GOAL/APPROACH

The fund seeks as high a level of current income exempt from federal and New Jersey state income taxes as is consistent with the preservation of capital and the maintenance of liquidity. As a money market fund, the fund is subject to maturity, quality and diversification requirements designed to help it maintain a stable share price.

To pursue this goal, the fund normally invests substantially all of its assets in short-term, high quality municipal obligations that provide income exempt from federal and New Jersey state income taxes. The fund also may invest in high quality, short-term structured notes, which are derivative instruments whose value is tied to underlying municipal obligations.

Although the fund seeks to provide income exempt from federal and New Jersey state income taxes, interest from some of its holdings may be subject to the federal alternative minimum tax. In addition, the fund temporarily may invest in high quality, taxable money market instruments, and/or municipal obligations that pay income exempt only from federal income tax, including when the portfolio manager believes acceptable New Jersey municipal obligations are not available for investment.

Concepts to understand

Money market fund: a specific type of fund that seeks to maintain a \$1.00 price per share. Money market funds are subject to strict federal requirements and must:

- maintain an average dollar-weighted portfolio maturity of 90 days or less
- buy individual securities that have remaining maturities of 13 months or less
- invest only in high quality, dollar-denominated obligations

Municipal obligations: debt securities that provide income free from federal income tax, and state income taxes if the investor lives in the issuing state. Municipal obligations are typically of two types:

- **general obligation bonds**, which are secured by the full faith and credit of the issuer and its taxing power
- **revenue bonds**, which are payable from the revenues derived from a specific revenue source, such as charges for water and sewer service or highway tolls

MAIN RISKS

The fund's yield will fluctuate as the short-term securities in its portfolio mature and the proceeds are reinvested in securities with different interest rates.

An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the fund.

While the fund has maintained a constant share price since inception, and will continue to try to do so, the following factors could reduce the fund's income level and/or share price:

- interest rates could rise sharply, causing the value of the fund's investments and its share price to drop
- interest rates could drop, thereby reducing the fund's yield
- New Jersey's economy and revenues underlying its municipal obligations may decline
- the fund's portfolio securities may be more sensitive to risks that are specific to investing primarily in a single state
- any of the fund's holdings could have its credit rating downgraded or could default

Derivative securities, such as structured notes, can be volatile, and the possibility of default by the financial institution or counterparty may be greater for these securities than for other types of money market instruments. Structured notes typically are purchased in privately negotiated transactions from financial institutions and, thus, an active trading market for such instruments may not exist.

The fund is non-diversified, which means that a relatively high percentage of the fund's assets may be invested in a limited number of issuers. Therefore, its performance may be more vulnerable to changes in the market value of a single issuer and more susceptible to risks associated with a single economic, political or regulatory occurrence than a diversified fund.

Concepts to understand

Credit rating: a measure of the issuer's expected ability to make all required interest and principal payments in a timely manner. An issuer with the highest credit rating has a very strong degree of certainty (or safety) with respect to making all payments. An issuer with the second-highest credit rating still has a strong capacity to make all payments, although the degree of safety is somewhat less.

Generally, the fund is required to invest its assets in securities with the highest or second-highest credit rating or the unrated equivalent as determined by Dreyfus.

PAST PERFORMANCE

The bar chart and table shown illustrate the risks of investing in the fund. The bar chart shows the changes in the fund's performance from year to year. The table shows the fund's average annual total returns over time. All returns assume reinvestment of dividends and distributions. Of course, past performance is no guarantee of future results.

Year-by-year total returns *as of 12/31 each year (%)*

Best Quarter: Q4 '00 +0.87%

Worst Quarter: Q3 '03 +0.09%

Average annual total returns *as of 12/31/05*

1 Year	5 Years	10 Years
1.79%	1.18%	2.01%

The fund's 7-day yield on 12/31/05 was 2.64%. For the fund's current 7-day yield, please call toll-free: **1-800-645-6561**.

What this fund is – and isn't

This fund is a mutual fund: a pooled investment that is professionally managed and gives you the opportunity to participate in financial markets. It strives to reach its stated goal, although as with all mutual funds, it cannot offer guaranteed results.

An investment in this fund is not a bank deposit. It is not insured or guaranteed by the FDIC or any other government agency. It is not a complete investment program. You could lose money in this fund, but you also have the potential to make money.

EXPENSES

As an investor, you pay certain fees and expenses in connection with the fund, which are described in the table below. Annual fund operating expenses are paid out of fund assets, so their effect is included in the share price. The fund has no sales charge (load) or Rule 12b-1 distribution fees.

Fee table

Annual fund operating expenses

% of average daily net assets

Management fees	0.50%
Shareholder services fee	0.05%
Other expenses	0.10%
Total	0.65%

Expense example

1 Year	3 Years	5 Years	10 Years
\$66	\$208	\$362	\$810

This example shows what you could pay in expenses over time. It uses the same hypothetical conditions other funds use in their prospectuses: \$10,000 initial investment, 5% total return each year and no changes in expenses. The figures shown would be the same whether you sold your shares at the end of a period or kept them. Because actual returns and expenses will be different, the example is for comparison only.

From time to time, Dreyfus may limit expenses to the extent it deems appropriate to enhance the yield of the fund during periods when fixed expenses have a significant impact on the fund's yield because of low interest rates. This expense limitation policy is voluntary and temporary and may be revised or terminated by Dreyfus at any time without notice.

Concepts to understand

Management fee: the fee paid to Dreyfus for managing the fund's portfolio and assisting in all aspects of the fund's operations.

Shareholder services fee: a fee of up to 0.25% used to reimburse the fund's distributor for shareholder account service and maintenance.

Other expenses: fees paid by the fund for miscellaneous items such as transfer agency, custody, professional and registration fees. The fund also makes payments to certain financial intermediaries, including affiliates, who provide sub-administration, recordkeeping and/or sub-transfer agency services to beneficial owners of the fund.

MANAGEMENT

Investment adviser

The investment adviser for the fund is The Dreyfus Corporation (Dreyfus), 200 Park Avenue, New York, New York 10166. Founded in 1947, Dreyfus manages approximately \$178 billion in approximately 200 mutual fund portfolios. For the last fiscal year, the fund paid Dreyfus a management fee at the annual rate of 0.50% of the fund's average daily net assets. A discussion regarding the basis for the board's approving the fund's management agreement with Dreyfus is available in the fund's semiannual report for the six months ended July 31, 2005. Dreyfus is the primary mutual fund business of Mellon Financial Corporation (Mellon Financial), a global financial services company. Headquartered in Pittsburgh, Pennsylvania, Mellon Financial is one of the world's leading providers of financial services for institutions, corporations and high net worth individuals, providing institutional asset management, mutual funds, private wealth management, asset servicing, payment solutions and investor services, and treasury services. Mellon Financial has approximately \$4.7 trillion in assets under management, administration or custody, including \$781 billion under management.

The Dreyfus asset management philosophy is based on the belief that discipline and consistency are important to investment success. For each fund, Dreyfus seeks to establish clear guidelines for portfolio management and to be systematic in making decisions. This approach is designed to provide each fund with a distinct, stable identity.

Distributor

The fund's distributor is Dreyfus Service Corporation (DSC), a wholly-owned subsidiary of Dreyfus. Dreyfus or DSC may provide cash payments out of its own resources to financial intermediaries that sell shares of the fund or provide other services. Such payments are in addition to any shareholder services fees or other expenses paid by the fund. These additional payments may be made to intermediaries, including affiliates, that provide

shareholder servicing, sub-administration, record-keeping and/or sub-transfer agency services, marketing support and/or access to sales meetings, sales representatives and management representatives of the financial intermediary. Cash compensation also may be paid to intermediaries for inclusion of the fund on a sales list, including a preferred or select sales list or in other sales programs. These payments sometimes are referred to as "revenue sharing." In some cases, these payments may create an incentive for a financial intermediary or its employees to recommend or sell shares of the fund to you. Please contact your financial representative for details about any payments they or their firm may receive in connection with the sale of fund shares or the provision of services to the fund.

From time to time, Dreyfus or DSC also may provide cash or non-cash compensation to financial intermediaries or their representatives in the form of occasional gifts; occasional meals, tickets or other entertainment; support for due diligence trips; educational conference sponsorship; support for recognition programs; and other forms of cash or non-cash compensation permissible under broker-dealer regulations, as periodically amended.

Code of ethics

The fund, Dreyfus and DSC have each adopted a code of ethics that permits its personnel, subject to such code, to invest in securities, including securities that may be purchased or held by the fund. The Dreyfus code of ethics restricts the personal securities transactions of its employees, and requires portfolio managers and other investment personnel to comply with the code's preclearance and disclosure procedures. The primary purpose of the code is to ensure that personal trading by Dreyfus employees does not disadvantage any Dreyfus-managed fund.

FINANCIAL HIGHLIGHTS

This table describes the fund's performance for the fiscal periods indicated. "Total Return" shows how much your investment in the fund would have increased (or decreased) during each period, assuming you had reinvested all dividends and distribu-

tions. These figures have been independently audited by Ernst & Young LLP, whose report, along with the fund's financial statements, is included in the annual report, which is available upon request.

	<i>Ten Months Ended November 30, 2005*</i>	2005	<i>Year Ended January 31,</i>

* On August 2, 2005, the fund's Board of Directors approved a change in the fund's fiscal year end from January 31 to November 30.

** Annualized.

Your Investment

ACCOUNT POLICIES

Buying shares

You pay **no sales charges** to invest in this fund. Your price for fund shares is the fund's net asset value per share (NAV), which is generally calculated as of 12:00 noon Eastern time on days the New York Stock Exchange is open for regular business. Your order will be priced at the next NAV calculated after your order is received in proper form by the fund's transfer agent or other authorized entity. The fund's portfolio securities are valued at amortized cost, which does not take into account unrealized gains or losses. As a result, portfolio securities are valued at their acquisition cost, adjusted for discounts or premiums reflected in their purchase price. This method of valuation is designed to enable the fund to price its shares at \$1.00 per share. Because the fund seeks tax-exempt income, it is not recommended for purchase in IRAs or other qualified retirement plans.

