PART I

Item 1. Business

Gateway Tax Credit Fund, Ltd. ("Gateway") is a Florida limited partnership. The general partners are Raymond James Tax Credit Funds, Inc., the Managing General Partner, and Raymond James Partners, Inc. both of which are sponsors of Gateway Tax Credit Fund, Ltd. and wholly-owned subsidiaries of Raymond James Financial, Inc. Gateway was formed October 27, 1987 and commenced operations as of June 30, 1988 with the first admission of Limited Partners.

Gateway is engaged in only one industry segment, to acquire limited partnership interests in unaffiliated limited partnerships ("Project Partnerships"), each of which owns and operates one or more apartment complexes eligible for Low-Income Housing Tax Credits under Section 42 of the Internal Revenue Code ("Tax Credits"), received over a ten year period. Subject to certain limitations, Tax Credits may be used by Gateway's investors to reduce their income tax liability generated from other income sources. Gateway will terminate on December 31, 2040 or sooner, in accordance with the terms of its Limited Partnership Agreement. Gateway closed its initial offering of Limited Partnership Interests on March 1, 1990 after receiving capital contributions of \$1,000 from the General Partners and \$25,566,000 from Limited Partners.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Limited Partners and 1% to the General Partners. Profit or loss and cash distributions from sales of interests in Project Partnerships will be allocated as described in the Limited Partnership Agreement.

Gateway initially held investments in 82 Project Partnerships holding 87 properties. As more fully discussed in Item 7 herein, Gateway is presently in the process of disposing of its interests in Project Partnerships which have reached the end of their fifteen year tax credit compliance period. As of March 31, 2007, Gateway holds investments in 68 Project Partnerships, acquiring what is generally a 99% interest in these properties by becoming the sole limited partner in the Project Partnerships that own the properties. In October 1996 Value Partners, Inc., an affiliate of Raymond James Tax Credit Funds, Inc., became the sole general partner of one of the Project Partnerships, Village Apartments of Sparta, Limited Partnership ("Sparta"). See Management's Discussion and Analysis of Financial Condition and Results of Operations for additional details.

The primary sources of funds for the year ended March 31, 2007 were interest income of \$35,306 earned on cash and cash equivalents and \$87,232 in distributions received from Project Partnerships. As of March 31, 2007 Gateway had \$1,034,929 of Cash and Cash Equivalents, \$278,126 of which are sales proceeds received upon sale of certain Project Partnerships and \$277,902 of which were subsequently distributed to Limited Partners during May, 2007.

All Project Partnerships are government subsidized. Most have mortgage loans from the Farmers Home Administration (now called USDA Rural Development) ("USDA RD") under Section 515 of the Housing Act of 1949. These mortgage loans are made at low interest rates for multi-family housing in rural and suburban areas, with the requirement that the interest savings be passed on to low income tenants in the form of lower rents. A significant portion of the Project Partnerships also receive rental assistance from USDA RD to subsidize certain qualifying tenants.

The General Partners do not believe the Project Partnerships are subject to the risks generally associated with conventionally financed non-subsidized apartment properties. Risks related to the operations of Gateway are described in detail on pages 21 through 33 of the Prospectus, as supplemented, contained in the Registration Statement, File No. 33-18142 ("Prospectus"), under the caption "Risk Factors" which is incorporated herein by reference.

The investment objectives of Gateway are to:

- 1) Provide tax benefits to Limited Partners in the form of Tax Credits during the period in which each Project is eligible to claim Tax Credits;
- 2) Provide passive losses to individual investors to offset passive income from other passive activities, and provide passive losses to corporate investors to offset business income;
- 3) Preserve and protect the capital contributions of Investors; and
- 4) Participate in any capital appreciation in the value of the Projects.

The investment objectives and policies of Gateway are described in detail on pages 33 through 38 of the Prospectus, under the caption "Investment Objectives and Policies" which is incorporated herein by reference.

Gateway's goal was to invest in a diversified portfolio of Project Partnerships located in rural and suburban locations with a high demand for low-income housing. The capital contributions which were raised from Limited Partner investors were successfully invested in Project Partnerships which met the investment criteria. The Tax Credits have been delivered to Gateway and the fifteen year tax credit compliance period is now over for all but one of the Project Partnerships. Gateway is now disposing of its remaining interests.

