PORTLAND, OR - November 18, 2003 - YoCream International, Inc. (NASDAQ: YOCCM) announced today that it has obtained property adjacent to its manufacturing plant in Portland, Oregon increasing its operating facilities by 67%. The property will initially be utilized as additional warehouse space.

"This new space is already allowing us valuable flexibility and increased capacity," stated Terry Oftedal, Director of Supply Chain Operations. "Warehouse area in Building 2 enables us to meet expected demand for inventory of YoCream Smoothie shelf stable products, now being produced by the Company's new aseptic production line," continued Oftedal. "By moving raw materials and packaging to Building 2, we substantially reduce offsite storage and freight expenses, offsetting the costs of the new space."

The expansion of YoCream International's plant capacity facilitates the Company's goal to be one of the dominant suppliers of frozen desserts and beverages to the U.S. foodservice marketplace. The layout of the buildings and properties provide cost effective expansion opportunities.

YoCream International, Inc., with corporate headquarters and manufacturing facility in Portland, OR, is a pioneer and leading producer of frozen yogurt. Founded in 1977, YoCream® produces, markets and sells frozen yogurt, ice cream, frozen custard, soy desserts, and smoothies to an established and expanding global marketplace. With a proven history of producing the highest quality product and providing solution-based customer service, YoCream International is an industry leader poised for long-term growth. For more information about YoCream®, call 1-800-YOCREAM (962-7326) or log on to www.yocream.com