Concepts to understand

Net asset value (NAV): a mutual fund's share price on a given day. A fund's NAV is calculated by dividing the value of its net assets by the number of its existing shares outstanding.

When calculating its NAV, the fund compares the NAV using amortized cost to its NAV using available market quotations or market equivalents which generally are provided by an independent pricing service approved by the fund's board. The pricing service's procedures are reviewed under the general supervision of the board.

Minimum investments

	Initial	Additional
Regular accounts	\$2,500	\$100
Dreyfus automatic investment plans	\$100	\$100

All investments must be in U.S. dollars. Third-party checks cannot be accepted. You may be charged a fee for any check that does not clear. Maximum Dreyfus TeleTransfer purchase is \$150,000 per day.

Third-party investments

If you invest through a third party (rather than directly with Dreyfus), the policies and fees may be different than those described herein. Banks, brokers, financial advisers and financial supermarkets may charge transaction fees and may set different minimum investments or limitations on buying or selling shares. Consult a representative of your financial institution for further information.

Selling shares

You may sell (redeem) shares at any time. Your shares will be sold at the next NAV calculated after your order is received in proper form by the fund’s transfer agent or other authorized entity. Any certificates representing fund shares being sold must be returned with your redemption request. Your order will be processed promptly and you will generally receive the proceeds within a week.

Before selling or writing a check against shares recently purchased by check, Dreyfus TeleTransfer or Automatic Asset Builder, please note that:

- if you send a written request to sell such shares, the fund may delay selling the shares for up to eight business days following the purchase of those shares
- the fund will not honor redemption checks, or process wire, telephone, online or Dreyfus TeleTransfer redemption requests, for up to eight business days following the purchase of those shares

Limitations on selling shares by phone or online through www.dreyfus.com

Proceeds sent by	Minimum phone/online	Maximum phone/online
Check*	no minimum	\$250,000 per day
Wire	\$1,000	\$500,000 for joint accounts every 30 days / \$20,000 per day
Dreyfus TeleTransfer	\$500	\$500,000 for joint accounts every 30 days / \$20,000 per day

* Not available online on accounts whose address has been changed within the last 30 days.

Written sell orders

Some circumstances require written sell orders along with signature guarantees. These include:

- amounts of \$10,000 or more on accounts whose address has been changed within the last 30 days
- requests to send the proceeds to a different payee or address

Written sell orders of \$100,000 or more must also be signature guaranteed.

A signature guarantee helps protect against fraud. You can obtain one from most banks or securities dealers, but not from a notary public. For joint accounts, each signature must be guaranteed. Please call us to ensure that your signature guarantee will be processed correctly.

General policies

Unless you decline teleservice privileges on your application, the fund's transfer agent is authorized to act on telephone or online instructions from any person representing himself or herself to be you and reasonably believed by the transfer agent to be genuine. You may be responsible for any fraudulent telephone or online order as long as the fund's transfer agent takes reasonable measures to confirm that instructions are genuine.

Money market funds generally are used by investors for short-term investments, often in place of bank checking or savings accounts, or for cash management purposes. Investors value the ability to add and withdraw their funds quickly, without restriction. For this reason, although Dreyfus discourages excessive trading and other abusive trading practices, the funds have not adopted policies and procedures, or imposed redemption fees or other restrictions such as minimum holding periods, to deter frequent purchases and redemptions of fund shares. Dreyfus also believes that money market funds, such as the fund, are not targets of abusive trading practices, because money market funds seek to maintain a \$1.00 per share price and typically do not fluctuate in value based on market prices. However, frequent purchases and redemptions of the fund's shares could increase the fund's transaction costs, such as market spreads and custodial fees, and may interfere with the efficient management of the fund's portfolio, which could detract from the fund's performance. Accordingly, the fund reserves the right to refuse any purchase or exchange request. Funds in the Dreyfus Family of Funds that are not money market mutual funds have approved policies and procedures that are intended to discourage and prevent abusive trading practices in those mutual funds, which may apply to exchanges from or into the fund. If you plan to exchange your fund shares for shares of another Dreyfus fund, please read the prospectus of that other Dreyfus fund for more information.

The fund also reserves the right to:

- refuse any purchase or exchange request
- change or discontinue its exchange privilege, or temporarily suspend the privilege during unusual market conditions
- change its minimum investment amounts
- delay sending out redemption proceeds for up to seven days (generally applies only in cases of very large redemptions, excessive trading or during unusual market conditions)
- "redeem in kind," or make payments in securities rather than cash, if the amount redeemed is large enough to affect fund operations (for example, if it exceeds 1% of the fund's assets)

The fund also may process purchase and sale orders and calculate its NAV on days that the fund's primary trading markets are open and the fund's management determines to do so.

Small account policy

If your account falls below \$500, the fund may ask you to increase your balance. If it is still below \$500 after 45 days, the fund may close your account and send you the proceeds.

DISTRIBUTIONS AND TAXES

The fund earns dividends, interest and other income from its investments, and distributes this income (less expenses) to shareholders as dividends. The fund also realizes capital gains from its investments, and distributes these gains (less any losses) to shareholders as capital gain distributions. The fund normally pays dividends once a month and capital gain distributions annually. Fund dividends and capital gain distributions will be reinvested in the fund unless you instruct the fund otherwise. There are no fees or sales charges on reinvestments.

The fund anticipates that virtually all dividends paid to you will be exempt from federal and New Jersey personal income taxes. However, for federal tax purposes, certain distributions, such as distributions of short-term capital gains, are taxable to you as ordinary income, while long-term capital gains are taxable to you as capital gains.

For New Jersey personal income tax purposes, distributions derived from interest on municipal securities of New Jersey issuers and from interest on qualifying securities issued by U.S. territories and possessions are generally exempt from tax. Distributions that are federally taxable as ordinary income or capital gains are generally subject to New Jersey personal income taxes.

The tax status of any distribution generally is the same regardless of how long you have been in the fund and whether you reinvest your distributions or take them in cash.

If you buy shares of a fund when the fund has realized but not yet distributed income or capital gains, you will be “buying a dividend” by paying the full price for the shares and then receiving a portion back in the form of a taxable distribution.

Your sale of shares, including exchanges into other funds, may result in a capital gain or loss for tax purposes. A capital gain or loss on your investment in the fund generally is the difference between the cost of your shares and the amount you receive when you sell them.

The tax status of your distributions will be detailed in your annual tax statement from the fund. Because everyone’s tax situation is unique, please consult your tax advisor before investing.

SERVICES FOR FUND INVESTORS

Automatic services

Buying or selling shares automatically is easy with the services described below. With each service, you select a schedule and amount, subject to certain restrictions. You can set up most of these services with your application or by calling 1-800-645-6561.

For investing

Dreyfus Automatic Asset Builder®	For making automatic investments from a designated bank account.
Dreyfus Payroll Savings Plan	For making automatic investments through a payroll deduction.
Dreyfus Government Direct Deposit Privilege	For making automatic investments from your federal employment, Social Security or other regular federal government check.
Dreyfus Dividend Sweep	For automatically reinvesting the dividends and distributions from one Dreyfus fund into another (not available for IRAs).

For exchanging shares

Dreyfus Auto-Exchange Privilege	For making regular exchanges from one Dreyfus fund into another.
--	--

For selling shares

Dreyfus Automatic Withdrawal Plan	For making regular withdrawals from most Dreyfus funds.
--	---

Dreyfus Financial Centers

Through a nationwide network of Dreyfus Financial Centers, Dreyfus offers a full array of investment services and products. This includes information on mutual funds, brokerage services, tax-advantaged products and retirement planning.

Experienced financial consultants can help you make informed choices and provide you with personalized attention in handling account transactions. The Financial Centers also offer informative seminars and events. To find the Financial Center nearest you, call **1-800-499-3327**.

Checkwriting privilege

You may write redemption checks against your account in amounts of \$500 or more. These checks are free; however, a fee will be charged if you request a stop payment or if the transfer agent cannot honor a redemption check due to insufficient funds or another valid reason. Please do not post-date your checks or use them to close your account.

Exchange privilege

You can exchange shares worth \$500 or more from one Dreyfus fund into another. You can request your exchange in writing, by phone or online. Be sure to read the current prospectus for any fund into which you are exchanging before investing. Any new account established through an exchange will have the same privileges as your original account (as long as they are available). There is currently no fee for exchanges, although you may be charged a sales load when exchanging into any fund that has one.

Dreyfus TeleTransfer privilege

To move money between your bank account and your Dreyfus fund account with a phone call or online, use the Dreyfus TeleTransfer privilege. You can set up Dreyfus TeleTransfer on your account by providing bank account information and following the instructions on your application.

Dreyfus Express® voice-activated account access

You can easily manage your Dreyfus accounts, check your account balances, purchase fund shares, transfer money between your Dreyfus funds, get price and yield information and much more — when it's convenient for you — by calling 1-800-645-6561. Certain requests may require the services of a representative.

INSTRUCTIONS FOR **REGULAR ACCOUNTS**

TO OPEN AN ACCOUNT

In Writing

Complete the application.
Mail your application and a check to:
The Dreyfus Family of Funds
P.O. Box 55299, Boston, MA 02205-8553

TO ADD TO AN ACCOUNT

Fill out an investment slip, and write your account number on your check.
Mail the slip and the check to:
The Dreyfus Family of Funds
P.O. Box 105, Newark, NJ 07101-0105

TO SELL SHARES

Write a redemption check **or** write a letter of instruction that includes:

- your name(s) and signature(s)
- your account number
- the fund name
- the dollar amount you want to sell
- how and where to send the proceeds

Obtain a signature guarantee or other documentation, if required (see "Account Policies – Selling Shares").