Exit Strategy

The IRS compliance period for low-income housing tax credit properties is generally 15 years from occupancy following construction or rehabilitation completion.

All but one of the Project Partnerships have reached the end of their Tax Credit compliance period. As of March 31, 2007, thirteen of the Project Partnerships holding fourteen of the properties have been sold and, in accordance with the Gateway partnership agreement, the entire net proceeds received from these sales are to be distributed to the Limited Partners of Gateway. On a cumulative basis as of March 31, 2007, \$1,409,198 representing \$55.12 per Limited Partner unit have been distributed to Limited Partners and an additional \$277,902 representing \$10.87 per limited partner unit have been distributed in May, 2007.

Gateway is currently in the process of disposing of its remaining investments in Project Partnerships which have reached the end of their fifteen year Tax Credit compliance period. Gateway's objective is to sell Gateway's interest in such properties for fair market value and ultimately, to liquidate the Project Partnerships and in turn ultimately liquidate Gateway.

Gateway has no direct employees. The General Partners have full and exclusive discretion in management and control of Gateway.

Item 1A. Risk Factors

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of Tax Credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment. No such contributions have been made during fiscal year 2007.

Investors eventually may be allocated profits for tax purposes which exceed any cash Gateway distributes to them. Under these circumstances, unless an investor has passive losses or credits to reduce such tax liability, the investor will have to pay federal income tax without a corresponding cash distribution from Gateway. Similarly, in the event of a sale or foreclosure of an apartment complex, an investor may be allocated taxable income, resulting in tax liability, in excess of any cash distributed to the investor as a result of such event.

There is no assurance that investors will receive any cash distributions from the sale or refinancing of a Project Partnership. The price at which a Project Partnership is sold may not be large enough to pay the mortgage and other expenses which must be paid at such time.

Item 1B. Unresolved Staff Comments.

None.

Item 2. Properties

Gateway owns interest in properties through 99% limited partnership interests in 68 Project Partnerships and a general partner interest in one project partnership (Sparta), all together holding 73 properties as of March 31, 2007. The largest individual Project Partnership net investment as of March 31, 2007 comprises 16.63% of Gateway's total assets. The following table provides certain summary information regarding the Projects in which Gateway had an interest, excluding Village Apartments of Sparta, as of December 31, 2006:

The above selected financial data should be read in conjunction with the financial statements and related notes appearing elsewhere in this report. This statement is not covered by the auditor's opinion included elsewhere in this report.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

This item should be read in conjunction with the financial statements and other items contained elsewhere in this report.

The Managing General Partner monitors developments in the area of legal and regulatory compliance. For example, the Sarbanes-Oxley Act of 2002 (the "Act") mandates or suggests additional compliance measures with regard to governance, disclosure, audit and other areas and certain provisions of the Act will require implementation by Gateway in subsequent years. In light of the additional requirements of the Act, Gateway has and expects to continue to incur increased expenses related to compliance with the Act.

Results of Operations -

Interest income for the year ended March 31, 2007 of \$35,306 represents an increase of \$7,130 or 25%, over the fiscal year 2006 interest income of \$28,176, which was an increase of \$16,436 or 140% over the fiscal year 2005 interest income of \$11,740. Increases in interest income over the prior two fiscal years result primarily from the increase in interest rates in each year. Interest income is generally one source of funds available to pay administrative costs of Gateway.

Rental Income arises solely from two project partnerships, Sparta and Village Apartments of Divernon Limited Partnership which when considered with Gateway Project Partnerships are the ("Operating Entities"). As more fully discussed in Notes 2 and 7 of the accompanying financial statements, one of the Operating Entities, the Village Apartments of Divernon, was disposed of by Gateway early in fiscal year 2007. Rental income in fiscal year 2007 decreased by \$24,086 or 18% to \$109,342 as compared to fiscal year 2006 rental income of \$133,428 and fiscal year 2005 rental income of \$125,995.

