Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholder
Guzman & Company
Miami, Florida

Opinion on Financial Statement

We have audited the accompanying statement of financial condition of Guzman & Company (the "Broker-Dealer") as of December 31, 2022, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Broker-Dealer at December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Broker-Dealer's management. Our responsibility is to express an opinion on the Broker-Dealer's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

BDO USA, LLP

We have served as the Broker-Dealer's auditor since 2021.

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

1. ORGANIZATION

Guzman & Company (the "Company") is a Florida corporation registered with the Securities and Exchange Commission ("SEC") as a broker-dealer, and is a member of the Financial Industry Regulatory Authority ("FINRA"), the New York Stock Exchange and the Nasdaq Stock Market, Inc.

The Company is engaged in a single line of business as a securities broker-dealer, which is comprised of several classes of services, including principal transactions, agency transactions, and participation in underwriting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Securities Owned and Sold, but not yet Purchased, at Fair Value

Securities owned and sold, but not yet purchased, are valued at fair value.

Fair Value of Financial Instruments

Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in Note 6. Fair value estimates involve uncertainties and matters of significant judgment regarding interest rates, credit risk, prepayments, and other factors, especially in the absence of broad markets for particular instruments. Changes in assumptions or in market conditions could significantly affect the estimates.

The Allowance for Credit Losses

The Company records Receivables, net of any allowance for expected credit losses, when relevant revenue recognition criteria has been achieved and payment is conditioned on the passage of time. The Company maintains an allowance for expected credit losses to provide coverage for estimated losses from its client receivables. The Company determines the adequacy of the allowance by estimating the probability of loss based on the Company's analysis of historical credit loss experience of its client receivables and by taking into consideration current market conditions and reasonable and supportable forecasts that affect the collectability of the reported amount. The Company has determined that long-term forecasted information is not relevant to its client receivables, which are primarily short-term. The Company updates its average credit loss rates annually and maintains an annual allowance review process to consider current factors that would require an adjustment to the credit loss allowance. In addition, the Company periodically performs a qualitative assessment to monitor risks associated with current and forecasted conditions that may require an adjustment to the expected credit loss rates.

Furniture, Equipment and Leasehold Improvements, net

Furniture, equipment, and leasehold improvements are stated at cost less accumulated depreciation and amortization. Depreciation of these assets is computed over their estimated useful lives, 3 to 5 years, using the straight-line method. Leasehold improvements are amortized using the straight-line method over either the economic useful life of the improvement or the lease term, whichever is shorter.

Leases

The Company evaluates the classification of leases as operating or finance at inception. Leases that meet one or more of the following criteria will be classified as finance leases:

- The Company can acquire the leased asset at the end of the lease term for a below-market price.
- The ownership of the leased asset is transferred to the Company at the end of the lease period.
- The duration of the lease encompasses at least 75% of the useful life of the leased assets.
- The present value of the minimum lease payments under the lease represents at least 90% of the fair value of the leased asset.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

The Company is the lessee in a lease contract when they obtain the right to control the asset. Right-of-use ("ROU") assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent the Company's obligation to make lease payments arising from the lease, both of which are recognized based on the present value of the future minimum lease payments over the lease term at the commencement date. The Company determines the lease term by assuming the exercise of renewal options that are reasonably certain. As most of the Company's leases do not provide an implicit interest rate, the Company uses the Daily Treasury Yield Curve Rate from the U.S. Department of the Treasury over the period of the lease based on the information available at the commencement date in determining the present value of future payments. Leases with a lease term of 12 months or less at inception are not recorded on the Company's balance sheet.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities on December 31, 2022. The actual outcome of the estimates could differ from the estimates made in the preparation of the financial statements.

Government and Other Regulation

The Company's business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations. As a registered broker dealer, the Company is subject to the SEC's net capital rule (Rule 15c3-1), which requires that the Company maintain a minimum net capital, as defined.

3. RELATED PARTY TRANSACTIONS

Aragon Galiano Holdings LLC provides office space to the Company for a monthly property management fee of \$25,000. Total management fee expense was \$300,000 for the year ended December 31, 2022. This expense is included in occupancy, in the accompanying statement of operations.

The Company entered into an expense sharing agreement with Guzman Energy LLC ("Energy") in August 2015. Energy is related to the Company by virtue of common ownership. The Company agreed to provide for certain employee compensation, benefits, and other administrative services in exchange for an approximate monthly fee of \$1,040 to be paid by Energy to the Company. The agreement remains in effect for one year with the option to renew in successive one-year periods. The agreement can also be cancelled by either party with a 5-day notice of cancellation. As of December 31, 2022, the Company had \$0 due from Energy.

As of December 31, 2022, the Company had \$187,269 due from its affiliate 221b Analytics, LLC.

4. CASH SEGREGATED UNDER REGULATORY REQUIREMENTS

Cash of \$57,107 has been segregated in a special reserve bank account for the benefit of customers under Rule 15c3-3 of the SEC.

