### **PROXY STATEMENT**

---

This proxy statement contains information related to the annual meeting of stockholders of Biopure Corporation to be held on Wednesday, April 2, 2003, beginning at 10:00 a.m., at the Cambridge Marriott Hotel, 2 Cambridge Center, Cambridge, Massachusetts 02142, and at any postponements or adjournments thereof. This solicitation is being made by the Company. This proxy statement is first being sent to stockholders on or about February 28, 2003.

### **ABOUT THE MEETING**

#### ***What is the purpose of the annual meeting?***

At the Company's annual meeting, stockholders will act upon the election of directors and to amend a securities and incentive plan. In addition, the Company's management will report on the Company and respond to questions from stockholders. This solicitation of proxies is being made by the Company.

#### ***Who is entitled to vote at the meeting?***

Only stockholders of record at the close of business on the record date, February 3, 2003, are entitled to receive notice of the annual meeting and to vote the shares of class A common stock that they held on that date, at the meeting or any postponements or adjournments of the meeting.

The Company has only one class of voting common stock outstanding, its class A common stock.

#### ***What are the voting rights of class A common stockholders?***

Each outstanding share of class A common stock is entitled to one vote on each matter to be voted upon at the meeting.

#### ***Who can attend the meeting?***

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Admission to the meeting will be on a first-come, first-served basis.

#### ***What constitutes a quorum?***

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of class A common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 30,875,563 shares of class A common stock of the Company

were outstanding. Proxies received but marked as abstentions will be included in the calculation of the number of shares considered to be present at the meeting.

***How do I vote?***

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. “Street name” stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

***Can I vote by telephone or electronically?***

Most stockholders can vote their shares over the internet or by telephone. If internet or telephone voting is available to you, voting instructions are printed on the proxy card sent to you.

***Can I change my vote after I return my proxy card?***

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

***What are the Board’s recommendations?***

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board recommends a vote:

*for* election of the nominated slate of directors; and

*for* approval of the Amendment to the 2002 Omnibus Securities and Incentive Plan.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

***What vote is required to approve each item?***

The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked “WITHHOLD AUTHORITY” with respect to the election of one or more directors will not be voted for the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

The affirmative vote of a majority of the votes present in person or by proxy at the meeting is required for the approval of the amendment to the 2002 Omnibus Securities and Incentive Plan.

Each non-employee director receives an annual grant of options to purchase 10,000 shares of class A common stock, except for Dr. Sanders, who received an additional option to purchase 50,000 shares upon agreeing to become Chairman of the Board. Directors who are also employees of the Company receive no additional compensation for service as directors.

***How often did the Board meet during fiscal 2002?***

The Board of Directors met fifteen times during fiscal 2002. Each director attended at least 75% of the total number of meetings of the Board and committees on which he served, except for Dr. Koop, who attended 75% of the regular meetings and 73% of all regular and special meetings held during the year.

***What committees has the Board established?***

The Board of Directors has standing compensation, nominating and audit committees. The Compensation Committee consists of Dr. Sanders, Chairman, and Mr. Judelson. The Nominating Committee consists of Dr. Sanders and Mr. Harrington. The Audit Committee consists of Mr. Harrington, Chairman, Dr. Sanders and Dr. Crout. All members of the Audit Committee are independent as defined in the listing standards of the National Association of Securities Dealers.

**Compensation Committee.** The Compensation Committee is charged with reviewing the Company's general compensation strategy; establishing salaries and reviewing benefit programs for the Chief Executive Officer, the President and those persons who report directly to them; reviewing, approving, recommending and administering the Company's incentive compensation and stock option plans; and approving any employment and certain consultants' contracts. The Compensation Committee met seven times in fiscal 2002.

**Nominating Committee.** The Nominating Committee develops and reviews background information for candidates for the Board of Directors, including those recommended by shareholders, and makes recommendations to the Board regarding such candidates. Any shareholder wishing to propose a nominee should submit a recommendation in writing to the Company's Secretary, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a director.

**Audit Committee.** The audit committee oversees the accounting and financial reporting processes of the Company and audits of its financial statements. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors, the internal accounting staff and management of the Company. In discharging its role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company. The committee also has the power to retain legal, accounting and other advisors, as it deems necessary to carry out its duties. The Audit Committee met seven times in fiscal 2002.

**The Board of Directors recommends a vote for both of the DIRECTOR NOMINEES.**

#### **Certain Transactions**

The Company and Mr. Rausch entered into a loan agreement on August 8, 1990, under which Mr. Rausch borrowed \$700,000. Payment of principal and interest were deferred until July 31, 2003. On July 29, 2002, the Company cancelled Mr. Rausch's obligation to pay all of the interest accrued, equal to \$901,300, in exchange for Mr. Rausch's agreement to cancel and forgive the same amount owed by the Company to him, as described below under "Agreements and Plans." Mr. Rausch prepaid \$466,900 of the principal. The resulting loan principal balance of \$233,100 is payable July 31, 2007, and interest at the prime rate of Fleet Bank N.A. is paid monthly.

#### **Audit Committee of the Board of Directors**

*The following Audit Committee audit report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.*

The Board of Directors has adopted a written charter for the Audit Committee. The members of the Audit Committee are "independent," as defined in the listing standards of the National Association of Securities Dealers.

#### **Report of the Audit Committee**

In fulfilling its responsibilities during fiscal 2002, the Committee reviewed and discussed the audited financial statements with management, including a discussion of the quality, not just the

acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee met with both management and the Company's independent auditors to review and discuss significant accounting issues and the audited financial statements. The Committee's review included discussion with the independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61, *Communications with Audit Committees*.

With respect to the Company's independent auditors, the Committee, among other things, received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and discussed with Ernst & Young LLP matters relating to its independence, including the impact of non-audit-related services provided to the Company and the disclosures made to the Committee as required by Independence Standards Board Standard No. 1. The Committee also discussed with the Company's independent auditors the overall scope and plans for its audit. The Committee met with the independent auditors, with and without management present, to discuss the results of their audit and the overall quality of the Company's financial reporting.

On the basis of these reviews and discussions, the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2002, for filing with the Securities and Exchange Commission.

Daniel P. Harrington  
J. Richard Crout, M.D.  
Charles A. Sanders, M.D.

### **Executive Compensation**

*The following Report of the Compensation Committee and the performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graph by reference therein.*

### **Report of the Compensation Committee**

The Compensation Committee has furnished the following report for fiscal year 2002.

Biopure's employee compensation policy is to offer a package including a competitive salary, an incentive bonus and a stock option program in which most employees are eligible to participate. The Company's compensation policy for officers is similar to that for other employees.

The Committee believes that this three-part approach best serves the interests of the Company and its stockholders. It provides for executive officer compensation that advances both the short- and long-term interests of stockholders. Under this approach, compensation for these officers involves a high proportion of pay that is "at risk" — namely, the annual bonus and stock options. The annual bonus permits individual performance to be recognized on an annual basis, and is based in significant part on an evaluation of the contribution made by the officer to the Company's performance. Stock options relate a significant portion of long-term remuneration directly to stock price appreciation realized by all of the Company's stockholders.

Officers of the Company are paid salaries in line with their responsibilities. Generally, these salaries are structured to be within a salary range paid by other companies in the biotech or the pharmaceutical industry. Companies selected for salary comparison purposes differ from the companies included in the indices used in the performance graph that follows this report.

The Committee determines base salaries for the Company's executive officers and changes in salaries, taking into account such factors as competitive industry salaries, an assessment of the nature of the position, the contribution and experience of the officer, the length of the officer's service and the recommendation of the Chief Executive Officer. The Committee reports its decisions to the full Board of Directors for confirmation.

No annual bonuses were paid to executive officers of the Company for fiscal 2002. Special bonuses aggregating \$13,000 were paid to two officers.

The Company's Chief Executive Officer recommends option grants for executive officers and management other than himself, generally within a range associated with the individual's salary level. He also recommends an aggregate number of optioned shares to be granted to other employees and allocated by management. The Committee reviews and decides upon these recommendations and makes awards to Mr. Moore. The Committee then reports its decisions to the Board of Directors for confirmation.

The Compensation Committee annually reviews the compensation of the Chief Executive Officer based on an assessment of overall Company performance, the extent to which the Company achieved its overall goals or milestones and its cash resources. Mr. Moore became the Company's Chief Executive Officer in 2002. Mr. Moore's base compensation for 2003 has not been changed from 2002; the Committee will review his salary for the first time in 2003. Mr. Moore holds a significant number of stock options, and to the extent his performance translates into an increase in the value of the Company's stock, all stockholders and holders of options, including Mr. Moore, share the benefits.

