NOTICE OF ACTION TO BE TAKEN PURSUANT TO THE WRITTEN CONSENT OF MAJORITY STOCKHOLDERS IN LIEU OF A SPECIAL MEETING OF THE STOCKHOLDERS, DATED JULY 7, 2009

The action was taken on July 7, 2009, and will not become effective until at least 40 days after the mailing of this Information Statement.

Copies of this Information Statement are being mailed on or before *, 2009 to the holders of record on *, 2009 ("Record Date") of the outstanding shares of the Company's common stock.

General Information

Pursuant to Rule 14c-2 under the Securities Exchange Act of 1934, as amended, the action will not be adopted until a date at least 40 days after the date of this Information Statement. ACTION 1

TO AUTHORIZE THE FILING OF AN AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK, PAR VALUE \$0.001 PER SHARE, OF THE COMPANY FROM 42,857,143 SHARES TO 5,000,000,000 SHARES

The Company proposes to authorize the Company's Board of Directors to increase the authorized Common Stock of the Company by an amendment to the Company's Articles of Incorporation. The approval of the Amendment will increase the Company's authorized shares of Common Stock to 5,000,000,000. The Company currently has authorized Common Stock of 42,857,143 shares and 10,451,154 shares of Common Stock are issued and outstanding as of the Record Date. The creation of additional shares of authorized Common Stock will not alter the current number of issued shares. The relative rights and limitations of the shares of Common Stock will remain unchanged under this amendment.

The terms of the additional shares of Common Stock will be identical to those of the currently outstanding shares of Common Stock. However, because holders of Common Stock do not have any preemptive or similar rights to subscribe for or purchase any additional shares of Common Stock that may be issued in the future, the issuance of additional shares of Common Stock may, depending on the circumstances, have a dilutive effect on the earnings per share, voting power and other interests of the existing shareholders in the total outstanding shares of Common Stock.

As of the Record Date, a total of 42,857,143 shares of the Company's currently authorized and 10,451,154 shares of Common Stock are issued and outstanding. The increase in the number of authorized but unissued shares of Common Stock would enable the Company, without further shareholder approval, to issue shares to holders of the October Debenture and the October Warrant (as such terms are defined below) upon the conversion of their respective notes and/or exercise of their respective warrants. In addition, it would enable the Company to issue shares without further shareholder approval from time to time, as may be required, for other proper business purposes, such as raising additional capital for ongoing operations, business and asset acquisitions, stock splits and dividends, present and future employee benefit programs and other corporate purposes.

The proposed increase in the authorized number of shares of Common Stock could have a number of effects on the Company's shareholders depending upon the exact nature and circumstances of any actual issuances of authorized but unissued shares. The increase could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of the Company more difficult. For example, additional shares could be issued by the Company so as to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company. Similarly, the issuance of additional shares to certain persons allied with the Company's management could have the effect of making it more difficult to remove the Company's current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. Except as further discussed herein, the Board of Directors is not aware of any attempt, or contemplated attempt, to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device.

Except as described below, there are currently no plans, arrangements, commitments or understandings for the issuance of the additional shares of common stock which are proposed to be authorized:

October 2008 Private Placement

To obtain funding for its ongoing operations, the Company entered into a securities purchase agreement (the "Purchase Agreement"), pursuant to which it issued and sold a \$1,666,500 original issue discount senior secured debenture due October 31, 2010 (the "October Debenture") to an accredited investor (the "Purchaser") in a private placement. After deducting the expenses of the private placement, the Company received net proceeds of approximately \$1,457,500. The proceeds from the private placement were to be used for working capital purposes. As of July 7, 2009, all of the proceeds have been used for such purposes. Pursuant to the Purchase Agreement, the Purchaser also received a warrant to purchase up to 6,249,375 shares of the Company's common stock (the "October Warrant").

Pursuant to the Purchase Agreement, the Company agreed to hold a special meeting of shareholders or obtain a written consent of shareholders holding in excess of a majority of the Company's issued and outstanding shares of common stock for the purpose of obtaining shareholder approval of the filing of an amendment to the Company's Articles of Incorporation that increases the number of authorized shares of common stock of the Company from 42,857,143 to 500,000,000 (the "Authorized Share Approval") within 120 days following the closing date. In the event that the Company does not obtain the Authorized Share Approval at the first meeting, it is required to call a meeting every 30 days to seek the Authorized Share Approval until the Authorized Share Approval is obtained or the October Debenture or the October Warrant are no longer outstanding. In addition, as of the closing date of the October 2008 Private Placement, the Company was required to obtain agreements from shareholders holding an aggregate of at least 40% of its issued and outstanding common stock to vote in favor of the Authorized Share Approval. As of the closing, the Company obtained agreements from shareholders holding an aggregate of 46.3% of its common stock to vote in favor of the Authorized Share Approval.