Mail your request to:
The Dreyfus Family of Funds
P.O. Box 55263, Boston, MA 02205-8501

By Telephone

Wire Call us to request an account application and an account number. Have your bank send your investment to The Bank of New York, with these instructions:

- ABA# 021000018
- DDA# 8900052309
- the fund name
- your account number
- name(s) of investor(s)

Return your application with the account number on the application.

Wire Have your bank send your investment to The Bank of New York, with these instructions:

- ABA# 021000018
- DDA# 8900052309
- the fund name
- your account number
- name(s) of investor(s)

Electronic check Same as wire, but insert "111" before your 14-digit account number.

Dreyfus TeleTransfer Request Dreyfus TeleTransfer on your application. Call us to request your transaction.

Wire Be sure the fund has your bank account information on file. Call us to request your transaction. Proceeds will be wired to your bank.

Dreyfus TeleTransfer Be sure the fund has your bank account information on file. Call us to request your transaction. Proceeds will be sent to your bank by electronic check.

Check Call us to request your transaction. A check will be sent to the address of record.

Concepts to understand

Wire transfer: for transferring money from one financial institution to another. Wiring is the fastest way to move money, although your bank may charge a fee to send or receive wire transfers. Wire redemptions from the fund are subject to a \$1,000 minimum.

Electronic check: for transferring money out of a bank account. Your transaction is entered electronically, but may take up to eight business days to clear. Electronic checks usually are available without a fee at all Automated Clearing House (ACH) banks.

To reach Dreyfus, call toll free in the U.S.

1-800-645-6561

Outside the U.S. 516-794-5452

Make checks payable to:

The Dreyfus Family of Funds

You also can deliver requests to any Dreyfus Financial Center. Because processing time may vary, please ask the representative when your account will be credited or debited.

DESCRIPTION OF THE FUND

The Fund is a Maryland corporation incorporated on April 4, 1988. The Fund is an open-end, management investment company, known as a municipal money market mutual fund. As a municipal money market fund, the Fund invests in debt obligations issued by states, territories and possessions of the United States and the District of Columbia and their political subdivisions, agencies and instrumentalities, or multistate agencies or authorities, and certain other specified securities, the interest from which is, in the opinion of bond counsel to the issuer, exempt from Federal income tax ("Municipal Obligations").

The Dreyfus Corporation (the "Manager" or "Dreyfus") serves as the Fund's investment adviser.

Dreyfus Service Corporation (the "Distributor") is the distributor of the Fund's shares.

Certain Portfolio Securities

The following information supplements and should be read in conjunction with the Fund's Prospectus.

Municipal Obligations. As a fundamental policy, the Fund normally invests at least 80% of its net assets (plus any borrowings for investment purposes) in the Municipal Obligations of the State of New Jersey, its political subdivisions, authorities and corporations, and certain other specified securities that provide income exempt from Federal and State of New Jersey personal income taxes (collectively, "New Jersey Municipal Obligations"). To the extent acceptable New Jersey Municipal Obligations are at any time unavailable for investment by the Fund, the Fund will invest temporarily in other Municipal Obligations, the interest from which is, in the opinion of bond counsel to the issuer, exempt from Federal, but not State of New Jersey, income tax. Municipal Obligations generally include debt obligations issued to obtain funds for various public purposes as well as certain industrial development bonds issued by or on behalf of public authorities. Municipal Obligations are classified as general obligation bonds, revenue bonds and notes. General obligation bonds are secured by the issuer's pledge of its full faith, credit and taxing power for the payment of principal and interest. Revenue bonds are payable from the revenue derived from a particular facility or class of facilities or, in some cases, from the proceeds of a special excise or other specific revenue source, but not from the general taxing power. Tax exempt industrial development bonds, in most cases, are revenue bonds that do not carry the pledge of the credit of the issuing municipality, but generally are guaranteed by the corporate entity on whose behalf they are issued. Notes are short-term instruments which are obligations of the issuing municipalities or agencies and are sold in anticipation of a bond sale, collection of taxes or receipt of other revenues. Municipal Obligations include municipal lease/purchase agreements, which are similar to installment purchase contracts for property or equipment issued by municipalities. Municipal Obligations bear fixed, floating or variable rates of interest.

The yields on Municipal Obligations are dependent on a variety of factors, including general economic and monetary conditions, money market factors, conditions in the Municipal

Obligations market, size of a particular offering, maturity of the obligation, and rating of the issue.

Municipal Obligations include certain private activity bonds (a type of revenue bond), the income from which is subject to the alternative minimum tax (AMT). The Fund may invest without limitation in such Municipal Obligations if the Manager determines that their purchase is consistent with the Fund's investment objective.

Certain Tax Exempt Obligations. The Fund may purchase floating and variable rate demand notes and bonds, which are tax exempt obligations ordinarily having stated maturities in excess of 13 months, but which permit the holder to demand payment of principal at any time, or at specified intervals not exceeding 13 months, in each case upon not more than 30 days' notice. Variable rate demand notes include master demand notes which are obligations that permit the Fund to invest fluctuating amounts, at varying rates of interest, pursuant to direct arrangements between the Fund, as lender, and the borrower. These obligations permit daily changes in the amount borrowed. Because these obligations are direct lending arrangements between the lender and borrower, it is not contemplated that such instruments generally will be traded, and there generally is no established secondary market for these obligations, although they are redeemable at face value, plus accrued interest. Accordingly, where these obligations are not secured by letters of credit or other credit support arrangements, the Fund's right to redeem is dependent on the ability of the borrower to pay principal and interest on demand. Each obligation purchased by the Fund will meet the quality criteria established for the purchase of Municipal Obligations.

Derivative Products. The Fund may purchase various derivative products whose value is tied to underlying Municipal Obligations. The Fund will purchase only those derivative products that are consistent with its investment objective and policies and comply with the quality, maturity and diversification standards of Rule 2a-7 under the Investment Company Act of 1940, as amended (the "1940 Act"). The principal types of derivative products are described below.

(1) Tax Exempt Participation Interest. Tax-exempt participation interests (such as industrial development bonds and municipal lease/purchase agreements) give the Fund an undivided interest in a Municipal Obligation in the proportion that the Fund's participation interest bears to the total principal amount of the Municipal Obligation. Participation interests may have fixed, floating or variable rates of interest, and are frequently backed by an irrevocable letter of credit or guarantee of a bank.

(2) Tender Option Bonds. Tender option bonds grant the holder an option to tender an underlying Municipal Obligation at par plus accrued interest at specified intervals to a financial institution that acts as a liquidity provider. The holder of a tender option bond effectively holds a demand obligation that bears interest at the prevailing short-term tax exempt rate.

(3) Custodial Receipts. In a typical custodial receipt arrangement, an issuer of a Municipal Obligation deposits it with a custodian in exchange for two classes of custodial receipts. One class has the characteristics of a typical auction rate security, where at specified intervals its interest rate is adjusted and ownership changes. The other class's interest rate also is adjusted, but inversely to changes in the interest rate of the first class.

(4) Structured Notes. Structured notes typically are purchased in privately negotiated transactions from financial institutions and, therefore, may not have an active trading market. When the Fund purchases a structured note, it will make a payment of principal to the counterparty. Some structured notes have a guaranteed repayment of principal while others place a portion (or all) of the principal at risk. The possibility of default by the counterparty or its credit provider may be greater for structured notes than for other types of money market instruments.

Ratings of Municipal Obligations. The Fund may invest only in those Municipal Obligations which are rated in one of the two highest rating categories for debt obligations by at least two rating organizations (or one rating organization if the instrument was rated by only one such organization) or, if unrated, are of comparable quality as determined in accordance with procedures established by the Fund's Board.

The average distribution of investments (at value) in Municipal Obligations (including notes) by rating for the fiscal year ended November 30, 2005, computed on a monthly basis, was as follows:

<u>Fitch Ratings ("Fitch")</u>	or	<u>Moody's Investors Service, Inc. ("Moody's")</u>	or	<u>Standard & Poor's Ratings Services ("S&P")</u>	<u>Percentage of Value</u>
F-1+/F-1		MIG1/VMIG1, P-1		SP-1+/SP-1, A1+/A1	74.4%
AAA/AA		Aaa/Aa		AAA/AA	6.9%
Not Rated		Not Rated		Not Rated	<u>18.7%¹</u>
					<u>100.0%</u>

If, subsequent to its purchase by the Fund, (a) an issue of rated Municipal Obligations ceases to be rated in the highest rating category by at least two rating organizations (or one rating organization if the instrument was rated by only one such organization) or the Fund's Board determines that it is no longer of comparable quality or (b) the Manager becomes aware that any portfolio security not so highly rated or any unrated security has been given a rating by any rating organization below the rating organization's second highest rating category, the Fund's Board will reassess promptly whether such security presents minimal credit risk and will cause the Fund to take such action as it determines is in the best interest of the Fund and its shareholders; provided that the reassessment required by clause (b) is not required if the portfolio security is disposed of or matures within five business days of the Manager becoming aware of the new rating and the Fund's Board is subsequently notified of the Manager's actions.

To the extent the ratings given by Moody's, S&P or Fitch (collectively, the "Rating Agencies") for Municipal Obligations may change as a result of changes in such organization or their rating systems, the Fund will attempt to use comparable ratings as standards for its investments in accordance with the investment policies described in the Fund's Prospectus and

¹ Included in the not rated category are securities which, while not rated, all have been determined by the Manager to be of comparable quality to securities in the MIG1/SP-1/F-1 rating category.

this Statement of Additional Information. The ratings of the Rating Agencies represent their opinions as to the quality of the Municipal Obligations which they undertake to rate. It should be emphasized, however, that ratings are relative and subjective and are not absolute standards of quality. Although these ratings may be an initial criterion for selection of portfolio investments, the Manager also will evaluate these securities and the creditworthiness of the issuers of such securities.