#### **Compensation Committee Interlocks and Insider Participation**

The Board's Compensation Committee consists of Dr. Sanders and Mr. Judelson. Neither is or has been an officer or employee of the Company. Jane Kober, Senior Vice President and General Counsel, serves as a member of the board of directors of HTV Industries, Inc., of which Mr. Harrington is president; she does not serve on HTV's compensation committee. No other executive officer of Biopure serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

#### **Executive Compensation Summary Tables**

The following table sets forth information concerning total compensation earned or paid to the individual who served as chief executive officer and the four most highly compensated other executive officers of the Company who served in such capacities as of October 31, 2002 (the "named executive officers") for services rendered to the Company during each of the last three fiscal years.

#### *Option Grants in Last Fiscal Year*

Options granted to the individuals who served as chief executive officer and the Company's four most highly compensated other executive officers who served in such capacities as of October 31, 2002, were as follows. All options vest in equal annual increments over four years, except as noted.

Amounts in the following table represent hypothetical gains that could be achieved for the options if they were exercised at the end of the option term. The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent an estimate or projection of our future class A common stock prices. These amounts represent certain assumed rates of appreciation in the value of the class A common stock from the fair market value on the date of the grant. Actual gains, if any, on stock option exercises are dependent on the future performance of the class A common stock and overall stock market conditions. The amounts reflected in the following table may not necessarily be achieved.

#### *Option Exercises and Fiscal Year-End Option Values*

The following table shows the number and value of unexercised options held by the individual who served as chief executive officer and the Company's four most highly compensated other executive officers at October 31, 2002. None of these individuals exercised options in fiscal 2002.

In accordance with SEC rules, values are calculated by subtracting the exercise price from the fair market value of the underlying common stock. For purposes of this table, the fair market value on October 31, 2002 was determined to be \$5.20 per share, the closing price of the class A common stock as quoted on The Nasdaq Stock Market on October 31, 2002.

### **Agreements and Plans**

#### ***Non-Competition Agreements***

All of our executive officers have agreed in writing not to engage in any activities that would compete with our current business or any potential business during their employment terms and for at least two years thereafter.

#### ***Deferred Compensation Agreement***

Mr. Rausch and the Company entered into a deferred compensation agreement in 1990, under which Mr. Rausch, who was then Chairman and Chief Executive Officer, deferred incentive compensation of \$700,000. Payment of the compensation was further deferred twice, and the deferred compensation together with accrued interest were to become payable on July 31, 2003. By an agreement dated July 29, 2002, Mr. Rausch forgave and cancelled all of the interest owed to him, \$901,300, and the Company accelerated payment of the \$700,000 deferred amount originally awarded. Mr. Rausch applied \$466,900 of the payment to repay his outstanding indebtedness described above under “Certain Transactions,” and the balance was withheld by the Company for withholding tax.

#### ***Employment Agreements***

The Company has an employment agreement with Carl Rausch. The agreement provides for Mr. Rausch’s services as Chief Technical Officer of Biopure for a three-year term beginning June 25, 2002. He is entitled to an annual base salary of not less than \$350,000, subject to annual adjustment, and is eligible to participate in all incentive, savings and retirement plans and welfare benefit plans and programs that the Company maintains or implements and to receive any perquisites generally given to senior executives. Termination benefits consist of (a) the payment of three years base salary and all

amounts accrued through the date of termination and (b) the vesting of any unvested options Mr. Rausch holds on the date of termination with a three-year period to exercise all of his options (but not beyond their 10-year terms).

Mr. Moore and the Company are parties to an employment agreement. The agreement has a three-year term from June 25, 2002. Under the terms of his agreement, Mr. Moore will serve as president and chief executive officer of Biopure. He is entitled to an annual base salary of not less than \$350,000, subject to annual adjustment, and is eligible to participate in all incentive, savings and retirement plans and welfare benefit plans and programs that the Company maintains or implements and to receive any perquisites generally given to senior executives. In addition, under the agreement, Mr. Moore received stock options to purchase 800,000 shares of class A common stock. These options have terms of 10 years and become exercisable in increments, including upon reaching performance goals, but in any case will be 100 percent vested on June 25, 2006, and will be immediately exercisable in the event of a change of control or in the event of Mr. Moore's death, disability, retirement, termination of employment for reasons other than cause or voluntary termination under certain circumstances. If Mr. Moore's employment is terminated for any reason, Mr. Moore will receive all amounts accrued through the date of termination, and if the termination is other than for cause, death or disability or by Mr. Moore for "Good Reason" (as defined), he is also entitled to (a) one year's base salary (two years' salary if the termination is following a "Change of Control," as defined) and (b) vesting of some of his unvested options with 90 days to exercise all of his options.

On February 12, 2003, the Company entered into an employment agreement with Ronald F. Richards. Under the agreement, Mr. Richards became Chief Financial Officer and Senior Vice President, Business Development, of the Company. The agreement provides for a two-year employment term with a minimum base salary of \$250,000 a year and eligibility to participate in all incentive, savings and retirement plans and welfare benefit plans and programs of the Company and to receive any perquisites generally given to senior executives. In addition, Mr. Richards received options to purchase 150,000 shares of class A common stock; options for 30,000 of these shares vested immediately upon grant and the balance will vest monthly in 5,000-share increments over two years. The options also vest automatically if there is a "Change of Control," as defined. If Mr. Richards' employment is terminated by the Company other than for cause, death or disability or by Mr. Richards for "Good Reason" (as defined), Mr. Richards will be entitled to receive one year's base salary in addition to all amounts accrued as payable to him at the date of termination, or two years' base salary if such termination occurs within two years of a "Change of Control," as defined.

#### ***1990 Incentive Compensation and Company Stock Purchase Plan***

Under an Incentive Compensation and Company Stock Purchase Plan, the Company sold "non-lapse" restricted shares of class A common stock in August 1990 to certain key employees, consultants and directors at a purchase price of \$1.35 per share. At the time of purchase, these shares had an estimated fair market value of \$5.40 per share. The price paid for these shares represented a discount of \$4.05 per share. Under the terms of separate stock purchase agreements entered into with each purchaser, the resale price of these shares, whether sold to the Company or to a third party, would be equal to the price of the class A common stock less the discount with accrued interest. Any purchaser of such shares would be subject to the same restrictions. At May 1, 1999, the discount plus accrued interest per share was \$7.92.

As of May 1, 1999, by separate amended agreements with officers and directors owning an aggregate of 1,172,052 "non-lapse" restricted shares, the discount plus accrued interest per share was fixed at \$7.92, and holders may sell their shares or eliminate the restrictions at any time by the payment to the Company of \$7.92 per share. In addition, the Company has the right, exercisable at any time during the 12 months beginning August 1, 2004, to exchange these restricted shares for a number of shares of

class A common stock having equivalent value after taking into account the discount of \$7.92 per share. As of January 29, 2003, 905,386 “non-lapse” restricted shares held by directors and officers remained outstanding.

### ***The 1998 Stock Option Plan***

In 1998, the Board of Directors adopted the 1998 Stock Option Plan as a replacement for the 1988 Stock Option Plan, which expired in March 1998. Awards under the 1999 plan were in the form of incentive options, which are defined in the Internal Revenue Code of 1986, or non-statutory options. Options granted under this plan vest in such installments, cumulative or non-cumulative, as the Board may determine.

### ***1999 Omnibus Securities and Incentive Plan***

In 1999, the Board adopted the 1999 Omnibus Securities and Incentive Plan, which has the terms described below. This plan is intended to promote the Company’s long-term financial interests and growth by providing incentives to employees and directors and to align their interests with those of the Company’s stockholders by acquiring a proprietary interest in the Company’s long-term success.

*General.* The 1999 Omnibus Securities and Incentive Plan provides for the granting of stock options, restricted stock awards, unrestricted stock awards, performance unit awards, performance share awards, distribution equivalent rights, or any combination of the foregoing to the Company’s employees, directors and consultants. The Company’s Compensation Committee administers this plan. The maximum number of shares of class A common stock reserved for issuance under this plan is 1,866,666.

*Stock Options.* Under the plan, the committee may award stock options, the term and vesting rules of which are to be specified in the respective stock option award agreements. The committee determines whether to award incentive stock options or nonqualified stock options, as described in the applicable stock option award agreement. The granting of incentive stock options, as defined in the Internal Revenue Code of 1986, is subject to certain limitations as described in the plan, including the requirement that incentive stock options cannot be granted to non-employee directors. The committee determines the option price, but, in the case of an incentive stock option, the option price may not be less than the fair market value of a share of class A common stock on the date of the grant of the option.