Gateway has no direct employees. The General Partners have full and exclusive discretion in management and control of Gateway. General and Administrative expense incurred by the General Partner on behalf of Gateway increased \$50,293 or 29% to \$223,671 in fiscal year 2007 as compared to the fiscal year 2006 expense of \$173,378. In fiscal year 2006 general and administrative expense was \$56,747 or 49% higher than the fiscal year 2005 expense of \$116,631. Administrative costs of administering Gateway have increased over the two year period in large part due to increased staff related solely to the disposition of the Project Partnerships. These administrative costs are funded from interest income received, distributions received from Project Partnerships, and from cash reserves which were funded at the inception of Gateway for the purpose of funding on-going administrative costs of Gateway.

General and Administrative expense - Other, decreased in fiscal year 2007 by \$27,309 or 21% to \$101,732 as compared to \$129,041 incurred in fiscal year 2006. Fiscal year 2006 General and Administrative expense - Other when compared to fiscal year 2005 increased \$50,705, or 65% from the fiscal year 2005 expense of \$78,336. Expenses for annual tax preparation and financial statement audits and quarterly reviews, third-party investor reporting services and any other third-party professional services incurred are included in this category of expenses. During fiscal year 2006, real estate valuation services expense of \$20,700 was incurred which was not incurred in either fiscal year 2007 or fiscal year 2005. This incremental expense incurred in the prior year accounts for the majority of the decrease in 2007 versus the prior year expense incurred.

Amortization expense was \$0 in fiscal year 2007, a \$181,818 decrease as compared to fiscal year 2006. Amortization expenses in fiscal year 2006 of \$181,818 represented a \$168,175 increase as compared to the fiscal year 2005 amortization expense of \$13,643. During fiscal year 2006, the useful life of the acquisition fees and expense was changed from 35 years to 15 years to better reflect the economic life of those investments. Since all but one of the Project Partnerships exited their 15-year tax credit compliance period as of March 31, 2006, there was no amortization expense in fiscal year 2007.

Nine Project Partnership investments were sold or otherwise disposed of during fiscal year 2007. Four of the Project Partnerships - Albany, Ltd., Burkesville, Ltd., Floresville Housing Ltd., and Village Apartments of Divernon Limited Partnership - were sold or otherwise disposed of during the first three quarters of fiscal year 2007. Gateway received sales proceeds for these four Project Partnership transactions totaling \$148,698 which were distributed in fiscal year 2007 to the Limited Partners, less \$11,920 in legal and other distribution related expenses, at \$5.35 per limited partner unit. Five of the Project Partnerships - Applewood Apartments (Crestwood Villa II), Fairview South, Ltd., Robinhood Apartments, Ltd., Skyview Terrace Apartments, Ltd. and Southwood Apartments, Ltd. - were sold in the fourth quarter of fiscal year 2007. Gateway received net sales proceeds for these five Project Partnerships totaling \$277,723 which have been distributed to the Limited Partners subsequent to the March 31, 2007 year-end (in May, 2007) at \$10.87 per Limited Partner unit.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

During fiscal year 2006, two Project Partnership investments were sold, Keysville, L.P. and Rivermeade Associates. Gateway received sale proceeds totaling \$604,258 which were distributed in December 2005 to the Limited Partners, less \$4,000 in legal expenses, at \$23.47 per limited partnership unit. The remaining \$224 of this distribution is reflected as a Distribution Payable on the March 31, 2006 Balance Sheet. As disclosed on the Statement of Operations, Gateway reported a \$598,499 gain on these sales transactions. One Project Partnership, Village Apartments of Divernon, was classified as of March 31, 2006 as held-for-sale on the consolidated balance sheet and as discussed above, was subsequently disposed of during fiscal year 2007.

There were no Project Partnership sale or disposition transactions during fiscal year 2005.

Including the May, 2007 distribution referred to above, cumulative distributions of sales proceeds since inception of Gateway to Limited Partners amount to \$65.99 per unit.

For the year ended March 31, 2007 the Project Partnerships reported losses of \$26,727 which represents an \$80,497 decrease as compared to the Losses from Project Partnerships for the year ended March 31, 2006 of \$107,224. For the fiscal year ended March 31, 2005, the Project Partnerships reported a loss of \$371,209. Typically, it is customary in the low-income housing tax credit industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. Since Gateway invests as a limited partner in Project Partnerships, and is therefore not obligated to fund losses or make additional capital contributions, Gateway does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment balance below zero. Therefore, as the Project Partnership investments mature and the Investments in Project Partnership balances decrease over time, the Losses from Project Partnerships recorded by Gateway decrease.