Taxable Investments. From time to time, on a temporary basis other than for temporary defensive purposes (but not to exceed 20% of the value of the Fund's net assets) or for temporary defensive purposes, the Fund may invest in taxable short-term investments ("Taxable Investments") consisting of: notes of issuers having, at the time of purchase, a quality rating within the two highest grades of a Rating Agency; obligations of the U.S. Government, its agencies or instrumentalities; commercial paper rated not lower than P-2 by Moody's, A-2 by S&P or F-2 by Fitch; certificates of deposit of U.S. domestic banks, including foreign branches of domestic banks, with assets of \$1 billion or more; time deposits; bankers' acceptances and other short-term bank obligations; and repurchase agreements in respect of any of the foregoing. Dividends paid by the Fund that are attributable to income earned by the Fund from Taxable Investments will be taxable to investors. See "Dividends, Distributions and Taxes." Except for temporary defensive purposes, at no time will more than 20% of the value of the Fund's net assets be invested in Taxable Investments. If the Fund purchases Taxable Investments, it will value them using the amortized cost method and comply with the provisions of Rule 2a-7 relating to purchases of taxable instruments. When the Fund has adopted a temporary defensive position, including when acceptable New Jersey Municipal Obligations are unavailable for investment by the Fund, in excess of 20% of the Fund's net assets may be invested in securities that are not exempt from State of New Jersey income tax. Under normal market conditions, the Fund anticipates that not more than 5% of the value of its total assets will be invested in any one category of Taxable Investments.

Illiquid Securities. The Fund may invest up to 10% of the value of its net assets in securities as to which a liquid trading market does not exist, provided such investments are consistent with the Fund's investment objective. Such securities may include securities that are not readily marketable, such as securities subject to legal or contractual restrictions on resale, and repurchase agreements providing for settlement in more than seven days after notice. As to these securities, the Fund is subject to a risk that should the Fund desire to sell them when a ready buyer is not available at a price the Fund deems representative of their value, the value of the Fund's net assets could be adversely affected.

Investment Techniques

The following information supplements and should be read in conjunction with the Fund's Prospectus.

Borrowing Money. The Fund may borrow money from banks, but only for temporary or emergency (not leveraging) purposes, in an amount up to 15% of the value of its total assets (including the amount borrowed) valued at the lesser of cost or market, less liabilities (not including the amount borrowed) at the time the borrowing is made. While such borrowings exceed 5% of the Fund's total assets, the Fund will not make any additional investments.

Stand-By Commitments. To the extent consistent with the requirements for a “qualified investment fund” under the New Jersey gross income tax, the Fund may acquire “stand-by commitments” with respect to Municipal Obligations held in its portfolio. Under a stand-by commitment, the Fund obligates a broker, dealer or bank to repurchase, at the Fund's option, specified securities at a specified price and, in this respect, stand-by commitments are comparable to put options. The exercise of a stand-by commitment, therefore, is subject to the ability of the seller to make payment on demand. The Fund will acquire stand-by commitments solely to facilitate portfolio liquidity and does not intend to exercise its rights thereunder for trading purposes. The Fund may pay for stand-by commitments if such action is deemed necessary, thus increasing to a degree the cost of the underlying Municipal Obligation and similarly decreasing such security's yield to investors. Gains realized in connection with stand-by commitments will be taxable.

Forward Commitments. The Fund may purchase Municipal Obligations and other securities on a forward commitment, when-issued or delayed delivery basis, which means that delivery and payment take place a number of days after the date of the commitment to purchase. The payment obligation and the interest rate receivable on a forward commitment, when-issued or delayed delivery security are fixed when the Fund enters into the commitment, but the Fund does not make payment until it receives delivery from the counterparty. The Fund will commit to purchase such securities only with the intention of actually acquiring the securities, but the Fund may sell these securities before the settlement date if it is deemed advisable. The Fund will segregate permissible liquid assets at least equal at all times to the amount of the Fund's purchase commitments.

Municipal Obligations and other securities purchased on a forward commitment, when-issued or delayed delivery basis are subject to changes in value (generally changing in the same way, i.e., appreciating when interest rates decline and depreciating when interest rates rise) based upon the public's perception of the creditworthiness of the issuer and changes, real or anticipated, in the level of interest rates. Securities purchased on a forward commitment, when-issued or delayed delivery basis may expose the Fund to risks because they may experience such fluctuations prior to their actual delivery. Purchasing securities on a forward commitment, when-issued or delayed delivery basis can involve the additional risk that the yield available in the market when the delivery takes place actually may be higher than that obtained in the transaction itself. Purchasing securities on a forward commitment, when-issued or delayed delivery basis when the Fund is fully or almost fully invested may result in greater potential fluctuation in the value of the Fund's net assets and its net asset value per share.

Certain Investment Considerations and Risks

General. The Fund attempts to increase yields by trading to take advantage of short-term market variations. This policy is expected to result in high portfolio turnover but should not adversely affect the Fund since the Fund usually does not pay brokerage commissions when purchasing short-term obligations. The value of the portfolio securities held by the Fund will vary inversely to changes in prevailing interest rates. Thus, if interest rates have increased from the time a security was purchased, such security, if sold, might be sold at a price less than its cost. Similarly, if interest rates have declined from the time a security was purchased, such

security, if sold, might be sold at a price greater than its purchase cost. In either instance, if the security was purchased at face value and held to maturity, no gain or loss would be realized.

Investing in Municipal Obligations. The Fund may invest more than 25% of the value of its total assets in Municipal Obligations which are related in such a way that an economic, business or political development or change affecting one such security also would affect the other securities; for example, securities the interest upon which is paid from revenues of similar types of projects. As a result, the Fund may be subject to greater risk as compared to a municipal money market fund that does not follow this practice.

Certain municipal lease/purchase obligations in which the Fund may invest may contain “non-appropriation” clauses which provide that the municipality has no obligation to make lease payments in future years unless money is appropriated for such purpose on a yearly basis. Although “non-appropriation” lease/purchase obligations are secured by the leased property, disposition of the leased property in the event of foreclosure might prove difficult. In evaluating the credit quality of a municipal lease/purchase obligation that is unrated, the Manager will consider, on an ongoing basis, a number of factors including the likelihood that the issuing municipality will discontinue appropriating funds for the leased property.

Certain provisions in the Internal Revenue Code of 1986, as amended (the “Code”), relating to the issuance of Municipal Obligations may reduce the volume of Municipal Obligations qualifying for Federal tax exemption. One effect of these provisions could be to increase the cost of the Municipal Obligations available for purchase by the Fund and thus reduce available yield. Shareholders should consult their tax advisers concerning the effect of these provisions on an investment in the Fund. Proposals that may restrict or eliminate the income tax exemption for interest on Municipal Obligations may be introduced in the future. If any such proposal were enacted that would reduce the availability of Municipal Obligations for investment by the Fund so as to adversely affect Fund shareholders, the Fund would reevaluate its investment objective and policies and submit possible changes in the Fund's structure to shareholders for their consideration. If legislation were enacted that would treat a type of Municipal Obligation as taxable, the Fund would treat such security as a permissible Taxable Investment within the applicable limits set forth herein.

Investing in New Jersey Municipal Obligations. Since the Fund is concentrated in securities issued by New Jersey or entities within New Jersey, an investment in the Fund may involve greater risk than investments in certain other types of municipal money market funds. You should consider carefully the special risks inherent in the Fund's investment in New Jersey Municipal Obligations. You should review the information in “Appendix A” which provides a brief summary of special investment considerations and risk factors relating to investing in New Jersey Municipal Obligations.

Simultaneous Investments. Investment decisions for the Fund are made independently from those of other investment companies advised by the Manager. If, however, such other investment companies desire to invest in, or dispose of, the same securities as the Fund, the Manager will ordinarily seek to aggregate (or “bunch”) orders that are placed or received concurrently for more than one investment company and available investments or opportunities for sales will be allocated equitably to each investment company. In some cases, this procedure

may adversely affect the size of the position obtained for or disposed of by the Fund or the price paid or received by the Fund.

Investment Restrictions

The Fund's investment objective, and its policy to invest normally at least 80% of its net assets (plus any borrowings for investment purposes) in New Jersey Municipal Obligations (or other instruments with similar economic characteristics), are fundamental policies, which cannot be changed without approval by the holders of a majority (as defined in the 1940 Act) of the Fund's outstanding voting shares. In addition, the Fund has adopted investment restrictions numbered 1 through 10 as fundamental policies. Investment restriction number 11 is not a fundamental policy and may be changed by a vote of a majority of the Fund's Board members at any time. The Fund may not:

1. Purchase securities other than Municipal Obligations and Taxable Investments as those terms are defined above and in the Prospectus.
2. Borrow money, except from banks for temporary or emergency (not leveraging) purposes in an amount up to 15% of the value of the Fund's total assets (including the amount borrowed) based on the lesser of cost or market, less liabilities (not including the amount borrowed) at the time the borrowing is made. While borrowings exceed 5% of the value of the Fund's total assets, the Fund will not make any additional investments.
3. Pledge, hypothecate, mortgage or otherwise encumber its assets, except to secure borrowings for temporary or emergency purposes.
4. Sell securities short or purchase securities on margin.
5. Underwrite the securities of other issuers, except that the Fund may bid separately or as part of a group for the purchase of Municipal Obligations directly from an issuer for its own portfolio to take advantage of the lower purchase price available.
6. Purchase or sell real estate, real estate investment trust securities, commodities or commodity contracts, or oil and gas interests, but this shall not prevent the Fund from investing in Municipal Obligations secured by real estate or interests therein.
7. Make loans to others except through the purchase of qualified debt obligations and the entry into repurchase agreements referred to above and in the Fund's Prospectus.
8. Invest more than 25% of its total assets in the securities of issuers in any single industry; provided that there shall be no such limitation on the purchase of Municipal Obligations and, for temporary defensive purposes, securities issued by domestic banks and obligations issued or guaranteed by the U.S. Government, its agencies or instrumentalities.
9. Invest in companies for the purpose of exercising control.