*Restricted Stock Awards.* The committee may grant restricted stock awards to key management employees and directors pursuant to a restricted stock award agreement. The restricted stock award agreements will describe the rights of the recipient of the restricted stock award, which rights may include or exclude voting rights. During the restriction period, the recipient of a restricted stock award will not receive the certificate representing shares of class A common stock, will not receive dividends and will not be entitled to sell, transfer, pledge or otherwise dispose of the shares. At the end of the restriction period, assuming the recipient has not breached the terms and conditions contained in the restricted stock award agreement, the recipient will receive the certificate representing shares of class A common stock.

*Unrestricted Stock Awards.* The committee may, in its discretion, award, or sell at a discount, as compensation for past services rendered to us, unrestricted shares of class A common stock. Unrestricted stock is not subject to restrictions on transfer.

*Performance Unit Awards.* The committee has discretion to set performance goals for an employee or director and related performance units with their dollar value. If the goals are met, the Company will make payment of a cash award equal to the number of bookkeeping units awarded at the dollar value assigned to each such unit.

*Performance Share Awards.* The committee has discretion to set performance goals for an employee or director which, if met, will result in the receipt of shares of class A common stock. The holder of a performance share award will have no rights as a stockholder until such time, if any, as the holder actually receives shares of class A common stock pursuant to the performance share award.

*Distribution Equivalent Rights.* The committee has discretion to grant an award entitling the holder to receive bookkeeping credits, cash payments and/or class A common stock distributions equal in amount to the distributions that would have been made to the holder had the holder held a specified number of shares of class A common stock during the period that the holder held the distribution equivalent right.

*Other Features of the 1999 Omnibus Securities and Incentive Plan.* Unless otherwise provided in an award agreement, the plan provides that in the event of a change of control, as defined in the plan, and the termination of employment or removal, in the case of a director, under specified circumstances the holder's outstanding awards will become fully vested and immediately exercisable, all transfer restrictions will lapse and all performance goals will be deemed to have been fully satisfied. The committee, however, can determine that upon a change of control, all outstanding awards will terminate and be cashed out within a specified time period.

The Board of Directors may terminate, alter or amend the 1999 Omnibus Securities and Incentive Plan; provided, however, that no such action may, without the consent of a holder, materially and adversely impair the rights under any outstanding award.

## ***2002 Omnibus Securities and Incentive Plan***

### ***Effective Date and Duration***

The Plan became effective April 3, 2002, and remains in effect, subject to the right of the Board of Directors to terminate the Plan at any time, until all shares subject to the Plan have been purchased or acquired.

### ***Amendments***

The Board may alter or amend the Plan.

### ***Administration of the Plan***

The Plan is administered by the Compensation Committee or such other committee as the Board of Directors may select consisting solely of members of the Board of Directors (the "Committee"). The Committee has full power under the Plan to determine persons to receive awards, the type of awards and the terms of the awards. The Committee may amend outstanding awards.

### ***Shares Subject to the Plan***

The Plan authorizes the issuance of up to 1,200,000 shares of Company common stock plus 76,446 shares in the aggregate remaining under predecessor plans, the 1999 Omnibus Securities and Incentive Plan and the 1998 Stock Option Plan. Shares underlying awards that lapse or are forfeited or are not paid in shares may be reused for subsequent awards. Shares may be authorized but unissued shares of class A common stock, treasury stock or shares purchased on the open market. The closing price on The Nasdaq Stock Market of a share of Company class A common stock as of February 13, 2003 was \$3.94.

### ***Individual Limits***

The maximum number of shares that may be subject to options granted to any one employee during any calendar year is 500,000 shares. With respect to awards, other than options, that are intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, the maximum number of shares that may be subject to any such award during any calendar year is 500,000 shares and, in the case of any such award that is payable in cash, the maximum amount that may be paid pursuant to any such award during any calendar year is \$2 million. These limitations are applied in a manner that permits compensation generated in connection with the awards to constitute “performance-based” compensation for purposes of Section 162(m) of the Code.

### ***Adjustments to Shares Under the Plan and Subject to Awards***

To prevent an inequitable dilution or enlargement of award holders’ rights under the Plan, the Plan authorizes the Company to make equitable adjustments to the aggregate number of shares subject to issuance under the Plan, the individual limits described above, and the number of shares underlying outstanding awards in the event of certain changes in the Company’s capital structure resulting from events such as a subdivision, consolidation, or recapitalization, or the payment of a stock dividend without receipt of consideration by the Company.

### ***Eligibility and Participation***

Persons eligible to participate in the Plan include all employees, directors and consultants, as determined by the Committee.

### ***Grants Under the Plan***

***Stock Options.*** Under the plan, the committee may award stock options, the term and vesting rules of which are to be specified in the respective stock option award agreements. The committee determines whether to award incentive stock options or nonqualified stock options, as described in the applicable stock option award agreement. The granting of incentive stock options, as defined in the Internal Revenue Code of 1986, is subject to certain limitations as described in the plan, including the requirement that incentive stock options cannot be granted to non-employee directors or consultants. The committee determines the option price, but, in the case of an incentive stock option, the option price may not be less than the fair market value of a share of class A common stock on the date of the grant of the option.

***Restricted Stock Awards.*** The Committee may grant restricted stock awards to key management employees and directors pursuant to a restricted stock award agreement. The restricted stock award agreements will describe the rights of the recipient of the restricted stock award, which rights may include or exclude voting rights. During the restriction period, the recipient of a restricted stock award will not receive the certificate representing shares of class A common stock, will not receive dividends and will not be entitled to sell, transfer, pledge or otherwise dispose of the shares. At the end of the restriction period, assuming the recipient has not breached the terms and conditions contained in the restricted stock award agreement, the recipient will receive the certificate representing shares of class A common stock.

***Unrestricted Stock Awards.*** The Committee may, in its discretion, award, or sell at a discount, as compensation for past services rendered, unrestricted shares of class A common stock. Unrestricted stock is not subject to restrictions on transfer.

*Performance Unit Awards.* The Committee has discretion to set performance goals for an employee or director and related performance units with their dollar value. If the goals are met, the Company will make payment of a cash award equal to the number of bookkeeping units awarded at the dollar value assigned to each such unit.

*Performance Share Awards.* The Committee has discretion to set performance goals for an employee or director which, if met, will result in the receipt of shares of class A common stock. The holder of a performance share award will have no rights as a stockholder until such time, if any, as the holder actually receives shares of class A common stock pursuant to the performance share award.

*Distribution Equivalent Rights.* The Committee has discretion to grant an award entitling the holder to receive bookkeeping credits, cash payments and/or class A common stock distributions equal in an amount to the distributions that would have been made to the holder had the holder held a specified number of shares of class A common stock during the period that the holder held the distribution equivalent right.

### ***Performance Measures***

It is intended that awards made under the plan to officers subject to Section 162(m) of the Code constitute “performance-based compensation” for purposes of Section 162(m). The performance criteria used for such awards may consist of objective tests based on one or more of the following: earnings or earnings per share, cash flow, customer satisfaction, revenues, financial return ratios (such as return on equity and/or return on assets), market performance, shareholder return and/or value, operating profits, EBITDA, net profits, profit returns and margins, stock price, credit quality, sales growth, market share, comparisons to peer companies (on a company-wide or divisional basis), working capital and/or individual or aggregate employee performance.

### ***Other Features of the Plan***

Unless otherwise provided in an award agreement, the plan provides that in the event of a change of control, as defined in the plan, and the termination of employment or removal, in the case of a director, under specified circumstances, the holder’s outstanding awards will become fully vested and immediately exercisable, all transfer restrictions will lapse and all performance goals will be deemed to have been fully satisfied. The Committee, however, can determine that upon a change of control, all outstanding awards will terminate and be cashed out within a specified time period.

### ***Taxes***

Share withholding for taxes is permitted.

### ***Termination of Employment or Board Service***

Each award agreement sets forth the participant’s rights with respect to each award following termination of employment or consulting relationship with or service on the Board of Directors of the Company.

### ***Transferability***

Except as otherwise determined by the Committee at the time of grant and subject to the provisions of the Plan, awards may not be assigned, transferred, sold, exchanged, encumbered, pledged or

otherwise hypothecated or disposed of except by will or the laws of descent and distribution or (if the award is not an incentive stock option) by gift to any family member, as defined in the plan.

### Comparison of Total Returns

The following graph compares the performance of the Company's class A common stock (the single class of common stock of the Company that has a public market) with the performance of the CRSP Total Return Index for the Nasdaq Stock Market (U.S. Companies) and the Nasdaq Pharmaceutical Stocks Index from the first day the stock became publicly traded, July 30, 1999, through the end of fiscal 2002. The total stockholder return assumes that \$100 was invested on July 30, 1999 in the Company's class A common stock, the CRSP Total Return Index for the Nasdaq Stock Market (U.S. Companies) and the Nasdaq Pharmaceutical Stocks Index, and that all dividends were reinvested.

