Mesa Air Group Reports Fourth Quarter 2008 Revenue and Earnings

PHOENIX, January 13, 2009 - Mesa Air Group, Inc. (NASDAQ: MESA) (the "Company") announced today fourth quarter losses from continuing operations of \$22.3 million (\$0.83 per diluted share) on gross operating revenues of \$325.3 million. This compares to losses from continuing operations of \$62.2 million (\$2.16 per diluted share) in the fourth quarter of 2007 on gross operating revenues of \$327.8 million. Total operating revenues decreased \$2.6 million year-over-year, or 0.8%, primarily as a result of a year-over-year decrease in capacity partially offset by an increase in fuel revenue. Total Pro Forma Net income for the fourth quarter 2008 was \$3.1 million compared to \$2.2 million for the same period of the prior year. Pro forma net income for the quarter includes adjustments for the following items on an after tax basis: \$10.0 million of vendor settlements, \$4.9 million related to lease return costs, \$3.7 million for loss from equity method investments, \$2.0 million expense from the Aloha Airlines settlement, \$1.8 million for the adjustment to income tax valuation allowance, \$1.5 million loss on disposal of assets, \$0.9 million costs associated with our Chinese joint-venture, \$0.4 million of legal expense for our go! operations and a net \$0.2 million of additional pro forma items.

Total Available Seat Miles ("ASMs") for the fourth quarter of 2008 decreased 13.9% from the fourth quarter of 2007, primarily as a result of a decrease in the number of aircraft flown from 162 as of September 30, 2007 to 159 as of September 30, 2008. On September 30, 2008, Mesa's jet fleet was comprised of 45 Canadian Regional Jet (CRJ) -900's, 44 CRJ-200's, 20 CRJ-700's and 34 Embraer Regional-145's. The turboprop fleet consisted of 16 DeHavilland Dash 8's.

At September 30, 2008, the total balance of cash, cash equivalents, restricted cash, and marketable securities was \$64.9 million.

Events during the fourth quarter included:

--go! On November 28, 2008 Mesa announced entering into a settlement with the former controlling shareholder of Aloha Airlines concerning the Aloha Airlines lawsuit over Mesa's Hawaiian inter-island flight services operated under the go! brand name. Under the terms of the settlement and without admitting any wrongdoing, Mesa agreed to make a \$2.0 million cash payment, issue shares of common stock equal to 10% of its outstanding shares and provide inter-island travel benefits to certain former Aloha Airlines employees. Under the terms of the settlement, if the shareholder is able to purchase the "Aloha" name in the upcoming bankruptcy court auction, it will license the "Aloha" name to Mesa.

Mesa continued to expand its inter-island Hawaiian operation, go! During the fourth quarter 2008, available seat miles increased 18.5% from the same quarter in the prior year.

---Maintenance: In July 2008 Mesa entered into a new Time and Material Maintenance Program with GE. This agreement terminates the terms of a previous contract for the maintenance and repair of Mesa's owned or operated CF34-3B1 engines, settled Mesa's prior payment obligations and awarded a new exclusive 5-year contract for the maintenance repair, and overhaul of Mesa's CF34-3 engines. In accordance with the agreement, Mesa entered into a note payable for \$22.0 million in addition to a \$6.0 million payment for past due receivables.

---Delta: On August 1, 2008, Delta notified Mesa of the termination of the CRJ-900 Delta Connection Agreement, citing an alleged failure to meet certain contractual benchmarks contained in the CRJ-900 Delta Connection Agreement. Mesa denies having violated the Delta Connection Agreement and intends to challenge Delta's decision. At year end, Mesa was operating seven CRJ-900's as Freedom Airlines under this Delta Connection Agreement. The Company subleased the Delta Connection CRJ-900 Aircraft from Delta for \$1 per month per aircraft and these aircraft have been returned to Delta in connection with this termination with no further financial obligation to Mesa.

"2008 was a very challenging year operationally and financially for the Company," said Mesa Chairman and CEO, Jonathan Ornstein. "While many obstacles lay ahead, we are encouraged that the restructuring efforts begun in 2008 may permit the emergence of a reinvigorated company in 2009. We continue to execute our restructuring plan and take steps needed to improve the financial and operational performance of the Company."