10. Invest in securities of other investment companies, except as they may be acquired as part of a merger, consolidation or acquisition of assets.

11. Enter into repurchase agreements providing for settlement in more than seven days after notice or purchase securities which are illiquid if, in the aggregate, more than 10% of the value of the Fund's net assets would be so invested.

For purposes of Investment Restriction No. 8, industrial development bonds, where the payment of principal and interest is the ultimate responsibility of companies within the same industry, are grouped together as an "industry."

If a percentage restriction is adhered to at the time of investment, a change in percentage resulting from a change in values or assets will not constitute a violation of such restriction.

MANAGEMENT OF THE FUND

The Fund's Board is responsible for the management and supervision of the Fund, and approves all significant agreements with those companies that furnish services to the Fund. These companies are as follows:

The Dreyfus Corporation	Investment Adviser
Dreyfus Service Corporation	Distributor
Dreyfus Transfer, Inc.	Transfer Agent
The Bank of New York.....	Custodian

Board Members of the Fund¹

Board members of the Fund, together with information as to their positions with the Fund, principal occupations and other board memberships and affiliations, are shown below.

<u>Name (Age)</u> <u>Position with Fund (Since)</u>	<u>Principal Occupation</u> <u>During Past 5 Years</u>	<u>Other Board Memberships and Affiliations</u>
Joseph S. DiMartino (62) Chairman of the Board (1995)	Corporate Director and Trustee	The Muscular Dystrophy Association, Director Levcor International, Inc., an apparel fabric processor, <i>Director</i> Century Business Services, Inc., a provider of outsourcing functions for small and medium size companies, <i>Director</i> The Newark Group, a provider of a national market of paper recovery facilities, paperboard mills and paperboard converting plants, <i>Director</i> Sunair Services Corporation, engaging in the design, manufacture and sale of high frequency systems for long-range voice and data communications, as well as providing certain outdoor-related services to homes and businesses, <i>Director</i>

¹ None of the Board members are "interested persons" of the Fund, as defined in the 1940 Act.

<u>Name (Age)</u> <u>Position with Fund (Since)</u>	<u>Principal Occupation</u> <u>During Past 5 Years</u>	<u>Other Board Memberships and Affiliations</u>
David W. Burke (69) Board Member (1994)	Corporate Director and Trustee	John F. Kennedy Library Foundation, <i>Director</i> U.S.S. Constitution Museum, <i>Director</i>
Gordon J. Davis (64) Board Member (1995)	Partner in the law firm of LeBoeuf, Lamb, Greene & MacRae LLP President, Lincoln Center for the Performing Arts, Inc. (2001)	Consolidated Edison, Inc., a utility company, <i>Director</i> Phoenix Companies, Inc., a life insurance company, <i>Director</i> Board Member/Trustee for several not-for- profit groups
Joni Evans (63) Board Member (1988)	Principal, Joni Evans, Ltd. Senior Vice President of the William Morris Agency (2005)	None
Arnold S. Hiatt (78) Board Member (1988)	Chairman of The Stride Rite Charitable Foundation	Isabella Stewart Gardner Museum, <i>Trustee</i> John Merck Fund, a charitable trust, <i>Trustee</i> Business for Social Responsibility, <i>Chairman</i> The A.M. Fund, <i>Trustee</i>
Burton N. Wallack (55) Board Member (1991)	President and co-owner of Wallack Management Company, a real estate management company	None

Board members are elected to serve for an indefinite term. The Fund has standing audit, nominating and compensation committees, each comprised of its Board members who are not “interested persons” of the Fund, as defined in the 1940 Act. The function of the audit committee is (i) to oversee the Fund's accounting and financial reporting processes and the audits of the Fund’s financial statements and (ii) to assist in the Board’s oversight of the integrity of the Fund’s financial statements, the Fund’s compliance with legal and regulatory requirements and the independent registered public accounting firm’s qualifications, independence and performance. The Fund’s nominating committee, among other things, is responsible for selecting and nominating persons as members of the Board for election or appointment by the Board and for election by shareholders. In evaluating potential nominees, including any nominees recommended by shareholders, the committee takes into consideration various factors listed in the nominating committee charter, including character and integrity, business and professional experience, and whether the committee believes the person has the ability to apply sound and independent business judgment and would act in the interest of the Fund and its shareholders. The nominating committee will consider recommendations for nominees from shareholders submitted to the Secretary of the Fund, c/o The Dreyfus Corporation Legal Department, 200 Park Avenue, 8th Floor East, New York, New York 10166, which includes information regarding the recommended nominee as specified in the nominating committee charter. The function of the compensation committee is to establish the appropriate compensation for serving on the Board. The Fund also has a standing evaluation committee comprised of any one Board member. The function of the evaluation committee is to assist in valuing the Fund's investments. The Fund’s audit committee met four times and the compensation and nominating committees each met once during the fiscal year ended November 30, 2005. The evaluation committee did not meet during the last fiscal year.

The table below indicates the dollar range of each Board member's ownership of Fund shares and shares of other funds in the Dreyfus Family of Funds for which he or she is a Board member, in each case as of December 31, 2005.

<u>Name of Board Member</u>	<u>The Fund</u>	<u>Aggregate Holding of Funds in the Dreyfus Family of Funds for which Responsible as a Board Member</u>
Joseph S. DiMartino	None	Over \$100,000
David W. Burke	None	Over \$100,000
Gordon J. Davis	None	\$10,001-\$50,000
Joni Evans	None	\$10,001-\$50,000
Arnold S. Hiatt	None	None
Burton N. Wallack	None	None

As of December 31, 2005, none of the Board members or their immediate family members owned securities of the Manager, the Distributor or any person (other than a registered investment company) directly or indirectly controlling, controlled by or under common control with the Manager or the Distributor.

The Fund typically pays its Board members its allocated portion of an annual retainer of \$30,000 and a fee of \$4,000 per meeting (with a minimum of \$500 per meeting and per telephone meeting) attended for the Fund and 10 other funds (comprised of 15 portfolios) in the Dreyfus Family of Funds, and reimburses them for their expenses. The Chairman of the Board receives an additional 25% of such compensation. Emeritus Board members are entitled to receive an annual retainer and a per meeting fee of one-half the amount paid to them as Board members. The aggregate amount of compensation paid to each Board member by the Fund for the fiscal year ended November 30, 2005, and by all funds in the Dreyfus Family of Funds for which such person was a Board member (the number of portfolios of such funds is set forth in parenthesis next to each Board member's total compensation) during the year ended December 31, 2005, was as follows:

<u>Name of Board Member</u>	<u>Aggregate Compensation From the Fund *</u>	<u>Total Compensation From the Fund and Fund Complex Paid to Board Member (**)</u>
Joseph S. DiMartino	\$3,489	\$833,262 (190)
David W. Burke	\$2,785	\$287,500 (84)
Samuel Chase ⁺	\$2,109	\$ 34,799 (15)
Gordon J. Davis	\$2,785	\$100,500 (24)
Joni Evans	\$2,785	\$ 50,000 (15)

<u>Name of Board Member</u>	<u>Aggregate Compensation From the Fund *</u>	<u>Total Compensation From the Fund and Fund Complex Paid to Board Member (**)</u>
Arnold S. Hiatt	\$2,574	\$ 46,000 (15)
Burton N. Wallack	\$2,785	\$ 50,000 (15)

* Amount does not include the cost of office space, secretarial services and health benefits for the Chairman and expenses reimbursed to Board members for attending Board meetings, which in the aggregate amounted to \$3,724 for all Board members as a group.

** Represents the number of separate portfolios comprising the investment companies in the Fund Complex, including the Fund, for which the Board member serves.

+ Emeritus Board member since November 8, 2005.

Officers of the Fund

STEPHEN E. CANTER, President since March 2000. Chairman of the Board, Chief Executive Officer, and Chief Operating Officer of the Manager, and an officer of 90 investment companies (comprised of 184 portfolios) managed by the Manager. Mr. Canter also is a Board member and, where applicable, an Executive Committee Member of the other investment management subsidiaries of Mellon Financial Corporation, each of which is an affiliate of the Manager. He is 60 years old and has been an employee of the Manager since May 1995.

STEPHEN R. BYERS, Executive Vice President since November 2002. Chief Investment Officer, Vice Chairman and a director of the Manager, and an officer of 90 investment companies (comprised of 184 portfolios) managed by the Manager. Mr. Byers also is an officer, director or an Executive Committee Member of certain other investment management subsidiaries of Mellon Financial Corporation, each of which is an affiliate of the Manager. He is 52 years old and has been an employee of the Manager since January 2000.

MARK N. JACOBS, Vice President since March 2000. Executive Vice President, Secretary and General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 59 years old and has been an employee of the Manager since June 1977.

MICHAEL A. ROSENBERG, Vice President and Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 45 years old and has been an employee of the Manager since October 1991.

JAMES BITETTO, Vice President and Assistant Secretary since August 2005. Assistant General Counsel and Assistant Secretary of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 39 years old and has been an employee of the Manager since December 1996.

JONI LACKS CHARATAN, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. She is 50 years old and has been an employee of the Manager since October 1988.

JOSEPH M. CHIOFFI, Vice President and Assistant Secretary since August 2005. Assistant General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 44 years old and has been an employee of the Manager since June 2000.

JANETTE E. FARRAGHER, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. She is 43 years old and has been an employee of the Manager since February 1984.

JOHN B. HAMMALIAN, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 42 years old and has been an employee of the Manager since February 1991.

ROBERT R. MULLERY, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 53 years old and has been an employee of the Manager since May 1986.

JEFF PRUSNOFSKY, Vice President and Assistant Secretary since August 2005. Associate General Counsel of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 40 years old and has been an employee of the Manager since October 1990.