### INDEPENDENT AUDITORS

Ernst & Young LLP have served as the Company's independent auditors since 1990. Services provided to the Company and its subsidiaries by Ernst & Young LLP in fiscal 2002 included the audit of the Company's consolidated financial statements, limited reviews of quarterly reports, services related to filings with the Securities and Exchange Commission, and various tax services.

Representatives of Ernst & Young LLP will be present at the annual meeting to respond to appropriate questions and to make such statements as they desire.

**Audit Fees.** We paid our auditors \$124,900 in fees for their professional services rendered for the audit of our consolidated financial statements for the fiscal year ended October 31, 2002 and the reviews of the financial statements included in our reports on Form 10-Q during the year.

**Financial Information Systems Design and Implementation Fees.** Our auditors did not provide services in fiscal year 2002 constituting the design or implementation of financial information systems.

*All Other Fees.* All other fees for services paid to Ernst & Young LLP for fiscal year 2002 were \$161,100, including audit related services of \$132,100, which related to services rendered in connection with the Company's filing of registration statements, and nonaudit services of \$29,000. The audit committee has concluded that the provision of these services is compatible with maintaining that firm's independence.

## **ITEM 2 — PROPOSAL TO AMEND THE 2002 OMNIBUS SECURITIES AND INCENTIVE PLAN**

At its meeting on January 15, 2002, the Board of Directors adopted the Biopure Corporation Omnibus Securities and Incentive Plan (the "Plan"), which was approved by the stockholders on April 3, 2002. The Board of Directors believes that the Plan helps attract and retain qualified persons to serve as employees, nonemployee consultants and directors of the company and align the interests of employees, directors and nonemployee consultants with those of the stockholders. To further these purposes, on February 7, 2003, the Company's Board of Directors approved the amendment and restatement of the Plan, subject to approval by the Company's stockholders. The Plan as currently in effect is described above under the caption "2002 Omnibus Securities and Incentive Plan," and the amendments and certain tax considerations are described below.

Prior to the amendment and restatement, the Plan provided for the issuance of 1,200,000 shares. As of February 12, 2003, a total of 116,846 remained available for issuance under the Plan (including all shares remaining unsold under previous plans). If stockholders approve the Plan as proposed to be amended and restated, an additional 1,000,000 shares would be authorized for issuance under the Plan. In addition, shares subject to options or available for options or awards under previously adopted plans would become shares subject to the Plan, and the earlier plans would terminate. This increase of 1,000,000 shares would permit the Compensation Committee to continue to grant options or other securities based incentives to attract and reward employees, officers and consultants. All other existing provisions of the Plan would remain unchanged.

The complete text of the Plan as proposed to be amended and restated is set forth as Exhibit A to this proxy statement. The summary of the material features of the Plan set forth above and the following information are qualified by reference to Exhibit A.

### ***Award Information***

It is not possible at this time to determine future awards that will be made pursuant to the Plan.

### ***Federal Income Tax Consequences of Options***

The following is a brief summary of the principal federal income tax consequences related to options to be awarded under the Plan. This summary is based on the Company's understanding of current federal income tax law and regulations. The summary does not purport to be complete or applicable to every specific situation.

### ***Consequences to the Optionholder***

*Grant.* There are no federal income tax consequences to the optionholder solely by reason of the grant of incentive stock options ("ISOs") or nonqualified stock options ("NQSOs") under the Plan.

*Exercise.* The exercise of an ISO is not a taxable event for regular federal income tax purposes if certain requirements are satisfied, including the requirement that the optionholder generally must exercise

the ISO no later than three months following the termination of the optionholder's employment with the Company. However, such exercise may give rise to alternative minimum tax liability (see "Alternative Minimum Tax" below).

Upon the exercise of a NQSO, the optionholder will generally recognize ordinary income in an amount equal to the excess of the fair market value of the shares of common stock at the time of exercise over the amount paid by the optionholder as the exercise price. The ordinary income recognized in connection with the exercise by an optionholder of a NQSO will be subject to both wage and employment tax withholding.

The optionholder's tax basis in the shares acquired by the exercise of an option will be the amount paid upon exercise plus, in the case of a NQSO, the amount of ordinary income, if any, recognized by the optionholder as a consequence of the option exercise.

*Qualifying Disposition.* If an optionholder disposes of shares of common stock acquired upon the exercise of an ISO in a taxable transaction, and such disposition occurs more than two years from the date on which the option was granted and more than one year after the date on which the shares acquired by the exercise of the ISO, the optionholder will recognize long-term capital gain or loss equal to the difference between the amount realized on the disposition and the optionholder's adjusted basis in such shares (generally the option exercise price).

*Disqualifying Disposition.* If the optionholder disposes of shares of common stock acquired upon the exercise of an ISO (other than in certain tax-free transactions) within two years from the date on which the ISO was granted or within one year after the date on which the shares were acquired by the exercise of the ISO, at the time of disposition the optionholder will generally recognize ordinary income equal to the lesser of (i) the excess of each share's fair market value on the date of exercise over the exercise price paid by the optionholder or (ii) the optionholder's actual gain (i.e., the excess, if any, of the amount realized on the disposition over the exercise price paid by the optionholder). If the total amount realized on a taxable disposition (including return of capital and capital gain) exceeds the fair market value on the date of exercise of the shares of common stock purchased by the optionholder under the option, the optionholder will recognize a capital gain in the amount of such excess.

If the optionholder incurs a loss on the disposition (i.e., if the total amount realized is less than the exercise price paid by the optionholder), the loss will be a capital loss.

*Other Disposition.* If an optionholder disposes of shares of common stock acquired upon exercise of a NQSO in a taxable transaction, the optionholder will recognize capital gain or loss in an amount equal to the difference between the optionholder's basis (as discussed above) in the shares sold and the total amount realized upon disposition. Any such capital gain or loss (and any capital gain or loss recognized on a disqualifying disposition of shares of common stock acquired upon exercise of ISOs as discussed above) will be short-term or long-term depending on whether the shares of the Company common stock were held for more than one year from the date such shares were acquired by the optionholder.

*Alternative Minimum Tax.* Alternative minimum tax ("AMT") is payable if and to the extent the amount of AMT exceeds the amount of the taxpayer's regular tax liability, and any AMT paid generally may be credited against future regular tax liability (but not future AMT liability). AMT applies to alternative minimum taxable income; generally regular taxable income as adjusted for tax preferences and other items is treated differently under the AMT.

For AMT purposes, the spread upon exercise of an ISO (but not a NQSO) will be included in alternative minimum taxable income, and the taxpayer will receive a tax basis equal to the fair market value of the shares of the Company common stock at such time for subsequent AMT purposes. However, if the optionholder disposes of the ISO shares in the year of exercise, the AMT income cannot exceed the gain recognized for regular tax purposes, provided that the disposition meets certain third-party requirements for limiting the gain on a disqualifying disposition. If there is a disqualifying disposition in a year other than the year of exercise, the income on the disqualifying disposition is not considered alternative minimum taxable income.

### ***Consequences to the Company***

There are no federal income tax consequences to the Company by reason of the grant of ISOs or NQSOs or the exercise of an ISO (other than disqualifying dispositions).

At the time the optionholder recognizes ordinary income from the exercise of a NQSO, the Company will be entitled to a federal income tax deduction in the amount of the ordinary income so recognized (as described above), provided that the Company satisfies its reporting obligations described below. To the extent the optionholder recognizes ordinary income by reason of a disqualifying disposition of the stock acquired upon exercise of an ISO, the Company will be entitled to a corresponding deduction in the year in which the disposition occurs.

The Company will be required to report to the Internal Revenue Service any ordinary income recognized by any optionholder by reason of the exercise of a NQSO. The Company will be required to withhold income and employment taxes (and pay the employer's share of employment taxes) with respect to ordinary income recognized by the optionholder upon the exercise of NQSOs.

### ***Other Tax Consequences***

The foregoing discussion is not a complete description of the federal income tax aspects of options to be granted under the Plan. In addition, administrative and judicial interpretations of the application of the federal income tax laws are subject to change. Furthermore, the foregoing discussion does not address state or local tax consequences.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THIS PROPOSAL.** Approval of the Plan requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes, if any, will have no effect on the results. If a choice has been specified by a stockholder by means of the proxy, the shares of common stock will be voted accordingly. If no choice has been specified, the shares will be voted "FOR" the proposal.

### **OTHER MATTERS**

As of the date of this proxy statement, the Company knows of no business that will be presented for consideration at the annual meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by stockholders, proxies in the enclosed form returned to the Company will be voted in accordance with the recommendation of the Board of Directors or, in the absence of such a recommendation, in accordance with the judgment of the proxy holder.