In addition, pursuant to the Purchase Agreement, the Company executed a security agreement pursuant to which it granted a security interest and lien on all of its assets (the "Security Agreement"). Pursuant to the Security Agreement, the lien will terminate when the note and all amounts due in connection with the October Debenture are satisfied and all other obligations have been paid, discharged or satisfied in full. The Company's wholly-owned subsidiary, Blink Logic Corp., also entered into a guarantee agreement pursuant to which it guaranteed the obligations of the Company pursuant to the Purchase Agreement and the documents entered into in connection therewith. In addition, as a condition to completing the October 2008 Private Placement, certain previous investors of the Company (the "Prior Purchasers") entered into an agreement with the Company (the "Waiver and Consent Agreement"), pursuant to which the Prior Purchasers consented to the October 2008 Private Placement and agreed to waive certain rights, including but not limited to: their right to participate in future financings. As an additional condition to completing the October 2008 Private Placement, the certain existing creditors of the Company (the "Existing Creditors") entered into an agreement with the Company (the "Intercreditor Agreement"), pursuant to which the Existing Creditors agreed, among other things, that the amounts owed under the October Debenture shall rank senior to amounts owed to the Existing Creditors and any sums currently owing to the Existing Creditors shall rank *pari passu* with each other.

On April 13, 2009, the Purchaser agreed to amend the Purchase Agreement so that the Company was required to obtain the Authorized Share Approval on or before August 31, 2009.

In connection with the June 2009 Private Placement (as described below), on June 23, 2009, the Purchaser waived any default or breach that may have resulted by way of the Company's failure to receive the Authorized Share Approval as required by the Purchase Agreement. On that date, the Company, the Purchaser and other debt holders of the Company agreed that the Company shall proceed to obtain the Authorized Share Approval no later than thirty (30) days following June 23, 2009.

Subsequent to the June 2009 Private Placement, the Board of Directors of the Company determined that it was in the best interest of the Company to amend the Company's Articles of Incorporation to increase the number of authorized shares of common stock of the Company from 42,857,143 to 5,000,000,000 (rather than to 500,000,000 as required by the Purchase Agreement) to provide sufficient authorized shares of common stock for issuance pursuant to the October 2008 Private Placement, the March 2009 Private Placement, the April 2009 Private Placement, the June 2009 Private Placement and for future business or financial purposes. Authorized but unissued shares of common stock may be used by the Company for any purpose permitted under Nevada law, including but not limited to, paying stock dividends to stockholders, raising capital, providing equity incentives to employees, officers and directors, and entering into transactions that the Board believes provide the potential for growth and profit. Furthermore, the Company may utilize its securities to make future acquisitions. Although

the Company has no present obligation to issue additional shares of common stock (except pursuant to employee benefit plans or outstanding derivative securities as described herein), the Company may, in the future, issue common stock in connection with the activities described above or otherwise. On July 7, 2009, the Company obtained the written consent of ten (10) shareholders holding a majority of the Company's voting stock to increase the number of authorized shares of common stock of the Company from 42,857,143 to 5,000,000,000.

The following table illustrates the minimum and maximum fully diluted number of shares of common stock of the Company based on certain assumptions which have been summarized below.

The Original Issue Discount Senior Secured Debenture

The October Debenture is due on October 31, 2010. The initial conversion price (the “Conversion Price”) of the Debenture was \$0.20 per share. If the Company issues common stock at a price that is less than the effective conversion price, or common stock equivalents with an exercise or conversion price less than the then effective conversion price, the conversion price will be reduced to such price. The April 2009 Private Placement had the effect of reducing the conversion price to \$0.15 per share. Pursuant to the June 2009 Private Placement, the conversion price was amended to be the lesser of \$0.145 per share or 85% of VWAP for twenty (20) prior trading days. The effective conversion price on June 23, 2009, the closing date of the June 2009 Private Placement, was \$0.055335 per share.

