REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member and Management of
Calamos Financial Services LLC
2020 Calamos Court
Naperville, IL 60563

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Calamos Financial Services LLC (the "Company") as of December 31, 2021, and the related statements of operations, cash flows, and changes in members' capital for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of Calamos Financial Services LLC as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Report on Supplemental Schedules

The supplemental schedules h, j, and m listed in the accompanying table of contents have been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental schedules are the responsibility of the Company's management. Our audit procedures included determining whether the supplemental schedules reconcile to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedules. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in compliance with Rule 17a-5 under the Securities Exchange Act of 1934. In our opinion, such schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

CALAMOS FINANCIAL SERVICES LLC
Notes to Financial Statements

(1) Nature of Business and Summary of Significant Accounting Policies

Nature of Business

Calamos Financial Services LLC (the Company) is a wholly owned subsidiary of Calamos Investments LLC (Calamos Investments) registered in the state of Delaware. Calamos Asset Management, Inc. (CAM) is the sole manager of Calamos Investments that operates and controls all the business and affairs of Calamos Investments. The Company, a registered broker and dealer in securities under the Securities Exchange Act of 1934, operates primarily as the sole distributor of the Calamos domestic open-end funds and an offshore fund (collectively the Funds) and does not hold customer funds or safekeep customer securities. The Company receives distribution and service fees from the Funds and generally pays these fees to financial intermediaries.

Segments

The Company operates as one reportable segment that acts as the sole distributor of the Calamos domestic open-end funds and an offshore fund.

Financial Instruments

The carrying values of cash, receivables, and payables approximate fair value due to the short maturities of these financial instruments.

Revenues

The Company's revenue consists of distribution and services fees from the Funds, commission revenues and administrative services fees. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Distribution fees

The Company enters into arrangements with the Funds pursuant to Rule 12b-1 of the Investment Company Act, whereby the Funds pay the Company a distribution and/or service fee. The fee is calculated as a fixed percentage of the average daily net assets of the Funds. The Company believes that its performance obligation is the sale of securities by the Funds and as such is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Any variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the client remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the client activities are known, which are usually monthly or quarterly. Distribution fees are recognized each day the shareholder owns the fund when the performance obligation has been satisfied.

Administrative service fees

Administrative service fees, which are part of an agreement between the Company and CAL, are received for services provided to shareholders and prospective shareholders of the Funds. These fees are recognized over time and are based on the average daily net assets of the Funds and the shares sold as a result of the Company's wholesaling activities. The Company believes that its performance obligation for administrative service fees is the sale of securities to clients and is fulfilled on the trade date. Administrative service fees are recognized over time when the performance obligation has been satisfied.

CALAMOS FINANCIAL SERVICES LLC
Notes to Financial Statements - (Continued)

Commissions

The Company receives a sales commission and/or an underwriting fee on certain sales of each Fund's Class A shares to investors. This commission and/or underwriting fee is a single performance obligation relating to securities transactions that is recorded on the trade date. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer. Consequently, commissions are recorded on a trade-date basis as securities transactions occur.

Deferred Sales Commissions

The Company is responsible for the payment of sales commissions to financial intermediaries in connection with the sales of Class C shares based on agreements with the Funds distributed by the Company. The sales commissions paid at the time of sale of Class C shares compensate financial intermediaries for distribution and/or shareholder servicing for the first year after purchase. The Company receives monthly distribution and/or services fees from the Funds equal to a percentage of the average daily net assets of the share class.

The dealer commissions paid to the financial intermediaries are deferred and amortized over a one-year period, consistent with the period the Funds' shares are subject to redemption fees. The Company evaluates the recoverability of deferred sales commissions at each reporting period by assessing whether the undiscounted future distribution and services fees exceed the carrying amount of the deferred sales commission asset.

CAL assumes the costs incurred by the Company under a non-recourse agreement (Financing Agreement) in connection with the distribution of the Funds in exchange for the Company's right to the revenues under the related distribution agreements. The right to the revenues is recognized as deferred revenue that is amortized into income over a one-year period, utilizing the units of revenue methodology.

Compensation Plans

The Company previously participated in CAM's stock plan that provided for grants of restricted stock unit (RSU) awards to certain employees of the Company. RSUs were convertible on a one-for-one basis into shares of CAM's common stock. Compensation expense is recognized based on the grant-date fair value of the award. The Company records compensation expense on a straight-line basis over the service period. In 2017, the incentive stock plan was converted into a cash-based incentive plan, at a fixed unit value of \$8.25 per share. The non-vested RSUs continue to vest through their remaining service period. As the awards continue to vest, a liability equal to the fixed unit value of \$8.25 per share is recognized by reclassifying that amount from equity to accrued compensation.

The Company offers long-term cash-based incentive award plans to certain employees of the Company. Compensation expense is recognized over the service period on a straight-line basis, adjusted for changes in the underlying value of the award. As the awards vest, the employee will receive a portion of the original award, along with a predefined percentage of the appreciation or depreciation of Calamos Investments' value at each vesting date.

