GATEWAY TAX CREDIT FUND, LTD.  
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS  
September 30, 2009  
(Unaudited)

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund, Ltd. ("Gateway"), a Florida Limited Partnership, was formed October 27, 1987 under the laws of Florida. Operations commenced on June 30, 1988. Gateway invests, as a limited partner, in other limited partnerships ("Project Partnerships"), each of which owns and operates apartment complexes eligible for Low-Income Housing Tax Credits ("Tax Credits"), provided for in Section 42 of the Internal Revenue Code of 1986. Gateway will terminate on December 31, 2040 or sooner, in accordance with the terms of the limited partnership agreement (the "Agreement"). As of September 30, 2009, Gateway had received capital contributions of \$325,032 from the General Partners and \$25,566,000 from the Limited Partners. The fiscal year of Gateway for reporting purposes ends on March 31.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly owned subsidiaries of Raymond James Financial, Inc., are the General Partner and Managing General Partner, respectively and collectively the General Partners.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Limited Partners and 1% to the General Partners. Profit or loss and cash distributions from sales of properties are allocated as specified in the Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

Gateway utilizes the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when obligations are incurred.

Gateway accounts for its investments as the sole limited partner in Project Partnerships ("Investments in Project Partnerships") using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in loss of the Project Partnerships on a 3-month lag in the Statements of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition,
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in loss of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships,
- 3) Decreased for the amortization of the acquisition fees and expenses,
- 4) Decreased, where appropriate, for impairment.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income, if any, from the individual Project Partnerships. Any cash distributions received from Project Partnerships which have a zero investment balance are accounted for as distribution income in the period the cash distribution is received by Gateway.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. As part of its analysis, Gateway has historically considered the residual value of the Project Partnerships as one key component of its estimate of future cash flows. During the quarter ended December 31, 2008, as a direct result of the deterioration that occurred within the United States financial markets and more specifically, its negative impact on the Tax Credit market, Gateway concluded that any residual value of the Project Partnerships given the Tax Credit market conditions could not be practicably determined. As a result, Gateway eliminated estimates of residual value of the Project Partnerships from the recoverability portion of its impairment analysis. Accordingly, in the quarter ended December 31, 2008, impairment expense of \$112,895 was recognized in the Statement of Operations. Gateway is continuing to execute its process of disposition of its interest in Project Partnerships that have reached the end of their Tax Credit compliance period, refer to Note 5 – Summary of Disposition Activities for the most recent update of those on-going activities. No impairment expense was recognized during either of the six-month periods ended September 30, 2009 and 2008.

Cash and Cash Equivalents

Gateway's policy is to include short-term investments with an original maturity of three months or less in cash and cash equivalents. Short-term investments are comprised of money market mutual funds.

Assets Held for Sale

Assets which meet certain specific criteria are classified as property held for sale as of the balance sheet date. One of the Project Partnerships, Crosstown Seniors Limited Dividend Housing Association Limited Partnership ("Crosstown") met such criteria as of March 31, 2008. Crosstown was sold during September 2008. The gain on sale of Crosstown is presented as discontinued operations for the quarter ended September 30, 2008. (See further discussion of this sale transaction in Note 5).

Discontinued Operations on the Statements of Operations consist of the following amounts for the six months ended September 30, 2009 and 2008:

	2009	2008
Gain on Sale of Project Partnerships	\$ -	\$ 1,031,135
Total Income from Discontinued Operations	<u>\$ -</u>	<u>\$ 1,031,135</u>

Concentrations of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund whose investment advisor is a wholly owned subsidiary of Raymond James Financial, Inc.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Variable Interest Entities