## ADDITIONAL INFORMATION

**Advance Notice Procedures.** Under the Company's bylaws, no business may be brought before an annual meeting unless it is specified in the notice of the meeting (which includes stockholder proposals that the Company is required to include in its proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934) or is otherwise brought before the meeting by or at the direction of the board or by a stockholder entitled to vote who has delivered notice to the Company (containing certain information specified in the bylaws) not less than 45 or more than 75 days prior to the anniversary of the date on which the Company first mailed its proxy materials for the preceding year's annual meeting. These requirements are separate from and in addition to the SEC's requirements that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement.

**Stockholder Proposals for the 2004 Annual Meeting.** Stockholders interested in submitting a proposal for inclusion in the proxy materials for the Company's annual meeting of stockholders in 2004 may do so by following the procedures prescribed in SEC Rule 14a-8. To be eligible for inclusion, stockholder proposals must be received by the Company's Corporate Secretary no later than October 31, 2003.

**Proxy Solicitation Costs.** The proxies solicited hereby are being solicited by the Company. The cost of soliciting proxies in the enclosed form will be borne by the Company. Officers and regular employees of the Company may, but without compensation other than their regular compensation, solicit proxies by further mailing or personal conversations, or by telephone, facsimile or electronic means. The Company will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.

“Change of Control” shall mean (i) the consummation of (x) any consolidation, reorganization, merger or share exchange of the Company in which the Company is not the continuing or surviving corporation or pursuant to which shares of the Company’s Common Stock would be converted into cash, securities or other property, other than a merger or share exchange of the Company in which the holders of the Company’s Common Stock immediately prior to the merger continue to represent at least fifty percent (50%) of the combined voting power of the surviving corporation or its parent corporation immediately after the merger or share exchange, or (y) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company, or

(ii) the shareholders of the Company shall approve any plan or proposal for liquidation or dissolution of the Company, or (iii) any person (as such term is used in Sections 13(d) and 14(d)(2) of the Exchange Act), including any “group” (as defined in Section 13(d)(3) of the Exchange Act) (which shall not include the Company, any subsidiary of the Company or any employee benefit plan of the Company or of any subsidiary of the Company) shall become the beneficial owner (within the meaning of Rule 13d-3 under the Exchange Act) of fifty percent (50%) or more of the Company’s outstanding Common Stock, or (iv) within any twenty-four (24) month period beginning on or after the Effective Date, the persons who were directors of the Company immediately before the beginning of such period (the “Incumbent Directors”) shall cease (for any reason other than death, disability or retirement) to constitute at least a majority of the Board or the board of directors of any successor to the Company, provided that, any director who was not a director as of the Effective Date shall be deemed to be an Incumbent Director if such director was elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of this definition.

If the Common Stock is traded over-the-counter at the time a determination of its fair market

value is required to be made hereunder, its fair market value shall be deemed to be equal to the average between the reported high and low or closing bid and asked prices of Common Stock on the most recent date on which Common Stock was publicly traded. In the event Common Stock is not publicly traded at the time a determination of this value is required to be made hereunder, the determination of its fair market value shall be made by the Committee in such manner as it deems appropriate.

## **ARTICLE IV ADMINISTRATION**

**Section 4.1.** Composition of Committee. The Plan shall be administered by the Committee, which shall be (i) appointed by the Board, and (ii) constituted so as to permit applicable Awards under the Plan to constitute “performance-based compensation” for purposes of Section 162 (m) of the Code and applicable interpretive authority thereunder.

**Section 4.2.** Powers. Subject to the provisions of the Plan, the Committee shall have the sole authority, in its discretion, to determine which individuals shall receive an Award, the time or times when such Award shall be made, what type of Award shall be granted, the size of the Award and the number of shares of Common Stock which may be issued under such Award, as applicable. In making such determinations the Committee may take into account the nature of the services rendered by the respective individuals, their present and potential contribution to the Company’s (or the Affiliate’s) success and such other factors as the Committee in its discretion shall deem relevant.

**Section 4.3.** Additional Powers. The Committee shall have such additional powers as are delegated to it under the other provisions of the Plan. Subject to the express provisions of the Plan, the Committee is authorized to construe the Plan and the respective Award Agreements executed hereunder, to prescribe such rules and regulations relating to the Plan as it may deem advisable to carry out the intent of the Plan, and to determine and amend, subject to the provisions of Article XIV, (including but not limited to cashing out Awards, extending the exercise period of Options and accelerating the vesting of Awards) the terms, restrictions and provisions of each Award, including such terms, restrictions and provisions as shall be requisite in the judgment of the Committee to cause designated Options to qualify as Incentive Stock Options, and to make all other determinations necessary or advisable for administering the Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in any Award Agreement in the manner and to the extent it shall deem expedient to carry it into effect. Other than as set forth in Article XIII, the Committee may not reduce the price of any outstanding Options. The determinations of the Committee on the matters referred to in this Article IV shall be conclusive.

**Section 4.4.** Committee Action. In the absence of specific rules to the contrary, action by the Committee shall require the consent of a majority of the members of the Committee, expressed either orally at a meeting of the Committee or in writing in the absence of a meeting.

## **ARTICLE V STOCK SUBJECT TO PLAN AND LIMITATIONS THEREON**

**Section 5.1.** Stock Grant and Award Limits. The Committee may from time to time grant Awards to one or more Employees, Directors and/or Consultants determined by it to be eligible for participation in the Plan in accordance with the provisions of Article VI. Subject to Article XIII, (i) the aggregate number of shares of Common Stock that may be issued under the Plan shall not exceed two million two hundred thousand (2,200,000) shares plus any shares remaining unsold under the Biopure Corporation 1999 Omnibus Securities and Incentive Plan and the 1998 Stock Option Plan, which plans are terminated effective on the Date of Approval, and (ii) the aggregate number of shares of Common Stock that may be issued under the Plan as Incentive Stock Options, shall not exceed two million two hundred thousand (2,200,000) shares. Shares shall be deemed to have been issued under the Plan solely to the extent actually issued and delivered pursuant to an Award. To the extent that an Award lapses or the rights of its Holder terminate, any shares of Common Stock subject to such Award shall again be available for the grant of a new Award. Notwithstanding any provision in the Plan to the contrary, the maximum number of shares of Common Stock that may be subject to Awards of Options under Article

VII granted to any one Employee during any calendar year shall be five hundred thousand (500,000) shares (subject to adjustment in the same manner as provided in Article XIII with respect to shares of Common Stock subject to Awards then outstanding), and, with respect to Awards (other than Options) that are intended to qualify as “performance-based compensation” (within the meaning of Section 162(m) of the Code), the maximum number of shares of Common Stock that may be subject to any such Award during any calendar year shall be 500,000 shares (subject to adjustment in the same manner as provided in Article XIII with respect to shares of Common Stock subject to Awards then outstanding) and, in the case of any such Award that is payable in cash, the maximum amount that may be paid pursuant to any such Award during any calendar year shall be \$2 million. The limitation set forth in the preceding sentence shall be applied in a manner which shall permit compensation generated in connection with Awards to constitute “performance-based” compensation for purposes of Section 162(m) of the Code, including, but not limited to, counting against such maximum number of shares, to the extent required under Section 162(m) of the Code and applicable interpretive authority thereunder, any shares subject to Awards that are canceled or deemed repriced for purposes of Section 162(m) of the Code.

(a) Stock Offered. The stock to be offered pursuant to the grant of an Award may be authorized but unissued Common Stock, Common Stock purchased on the open market or Common Stock previously issued and outstanding and reacquired by the Company.

## **ARTICLE VI ELIGIBILITY FOR AWARDS; TERMINATION OF EMPLOYMENT, DIRECTOR STATUS OR CONSULTANT STATUS**

**Section 6.1.** Eligibility. Awards made under the Plan may be granted solely to persons who, at the time of grant, are Employees, Directors or Consultants. An Award may be granted on more than one occasion to the same Employee, Director or Consultant, and, subject to the limitations set forth in the Plan, such Award may include a Non-Qualified Stock Option, a Restricted Stock Award, an Unrestricted Stock Award, a Performance Share Award, a Performance Unit Award, Distribution Equivalent Right Award, any combination thereof or, solely for Employees, an Incentive Stock Option.

**Section 6.2.** Termination of Employment. Except to the extent inconsistent with the terms of the applicable Award Agreement and/or the provisions of Section 6.5, the following terms and conditions shall apply with respect to the termination of an Employee’s employment with the Company or an Affiliate, as applicable, for any reason, including, without limitation, retirement upon or after attaining age sixty-five (65), Total and Permanent Disability or death.

(a) Options that are not vested at termination of employment shall lapse.