Income Taxes

The Company is organized as a single-member limited liability company and is a pass-through entity for federal income tax purposes and thus has no federal income tax liabilities. There are no uncertain income tax positions that impact the Company's financial statements for the year ended December 31, 2021. For tax return purposes, the Company is consolidated with the operations of Calamos Investments which is subject to examination by U.S. Federal and State tax authorities for the years 2018 through 2021.

CALAMOS FINANCIAL SERVICES LLC
Notes to Financial Statements - (Continued)

Use of Estimates in the Preparation of Financial Statements

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America, which require the use of estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities. Management believes the accounting estimates are appropriate and reasonably stated; however, due to the inherent uncertainties in making estimates, actual amounts could differ from these estimates.

Recently Adopted Accounting Pronouncement

The Company has reviewed all newly issued accounting pronouncements that are applicable to its business and to the preparation of its financial statements, including those not yet required to be adopted. The Company does not believe any such pronouncements will have a material effect on its financial position or results of operations.

Subsequent Events

The Company has evaluated subsequent events for potential recognition and/or disclosure through the date that the financial statements were issued.

(2) Related-Party Transactions

Calamos Investments and certain of its affiliates share personnel, office space and equipment with the Company. Shared costs are allocated based on a management services agreement. Expenses allocated between the companies are recorded as a reduction in expense in the statement of operations and settled monthly.

The following is a summary of these expenses for the year ended December 31, 2021:

Expenses allocated to the Company from Calamos Investments and affiliates:

Occupancy and equipment	\$ 1,626,497
Employee compensation and benefits	460,260
Other operating expenses	1,999,847
Total	\$ 4,086,604

Expenses allocated to Calamos Investments and affiliates from the Company:

Employee compensation and benefits	\$ 2,628,036
Other operating expenses	1,604
Total	\$ 2,629,640
Net expenses allocated to the Company from Calamos Investments and affiliates	\$ 1,456,964

The Company is party to an agreement with CAL, whereby CAL pays the Company for administrative services provided to existing and prospective shareholders of the Funds, among other services and activities. The Company received \$35,924,092 for administrative services from CAL during the year ended December 31, 2021. These fees are reported within administrative services fees on the statement of operations.

As of December 31, 2021, the Company had receivables due from various affiliates and affiliated funds of \$81 and \$138,956, respectively, and payables to various affiliates of \$319,785, primarily related to its management services and administrative services agreements.

The Company is party to a Financing Agreement with CAL to sell and transfer outright to CAL all the Company's rights, title and interest in certain fee payments received. In accordance with this agreement, the fee payments

CALAMOS FINANCIAL SERVICES LLC
Notes to Financial Statements - (Continued)

specifically consist of and are limited to: (a) Class C distribution and services fees (with respect to Class C Shares during the first year after such shares are purchased); and (b) contingent deferred sales charges on Class A and Class C shares of the Funds. For the year ended December 31, 2021, CAL earned \$1,663,570 for Class C distribution fees and contingent deferred sales charges in accordance with the terms of the non-recourse agreement. In exchange for fees identified above, CAL agrees to pay certain amounts including the following: (a) amounts required to make commission payments on Class A shares of the Funds for purchases through the large purchase order net asset value privilege; (b) amounts required to make 12b-1 fee payments to financial service firms with respect to Class C shares of the Funds during the first year after shares are purchased; and (c) other various amounts as agreed upon from time to time. For the year ended December 31, 2021, CAL paid \$4,313,681 for selling dealer fees on Class A fund share sales and \$1,886,727 for sales commission on Class C fund share sales in accordance with the terms of the non-recourse agreement.

The Company is the distributor for the Funds. For the year ended December 31, 2021, the Company earned \$16,676,239 of distribution fees from the Funds that are not subject to the above-mentioned agreement with CAL. These distribution fees are generally paid to brokers and other financial intermediaries and are reported as distribution expenses in the statement of operations. For the year ended December 31, 2021, the Company earned \$476,664 of commission revenues, which represents front-end sales charges earned from the sale of open-end funds. Expenses and costs paid by the Company on behalf of the Funds are billed to and collected from the Funds. Uncollected commissions and distribution fees due from the Funds as of December 31, 2021, were \$138,956.

(3) Payable to Brokers

As of December 31, 2021, the Company had payments due to brokers and other financial intermediaries for 12b-1 distribution and services fees in the amount of \$2,833,623.

(4) Profit Sharing Plan

The Company contributes to a defined contribution profit sharing plan (the PSP Plan) covering substantially all employees. Contributions to the PSP Plan are at the discretion of Calamos Investments. For the year ended December 31, 2021, the Company recorded expense for the contributions to the PSP Plan, including the 401(k) match, in the amount of \$1,079,149. This expense is included in employee compensation and benefits on the statement of operations.