5. RECEIVABLE FROM AND PAYABLE TO BROKER-DEALERS AND CLEARING ORGANIZATIONS

Receivables from clearing organizations on December 31, 2022, were \$2,889,947. Payables to broker-dealers and clearing organizations on December 31, 2022, were \$0. The Company clears its proprietary and customer transactions on a fully disclosed basis through Merrill Lynch Broadcort. Pursuant to a clearing agreement, the Company is required to maintain a certain minimum capital with the clearing organization, in the form of either cash or securities. The level is agreed upon from time to time based on the nature of the Company's clearing activities. As of December 31, 2021, the aggregate required minimum collateral deposit under the clearing agreement was \$500,000. The Company complies with clearing broker-dealer requirements for obtaining collateral from customers.

6. FAIR VALUE MEASUREMENTS

Fair Value Measurements

The Financial Accounting Standards Board ("FASB") ASC 820, Fair Value Measurement, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2 Inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 Unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Determination of Fair Value

The Company maintains policies and procedures to value its financial instruments using the highest level and most relevant data available. In addition, management reviews valuations, including independent price validation, for certain instruments. The following describes the valuation methodologies the Company uses to measure different financial instruments at fair value, including an indication of the level in the fair value hierarchy in which each instrument is generally classified.

For many financial instruments, fair value is based on independent sources such as quoted market prices or dealer price quotations. To the extent certain financial instruments trade infrequently or are not marketable, they may not have readily determinable fair values. In these instances, the Company estimates fair value using various pricing models and available information that management deems most relevant.

Among the factors considered by the Company in determining the fair value of financial instruments are discounted anticipated cash flows, the cost, terms and liquidity of the instrument, the financial condition, operating results and credit ratings of the issuer or underlying company, the quoted market price of publicly traded securities with similar quality and yield, and other factors generally pertinent to the valuation of financial instruments.

Corporate stocks and options. Corporate stocks and options are valued based on quoted market prices. Corporate stocks that trade in active markets are classified within Level 1.

Government agency bonds. Government agency bonds are valued based on quoted market prices. Government bonds that trade in active markets are classified within Level 1.

Items Measured at Fair Value on a Recurring Basis

The following table presents the Company's financial instruments that are measured at fair value on a recurring basis as of December 31, 2022, for each fair value hierarchy level.

GUZMAN & COMPANY

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

6. FAIR VALUE MEASUREMENTS (CONTINUED)

Items Measured at Fair Value on a Non-Recurring Basis

December 31, 2022				
	Level 1	Level 2	Level 3	Total
ASSETS				
Securities owned:				
Corporate stocks and options	\$ 39,260	\$ -	\$ -	\$ 39,260
Government agency bonds	471,176	-	-	471,176
Total	\$ 510,436	\$ -	\$ -	\$ 510,436

December 31, 2022				
	Level 1	Level 2	Level 3	Total
LIABILITIES				
Securities sold, not yet purchased:				
Corporate stocks and options	\$ -	\$ -	\$ -	\$ -
Total	\$ -	\$ -	\$ -	\$ -

The Company does not have any financial assets or liabilities that are measured at fair value on a non-recurring basis as of December 31, 2022.

7. FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK AND CONCENTRATIONS OF CREDIT RISK

The Company's customer securities activities are provided to a diverse group of governmental, institutional, corporate, and individual investors. In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company must purchase or sell the financial instrument underlying the contract at a loss.

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker/dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

8. NET CAPITAL REQUIREMENT

The Company, as a registered broker-dealer in securities, is subject to the SEC's Net Capital Rule (Rule 15c3-1), which requires that the Company maintain "Net Capital" equal to the greater of \$250,000 or 6 2/3% of "Aggregate Indebtedness", as defined, and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. On December 31, 2022, the Company's "Net Capital" was \$3,802,330, which was \$3,552,330 in excess of the "Required Net Capital" of \$250,000. On December 31, 2022, the Company's ratio of aggregate indebtedness to net capital was 0.15 to 1.

GUZMAN & COMPANY

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021****9. NOTES PAYABLE**

Subordinated Loans

As of December 31, 2022, the Company has two subordinated loan agreements with its majority stockholder which total \$3,000,000, bear interest at 5% per year and mature on June 14, 2023. The loan agreements renew automatically at the maturity date for an additional one-year term.

The subordinated borrowings are covered by agreements approved by FINRA and are thus allowable in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid (NOTE 8).

10. FURNITURE, EQUIPMENT AND LEASEHOLD IMPROVEMENTS, NET

Furniture, equipment and leasehold improvements, net, are summarized as follows:

Furniture and Equipment	\$ 366,526
Leasehold Improvements	<u>216,187</u>
	582,713
 Less accumulated depreciation	 <u>(563,008)</u>
	<u><u>\$ 19,705</u></u>

11. LEASES

Operating Leases

The Company subleases office space through an operating lease that expires in 202_.

		<hr/>

Information associated with the measurement of the remaining operating lease obligations as of December 31, 2022 is as follows:

Weighted-average remaining lease term in years 4.29

Weighted-average discount rate 1.45%

12. COMMITMENTS AND CONTINGENCIES

Litigation

Certain claims, lawsuits and complaints arising in the ordinary course of business may have been filed or are pending against the Company. In the opinion of management, all such matters are adequately covered by insurance, or if not so covered, are without merit or are of such kind, or involve such amounts, as would not have a significant effect on the financial position or results of operations of the Company, if disposed of unfavorably.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

14. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through March 17, 2023, which is the date the financial statements were available to be issued.