Generally a variable interest entity, or VIE, is an entity with one or more of the following characteristics, (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support; (b) as a group the holders of the equity investment at risk lack (i) the ability to make decisions about an entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. GAAP requires a VIE to be consolidated in the financial statements of the entity that is determined to be the primary beneficiary of the VIE. Gateway's determination of the primary beneficiary of each VIE requires judgment and is based on an analysis of all relevant facts and circumstances including: (1) the existence of a principal-agency relationship between the limited partner and the general partner, (2) the relationship and significance of the activities of the VIE to each partner, (3) each partner's exposure to the expected losses of the VIE, and (4) the design of the VIE. In the design of Project Partnership VIEs, the overriding concept centers around the premise that the limited partner invests solely for tax attributes associated with the property held by the VIE, while the general partner of the Project Partnership is responsible for overseeing its operations. Based upon its analysis of all the relevant facts and considerations, Gateway has concluded that in those instances where the Project Partnership interests are determined to be VIEs, the general partner of the Project Partnership is more closely associated with the Project Partnership than the limited partner (Gateway) and therefore, Gateway is not the primary beneficiary.

As of September 30, 2009, Gateway holds variable interests in 22 VIEs, which consist of Project Partnerships. Gateway is not the primary beneficiary of any of these VIEs. Gateway's maximum exposure to loss as a result of its involvement with unconsolidated VIEs is limited to Gateway's capital contributions to those VIEs, which is approximately \$4,898,731 at September 30, 2009. Gateway may be subject to additional losses to the extent of any financial support that Gateway voluntarily provides to those Project Partnerships in the future.

Basis of Preparation

The unaudited financial statements presented herein have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and note disclosures required by generally accepted accounting principles. These statements should be read in conjunction with the financial statements and notes thereto included with Gateway's report on Form 10-K for the year ended March 31, 2009. In the opinion of management, these financial statements include adjustments, consisting only of normal recurring adjustments, necessary to fairly summarize Gateway's financial position and results of operations. The results of operations for the periods may not be indicative of the results to be expected for the year.

NOTE 3 - RELATED PARTY TRANSACTIONS:

The Payable to General Partners primarily represents the asset management fees and general and administrative expenses owed to the General Partners at the end of the period. This payable is unsecured, due on demand and, in accordance with the Agreement, non-interest bearing.

The General Partners and affiliates are entitled to compensation and reimbursement for costs and expenses as follows:

**Asset Management Fee** – The Managing General Partner is entitled to receive an annual asset management fee equal to 0.45% of the aggregate cost of Gateway's interest in the projects owned by the Project Partnerships. The asset management fee will be paid only after all other expenses of Gateway have been paid. These fees are included in the Statements of Operations. Totals incurred for the six months ended September 30, 2009 and 2008 were \$115,975 and \$160,832, respectively.

**General and Administrative Expenses** – The Managing General Partner is reimbursed for general and administrative expenses of Gateway on an accountable basis. These expenses are included in the Statements of Operations. No such expenses were incurred for the six months ended September 30, 2009 and 2008.

Refer to the discussion of net profit on re-syndication transactions contributed to Gateway by the Managing General Partner in Note 5, Summary of Disposition Activities herein.

NOTE 4 - INVESTMENTS IN PROJECT PARTNERSHIPS:

As of September 30, 2009, Gateway holds a 99% interest in the profits, losses, and Tax Credits as a limited partner in 22 Project Partnerships holding 22 properties which own and operate government assisted multi-family housing complexes. Cash flows from operations are allocated according to each Project Partnership agreement. Upon dissolution, proceeds will be distributed according to each Project Partnership agreement.

As of September 30, 2009, Gateway has sold or otherwise disposed of its interest in 60 Project Partnerships which held 65 properties. In accordance with GAAP, although the sales of Madison, Ltd., Mabank 1988 Limited (Phase I & II), Monroe Family, Ltd., Hartwell Elderly, Ltd., Mulberry Hill IV Associates, Federal Manor III, Dunbarton Oaks III, and Brandywine III were consummated on or prior to September 30, 2009, the gains on the sales are being deferred on the Balance Sheet and not recognized on the Statement of Operations until the period that the net sales proceeds are received. Gateway recorded a receivable for the gross proceeds from these sales totaling \$155,460 which is included in Receivable – Other on the Balance Sheet. Of this amount, \$72,460 was subsequently received in October 2009 and the balance has yet to be received. The net proceeds will be distributed to the Limited Partners in a subsequent quarter. The deferred gain of \$152,346 will be recognized on the Statement of Operations when the proceeds are received.