(5) Long-Term Incentive Plans

Certain employees of the Company received long-term incentive compensation comprised of RSUs under CAM's stock compensation plan, which was designed to retain key employees. RSUs were granted with no strike price, and therefore, the Company received no proceeds when the RSUs vested. These awards, including accrued dividends, vest at the end of the restriction period, generally not to exceed six years after the grant date, and are expensed on a straight-line basis over this period.

In 2017, the incentive stock plan was converted into a cash-based incentive plan, at a fixed unit value of \$8.25 per share. The non-vested RSUs continue to vest through their remaining service period. As the awards continue to vest, a liability equal to the fixed unit value of \$8.25 per share is recognized by reclassifying that amount from equity to accrued compensation. For the year ended December 31, 2021, there were no RSUs awarded to employees of the Company.

CALAMOS FINANCIAL SERVICES LLC
Notes to Financial Statements - (Continued)

A summary of the RSU activity for the year ended December 31, 2021, is as follows:

	Number of Shares	Weighted Average Grant Date Fair Value
Outstanding as of December 31, 2020	130,511	\$ 8.62
Exercised upon vesting	(43,504)	\$ 8.62
Outstanding as of December 31, 2021	<u>87,007</u>	<u>\$ 8.62</u>

As of December 31, 2021, the Company had 87,007 RSUs outstanding with a weighted average remaining service period of 1.2 years and an aggregate intrinsic value of \$750,000. The aggregate intrinsic value and the fair value of RSUs vested and exercised during 2021 was \$375,004.

For the year ended December 31, 2021, the Company recorded compensation expense of \$267,857 in connection with the RSUs. As of December 31, 2021, the Company has \$323,661 of total unrecognized compensation expense related to non-vested RSUs that are expected to be recognized over a weighted average service period of 1.2 years.

The Company offers long-term cash-based incentive award plans to certain employees of the Company. For the year ended December 31, 2021, the Company recorded compensation expense of \$3,677,641 in connection with these plans. As of December 31, 2021, the Company has \$3,321,262 of total unrecognized compensation expense related to the non-vested equity that is expected to be recognized over a weighted average service period of 2.3 years.

(6) Concentration Risk

For the year ended December 31, 2021, 27%, 24% and 20% of the Company's distribution and service fees were derived from services provided to the Calamos Market Neutral Fund, the Calamos Growth and Income Fund and the Calamos Growth Fund, respectively. Due to the nature of the Company's agreement to compensate financial intermediaries, a reduction in revenues related to these products would be immediately offset with a commensurate reduction in distribution expenses. This revenue and related expense is largely dependent on the level of assets under management.

(7) Contingencies

In the normal course of business, the Company enters into agreements that may include indemnity provisions in favor of third parties and affiliates. Certain indemnities may not limit the Company's liability and therefore it is not possible to estimate the Company's potential liability under these circumstances. In some instances, the Company may have recourse against third parties with respect to these indemnification obligations. The Company also has the authority to indemnify its officers, employees, and agents in certain situations. The Company maintains insurance policies that may provide coverage against certain claims under these indemnities. Further, in the normal course of business, the Company may be party to various legal and regulatory proceedings from time to time.

(8) Regulatory and Net Capital Requirements

As a broker-dealer, the Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. Rule 15c3-1 requires that the Company maintain minimum net capital, as defined, and requires that the ratio of "aggregate indebtedness" to "net capital," as those terms are defined by the rule, may not exceed 15-to-1. As of December 31, 2021, the Company's net capital was \$14,255,008, which was \$13,250,479 in excess of its required net capital of \$1,004,529, and its ratio of aggregate indebtedness to net capital was 1.06 to 1.

CALAMOS FINANCIAL SERVICES LLC

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member and Management of
Calamos Financial Services LLC
2020 Calamos Court
Naperville, IL 60563

We have reviewed management's statements, included in the accompanying Calamos Financial Services LLC Exemption Report (the "Exemption Report"), in which Calamos Financial Services LLC (the "Company") stated that the Company did not claim an exemption under paragraph (k) of 17 C.F.R. § 240.15c3-3 and filed the Exemption Report relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 ("Footnote 74") throughout the year ended December 31, 2021, without exception. The Company's management is responsible for its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about management's statements within the Exemption Report. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions of Footnote 74.

Calamos Financial Services LLC
Exemption Report

Calamos Financial Services LLC (the "Company") is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. § 240.17a-5, "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. § 240.17a-5(d) (1) and (4). To the best of its knowledge and belief, the Company states the following:

- (1) The Company did not claim an exemption under paragraph (k) of 17 C.F.R. § 240.15c3-3, in reliance on Footnote 74 to SEC Release No. 34-70073 adopting requirements to 17 C.F.R. § 240.17a-5 ("Footnote 74") throughout the most recent fiscal year without exception.
- (2) The Company acts as the sole distributor of the Calamos domestic open-end funds and an offshore fund.
- (3) The Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers; (2) did not carry accounts of or for customers and (3) did not carry PAB accounts.

Calamos Financial Services LLC

I, Christian Helmetag, swear (or affirm) that, to my best knowledge and belief, this Exemption Report is true and correct.