JAMES WINDELS, Treasurer since November 2001. Director-Mutual Fund Accounting of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 47 years old and has been an employee of the Manager since April 1985.

ERIK D. NAVILOFF, Assistant Treasurer since August 2005. Senior Accounting Manager – Taxable Fixed Income Funds of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 37 years old and has been an employee of the Manager since November 1992.

GAVIN C. REILLY, Assistant Treasurer since December 2005. Tax Manager of the Investment Accounting and Support Department of the Manager, and an officer of 91 investment

companies (comprised of 200 portfolios) managed by the Manager. He is 37 years old and has been an employee of the Manager since April 1991.

ROBERT S. ROBOL, Assistant Treasurer August 2003. Senior Accounting Manager – Money Market and Municipal Bond Funds of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 41 years old and has been an employee of the Manager since October 1988.

ROBERT SVAGNA, Assistant Treasurer since August 2005. Senior Accounting Manager – Equity Funds of the Manager, and an officer of 91 investment companies (comprised of 200 portfolios) managed by the Manager. He is 38 years old and has been an employee of the Manager since November 1990.

WILLIAM GERMENIS, Anti-Money Laundering Compliance Officer since October 2002. Vice President and Anti-Money Laundering Compliance Officer of the Distributor, and the Anti-Money Laundering Compliance Officer of 87 investment companies (comprised of 196 portfolios) managed by the Manager. He is 35 years old and has been an employee of the Distributor since October 1998.

JOSEPH W. CONNOLLY, Chief Compliance Officer since September 2004. Chief Compliance Officer of the Manager and The Dreyfus Family of Funds (91 investment companies, comprised of 200 portfolios). From November 2001 through March 2004, Mr. Connolly was first Vice-President, Mutual Fund Servicing for Mellon Global Securities Services. In that capacity, Mr. Connolly was responsible for managing Mellon's Custody, Fund Accounting and Fund Administration services to third-party mutual fund clients. He is 48 years old and has served in various capacities with the Manager since 1980, including manager of the firm's Fund Accounting Department from 1997 through October 2001.

The address of each Board member and officer of the Fund is 200 Park Avenue, New York, New York 10166.

The Fund's Board members and officers, as a group, owned less than 1% of the Fund's shares outstanding on January 10, 2006.

The following shareholders owned of record 5% or more of the Fund's shares outstanding on January 10, 2006: Hare & Co., c/o The Bank of New York, Short Term Investment Funds, 111 Sanderscreek Pkwy, 2nd Fl., E. Syracuse, NY 13057-1382 (9.59%); Janney Montgomery Scott LLC, 1801 Market Street, Philadelphia, PA 19103-1628 (7.50%); and Pershing, Cash Management Services, One Pershing Plaza, Harborside III, 6th Floor, Jersey City, NJ 07399 (7.02%).

MANAGEMENT ARRANGEMENTS

Investment Adviser. The Manager is a wholly-owned subsidiary of Mellon Financial Corporation ("Mellon"). Mellon is a global financial holding company incorporated under Pennsylvania law in 1971 and registered under the Federal Bank Holding Company Act of 1956,

as amended. Mellon provides a comprehensive range of financial products and services in domestic and selected international markets.

The Manager provides management services pursuant to a Management Agreement (the “Agreement”) between the Fund and the Manager. The Agreement is subject to annual approval by (i) the Fund's Board or (ii) vote of a majority (as defined in the 1940 Act) of the outstanding voting securities of the Fund, provided that in either event the continuance also is approved by a majority of the Board members who are not “interested persons” (as defined in the 1940 Act) of the Fund or the Manager by vote cast in person at a meeting called for the purpose of voting on such approval. The Agreement is terminable without penalty, on 60 days’ notice, by the Fund's Board, or by vote of the holders of a majority of the Fund's shares, or, on not less than 90 days' notice, by the Manager. The Agreement will terminate automatically in the event of its assignment (as defined in the 1940 Act).

The following persons are officers and/or directors of the Manager: Stephen E. Canter, Chair of the Board, Chief Executive Officer and Chief Operating Officer; Thomas F. Eggers, President and a director; Stephen R. Byers, Chief Investment Officer, Vice Chair and a director; J. Charles Cardona, Vice Chair and a director; Diane P. Durnin, Vice Chair and a director; J. David Officer, Vice Chair and a director; Mark N. Jacobs, Executive Vice President, General Counsel and Secretary; Patrice M. Kozlowski, Senior Vice President--Corporate Communications; Lisa A. Fox, Vice President-Human Resources; Anthony Mayo, Vice President-Information Systems; Theodore A. Schachar, Vice President-Tax; Alex G. Sciulli, Vice President; Wendy H. Strutt, Vice President; Gary Pierce, Controller; Joseph W. Connolly, Chief Compliance Officer; James Bitetto, Assistant Secretary; and Steven G. Elliott, David F. Lamere, Martin G. McGuinn, Ronald P. O'Hanley III and Richard W. Sabo, directors.

The Manager manages the Fund's investments in accordance with the stated policies of the Fund, subject to the approval of the Fund's Board. The Manager is responsible for investment decisions and provides the Fund with portfolio managers who are authorized by the Fund's Board to execute purchases and sales of securities. The Fund's portfolio managers are Joseph P. Darcy, A. Paul Disdier, Douglas J. Gaylor, Joseph Irace, Colleen Meehan, W. Michael Petty, Scott Sprauer, Bill Vasiliou, James Welch and Monica S. Wieboldt. The Manager also maintains a research department with a professional staff of portfolio managers and securities analysts who provide research services for the Fund and for other funds advised by the Manager.

The Manager's Code of Ethics subjects its employees' personal securities transactions to various restrictions to ensure that such trading does not disadvantage any fund advised by the Manager. In that regard, portfolio managers and other investment personnel of the Manager must preclear and report their personal securities transactions and holdings, which are reviewed for compliance with the Code of Ethics and are also subject to the oversight of Mellon's Investment Ethics Committee (the “Committee”). Portfolio managers and other investment personnel of the Manager who comply with the preclearance and disclosure procedures of the Code of Ethics and the requirements of the Committee may be permitted to purchase, sell or hold securities which also may be or are held in fund(s) they manage or for which they otherwise provide investment advice.

The Manager maintains office facilities on behalf of the Fund, and furnishes statistical and research data, clerical help, accounting, data processing, bookkeeping and internal auditing and certain other required services to the Fund. The Manager may pay the Distributor for shareholder services from the Manager's own assets, including past profits but not including the management fee paid by the Fund. The Distributor may use part or all of such payments to pay certain financial institutions (which may include banks), securities dealers and other industry professionals (collectively, "Service Agents") in respect of these services. The Manager also may make such advertising and promotional expenditures, using its own resources, as it from time to time deems appropriate.

Expenses. All expenses incurred in the operation of the Fund are borne by the Fund, except to the extent specifically assumed by the Manager. The expenses borne by the Fund include, without limitation, the following: taxes, interest, loan commitment fees, interest and distributions paid on securities sold short, brokerage fees and commissions, if any, fees of Board members who are not officers, directors, employees or holders of 5% or more of the outstanding voting securities of the Manager, Securities and Exchange Commission fees, state Blue Sky qualification fees, advisory fees, charges of custodians, transfer and dividend disbursing agents' fees, certain insurance premiums, industry association fees, outside auditing and legal expenses, costs of maintaining the Fund's existence, costs of independent pricing services, costs attributable to investor services (including, without limitation, telephone and personnel expenses), costs of shareholders' reports and meetings, costs of preparing and printing prospectuses and statements of additional information for regulatory purposes and for distribution to existing shareholders, and any extraordinary expenses.

As compensation for the Manager's services, the Fund has agreed to pay the Manager a monthly management fee at the annual rate of 0.50% of the value of the Fund's average daily net assets. All fees and expenses are accrued daily and deducted before the declaration of dividends to shareholders. For the fiscal years ended January 31, 2004, 2005, and for the fiscal period ended November 30, 2005, the management fees paid by the Fund amounted to \$2,044,646, \$1,874,267, and \$1,525,617, respectively.

The Manager has agreed that if in any fiscal year the aggregate expenses of the Fund, exclusive of taxes, brokerage, interest on borrowings and (with the prior written consent of the necessary state securities commissions) extraordinary expenses, but including the management fee, exceed the expense limitation of any state having jurisdiction over the Fund, the Fund may deduct from the payment to be made to the Manager under the Agreement, or the Manager will bear, such excess expense to the extent required by state law. Such deduction or payment, if any, will be estimated daily, and reconciled and effected or paid, as the case may be, on a monthly basis.

The aggregate of the fees payable to the Manager is not subject to reduction as the value of the Fund's net assets increases.

Distributor. The Distributor, a wholly-owned subsidiary of the Manager located at 200 Park Avenue, New York, New York 10166, serves as the Fund's distributor on a best efforts basis pursuant to an agreement with the Fund which is renewable annually.

The Manager or the Distributor may provide cash payments out of its own resources to financial intermediaries that sell shares of the Fund or provide other services. Such payments are in addition to any shareholder services fees or other expenses paid by the Fund. These additional payments may be made to certain Service Agents, including affiliates, that provide shareholder servicing, sub-administration, recordkeeping and/or sub-transfer agency services, marketing support and/or access to sales meetings, sales representatives and management representatives of the Service Agent. Cash compensation also may be paid to Service Agents for inclusion of the Fund on a sales list, including a preferred or select sales list or in other sales programs. These payments sometimes are referred to as “revenue sharing”. In some cases, these payments may create an incentive for a Service Agent to recommend or sell shares of the Fund to you. Please contact your Service Agent for details about any payments it may receive in connection with the sale of Fund shares or the provision of services to the Fund.

