File No. 333-142685**

**Form 8-K filed August 2, 2007
File No. 0-50806**

Dear Mr. Gorst:

We have limited our review of the above-referenced filings to the disclosure item identified below and have the following comments. Where indicated, we think you should revise your documents in response to the comment. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. After reviewing your response, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We welcome any questions you may have about our comments or on any other aspect of our review and look forward to working with you. Feel free to call us at the telephone numbers listed at the end of this letter.

Legal Proceedings

1. We note your disclosure indicating that you have cancelled 2 million shares of common stock issued to Capital Group Communications, Inc. for, among other things, non-performance pursuant to a July 25, 2006 agreement. Please tell us how you intend to treat this cancellation of shares in the financial statements for the quarter ended June 30, 2007. Specifically address the potential impact on loss per share and address any other material impact this action may have on the financial statements. Disclose the value of the cancelled shares and discuss the

legal basis for your belief that you may unilaterally cancel the issued shares in this manner. We may have further comment.

2. Please update the disclosure to describe in greater detail the material facts underlying the proceedings and the relief sought by Capital Group Communications.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event the company requests acceleration of the effective date of the pending registration statement, it should furnish a letter, at the time of such request, acknowledging that:

- * should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- * the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- * the company may not assert this action as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in connection with our review of your filing or in response to our comments on your filing.

We will consider a written request for acceleration of the effective date of the registration statement as a confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. We will act on the request and, pursuant to delegated authority, grant acceleration of the effective date.

We direct your attention to Rule 461 regarding requesting acceleration of a registration statement. Please allow adequate time after the filing of any amendment for further review before submitting a request for acceleration. Please provide this request at least two business days in advance of the requested effective date.