(b) The Employee’s rights, if any, to exercise any then exercisable Options shall terminate:

(1) If such termination is for a reason other than the Employee’s retirement upon or after attaining age sixty-five (65), Total and Permanent Disability or death, on the earlier of (i) ninety (90) days after the date of such termination of employment and (ii) the expiration date of the Options; or

(2) If such termination is on account of the Employee’s retirement upon or after attaining age sixty-five (65) or on account of the Employee’s Total and Permanent Disability or death, on the earlier of (i) one (1) year after the date of such termination of employment and (ii) the expiration date of the Options.

Upon such applicable date the Employee (and such Employee's estate, designated beneficiary or other legal representative) shall forfeit any rights or interests in or with respect to any such Options.

(c) If an Employee's employment with the Company or an Affiliate, as applicable, terminates for any reason prior to the actual or deemed satisfaction and/or lapse of the restrictions, terms and conditions applicable to an Award of Restricted Stock, such Restricted Stock shall immediately be canceled, and the Employee (and such Employee's estate, designated beneficiary or other legal representative) shall forfeit any rights or interests in and with respect to any such Restricted Stock. The immediately preceding sentence to the contrary notwithstanding, the Committee, in its sole discretion, may determine, prior to or within thirty (30) days after the date of such termination of employment, that all or a portion of any such Employee's Restricted Stock shall not be so canceled and forfeited.

**Section 6.3.** Termination of Director Status. Except to the extent inconsistent with the terms of the applicable Award Agreement and/or the provisions of Section 6.5, the following terms and conditions shall apply with respect to the termination of a Director's status as a Director of the Company or an Affiliate, as applicable:

(a) Options that are not vested at termination of Director status shall lapse.

(b) If such termination is for a reason other than death, any then exercisable Options shall remain exercisable for their full term except as set forth in (c) below.

(c) If such termination is on account of the Director's death, or if the Director shall die after termination of Director status and before any Options have been exercised in full, the Options may be exercised by the Director's estate, designated beneficiary or other legal representative until the earlier of (i) one (1) year after the date of death and (ii) the expiration date of the Options.

Upon such applicable date the Director (and such Director's estate, designated beneficiary or other legal representatives) shall forfeit any rights or interests in or with respect to any such Options.

(d) If the Director's status as a Director with the Company or an Affiliate, as applicable, terminates for any reason prior to the actual or deemed satisfaction and/or lapse of the restrictions, terms and conditions applicable to an Award of Restricted Stock, such Restricted Stock shall immediately be canceled, and the Director (and such Director's estate, designated beneficiary or other legal representative) shall forfeit any rights or interests in and with respect to any such Restricted Stock. The immediately preceding sentence to the contrary notwithstanding, the Committee, in its sole discretion, may determine, prior to or within thirty (30) days after the date of such termination of the Director's status as a Director, that all or a portion of any such Director's Restricted Stock shall not be so canceled and forfeited.

**Section 6.4.** Termination of Consultant Status. Except to the extent inconsistent with the terms of the applicable Award Agreement and/or the provisions of Section 6.5, the following terms and conditions shall apply with respect to the termination of a Holder's status as a Consultant, for any reason:

(a) Options that are not vested at termination of Consultant status shall lapse.

(b) The Consultant's rights, if any, to exercise any then exercisable Options shall terminate:

(1) If such termination is for a reason other than the Consultant's death, on the earlier of (i) ninety (90) days after the date of such termination and (ii) the expiration date of the Options; or

(2) If such termination is on account of the Consultant's death, on the earlier of (i) one (1) year after the date of the Consultant's death and (ii) the expiration date of the Options.

(c) If the status of a Holder as a Consultant terminates for any reason prior to the actual or deemed satisfaction and/or lapse of the restrictions, terms and conditions applicable to an Award of Restricted Stock, such Restricted Stock shall immediately be canceled, and the Consultant (and such Consultant's estate, designated beneficiary or other legal representative) shall forfeit any rights or interests in and with respect to any such Restricted Stock. The immediately preceding sentence notwithstanding, the Committee, in its sole discretion, may determine, prior to or within thirty (30) days after the date of such termination of such a Holder's status as a Consultant, that all or a portion of any such Consultant's Restricted Stock shall not be so canceled and forfeited.

#### **Section 6.5. Special Termination Rules.**

(a) If a Holder's employment with, status as a Director with or status as a Consultant with the Company or an Affiliate shall terminate, and if within ninety (90) days of such termination such Holder shall become an Employee, a Director or a Consultant, such Holder's rights with respect to any Award or portion thereof granted thereto prior to the date of such termination may be preserved if and to the extent determined by the Committee in its sole discretion.

(b) If a Holder's employment with, status as a Director with or status as a Consultant with the Company or any Affiliate shall terminate and the Holder, during the period of time he is permitted to exercise Options under the provisions of the Plan (as set forth above in Sections 6.2, 6.3 or 6.4), is unable to sell Common Stock because of the likelihood of a violation of Rule 10b-5 of the Exchange Act, which determination shall be made in the sole discretion of the Holder, the exercise period of the Options shall be automatically extended for a further ninety (90) days from the date the Options would otherwise lapse as determined pursuant to Sections 6.2, 6.3 or 6.4 above; provided, however, that Options may not be exercised after their expiration date.

(c) In connection with any termination of employment or status as a Director or Consultant, the Committee has full power and authority to extend the term, accelerate vesting, extend the exercise period or to amend any other provisions of any Award, as it may determine in its sole discretion.

#### **Section 6.6. Other Awards. Forfeiture provisions relating to other Awards shall be set forth in the Award Agreement.**

### **ARTICLE VII OPTIONS**

**Section 7.1. Option Period.** The term of each Option shall be as specified in the Option Agreement.

**Section 7.2. Limitations on Exercise of Option.** An Option shall be exercisable in whole or in such installments and at such times as specified in the Option Agreement.

**Section 7.3. Special Limitations on Incentive Stock Options.** To the extent that the aggregate Fair Market Value (determined at the time the respective Incentive Stock Option is granted) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an individual during any calendar year under all plans of the Company and any parent corporation or subsidiary corporation thereof (both as defined in Section 424 of the Code) which provide for the grant of Incentive Stock Options exceeds One Hundred Thousand Dollars (\$100,000)(or such other individual limit as may be in effect under the Code on the date of grant), such Incentive Stock Options shall be treated as Non-Qualified Stock Options. The Committee shall determine, in accordance with applicable provisions of the Code, Treasury Regulations and other administrative pronouncements, which of a Holder's Options, which were intended by the Committee to be Incentive Stock Options when granted to the Holder, will not constitute Incentive Stock Options because of such limitation and shall notify the Holder of such determination as soon as practicable after such determination. No Incentive Stock Option shall be granted to an Employee if, at the time the Option is granted, such Employee is a Ten Percent Shareholder, unless (i) at the time such Incentive Stock Option is granted the Option price is at least one hundred ten percent (110%) of the Fair Market Value of the Common Stock subject to the Option, and (ii) such Incentive Stock Option by its terms is not exercisable after the expiration of five (5) years from the date of grant.

**Section 7.4. Option Agreement.** Each Option shall be evidenced by an Option Agreement in such form and containing such provisions not inconsistent with the provisions of the Plan as the Committee from time to time shall approve, including, but not limited to, provisions to qualify an Option as an Incentive Stock Option. An Option Agreement may provide for the payment of the Option price, in whole or in part, by the delivery of a number of shares of Common Stock (plus cash if necessary) having a Fair Market Value equal to such Option price. Each Option Agreement shall, solely to the extent inconsistent with the provisions of Section 6.2, 6.3 or 6.4, as applicable, specify the effect of termination of employment, Director status or Consultant status on the exercisability of the Option. Moreover, an Option Agreement may provide for a "cashless exercise" of the Option whereby the Holder, by a properly-executed written notice, directs (i) an immediate market sale of all or a portion of the shares of Common Stock to which he is entitled upon exercise, (ii) the delivery of the shares of Common Stock from the Company directly to a brokerage firm and (iii) the delivery of the Option price from sale proceeds from the brokerage firm directly to the Company. An Option Agreement may also include provisions relating to (i) subject to the provisions hereof, accelerated vesting of Options, (ii) tax matters (including provisions covering any applicable Employee wage withholding requirements and requiring additional "gross-up" payments to Holders to meet any excise taxes or other additional income tax liability imposed as a result of a payment upon a Change of Control resulting from the operation of the Plan or of such Option Agreement) and (iii) any other matters not inconsistent with the terms and provisions of the Plan that the Committee shall in its sole discretion determine. The terms and conditions of the Option Agreements need not be identical.