From time to time, the Manager or the Distributor also may provide cash or non-cash compensation to Service Agents in the form of: occasional gifts; occasional meals, tickets or other entertainment; support for due diligence trips; educational conference sponsorship; support for recognition programs; and other forms of cash or non-cash compensation permissible under broker-dealer regulations, as periodically amended.

Transfer and Dividend Disbursing Agent and Custodian. Dreyfus Transfer, Inc. (the “Transfer Agent”), a wholly-owned subsidiary of the Manager, 200 Park Avenue, New York, New York 10166, is the Fund's transfer and dividend disbursing agent. Under a transfer agency agreement with the Fund, the Transfer Agent arranges for the maintenance of shareholder account records for the Fund, the handling of certain communications between shareholders and the Fund and the payment of dividends and distributions payable by the Fund. For these services, the Transfer Agent receives a monthly fee computed on the basis of the number of shareholder accounts it maintains for the Fund during the month, and is reimbursed for certain out-of-pocket expenses.

The Bank of New York (the “Custodian”), One Wall Street, New York, New York 10286, is the Fund's custodian. The Custodian has no part in determining the investment policies of the Fund or which securities are to be purchased or sold by the Fund. Under a custody agreement with the Fund, the Custodian holds the Fund's securities and keeps all necessary accounts and records. For its custody services, the Custodian receives a monthly fee based on the market value of the Fund's assets held in custody and receives certain securities transactions charges.

HOW TO BUY SHARES

General. Fund shares may be purchased through the Distributor or Service Agents that have entered into service agreements with the Distributor. Fund shares are sold without a sales charge. You may be charged a fee if you effect transactions in Fund shares through a Service Agent. You will be charged a fee if an investment check is returned unpayable. Stock certificates are issued only upon your written request. No certificates are issued for fractional shares. It is not recommended that the Fund be used as a vehicle for Keogh, IRA or other qualified retirement plans. The Fund reserves the right to reject any purchase order.

As discussed under “Management Arrangements-Distributor,” Service Agents may receive revenue sharing payments from the Manager or the Distributor. The receipt of such payments could create an incentive for a Service Agent to recommend or sell shares of the Fund instead of other mutual funds where such payments are not received. Please contact your Service Agent for details about any payments it may receive in connection with the sale of Fund shares or the provision of services to the Fund.

The minimum initial investment is \$2,500, or \$1,000 if you are a client of a Service Agent which maintains an omnibus account in the Fund and has made an aggregate minimum initial purchase for its customers of \$2,500. Subsequent investments must be at least \$100. The initial investment must be accompanied by the Account Application. For full-time or part-time employees of the Manager or any of its affiliates or subsidiaries, directors of the Manager, Board members of a fund advised by the Manager, including members of the Fund's Board, or the spouse or minor child of any of the foregoing, the minimum initial investment is \$1,000. For full-time or part-time employees of the Manager or any of its affiliates or subsidiaries who elect to have a portion of their pay directly deposited into their Fund accounts, the minimum initial investment is \$50. Fund shares are offered without regard to the minimum initial investment requirements to Board members of a fund advised by the Manager, including members of the Fund's Board, who elect to have all or a portion of their compensation for serving in that capacity automatically invested in the Fund. The Fund reserves the right to vary the initial and subsequent investment minimum requirements at any time.

Fund shares also are offered without regard to the minimum initial investment requirements through Dreyfus-Automatic Asset Builder[®], Dreyfus Government Direct Deposit Privilege or Dreyfus Payroll Savings Plan pursuant to the Dreyfus Step Program described under “Shareholder Services.” These services enable you to make regularly scheduled investments and may provide you with a convenient way to invest for long-term financial goals. You should be aware, however, that periodic investment plans do not guarantee a profit and will not protect you against loss in a declining market.

Shares are sold on a continuous basis at the net asset value per share next determined after an order in proper form and Federal Funds (monies of member banks within the Federal Reserve System which are held on deposit at a Federal Reserve Bank) are received by the Transfer Agent or other entity authorized to receive orders on behalf of the Fund. If you do not remit Federal Funds, your payment must be converted into Federal Funds. This usually occurs within one business day of receipt of a bank wire or within two business days of receipt of a check drawn on a member bank of the Federal Reserve System. Checks drawn on banks which are not members of the Federal Reserve System may take considerably longer to convert into Federal Funds. Prior to receipt of Federal Funds, your money will not be invested. Net asset value per share is determined as of 12:00 Noon, Eastern time, on each day the New York Stock Exchange is open for regular business. The Fund also may process purchase and sale orders and calculate its net asset value on days that the Fund's primary trading markets are open and the Fund's management determines to do so. Net asset value per share is computed by dividing the value of the Fund's net assets (i.e., the value of its assets less liabilities) by the total number of shares outstanding. See “Determination of Net Asset Value.”

If your payments are received in or converted into Federal Funds by 12:00 Noon, Eastern time, by the Transfer Agent, you will receive the dividend declared that day. If your payments are received in or converted into Federal Funds after 12:00 Noon, Eastern time, by the Transfer Agent, you will begin to accrue dividends on the following business day.

Qualified institutions may place telephone orders for the purchase of Fund shares. These orders will become effective at the price determined at 12:00 Noon, Eastern time, and the shares purchased will receive the dividend on Fund shares declared on that day, if the telephone order is placed by 12:00 Noon, Eastern time, and Federal Funds are received by 4:00 p.m., Eastern time, on that day.

Using Federal Funds. The Transfer Agent or the Fund may attempt to notify you upon receipt of checks drawn on banks that are not members of the Federal Reserve System as to the possible delay in conversion into Federal Funds and may attempt to arrange for a better means of transmitting the money. If you are a customer of a Service Agent and your order to purchase Fund shares is paid for other than in Federal Funds, the Service Agent, acting on your behalf, will complete the conversion into, or itself advance, Federal Funds, generally on the business day following receipt of your order. The order is effective only when so converted and received by the Transfer Agent. If you have sufficient Federal Funds or a cash balance in your brokerage account with a Service Agent, your order to purchase Fund shares will become effective on the day that the order, including Federal Funds, is received by the Transfer Agent.

Dreyfus TeleTransfer Privilege. You may purchase shares by telephone or online if you have checked the appropriate box and supplied the necessary information on the Account Application or have filed a Shareholder Services Form with the Transfer Agent. The proceeds will be transferred between the bank account designated in one of these documents and your Fund account. Only a bank account maintained in a domestic financial institution which is an Automated Clearing House ("ACH") member may be so designated.

Dreyfus TeleTransfer purchase orders may be made at any time. If purchase orders are received by 4:00 p.m., Eastern time, on any day the Transfer Agent and the New York Stock Exchange are open for regular business, Fund shares will be purchased at the share price determined on that day. If purchase orders are made after 4:00 p.m., Eastern time, on any day the Transfer Agent and the New York Stock Exchange are open for regular business, or made on Saturday, Sunday or any Fund holiday (e.g., when the New York Stock Exchange is not open for regular business), Fund shares will be purchased at the share price determined on the next business day following such purchase order. To qualify to use Dreyfus TeleTransfer Privilege, the initial payment for purchase of Fund shares must be drawn on, and redemption proceeds paid to, the same bank and account as are designated on the Account Application or Shareholder Services Form on file. If the proceeds of a particular redemption are to be sent to an account at any other bank, the request must be in writing and signature-guaranteed. See "How to Redeem Shares--Dreyfus TeleTransfer Privilege."

Transactions Through Service Agents. Fund shares may be purchased and redeemed through Service Agents which may charge a fee for such services. Some Service Agents will place Fund shares in an account with their firm. Service Agents also may require that the customer not take physical delivery of stock certificates; the customer not request redemption

checks to be issued in the customer's name; fractional shares not be purchased; monthly income distributions be taken in cash; or other conditions.

There is no sales charge by the Fund or the Distributor, although Service Agents may make reasonable charges to investors for their services. The services provided and the applicable fees are established by each dealer or other institution acting independently of the Fund. The Fund understands that these fees may be charged for customer services, including, but not limited to, same-day investment of client funds; same-day access to client funds; advice to customers about the status of their accounts, yield currently being paid or income earned to date; provision of periodic account statements showing security and money market positions; other services available from the dealer, bank or other institution; and assistance with inquiries related to their investment. Any such fees will be deducted monthly from the investor's account, which on smaller accounts could constitute a substantial portion of distributions. Small, inactive, long-term accounts involving monthly service charges may not be in the best interest of investors. You should be aware that you may purchase Fund shares directly from the Fund without imposition of any maintenance or service charges, other than those already described herein.

Reopening an Account. You may reopen an account with a minimum investment of \$100 without filing a new Account Application during the calendar year the account is closed or during the following calendar year, provided the information on the old Account Application is still applicable.

SHAREHOLDER SERVICES PLAN

The Fund has adopted a Shareholder Services Plan (the "Plan") pursuant to which the Fund reimburses the Distributor an amount not to exceed an annual rate of 0.25% of the value of the Fund's average daily net assets for certain allocated expenses of providing certain services to the Fund's shareholders. The services provided may include personal services relating to shareholder accounts, such as answering shareholder inquiries regarding the Fund and providing reports and other information, and services related to the maintenance of shareholder accounts.

A quarterly report of the amounts expended under the Plan and the purposes for which such expenditures were incurred, must be made to the Fund's Board for its review. In addition, the Plan provides that material amendments of the Plan must be approved by the Fund's Board, and by the Board members who are not "interested persons" (as defined in the 1940 Act) of the Fund and have no direct or indirect financial interest in the operation of the Plan, by vote cast in person at a meeting called for the purpose of considering such amendments. The Plan is subject to annual approval by such vote of the Board members cast in person at a meeting called for the purpose of voting on the Plan. The Plan is terminable at any time by vote of a majority of the Board members who are not "interested persons" and have no direct or indirect financial interest in the operation of the Plan.

For the fiscal year ended November 30, 2005, the Fund paid \$165,812 under the Plan.