The October Debenture contains certain covenants by the Company, including that it will not:

- incur any new indebtedness other than lease obligations or purchase money indebtedness of up to \$100,000 and up to \$2,500,000 of additional non-equity linked indebtedness
- incur any liens other than liens for taxes and other governmental charges liens incurred, liens incurred in the ordinary course of business or liens associated with permitted indebtedness ;
- other than the amendment proposed hereby, the Company shall not amend its charter documents in any manner that materially and adversely affects rights of the holder;
- repay, repurchase or offer to repay or repurchase more than a de minimis number of shares of its common stock;
- repay, repurchase or offer to repay or repurchase any indebtedness other than regularly scheduled principal and interest payments; and
- not pay cash dividends.

Events of Default under the October Debenture include but are not limited to the following:

- if the Company does not pay the principal amount due on the October Debenture or any liquidated damages and any other amounts owing on the October Debenture when they are due;
- if the Company fails to observe or perform any covenant under the October Debenture;
- if the Company or a significant subsidiary files for bankruptcy;
- if the Company is a party to a change of control transaction or if it disposes of in excess of 33% of its assets;
- if the Company’s common stock is not eligible for listing or quotation for trading on a trading market and shall not be eligible to resume listing or quotation for trading thereon within five trading days; and
- if any monetary judgment is entered against the Company in excess of \$250,000;

If an event of default occurs, the outstanding principal amount of the October Debenture, plus liquidated damages and other amounts owing in respect thereof through the date of acceleration, shall become, at the holder’s election, immediately due and payable in cash at the Mandatory Default Amount (as defined below). Commencing five days after the occurrence of any event of default that results in the eventual acceleration of the October Debenture, the interest rate on shall accrue at a rate equal to the lesser of 18% per annum or the maximum rate permitted under applicable law.

The Mandatory Default Amount is the sum of (i) the greater of (A) 130% of the outstanding principal amount of the October Debenture, or (B) the outstanding principal amount of the October Debenture divided by the conversion price on the date the Mandatory Default Amount is either (a) demanded (if demand or notice is required to create an event of default) or otherwise due or (b) paid in full, whichever has a lower conversion price, multiplied by the VWAP on the date the Mandatory Default Amount is either (x) demanded or otherwise due or (y) paid in full, whichever has a higher VWAP, and (ii) all other amounts, costs, expenses and liquidated damages due in respect of the Debenture.

October Warrant

The October Warrant initially had an exercise price of \$0.20 per share and expires on October 31, 2013. The Purchaser may, following the then-applicable holding period required by Rule 144, exercise the October Warrant on a cashless basis if the shares of common stock underlying the October Warrant are not then registered pursuant to an effective registration statement. In the event the Purchaser exercises the October Warrant on a cashless basis, then the Company will not receive any proceeds. In addition, if the Company issues common stock at a price that is less than the effective exercise price, or common stock equivalents with an exercise or conversion price less than the then effective exercise price, the exercise price will be reduced to such price.

As consideration for an agreement by the Purchaser to waive certain anti-dilution provisions on the October Debenture and the October Warrant that would have had the effect of reducing the conversion price on the October Debenture from \$0.20 per share to \$0.19 per share and the exercise price on the October Warrant from \$0.20 to \$0.19 per share as a result of the March 2009 Private Placement, the Company agreed to exchange the October Warrant, from time to time, for a total of 6,249,375 shares of common stock of the Company.

The Purchaser has agreed to restrict their ability to convert the October Debenture or exercise the October Warrant, such that the number of shares of the Company's common stock beneficially owned by them after such conversion or exercised does not exceed 4.99% (the "Beneficial Ownership Limitation"). The holders, upon 61 days written notice to the Company, may increase the Beneficial Ownership Limitation provided that it does not exceed 9.99% of the Company's common stock. Effective June 11, 2009, the Purchaser increased its Beneficial Ownership Limitation to 9.99%.

March 2009 Private Placement

On March 23, 2009, the Company issued and sold \$560,000 of its 10% Secured Promissory Notes (the "March Notes") for cash proceeds of \$560,000 to accredited investors (the "March Purchasers") in a private placement.