**Section 7.5. Option Price and Payment.** The price at which a share of Common Stock may be purchased upon exercise of an Option shall be determined by the Committee, but such Option price (i) in the case of an Option that is an Incentive Stock Option or that is intended to constitute performance-based compensation within the meaning of Section 162(m) of the Code, shall not be less than the Fair Market Value of a share of Common Stock on the date such Option is granted and (ii) shall be subject to adjustment as provided in Article XIII. The Option or portion thereof may be exercised by delivery of an irrevocable notice of exercise to the Company. The Option price for the Option or portion thereof shall be paid in full in the manner prescribed by the Committee. Separate stock certificates shall be issued by the Company for those shares of Common Stock acquired pursuant to the exercise of an Incentive Stock Option and for those shares of Common Stock acquired pursuant to the exercise of a Non-Qualified Stock Option.

The Holder must notify the Committee to the extent the Holder disposes of Common Stock acquired pursuant to the exercise of an Incentive Stock Option less than two years after the Incentive Stock Option was granted or less than one year after exercise.

**Section 7.6.** Shareholder Rights and Privileges. The Holder of an Option shall be entitled to all the privileges and rights of a shareholder of the Company solely with respect to such shares of Common Stock as have been purchased under the Option and for which certificates of stock have been registered in the Holder's name.

**Section 7.7.** Options and Rights in Substitution for Stock Options Granted by Other Corporations. Options may be granted under the Plan from time to time in substitution for stock options held by individuals employed by entities who become Employees as a result of a merger or consolidation of the employing entity with the Company or any Affiliate, or the acquisition by the Company or an Affiliate of the assets of the employing entity, or the acquisition by the Company or an Affiliate of stock of the employing entity with the result that such employing entity becomes an Affiliate.

## **ARTICLE VIII RESTRICTED STOCK AWARDS**

**Section 8.1.** Restriction Period to be Established by Committee. At the time a Restricted Stock Award is made, the Committee shall establish the Restriction Period applicable to such Award. Each Restricted Stock Award may have a different Restriction Period, in the discretion of the Committee. The Restriction Period applicable to a particular Restricted Stock Award shall not be changed except as permitted by Section 8.2 or Article XIV.

**Section 8.2.** Other Terms and Conditions. Common Stock awarded pursuant to a Restricted Stock Award shall be represented by a stock certificate registered in the name of the Holder of such Restricted Stock Award. If provided for under the Restricted Stock Award Agreement, the Holder shall have the right to vote Common Stock subject thereto and to enjoy all other shareholder rights, except that (i) the Holder shall not be entitled to delivery of the stock certificate until the Restriction Period shall have expired, (ii) the Company shall retain custody of the stock during the Restriction Period, (iii) the Holder may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the stock during the Restriction Period, (iv) the Holder shall be entitled to receive dividends on the Common Stock during the Restriction Period and (v) a breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Award Agreement shall cause a forfeiture of the Restricted Stock Award. At the time of such Award, the Committee may, in its sole discretion, prescribe additional terms and conditions or restrictions relating to Restricted Stock Awards, including, but not limited to, rules pertaining to the effect of termination of employment, Director status or Consultant status prior to expiration of the Restriction Period, solely to the extent inconsistent with the provisions of Section 6.2, 6.3 or 6.4, as applicable. Such additional terms, conditions or restrictions shall, to the extent inconsistent with the provisions of Section 6.2, 6.3, or 6.4, as applicable, be set forth in a Restricted Stock Award Agreement made in conjunction with the Award. Such Restricted Stock Award Agreement may also include provisions relating to (i) subject to the provisions hereof, accelerated vesting of Awards, including but not limited to accelerated vesting upon the occurrence of a Change of Control, (ii) tax matters (including provisions covering any applicable Employee wage withholding requirements and requiring additional "gross-up" payments to Holders to meet any excise taxes or other additional income tax liability imposed as a result of a Change of Control payment resulting from the operation of the Plan or of such Restricted Stock Award Agreement) and (iii) any other matters not inconsistent with the terms and provisions of the Plan that the Committee shall in its sole discretion determine. The terms and conditions of the respective Restricted Stock Agreements need not be identical.

**Section 8.3.** Payment for Restricted Stock. The Committee shall determine the amount and form of any payment for Common Stock received pursuant to a Restricted Stock Award, provided that in the absence of such a determination, a Holder shall not be required to make any payment for Common Stock received pursuant to a Restricted Stock Award, except to the extent otherwise required by law.

**Section 8.4.** Restricted Stock Award Agreements. At the time any Award is made under this Article VIII, the Company and the Holder shall enter into a Restricted Stock Award Agreement setting forth each of the matters contemplated hereby and such other matters as the Committee may determine to be appropriate.

## **ARTICLE IX UNRESTRICTED STOCK AWARDS**

Pursuant to the terms of the applicable Unrestricted Stock Award Agreement, a Holder may be awarded (or sold at a discount) shares of Common Stock which are not subject to Transfer Restrictions, in consideration for past services rendered thereby to the Company or an Affiliate or for other valid consideration.

## **ARTICLE X PERFORMANCE UNIT AWARDS**

**Section 10.1.** Terms and Conditions. The Committee shall set forth in the applicable Performance Unit Award Agreement the performance goals and objectives (and the period of time to which such goals and objectives shall apply) which the Holder and/or the Company would be required to satisfy before becoming entitled to payment pursuant to Section 10.2, the number of Units awarded to the Holder and the dollar value assigned to each such Unit.

**Section 10.2.** Payments. The Holder of a Performance Unit shall be entitled to receive a cash payment equal to the dollar value assigned to such Unit under the applicable Performance Unit Award Agreement if the Holder and/or the Company satisfy (or partially satisfy, if applicable under the applicable Performance Unit Award Agreement) the performance goals and objectives set forth in such Performance Unit Award Agreement.

## **ARTICLE XI PERFORMANCE SHARE AWARDS**

**Section 11.1.** Terms and Conditions. The Committee shall set forth in the applicable Performance Share Award Agreement the performance goals and objectives (and the period of time to which such goals and objectives shall apply) which the Holder and/or the Company would be required to satisfy before becoming entitled to the receipt of shares of Common Stock pursuant to such Holder's Performance Share Award and the number of shares of Common Stock subject to such Performance Share Award.

**Section 11.2.** Shareholder Rights and Privileges. The Holder of a Performance Share Award shall have no rights as a shareholder of the Company until such time, if any, as the Holder actually receives shares of Common Stock pursuant to the Performance Share Award.

## **ARTICLE XII**

### **DISTRIBUTION EQUIVALENT RIGHT AWARDS**

**Section 12.1.** Terms and Conditions. The Committee shall set forth in the applicable Distribution Equivalent Right Award Agreement the terms and conditions, if any, including whether the Holder is to receive credits currently in cash, is to have such credits reinvested (at Fair Market Value determined as of the date of reinvestment) in additional shares of Common Stock or is to be entitled to choose among such alternatives. Distribution Equivalent Right Awards may be settled in cash or in shares of Common Stock, as set forth in the Applicable Distribution Equivalent Right Award Agreement. A Distribution Equivalent Right Award may, but need not be, awarded as a component of another Award, where, if so awarded, such Distribution Equivalent Right Award shall expire or be forfeited by the Holder under the same conditions as under such other Award.

**Section 12.2.** Interest Equivalents. The Distribution Equivalent Right Award Agreement for a Distribution Equivalent Right Award may provide for the crediting of interest on a Distribution Right Award to be settled in cash at a future date, at a rate set forth in the applicable Distribution Equivalent Right Award Agreement, on the amount of cash payable thereunder.

## **ARTICLE XIII**

### **RECAPITALIZATION OR REORGANIZATION**

**Section 13.1.** Adjustments to Common Stock. The shares with respect to which Awards may be granted are shares of Common Stock as presently constituted; provided, however, that if, and whenever, prior to the expiration or distribution to the Holder of an Award theretofore granted, the Company shall effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company, the number of shares of Common Stock with respect to which such Award may thereafter be exercised or satisfied, as applicable, (i) in the event of an increase in the number of outstanding shares, shall be proportionately increased, and the purchase price per share shall be proportionately reduced, and (ii) in the event of a reduction in the number of outstanding shares, shall be proportionately reduced, and the purchase price per share shall be proportionately increased.

**Section 13.2.** Recapitalization. If the Company recapitalizes or otherwise changes its capital structure, thereafter upon any exercise or satisfaction, as applicable, of a previously granted Award, the Holder shall be entitled to receive (or entitled to purchase, if applicable) under such Award, in lieu of the number of shares of Common Stock then covered by such Award, the number and class of shares of stock and securities to which the Holder would have been entitled pursuant to the terms of the recapitalization if, immediately prior to such recapitalization, the Holder had been the holder of record of the number of shares of Common Stock then covered by such Award.