The net proceeds per LP unit from the sale of Middleport Limited Partnership are a component of the Distribution Payable on the Balance Sheet as of September 30, 2009. These net proceeds will be distributed to the Limited Partners in a subsequent quarter.

The net proceeds per LP unit from the sale of Augusta Properties, LP (Phase I & II), Barling Properties, Booneville Properties, Broken Bow Properties II, Decatur Properties, Poteau Properties III, Poteau Properties IV, Turtle Creek Properties Phase II, Sabinal Housing, Ltd., Kingsland Housing, Ltd., Mathis Retirement, Ltd., and Spring Creek Apartments, Ltd. (GA) were distributed to the Limited Partners in September 2009.

The net proceeds per LP unit from the sale of Limestone Estates are a component of the Distribution Payable on the Balance Sheet as of March 31, 2009. These net proceeds were distributed to the Limited Partners in September 2009.

The net proceeds per LP unit from the sale of The Meadows Associates, Winder Apartments, Ltd., Oakwood Apartments, and Lakewood Apartments, plus additional proceeds from the sale of Crosstown Seniors (Phase I & II), were distributed to the Limited Partners in December 2008.

The net proceeds per LP unit from the sale of Crosstown Seniors (Phase I & II), Laurel Apartments, Middlefield, Limited, and Pulaski Village were distributed to the Limited Partners in September 2008.

Gateway recognized additional gains on sale of Project Partnerships in the amount of \$6,938 and an additional component of discontinued operations of \$240 resulting from the true-up of certain legal and other sale transaction closing expenses arising from Project Partnership sale transactions. Any undistributed proceeds related hereto were distributed to the Limited Partners in September 2009.

Re-syndications of Project Partnerships occur when a new buyer acquires the assets of a Project Partnership and renovates the existing affordable housing property and finances the costs of the renovation in part through the acquisition and sale of Tax Credits. In such re-syndication transactions, the assets of the existing Project Partnership are sold to a new partnership, net sales proceeds from the sale of assets are remitted to either Gateway or the general partner of the Project Partnership as appropriate, and the Project Partnership is liquidated. In a separate transaction, interests in the new partnership, which has a “fresh” allocation of Tax Credits, are sold to an unrelated third party or fund. In certain limited circumstances, the Managing General Partner of Gateway is involved in “re-syndicating” the sale of interests in the new partnership to an unrelated third party or fund. In those instances, the Managing General Partner has adopted the policy that it will contribute any net profits it received from the re-syndication transaction to Gateway. The Riverside Apartments property was the subject of a fiscal year 2008 re-syndication transaction in which the Managing General Partner was involved in the re-syndication, and \$5,312 of re-syndication profit has been contributed during fiscal year 2009 to Gateway by the Managing General Partner (in October 2008). This amount was then distributed to the Limited Partners as part of the December 2008 distribution.

NOTE 6 – SUBSEQUENT EVENTS:

Gateway reviewed and evaluated events from the period ended September 30, 2009 through the date the financial statements were issued, November 13, 2009, and concluded that no other subsequent events have occurred that require recognition in the financial statements.

Subsequent to the September 30, 2009 quarter-end, Gateway sold its partnership interest in Village Apartments of Centralia II, Village Apartments of Fortville II, Village Apartments of Morgantown, Village Apartments of Summitville, and Spring Creek Apartments, Ltd. (AL). Gateway received approximately \$7,000 in net proceeds (approximately \$0.27 per limited partnership unit) which also approximates the gain on sale of Project Partnerships. The gain will be recognized in the third quarter of fiscal year 2010 and the net proceeds from these sale transactions will be distributed to the Limited Partners in a subsequent quarter.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations:

The following Management's Discussion and Analysis ("MD&A") is intended to help the reader understand the results of operations and financial condition of Gateway. The MD&A is provided as a supplement to, and should be read in conjunction with the financial statements and accompanying footnotes to the financial statements contained elsewhere in this report.

The Managing General Partner monitors developments in the area of legal and regulatory compliance. For example, the Sarbanes-Oxley Act of 2002 (the "Act") mandates or suggests additional compliance measures with regard to governance, disclosure, audit and other areas, and certain provisions of the Act have been implemented by Gateway and other provisions will be implemented by Gateway in subsequent years.

The following discusses the results of operations, liquidity and capital resources for Gateway.

Results of Operations

As more fully detailed in the Exit Strategy discussion included within this MD&A, all of the Project Partnerships have delivered their Tax Credits to Gateway, the Tax Credit compliance period has expired, and Gateway is in the process of selling or disposing of all of its remaining Project Partnership interests. Net proceeds received from the sales are being distributed to the Limited Partners. Once all Project Partnership interests have been sold or otherwise disposed of, Gateway will be liquidated. The target date for liquidation of Gateway is on or before December 31, 2009, although there is no certainty that all the activities necessary to occur as of such date will have transpired.

Distribution income arises from any cash distributions received from Project Partnerships which have a zero investment balance for financial reporting purposes. Distribution income received from the Project Partnerships increased \$5,310 from \$31,627 for the six months ended September 30, 2008 to \$36,937 for the six months ended September 30, 2009. The increase in distribution income is a result of fewer Project Partnerships with investment balances coupled with an increase of gross distributions received from Project Partnerships. The number of Project Partnerships with an investment balance decreased from three as of September 30, 2008 to zero Project Partnerships as of September 30, 2009. The gross distributions received from Project Partnerships increased from \$33,482 for the six-month period ended September 30, 2008 to \$36,937 for the same period ended in 2009. During the six months ended September 30, 2009, Gateway recorded miscellaneous income from the receipt of cash from a third-party for consideration in extending the closing dates listed in the purchase agreements for several Project Partnerships. The funds are being used to cover the third-party expenses of Gateway.

Total expenses of Gateway were \$155,754 for the six months ended September 30, 2009, a decrease of \$66,272 as compared to the six months ended September 30, 2008 total expenses of \$222,026. The decrease results from decreases in 1) asset management fees due to sales of Project Partnerships (Gateway ceases accruing asset management fees for sold Project Partnerships) and 2) General and Administrative expense – Other (expenses for annual tax return preparation and financial statement audits and quarterly reviews, third-party investor reporting services and any other third-party professional services incurred are included in this category of expenses).

Interest income decreased \$8,208 from \$8,231 for the six months ended September 30, 2008 to \$23 for the six months ended September 30, 2009. The change in interest income results primarily from the fluctuation of interest rates on short-term investments over this period and a lower balance of funds earning interest. Cash and cash equivalents decreased \$158,503 from \$490,697 as of September 30, 2008 as compared to the September 30, 2009 balance of \$332,194. Interest income is generally one source of funds available to pay administrative costs of Gateway.

Twenty-one Project Partnership investments were sold or otherwise disposed of during the first two quarters of fiscal year 2010 (Spring Creek Apartments, Ltd. (GA), Sabinal Housing, Ltd., Kingsland Housing, Ltd., Mathis Retirement, Ltd., Augusta Properties, LP (Phase I & II), Barling Properties, Booneville Properties, Broken Bow Properties II, Decatur Properties, Poteau Properties III, Poteau Properties IV, Turtle Creek Properties Phase II, Middleport Limited Partnership, Brandywine III, Dunbarton Oaks III, Federal Manor III, Mulberry Hill IV Associates, Hartwell Elderly, Ltd., Monroe Family, Ltd., Mabank 1988 Limited (Phase I & II), and Madison, Ltd.). Gateway received net sales proceeds totaling \$988,991 during the first two quarters of fiscal year 2010, \$70,366 during the third quarter of fiscal year 2010, and an additional \$81,980 has yet to be received. Of these amounts, \$970,227 was distributed in September 2009 to the Limited Partners at \$37.95 per limited partner unit. The remaining \$171,110 (\$6.69 per limited partner unit) will be distributed to the Limited Partners during a subsequent quarter.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

Twelve Project Partnership investments were sold or otherwise disposed of during fiscal year 2009 (Pulaski Village, Middlefield, Limited, Laurel Apartments, Crosstown Seniors (Phase I & II), Hastings Manor, Ltd., Oakwood Grove, Ltd., Sandhill Forest, Ltd., Lakewood Apartments, Oakwood Apartments, Winder Apartments, Ltd., The Meadows Associates, and Limestone Estates). Gateway received net sales proceeds totaling \$2,113,817. Of this amount, \$2,089,342 was distributed in fiscal year 2009 to the Limited Partners at \$81.71 per limited partner unit. The remaining \$24,475 (\$0.96 per limited partner unit) was distributed to the Limited Partners in fiscal year 2010 (in September 2009).

Cumulative distributions of sales proceeds since inception of Gateway to Limited Partners amount to \$249.21 per unit.

Equity in Income of Project Partnerships decreased to \$0 for the six months ended September 30, 2009 from \$9,116 for the six months ended September 30, 2008 as a result of the suspension of all losses so that the Investments in Project Partnerships does not fall below zero. Because Gateway utilizes the equity method of accounting to account for its investment in Project Partnerships, income or losses from Project Partnerships with a zero investment balance are not recognized in the Statement of Operations. Gateway's share of the net loss from Project Partnerships for the six-month periods ended June 30, 2009 and 2008 (Project Partnership financial information is on a three-month lag) was \$217,421 and \$280,725, respectively. Gateway suspended net losses from Project Partnerships for the six months ended June 30, 2009 and 2008 totaling \$217,421 and \$289,841, respectively. The suspended losses of \$289,841 for the six months ended June 30, 2008 exceed Gateway's share of the total net loss of \$280,725 because certain Project Partnerships with investment balances generated net income of \$9,116. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$466,751 and \$942,483 for the six months ended June 30, 2009 and 2008, respectively.) Overall, management believes the Project Partnerships are operating as expected and have generated Tax Credits which met projections.

Gain on Sale of Project Partnerships increased \$510,994 from \$476,435 for the six months ended September 30, 2008 to \$987,429 for the six months ended September 30, 2009. As more fully discussed within this MD&A, twenty-one Project Partnership investments were sold or disposed of during the first two quarters of fiscal year 2010 as compared to the first two quarters of fiscal year 2009 when ten Project Partnership investments were sold or disposed of. The amount of the gain or loss on a sale of a Project Partnership and the period in which it is recognized on the Statement of Operations is dependent upon the specifics related to each sale or disposition transaction. Refer to the discussion of each Project Partnership sold in the Exit Strategy section within this MD&A.

Income from Discontinued Operations decreased to \$0 for the six-month period ended September 30, 2009 from \$1,031,135 for the six-month period ended September 30, 2008. No assets were classified as held for sale on the balance sheet as of September 30, 2009. Crosstown, which was classified as Investments in Project Partnerships held for sale as of March 31, 2008, was sold during September 2008. The gain on sale of Crosstown was included in discontinued operations for the six months ended September 30, 2008. Refer to the discussion of this Project Partnership sale in the Exit Strategy section within this MD&A.

In total, Gateway reported net income of \$963,257 for the six months ended September 30, 2009. After adjusting for the changes in operating assets and liabilities, net cash provided by operating activities was \$40,933. Cash provided by investing activities was \$1,024,366 consisting of \$36,937 in cash distributions from the Project Partnerships and \$987,429 in net proceeds from the Sale of Project Partnerships (refer to the Exit Strategy section within this MD&A for more detailed discussion of these sales of Project Partnerships). Cash used in financing activities consists of distributions paid to Limited Partners totaling \$996,563.

Liquidity and Capital Resources

Gateway's capital resources are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel, legal, and accounting and audit fees associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee due but unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the investors' return of their original capital contribution.)

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

The sources of funds to pay the operating costs are cash and cash equivalents and the interest earnings thereon, and cash distributed to Gateway from the operations of the Project Partnerships. Due to the rent limitations applicable to the Project Partnerships as a result of their qualifying for Tax Credits, Gateway does not expect there to be a significant increase in future rental income of the Project Partnerships. Therefore, cash distributions from operations of the Project Partnerships are not expected to increase. At September 30, 2009, Gateway had \$332,194 of cash and cash equivalents. However, \$17,289 of this balance represents proceeds Gateway received prior to September 30, 2009 from the sale of Project Partnerships which is for distribution to Limited Partners. Management believes these sources of funds are sufficient to meet Gateway's current and ongoing operating costs for the foreseeable future, and to perhaps pay a portion of the unpaid Asset Management Fee.

For the six months ended September 30, 2009, Gateway received \$36,937 in cash distributions from the Project Partnerships and \$23 in interest income which are available for payment of Gateway expenses. The General and Administrative operating costs (both General Partner and Other) were \$39,779 for the six months ended September 30, 2009 and the Asset Management Fee expensed was \$115,975; no asset management fees were actually paid to the General Partner during the six months ended September 30, 2009.

Recent Accounting Changes

Certain accounting guidance within FASB ASC 740 – Income Taxes ("ASC 740") was issued in July 2006 which interpreted previous guidance. The "Accounting for Income Tax Changes" required all taxpayers to analyze all material positions they have taken or plan to take in all tax returns that have been filed or should have been filed with all taxing authorities for all years still subject to challenge by those taxing authorities. If the position taken is "more-likely-than-not" to be sustained by the taxing authority on its technical merits and if there is more than a 50% likelihood that the position would be sustained if challenged and considered by the highest court in the relevant jurisdiction, the tax consequences of that position should be reflected in the taxpayer's GAAP financial statements. Earlier proposed interpretations within ASC 740 had recommended a "probable" standard for recognition of tax consequences rather than the "more-likely-than-not" standard finally adopted.

Because Gateway is a pass-through entity and is not required to pay income taxes, the changes to ASC 740 do not currently have any impact on its financial statements. On December 30, 2008, the FASB issued further guidance regarding ASC 740 which deferred the effective date of the Accounting for Income Tax Changes for nonpublic enterprises included within the scope of the revised guidance to the annual financial statements for fiscal years beginning after December 15, 2008. The deferred effective date was intended to give the Board additional time to develop guidance on the application of the Accounting for Income Tax Changes by pass-through entities and not-for-profit organizations. Gateway may modify its disclosures if the FASB's guidance regarding application of the Accounting for Income Tax Changes to pass-through entities changes.

In November 2008, the FASB updated FASB ASC 323 – Investments – Equity Method and Joint Ventures by clarifying the accounting for certain transactions and impairment considerations involving equity method investments. This update was effective in fiscal years beginning on or after December 15, 2008, and interim periods within those fiscal years. The changes in this standard did not have a material impact on Gateway's financial position, operations or cash flow.

In December 2008, the FASB updated FASB ASC 860 – Transfers and Servicing to require public entities to provide additional disclosures about transferors' continuing involvements with transferred financial assets. The adoption of this standard did not have a material impact on the Gateway's financial statements.

In June 2009, the FASB issued FAS 167, "Amendments to FASB Interpretation No. 46(R)", which amends the consolidation guidance applicable to variable interest entities. Upon adoption of FAS 167, Gateway will have reconsidered its previous ASC 810-10 conclusions regarding its investments in Project Partnerships. FAS 167 is not effective for Gateway until its fiscal year ended March 31, 2011 and early adoption is prohibited. Gateway has not yet determined the impact, if any, FAS 167 will have on its financial statements for the year-ended March 31, 2011.

