \$25,000, and will not apply to IRA accounts or to accounts participating in automatic investment programs or opened through a securities dealer, bank or other financial institution, or to other fiduciary accounts.

The Fund sends annual and semi-annual financial statements to all its shareholders.

COUNSEL AND INDEPENDENT AUDITORS

Stroock & Stroock & Lavan LLP, 180 Maiden Lane, New York, New York 10038-4982, as counsel for the Fund, has rendered its opinion as to certain legal matters regarding the due authorization and valid issuance of the shares being sold pursuant to the Fund's Prospectus.

Ernst & Young LLP, 5 Times Square, New York, New York 10036, independent auditors, have been selected as independent auditors of the Fund.
