FORM 10-K/A FOR THE YEAR ENDED DECEMBER 31, 2008

Item 9A – Controls and Procedures

Evaluation of Disclosure Controls and Procedures

1. We have reviewed your response to prior comment 1 from our letter dated July 31, 2009. It appears that you continue to believe that your disclosure controls and procedures were effective for the year ended December 31, 2008 despite disclosure of numerous material weaknesses. As we previously noted, Rule 13a-15(e) defines disclosure controls and procedures as those controls and procedures that are designed to ensure that information required to be disclosed is recorded, processed, summarized and reported within specified time periods and are

designed to ensure that information required to be disclosed by you in the reports that you file or submit under the Exchange Act is accumulated and communicated to your management, including your principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Despite the additional information you provided in your response letter, it remains unclear how you arrived at the conclusion that your disclosure controls and procedures are effective based on the definition in Rule 13a-15(e). Please revise your disclosures to disclose management's revised conclusion on the effectiveness of your disclosure controls and procedures as of the end of the fiscal year along with an explanation as to why you concluded your disclosure controls and procedures are ineffective, if you determine as such, in an amended Form 10-K. Otherwise, please revise your disclosure to provide a comprehensive discussion of the factors you considered and highlight any other factors that support your conclusion, despite the existence of numerous material weaknesses.