**Section 13.3.** Change of Control. Except to the extent otherwise provided in the applicable Award Agreement, in the event of the occurrence of a Change of Control, and within one year following the Change of Control (a) an Employee's employment is terminated by the Company without Cause or by the Employee with Good Reason or (b) a Director is removed from the Board without the approving vote of a majority of the directors in office immediately prior to the Change of Control, outstanding Awards of the Employee or Director, as the case may be, shall immediately vest and become exercisable and/or required employment or Board membership periods with the Company or an Affiliate and/or performance goals and/or objectives shall be deemed to have been fully satisfied, as applicable. The Committee, in its discretion by unanimous action, may determine that upon the occurrence of a Change of Control, each Award outstanding hereunder shall terminate within a specified number of days after notice to the Holder, and such Holder shall receive, (i) with respect to Awards which are Performance Units or Distribution

Equivalent Rights (which Distribution Equivalent Rights, pursuant to the applicable Distribution Equivalent Right Award Agreement, are to be settled in cash), cash in an amount equal to the amount of cash that would otherwise have been payable thereunder assuming that all of the applicable performance goals and objectives set forth in the applicable Performance Unit Award Agreement had been fully satisfied, and (ii) with respect to each share of Common Stock subject to such Award, cash in an amount equal to the excess of (A) the greater of (I) the Fair Market Value of such share of Common Stock immediately prior to the occurrence of such Change of Control or (II) the value of the consideration to be received in connection with such Change of Control for one share of Common Stock, over (B) the exercise price per share, if applicable, of one share of Common Stock. If the consideration offered to shareholders of the Company in any transaction described in this Section 13.3 consists of anything other than cash, the Committee shall determine the fair cash equivalent of the portion of the non-cash consideration offered. The provisions contained in this Section 13.3 shall not terminate any rights of the Holder to further payments pursuant to any other agreement with the Company following the occurrence of a Change of Control. The provisions contained in this Section 13.3 do not apply to Consultants.

**Section 13.4. Other Events.** In the event of changes to the outstanding Common Stock by reason of recapitalization, reorganization, mergers, consolidations, combinations, exchanges or other relevant changes in capitalization occurring after the date of the grant of any Award and not otherwise provided for under this Article XIII, any outstanding Awards and any Award Agreements evidencing such Awards shall be subject to adjustment by the Committee in its discretion as to the number and price of shares of Common Stock or other consideration subject to such Awards. In the event of any such change to the outstanding Common Stock, the aggregate number of shares available under the Plan may be appropriately adjusted by the Committee, the determination of which shall be conclusive.

**Section 13.5. Powers Not Affected.** The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or of the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change of the Company's capital structure or business, any merger or consolidation of the Company, any issue of debt or equity securities ahead of or affecting Common Stock or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

**Section 13.6. No Adjustment for Certain Awards.** Except as hereinabove expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect previously granted Awards, and no adjustment by reason thereof shall be made with respect to the number of shares of Common Stock subject to Awards theretofore granted or the purchase price per share, if applicable.

## **ARTICLE XIV AMENDMENT AND TERMINATION OF PLAN**

The Board in its discretion may terminate the Plan at any time with respect to any shares for which Awards have not theretofore been granted. The Board shall have the right to alter or amend the Plan and the Committee shall have the right to amend any Awards, or any part hereof or thereof, from time to time.

## ARTICLE XV MISCELLANEOUS

**Section 15.1.** No Right to Award. Neither the adoption of the Plan by the Company nor any action of the Board or the Committee shall be deemed to give an Employee, Director or Consultant any right to an Award except as may be evidenced by an Award Agreement duly executed on behalf of the Company, and then solely to the extent and on the terms and conditions expressly set forth therein.

**Section 15.2.** No Rights Conferred. Nothing contained in the Plan shall (i) confer upon any Employee any right with respect to continuation of employment with the Company or any Affiliate, (ii) interfere in any way with the right of the Company or any Affiliate to terminate the employment of an Employee at any time, (iii) confer upon any Director any right with respect to continuation of such Director's membership on the Board, (iv) interfere in any way with the right of the Company or an Affiliate to terminate a Director's membership on the Board at any time, (v) confer upon any Consultant any right with respect to continuation of his or her consulting engagement with the Company or any Affiliate, or (vi) interfere in any way with the right of the Company or an Affiliate to terminate a Consultant's consulting engagement with the Company or an Affiliate at any time.

**Section 15.3.** Other Laws; Withholding. The Company shall not be obligated to issue any Common Stock pursuant to any Award granted under the Plan at any time when the shares covered by such Award have not been registered under the Securities Act of 1933 and such other state and federal laws, rules or regulations as the Company or the Committee deems applicable and, in the opinion of legal counsel of the Company, there is no exemption from the registration requirements of such laws, rules or regulations available for the issuance and sale of such shares. No fractional shares of Common Stock shall be delivered, nor shall any cash in lieu of fractional shares be paid. The Company shall have the right to deduct in cash (whether under this Plan or otherwise) in connection with all Awards any taxes required by law to be withheld and to require any payments required to enable it to satisfy its withholding obligations. In the case of any Award satisfied in the form of shares of Common Stock, no shares shall be issued unless and until arrangements satisfactory to the Company shall have been made to satisfy any tax withholding obligations applicable with respect to such Award. Subject to such terms and conditions as the Committee may impose, the Company shall have the right to retain, or the Committee may, subject to such terms and conditions as it may establish from time to time, permit Holders to elect to tender Common Stock or have the Company withhold shares of Common Stock to satisfy, in whole or in part, the employer's minimum statutory withholding (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income).

**Section 15.4.** No Restriction on Corporate Action. Nothing contained in the Plan shall be construed to prevent the Company or any Affiliate from taking any corporate action which is deemed by the Company or such Affiliate to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Award made under the Plan. No Employee, Director, Consultant, beneficiary or other person shall have any claim against the Company or any Affiliate as a result of any such action.

**Section 15.5.** Restrictions on Transfer. No Award under the Plan or any Award Agreement and no rights or interests herein or therein, shall or may be assigned, transferred, sold, exchanged, encumbered, pledged or otherwise hypothecated or disposed of by a Holder except (i) by will or by the laws of descent and distribution, or (ii) except for an Incentive Stock Option, by gift to any Family Member of the Holder. An Award may be exercisable during the lifetime of the Holder only by such Holder or by the Holder's guardian or legal representative unless it has been transferred by gift to a Family Member of the Holder, in which case it shall be exercisable solely by such transferee. Notwithstanding any such transfer, the Holder shall continue to be subject to the withholding

requirements provided for under Section 15.3 hereof. The transferee shall be subject to all terms of the Plan. The transferee may not transfer the Award.

**Section 15.6.** Section 162(m). It is intended that the Plan shall comply fully with and meet all the requirements of Section 162(m) of the Code so that Awards hereunder which are made to Holders who are “covered employees” (as defined in Section 162(m) of the Code) shall constitute “performance-based” compensation within the meaning of Section 162(m) of the Code. The performance criteria to be utilized under the Plan for such purposes shall consist of objective tests based on one or more of the following: earnings or earnings per share, cash flow, customer satisfaction, revenues, financial return ratios (such as return on equity and/or return on assets), market performance, shareholder return and/or value, operating profits, EBITDA, net profits, profit returns and margins, stock price, credit quality, sales growth, market share, comparisons to peer companies (on a company-wide or divisional basis), working capital and/or individual or aggregate employee performance. If any provision of the Plan would disqualify the Plan or would not otherwise permit the Plan to comply with Section 162(m) as so intended, such provision shall be construed or deemed amended to conform to the requirements or provisions of Section 162(m).

**Section 15.7.** Other Plans. No Award, payment or amount received hereunder shall be taken into account in computing an Employee’s salary or compensation for the purposes of determining any benefits under any pension, retirement, life insurance or other benefit plan of the Company or any Affiliate, unless such other plan specifically provides for the inclusion of such Award, payment or amount received.

**Section 15.8.** Limits of Liability. Any liability of the Company with respect to an Award shall be based solely upon the contractual obligations created under the Plan and the Award Agreement. Neither the Company nor any member of the Committee shall have any liability to any party for any action taken or not taken, in good faith, in connection with or under the Plan.

**Section 15.9.** Governing Law. Except as otherwise provided herein, the Plan shall be construed in accordance with the laws of the State of Delaware.

**Section 15.10.** Severability of Provisions. If any provision of the Plan is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision of the Plan, and the Plan shall be construed and enforced as if such invalid or unenforceable provision had not been included in the Plan.

**Section 15.11.** No Funding. The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of funds or assets to ensure the payment of any Award.

**Section 15.12.** Headings. Headings used throughout the Plan are for convenience only and shall not be given legal significance.
