FINANCIAL GOAL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Company is a registered broker-dealer incorporated under the laws of the State of California maintaining its main office in Rancho Mirage, California, with a branch office in San Diego, California. The Company is a member of FINRA and the SIPC. The Company is subject to a minimum net capital requirement of \$5,000 pursuant to SEC Rule 15c3-1. The Company operates pursuant to the (k)(2)(i) exemptive provision of SEC Rule 15c3-3 and does not hold customer funds or securities. Therefore, the Company is exempt from the computation for the determination of reserve requirements pursuant to Rule 15c3-3 as well as the disclosure of information relating to possession and control requirements pursuant to Rule 15c3-3. The Company's business consists of private placements of equity securities, debt securities, mortgage debt, secured notes, lease participations, and deeds of trust. Firm revenues from private placements come from two sources; upfront concessions and due diligence fees. We adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers (the "new revenue standard" or Accounting Standards Codification 606, ("ASC 606")) on December 1, 2017. Revenue recognition policies under the new standard are applied prospectively in our financial statements from December 1, 2017 forward. There were no material changes in our other revenue recognition policies as a result of the new standard. **Commissions and Other Fees:** All related income from customer securities transactions are reported in our Consolidated Statements of Financial Condition on reported on a trade-date basis.

Method of Accounting

The Company maintains its books and records on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of management's estimates. Actual results could differ from those estimates and such differences could be material.

SIPC

The SIPC assessment has been determined fairly in accordance with applicable instructions and was remitted timely.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) PROVISION FOR INCOME TAXES

The provision for income taxes consists of the following:

	<u>Federal</u>	<u>California</u>	<u>Total</u>
Current	\$ 12,383	\$ 5,267	\$ 17,650
Deferred	<u>-</u>	<u>-</u>	<u>-</u>
Total	\$ <u>12,383</u>	\$ <u>5,267</u>	\$ <u>17,650</u>

Deferred taxes are accounted for according to current standards which use an asset and liability approach in recognizing timing differences. This approach requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of such timing differences. Timing differences include the use of the cash basis for tax purposes and accrual basis for accounting purposes and the recognition of net operating loss carry-forwards. There were no material deferred tax items as of December 31, 2018. The Company's Federal and California tax returns are subject to examination for three and four years, respectively, subsequent to their being filed.

(3) RELATED PARTY TRANSACTIONS

The Company had entered into an expense-sharing agreement with a related corporation, whereby the Company secures necessary office space, support staff, equipment, telephone and utilities from the affiliated corporation for a monthly payment of \$2,415 through June 30, 2018. A new agreement was made for one year beginning July 1, 2018 at a monthly payment of \$3,650, and may be renewed annually.

The Company also pays commissions to two independent contractors, for services performed, one of whom is a parent of the shareholder of the Corporation. Amounts included in expenses in the current year applicable to the related party amounted to \$17,800.

Advances to shareholders totaled \$81,249 at December 31, 2018; and averaged \$131,000 for the year then ended based upon the month-end balances. The Company received interest income of \$1,193 on these advances for the year ended December 31, 2018. Repayment terms are not scheduled in writing. See Footnote 5 for related matter.

(4) GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others. The Company has issued no guarantees at December 31, 2018 or during the year then ended.

FINANCIAL GOAL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2018

(5) SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions occurring after year-end through the date that the financial statements were available for issuance. Advances to shareholders totaling \$25,000 were made during early January 2019 under the terms described in Footnote 3. The Company's net capital was \$19,131 as of December 31, 2018 (Footnote 7). As of the date that the financial statements were available for issuance, advances to shareholders amounted \$106,249.

(6) RECENTLY ISSUED ACCOUNTING STANDARDS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

For the year ending December 31, 2018, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) ("ASU 2016-02"). ASU 2016-02 requires that, at lease inception, a lessee recognize in the statements of financial condition a right-of-use asset, representing the right to use the underlying asset for the lease term, and a lease liability representing the liability to make lease payments. The ASU also requires that for finance leases, a lessee recognize interest expense on the lease liability, separately from the amortization of the right-of-use asset in the statements of operations, while for operating leases, such amounts should be recognized as a combined expense in the statements of operations. In addition, ASU 2016-02 requires expanded disclosures about the nature and terms of lease agreements and is effective for annual reporting periods beginning after December 15, 2018, including interim periods within that reporting period. Early adoption is permitted. The Company is evaluating the effect of ASU 2016-02 on its consolidated statement of financial condition and on net capital.

(7) NET CAPITAL

The Company is subject to a \$5,000 minimum capital requirement pursuant to SEC Rule 15c3-1, which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2018, the net capital was \$19,131 which exceeded the required minimum capital by \$14,131. The aggregate indebtedness to net capital ratio was 0.91 to 1.

For the Year Ended December 31, 2018

ALVAREZ & ASSOCIATES, INC
CERTIFIED PUBLIC ACCOUNTANTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Directors and Equity Owners of Financial Goal Securities:

We have reviewed management's statements, included in the accompanying Assertions Regarding Exemption Provisions, in which (1) Financial Goal Securities identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Financial Goal Securities claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(2)(i) (the "exemption provisions") and (2) Financial Goal Securities stated that Financial Goal Securities met the identified exemption provisions throughout the most recent year ended December 31, 2018, without exception. Financial Goal Securities's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Financial Goal Securities's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.

One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:
