Dear Shareholders:

You are cordially invited to attend the Starbucks Corporation 2016 Annual Meeting of Shareholders on March 23, 2016 at 10:00 a.m. (Pacific Time) (the "Annual Meeting" or the "Annual Meeting of Shareholders"). The meeting will be held at Marion Oliver McCaw Hall at the Seattle Center, located at 321 Mercer Street, in Seattle, Washington. More information appears on the back cover of this proxy statement.

As in prior years, Starbucks has elected to deliver our proxy materials to the majority of our shareholders over the Internet. This delivery process allows us to provide shareholders with the information they need, while at the same time conserving natural resources and lowering the cost of delivery. On January 25, 2016, we mailed to our shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to:

- Access our proxy statement for our 2016 Annual Meeting of Shareholders and our fiscal 2015 Annual Report on Form 10-K for the fiscal year ended September 27, 2015, as filed with the Securities and Exchange Commission (the "Annual Report");
- Vote by Internet, by telephone or by mail; and
- Receive a paper copy of the proxy materials by mail.

On January 25, 2016, we also first mailed this proxy statement and the enclosed proxy card to certain shareholders.

Proof of share ownership will be required to enter the Starbucks Annual Meeting. In addition, each attendee must present a government-issued photo identification (such as a driver's license or passport). See the back cover of this proxy statement – "ADMISSION REQUIREMENTS AND TRANSPORTATION INFORMATION FOR THE STARBUCKS CORPORATION 2016 ANNUAL MEETING OF SHAREHOLDERS" for details.

The matters to be acted upon are described in the notice of Annual Meeting of Shareholders and proxy statement. At the Annual Meeting of Shareholders, we will also report on our operations and respond to questions from shareholders.

As always, we anticipate a large number of attendees at the Annual Meeting of Shareholders. Again this year, seating will be limited to McCaw Hall only, and we cannot guarantee seating for all shareholders. Doors will open at 8:00 a.m. (Pacific Time) on the day of the event. Shareholders also may view a live webcast of the meeting; please see details on our Investor Relations website at <http://investor.starbucks.com>.

Please also note that Starbucks is committed to providing an accessible experience. If you have a disability accommodation request, please contact us at 206-318-7118 or email investorrelations@starbucks.com by March 2, 2016. The event will be interpreted in American Sign Language and complimentary assistive listening devices and wheelchairs will be available. McCaw Hall is an accessible building with wheelchair seating, disability parking and accessible restrooms. Alternate formats of this Proxy Statement are available upon request by contacting investorrelations@starbucks.com.

YOUR VOTE IS VERY IMPORTANT. Whether or not you plan to attend the Annual Meeting, we urge you to please cast your vote as soon as possible by Internet, telephone or mail. We look forward to seeing you at the meeting.

Warm regards,

A handwritten signature in black ink, appearing to read "Howard Schultz", with a long, sweeping horizontal line extending to the right.

FINANCIAL HIGHLIGHTS

Starbucks results for fiscal 2015 demonstrate the continued strength and relevance of the Starbucks brand around the world.

The Company delivered record results in fiscal 2015, increasing global comparable store sales by 7% driven by a 3% increase in traffic, total net revenue by 17% and non-GAAP operating income⁽¹⁾ by 19% year over year; 3-year cumulative total shareholder return ("TSR") was 138%. In addition, we returned \$2.4 billion to shareholders in the form of cash dividend payments and share repurchases in fiscal 2015.

(1) Fiscal 2015 non-GAAP operating income was \$3,655.6 million and excludes certain Starbucks Japan acquisition-related items (ongoing amortization expense of acquired intangible assets and transaction and integration costs). Including these items, fiscal 2015 operating income was \$3,601.0 million. Fiscal 2014 non-GAAP operating income was \$3,063.3 million and excludes a litigation credit reflecting a reduction to our estimated prejudgment interest payable as a result of paying our obligation under the Kraft Foods Global, Inc. ("Kraft") arbitration matter earlier than anticipated (\$20.2 million) as well as certain transaction costs incurred in fiscal 2014 related to the acquisition of Starbucks Japan and costs related to the sale of our Australia retail operations in fiscal 2014 (\$2.4 million). Including these items, fiscal 2014 operating income was \$3,081.1 million.

Financial Results Under Incentive Plans

The charts below compare fiscal 2015, 2014 and 2013 results¹ under financial performance metrics that are used in determining (i) payouts under our Executive Management Bonus Plan (“EMBP”) and (ii) the number of performance-based Restricted Stock Units (“performance RSUs”) earned. Note that these financial measures differ

from the comparable GAAP measures reported in our financial statements, as the measures below are adjusted to exclude the impact of certain non-routine and other items in accordance with the terms of our EMBP and our 2005 Long-Term Equity Incentive Plan.

Dollar amounts below, except per share data, are in millions.

- (1) Our fiscal year ends on the Sunday closest to September 30. Fiscal years 2015, 2014 and 2013 each included 52 weeks.
- (2) The fiscal 2015 adjusted net revenue result excludes the impact of the acquisition of Starbucks Japan and foreign currency fluctuations. The fiscal 2014 consolidated adjusted net revenue result excludes the impact of foreign currency fluctuations. The fiscal 2013 consolidated adjusted net revenue result excludes the impact of the acquisition and results of the Teavana business, certain asset dispositions, and foreign currency fluctuations.
- (3) The fiscal 2015 consolidated adjusted operating income result excludes the impact of the acquisition of Starbucks Japan, mark to market adjustments of the Management Deferred Compensation Plan (“MDCP”) liability and foreign currency fluctuations. The fiscal 2014 consolidated adjusted operating income result excludes the impact of mark to market adjustments of the MDCP liability, foreign currency fluctuations and a litigation credit reflecting a reduction to our estimated prejudgment interest payable as a result of paying our obligation under the Kraft arbitration matter earlier than anticipated. The fiscal 2013 consolidated adjusted operating income result excludes the impact of a significant litigation charge resulting from the conclusion of our arbitration with Kraft, the acquisition and results of the Teavana business, certain asset dispositions, mark to market adjustments of the MDCP liability, foreign currency fluctuations and certain other items.
- (4) Return on Invested Capital (“ROIC”) is calculated as adjusted net operating profit after taxes (adjusted for implied interest expense on operating leases), divided by average invested capital. Invested capital is calculated on a five-point average and includes shareholders equity, short- and long-term debt, all other long-term liabilities, and capitalized operating leases, less cash, cash equivalents and short- and long-term investments. The fiscal 2015 ROIC result excludes the impact of the acquisition of Starbucks Japan. The fiscal 2014 ROIC result excludes the impact of a deferred tax asset related to the Kraft litigation settlement, a litigation credit reflecting a reduction to our estimated prejudgment interest payable as a result of paying our obligation under the Kraft arbitration matter earlier than anticipated, the portion of the Company’s cash balance at fiscal 2013 year-end attributable to the accrued liability for the Kraft arbitration matter, the impact of certain divestitures that closed during the year and transaction costs related to the Starbucks Japan acquisition process which began in 2014. Fiscal 2014 ROIC calculated on a more comparable, pro forma basis to include the deferred tax asset related to the Kraft litigation settlement (which is included in Fiscal 2015 ROIC) is 24.1%, for a year-over-year increase of 2.8% from Fiscal 2014 to Fiscal 2015. The fiscal 2013 ROIC result excludes the impact of a significant litigation charge resulting from the conclusion of our arbitration with Kraft, the acquisition and results of the Teavana business, certain asset dispositions, mark to market adjustments from the investments that our MDCP invests in, foreign currency fluctuations and certain other items.
- (5) On April 9, 2015, the Company effected a 2-for-1 stock split. The amounts shown above are adjusted to reflect the stock split. The fiscal 2015 adjusted earnings per share result excludes the impact of foreign currency fluctuations, unbudgeted share repurchases, certain Starbucks Japan acquisition-related items and certain other items. The fiscal 2014 adjusted earnings per share result excludes the impact of a litigation credit reflecting a reduction to our estimated prejudgment interest payable as a result of paying our obligation under the Kraft arbitration matter earlier than anticipated, the impact of certain divestitures that closed during the year and transaction costs related to the Starbucks Japan acquisition process which began in 2014. Earnings per share was not measured for purposes of our incentive plans during fiscal 2013 and the number shown here is the reported non-GAAP number which was adjusted to exclude the impact of a significant litigation charge resulting from the conclusion of our arbitration with Kraft, and certain asset dispositions.

EXECUTIVE COMPENSATION HIGHLIGHTS

Our executive compensation program is designed to achieve the following key objectives:

- **Enable the attraction and retention of top talent** by competing effectively for the highest quality people who will shape our long-term success;
- **Pay for performance** through aligning compensation with the achievement of both short-term and long-term financial objectives that build shareholder value; and
- **Be true to our values** by supporting our mission statement and guiding principles.

Some of the compensation “best practices” we employ to achieve these objectives include:

What We Do	What We Don't Do
<ul style="list-style-type: none"> • Deliver a majority of executives' target total direct compensation in the form of variable, “at-risk,” performance-based compensation 	<ul style="list-style-type: none"> • Have single-trigger change-in-control equity acceleration provisions
<ul style="list-style-type: none"> • Utilize performance-based RSUs with vesting requirements 	<ul style="list-style-type: none"> • Provide cash-based change-in-control benefits
<ul style="list-style-type: none"> • Require our executives and directors to satisfy rigorous stock ownership guidelines 	<ul style="list-style-type: none"> • Provide excise tax gross-ups of perquisites
<ul style="list-style-type: none"> • Maintain a clawback policy 	<ul style="list-style-type: none"> • Provide significant perquisites
<ul style="list-style-type: none"> • Prohibit Starbucks partners (employees) from engaging in hedging transactions in Starbucks stock or pledging Starbucks stock 	<ul style="list-style-type: none"> • Maintain a supplemental executive retirement plan (SERP)
<ul style="list-style-type: none"> • Conduct annual “say-on-pay” advisory votes

The following table sets forth the aggregate fees billed by Deloitte for fiscal 2015 and fiscal 2014.

PROXY STATEMENT

STARBUCKS CORPORATION

2401 Utah Avenue South
Seattle, Washington 98134

We are making this proxy statement available to you on or about January 25, 2016 in connection with the solicitation of proxies by our board of directors for the Starbucks Corporation 2016 Annual Meeting of Shareholders. At Starbucks and in this proxy statement, we refer to our employees as “partners.” Also in this proxy statement we sometimes refer to Starbucks as the “Company,” “we” or “us,” and to the 2016 Annual Meeting of Shareholders as

the “2016 Annual Meeting” or the “2016 Annual Meeting of Shareholders.” When we refer to the Company’s fiscal year, we mean the annual period ending on the Sunday closest to September 30 of the stated year. Information in this proxy statement for 2015 generally refers to our 2015 fiscal year, which was from September 29, 2014 through September 27, 2015 (“fiscal 2015”). Fiscal years 2015, 2014 and 2013 each included 52 weeks.

VOTING INFORMATION

Record Date. The record date for the Annual Meeting is January 14, 2016. On the record date, there were 1,480,936,911 shares of our common stock outstanding and there were no outstanding shares of any other class of stock.

Voting Your Proxy. Holders of shares of common stock are entitled to cast one vote per share on all matters. Proxies will be voted as instructed by the shareholder or shareholders granting the proxy. Unless contrary instructions are specified, if the proxy is completed and submitted (and not revoked) prior to the Annual Meeting, the shares of Starbucks common stock represented by the proxy will be voted: (i) **FOR** the election of each of the twelve director candidates nominated by the board of directors; (ii) **FOR** approval of the advisory resolution on our executive compensation; (iii) **FOR** the approval of the amended and restated Executive Management Bonus Plan; (iv) **FOR** ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending October 2, 2016 (“fiscal 2016”); (v) **AGAINST** the shareholder proposal regarding proxy access; (vi) **AGAINST** the shareholder proposal regarding human rights review; and (vii) in accordance with the best judgment of the named proxies on any other matters properly brought before the Annual Meeting.

Revoking Your Proxy. If you are a registered shareholder (meaning, a shareholder who holds shares issued in his or her name and therefore appears on the share register) and have executed a proxy, you may revoke or change your proxy at any time before it is exercised by (i) executing and delivering a later-dated proxy card to our corporate secretary prior to the Annual Meeting; (ii) delivering written notice of revocation of the proxy to our corporate secretary prior to the Annual Meeting; or (iii) attending and voting in person at the Annual Meeting. Attendance at the Annual Meeting, in and of itself, will not constitute a revocation of a proxy. If you voted by telephone or the Internet and wish to change your vote, you may call the toll-free number or go to the website, as may be applicable in the case of your earlier vote, and follow the directions for revoking or changing your vote. If

your shares are held in the name of a broker, bank or other holder of record, you should follow the voting instructions you receive from the holder of record to revoke or change your vote.

Vote Required. The presence, in person or by proxy, of holders of a majority of the outstanding shares of Starbucks common stock is required to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and “broker non-votes” (shares held by a broker or nominee that does not have discretionary authority to vote on a particular matter and has not received voting instructions from its client) are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting.

We have majority voting procedures for the election of directors in uncontested elections. If a quorum is present, a nominee for election to a position on the board of directors will be elected as a director if the votes cast for the nominee exceed the votes cast against the nominee. The term of any incumbent director who does not receive a majority of votes cast in an election held under the majority voting standard terminates on the earliest to occur of (i) 90 days from the date on which the voting results of the election are certified; (ii) the date the board of directors fills the position; or (iii) the date the director resigns. If a quorum is present, approval of the advisory resolution on executive compensation, approval of the amended and restated Executive Management Bonus Plan, ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm and approval of the shareholder proposals, and any other matters that properly come before the meeting, require that the votes cast in favor of such actions exceed the votes cast against such actions. The following will not be considered votes cast and will not count in determining the election of any director nominee or approval of the other proposals: (i) broker non-votes; (ii) a share whose ballot is marked as abstain; and (iii) a share otherwise present at the Annual Meeting but for which there is an abstention; and (iv) a share otherwise present at the Annual Meeting but which is not voted.

Unless you provide voting instructions to any broker holding shares on your behalf, your broker may not use discretionary authority to vote your shares on any of the matters to be considered at the Annual Meeting other than the ratification of our independent

registered public accounting firm. **Please vote your proxy so your vote can be counted.** Proxies and ballots will be received and tabulated by Broadridge Financial Services, our inspector of elections for the Annual Meeting.

Even if you plan to attend our Annual Meeting in person, please cast your vote as soon as possible. Make sure to have your proxy card or voting instruction form (VIF) in hand.

PROPOSAL 1 — ELECTION OF DIRECTORS

Our board of directors currently has thirteen members. Olden Lee will retire from the board of directors immediately prior to the 2016 Annual Meeting, at which time the size of the board will be reduced to twelve members. The board of directors has nominated all of the remaining directors for election at the 2016 Annual Meeting, to serve until the 2017 Annual Meeting of shareholders and until their respective successors have been elected and qualified. Other than Mary N. Dillon, who was appointed to the board on January 4, 2016 upon the recommendation of the Nominating and Corporate Governance Committee (the “Nominating/Governance Committee”), all of the directors were elected at the 2015 Annual Meeting. Ms. Dillon was first identified as a possible director candidate by a third party search firm and then recommended to the board by the Nominating/Governance Committee.

Our Corporate Governance Principles and Practices provide that a board member must retire immediately before the Company's annual meeting of shareholders during the calendar year in which he or she attains age 75 (the “Retirement Age”) and no board member may be nominated to a new term if he or she would attain Retirement Age at the end of the calendar year in which the election is held (collectively, the “Retirement Requirements”). On the recommendation of the Nominating/Governance Committee, the board may waive the Retirement Requirements on an annual basis as to any board member if it deems such waiver to be in the best interests of the Company. Mr. Shennan will be turning 75 in 2016. As chair of the Nominating/Governance Committee, Mr. Shennan has overseen the board succession process, and, on the recommendation of the Nominating/Governance Committee, with Mr. Shennan abstaining, the board found that it is in the best interests of the Company to waive the Retirement Requirements and nominate Mr. Shennan for election at the Annual Meeting so he can continue with and complete the board succession process. While Mr. Shennan remains on the board to complete the board succession process, the Company will continue to benefit from Mr. Shennan's tenure and broad experience as more fully described in the “Nominees” section below.

Unless otherwise directed, the persons named in the proxy intend to vote all proxies **FOR** the election of the nominees, as listed below, each of whom has consented to serve as a director if elected. If, at the time of the Annual Meeting, any nominee is unable or declines to serve as a director, the discretionary authority provided in the enclosed proxy will be exercised to vote for a substitute candidate designated by the board of directors, unless the board chooses to reduce its own size. The board of directors has no reason to believe that any of the nominees will be unable or will decline to serve if elected. Proxies cannot be voted for more than twelve persons since that is the total number of nominees.

Set forth below is certain information furnished to us by the director nominees. There are no family relationships among any of our current directors or executive officers.

None of the corporations or other organizations referenced in the biographical information below is a parent, subsidiary or other affiliate of Starbucks.

We believe that our directors should satisfy a number of qualifications, including demonstrated integrity, a record of personal accomplishments, a commitment to participation in board activities and other traits discussed below in “Our Director Nominations Process.” We also endeavor to have a board representing a range of skills and depth of experience in areas that are relevant to and contribute to the board's oversight of the Company's global activities. Following the biographical information for each director nominee, we describe the key experience, qualifications and skills our directors bring to the board that, for reasons discussed below, are important in light of Starbucks businesses and structure. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION OF EACH OF THE NOMINEES TO THE BOARD OF DIRECTORS.

CORPORATE GOVERNANCE

BOARD LEADERSHIP

The board of directors is responsible for overseeing the exercise of corporate power and seeing that Starbucks business and affairs are managed to meet the Company's stated goals and objectives and that the long-term interests of the shareholders are served.

Howard Schultz currently serves as the chairman of the board and our chief executive officer. On November 8, 2011, the independent directors of the board elected Craig Weatherup, a non-employee independent director, to serve as the presiding (lead) independent director pursuant to our Corporate Governance Principles and Practices. Mr. Weatherup's term as presiding independent director expires at the board meeting immediately following the 2016 Annual Meeting of Shareholders. Mr. Weatherup will not be eligible to be elected for a subsequent term as presiding independent director, as directors are limited to serving two consecutive two-year terms in that role. The independent board members will elect a new presiding (lead) independent director when they meet in March 2016.

Our board leadership structure supports the independence of our non-management directors. The independent directors meet in an executive session at each board meeting, and each of the standing board committees (discussed below) is comprised solely of and led by independent directors. The presiding independent director presides at the scheduled executive sessions of independent directors as well as all meetings of the board at which the chairman is not present. The presiding independent director and the chairman each has the authority to call meetings of the independent directors and the entire board. Pursuant to our Corporate Governance

Principles and Practices, the duties of the presiding independent director also include:

- serving as a liaison between the independent directors and the chairman of the board;
- approving the scheduling of board meetings, as well as the agenda and materials for each board meeting and executive session of the independent directors;
- approving and coordinating the retention of advisors and consultants to the board; and
- such other responsibilities as the independent directors may designate from time to time.

The board believes that combining the chairman and chief executive officer positions is currently the most effective leadership structure for Starbucks given Mr. Schultz's in-depth knowledge of Starbucks business and industry and his leadership in formulating and implementing strategic initiatives. Mr. Schultz is intimately involved in positioning Starbucks for on-going global growth, working closely with the Company's senior leadership team to ensure continued disciplined growth and operational excellence around the world. Mr. Schultz is thus in a position to elevate the most critical business issues for consideration by the independent directors of the board. In addition, having a combined chairman and chief executive officer enables Starbucks to speak with a unified voice to shareholders, customers and other stakeholders. The board believes that the combination of the chairman and chief executive officer roles as part of a governance structure that includes a presiding independent director, as well as the exercise of key board oversight responsibilities by independent directors, provides effective oversight of the Company in the best interest of Starbucks shareholders.

RISK OVERSIGHT

The board of directors has overall responsibility for risk oversight, including, as part of regular board and committee meetings, general oversight of executives' management of risks relevant to the Company. A fundamental part of risk oversight is not only understanding the material risks a company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the board of directors in reviewing Starbucks business strategy is an integral aspect of the board's assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company.

While the full board has overall responsibility for risk oversight, the board has delegated oversight responsibility related to certain risks to the Audit and Compliance Committee (the "Audit Committee") and the Compensation and Management Development Committee (the "Compensation Committee"). The Audit Committee is responsible for reviewing and discussing with management the Company's major risk exposures,

including financial, operational, privacy, security, business continuity and legal and regulatory risks, the steps the Company has taken to monitor and control such exposures, and the Company's risk assessment and risk management policies; and regularly report to the board the substance of such reviews and discussions.

The Audit Committee receives regular reports from management including our chief ethics and compliance officer and vice president of Internal Audit on risks facing the Company at its regularly scheduled meetings and other reports as requested by the Audit Committee from time to time. The Compensation Committee is responsible for reviewing and overseeing the management of any potential material risks related to Starbucks compensation policies and practices. The Compensation Committee reviews a summary and assessment of such risks annually and in connection with discussions of various compensation elements and benefits throughout the year.

The board's role in risk oversight has not had any effect on the board's leadership structure.

AFFIRMATIVE DETERMINATIONS REGARDING DIRECTOR INDEPENDENCE AND OTHER MATTERS

Our board of directors has determined that each of the following director nominees is an “independent director” as such term is defined under NASDAQ rules:

William W. Bradley	James G. Shennan, Jr.
Mary N. Dillon	Clara Shih
Robert M. Gates	Javier G. Teruel
Mellody Hobson	Myron E. Ullman, III
Joshua Cooper Ramo	Craig E. Weatherup

Prior to his appointment as president and chief operating officer, Mr. Johnson qualified as an “independent director” as such term is defined under NASDAQ rules. In determining that Mr. Johnson was independent, the board of directors considered his position as an officer and director of a public company, for a portion of fiscal 2014, from which Starbucks purchased equipment in fiscal 2014, in an amount less than 1% of the annual revenues of such company. In addition, Mr. Lee, who served on our board during the last fiscal year and will serve for a portion of the current fiscal year, qualified as an “independent director”

as such term is defined under NASDAQ rules. In determining that Mr. Lee is independent, the board of directors considered that he previously served, at the request of Starbucks, as our interim executive vice president, Partner Resources. Mr. Lee served in this interim role for less than a year from April 2009 to March of 2010. The board of directors determined that neither of these relationships constitutes a “related-person transaction” under applicable SEC rules or would interfere with the directors’ exercise of independent judgment in carrying out their responsibilities as directors.

BOARD COMMITTEES AND RELATED MATTERS

During fiscal 2015, our board of directors had three standing committees: the Audit Committee, the Compensation Committee and the Nominating/Governance Committee. The board of directors, upon recommendation of the Nominating/Governance Committee, makes committee and committee chair assignments annually at its meeting immediately preceding the annual meeting of shareholders, although further changes to committee assignments are made from

time to time as deemed appropriate by the board. The committees operate pursuant to written charters, which are available on our website at www.starbucks.com/about-us/company-information/corporate-governance.

The current composition of each board committee is set forth below. As stated above, Mr. Lee will not stand for reelection.

* Ms. Dillon was appointed to the board of directors and Compensation Committee on January 4, 2016.

** Mr. Johnson was an independent member of the board of directors, the chair of the Compensation Committee and a member of the Audit Committee until his appointment as president and chief operating officer of Starbucks in January 2015, after which time he continued to serve as a non-independent member of the board of directors.

ATTENDANCE AT BOARD AND COMMITTEE MEETINGS, ANNUAL MEETING

During fiscal 2015, each director attended at least 75% of all meetings of the board and board committees on which he or she served (held during the period that such director served). Our Corporate Governance Principles and Practices require each board member to attend our annual

meeting of shareholders except for absences due to causes beyond the reasonable control of the director. All but three of the directors who then served on the board attended our 2015 Annual Meeting of Shareholders.

AUDIT AND COMPLIANCE COMMITTEE

The Audit Committee annually reviews and reassesses the adequacy of its charter. As more fully described in its charter, the primary responsibilities of the Audit Committee are to:

- oversee our accounting and financial reporting processes, including the review of the Company's quarterly and annual financial results;
- appoint the Company's independent registered public accounting firm and oversee the relationship; including monitoring the auditor's independence and reviewing the scope of the auditor's work, including preapproval of audit and non-audit services;
- review the annual audit and quarterly review processes with management and the independent registered public accounting firm;
- review management's assessment of the effectiveness of the Company's internal controls over financial reporting and the independent registered public accounting firm's related attestation;
- oversee the Company's internal audit function, including review of internal audit staffing and review of the internal audit plan;
- review and approve or ratify all transactions with related persons and potential conflicts of interests that are required to be disclosed in the proxy statement;

- review the Company's risk assessment and risk management policies; and
- review periodically and discuss with management the Company's major risk exposures, including financial, operational, privacy, security, business continuity and legal and regulatory risks, the steps the Company has taken to monitor and control such exposures, and the Company's risk assessment and risk management policies; and regularly report to the Board the substance of such reviews and discussions.

Each of Ms. Hobson and Messrs. Gates, Ramo, Teruel and Weatherup currently (i) meets the independence criteria prescribed by applicable law and the rules of the SEC for audit committee membership and is an "independent director" as defined by NASDAQ rules; and (ii) meets NASDAQ's financial knowledge and sophistication requirements. Mr. Johnson met such criteria during the entire time he served on the Audit Committee and ceased to serve on the Audit Committee prior to his appointment as our president and chief operating officer in January 2015. Each of Ms. Hobson and Messrs. Teruel and Weatherup have been determined by the board of directors to be an "audit committee financial expert" under SEC rules. The "Audit and Compliance Committee Report" describes in more detail the Audit Committee's responsibilities with regard to our financial statements and its interactions with our independent auditor, Deloitte & Touche LLP.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

The Compensation Committee annually reviews and reassesses the adequacy of its charter. As more fully described in its charter, the primary responsibilities of the Compensation Committee are to:

- conduct an annual review of and recommend to the independent directors of the board for their review and approval the compensation package for the chairman and chief executive officer;
- conduct an annual review and approve the compensation package for the Company's executive officers and senior officers (as defined in its charter);
- annually review and approve objective performance measures and performance targets for all executive officers and senior officers participating in the annual incentive bonus plan and long-term incentive plans, and certify achievement of performance measures after the measurement period;

- approve, modify and administer partner-based equity plans, the Executive Management Bonus Plan and deferred compensation plans;
- after consulting with the independent directors, together with the chair of the Nominating/Governance Committee, the chair of the Compensation Committee annually reviews the performance of our chairman and chief executive officer and meets with him to share the findings of the review;
- annually review and approve our management development and succession planning practices and strategies;
- annually review and approve the Company's peer group companies and review market data;

- provide recommendations to the board of directors on compensation-related proposals to be considered at the Company's annual meeting, including Say-on-Pay and any related shareholder feedback;
- determine management stock ownership guidelines and periodically review ownership levels for compliance; and
- annually review a report from management regarding potential material risks, if any, created by the Company's compensation policies and practices and inform the board of any necessary actions.

Messrs. Johnson, Lee, Shennan, Teruel and Ullman and Ms. Shih served on the Compensation Committee during fiscal 2015. Mr. Johnson ceased membership on the Compensation Committee prior to his appointment as our president and chief operating officer in January 2015. At least annually, the Compensation Committee reviews and approves our executive compensation strategy and principles to confirm that they are aligned with our business strategy and objectives, shareholder interests, desired behaviors and corporate culture.

The Compensation Committee's charter allows it to delegate its authority to subcommittees of the committee, as may be necessary or appropriate. In March 2010, the Compensation Committee formed a special subcommittee, the Performance Compensation Subcommittee (the "Subcommittee"), which is responsible for establishing, administering, reviewing and approving any award intended to qualify for the "performance-based compensation" exception of Section 162(m) of the Internal Revenue Code ("Section 162(m)"). The Subcommittee may establish, administer, review and approve any compensation or compensatory award as may be requested by the Compensation Committee from time to time. The current composition of the Subcommittee is: Messrs. Shennan, Teruel and Ullman and Ms. Shih. Each member of the Subcommittee meets applicable independence requirements as prescribed by NASDAQ, the SEC and the Internal Revenue Service. Since Mr. Lee was an executive officer of the Company for a period of time, he does not sit on the Subcommittee and does not vote on performance-based compensation. Since March 2010, all decisions related to performance-based compensation were made by the Subcommittee. The Compensation Committee expects to re-assume the responsibilities of the Subcommittee following Mr. Lee's retirement from the board.

Management's Role in the Executive Compensation Process

Mr. Schultz, our chairman and chief executive officer, Scott Pitasky, our executive vice president, chief Partner Resources officer and other key members of our human resources function ("Partner Resources") each help support the Compensation Committee's executive compensation process and regularly attend portions of committee meetings. As part of the executive compensation process, Mr. Schultz provides his perspective to the Compensation Committee regarding the performance of his Senior Leadership Team, which includes all of our executive officers and certain other

senior officers of the Company. Members of the Partner Resources team present recommendations to the Compensation Committee on the full range of annual executive compensation decisions, including (i) annual and long-term incentive compensation programs; (ii) target competitive positioning of executive compensation; and (iii) target total direct compensation for each executive officer. These recommendations are developed in consultation with Mr. Schultz and are accompanied by market data provided by the Company's compensation consultant, Willis Towers Watson Public Limited Company ("Willis Towers Watson").

In accordance with NASDAQ rules, Mr. Schultz was not present when his compensation was being discussed or approved and did not vote on executive compensation matters, and neither he nor other members of management attended executive sessions of the Compensation Committee.

The Role of Consultants in the Executive Compensation Process

For fiscal 2015, the Compensation Committee engaged Frederic W. Cook & Co., Inc. ("F.W. Cook") as its outside independent compensation consultant. The Compensation Committee's consultant regularly attends committee meetings and attends executive sessions as requested by the Compensation Committee's chair. Without the Compensation Committee's prior approval, F.W. Cook will not perform any services for Starbucks management, although the Compensation Committee has directed that F.W. Cook work in cooperation with management as required to gather and review information necessary to carry out its obligations. During fiscal 2015, F.W. Cook did not perform any services for Starbucks other than making recommendations with respect to executive compensation under its engagement by the Compensation Committee. Its tasks also included reviewing, validating and providing input on information, programs and recommendations made by management and Willis Towers Watson.

For more information about the Compensation Committee's activities, see "Compensation Discussion and Analysis" and "Compensation Committee Report."

Compensation Committee Interlocks and Insider Participation

Messrs. Lee, Shennan, Teruel and Ullman and Ms. Shih served on the Compensation Committee during fiscal 2015. Mr. Johnson served as chair of the Compensation Committee prior to becoming an officer of the Company, at which time he resigned from the Compensation Committee. As discussed above, Mr. Lee served as our interim executive vice president, Partner Resources for a portion of fiscal 2010. Mr. Lee rejoined the Compensation Committee in April 2010 as an independent director under the applicable NASDAQ independence requirements.

Compensation Consultant Independence

In furtherance of maintaining the independence of the Compensation Committee's compensation consultant, the Committee has the sole authority to retain, terminate and obtain the advice of F.W. Cook (at the Company's

expense). Further, as discussed above, the Compensation Committee's compensation consultant will not perform any services for Starbucks management unless approved in advance by the Committee.

In connection with its engagement of F.W. Cook, the Compensation Committee considered various factors bearing upon F.W. Cook's independence including, but not limited to, the amount of fees received by F.W. Cook from Starbucks as a percentage of F.W. Cook's total revenue, F.W. Cook's policies and procedures designed to prevent

conflicts of interest, and the existence of any business or personal relationship that could impact F.W. Cook's independence. After reviewing these and other factors, the Compensation Committee determined that F.W. Cook was independent and that its engagement did not present any conflicts of interest. F.W. Cook also determined that it was independent from management and confirmed this in a written statement delivered to the Chair of the Compensation Committee.

SUCCESSION PLANNING

Senior Management Succession Planning

In light of the critical importance of executive leadership to Starbucks success, we have an annual succession planning process. This process is enterprise wide for managers up to and including our chief executive officer.

Our board of directors' involvement in our annual succession planning process is outlined in our Corporate Governance Principles and Practices. The Principles provide that each year, the chair of the Compensation Committee, together with the chairman and chief executive officer, will review succession plans with the board, and provide the board with a recommendation as to succession in the event of each senior officer's termination of employment with Starbucks for any reason (including death or disability).

Our Compensation Committee, pursuant to its charter, annually reviews and discusses with the panel of independent directors of the board the performance of the executive officers and senior officers of the Company and the succession plans for each such officer's position

including recommendations and evaluations of potential successors to fill these positions. The Compensation Committee also conducts an annual review of, and provides approval for, our management development and succession planning practices and strategies.

ceo Succession Planning

Mr. Schultz provides an annual review to the board of directors assessing the members of the Senior Leadership Team and their potential to succeed him. This review, which is developed in consultation with our executive vice president, chief Partner Resources officer, and the chair of our Compensation Committee, includes a discussion about development plans for the Company's executive officers and senior officers to help prepare them for future succession and contingency plans in the event of our ceo's termination of employment with Starbucks for any reason (including death or disability) as well as our ceo's recommendation as to his successor. The full board has the primary responsibility to develop succession plans for the ceo position.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Nominating/Governance Committee annually reviews and reassesses the adequacy of its charter. As described more fully in its charter, the Nominating/Governance Committee is responsible for providing leadership with respect to the corporate governance of Starbucks and advising and making recommendations to the board of directors regarding candidates for election as directors of the Company. Among its specific duties, the Nominating/Governance Committee:

- makes recommendations to the board about our corporate governance processes;
- assists in identifying and screening board candidates;
- administers the Director Nominations Policy;
- considers shareholder nominations to the board;
- makes recommendations to the board regarding membership and chairs of the board's committees;
- oversees the annual evaluation of the effectiveness of the board and each of its committees;
- biennially recommends the board's presiding independent director;

- biennially reviews the type and amount of board compensation for independent directors;
- annually reviews the Company's corporate political contributions and expenditures to confirm alignment with Company policies and values; and
- annually reviews and assesses the effectiveness of the Company's environmental and social responsibility policies, goals and programs through the annual Global Responsibility Report, and makes recommendations as deemed appropriate based on such review and assessment.

The Nominating/Governance Committee also annually assists the board of directors with its affirmative independence and expertise determinations. After consulting with the independent directors of the board, the chair of the Nominating/Governance Committee, together with the chair of the Compensation Committee, annually reviews the performance of our chairman and chief executive officer and meets with him to share the findings of the review.

OUR DIRECTOR NOMINATIONS PROCESS

Our Policy on Director Nominations is available at www.starbucks.com/about-us/company-information/corporate-governance. The purpose of the nominations policy is to describe the process by which candidates are identified and assessed for possible inclusion in our recommended slate of director nominees (the “candidates”). The nominations policy was approved by the full board of directors and is administered by the Nominating/Governance Committee.

Minimum Criteria for Board Members

Each candidate must possess at least the following specific minimum qualifications:

- each candidate shall be prepared to represent the best interests of all shareholders and not just one particular constituency;
- each candidate shall be an individual who has demonstrated integrity and ethics in his or her personal and professional life and has established a record of professional accomplishment in his or her chosen field;
- no candidate, or family member (as defined in NASDAQ rules) or affiliate or associate (as defined in federal securities laws) of a candidate, shall have any material personal, financial or professional interest in any present or potential competitor of Starbucks;
- each candidate shall be prepared to participate fully in board activities, including active membership on at least one board committee and attendance at, and active participation in, meetings of the board and the committee(s) of which he or she is a member, and not have other personal or professional commitments that would, in the Nominating/Governance Committee’s sole judgment, interfere with or limit his or her ability to do so; and
- each candidate shall be willing to make, and financially capable of making, the required investment in our stock in the amount and within the time frame specified in the director stock ownership guidelines described in this proxy statement.

Desirable Qualities and Skills

In addition, the Nominating/Governance Committee also considers it desirable that candidates possess the following qualities or skills:

- each candidate should contribute to the board of directors’ overall diversity — diversity being broadly construed to mean a variety of opinions, perspectives, personal and professional experiences and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics;
- each candidate should contribute positively to the existing chemistry and collaborative culture among board members; and
- each candidate should possess professional and personal experiences and expertise relevant to our goal

of being one of the world’s leading consumer brands. At this stage of our development, relevant experiences might include, among other things, sitting CEO of a large global company, large-company CEO experience, international CEO experience, senior-level international experience, senior-level multi-unit small box retail or restaurant experience and relevant senior-level expertise in one or more of the following areas: finance, accounting, sales and marketing, organizational development, information technology, social media and public relations.

The Nominating/Governance Committee is responsible for reviewing the appropriate skills and characteristics required of directors in the context of prevailing business conditions and existing competencies on the board, and for making recommendations regarding the size and composition of the board, with the objective of having a board that brings to Starbucks a variety of perspectives and skills derived from high quality business and professional experience. The Nominating/Governance Committee’s review of the skills and experience it seeks in the board as a whole, and in individual directors, in connection with its review of the board’s composition, enables it to assess the effectiveness of its goal of achieving a board with a diversity of experiences. The Nominating/Governance Committee considers these criteria when evaluating director nominees in accordance with the procedures set forth below.

Internal Process for Identifying Candidates

The Nominating/Governance Committee has two primary methods for identifying candidates (other than those proposed by shareholders, as discussed below). First, on a periodic basis, the Nominating/Governance Committee solicits ideas for possible candidates from a number of sources: members of the board; senior-level Starbucks executives; individuals personally known to the members of the board; and research, including database and Internet searches.

Second, the Nominating/Governance Committee may from time to time use its authority under its charter to retain at our expense one or more search firms to identify candidates (and to approve such firms’ fees and other retention terms), as it did during 2015. The search firm retained by the Nominating/Governance Committee during 2015 was asked to identify possible candidates who meet the minimum and desired qualifications being sought in candidates, to interview and screen such candidates (including conducting reference checks), and assist in scheduling candidate interviews with board members.

The nominations policy divides the process for candidates proposed by shareholders into the general nomination right of all shareholders and proposals by “qualified shareholders” (as described below).

General Nomination Right of All Shareholders

Any registered shareholder may nominate one or more persons for election as a director at an annual meeting of shareholders if the shareholder complies with the advance notice, information and consent provisions contained in our bylaws. See “Proposals of Shareholders” below for more information.

The procedures described in the next paragraph are meant to establish an additional means by which certain shareholders can contribute to our process for identifying and evaluating candidates and is not meant to replace or limit shareholders’ general nomination rights in any way.

Director Recommendations by Qualified Shareholders

In addition to those candidates identified through its own internal processes, in accordance with the nominations policy, the Nominating/Governance Committee will evaluate a candidate proposed by any single shareholder or group of shareholders that has beneficially owned more than 5% of our common stock for at least one year (and will hold the required number of shares through the annual meeting of shareholders) and that satisfies the notice, information and consent provisions in the nominations policy (a “qualified shareholder”). Any candidate proposed by a qualified shareholder must be independent of the qualified shareholder in all respects as determined by the Nominating/Governance Committee or by applicable law. Any candidate submitted by a qualified shareholder must also meet the definition of an “independent director” under NASDAQ rules.

In order to be considered by the Nominating/Governance Committee for an upcoming annual meeting of shareholders, notice from a qualified shareholder regarding a potential candidate must be received by the Nominating/Governance Committee not less than 120 calendar days before the anniversary of the date of our proxy statement released to shareholders in connection with the previous year’s annual meeting.

Evaluation of Candidates

The Nominating/Governance Committee will consider and evaluate all candidates identified through the processes described above, including incumbents and candidates proposed by qualified shareholders, based on the same criteria.

Future Revisions to the Nominations Policy

The nominations policy is intended to provide a flexible set of guidelines for the effective functioning of our director nominations process. The Nominating/Governance Committee intends to review the nominations policy at least annually and anticipates that modifications will be necessary from time to time as our needs and circumstances evolve, and as applicable legal or listing standards change. The Nominating/Governance Committee may amend the nominations policy at any time, in which case the most current version will be available on our website.

COMPENSATION OF DIRECTORS

FISCAL 2015 COMPENSATION PROGRAM FOR NON-EMPLOYEE DIRECTORS

For fiscal 2015, the annual compensation program for non-employee directors provided for a total of \$240,000 per year comprised of one or more of the following (as selected by the director each year): (i) cash (up to 50%); (ii) stock options; and (iii) time-based restricted stock units ("RSUs"). In June 2015, upon the recommendation of the Nominating/Governance Committee, the board increased the amount of annual compensation to \$260,000 for fiscal 2016, the first increase since 2011. The design of the program remains the same. New non-employee directors are entitled to payment of a pro-rated portion of the annual non-employee director compensation based on the number of days remaining in the fiscal year from the date the director joins the board. Such compensation may be in the form of stock options, time-based RSUs or a combination thereof (as selected by the director). Our non-employee directors are expected to satisfy stock ownership guidelines of \$480,000, as discussed below under the caption "Director Stock Ownership Guidelines." Stock options have an exercise price equal to the closing market price of our common stock on the grant date. Annual stock option and RSU grants vest one year after the date of grant. Stock options and RSUs granted to non-employee directors generally cease vesting as of the date

he or she no longer serves on the board of directors. However, unvested stock options (but not unvested RSUs) will vest in full upon a non-employee director's death or retirement (defined as ceasing to be a director pursuant to election by the Company's shareholders or by voluntary resignation with the approval of the Board's chair, and after attaining age 55 and at least six years of continuous board service) or upon a change in control of Starbucks. Six of the board's eleven current non-employee directors meet the retirement criteria.

Mr. Schultz does not participate in the compensation program for non-employee directors, but rather is compensated as an executive officer. Upon his appointment as our president and chief operating officer, Mr. Johnson ceased participation in the compensation program for non-employee directors and is compensated as an executive officer. Information on compensation paid to Mr. Schultz and Mr. Johnson (including compensation Mr. Johnson received for his service on the board before being appointed as president and chief operating officer of Starbucks) in fiscal 2015 is described in the "Compensation Discussion and Analysis" section of this proxy statement.

(3) The amounts shown in this column represent the aggregate grant date fair values of the stock options awarded to each of the non-employee directors (other than Ms. Dillon) on November 17, 2014. Ms. Dillon did not receive a grant in fiscal 2015 as she joined the board after 2015 fiscal year end. (5) Ms. Dillon did not receive any director compensation in fiscal 2015 as she joined the board after the 2015 fiscal year end.

Deferred Compensation Plans

In fiscal 2011, the board adopted a Deferred Compensation Plan for Non-Employee Directors under which non-employee directors may, for any fiscal year starting in fiscal 2012, irrevocably elect to defer receipt of shares of common stock the director would have received upon vesting of restricted stock units. The purpose of the plan is to enhance the Company's ability to attract and retain non-employee directors with training, experience and ability who will promote the interests of the Company and to directly align the interests of such non-employee directors with the interests of the Company's shareholders. Prior to 2006, non-employee directors could defer all or a portion of their compensation in the form of unfunded deferred stock units under the Directors Deferred Compensation Plan.

Director Stock Ownership Guidelines

Our long-standing stock ownership guidelines for non-employee directors require our directors to own at least \$480,000 in Company stock to align the interests of our non-employee directors to those of our shareholders. Directors appointed or elected after June 5, 2012 have four years from their date of appointment or election to meet the guidelines. Stock options and RSUs do not count toward meeting the guidelines, but deferred stock units resulting from deferrals under the deferred compensation plans for directors described above do count toward meeting the guidelines. Each director is expected to continue to meet the ownership requirement for as long as he or she serves on our board. Except for Ms. Dillon, who joined the board in January 2016, all non-employee directors have met these guidelines as of the date of this proxy statement.

PROPOSAL 2 — ADVISORY RESOLUTION TO APPROVE OUR EXECUTIVE COMPENSATION

We are asking shareholders to approve an advisory resolution (commonly referred to as a “say-on-pay” resolution) on the Company’s executive compensation as reported in this proxy statement.

We urge shareholders to read the “Compensation Discussion and Analysis” section of this proxy statement, which describes how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the board of directors believe that the policies and procedures articulated in the “Compensation Discussion and Analysis” are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement has contributed to the Company’s recent and long-term success.

The board has adopted a policy providing for an annual “say-on-pay” advisory vote. In accordance with this policy and Section 14A of the Securities Exchange Act of 1934,

as amended, (the “Exchange Act”) and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the Annual Meeting of Shareholders:

RESOLVED, that the shareholders of Starbucks Corporation (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company’s Annual Meeting of Shareholders.

This advisory “say-on-pay” resolution is non-binding on the board of directors. Although non-binding, the board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program. Unless the board modifies its policy on the frequency of future “say-on-pay” advisory votes, the next “say-on-pay” advisory vote will be held at the 2017 Annual Meeting of Shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides information on our executive compensation program and the amounts shown in the executive compensation tables that follow. In this proxy statement, the term “Named Executive Officers” or “NEOs” means our ceo, president and coo, cfo, two of our business unit presidents and our former coo. These six executive officers are named in the compensation tables of this proxy statement.

“Compensation Committee” or “Committee” refers to the Compensation and Management Development Committee of the board of directors.

We refer to all of our employees as “partners,” due to the significant role that they all play in the success of the Company.

EXECUTIVE SUMMARY

FINANCIAL HIGHLIGHTS

Starbucks results for fiscal 2015 demonstrate the continued strength and relevance of the Starbucks brand around the world.

The Company delivered record results in fiscal 2015, increasing global comparable store sales by 7% driven by a 3% increase in traffic, total net revenue by 17% and non-GAAP operating income⁽¹⁾ by 19% year over year; 3-year cumulative total shareholder return (“TSR”) was 138%. In addition, we returned \$2.4 billion to shareholders in the form of cash dividend payments and share repurchases in fiscal 2015.

(1) Fiscal 2015 non-GAAP operating income was \$3,655.6 million and excludes certain Starbucks Japan acquisition-related items (ongoing amortization expense of acquired intangible assets and transaction and integration costs). Including these items, fiscal 2015 operating income was \$3,601.0 million. Fiscal 2014 non-GAAP operating income was \$3,063.3 million and excludes a litigation credit reflecting a reduction to our estimated prejudgment interest payable as a result of paying our obligation under the Kraft Foods Global, Inc. ("Kraft") arbitration matter earlier than anticipated (\$20.2 million) as well as certain transaction costs incurred in fiscal 2014 related to the acquisition of Starbucks Japan and costs related to the sale of our Australia retail operations in fiscal 2014 (\$2.4 million). Including these items, fiscal 2014 operating income was \$3,081.1 million.

Financial Results Under Incentive Plans

The charts below compare fiscal 2015, 2014 and 2013 results under financial performance metrics that are used in determining (i) payouts under our Executive Management Bonus Plan ("EMBP"), and (ii) the number of performance-based Restricted Stock Units ("performance RSUs") earned. Note that these financial measures may

differ from the comparable GAAP measures reported in our financial statements, as the measures below are adjusted to exclude the impact of certain non-routine and other items in accordance with the terms of our EMBP and our 2005 Long-Term Equity Incentive Plan.

Dollar amounts below, except per share data, are in millions. Additional detail on the adjustments made to these results are described above in the Proxy Statement Summary under "Financial Results Under Incentive Plans" on page 4.

Pay for Performance

Our executive compensation program reflects a strong pay-for-performance alignment tied with Company and business-unit performance.

In line with our emphasis on pay-for-performance and our performance relative to our peers, compensation awarded to our NEOs for fiscal 2015 reflected Starbucks record financial results.

Annual Incentive Plan:

- Our CEO, president and COO, and CFO all earned EMBP awards at 133.5% of target, reflecting our strong performance against challenging overall Company goals based on adjusted operating income, adjusted net revenue and ROIC. Two other NEOs are business unit presidents and earned 120.6% (Clifford Burrows, group president, U.S. and Americas) and 135.1% (John Culver, group president, China, Asia Pacific, Channel Development and Emerging Brands) of target, respectively, primarily reflecting the strong performance of their businesses against these goals. For reference, earned awards at 100% of target are designed to approximate the market median, and maximum awards at 200% of target are designed to reward at top-quartile market levels.

Long-Term Incentive Awards:

- Our Long-Term Incentive Awards are granted in the form of (1) performance RSUs, where the number of shares earned is dependent on the achievement of future EPS and ROIC goals; (2) and stock options where the realizable value is dependent on future share price appreciation.
- The value of the Long-Term Incentive Awards granted to our NEOs in fiscal 2015 recognized the strong performance of our NEOs and their scope of responsibility.

Investing in Our Partners

Investing in our partners results in increased engagement, satisfaction and retention, which ultimately leads to an elevated Starbucks Experience for our customers.

Below is a summary of our broad-based benefits.

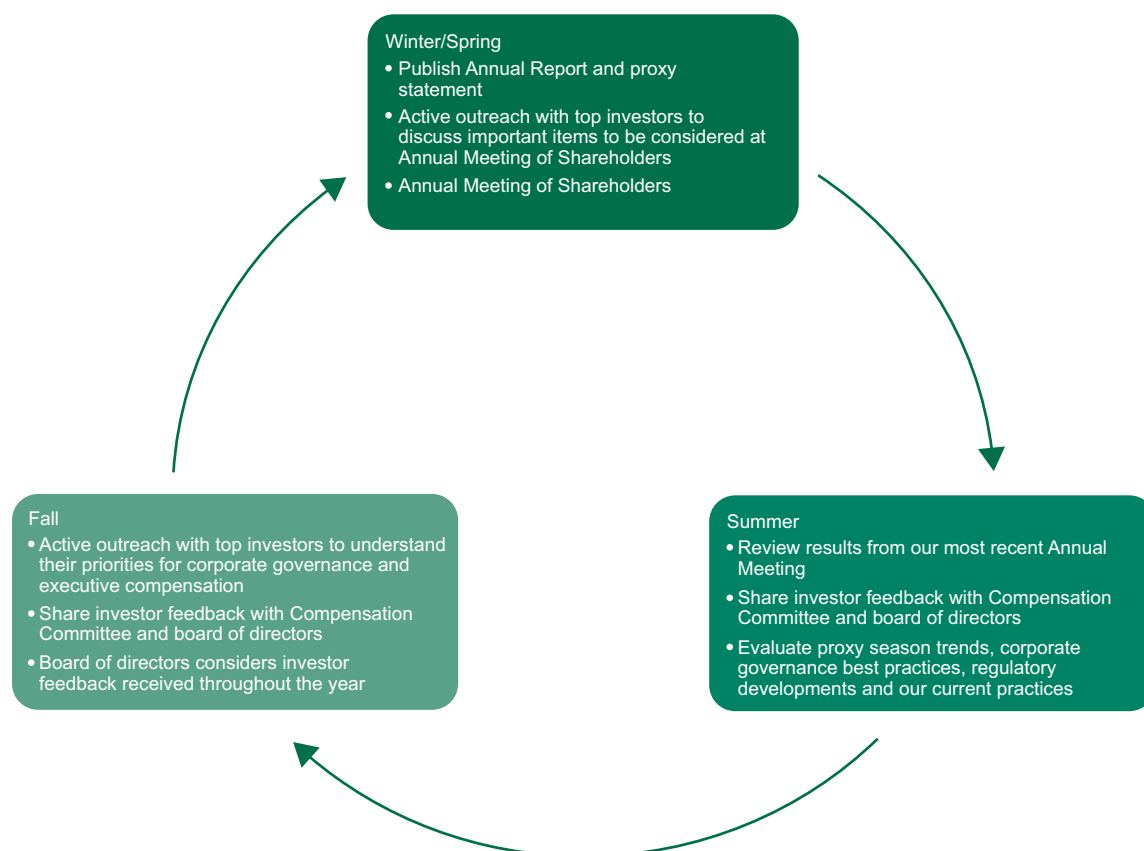

- **Broad-Based Equity Program (“Bean Stock”):** A long-term incentive grant of time-based RSUs was made in November 2015 to approximately 151,000 eligible non-executive partners in 22 markets around the world, including qualified part-time partners. We refer to this broad-based equity program as our “Bean Stock” program. Bean Stock participants include those partners who work in our stores and serve our customers directly.
 - In fiscal 2015, Bean Stock participants realized approximately \$167 million in pre-tax gains from previously-granted Bean Stock awards.
- **Future Roast 401(k) Starbucks Match:** In order to provide our U.S. partners with more certainty, the board recently replaced the previous adjustable match rate with a 5% Starbucks Future Roast 401(k) match. As a result, for the calendar 2016 plan year, Starbucks will match 100% of the first 5% of eligible compensation deferred. The Starbucks Match is immediately 100% vested and is contributed to each participant’s 401(k) account each pay period along with their contributions.
- **College Achievement Plan:** The Starbucks College Achievement Plan was launched in fiscal 2014. It provides eligible partners in the U.S. with the opportunity to earn a bachelor’s degree online from Arizona State University with full tuition reimbursement. Additionally, our military service member and veteran partners can extend an additional Starbucks College Achievement Plan benefit to their spouse, domestic partner, or child. More than 4,000 partners have enrolled in the plan to date, including 12 graduates.
- **Enhancing the Partner Experience:** In addition to our long-time benefits of a pound of coffee each week and beverages while on work breaks, U.S. store partners can now choose one food item, per shift, from the pastry or ready-to-eat case. U.S. Partners may also sign up for a Spotify® Premium Account.

Shareholder Engagement

We have a long-standing history of actively engaging with our shareholders.

Starbucks believes that strong corporate governance should include year-round engagement with our shareholders. We have a long-standing, robust shareholder outreach program led by a cross-functional team including partners from our Total Rewards, Law & Corporate Affairs and Investor Relations departments.

Through this outreach, we solicit feedback on our executive compensation program, corporate governance and disclosure practices and share that feedback with our Compensation Committee and board of directors as demonstrated below.

During 2015 we reached out to our top shareholders and had conversations with corporate governance contacts representing nearly 30% of our shares outstanding. Additionally, our senior management team, including our ceo, president and coo and cfo, regularly engage in meaningful dialogue with our shareholders through our quarterly earnings calls and other channels for communication.

In recent years, shareholder feedback has influenced certain of our compensation design changes, including the addition of ROIC as a performance measure under our EMBP, the replacement of EPS as a performance measure under our EMBP with adjusted net revenue (recognizing that EPS remains a performance measure under our performance RSUs), and the lengthening of the performance period under our performance RSU design from one year to two years.

Performance versus Peer Companies

In 2015, we ranked* first among our entire peer group in three-year compound annual revenue, EPS and net income growth. We ranked first or second in our peer group in all categories in the one-year performance period and also moved up in rank year over year in all categories.

* Starbucks results used for purposes of this comparison are reported GAAP results.

Our one-year TSR through the end of fiscal 2015 was 56% (first in our peer group) and our three-year cumulative TSR through the end of fiscal 2015 was 138% (second in our peer group).

Our Total Rewards Philosophy

Our Total Rewards philosophy is designed to recognize and reward the contributions of all partners, including executives. We offer a comprehensive benefits package to all eligible full- and part-time partners in the United States and locally competitive benefit packages in other countries. In addition to our equity incentive plans discussed above, we offer an employee stock purchase plan to partners in the United States and Canada that allows participants to purchase Starbucks stock at a 5% discount to the fair market value at the end of each offering period under the plan. We believe our Total Rewards practices motivate our executives to build long-term shareholder value and reward the partners who take care of our customers.

In line with our Total Rewards philosophy, our executive compensation program is designed to:

- Enable the attraction and retention of top talent by competing effectively for the highest quality people who will help shape our long-term success;
- Pay for performance through aligning compensation with the achievement of both short-term and long-term financial objectives that build shareholder value; and
- Be true to our values by supporting our mission statement and guiding principles.

OUR EXECUTIVE COMPENSATION PROCESS

Target total direct compensation for our NEOs is composed of base salary, target bonus, and target value of long-term equity incentives. Target total direct compensation for on-target performance is designed to deliver compensation within the median range of our peer group, as explained below under "Peer Group Companies and Benchmarking."

The Compensation Committee reviews target total direct compensation and approves target bonuses (as a percentage of base salary) annually at its September

meeting. Base salaries, bonus payments (for the prior fiscal year) and long-term equity incentives are approved after the end of each fiscal year at the November meeting. This process allows the Compensation Committee to consider comprehensive information, including the performance of each NEO during the prior fiscal year, when making final compensation decisions.

ANALYSIS OF EXECUTIVE COMPENSATION DECISIONS

The vast majority of compensation value we deliver to our executives is in the form of compensation that is variable and "at-risk."

A core principle of our executive compensation program is that a significant percentage of compensation awarded to our NEOs, especially our ceo, be variable, performance-based compensation and "at-risk." This type of compensation is dependent on the financial success of our Company and our business units, and the performance of Starbucks common stock. This means that our executives are rewarded when they produce value for our shareholders and our partners. Elements of our program that fall within this category include our annual incentive

bonus program (EMBP) and the stock options and performance RSUs that are granted under our Long-Term Incentive Program.

The charts below show the significant percentage of performance-based compensation reported for fiscal 2015 in the Summary Compensation Table for Mr. Schultz, our ceo, and for our other NEOs as a group (not including Troy Alstead, who was an active partner for only a portion of the year).

Fiscal Year 2015 Total Compensation Mix

(1) Variable compensation as a percentage of total compensation equals 92% for CEO and 87% for all other NEOs.

Overall target total direct compensation (base salary, target bonus, and target value of long-term equity incentives) of our NEOs approximates the 50th percentile of the market and aligns with the Starbucks Total Rewards philosophy. Actual total direct compensation of our NEOs delivered for fiscal 2015 performance approximates the 75th percentile of the market, reflecting Starbucks record performance in fiscal 2015.

Mr. Schultz's target total direct compensation approximates the 60th percentile of the market. Given Mr. Schultz's leadership in delivering record results and our strong performance relative to our peers, Mr. Schultz's actual total direct compensation delivered for fiscal 2015 significantly exceeds the 75th percentile of the market.

Base Salary

The Compensation Committee generally reviews and adjusts base salaries annually at its November meeting, with new salaries effective in late November or early

December. The Committee reviewed base salaries at its November 2014 meeting and decided to make no changes to base salaries for fiscal 2015.

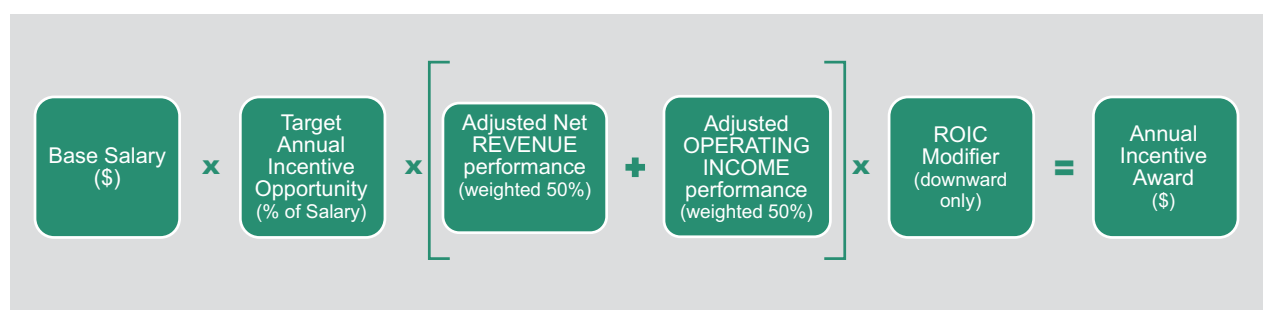

Annual Incentive Bonus

For fiscal 2015, each NEO participated in the EMBP. Fiscal 2015 target annual incentive bonuses as a percentage of base salary were increased to 100% for our CFO, group president, U.S. and Americas and our group president, China & Asia Pacific, Channel Development and Emerging Brands in recognition of their individual performance in fiscal 2014, to better position their target total direct compensation to the market median for their roles and with internal pay equity in mind. Target annual incentive opportunities did not change in fiscal 2015 for any of our other NEOs.

The total EMBP award actually delivered to each executive for fiscal 2015 was determined based on the extent to which the objective performance goals under the

EMBP were achieved based on fiscal 2015 performance. The possible payouts for each NEO based on achievement of threshold, target and maximum performance levels are disclosed in the Fiscal 2015 Grants of Plan-Based Awards Table.

The graphic below illustrates the weighting of the performance goals and the calculation of the annual incentive for each NEO.

Objective Performance Goals

For fiscal 2015, annual incentive bonuses were based on the achievement of the following objective performance goals:

- adjusted net revenue, which was weighted at 50%,
- adjusted operating income, which was weighted at 50%, and
- ROIC, which operated as a potential downward modifier of the adjusted net revenue and adjusted net operating income result.

We chose these measures because we believe they motivate our executives to drive Company and business unit growth and profitability.

To reflect performance above or below targets, adjusted net revenue and adjusted operating income have sliding scales that provide for annual incentive bonus payouts greater than the target bonus if results are greater than target (up to a maximum 200% payout) or less than the target bonus if results are lower than the target (down to a threshold of 20% of target payout, below which the payout would be \$0).

In November 2014, the Committee established the corporate and business unit performance goals under the EMBP. In setting the objective performance scales, the

The fiscal 2015 performance targets and results for Adjusted Net Revenue are as follows:

Adjusted Net Revenue ⁽¹⁾	Threshold (Millions US\$)	Target (Millions US\$)	Maximum (Millions US\$)	Adjusted Actual Performance (Millions US\$)	Payout
Consolidated (Schultz, Maw and Johnson)	\$17,780.9	\$18,241.9	\$18,865.9	\$18,320.6	110%
Americas and Teavana (Burrows)	\$13,241.9	\$13,602.7	\$14,011.3	\$13,666.2	110%
CAP and Channel Development & Emerging Brands (Culver)	\$ 3,132.7	\$ 3,192.0	\$ 3,312.5	\$ 3,235.3	133%

(1) The performance plan measures under the EMBP that were approved at the beginning of the performance period provided for certain non-GAAP adjustments so that the performance measures would better reflect underlying business operations than the comparable GAAP measures. The fiscal 2015 consolidated and business unit net revenue results set forth above exclude the impact of the acquisition of Starbucks Japan and foreign currency fluctuations.

Adjusted Operating Income. For Messrs. Schultz, Maw and Johnson, 50% of their total EMBP award was based on a consolidated adjusted operating income goal. For the two group business president NEOs, 20% of their total EMBP award was based on the consolidated adjusted operating income goal and 30% was based on adjusted operating income goals of the businesses for which they had responsibility during fiscal 2015: in the case of Mr. Burrows, Americas and Teavana; and in the case of Mr. Culver, China & Asia Pacific, and Channel

Committee considered target Company performance under the challenging board-approved annual operating and long-term strategic plans, the potential payouts based on achievement at different levels on the sliding scale and whether the portion of incremental earnings paid as bonuses rather than returned to shareholders was appropriate.

The targets were designed to be challenging while recognizing economic uncertainties existing at the time the goals were established, including continued global consumer spending restraint.

Adjusted Net Revenue. For Messrs. Schultz, Maw and Johnson, 50% of their EMBP award was based on a consolidated adjusted net revenue goal. For the two group president NEOs, 50% of their EMBP award was based on adjusted net revenue goals of the businesses for which they had responsibility during fiscal 2015: in the case of Mr. Burrows, Americas and Teavana; and for Mr. Culver, China & Asia Pacific, and Channel Development & Emerging Brands.

Development & Emerging Brands. In fiscal 2015, consolidated adjusted operating income equaled the total of all business units' operating income less total unallocated corporate expenses; and business unit operating income equaled the revenues of the business unit less the business unit's operating expenses. Consolidated results and the results of each business unit were adjusted to better reflect underlying business operations; these adjustments are further described in the "Adjusted Operating Income" table below.

The fiscal 2015 performance targets and results for Adjusted Operating Income are as follows:

Adjusted Operating Income ⁽¹⁾	Threshold (Millions US\$)	Target (Millions US\$)	Maximum (Millions US\$)	Adjusted Actual Performance (Millions US\$)	Payout
Consolidated (Schultz, Maw, Johnson)	\$3,329.0	\$3,384.4	\$3,612.6	\$3,516.4	157%
Americas and Teavana (Burrows)	\$3,086.4	\$3,212.4	\$3,464.4	\$3,257.0	114%
CAP and Channel Development & Emerging Brands (Culver)	\$ 932.4	\$ 997.3	\$1,106.5	\$1,026.2	124%

(1) The performance plan measures under the EMBP that were approved at the beginning of the performance period provided for certain non-GAAP adjustments so that the performance measures would better reflect underlying business operations than the comparable GAAP measures. The fiscal 2015 consolidated and business unit operating income results set forth above exclude the impact of mark to market adjustments of the MDCP liability and foreign currency fluctuations. Consolidated and CAP and Channel Development & Emerging Brands operating income results also exclude the impact of the acquisition of Starbucks Japan. Americas and Teavana operating income results also exclude the impact of exiting certain retail operations in North America. We used the same adjusted measures for our broader-based management incentive plan.

ROIC. For each of our NEOs, ROIC (measured on a consolidated basis) operated as a potential downward modifier of their combined adjusted operating income and adjusted net revenue result. The fiscal 2015 ROIC result

was 26.9%, which exceeded the target of 24.6%. Accordingly, ROIC did not operate as a downward modifier on fiscal 2015 EMBP payouts.

The fiscal 2015 performance targets and results for ROIC are as follows:

Return on Invested Capital	Threshold	Target	Actual
ROIC (Return on Invested Capital) ⁽¹⁾	23.9%	24.6%	26.9%

(1) The fiscal 2015 ROIC result set forth above excludes the impact of the acquisition of Starbucks Japan.

EMBP PAYOUTS

Payouts under the EMBP are aligned with Starbucks fiscal 2015 performance.

After the end of fiscal 2015, the Compensation Committee determined the extent to which the performance goals were achieved, and subsequently approved and certified the amount of the EMBP award to be paid to each NEO other than Mr. Schultz, whose award was recommended by the Committee and approved by all of our independent directors.

The table below shows the fiscal 2015 actual payout levels for each component of the EMBP, based on achievement of the performance metrics, and the aggregate fiscal 2015

annual incentive payouts, which are also disclosed in the "Non-Equity Incentive Compensation Plan" column of the Summary Compensation Table. The EMBP payouts to Messrs. Schultz, Maw and Johnson, which were based on our challenging Company revenue and operating income growth targets, reflected the record fiscal 2015 financial performance achieved by the Company. EMBP payouts to Messrs. Burrows and Culver reflected Starbucks overall record performance and the relative performance of our business units against our challenging operating plan.

Fiscal 2015 Executive Management Bonus Plan Payout ⁽¹⁾					
Named Executive Officer	Payout on Consolidated Adjusted Operating Income (50% or 20% Weighting)	Payout on Business Unit Adjusted Operating Income (30% Weighting)	Payout on Business Unit/ Consolidated Adjusted Net Revenue (50% Weighting)	EMBP Bonus Payout	
				(%) of Target	(\$)
Howard Schultz	157%	NA	110%	133.5%	\$4,005,000
Scott Maw	157%	NA	110%	133.5%	\$ 844,388
Kevin Johnson ⁽²⁾	157%	NA	110%	133.5%	\$ 924,231
Clifford Burrows	157%	114%	110%	120.6%	\$ 960,338
John Culver	157%	124%	133%	135.1%	\$ 855,588
Troy Alstead ⁽²⁾	—	—	—	100.0%	\$ 456,923

(1) As discussed above, ROIC has the potential to operate as a downward modifier under the EMBP, if the target goal is not met. The target ROIC goal was exceeded under the EMBP in fiscal 2015.

(2) Mr. Johnson's and Mr. Alstead's EMBP bonus payouts are prorated to reflect that they each worked a portion of fiscal 2015. On March 1, 2015, Mr. Johnson joined the company as president and chief operating officer and Mr. Alstead began a previously announced extended unpaid leave (i.e., a Starbucks "Coffee Break" or sabbatical). Mr. Alstead's bonus was paid at target (which resulted in a lower payout than actual business results).

Long-Term Incentive Compensation

Overview of Annual Long-Term Incentive Awards. We grant our executives long-term performance-based compensation in the form of stock options and performance RSUs. The Compensation Committee believes stock options and performance RSUs incentivize executives to drive long-term company performance,

thereby aligning our executives' interests with the long-term interests of shareholders.

In fiscal 2015, the Committee determined to grant 60% of the total annual long-term incentive award values in performance RSUs and 40% in stock options. This change in award value mix (which in previous years had been split equally between stock options and performance RSUs)

reflects the Compensation Committee's consideration of competitive market practices, the desire to both reduce potential share dilution on existing shareholders and also to further tie awards to financial goals that directly measure the Company's earnings growth.

Both types of equity awards we grant as part of our long-term incentive compensation program are performance-based. Stock options provide value only if our stock price increases over time. Performance RSUs are earned only to the extent pre-established performance goals are met and, if earned, are subject to additional time-based vesting requirements. Although the value of performance RSUs is impacted by our stock price during the vesting period, performance RSUs serve to retain executives as they are generally perceived by recipients as being more valuable than stock options during periods of higher stock price volatility.

The table below reflects the value of annual long-term incentive awards approved by the Committee for each of the last two fiscal years. We determined the number of RSUs to be delivered by dividing 60% of the value approved by the Committee by the closing price of our stock on the grant date. For options, we divided 40% of the value by a closing price multiplier. This multiplier was calculated by multiplying the closing price of our common stock on the grant date by a Black-Scholes factor. Because the value approved by the Committee is approved in advance of the awards being granted and may use different assumptions than are applied to the awards for accounting purposes, the value of awards approved by the Committee may be different than the grant date fair value of equity awards as disclosed in the Summary Compensation Table.

Value of Annual Long-Term Incentive Compensation Awards			
Named Executive Officer	Granted in Fiscal 2015	Granted in Fiscal 2014 ⁽¹⁾	% Change
Howard Schultz	\$13,000,000	\$13,000,000	0%
Scott Maw	\$ 2,474,000	\$ —	—
Kevin Johnson	\$ — ⁽²⁾	\$ —	—
Clifford Burrows	\$ 3,500,000	\$ 3,500,000	0%
John Culver	\$ 2,664,000	\$ 2,450,000	9%
Troy Alstead	\$ 4,400,000 ⁽³⁾	\$ 3,500,000	26%

(1) Does not include retention awards (Mr. Burrows: \$3,000,000; Mr. Culver \$3,000,000) or promotional awards (Mr. Alstead: \$1,250,000; Mr. Maw: \$600,000) granted in fiscal 2014.

(2) Mr. Johnson joined the company in fiscal 2015 and therefore did not receive a fiscal 2015 annual long-term incentive award.

(3) Mr. Alstead started an extended unpaid leave (*i.e.*, a Starbucks "Coffee Break" or sabbatical) on March 1, 2015. His fiscal 2015 long-term incentive award was granted prior to his announcement later in the year that he would take a Coffee Break.

Performance RSUs. As part of our annual long-term incentive program for fiscal 2015, we sought to deliver more than half of the value of the long-term incentive award in the form of performance RSUs. The extent to which performance RSUs vest is based on our achievement of two-year adjusted EPS and ROIC goals. To further incentivize performance, the adjusted EPS performance measure has a sliding scale so each NEO may achieve from 0% to 200% of the target award amount. If the target ROIC goal under the performance RSUs is not met, the number of performance RSUs to be delivered based on achievement of the adjusted EPS goal will be adjusted downward by as much as 50%. To the extent the performance targets are met, earned RSUs vest 50% on each of the second and third anniversaries of the grant date.

The Compensation Committee believes that: (1) having a multi-year performance period increases executive focus on long-term performance and better aligns the interests of our executives with those of our shareholders; and (2) the inclusion of ROIC as a potential downward modifier increases executive focus on ROIC, which we believe is an important measure of the Company's performance.

The table below shows the fiscal 2015 actual payout levels for performance RSUs granted in November 2013, which were based on the achievement for fiscal 2015 of the two-year adjusted EPS and ROIC goals. The Committee established the performance goals for the fiscal 2015 performance RSUs at the time of grant in November 2013.

The fiscal 2015 performance RSU payouts were based on our very challenging EPS and ROIC growth targets for the two-year performance period and reflected the record fiscal 2015 financial performance achieved by the Company.

Adjusted Earnings Per Share ⁽¹⁾	Threshold	Target	Maximum	Actual
Targets and FY15 Actual	\$1.40	\$1.49	\$1.76	\$1.58
Payout %	50%	100%	200%	130%

(1) On April 9, 2015, the Company effected a 2-for-1 stock split. The targets shown above are adjusted to reflect the stock split. The fiscal 2015 EPS result set forth above excludes the impact of foreign currency fluctuations, unbudgeted share repurchases, certain Starbucks Japan acquisition-related items and certain other items. The adjustments to EPS set forth above were applied in accordance with the terms of our 2005 Long-Term Equity Incentive Plan and certain of these adjustments differ from the adjustments included within our previously reported Non-GAAP EPS result.

Return on Invested Capital	Threshold	Target	Actual
ROIC (Return on Invested Capital) ⁽¹⁾	23.9%	24.8%	26.9%

(1) The fiscal 2015 ROIC result set forth above excludes the impact of the acquisition of Starbucks Japan.

Special Equity Awards. In certain circumstances we grant discretionary equity awards in order to advance succession-planning goals and incentivize and retain key executives, recognize expanded roles and responsibilities, or recognize exceptional performance. We did not grant a special equity award to any of our executive officers in fiscal 2015.

OTHER COMPENSATION

Sign-on Bonuses and New Hire Equity Awards. We provide sign-on bonuses and new-hire equity awards when the Committee determines it is necessary and appropriate to advance the Company's interests, including to attract top-executive talent from other companies. Sign-on bonuses and new hire equity awards are an effective means of offsetting the compensation opportunities executives forfeit when they leave a former employer to join Starbucks. We typically require newly recruited executives to return a pro rata portion of their sign-on bonus if they voluntarily leave Starbucks within a certain period of time (usually one to two years) after joining us, and new-hire equity awards are subject to a time-based vesting period. As previously disclosed, in connection with Kevin Johnson's appointment in fiscal 2015 as our president and chief operating officer, the Compensation Committee approved a new hire equity award of \$7,000,000 and a new hire cash award of \$1,000,000. The Committee determined Mr. Johnson's new hire compensation package after considering several factors, including compensation data for comparable positions at other companies and the need to provide a meaningful retention incentive.

Perquisites and Other Executive Benefits. Our executive compensation program includes limited executive perquisites and other benefits. The aggregate incremental cost of providing perquisites and other benefits to our NEOs is detailed in the "Fiscal 2015 All Other Compensation Table."

We believe the perquisites and other executive benefits we provide are representative of those offered by the companies that we compete with for executive talent, and therefore offering these benefits serves the objective of attracting and retaining top executive talent.

We provided the following perquisites to our NEOs in fiscal 2015:

- **Security.** Pursuant to our executive security program, we may from time to time provide personal security services to Mr. Schultz and certain other executives. Security services include home security systems and monitoring and, in the case of Mr. Schultz, personal security services. These protections are provided due to the range of security issues encountered by senior executives of large, multinational corporations, and particularly with respect to high-profile CEOs such as Mr. Schultz. We believe that the personal safety and security of our senior executives is of the utmost importance to the Company and its shareholders. For fiscal 2015, the Company paid \$200,000 toward Mr. Schultz's personal security. Mr. Schultz reimbursed the Company for personal security costs in excess of \$200,000. The Company did not pay personal security costs for any executive other than Mr. Schultz in fiscal 2015, except in connection with business-related travel.
- **Executive Physicals, Life and Disability Insurance.** We offer to pay for annual physical examinations for all partners at the senior vice president level and above. These examinations provide a benefit to the Company and the executive at a relatively small cost to the Company. We also provide life and disability insurance to all partners at the vice president level and above at a higher level than is provided to partners generally. The amounts paid in respect of these benefits to our NEOs in fiscal 2015 are detailed in the "Fiscal 2015 All Other Compensation Table."
- **Relocation and Expatriate Expenses.** We provide relocation assistance to some manager-level partners and all partners at the director level and above. Under limited circumstances, we provide certain reimbursements and benefits to partners that expatriate to another country for work on the Company's behalf.

Deferred Compensation. Executives, as well as partners at the director level and above, are eligible to defer cash compensation under the Management Deferred Compensation Plan ("MDCP"). The MDCP is primarily intended to provide eligible partners an additional before-tax means of saving over and above that available under the 401(k) plan. We do not pay or guarantee above-market returns. The appreciation, if any, in the account balances of plan participants is due solely to contributions by participants and the underlying performance of the measurement funds selected by the participants. The measurement fund alternatives available to MDCP participants are identical to the investment funds available to 401(k) plan participants. Effective January 1, 2011, we ceased making Company matching contributions under the MDCP.

General Benefits. Executives are eligible to participate in all benefit plans we offer to partners generally. This helps us attract and retain top executive talent.

- We offer a comprehensive benefits package, including health care insurance, to all eligible partners in the United States and locally competitive benefits packages in other countries.
- Among the plans we offer to United States and Canadian partners generally, including executive officers, is our U.S. tax-qualified employee stock purchase plan. Under the plan, eligible partners may acquire our stock through payroll deductions at a 5% discount to the market price on the last trading day of the purchase period. No plan participant is allowed to purchase more than \$25,000 in market value of our stock under the plan in any calendar year.

PEER GROUP COMPANIES AND BENCHMARKING

The Compensation Committee compares each executive officer's base salary, target total cash and target long-term incentive compensation value to amounts paid for similar positions at peer group companies. The Compensation Committee generally sets target total direct compensation for executives within a reasonable range of the median (50th percentile) of peer group companies.

The Compensation Committee believes that the market median is a useful reference point in helping to achieve the executive compensation program's objectives described above. However, the Committee also considers other factors when setting compensation and target total direct compensation for each executive may vary from the market median based on the factors the Compensation Committee considers relevant each year, including particular job responsibilities and scope, adjustments for individual skills, performance and expertise and internal pay equity. Fiscal 2015 target total direct compensation for the NEOs (including Mr. Schultz) was positioned within the median range.

As part of our annual pay-setting process, the Compensation Committee considers market data contained in an executive compensation report prepared by Willis Towers Watson. The report reflects compensation levels and practices for executives holding comparable positions at peer group companies and also includes broader compensation survey data, which helps the Compensation Committee set compensation at competitive levels.

The Compensation Committee, with assistance from F.W. Cook, periodically reviews the composition of our peer group. As part of such reviews, the Committee considers

specific criteria and recommendations regarding companies to add or remove from the peer group. The Committee's primary selection criteria are industry (specialty retail, consumer products and restaurants), size (revenue and market capitalization), and geography or scope (global reach); secondary selection criteria are brand recognition, performance (revenue growth, earnings per share growth and total shareholder return growth), as well as other considerations, including companies with which we compete for executive talent or customers, and companies known for innovation. Our current peer group, which has been in place since June 2013, was used by the Compensation Committee and independent directors in connection with their fiscal 2015 target total direct compensation decisions.

As the scale and complexity of our business continues to grow and our focus on technology increases, the talent needs of the Company continue to evolve. At the same time, competition for top executive talent, particularly in the technology sector, has increased significantly. These factors have caused the Committee to recently reassess the suitability of our current peer group. As a result, the Committee is now in the process of reviewing potential changes to our peer group, taking into account the recent growth of the Company and the landscape of the companies with whom we compete for talent.

For a comparison of our recent performance to that of our current peer group companies, please refer to the tables in the "Performance Versus Peer Companies" section of the Executive Summary above.

2015 "Say-on-Pay" Advisory Vote to Approve Executive Compensation

Starbucks provides shareholders an advisory vote to approve its executive compensation program under Section 14A of the Exchange Act. At our 2015 Annual Meeting of Shareholders, 85% of shareholders approved our advisory vote on executive compensation.

As discussed above, our executive compensation program was one of the topics discussed as part of our investor engagement process. During this process, we received overall positive feedback regarding the core structure and elements of our executive compensation program. These investors also were enthusiastic about the performance of the Company.

The Compensation Committee evaluated these results, considered investor feedback and took into account many other factors in evaluating Starbucks executive compensation programs as discussed in this Compensation Discussion and Analysis. The Committee also assessed the interaction of our compensation programs with our business objectives, input from F.W. Cook, and review of peer data, each of which is evaluated in the context of the Committee's fiduciary duty to act as the directors determine to be in the best interests of the Company. While each of these factors bore on the Compensation Committee's decisions regarding our NEOs' compensation, the Committee did not make any changes to our executive compensation program and policies as a result of the strong 85% approval of our 2015 advisory vote on executive compensation.

Risk Considerations

We believe that the design and objectives of our executive compensation program provide an appropriate balance of incentives for executives and avoid inappropriate risks. In this regard, our executive compensation program includes, among other things, the following design features:

- Balanced mix of fixed versus variable compensation and cash-based versus equity-based compensation;
- Variable compensation based on a variety of performance goals, including Company, business unit and, where appropriate, individual performance goals;
- Compensation Committee discretion to lower annual incentive award amounts;
- Balanced mix of short-term and long-term incentives;
- Additional time-based vesting requirements for earned performance RSUs;
- Stock ownership and holding requirements;
- Prohibition on hedging and pledging Company stock that applies to all partners; and
- Clawback policy (our Recovery of Incentive Compensation Policy, described below in this section).

Management performed an annual assessment of our compensation objectives, philosophy, and forms of compensation and benefits for all partners, including executives, to determine whether the risks arising from such policies or practices are reasonably likely to have a material adverse effect on the Company. Based upon this review, management concluded that our compensation practices and policies do not create risks that are reasonably likely to have a material adverse effect on the Company, and F.W. Cook supported this conclusion. A report summarizing the results of this assessment was reviewed and discussed with the Compensation Committee at its September 2015 meeting.

Review of Tally Sheet Information

The Compensation Committee generally considers the following information for each executive when setting compensation: (i) the targeted value of base pay, annual incentive bonus target, equity grants and other benefits; and (ii) the accumulated value of “in-the-money” outstanding equity grants broken out by (a) exercisable value for options and (b) unvested value for options and RSUs. This information helps the Compensation Committee understand the total compensation being delivered to executives and the long-term retentive elements in place for executives. This information is considered by the Compensation Committee, along with market data, performance and the other factors discussed above in setting executive compensation.

Internal Pay Equity

The Compensation Committee considers internal pay equity, among other factors, when making compensation decisions. However, the Compensation Committee does not use a fixed ratio or formula when comparing compensation among executive officers.

Our CEO is compensated at a significantly higher level than other executive officers due to his higher level of responsibility, authority, accountability and experience. For fiscal 2015, Mr. Schultz's base salary was set at \$1.5 million, which was unchanged from 2014. Mr. Schultz receives more of his pay in the form of long-term incentive compensation, rather than annual cash compensation, as compared to the compensation of the other NEOs. Given Mr. Schultz's responsibility for overall Company performance, the independent directors believe that compensating the CEO at a higher level than our other executives and weighting the CEO's total compensation more heavily toward long-term incentive compensation is consistent with market practices and appropriately reflects the contributions of our CEO.

We believe the fiscal 2015 target total direct compensation for Mr. Schultz in relation to the compensation targeted for the other NEOs and to one another was reasonable and appropriate given each executive's responsibilities and fiscal 2014 performance. For fiscal 2015, the differences in pay among our NEOs relative to each other and Mr. Schultz are based on market differences for the particular job, job responsibilities and scope, professional experience and adjustments for individual performance.

Employment Agreements and Termination Arrangements

We typically deliver an offer letter to an executive officer upon hire or promotion noting that the executive is employed “at will,” and these letters typically do not provide for severance upon termination. None of our NEOs have employment or severance agreements.

We may from time-to-time offer severance benefit arrangements for terminated or separated executives as part of a negotiated termination of employment in exchange for a release of claims against the Company and other covenants in the best interests of the Company.

None of our NEOs have any such severance benefit arrangement.

Change-in-Control Arrangements

We do not provide any special change-in-control benefits to executives. Our only change-in-control arrangement, which applies to all partners with equity compensation awards, is “double-trigger” accelerated vesting of equity. This means that under our equity plan, unvested stock options and unvested restricted stock units will accelerate vesting if (i) there is a change in control and (ii) either (a) stock options and RSUs are assumed or substituted with equivalent stock options or restricted stock units of the surviving company and the partner is terminated or resigns for good reason within one year after the change in control or (b) stock options or RSUs are not assumed or substituted with stock options or RSUs of the surviving company, in which case they vest immediately upon a change in control. We believe it is appropriate to provide double-trigger accelerated equity vesting because it aligns

executives' interests with the interests of shareholders without providing an undue benefit to executives who continue to be employed following a change-in control transaction.

Executive Stock Ownership Guidelines

Our long-standing stock ownership guidelines were established for executive officers to encourage them to have a long-term equity stake in Starbucks, align their interests with shareholders, and mitigate potential compensation-related risk. The guidelines provide that each executive officer must hold a multiple of his or her annual base salary in Starbucks stock and include the following holding requirement:

Position	Ownership Requirement (multiple of base salary)
chairman and ceo	6x
executive officers	3x
other evps	2x

Each executive officer generally has five years to achieve the minimum ownership requirement. If an executive is not on track to meet the requirement by the end of the third year after becoming subject to the guidelines, he or she will be required to hold 50% of the net shares received upon the exercise of stock options and the vesting of RSUs. This holding requirement increases to 100% if the executive has not met the minimum ownership guideline by year five.

In addition to shares held outright, unvested RSUs that are subject only to a time-vesting condition count towards the ownership threshold. All of our NEOs exceed their current ownership requirement.

Clawback Policy (Recovery of Incentive Compensation Policy)

Starbucks "Clawback" policy allows the Company to seek reimbursement with respect to incentive compensation paid or awarded to executive officers (as designated by the board) where (i) the payment of a bonus or equity award (or the vesting of such award) was predicated upon the achievement of financial results that were the product of fraudulent activity or that were subsequently the subject of a material negative restatement and (ii) a lower or no bonus payment or equity award would have been made to executive officers (or lesser or no vesting would have occurred with respect to such award) based on the restated financial results (the financial results that would have pertained absent such fraudulent activity). The policy became effective, with respect to equity awards, beginning with awards granted in fiscal 2010 and, with respect to annual incentive bonuses, beginning with bonuses earned for fiscal 2010.

Equity Grant Timing Practices

Most equity grants occur on pre-established dates pursuant to our equity grant guidelines, with annual grants generally occurring on the later of the second business day after the public release of fiscal year-end earnings, or

(if later) the Monday following the date the Compensation Committee approves the awards. Annual awards for partners are granted pursuant to a formula based on a specified dollar amount, with the number of shares and exercise price for each option grant determined based on the closing market price of our stock on the grant date and the number of shares for each RSU grant determined by dividing the dollar amount by the closing market price of our stock on the grant date. The Compensation Committee approves annual awards for partners at the senior vice president level and above. The Compensation Committee has delegated authority to the ceo to make annual grants, within certain parameters, to partners at the vice president level and below, and to newly hired or newly promoted partners with titles of senior vice president or below. All other new hire and promotion grants are approved by the Compensation Committee. Annual and initial awards for non-employee directors are approved by the board of directors. Annual awards for directors are granted at the same time as annual awards to executives, and initial awards are granted on the date the new director is appointed or elected to the board, if such date is a date that is open for trading under the Starbucks blackout policy, or as of the first open trading day after the new director is appointed or elected if such date is not open for trading under Starbucks blackout policy.

Anti-Hedging Policy

Starbucks Insider Trading Policy prohibits Starbucks partners from engaging in hedging transactions designed to offset decreases in the market value of Starbucks securities, including certain forms of hedging and monetization transactions, such as "zero-cost collars" and "prepaid variable forward contracts."

Anti-Pledging Policy

Our Insider Trading Policy prohibits Starbucks partners from holding Starbucks stock in a margin account or pledging Starbucks stock as collateral for a loan. There is a limited exception to our policy prohibiting the pledging of Starbucks stock as collateral for a loan (not including margin debt, for which there is no exception to the prohibition). In order to be granted an exception, the partner must clearly demonstrate the financial capacity to repay the loan without resorting to the pledged securities and must request and receive approval from the general counsel of Starbucks prior to the documentation of the proposed pledge.

As of the date of this proxy statement, other than Mr. Schultz, there are no executive officers or directors who hold Starbucks securities in a margin account or have Starbucks securities pledged as collateral for a loan. Mr. Schultz has 1,400,000 of his Starbucks shares pledged to a secure line of credit.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code prevents us from taking a tax deduction for compensation that does not qualify as performance-based and that is in excess of \$1 million paid in any fiscal year to the ceo and the three other most highly compensated named executive officers serving at fiscal year-end (excluding the chief financial

officer). The Compensation Committee considers the potential tax deductibility of executive compensation under Section 162(m) of the Internal Revenue Code and may seek to qualify certain elements of these executives' compensation as performance-based while also delivering competitive levels and forms of compensation. To address one of the conditions for qualifying as performance-based compensation under Section 162(m), certain executive compensation decisions were approved by the Subcommittee and reference to the Compensation Committee includes the Subcommittee. The Committee operates the EMBP under a shareholder-approved plan with the goal of satisfying the conditions to obtain deductibility of the annual bonus under Section 162(m).

We generally intend annual incentive bonuses and long-term incentive awards (stock options and performance RSUs) to be eligible to qualify as tax-deductible to Starbucks but we have the flexibility to pay non-deductible compensation when necessary to achieve our executive compensation objectives. In addition, because there are uncertainties as to the application of regulations under Section 162(m), as with most tax matters, it is possible that our efforts to satisfy the conditions of Section 162(m) may be challenged or disallowed.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on this review and discussion, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the Starbucks 2015 Form 10-K and this proxy statement.

- (1) For Mr. Johnson, this represents half of his sign-on bonus, which was paid upon commencing employment with the company as president and chief operating officer, and for Mr. Culver, this represents a discretionary bonus payment paid with respect to fiscal 2013 performance. The remainder of Mr. Johnson's sign-on bonus is payable on the one-year anniversary of his start date, subject to continued employment.
- (2) Represents the aggregate grant date fair value, as computed in accordance with FASB ASC Topic 718. These amounts do not reflect whether the recipient has actually realized or will realize a financial benefit from the awards (such as by exercising stock options). The grant date fair values have been determined based on the assumptions and methodologies set forth in the Company's Form 10-K (Note 12: Employee Stock and Benefit Plans) for that year. The grant date fair value for performance RSUs is reported based upon the probable outcome of the performance conditions on the grant date in accordance with SEC rules. The value of the annual performance RSU awards granted in fiscal year 2015 assuming achievement of the maximum performance level of 200% would have been: Mr. Schultz - \$14,965,955; Mr. Maw \$2,848,098; Mr. Burrows - \$4,029,330; Mr. Culver - \$3,066,872; and Mr. Alstead - \$5,065,409. RSUs reported for Mr. Johnson represent his equity grant received at the time he joined the company as well as shares received as part of his non-employee director compensation prior to joining the company further described in footnote 5 below. Mr. Johnson's new hire RSUs have a grant date fair value of \$4,086,906 and are not eligible for the 200% maximum payout described above for our other NEOs. The assumed expected term of stock options shown in the Company's Form 10-K (Note 12: Employee Stock and Benefit Plans) is a weighted average expected term covering all optionees. However, Mr. Schultz's historical practice of not exercising stock options until very late in their term requires us to apply a unique expected term assumption that exceeds eight years when valuing options granted to him for purposes of GAAP. In addition, in accordance with GAAP, the fair value of a stock option granted to a retirement-eligible partner will be expensed earlier than an identical stock option granted to a partner who is not retirement eligible. Mr. Schultz waived the accelerated vesting feature for options granted subsequent to fiscal year 2006.
- (3) These amounts represent annual bonus awards under the EMBP.
- (4) The table below shows the components of "All Other Compensation" for the named executive officers.
- (5) Mr. Johnson joined the Company as our president and chief operating officer on March 1, 2015. In connection with his appointment, Mr. Johnson ceased participation in our non-employee director compensation program. Reportable compensation that he earned in fiscal 2015 prior to his appointment as an executive officer (including the grant date fair value of equity awards computed in accordance with FASB ASC Topic 718) consisted of an RSU grant with a grant date fair value of \$176,986 and \$60,000 in fees paid in cash which are reported in the Stock Awards and All Other Compensation columns of this table.
- (6) On January 8, 2015, the Company announced that Mr. Alstead would be taking an extended unpaid leave (i.e., a Starbucks "Coffee Break" or sabbatical) from the Company effective March 1, 2015.

(1) Annual option awards granted in November 2014 were approved by the independent directors on the recommendation of the Compensation Committee except for grants to Mr. Schultz which were approved by the independent members of the board. In accordance with our equity grant timing policy in place at the time of the November 2014 grant, the grant date for the regular annual equity grant was the second business day after our fiscal 2014 earnings release; however, since the earnings release was before the November Compensation Committee and board meetings (November 10-11, 2014), the grant date, according to the policy, was the Monday following such meetings (Monday, November 17, 2014).

(2) The grant date fair value for performance RSUs is reported based upon the probable outcome of the performance conditions at the grant date in accordance with SEC rules.

(3) Reflects information regarding awards under the EMBP.

(4) Reflects stock options that vest in four equal installments (subject to rounding of partial shares) beginning on the first anniversary of the grant date.

(5) Reflects performance RSUs that vest 50% on the second anniversary of the grant date and 50% on the third anniversary of the grant date.

(6) Reflects option granted in connection to his joining the company, that vest in three equal installments (subject to rounding of partial shares) beginning on the first anniversary of the grant date.

(7) Reflects performance RSUs that vest in three equal installments (subject to rounding of partial shares) beginning on the first anniversary of the grant date.

(8) Reflects time-based RSUs granted in November 2014, representing compensation provided to Mr. Johnson as a non-employee director of the Company at the time of grant, that vest 100% on the first anniversary of the grant date.

The following narrative provides further detail with respect to the information in the table above.

Equity Awards. The amount of stock options granted to executive officers for the fiscal 2015 annual equity award was based on a target value for the total equity award value. The number of stock

options granted was calculated by dividing 40% of the total equity award value by a closing price multiplier. The closing price multiplier was equal to the closing market price of Starbucks stock on the date of grant multiplied by a Black-Scholes factor. The stock options shown in the table were awarded in early fiscal 2015. The target amount of performance RSUs for executive officers for the fiscal

2015 annual equity award was based on a target value for the total equity award value. The number of performance RSUs granted was calculated by dividing 60% of the total equity award value by the closing price of Starbucks stock on the date of grant.

All equity awards shown in this table were granted under the 2005 Key Employee Plan Sub-Plan (“2005 Key Employee Plan”) to our 2005 Long-Term Equity Incentive Plan. The stock options have an exercise price equal to the closing market price of our common stock on the date of grant. The options granted as annual equity awards will vest in four equal annual installments beginning on the first anniversary of the grant date, subject to continued employment with the Company, and expire 10 years after the date of grant. Earned performance RSUs awarded to our NEOs in fiscal 2015 will vest, subject to continued employment, 50% on the second anniversary of the date of grant and 50% on the third anniversary of the date of grant. The final number of performance RSUs earned will be based on achievement of two-year EPS and ROIC goals, as further discussed in the “Long-Term Incentive Compensation” section of the Compensation Discussion and Analysis. All stock options will become fully vested and exercisable (i) if the recipient terminates his employment at or after the age of 55 and with at

least 10 years of credited service with Starbucks (other than with respect to Mr. Schultz, as explained below) and (ii) under the circumstances described in the section below entitled “Potential Payments Upon Termination or Change in Control — Equity Acceleration.” Restricted stock units do not accelerate upon retirement or death.

Annual Incentive Plan Awards. These amounts reflect the potential threshold, target and maximum annual incentive bonus awards payable to our named executive officers under the EMBP for fiscal 2015. Amounts shown are calculated as a percentage of fiscal 2015 year-end base salary. See the discussion and analysis regarding the EMBP in the Compensation Discussion and Analysis section above for further information. Target bonus amounts assume achievement of the objective goals at the target amounts. Maximum bonus amounts assume achievement of the objective goals at the maximum amount of 200%. The named executive officers received actual bonus payouts under the Executive Management Bonus Plan for fiscal 2015 in the amounts shown in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table.

OUTSTANDING EQUITY AWARDS AT FISCAL 2015 YEAR-END TABLE

The following table provides information regarding stock options and restricted stock units held by our named executive officers as of September 27, 2015. No named executive officer has any other form of equity award outstanding. On April 9, 2015, the Company effected a 2-for-1 stock split. The data contained in the table is adjusted to reflect the stock split.

FISCAL 2015 OPTION EXERCISES AND STOCK VESTED

The following table provides information regarding stock options that were exercised by our named executive officers and stock awards (restricted stock units) that vested during fiscal 2015. Option award value realized is calculated by subtracting the aggregate exercise price of the options exercised from the aggregate market value of the shares of common stock acquired on the date of exercise. Stock award value realized is calculated by multiplying the number of shares shown in the table by the closing price of our stock on the date the stock awards vested. As illustrated by the "Grant Date" column in the table below, Value Realized on Exercise and Value Realized on Vesting represent long-term gain over many years.

NONQUALIFIED DEFERRED COMPENSATION

Management Deferred Compensation Plan

The NEOs are eligible to participate in the Management Deferred Compensation Plan ("MDCP"), a nominally funded, non-qualified plan, the benefits of which are paid by Starbucks out of our general assets. The plan is subject to the requirements of Section 409A of the Internal Revenue Code. In September 2008, the board of directors approved an amended and restated plan document to conform it to Section 409A requirements effective January 1, 2009. Deferred compensation earned prior to 2005 is not subject to Section 409A requirements and continues to be governed under the terms of the plan and the tax laws in effect on or before December 31, 2004, as applicable.

We maintain a trust agreement with an independent trustee establishing a rabbi trust for the purpose of funding benefits payable to participants (including each of our NEOs) under our MDCP. It is currently funded with a nominal amount of cash.

Deferrals. Participants may defer up to 70% of base salary to the MDCP and up to 95% of bonuses paid under the EMBP so long as they are eligible and enroll during the annual enrollment window that takes place prior to the start of each fiscal year. The Company does not provide matching contributions to the plan.

Earnings. As a nominally funded, non-qualified plan, the MDCP uses measurement benchmarks to credit earnings on compensation deferred under the plan. Those measurement benchmarks are based on the same funds available under our 401(k) plan. Participants select which measurement funds they wish to have their account allocated to and may change how deferred compensation is allocated to the measurement funds at any time, subject to certain redemption fees and other limitations imposed by frequent trading restrictions and plan rules. Changes generally become effective as of the first trading day following the change.

In-Service Withdrawals and Separations from Service Distributions. At the time of making the deferral election for a particular year, a participant elects when the associated deferred compensation will be distributed. In general, the participant can receive scheduled “in-service” withdrawals or hardship withdrawals while still employed or have distributions paid on separation from service. The specific distribution options depend on whether the deferred compensation was earned before or after January 1, 2005 and is subject to other plan rules.

For separation from service distributions, account balances resulting from the Company match and deferred compensation earned on and after January 1, 2005 can be paid either in a lump sum or in up to 10 annual installments, in each case beginning within 60 days of

separation or one year after separation. For partners who became newly eligible on or after October 1, 2010 and certain other partners, separation from service distributions can be paid either in a lump sum or amortized over a period of two to five years, in each case beginning within 60 days of separation or one year after separation. If a participant is considered a “specified employee” on his or her separation date, Section 409A requires that the payments be delayed for six months after such separation date. Account balances resulting from pre-2005 deferred compensation can be distributed either in a lump sum within 60 days of separation or, if the participant is at least age 65 on his or her separation date, in up to 10 annual installments. Retirement age under the MDCP is age 65, and no NEO was retirement eligible under the MDCP during fiscal 2015.

FISCAL 2015 NONQUALIFIED DEFERRED COMPENSATION TABLE

The following table shows contributions, earnings, withdrawals and distributions during fiscal 2015 and the account balances as of September 27, 2015 for our NEOs under the Management Deferred Compensation Plan.

Name	Executive Contributions in Fiscal 2015 (\$) ⁽¹⁾	Aggregate Earnings (Loss) in Fiscal 2015 (\$) ⁽²⁾	Aggregate Withdrawals/ Distribution (\$)	Aggregate Balance at Fiscal 2015 Year-End (\$) ⁽³⁾

Clifford Burrows	—	(16,430)	—	412,305

Troy Alstead	—	(14,609)	—	922,554

(1) This amount was deferred from Mr. Culver’s fiscal 2015 base salary which is reported in the “Salary” column of the Summary Compensation Table for fiscal 2015.

(2) We do not provide above-market or preferential earnings on MDCP contributions, so these amounts were not reported in the Summary Compensation Table. MDCP participants can select only from the investment funds that are available under our 401(k) plan.

(3) Of these balances, the following amounts were reported as executive and Company contributions in Summary Compensation Tables in prior-year proxy statements: Mr. Schultz — \$437,631; Mr. Maw — \$0; Mr. Johnson — \$0; Mr. Burrows — \$317,558; and Mr. Culver — \$786,325. Compensation for Mr. Maw was not subject to reporting in proxy statements prior to 2015. Mr. Johnson joined the company in 2015. The information in this footnote is provided to clarify the extent to which amounts payable as deferred compensation represent compensation reported in our prior proxy statements, rather than additional currently earned compensation.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We do not provide special change-in-control benefits to executives. Our only change-in-control arrangement, which applies to all partners, is accelerated vesting of certain equity awards. We may from time-to-time offer a severance benefit arrangement for terminated or separated executives as part of a negotiated termination of employment in exchange for a release of claims against the Company and other covenants determined to be in the best interests of the Company. None of our NEOs for fiscal 2015 had any such severance benefit arrangement.

Equity Acceleration

Acceleration Upon Change in Control. No named executive officer is entitled to any payment or accelerated benefit in connection with a change in control of Starbucks, or a change in his or her responsibilities following a change in control, except for accelerated vesting of stock options and restricted stock units granted under our 2005 Key Employee Plan. The 2005 Key Employee Plan has detailed definitions of “change in

control” and resigning “for good reason.” Generally speaking, a change in control occurs if (i) we sell or liquidate all our assets; (ii) someone acquires 25% or more of our stock without prior approval of our board of directors; (iii) a majority of our directors is replaced in any 36-month period other than by new directors approved by existing directors; or (iv) Starbucks is not the surviving company after any merger.

The 2005 Key Employee Plan is a “double trigger” plan, meaning that unvested stock options and unvested restricted stock units vest immediately only if (i) there is a change in control and (ii) if stock options and restricted stock units are assumed or substituted with stock options or restricted stock units of the surviving company, the partner is terminated or resigns for good reason within one year after the change in control. Generally speaking, a resignation is “for good reason” if it results from the resigning partner: (i) having materially reduced responsibilities; (ii) being placed in a new role that is inconsistent with the pre-change-in-control role; (iii) having

his or her base salary or target incentive compensation reduced; or (iv) having his or her primary work location moved by more than 50 miles. If stock options or restricted stock units are not assumed or substituted with stock options or restricted stock units of the surviving company, they vest immediately upon a change in control. We believe “double-trigger” acceleration is appropriate because vesting is accelerated only if the retention purpose of time-vested equity compensation is defeated, which occurs upon a change in control only for partners who lose their long-term incentive compensation opportunity because the acquiring company does not assume or substitute awards or the partners lose their jobs or resign for good reason. Performance RSUs granted are treated in the same manner as restricted stock units noted above once the performance period is complete and the amount of award is determined. Prior to completion of the performance period, performance RSUs do not accelerate upon a change in control and are forfeited if not assumed or substituted with awards of the surviving company.

Acceleration Upon Retirement or Death. The vesting of all options accelerates in full upon the voluntary termination of employment of any partner who satisfies the criteria for “retirement” under the 2005 Key Employee Plan, meaning the partner is at least 55 years old and has a minimum of 10 years of credited service with Starbucks, unless otherwise provided in the grant agreement. Vesting of all options also accelerates upon the partner’s death. Restricted stock units do not accelerate upon retirement or death.

Basis of Valuation. The following table shows the estimated potential incremental value of additional stock options and restricted stock units that would have vested

for our NEOs as of September 25, 2015 (the last business day of fiscal 2015) under the acceleration scenarios described above. For stock options, the value is based on the difference between the aggregate exercise price of all accelerated options and the aggregate market value of the underlying shares as of September 25, 2015 calculated based on the closing market price of our stock on that day (\$57.99). Accelerated restricted stock unit award value is calculated by multiplying the number of accelerated shares by the closing market price of our stock on September 25, 2015 (\$57.99). Of the named executive officers, Messrs. Schultz, Burrows and Culver satisfied the criteria for “retirement” under the 2005 Key Employee Plan as of September 27, 2015. “Retirement,” as defined under the Plan, means voluntary termination of employment after attainment of age 55 and at least 10 years of service with the Company. Mr. Schultz has voluntarily waived accelerated vesting of options upon retirement for each stock option grant he has received since he became retirement eligible. Mr. Schultz agreed to forgo this accelerated retirement vesting so the Company would not be required to immediately accelerate the expense for his option awards in our financial statements.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the time during the year of any such event, the Company’s stock price and the executive’s age.

PROPOSAL 3 — APPROVAL OF AMENDED AND RESTATED EXECUTIVE MANAGEMENT BONUS PLAN

On November 10, 2015, the board, upon recommendation of the Compensation Committee, approved and adopted an amendment and restatement of the Executive Management Bonus Plan (the existing plan referred to as the “Original Plan” and the new plan referred to as the “Amended Plan”), effective September 28, 2015 and subject to shareholder approval, to govern the award and payment of annual bonuses to certain Starbucks executives. We are asking that our shareholders approve the Amended Plan at the Annual Meeting. If approved by shareholders, the Amended Plan would replace the Original Plan, which was last approved by our shareholders on March 21, 2012.

We have structured the Amended Plan in a manner that is intended to allow the Compensation Committee to grant awards that can satisfy requirements for “performance-based” compensation that is exempt from the \$1 million deduction limitation under Section 162(m) of the Internal Revenue Code. In general, under Section 162(m), in order for the Company to be able to deduct compensation in excess of \$1 million paid in any one year to the Company’s chief executive officer or any of the Company’s three other most highly compensated executive officers (other than the Company’s chief financial officer), such compensation must qualify as “performance-based.” One of the requirements of “performance-based” compensation for purposes of Section 162(m) is that the material terms of the performance goal(s) under which compensation may be paid be disclosed to and approved by the Company’s shareholders. For purposes of Section 162(m), the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. Each of these aspects is discussed below, and shareholder approval of the Amended Plan is intended to constitute approval of each of these aspects of the Amended Plan for purposes of the approval requirements of Section 162(m). Although shareholder approval is one of the requirements for exemption under Section 162(m), even with shareholder approval there can be no guarantee that compensation will be treated as exempt “performance-based” compensation under Section 162(m). Furthermore, our Compensation Committee will continue to have the authority to provide compensation, including annual cash incentive or bonus payments that are not awarded under the terms of the Amended Plan, that is not exempt from the limits on deductibility under Section 162(m).

If approved by shareholders at the Annual Meeting, bonuses to be paid to our executive officers and key employees under the annual incentive plan, beginning with our 2016 fiscal year, will be covered by and paid in accordance with the Amended Plan. Payments under the Amended Plan will be contingent upon our achieving the performance goal established in the Amended Plan (as further described below under “Performance Goal”). No additional disclosure or approval of the performance goal

under the Amended Plan will be required in the future unless the Compensation Committee of our board, which will administer the Amended Plan, changes the material terms of the performance goal or other material terms of the Amended Plan.

A copy of the Amended Plan, as proposed, is attached to this proxy statement as Appendix A, and this discussion is qualified in its entirety by reference to the full text of the Amended Plan document.

Key Changes from the Original Plan

If approved, the Amended Plan would make the following changes to the Original Plan, as described in more detail under “Summary of the Amended Plan” below: (i) add a fixed performance goal of “positive operating income,” as opposed to the Committee selecting the performance goal from a list of performance measures; and (ii) make certain other administrative changes.

Summary of the Amended Plan

The significant features of the Amended Plan are described below.

Administration

Our Compensation Committee will administer the Amended Plan and have the authority to grant awards upon such terms, not inconsistent with the terms of the Amended Plan, as it considers appropriate. In addition, the Committee will have complete authority to interpret all provisions of the Amended Plan, to adopt, amend, and rescind rules and regulations pertaining to the administration of the Amended Plan, to make all other determinations necessary or advisable for its administration, and to reduce or eliminate, in its discretion, the amount of any award otherwise payable under the Amended Plan.

Eligibility

Only partners serving in positions of executive vice president and above and key employees selected by the Compensation Committee are eligible to participate under the Amended Plan. Currently, we expect that approximately 19 of our partners will participate in the Amended Plan for the 2016 fiscal year.

Performance Goal

Participants will receive awards under the Amended Plan whose payout will be contingent upon our attaining positive operating income for the fiscal year, as presented in our consolidated audited financial statements, adjusted for the impact of (i) restructuring and reorganization charges; (ii) acquisitions or dispositions of businesses or assets; (iii) costs and charges associated with discontinued operations; (iv) legal claims, adjustments or settlements; (v) foreign currency translation; (vi) statutory adjustments to corporate tax rates; (vii) unusual or

infrequently occurring items of gain, loss or expense; and (viii) changes in tax laws, accounting principles, or other laws or provisions affecting reported results. The Committee will not have the authority to amend or modify the performance goal.

Performance Period

The Amended Plan will cover each of our fiscal years beginning with 2016.

Payment of Awards

All awards under the Amended Plan for a fiscal year will be paid in cash (or, in the sole discretion of the Compensation Committee, in shares of our common stock under the 2005 Long-Term Equity Incentive Plan or other equity compensation plan that has been approved by our shareholders) following the end of our fiscal year, provided that the Committee has previously certified that the performance goal was attained. The maximum amount paid under the Amended Plan to any participant with respect to any annual award will be \$10.0 million, though the Committee may, in its discretion, provide for payments in lesser amounts, including zero. The Committee may not waive the achievement of the performance goal.

We are establishing the Amended Plan as an “umbrella plan.” It is the Compensation Committee’s current intention that it will exercise negative discretion so that the payment amount due under the Amended Plan upon meeting the performance goal described above will be determined in a manner consistent with how we pay bonuses determined via the annual incentive plan, as described above under “Analysis of Executive Compensation Decisions—Annual Incentive Bonus.”

Termination of Employment

The Amended Plan generally requires that a participant be actively employed at the end of a fiscal year to receive payment for that year. If a participant’s employment ends during a fiscal year due to retirement with the board’s consent, death or permanent disability, the Committee will have the discretion to approve payment of up to a pro rata portion of the award payment that the participant would have received if employed throughout the fiscal year (subject to meeting the performance goal in the case of retirement).

Amendment and Termination

The Compensation Committee or board may amend, suspend or terminate the Amended Plan from time to time. An amendment will be subject to the approval of our

shareholders only if such approval is necessary so that payments under the Amended Plan may qualify as “performance-based compensation” exempt from the \$1 million deduction limitation under Section 162(m).

Forfeiture or Reduction of Award and Clawback

The Compensation Committee has the discretion under the Amended Plan to reduce or eliminate the amount payable to any Participant based on factors it deems appropriate, including individual performance of the Participant. The Amended Plan also provides that awards under the plan are subject to the Company’s recoupment, clawback or similar policy that may be in effect from time to time, as well as any similar provision of applicable law, any of which could in certain circumstances require repayment or forfeiture of awards under the Amended Plan.

Federal Income Tax Consequences

All cash payments made under the Amended Plan are taxable to the participant when received. While we intend that payments made under the Amended Plan will be fully deductible when paid, there are operational requirements that must be met in order to qualify for the Section 162(m) performance-based exception, and there is no guarantee that amounts will in fact be deductible.

New Plan Benefits

The Committee has granted bonus awards under the Amended Plan for fiscal 2016, subject to shareholder approval of the Amended Plan. The amounts payable under such awards, if any, for fiscal 2016 and amounts payable under future awards for any subsequent performance periods are subject to the discretion of the Committee and therefore are not determinable at this time. The shareholders of the Company are being asked to approve the Amended Plan, as described above. If the Amended Plan is not approved by our shareholders, bonus awards for fiscal 2016 granted under the Amended Plan will not be paid under the Amended Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDED AND RESTATED EXECUTIVE MANAGEMENT BONUS PLAN.

PROPOSAL 4 — RATIFICATION OF SELECTION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements. As a matter of good corporate governance, the Audit Committee requests that shareholders ratify its selection of Deloitte & Touche LLP ("Deloitte") to serve as our independent registered public accounting firm for fiscal 2016. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during fiscal 2016 if it determines that such a change would be in the best interests of the Company and our shareholders. In

addition to the selection of the firm and in conjunction with the mandated rotation of Deloitte's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of Deloitte's new lead engagement partner. Deloitte's fees for its services for fiscal 2015 and fiscal 2014 are reported in the table below. The members of the Audit Committee and the board believe that the continued retention of Deloitte to serve as the Company's independent external auditor is in the best interests of the Company and its investors. We expect that representatives of Deloitte will be present at the Annual Meeting, and they will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions by shareholders.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES

The Audit Committee reviews a description of the scope of services falling within pre-designated fee categories and imposes specific budgetary guidelines. The following table sets forth the aggregate fees from Deloitte, which were in compliance with the pre-approval policy, for fiscal 2015 and fiscal 2014:

Type of Fees	Fiscal 2015	Fiscal 2014
Audit Fees	\$6,516,000	\$5,805,000
Audit-Related Fees	\$ 154,000	\$ 124,000
Tax Fees	\$ 522,000	\$ 354,000
All Other Fees	\$ —	\$ 20,000
Total	\$7,192,000	\$6,303,000

Audit Fees consist of fees paid to Deloitte for:

- the audit of the Company's annual financial statements included in the Annual Report on Form 10-K and review of financial statements included in the Quarterly Reports on Form 10-Q;
- the audit of the Company's internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects; and
- services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

Audit-Related Fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under Audit

Fees. This category includes fees related to audit and attest services not required by statute or regulations, due diligence related to mergers, acquisitions and investments and consultations concerning financial accounting and reporting standards.

Tax Fees consist of fees for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal, state and international tax compliance, return preparation, tax audits and customs and duties.

All Other Fees consist of fees for permitted services other than those that meet the criteria above and include research subscriptions.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of Deloitte and has concluded that it is.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is responsible for appointing, setting compensation for and overseeing Deloitte's work. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services provided by Deloitte. The policy is available at www.starbucks.com/about-us/company-information/corporate-governance. The policy provides for the general pre-approval of specific types of services and gives detailed guidance to management as to the specific services that are eligible for general pre-approval, and provides specific cost limits for each such service on an annual basis. The policy requires specific pre-approval of all other permitted services. For both types of pre-approval, the Audit Committee considers whether such services are consistent with the rules of the SEC on auditor independence. The Audit Committee's charter delegates to its chair the authority to address any requests

for pre-approval of services between Audit Committee meetings, and the chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve any permitted services.

Requests for pre-approval for services that are eligible for general pre-approval must be submitted to our controller and be detailed as to the services to be provided and the estimated total cost. The controller then determines whether the services requested fall within the detailed guidance of the Audit Committee in the policy as to the services eligible for general pre-approval. Deloitte and management must report to the Audit Committee on a timely basis regarding the services provided by Deloitte in accordance with general pre-approval.

AUDIT COMMITTEE REPORT

As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements for fiscal 2015 with management and Deloitte and discussed those matters required to be discussed under Public Company Accounting Oversight Board standards with Deloitte. The Audit Committee received the written disclosures and the letter from Deloitte required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the Audit Committee concerning independence, and has discussed with Deloitte its independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the board of directors that the audited consolidated financial statements for fiscal 2015 be included in Starbucks Annual Report on Form 10-K filed with the SEC.

Respectfully submitted,

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2016.

PROPOSAL 5 — SHAREHOLDER PROPOSAL REGARDING PROXY ACCESS

Mr. John Harrington has notified the Company that he intends to submit the following proposal at this year's Annual Meeting. As explained below, our board unanimously recommends that you vote "AGAINST" this shareholder proposal. Mr. Harrington beneficially owns

1,000 shares of Starbucks common stock. We will provide the address of the individual submitting this proposal promptly upon a shareholder's oral or written request. The proponent is responsible for the content of the proposal, for which we and our board accept no responsibility.

SHAREHOLDER PROPOSAL REGARDING PROXY ACCESS

RESOLVED: Shareholders of Starbucks Corporation request the board of directors to adopt, and present for shareholder approval, a "proxy access" bylaw as follows:

Require Starbucks to include in proxy materials prepared for a shareholder meeting at which directors are to be elected the name, Disclosure and Statement (as defined herein) of any person nominated for election to the board by a shareholder or an unrestricted number of shareholders forming a group (the "Nominator") that meets the criteria established below.

Allow shareholders to vote on such nominee on its proxy card.

The number of shareholder-nominated candidates appearing in proxy materials should not exceed one quarter of the directors then serving or two candidates, whichever is greater. This bylaw should supplement existing rights under Starbucks' bylaws, providing that a Nominator must:

- a) have beneficially owned 3% or more of Starbucks Corporation outstanding common stock, including callable loaned stock, continuously for at least three years before submitting the nomination;
- b) give Starbucks Corporation, within the time period identified in its bylaws, written notice of the information required by the bylaws and any Securities and Exchange Commission (SEC) rules

about (i) the nominee, including consent to being named in proxy materials and to serving as director if elected; and (ii) the Nominator, including proof it owns the required shares (the "Disclosure"); and

- c) certify that (i) it will assume liability stemming from any legal or regulatory violation arising out of the Nominator's communications with Starbucks Corporation shareholders, including the Disclosure and Statement; (ii) it will comply with all applicable laws and regulations if it uses soliciting material other than Starbucks Corporation proxy materials; and (iii) to the best of its knowledge, the required shares were acquired in the ordinary course of business, not to change or influence control at Starbucks Corporation.

The Nominator may submit with the Disclosure a statement not exceeding 500 words in support of the nominee (the "Statement").

The Board should adopt procedures for promptly resolving disputes over whether notice of a nomination was timely, whether the Disclosure and Statement satisfy the bylaw and applicable federal regulations, and the priority given to multiple nominations exceeding the one-quarter limit.

No additional restrictions that do not apply to other board nominees should be placed on these nominations or re-nominations.

SUPPORTING STATEMENT

We advocate enhanced accountability and believe long-term shareholders should have a meaningful voice in nominating directors. The case for proxy access is additionally compelling where the Chair of the Board and CEO positions are combined and where Board performance rates far below its home market peers.⁽¹⁾

Since the SEC's universal proxy access rule was vacated, the CFA Institute prepared a cost-benefit analysis of the rule and found proxy access would "benefit both the markets and corporate boardrooms, with little cost or disruption".⁽²⁾

BOARD RECOMMENDATION

The Starbucks board of directors recommends that shareholders vote AGAINST this proposal for the following reasons:

Starbucks is committed to strong corporate governance practices, including accountability to our shareholders. We have a robust shareholder engagement program and we connect with top shareholders regularly to discuss and obtain their views on various corporate governance matters and other issues important to all shareholders. We believe our shareholder engagement program contributes to and strengthens the ability of our board to act in the best interests of Starbucks and its shareholders.

Recently, we reached out to our top shareholders specifically to obtain their perspective on proxy access. What we learned is that there is no current consensus among our top shareholders on this issue. Some of our top shareholders oppose proxy access altogether. Those who do favor proxy access have varying viewpoints as to how proxy access should be implemented, including differences in opinion as to the required ownership threshold for proposing a candidate and how many directors may be nominated.

Additionally, the landscape on proxy access continues to evolve. While some companies have adopted proxy access bylaws and some patterns have emerged, there are differences among proxy access early adopters, including how institutional shareholders are counted in calculating ownership, the number of directors that may be nominated and the ramifications in following years if a proxy access nominee is or is not elected to the board. Recently, an institutional investor recommended an innovative approach for those companies that have majority voting for uncontested elections whereby proxy access would only be triggered if a director were to

receive less than 50% support and the board did not accept that director's resignation. In short, best practices are still emerging as companies and shareholders continue to discuss proxy access.

In addition to the developing nature of proxy access, the proposal submitted by the proponent raises concerns about whether it properly balances the interests of all shareholders. For example, the proposal would permit an unlimited number of shareholders to form a group to nominate a proxy access candidate, whereas most companies that have adopted proxy access have imposed a reasonable limit on the size of a nominating group. As well, the proposal would prohibit requiring that proxy access nominees disclose any compensation arrangements they have with the shareholders who nominate them or that the nominees qualify as independent.

Along with the robust shareholder outreach program described above, Starbucks has a number of corporate governance measures in place that further support the accountability of the board to our shareholders, including annual election of all directors, majority voting in the election of directors, and the ability of shareholders owning ten percent of our stock to have the board call a special meeting of shareholders.

For the reasons stated above, we do not believe it is in the best interests of the Company and its shareholders to implement proxy access at this time. We will continue to monitor developments around proxy access and will continue to engage with our shareholders so that the board can make an informed decision regarding whether, and the proper terms upon which, to implement proxy access in the best interests of the Company and its shareholders.

FOR THESE REASONS, THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE AGAINST PROPOSAL NUMBER 5.

PROPOSAL 6 — SHAREHOLDER PROPOSAL REGARDING HUMAN RIGHTS REVIEW

The National Center for Public Policy Research has notified the Company that it intends to submit the following proposal at this year's Annual Meeting. As explained below, our board unanimously recommends that you vote "AGAINST" this shareholder proposal. The National Center for Public Policy Research beneficially owns 52 shares of Starbucks common stock.

We will provide the address of the shareholder submitting this proposal promptly upon a shareholder's oral or written request. The proponents are responsible for the content of the proposal, for which we and our board accept no responsibility.

SHAREHOLDER PROPOSAL REGARDING HUMAN RIGHTS REVIEW

Human Rights Review

Whereas, the Securities and Exchange Commission has consistently recognized that human rights constitute a significant policy issue.

Corporations that lack fundamental human rights protections may face serious risks to their reputations and shareholder value.

The proponent recommends that the Company base its human rights policies, in part, on the United Nations' "Universal Declaration of Human Rights," endorsed and in part drafted by the United States. A portion of that document provides that "[e]veryone has the right to take part in the government of his country," and that "[t]he will of the people shall be the basis of the authority of government; this will shall be expressed in periodic and genuine elections."

Whereas, the United States of America was founded on the ideal of a representative government with the duty of protecting the rights of its citizens - to wit, the Declaration of Independence makes clear that "to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed."

Whereas, the Company operates in regions where not all individuals are extended human rights - such as full suffrage rights, gender equality and access to education.

Resolved, the proponent requests that management review its policies related to human rights to assess areas in which the Company may need to adopt and implement additional policies and to report its findings, omitting proprietary information and at a reasonable expense, by December 2016.

SUPPORTING STATEMENT

If management chooses, the review may include consideration of:

1. Whether the Company operates in regions that have a pattern of human rights abuses. Some of these abuses might include disparate treatment of women, disparate treatment of minorities or unequal access to education.
1. Whether the Company operates in regions where some or all individuals are not permitted to partake in their government.

2. Whether the Company operates in regions where individuals face potential retribution for partaking in their government.
3. The Company's strategies for engaging with stakeholders to ensure its commitments to human rights.

BOARD RECOMMENDATION

The Starbucks board of directors recommends that shareholders vote AGAINST this proposal for the following reasons:

Consistent with our mission and values, Starbucks is committed to being a responsible company and ensuring our partners (employees), customers and the communities we serve are treated with respect and dignity. Our Global Human Rights Statement (available through our website at <http://www.starbucks.com/humanrights>), established in 2007, affirms our commitment to upholding basic human rights and eliminating discrimination across our business.

The policy applies to all Starbucks partners and as well confirms that Starbucks expects any parties who do business on its behalf to conduct business in ways that uphold the principles of the policy. The policy addresses human rights issues identified in the proposal as well as others, demonstrating Starbucks' support for creating and maintaining a work culture that supports the provision of equal human rights to all persons. In addition, in 2004 Starbucks joined the UN Global Compact, which is derived

from, among other things, the UN's Universal Declaration of Human Rights (which the proposal also references) and affirms our support and respect of fundamental human rights principles.

Starbucks has a demonstrated history of performance in the area of human rights and social responsibility. We review the scope and nature of our business operations and assess issues through the lens of social responsibility to ensure our efforts, programs and initiatives are both relevant to our business and positively impact our communities. Since 2001, we have published an annual Global Responsibility Report (available through our website at <http://www.starbucks.com/responsibility/global-report>) that shares Starbucks record of acting in a socially responsible manner, developed based on year-round stakeholder engagement and feedback from advocates and investors.) Pursuant to its charter, the board's Nominating/Governance Committee annually reviews and assesses the effectiveness of Starbucks environmental and social responsibility policies, goals and programs through the annual Global Responsibility Report, and makes recommendations as deemed appropriate based on its review and assessment. Our most recent Global Responsibility Report, published in April 2014, provided significant details on our current policies and initiatives with respect to ethical sourcing, environmental impact, diversity and inclusion, and the global economic empowerment of young people through access to education and job skills. The way in which we conduct our business and the programs and partnerships in which we invest produce significant and measurable results.

A few highlights of our progress, performance and achievements include:

- Our focus on addressing fair pay and working conditions as part of our ethical sourcing guidelines such as Coffee and Farmer Equity (C.A.F.E.) Practices, and the achievement of 96% of our coffee being ethically sourced in 2014.
- Investment in the health and stability of coffee communities, including working to improve the quality of life of the farmers who grow our coffee as well as their communities.
- Promoting education and training programs for young people, including the Starbucks College Achievement Plan which helps U.S. partners obtain college degrees, the Starbucks Apprenticeship-Barista Mastery and Customer Service program in the UK, and our youth leadership development program in China which helps students build their skills and access mentorships with Starbucks senior leaders.
- Being repeatedly listed on key socially responsible investor indices such as the Dow Jones Sustainability Index and the FTSE4Good Index Series.

We intend to continue to address human rights both directly and in the context of our global responsibility initiatives and to report our efforts in our annual Global Responsibility Report. Given Starbucks comprehensive approach to addressing human rights issues across our business, existing board-level oversight of our activities and policies, and our continued commitment to being a responsible business, we believe the addition of a separate process to review and assess our human rights policies is duplicative and unnecessary.

FOR THESE REASONS, THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE AGAINST PROPOSAL NUMBER 6.

OTHER BUSINESS

The board of directors knows of no other matters that properly may be brought before the Annual Meeting. However, if any other matters are properly brought before the Annual Meeting, the persons appointed in the

accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

REVIEW AND APPROVAL OF RELATED-PERSON TRANSACTIONS

Under the Audit Committee's charter, and consistent with NASDAQ rules, any material potential or actual conflict of interest or transaction between Starbucks and any "related person" of Starbucks must be reviewed and approved or ratified by the Audit Committee. SEC rules define a "related person" of Starbucks as any Starbucks director (or nominee), executive officer, 5%-or-greater shareholder or immediate family member of any of these persons.

Our board of directors has adopted a written Policy for the Review and Approval of Related-Person Transactions Required to Be Disclosed in Proxy Statements, which states that it is the policy of Starbucks not to participate in "related person" transactions. In select circumstances, if the transaction provides Starbucks with a demonstrable and significant strategic benefit that is in the best interests of Starbucks and its shareholders and has terms that are competitive with terms available from unaffiliated third parties, then the Audit Committee may approve the transaction. The policy also provides that any "related person" as defined above must notify the chair of the Audit Committee before becoming a party to, or engaging in, a potential related-person transaction that may require disclosure in our proxy statement under SEC rules, or if prior approval is not practicable, as soon as possible after engaging in the transaction. Based on current SEC rules, transactions covered by the policy include:

- any individual or series of related transactions, arrangements or relationships (including, but not limited to, indebtedness or guarantees of indebtedness), whether actual or proposed;
- in which Starbucks was or is to be a participant;
- the amount of which exceeds \$120,000; and
- in which the related person has or will have a direct or indirect material interest. Whether the related person has a direct or indirect material interest depends on the significance to investors of knowing the information in light of all the circumstances of a particular case. The

importance to the person having the interest, the relationship of the parties to the transaction with each other and the amount involved in the transaction are among the factors to be considered in determining the significance of the information to investors.

The Audit Committee chair has the discretion to determine whether a transaction is or may be covered by the policy. If the chair determines that the transaction is covered by the policy, then the transaction is subject to full Audit Committee review and approval. The Audit Committee's decision is final and binding. Additionally, the Audit Committee chair has discretion to approve, disapprove or seek full Audit Committee review of any *immaterial* transaction involving a related person (i.e., a transaction not otherwise required to be disclosed in the proxy statement).

In considering potential related-person transactions, the Audit Committee looks to SEC and NASDAQ rules, including the impact of a transaction on the independence of any director. Once the Audit Committee has determined that (i) the potential related-person transaction will provide Starbucks with a demonstrable and significant strategic benefit that is in the best interests of Starbucks and its shareholders and (ii) that the terms of the potential related-person transaction are competitive with terms available from unaffiliated third parties, the Audit Committee may consider other factors such as:

- whether the transaction is likely to have any significant negative effect on Starbucks, the related person or any Starbucks partner;
- whether the transaction can be effectively managed by Starbucks despite the related person's interest in it;
- whether the transaction would be in the ordinary course of our business; and
- the availability of alternative products or services at comparable prices.

RELATED-PERSON TRANSACTIONS SINCE THE BEGINNING OF FISCAL 2015

During fiscal 2015, Mr. Schultz made personal use of a Company-owned aircraft for which he reimbursed the Company at its aggregate incremental cost. Mr. Schultz's reimbursements for flights taken on the Company-owned aircraft during fiscal 2015 totaled \$96,523. The Audit Committee approved this aircraft transaction.

Additionally, at the end of fiscal 2013, Starbucks entered into a series of agreements under which Starbucks acquired the right to use an aircraft leased by an entity owned by Mr. Schultz ("Sublessor") to address the Company's need for additional flight capacity for business

purposes. Under an exclusive sublease agreement with the Sublessor, Starbucks subleases and operates the aircraft for a monthly rent of \$269,297 and is responsible for the operation of the aircraft, aircraft maintenance, insurance and all other overhead costs. The sublease will terminate upon Mr. Schultz's discontinuation of day-to-day activities in Starbucks management or may be terminated sooner by either party upon 45 days' notice. Starbucks and Mr. Schultz also entered into an agreement pursuant to which Mr. Schultz pays Starbucks for his personal use of the aircraft. These amounts are calculated on a fully allocated cost basis and include, among other things, crew

services, maintenance, insurance, fuel, support services and associated overhead. Pursuant to the agreement, Mr. Schultz paid to Starbucks a one-time deposit of \$498,477, equal to one and one-half times the estimated monthly costs for his personal use of the aircraft in the first year. The deposit is subject to adjustment by Starbucks based on changes to the estimated annual costs for Mr. Schultz's personal use in future years. The agreement also provides for Mr. Schultz to pay to Starbucks monthly advance payments based upon estimated annual costs for his personal use. For certain personal flights for which Mr. Schultz is not permitted by the Federal Aviation Administration to reimburse Starbucks on a fully allocated basis, he reimburses Starbucks for twice the cost of fuel under a separate time sharing agreement between the Company and Mr. Schultz. At the end of each fiscal year the amounts required to be paid by Mr. Schultz under these aircraft use agreements are reconciled with the amounts advanced by Mr. Schultz. For fiscal 2015, after reconciliation, including reimbursement to Mr. Schultz for advance overpayments made in fiscal 2015, the amounts paid by Mr. Schultz under these aircraft use agreements totaled \$1,782,298. For fiscal 2016, Mr. Schultz's monthly payments are \$363,404 based upon his estimated annual usage in fiscal 2016. At the end of fiscal 2016, the costs required to be paid by Mr. Schultz for his actual personal use in fiscal 2016 will be reconciled with his advance payments.

Starbucks also entered into a hangar space lease with an entity owned by Mr. Schultz ("Tenant") under which Starbucks leases a portion of the Company's hangar to the Tenant for parking the aircraft and Starbucks receives rent calculated based on a pro-rata portion of the maintenance, utilities and other expenses paid by Starbucks for the hangar. The hangar space lease became effective on June 1, 2014 after approval by the lessor of the ground lease on which the hangar is located. For fiscal 2015, the total rent paid by Tenant under the hangar space lease was \$282,482. Prior to the effective date of the hangar space lease, the value of the hangar space was included in the fully allocated cost paid by Mr. Schultz for the use of

the aircraft. For 2016, monthly rent under the hangar lease is estimated to be \$23,993, subject to adjustment based on Starbucks actual costs. The hangar space lease terminates no later than the tenth anniversary of Mr. Schultz's discontinuation of day-to-day activities in Starbucks management or the expiration of the underlying ground lease on which the hangar is located.

Additionally, (i) each of Starbucks and Mr. Schultz entered into separate non-exclusive sublease agreements for the aircraft with Sublessor and (ii) Starbucks and Mr. Schultz entered into a support services agreement to take effect upon the termination of the exclusive sublease agreement described above and to continue for a period of ten years after Mr. Schultz's discontinuation of day-to-day activities in Starbucks management. Under this follow-on arrangement, Mr. Schultz will sublease the aircraft directly from the Sublessor and operate it (using support services provided by the Company) for all flights (other than business flights operated by Starbucks) and will be responsible for all costs associated with the aircraft other than the direct operating cost of Starbucks flights. Starbucks will pay to Sublessor hourly rent (under a formula based on the amount of hours the aircraft is flown). Under the support services agreement, Mr. Schultz will pay Starbucks a fee for support services and will also be responsible for all aircraft operating costs, including crew services, maintenance, insurance, fuel and associated overhead that are required to enable Mr. Schultz to operate his own personal flights. The support services fee to be paid to Starbucks under the support services agreement will be determined based on market rates when the agreement takes effect based on an evaluation of third-party support/management fees for support services similar to those provided under the support services agreement.

The Audit Committee and independent members of the board of directors reviewed and approved these transactions pursuant to our Policy for the Review and Approval of Related-Person Transactions Required to Be Disclosed in Proxy Statement.

BENEFICIAL OWNERSHIP OF COMMON STOCK

The following table sets forth information concerning the “beneficial ownership” of our common stock by (i) those persons who we know to beneficially own more than 5% of our outstanding common stock; (ii) our current directors and nominees; (iii) the “named executive officers” listed in the Summary Compensation Table; and (iv) all of our current directors and executive officers as a group. Under SEC rules, “beneficial ownership” for purposes of this table takes into account shares as to which the individual has or shares voting and/or investment power as well as shares that may be acquired within 60 days (such as by exercising vested stock options) and is different from beneficial ownership for purposes of Section 16 of the Exchange Act, which may result in a number that is different than the beneficial ownership number reported in forms filed pursuant to Section 16. Information is provided as of December 4, 2015. An asterisk in the percent of class column indicates beneficial ownership of less than 1%. The beneficial owners listed have sole voting and investment power with respect to shares beneficially owned, except as to the interests of spouses or as otherwise indicated.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers, and persons who beneficially own more than 10% of our common stock, to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Our directors, executive officers and greater-than-10% shareholders are required by SEC rules to furnish us with copies of all Section 16(a) reports that they file. We file Section 16(a) reports on behalf of our directors and executive officers to report their initial and subsequent

changes in beneficial ownership of our common stock. To our knowledge, based solely on a review of the reports we filed on behalf of our directors and executive officers, written representations from these persons that no other reports were required and all Section 16(a) reports provided to us, we believe that during fiscal 2015 our directors, executive officers and holders of more than 10% of our common stock filed the required reports on a timely basis under Section 16(a).

ADDITIONAL INFORMATION

Expenses of Solicitation. We will bear the expense of preparing, printing and mailing this proxy statement and the proxies we solicit. Proxies will be solicited by mail, telephone, personal contact and electronic means and may also be solicited by directors, officers and Starbucks partners in person, by the Internet, by telephone or by facsimile transmission, without additional remuneration. We have retained Alliance Advisors, LLC to act as a proxy solicitor in conjunction with the Annual Meeting. We have agreed to pay Alliance \$20,000, plus reasonable out-of-pocket expenses, for proxy solicitation services.

We also will request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of our stock as of the record date and will reimburse them for the cost of forwarding the proxy materials in accordance with customary practice.

Your cooperation in promptly voting your shares and submitting your proxy by the Internet or telephone, or by completing and returning the enclosed proxy card (if you received your proxy materials in the mail), will help to avoid additional expense.

Internet Voting. The Company is incorporated under Washington law, which specifically permits electronically transmitted proxies, provided that the transmission set forth or be submitted with information from which it can reasonably be determined that the transmission was authorized by the shareholder. The electronic voting procedures provided for the Annual Meeting are designed to authenticate each shareholder by use of a control number to allow shareholder to vote their shares and to confirm that their instructions have been properly recorded.

INTERNET AVAILABILITY OF ANNUAL MEETING MATERIALS

Under SEC rules, Starbucks has elected to make our proxy materials available to the majority of our shareholders over the Internet rather than mailing paper copies of those materials to each shareholder. On January 25, 2016, we mailed to the majority of our shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") directing shareholders to a

website where they can access the proxy statement for our Annual Meeting of Shareholders and Annual Report and view instructions on how to vote their shares via the Internet or by phone. If you received the Notice only and would like to receive a paper copy of the proxy materials, please follow the instructions printed on the Notice to request that a paper copy be mailed to you.

PROPOSALS OF SHAREHOLDERS

Pursuant to SEC Rule 14a-8, shareholder proposals intended for inclusion in our 2017 proxy statement and acted upon at our 2017 Annual Meeting of Shareholders (the "2017 Annual Meeting") must be received by us at our executive offices at 2401 Utah Avenue South, Mail Stop S-LA1, Seattle, Washington 98134, Attention: Corporate Secretary, on or prior to September 27, 2016.

Shareholder proposals submitted for consideration at the 2017 Annual Meeting of Shareholders but not submitted for inclusion in our proxy statement for our 2017 Annual Meeting pursuant to SEC Rule 14a-8, including shareholder nominations for candidates for election as directors, generally must be delivered to the Corporate Secretary at our executive offices not later than 120 days nor earlier than 150 days before the first anniversary of the

date of the 2016 Annual Meeting of Shareholders. As a result, any notice given by a shareholder pursuant to the provisions of our bylaws (other than notice pursuant to SEC Rule 14a-8) must be received no earlier than October 24, 2016, and no later than November 23, 2016. However, if the date of the 2017 Annual Meeting occurs more than 30 days before or more than 60 days after March 23, 2017, notice by the shareholder of a proposal must be delivered no earlier than the close of business on the 150th day prior to the date of such annual meeting and

no later than the close of business on the later of the 120th day prior to the date of such annual meeting or, if the first public announcement of the date of the annual meeting is less than 100 days prior to the date of such annual meeting, the 10th day following the day on which we first make a public announcement of the date of the annual meeting. Shareholder proposals or nominations must include the specified information concerning the shareholder and the proposal or nominee as described in our bylaws.

SHAREHOLDERS SHARING THE SAME ADDRESS

We have adopted a procedure called “householding,” which has been approved by the SEC. Under this procedure, we will deliver only one copy of our Notice of Internet Availability of Proxy Materials, and for those shareholders that received a paper copy of proxy materials in the mail, one copy of our fiscal 2015 annual report on Form 10-K to shareholders and this proxy statement, to multiple shareholders who share the same address (if they appear to be members of the same family) unless we have received contrary instructions from an affected shareholder. Shareholders who participate in householding will continue to receive separate proxy cards if they received a paper copy of proxy materials in the mail. This procedure reduces our printing costs, mailing costs and fees, and also supports our environmental goals set forth in our annual report on Global Responsibility.

If you are a shareholder, share an address and last name with one or more other shareholders and would like to revoke your householding consent or you are a shareholder eligible for householding and would like to participate in householding, please contact Broadridge, either by calling toll free at (866) 540-7095 or by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of receipt of the revocation of your consent.

A number of brokerage firms have instituted householding. If you hold your shares in “street name,” please contact your bank, broker or other holder of record to request information about householding.

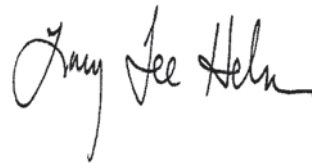

ANNUAL REPORT TO SHAREHOLDERS ON FORM 10-K

The fiscal 2015 Annual Report on Form 10-K is being mailed with this proxy statement to those shareholders that received a copy of the proxy materials in the mail. For those shareholders that received the Notice of Internet Availability of Proxy Materials, this proxy statement and our Annual Report are available at our website at <http://investor.starbucks.com>. APPENDIX A

STARBUCKS CORPORATION

EXECUTIVE MANAGEMENT BONUS PLAN

(as amended and restated on November 10, 2015)

Section 1. Purpose.

The purpose of the Executive Management Bonus Plan (the “**Plan**”) is to promote the interests of Starbucks Corporation (“**Starbucks**”) and its subsidiaries (collectively the “**Company**”) by providing eligible key partners of the Company with incentive to assist the Company in meeting and exceeding its business goals. The Plan provides opportunities for **Participants** (as defined in Section 3 below) to earn financial rewards for their role in assisting Starbucks to meet its annual performance targets. **Awards** (as defined in Section 5 below) under the Plan are based on the Company achieving the **Performance Goal** (as defined in Section 5). The Plan will cover each fiscal year of Starbucks beginning with its 2016 fiscal year. Each such fiscal year is referred to herein as a “**Performance Period**.”

Section 2. Administration.

(a) The Plan shall be administered by the Compensation and Management Development Committee (the “**Committee**”) of the Board of Directors of Starbucks (the “**Board**”) from among its members and shall be comprised of not fewer than two members who are intended to qualify as “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “**Code**”), and the regulations thereunder.

(b) The Committee shall have broad authority to grant and administer Awards under the Plan and may, subject to the provisions of the Plan, establish, adopt or revise rules and regulations relating to the Plan or take such actions as it deems necessary or advisable for the proper administration of the Plan. The Committee shall have the authority to interpret and make decisions under the Plan in its sole discretion, including but not limited to determining whether the Performance Goal and other conditions that are a prerequisite to earning an Award have been met and exercising discretion to reduce or eliminate the amount to be provided as an incentive payment hereunder. Any decision or interpretation by the Committee hereunder shall be final and conclusive for all purposes and binding upon all Participants or former Participants and their successors in interest.

(c) Neither the Committee nor any member of the Committee shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with the Plan, and the members of the Committee shall be entitled to indemnification and reimbursement by Starbucks in respect of any claim, loss,

damage or expense (including, without limitation, reasonable attorneys’ fees) arising or resulting therefrom to the fullest extent permitted by law.

Section 3. Eligibility.

Partners serving in positions of executive vice president and above shall participate in the Plan, together with any other key partners of the Company who are selected for participation in the Plan by the Committee. The Committee shall select in writing who, in addition to the partners serving in positions of executive vice president and above, shall receive an Award with respect to a Performance Period within 90 days after the beginning of such Performance Period. Each such partner shall be a “**Participant**” with respect to such Performance Period. Provided the Committee determines that the Company has met the Performance Goal for the Performance Period as set forth under Section 5 below and all other eligibility requirements are met, the following guidelines will be used to determine Participants’ Award eligibility. Awards are not guaranteed and will not be paid unless the Performance Goal is met and the Committee authorizes the payment of such Award hereunder.

Unless otherwise provided for by the Committee, each partner whose employment terminates prior to the end of a Performance Period will not be eligible to receive an Award under the Plan for that Performance Period. If a Participant’s employment is terminated due to retirement (voluntary termination of employment after attainment of age 55 and at least ten (10) years of credited service with the Company, as determined by the Committee in its sole discretion), permanent disability or death before the end of a Performance Period, the Committee may, in its sole discretion, provide a prorated Award based on the number of days the Participant was employed by the Company during such Performance Period; provided, however, that other than in the case of termination due to permanent disability or death, no prorated incentive will be paid unless all of the applicable requirements set forth in the Plan are met, including without limitation that the Committee determines that the Performance Goal for the applicable Performance Period has been met and authorizes the payment of incentive awards.

Section 4. Compliance Requirements.

A Participant must comply with all applicable state and federal regulations and Company policies (collectively, the “**Compliance Requirements**”) in order to be eligible to receive an Award under the Plan. A Participant whose employment is terminated after the end of a Performance Period, but before Awards for such Performance Period

are paid, due to violating any of the Compliance Requirements or other reasons involving cause, will not be eligible to receive an Award for such Performance Period.

Section 5. Performance Goal.

The Committee may grant performance-based awards (“**Awards**”) to Participants with respect to a Performance Period beginning on or after September 28, 2015 subject to the terms and conditions of the Plan. Each Award shall provide that the Performance Goal is the Company’s achievement of positive Operating Income (as defined below) for the then current Performance Period. For purposes of the Plan, “**Operating Income**” means, with respect to a Performance Period, operating income as presented in Starbucks consolidated audited financial statements, adjusted for the impact of (i) restructuring and reorganization charges; (ii) acquisitions or dispositions of businesses or assets; (iii) costs and charges associated with discontinued operations; (iv) legal claims, adjustments or settlements; (v) foreign currency translation; (vi) statutory adjustments to corporate tax rates; (vii) unusual or infrequently occurring items of gain, loss or expense; and (viii) changes in tax laws, accounting principles, or other laws or provisions affecting reported results. In the manner required by Section 162(m) of the Code, the Committee shall, promptly after the date on which the necessary financial and other information for a particular Performance Period becomes available, certify in writing whether or not the Performance Goal has been achieved.

Section 6. Payment.

If the Committee has determined that the Company has attained the Performance Goal for a Performance Period, the maximum amount payable under the Award for that Performance Period shall be \$10,000,000 provided, however, that the Committee may in its sole discretion exercise discretion to reduce or eliminate the amount payable to any Participant based on such factors as the Committee may deem appropriate. In no event may the Committee increase the amount of any Award payable to any Participant above \$10,000,000 for a Performance Period. For purposes of clarity, the Committee may exercise the discretion provided for by the foregoing sentence in a non-uniform manner among Participants, including taking into account individual performance. Awards shall be settled, less applicable withholdings and deductions, (i) in cash and/or, (ii) stock and/or stock-based awards granted under the Starbucks Corporation 2005 Long-Term Equity Incentive Plan (as amended and restated) or other Starbucks equity compensation plan that has been approved by shareholders. The Company expects to pay Awards within approximately 75 days of the end of the applicable Performance Period, but in no event later than the last day of the fiscal year following such Performance Period.

Section 7. Clawback.

The awards under this Plan are subject to the terms of the Company’s recoupment, clawback or similar policy as may be in effect from time to time, as well as any similar provisions of applicable law, any of which could in certain circumstances require repayment or forfeiture of awards under this Plan.

Section 8. General Provisions.

(a) **No Rights to Awards or Continued Employment.** No partner of the Company shall have any claim or right to receive Awards under the Plan. Neither the Plan nor any action taken under the Plan shall be construed as giving any partner any right to be retained by the Company.

(b) **No Limits on Other Awards and Plans.** Nothing contained in the Plan shall prohibit the Company from establishing other special awards or compensation plans providing for the payment of compensation to partners of the Company, including any Participants.

(c) **Withholding Taxes.** The Company shall deduct from all payments and distributions under the Plan any required federal, state or local governments tax withholdings.

(d) **Rights are Non-Assignable.** A Participant nor any beneficiary nor any other person shall have any right to assign the right to receive payments hereunder, in whole or in part, which payments are non-assignable and non-transferable, whether voluntarily or involuntarily.

(e) **Unfunded Status of Plan.** The Company shall not have any obligation to establish any separate fund or trust or other segregation of assets to provide for payments under the Plan. To the extent any person acquires any rights to receive payments hereunder from the Company, such rights shall be no greater than those of an unsecured creditor.

(f) **Effective Date; Amendment.** The Plan is effective September 28, 2015, subject to the approval of shareholders at Starbucks 2016 annual shareholder meeting. The Committee may at any time and from time to time alter, amend, suspend or terminate the Plan in whole or in part; provided, however, (i) any change to the Performance Goal or (ii) any alteration or amendment that requires shareholder approval in order to allow Awards under the Plan to qualify as “performance-based compensation” under Section 162(m) of the Code or to comply with other applicable laws or regulations, shall be made subject to such shareholder approval.

(g) **Governing Law.** The Plan and the rights of all persons under the Plan shall be construed and administered in accordance with the laws of the State of Washington without regard to its conflict of law principles.

(h) **Interpretation.** The Plan is designed and intended to comply with the requirements for “performance-based compensation” under Section 162(m) of the Code and all provisions hereof shall be construed consistent with this intention.

Approved by the Board of Directors on November 10, 2015, subject to shareholder approval.