In fiscal year 2007, the Gain on Sale of Project Partnerships amounted to \$562,473, a decrease of \$36,026 from the fiscal year 2006 Gain on Sale amount of \$598,499. There was no gain on sale of Project Partnerships in fiscal year 2005. As more fully discussed herein, nine Project Partnership investments were sold or disposed of in fiscal year 2007 as compared to fiscal year 2006 when two Project Partnership investments were sold. The amount of the gain or loss on a sale of a Project Partnership is dependent upon the specifics related to each sale or disposition transaction. Refer to the discussion of each Project Partnership sold in the exit strategy section that follows.

In total, Gateway reported a loss of \$190,201 from operations for the year ended March 31, 2007. Cash and Cash Equivalents increased by \$276,420 but of that increase, \$277,902 results from sales proceeds arising from the sale of Project Partnerships during fiscal year 2007, which are for distribution to Limited Partners in fiscal 2008. After consideration of these sales proceeds, cash and cash equivalents decreased \$1,482.

Liquidity and Capital Resources -

Gateway's capital resources are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel, legal, and accounting and audit fees associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee due but unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the investors return of their original capital contribution.)

The sources of funds to pay the operating costs are short-term investments and interest earned thereon, and cash distributed to Gateway from operations of the Project Partnerships. At March 31, 2007, Gateway had \$1,034,929 of short-term investments (Cash and Cash Equivalents). However, \$278,126 of this balance represents proceeds Gateway received prior to March 31, 2007 from the sale of Project Partnership investments which is for distribution to Limited Partners and which was in fact distributed to Limited Partners subsequent to year-end in May, 2007. Management believes that sources of funds are sufficient to meet Gateway's current and ongoing operating costs for the foreseeable future, and to perhaps pay a small portion of the unpaid Asset Management Fee.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

For the year ending March 31, 2007, Gateway received \$87,232 in cash distributions from the Project Partnerships and \$35,306 in interest income which are available for payment of Gateway expenses. The General and Administrative operating costs (both General Partner and Other) were \$325,403 in fiscal year 2007 and the Asset Management Fee expensed was \$450,140, but note that no asset management fees were actually paid to the General Partner during fiscal year 2007.

Exit Strategy

The IRS compliance period for low-income housing tax credit properties is generally 15 years from occupancy following construction or rehabilitation completion. Gateway is currently in the process of disposing of its investments in Project Partnerships which have reached the end of their fifteen year Tax Credit compliance period. Gateway's objective is to sell Gateway's interest in such assets for fair market value and ultimately, to liquidate the Project Partnerships. Generally, the market for Project Partnerships is limited. Some of the factors which negatively impact the marketability of these projects include (1) requirements by government agencies or the project's debt holder to continue to maintain the property in the low-income housing program, and (2) a mortgage balance of the property which is very near the initial balance as a result of the heavily subsidized debt of the Project Partnerships and lengthy (usually 50 year) amortization periods.

As of March 31, 2007, Gateway holds a limited partner interest in 68 Project Partnerships and a general partner interest in one project partnership (Sparta), together holding 73 properties which own and operate government assisted multi-family housing complexes. All but one of the Project Partnerships have reached the end of their Tax Credit compliance period. As of March 31, 2007, thirteen of the Project Partnerships holding fourteen of the properties have been sold and, in accordance with the Gateway partnership agreement, the entire net proceeds received from these sales either have been or will be distributed to the Limited Partners of Gateway. Gateway at one time held investments in 82 Project Partnerships holding 87 properties. The transaction summaries for the Project Partnerships sold during the past three fiscal years are summarized below:

Gateway did not receive any net proceeds from the disposition of this Project Partnership investment. Gateway recorded a net gain on sale of \$151,256 on the disposition of this asset, which is included as a component of the Gain on Sale of Project Partnerships on the Combined Statement of Operations.

In June 2005, Gateway sold its Project Partnership investment in Rivermeade Apartments I. Gateway received \$ 329,950 in net proceeds (\$12.90 per limited partnership unit). Project Partnerships sold subsequent to March 31, 2007:

Laurel Woods Apartments

Subsequent to the March 31, 2007 year-end, Gateway sold its Project Partnership investment in Laurel Woods Apartments. Gateway realized approximately \$220,000 in net proceeds or approximately \$8.60 per Limited Partner unit from this sale transaction which will be distributed to Limited Partner unit holders in the 2nd quarter of fiscal year 2008.