The March Notes were originally due on June 30, 2009. Pursuant to the June 2009 Amendment Agreement (as described below), the maturity date of the March Notes was extended to October 31, 2010. The initial conversion price of the March Notes was \$0.19 per share. Pursuant to the June 2009 Amendment Agreement, the conversion price was amended to be the lesser of \$0.145 per share or 85% of VWAP for twenty (20) prior trading days. The effective conversion price on June 23, 2009, the closing date of the June 2009 Private Placement, was \$0.055335 per share. The March Notes were to initially bear interest at the rate of 10% per annum payable on October 31, 2010 unless the interest was due on an earlier date in accordance with the terms of the March Notes. Pursuant to the June 2009 Amendment Agreement, interest shall be payable on the outstanding March Notes at the rate of (i) 0% per annum from June 23, 2009 until December 31, 2009 and (ii) 10% per annum, payable quarterly from January 1, 2010 until the Maturity Date.

The March Notes are a further advance under the terms of the Security Agreement and are secured by the security interest granted under the Security Agreement.

Events of default under the March Notes include but are not limited to the following:

- if the Company does not pay the principal amount or interest due on the March Notes;
- if the Company or any of its subsidiaries fails to observe or perform any obligation or breaches any term or provision under the March Notes;
- if the Company or any of its subsidiaries defaults on any of its obligations under any other indebtedness owing to the March Purchasers or other parties;
- if the Company or a significant subsidiary files for bankruptcy; or
- if the Company is a party to a change of control transaction or if it disposes of in excess of 33% of its assets.

If an event of default occurs, the outstanding principal amount of the March Notes, plus interest and other amounts owing in respect thereof through the date of acceleration, shall become, at the holder's election, immediately due and payable in cash. Commencing five days after the occurrence of any event of default that results in the eventual acceleration of the March Notes, the interest rate on the March Notes shall accrue at a rate equal to the lesser of 18% per annum or the maximum rate permitted under applicable law.

As consideration for an agreement by the March Purchasers to waive certain anti-dilution provisions on \$7,403,000 of debentures and 10,346,876 warrants previously issued to the March Purchasers that would have had the effect of reducing the conversion price on the \$7,403,000 of debentures from \$0.20 per share to \$0.19 per share and the exercise price on the 10,346,876 warrants from \$0.20 to \$0.19 per share, the Company agreed to exchange all of the warrants, from time to time, for a total of 10,346,876 shares of common stock of the Company. On June 22, 2009, 2,114,000 of the warrants were exchanged for 2,114,000 shares of common stock of the Company.

Letter Agreements dated March 24, 2009

On August 21, 2008, the Company issued and sold debentures having a total principal amount of \$522,200 (the “August Debentures”) to accredited investors (the “August Holders”) in a private placement. The initial conversion price on the August Debentures was \$1.96. The conversion price was reduced to \$0.20 per share on October 31, 2008 and \$0.15 per share on April 29, 2009. Pursuant to the June 2009 Amendment Agreement, the conversion price was amended to be the lesser of \$0.145 per share or 85% of VWAP for twenty (20) prior trading days. The effective conversion price on June 23, 2009, the closing date of the June 2009 Private Placement, was \$0.055335 per share. The August Debentures were originally due on August 20, 2010. Pursuant to the June 2009 Amendment Agreement, the maturity date of the August Debentures was extended to October 31, 2010. In addition, the August Holders also received warrants on August 21, 2008 to purchase 372,999 shares of the Company’s common stock (the “August Warrants”).

Pursuant to Letter Agreements dated March 24, 2009, by and between the Company and the August Holders, the definition of monthly redemption amount (“Monthly Redemption Amount”) in the August Debentures was revised for each August Holder. In addition, the definition of monthly redemption date (“Monthly Redemption Date”) in the August Debentures was amended and restated as follows: “Monthly Redemption Date” means October 19, 2009, and the 19th calendar day of each month thereafter, and terminating upon the full redemption of this Debenture.” Pursuant to the June 2009 Amendment Agreement, no principal payments are due on the August Debentures until the maturity date on October 31, 2010.

- As consideration for the amendment to the Monthly Redemption Amount and the Monthly Redemption Date described above and an agreement by the August Holders to waive certain anti-dilution provisions in the August Debentures and the August Warrants as a result of the issuance of the March Notes that would have had the effect of reducing the conversion price on the August Debentures from \$0.20 per share to \$0.19 per share and the exercise price on the August Warrants from \$0.20 to \$0.19 per share, the Company agreed to exchange all of the August Warrants, from time to time, for a total of 372,999 shares of common stock of the Company. Subsequent to March 24, 2009, the August Holders exchanged the 372,999 August Warrants for 372,999 shares of common stock of the Company.