In June 2009, the FASB issued, and Gateway has adopted, FASB ASC 855 – Subsequent Events. The objective of this statement is to establish general standards of accounting for disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. This statement is effective for interim or annual financial periods ending after June 15, 2009.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

Exit Strategy

The IRS compliance period for low-income housing Tax Credit properties is generally 15 years from occupancy following construction or rehabilitation completion. All of Gateway's Project Partnerships have reached the end of their Tax Credit compliance period; consequently, Gateway is currently in the process of disposing of all of its investments in Project Partnerships. Gateway's objective is to sell Gateway's interest in such assets for fair market value and ultimately, to liquidate the Project Partnerships. Generally, the market for Project Partnerships is limited. Some of the factors which negatively impact the marketability of these projects include (1) requirements by government agencies or the project's debt holder to continue to maintain the property in the low-income housing program, and (2) a mortgage loan balance on the property which is very near the initial balance as a result of the heavily subsidized debt of the Project Partnerships and lengthy (usually 50 year) amortization periods.

As of September 30, 2009, Gateway holds a limited partner interest in 22 Project Partnerships holding 22 properties which own and operate government assisted multi-family housing complexes. Gateway at one time held investments in 82 Project Partnerships holding 87 properties. As of September 30, 2009, 60 of the Project Partnerships holding 65 of the properties have been sold and, in accordance with the Gateway partnership agreement, the entire net proceeds received from these sales either have been or will be distributed to the Limited Partners of Gateway. During the quarter-ended September 30, 2009, Gateway sold or otherwise disposed of its interest in 17 Project Partnerships, bringing the total number of Project Partnerships sold during the current fiscal year-to-date to 21. A summary of the sale or disposition transactions for the Project Partnerships disposed during the current fiscal year-to-date and the previous fiscal year are summarized below:

Gateway recorded a receivable for the gross proceeds from these sales totaling \$155,460 which is included in Receivable – Other on the Balance Sheet. Of this amount, \$72,460 was subsequently received in October 2009 and the balance has yet to be received. The net proceeds will be distributed to the Limited Partners in a subsequent quarter. The deferred gain of \$152,346 will be recognized on the Statement of Operations when the proceeds are received.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

The net proceeds per LP unit from the sale of Middleport Limited Partnership are a component of the Distribution Payable on the Balance Sheet as of September 30, 2009. These net proceeds will be distributed to the Limited Partners in a subsequent quarter.

The net proceeds per LP unit from the sale of Augusta Properties, LP (Phase I & II), Barling Properties, Booneville Properties, Broken Bow Properties II, Decatur Properties, Poteau Properties III, Poteau Properties IV, Turtle Creek Properties Phase II, Sabinal Housing, Ltd., Kingsland Housing, Ltd., Mathis Retirement, Ltd., and Spring Creek Apartments, Ltd. The net proceeds per LP unit from the sale of Limestone Estates are a component of the Distribution Payable on the Balance Sheet as of March 31, 2009. These net proceeds were distributed to the Limited Partners in September 2009.

The net proceeds per LP unit from the sale of The Meadows Associates, Winder Apartments, Ltd., Oakwood Apartments, and Lakewood Apartments, plus additional proceeds from the sale of Crosstown Seniors (Phase I & II), were distributed to the Limited Partners in December 2008.

The net proceeds per LP unit from the sale of Crosstown Seniors (Phase I & II), Laurel Apartments, Middlefield, Limited, and Pulaski Village were distributed to the Limited Partners in September 2008.

Gateway recognized additional gains on sale of Project Partnerships in the amount of \$6,938 and an additional component of discontinued operations of \$240 resulting from the true-up of certain legal and other sale transaction closing expenses arising from Project Partnership sale transactions. Any undistributed proceeds related hereto were distributed to the Limited Partners in September 2009.

Re-syndications of Project Partnerships occur when a new buyer acquires the assets of a Project Partnership and renovates the existing affordable housing property and finances the costs of the renovation in part through the acquisition and sale of Tax Credits. In such re-syndication transactions, the assets of the existing Project Partnership are sold to a new partnership, net sales proceeds from the sale of assets are remitted to either Gateway or the general partner of the Project Partnership as appropriate, and the Project Partnership is liquidated. In a separate transaction, interests in the new partnership, which has a "fresh" allocation of Tax Credits, are sold to an unrelated third party or fund. In certain limited circumstances, the Managing General Partner of Gateway is involved in "re-syndicating" the sale of interests in the new partnership to an unrelated third party or fund. In those instances, the Managing General Partner has adopted the policy that it will contribute any net profits it received from the re-syndication transaction to Gateway. The Riverside Apartments property was the subject of a fiscal year 2008 re-syndication transaction in which the Managing General Partner was involved in the re-syndication, and \$5,312 of re-syndication profit has been contributed during fiscal year 2009 to Gateway by the Managing General Partner (in October 2008). This amount was then distributed to the Limited Partners as part of the December 2008 distribution.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

