Oakwood Capital Securities, Inc
Notes to Financial Statements
For the Year Ended March 31, 2024

Note 1: NATURE OF THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Company. Oakwood Capital Securities, Inc (the "Company") is a registered securities broker/dealer that maintains its headquarters and trading office in St. Louis Park, Minnesota. The Company primarily sells mutual funds, other securities and insurance products through a network of independent registered representatives and insurance agents who maintain their own offices.

The Company was incorporated May 11, 1987, under the laws of the state of Minnesota. As a securities broker/dealer, the Company is subject to the regulations of the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA"). In addition, the Company is subject to the various securities and insurance regulations of states in which it does business.

The Company is an introducing broker that accepts customer orders, but elects to clear the orders through another broker. RBC Correspondent Services, a division of RBC Capital Markets, LLC, maintains all stock and bond customer accounts for the Company's securities customers, and a portion of the mutual fund accounts. Other customer mutual fund, partnership and annuity accounts are maintained by the individual sponsoring companies.

Significant Accounting Policies. A summary of the Company's significant accounting policies are as follows. The Company follows accounting principles generally accepted in the United States of America ("GAAP") as established by the Financial Accounting Standards Board ("FASB") to ensure consistent reporting of its financial condition, results of operations, and cash flows.

Management Estimates and Assumptions - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Revenue Recognition - The Company uses revenue recognition guidance that requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies the performance obligation.

Concentration of Credit Risk - Customers' securities transactions may result in credit risk if customers are unable to fulfill their contracted trade settlement obligations. Should customers be unable to satisfy their obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the customers' settlement obligations. The Company bears the risk of loss associated with transactions executed but not settled.

Cash - At times during the year, cash balances may exceed insured limits. The Company has not experienced any losses in such accounts and believes its financial balances are on deposit with financially stable institutions.

Commissions Receivable - Amounts are based on negotiated rates for various types of investment activities.

Income Taxes - The Company is organized as an S corporation, and therefore the Company's taxable income or loss is reported on the individual income tax returns of the Company's stockholder. Therefore, no provision for Federal income taxes has been included in the accompanying financial statements.

Oakwood Capital Securities, Inc
Notes to Financial Statements
For the Year Ended March 31, 2024

Note 2: REVENUE FROM CUSTOMERS

Significant Judgments

The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Commissions

The Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

Disaggregation of Revenue

"Commissions Income - Equities" consists of customer commissions, money market fund revenue, and Sales Credits cleared through RBC

"Commission income – other" consists of commissions (including trail commissions) from Mutual Funds, Variable Annuity, 529 Plans, and 401k plans as well as Assessment Fee Income and Postage & Handling Income.

"Other income" consists of Fixed Income, Insurance Income, and Interest.

Note 3: SUBSEQUENT EVENTS

The Company has evaluated events and transactions subsequent to the statement of financial condition date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events or transactions which took place that would have a material impact on its financial statements.

Note 4: RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

Oakwood Capital Securities, Inc
Notes to Financial Statements
For the Year Ended March 31, 2024

Note 4: RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS (Continued)

For the year ending March 31, 2024, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements.

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Note 5: OPERATING LEASES

In connection with FASB Standard 842 regarding leases, which took effect as of the first day of the fiscal year after December 15, 2018, management has evaluated the financial impact the standards have had on the Company's financial statements using a modified retrospective transition approach. As of March 31, 2024, the Company does not have a right of use asset nor does it have a liability, in relation to the office space from which business activities are conducted. The Company does maintain leases for equipment utilized within the office, and has reflected a right of use asset and offsetting liability in the amount of \$471 for all capitalized equipment. There is no impact to the Company's net capital, as the right of use asset is allowable to the extent there is an offsetting lease obligation. The Company has a month to month lease for office space which is not subject to ASC 842 due to the short term exemption; see note 7.

Note 6: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the percentage of aggregate indebtedness to net capital, both as defined, shall not exceed 1500 percent. Rule 15c3-1 also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At March 31, 2024, the Company had net capital of \$274,186 which was \$224,186 in excess of its required net capital of \$50,000. As a percentage, the Company's aggregated indebtedness to net capital was 188%.

Note 7: RELATED PARTY TRANSACTIONS

The Company charges related parties for office space and management services that it provides to Oakwood Capital Inc. per the expense sharing agreement dated January 1, 2023. The agreement requires that the related parties reimburse the Company for their proportionate share of office space, staff, and related expenses. These receivables are netted against payables the Company owes to related parties. As of March 31, 2024 the amount due to the Company from the Oakwood Capital Inc. was \$38,585. Additionally, the Company has an agreement to reimburse Oakwood Capital Partners for its proportionate share of staff and related expenses. As of March 31, 2024 the amount due from the Company to Oakwood Capital Partners was \$22,532.

It is possible that the terms of certain related party transactions are not the same as those that would result for transactions among unrelated parties.

Note 8: INCOME TAXES

The Company has evaluated its tax positions and determined there are no uncertain tax positions as of March 31, 2024. Tax returns from 2020 remain open for examination by tax jurisdictions. The Company's management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

For the Year Ended March 31, 2024

Note 9: CONTINGENCIES

In the normal course of business the Company is subject to potential compliance and legal claims. There are no material legal matters as of March 31, 2024.

Note 10: CLEARING BROKER

Deposit with clearing broker - The Company, per the terms of its clearing agreement, is required to maintain restricted security deposit with its clearing broker. Such deposit amounts are refundable to the Company upon termination of the agreement.

Receivable from clearing broker - The Company clears all securities transactions through a clearing broker. The Company considers the amounts due from its clearing broker fully collectible, and accordingly, no allowance for doubtful accounts has been established.