Gateway has approved the sale to the general partner of the Project Partnerships or a third party:

Crosstown Parkway Apartments Phase I
Pleasant Valley Apartments
La Villa Elena
Sage Apartments
Sandridge Apartments

Crosstown Parkway Apartments Phase II
Casa Linda Apartments
Rio Abajo Apartments
Brookshire Apartments
Limestone Apartments

7. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

These approvals are subject to a number of contingencies, the outcome of which cannot be predicted with certainty. However, utilizing the sales amounts as approved by Gateway, should all the transactions close without modification, the estimated net proceeds from the sales of these Project Partnerships to Gateway are estimated to be approximately \$3,050,000, or \$119.30 per limited partnership unit which would be available for distribution to the Limited Partners subsequent to the closing of these sale transactions which would most likely occur within the next 24-month period.

Gateway has consented to the general partner granting an option for either the general partner or a third-party to purchase the Partnership Interest:

Hollybrook III Apartments
Kenly Court Apartments
Pulaski Village Apartments
Ashton Place Apartments

Middleport Villa Apartments
Meadows Apartments
Riverside Apartments

Should all of these options be exercised, the estimated net sales proceeds to Gateway from the sales transactions are estimated to be \$975,000, or \$38.14 per Limited Partnership unit potentially available for distribution to the Limited Partners over the next 24 months. These options to purchase could expire without being exercised which would result in no sales proceeds and remarketing of the Project Partnerships the results of which are undeterminable.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Partners of
Gateway Tax Credit Fund, Ltd.

We have audited the accompanying consolidated balance sheets of Gateway Tax Credit Fund, Ltd. (a Florida Limited Partnership) as of March 31, 2007 and 2006 and the related consolidated statements of operations, partners' equity (deficit), and cash flows for each of the years in the two year period ended March 31, 2007. These consolidated financial statements are the responsibility of Gateway's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the financial statements of a certain Project Partnership for which \$334,331 and \$327,130 of net investment is included in these financial statements as of March 31, 2007 and 2006, respectively, and for which equity in its net income (loss) was \$15,136 and (\$40,561), respectively, for the years then ended. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for such underlying partnership, is based solely on the report of the other auditors. The financial statements of Gateway Tax Credit Fund, Ltd. for the year ended March 31, 2005, were audited by other auditors whose report dated September 8, 2005, expressed an unqualified opinion on those statements.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. Gateway is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gateway's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Gateway Tax Credit Fund, Ltd. as of March 31, 2007 and 2006 and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules listed under Item 15(a)(2) in the index are presented for purposes of complying with the Securities and Exchange Commission's rules and are not part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, based on our audits and the reports of other auditors, fairly state in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

GATEWAY TAX CREDIT FUND, LTD.
(A Florida Limited Partnership)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2007, 2006 AND 2005

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund, Ltd. ("Gateway"), a Florida Limited Partnership, was formed October 27, 1987 under the laws of Florida. Operations commenced on June 30, 1988. Gateway invests, as a limited partner, in other limited partnerships ("Project Partnerships"), each of which owns and operates apartment complexes which qualify for Low-Income Housing Tax Credits ("Tax Credits") provided for in Section 42 of the Internal Revenue Code of 1986. Gateway will terminate on December 31, 2040 or sooner, in accordance with the terms of the limited partnership agreement (the "Agreement"). Gateway closed the offering on March 1, 1990 after receiving Limited and General Partner capital contributions of \$25,566,000 and \$1,000, respectively. The fiscal year of Gateway for reporting purposes ends on March 31.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly-owned subsidiaries of Raymond James Financial, Inc., are the General Partner and Managing General Partner of Gateway, respectively.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Limited Partners and 1% to the General Partners. Profit or loss and cash distributions from sales of properties will be allocated as specified in the Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Consolidated Statements

The accompanying statements include, on a consolidated basis, the accounts of Gateway, Village Apartments of Sparta Limited Partnership and Village Apartments of Divernon Limited Partnership ("Operating Entities"), two Project Partnerships in which Gateway has invested. As of October 1, 1996 and October 1, 1997, respectively, an affiliate of Gateway's Managing General Partner, Value Partners, Inc. became the general partner of the Operating Entities. Since the general partner of the Operating Entities is now an affiliate of Gateway, these consolidated financial statements include the financial activity of the Operating Entities for all years presented. All significant intercompany balances and transactions have been eliminated. Gateway has elected to report the results of operations of the Operating Entities on a 3-month lag basis, consistent with the presentation of financial information of all Project Partnerships. Gateway sold its investment in Village Apartments of Divernon during the fiscal year ended March 31, 2007 (See further discussion of this sale transaction in Note 7).