Status Update on Unsold Project Partnerships:

The following summarizes the most recent status of the sale/disposal process for the remaining Project Partnership investments held as of September 30, 2009:

Project Partnerships sold subsequent to September 30, 2009:

Village Apartments of Centralia II  
Village Apartments of Morgantown  
Spring Creek Apartments, Ltd. (AL)

Village Apartments of Fortville II  
Village Apartments of Summitville

Subsequent to the September 30, 2009 quarter-end, Gateway sold its partnership interest in Village Apartments of Centralia II, Village Apartments of Fortville II, Village Apartments of Morgantown, Village Apartments of Summitville, and Spring Creek Apartments, Ltd. (AL). Gateway received approximately \$7,000 in net proceeds (approximately \$0.27 per limited partnership unit) which also approximates the gain on sale of Project Partnerships. The gain will be recognized in the third quarter of fiscal year 2010 and the net proceeds from these sale transactions will be distributed to the Limited Partners in a subsequent quarter.

Gateway has approved the sale to the general partner of the Project Partnerships or a third party:

Buena Vista Housing, Ltd., L.P.  
Eagle's Bay Limited Partnership  
Suncrest Limited Partnership  
Laynecrest Associates Limited Partnership  
Sylacauga Garden Apartments III, Ltd.

Hannah's Mill Apartments, Ltd.  
Stone Arbor Limited Partnership  
Woodcroft Limited Partnership  
Martindale Limited Partnership

These approvals are subject to a number of contingencies, the outcome of which cannot be predicted with certainty. However, utilizing the sales amounts as approved by Gateway, should all the transactions close without modification, the estimated net proceeds from the sales of these Project Partnerships to Gateway are estimated to approximate \$58,000, or \$2.27 per limited partnership unit. Sales proceeds would be available for distribution to the Limited Partners subsequent to the closing of these sale transactions which would most likely occur within the next 3-month period.

Gateway has consented to the general partner granting an option for either the general partner or a third-party to purchase either the Project Partnership Interest or Assets:

Cuthbert Elderly Housing, Ltd.  
La Villa Elena Limited Partnership  
Sage Limited Partnership  
Longleaf Apartments, Ltd.

Casa Linda Limited Partnership  
Rio Abajo  
Concord IV Limited Partnership

Should all of these options be exercised, the estimated net sales proceeds to Gateway from the sales transactions are estimated to be \$1,095,000, or \$42.83 per limited partnership unit potentially available for distribution to the Limited Partners within the next 3 months. These options to purchase could expire without being exercised which would result in no sales proceeds and remarketing of the Project Partnerships the results of which are undeterminable.

Gateway is exploring options regarding the sale or other disposition of the remaining Project Partnership investment not specifically listed above. Any net proceeds arising from this particular Project Partnership are anticipated to be minimal.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As a smaller reporting company, no information is required.

Item 4. Controls and Procedures.

Not applicable to this report.

Item 4T. Controls and Procedures.

Disclosure controls are procedures designed to ensure that information required to be disclosed in Gateway's reports filed under the Exchange Act, such as this report, is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms. Disclosure controls are also designed to ensure that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives, as Gateway's are designed to do, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Under the supervision and with the participation of the Managing General Partner's management, including the Chief Executive Officer and Chief Financial Officer, Gateway has evaluated the effectiveness of its disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures are effective. There were no changes in Gateway's internal control over financial reporting during the six months ended September 30, 2009 that have materially affected, or are reasonably likely to materially affect, Gateway's internal control over financial reporting.
