Dear Mr. Todd:

We have conducted a targeted review of the above referenced filing for the legal issues noted below. We think you should revise your future filings in response to these comments. If you disagree, we will consider your explanation as to why our comments are inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Please respond to confirm that such comments will be complied with, or, if certain of the comments are deemed inappropriate, advise the staff of your reason. 1. We note your disclosure that the amount of actual bonus paid to executive officers depends on the extent to which the corporate performance goals and each of the individual goals have been met. In future filings, please provide a qualitative and a quantitative discussion of all the performance measures to be achieved in order for

your executive officers to earn their performance-related compensation. We would expect to see the specific company financial goals, key operating drivers and individual performance objectives used to determine performance-related compensation and how your performance-related awards are specifically structured around such performance goals. Please note that qualitative measures generally need to be presented to conform to the requirements of Item 402(b)(2)(v) of Regulation S-K.

To the extent you believe that disclosure of the performance measures is not required because it would result in competitive harm such that it could be excluded under Instruction 4 to Item 402(b) of Regulation S-K, please provide in your response letter a detailed explanation for your conclusion as to competitive harm. To the extent that you have an appropriate basis for omitting disclosure of the performance measures, please revise your disclosure to discuss how difficult it would be for the named executive officers or how likely it will be for you to achieve the undisclosed target levels or other factors. General statements regarding the level of difficulty, or ease associated with achieving performance goals, are not sufficient. In discussing how difficult it will be for an executive or how likely it will be for you to achieve the target levels or other factors, provide as much detail as necessary without providing information that would result in competitive harm. Refer also to Question 118.04 of the Compliance and Disclosure Interpretations for Regulation S-K available on our website at [www.sec.gov](http://www.sec.gov).

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