Basis of Accounting

Gateway utilizes the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when obligations are incurred.

Gateway accounts for its investments as the sole limited partner in Project Partnerships ("Investments in Project Partnerships"), with the exception of the Operating Entities, using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in losses of the Project Partnerships on a 3-month lag in the Statements of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition, and
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in losses of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships, and
- 3) Decreased for the amortization of the acquisition fees and expenses.

For the fiscal year ended March 31, 2006, Gateway changed the period over which the intangible acquisition fees and expenses are amortized. In all years prior to March 31, 2006, the period in which such intangible assets had been amortized was 35 years. In the fiscal year ended March 31, 2006, this amortization period was changed to 15 years to better approximate the period over which the benefits of these investments are realized. As a result of this change in estimate, an additional \$171,067 of amortization expense was

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued):

recognized during the year-ended March 31, 2006, as compared to the amortization expense amount which would have been realized had the estimated amortization period not changed during that year. The net amortization is shown as amortization expense on the Statements of Operations.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior years' cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income from the individual Project Partnerships.

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. No impairment loss has been recognized in the accompanying financial statements.

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility for Tax Credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment. However, Gateway does not guarantee any of the mortgages or other debt of the Project Partnerships. No such funding to Operating Entities occurred during 2005, 2006, or 2007.

Cash and Cash Equivalents

Gateway's policy is to include short-term investments with an original maturity of three months or less in cash and cash equivalents. Short-term investments are comprised of money market mutual funds.

Accounts Receivable

Accounts receivable consists of tenant receivables of the Operating Entities. Tenant receivables are recorded when billed. An allowance for doubtful accounts has not been considered necessary based on historical loss experience. An account is considered past due when payment has not been rendered within thirty days of its due date. Uncollectible receivables are charged to rental revenue when project management has determined that collection efforts will not be successful.

Capitalization and Depreciation

Land, buildings and improvements are recorded at cost and Gateway provides for depreciation using the modified accelerated cost recovery system method for financial and tax reporting purposes in amounts adequate to amortize costs over the lives of the applicable assets as follows:

Buildings	27-1/2 years
Equipment	7 years

Assets which meet certain specific criteria are classified as property held for sale as of the balance sheet date. The Village Apartments of Divernon met such criteria as of March 31, 2006. Accordingly its balance sheet amounts were presented as held for sale on the consolidated balance sheet as of March 31, 2006. For the year-ended March 31, 2006, Gateway considered presentation as discontinued operations in the consolidated statement of operations and consolidated statement of cash flows, however, as the results of operations and cash flows of Village Apartments of Divernon were not significant to Gateway as a whole, such discontinued operations presentation was not made. Divernon was subsequently sold during April, 2006 (See further discussion of this sale transaction in Note 7).

Expenditures for maintenance and repairs of the Operating Entities are charged to expense as incurred. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the Statement of Operations.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued):

Rental Income

Rental income, principally from short-term leases on the Combined Entity's apartment units, is recognized as income under the accrual method as the rents become due.

Concentrations of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund whose investment advisor is a wholly owned subsidiary of Raymond James Financial, Inc.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

Reclassifications

For comparability, certain 2006 amounts have been reclassified, where appropriate, to conform with the financial statement presentation used in 2007.

Variable Interest Entities

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN46"), "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51," which was subsequently revised in December 2003. Gateway has adopted FIN46 and applied its requirements to all Project Partnerships in which Gateway holds an interest. Generally a variable interest entity, or VIE, is an entity with one or more of the following characteristics, (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support; (b) as a group the holders of the equity investment at risk lack (i) the ability to make decisions about an entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. FIN 46 requires a VIE to be consolidated in the financial statements of the entity that is determined to be the primary beneficiary of the VIE. The primary beneficiary, as is applicable to Gateway's circumstances, is the party in the Project Partnership equity group that is most closely associated with the Project Partnership.

As of March 31, 2007, Gateway holds variable interests in 69 VIEs, which consist of Project Partnerships, which Gateway is not the primary beneficiary. Gateway's maximum exposure to loss as a result of its involvement with unconsolidated VIEs is limited to Gateway's recorded investments in and receivables from those VIEs, which is approximately \$541,534 at March 31, 2007. Gateway may be subject to additional losses to the extent of any financial support that Gateway voluntarily provides to those Project Partnerships in the future.

NOTE 3 - RELATED PARTY TRANSACTIONS:

The Payable to General Partners primarily represents the asset management fees owed to the General Partners at the end of the period. This payable is unsecured, due on demand and, in accordance with the Agreement, non-interest bearing. Within the next 12 months, the Managing General Partner does not intend to demand payment on the portion of Asset Management Fees payable classified as long-term on the Balance Sheet.

The General Partners and affiliates are entitled to compensation and reimbursement for costs and expenses as follows:

Asset Management Fee - The Managing General Partner is entitled to an annual asset management fee equal to 0.45% of the aggregate cost of Gateway's interest in the projects owned by the Project Partnerships. The asset management fee will be paid only after all other expenses of Gateway have been paid. These fees are included in the Statements of Operations. Totals incurred for the years ended March 31, 2007, 2006 and 2005 were \$450,140, \$464,115 and \$476,680, respectively.

NOTE 3 - RELATED PARTY TRANSACTIONS (Continued):

General and Administrative Expenses - The Managing General Partner is reimbursed for general and administrative expenses of Gateway on an accountable basis. These expenses are included in the Statements of Operations. Totals incurred for the years ended March 31, 2007, 2006 and 2005 were \$223,671, \$173,378 and \$116,631, respectively.

NOTE 5 - MORTGAGE NOTE PAYABLE:

The mortgage note payable for Sparta is the balance due on a note dated December 1, 1998 in the amount of \$827,361. The loan is at a stated interest rate of 6.125% for a period of 50 years; the loan also contains a provision for an interest subsidy which reduces the effective interest rate to 2.325%. At December 31, 2006 Sparta was in compliance with the terms of the subsidy agreement and is receiving the reduced rate which makes the monthly payments \$1,926.

Expected maturities of the mortgage note payable are as follows:

Year Ending	Amount
-----	-----
12/31/07	5,684
12/31/08	5,808

The loan was at a stated interest rate of 8.75% for a period of 50 years, the loan also contained a provision for an interest subsidy which reduced the effective interest rate to 2.35%. On November 1, 2005, Rural Development, the holder of the note, suspended mortgage payments until further notice. Interest was still being accrued from the time of the suspension. As more fully described in Note 7 hereto, Gateway disposed of its interest in the Village Apartments of Divernon during the year ended March 31, 2007.

NOTE 6 - TAXABLE INCOME (LOSS):

The following is a reconciliation between Net Loss as described in the financial statements and the Partnership loss for tax purposes:

The Partnership's Investment in Project Partnerships is approximately \$28,391,847 higher for financial reporting purposes than for tax return purposes because (i) annual tax depreciation expense is higher than financial depreciation, (ii) certain expenses are not deductible for tax return purposes and (iii) losses are suspended for financial purposes but not for tax purposes.

The differences in the assets and liabilities of Gateway for financial reporting purposes and tax reporting purposes for the year ended March 31, 2007 are as follows:

INDEPENDENT AUDITORS' REPORT

The Partners
Crosstown Seniors Limited Dividend
Housing Association Limited Partnership
(A Michigan Limited Partnership)
Kalamazoo, Michigan

We have audited the accompanying balance sheets of Crosstown Seniors Limited Dividend Housing Association Limited Partnership, (a Michigan Limited Partnership), as of December 31, 2006 and 2005, and the related statements of operations, partners' equity/(deficit) and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Partnership has determined that it is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Crosstown Seniors Limited Dividend Housing Association Limited Partnership, as of December 31, 2006 and 2005, and the results of its operations, changes in partners' equity/(deficit) and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.