HOW TO REDEEM SHARES

General. The Fund ordinarily will make payment for all shares redeemed within seven days after receipt by the Transfer Agent of a redemption request in proper form, except as provided by the rules of the Securities and Exchange Commission. However, if you have purchased Fund shares by check, by Dreyfus TeleTransfer Privilege or through Dreyfus-Automatic Asset Builder[®] and subsequently submit a written redemption request to the Transfer Agent, the Fund may delay the redemption of such shares for up to eight business days after the purchase of such shares. In addition, the Fund will not honor checks under the Checkwriting Privilege, and will reject requests to redeem shares by wire or telephone, online or pursuant to the Dreyfus TeleTransfer Privilege, for a period of up to eight business days after receipt by the Transfer Agent of the purchase check, the Dreyfus TeleTransfer purchase or the Dreyfus-Automatic Asset Builder order against which such redemption is requested. These procedures will not apply if your shares were purchased by wire payment, or if you otherwise have a sufficient collected balance in your account to cover the redemption request. Prior to the time any redemption is effective, dividends on such shares will accrue and be payable, and you will be entitled to exercise all other rights of beneficial ownership. Fund shares may not be redeemed until the Transfer Agent has received your Account Application.

Checkwriting Privilege. The Fund provides redemption checks (“Checks”) automatically upon opening an account, unless you specifically refuse the Checkwriting Privilege by checking the applicable “No” box on the Account Application. Checks will be sent only to the registered owner(s) of the account and only to the address of record. The Checkwriting Privilege may be established for an existing account by a separate signed Shareholder Services Form. The Account Application or Shareholder Services Form must be manually signed by the registered owner(s). Checks are drawn on your Fund account and may be made payable to the order of any person in an amount of \$500 or more. When a Check is presented to the Transfer Agent for payment, the Transfer Agent, as your agent, will cause the Fund to redeem a sufficient number of shares in your account to cover the amount of the Check. Dividends are earned until the Check clears. After clearance, a copy of the Check will be returned to you. You generally will be subject to the same rules and regulations that apply to checking accounts, although election of this Privilege creates only a shareholder-transfer agent relationship with the Transfer Agent.

You should date your Checks with the current date when you write them. Please do not postdate your Checks. If you do, the Transfer Agent will honor, upon presentment, even if presented before the date of the Check, all postdated Checks which are dated within six months of presentment for payment, if they are otherwise in good order.

Checks are free, but the Transfer Agent will impose a fee for stopping payment of a Check upon your request or if the Transfer Agent cannot honor a Check due to insufficient funds or other valid reason. If the amount of the Check is greater than the value of the shares in your account, the Check will be returned marked insufficient funds. Checks should not be used to close an account.

Wire Redemption Privilege. By using this Privilege, the investor authorizes the Transfer Agent to act on telephone, letter or online redemption instructions from any person representing himself or herself to be you, and reasonably believed by the Transfer Agent to be genuine. Ordinarily, the Fund will initiate payment for shares redeemed pursuant to this Privilege on the same business day if the Transfer Agent receives the redemption request in proper form prior to

12:00 Noon, Eastern time, on such day; otherwise, the Fund will initiate payment on the next business day. Redemption proceeds (\$1,000 minimum) will be transferred by Federal Reserve wire only to the commercial bank account specified by you on the Account Application or Shareholder Services Form, or to a correspondent bank if your bank is not a member of the Federal Reserve System. Fees ordinarily are imposed by such bank and borne by the investor. Immediate notification by the correspondent bank to your bank is necessary to avoid a delay in crediting the funds to your bank account.

To change the commercial bank or account designated to receive wire redemption proceeds, a written request must be sent to the Transfer Agent. This request must be signed by each shareholder, with each signature guaranteed as described below under “Stock Certificates; Signatures.”

Dreyfus TeleTransfer Privilege. You may request by telephone or online that redemption proceeds be transferred between your Fund account and your bank account. Only a bank account maintained in a domestic financial institution which is an ACH member may be designated. You should be aware that if you have selected the Dreyfus TeleTransfer Privilege, any request for a Dreyfus TeleTransfer transaction will be effected through the ACH system unless more prompt transmittal specifically is requested. Redemption proceeds will be on deposit in your account at an ACH member bank ordinarily two business days after receipt of the redemption request. See “How to Buy Shares--Dreyfus TeleTransfer Privilege.”

Stock Certificates; Signatures. Any certificates representing Fund shares to be redeemed must be submitted with the redemption request. A fee may be charged to replace lost or stolen certificates, or certificates that were never received. Written redemption requests must be signed by each shareholder, including each holder of a joint account, and each signature must be guaranteed. Signatures on endorsed certificates submitted for redemption also must be guaranteed. The Transfer Agent has adopted standards and procedures pursuant to which signature-guarantees in proper form generally will be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program, the Securities Transfer Agents Medallion Program (“STAMP”) and the Stock Exchanges Medallion Program. Guarantees must be signed by an authorized signatory of the guarantor and “Signature-Guaranteed” must appear with the signature. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees or guardians, and may accept other suitable verification arrangements from foreign investors, such as consular verification. For more information with respect to signature-guarantees, please call one of the telephone numbers listed on the cover.

Redemption Commitment. The Fund has committed itself to pay in cash all redemption requests by any shareholder of record, limited in amount during any 90-day period to the lesser of \$250,000 or 1% of the value of the Fund's net assets at the beginning of such period. Such commitment is irrevocable without the prior approval of the Securities and Exchange Commission. In the case of requests for redemption in excess of such amount, the Fund's Board reserves the right to make payments in whole or in part in securities or other assets of the Fund in case of an emergency or any time a cash distribution would impair the liquidity of the Fund to the detriment of the existing shareholders. In such event, the securities would be valued in the

same manner as the Fund's portfolio is valued. If the recipient sells such securities, brokerage charges might be incurred.

Suspension of Redemptions. The right of redemption may be suspended or the date of payment postponed (a) during any period when the New York Stock Exchange is closed (other than customary weekend and holiday closings), (b) when trading in the markets the Fund ordinarily utilizes is restricted, or when an emergency exists as determined by the Securities and Exchange Commission so that disposal of the Fund's investments or determination of its net asset value is not reasonably practicable or (c) for such other periods as the Securities and Exchange Commission by order may permit to protect the Fund's shareholders.

SHAREHOLDER SERVICES

Fund Exchanges. You may purchase, in exchange for shares of the Fund, shares of certain other funds managed or administered by the Manager, or shares of certain funds advised by Founders Asset Management LLC ("Founders"), an indirect subsidiary of the Manager, to the extent such shares are offered for sale in your state of residence. Shares of other funds purchased by exchange will be purchased on the basis of relative net asset value per share as follows:

- A. Exchanges for shares of funds offered without a sales load will be made without a sales load.
- B. Shares of funds purchased without a sales load may be exchanged for shares of other funds sold with a sales load, and the applicable sales load will be deducted.
- C. Shares of funds purchased with a sales load may be exchanged without a sales load for shares of other funds sold without a sales load.
- D. Shares of funds purchased with a sales load, shares of funds acquired by a previous exchange from shares purchased with a sales load and additional shares acquired through reinvestment of dividends or distributions of any such funds (collectively referred to herein as "Purchased Shares") may be exchanged for shares of other funds sold with a sales load (referred to herein as "Offered Shares"), but if the sales load applicable to the Offered Shares exceeds the maximum sales load that could have been imposed in connection with the Purchased Shares (at the time the Purchased Shares were acquired), without giving effect to any reduced loads, the difference may be deducted.

To accomplish an exchange under item D above, you must notify the Transfer Agent of your prior ownership of fund shares and your account number.

To request an exchange, you or your Service Agent acting on your behalf must give exchange instructions to the Transfer Agent in writing, by telephone or online. The ability to issue exchange instructions by telephone or online is given to all Fund shareholders automatically, unless you check the applicable "No" box on the Account Application, indicating that you specifically refuse this privilege. By using this privilege, you authorize the Transfer

Agent to act on telephonic and online instructions (including over the Dreyfus Express[®] voice-response telephone system) from any person representing himself or herself to be you, and reasonably believed by the Transfer Agent to be genuine. Exchanges may be subject to limitations as to the amount involved or the number of exchanges permitted. Shares issued in certificate form may not be exchanged by telephone or online. No fees currently are charged shareholders directly in connection with exchanges, although the Fund reserves the right, upon not less than 60 days' written notice, to charge shareholders a nominal administrative fee in accordance with rules promulgated by the Securities and Exchange Commission.

To establish a personal retirement plan by exchange, shares of the fund being exchanged must have a value of at least the minimum initial investment required for the fund into which the exchange is being made.

During times of drastic economic or market conditions, the Fund may suspend Fund Exchanges temporarily without notice and treat exchange requests based on their separate components – redemption orders with a simultaneous request to purchase the other fund's shares. In such a case, the redemption request would be processed at the Fund's next determined net asset value but the purchase order would be effective only at the net asset value next determined after the fund being purchased receives the proceeds of the redemption, which may result in the purchase being delayed.

Dreyfus Auto-Exchange Privilege. Dreyfus Auto-Exchange Privilege permits you to purchase (on a semi-monthly, monthly, quarterly or annual basis), in exchange for shares of the Fund, shares of another fund in the Dreyfus Family of Funds, or shares of certain funds advised by Founders of which you are a shareholder. This Privilege is available only for existing accounts. Shares will be exchanged on the basis of relative net asset value as described above under "Fund Exchanges." Enrollment in or modification or cancellation of this Privilege is effective three business days following notification by you. You will be notified if your account falls below the amount designated to be exchanged under this Privilege. In this case, your account will fall to zero unless additional investments are made in excess of the designated amount prior to the next Auto-Exchange transaction. Shares held under IRA and other retirement plans are eligible for this Privilege. Exchanges of IRA shares may be made between IRA accounts and from regular accounts to IRA accounts, but not from IRA accounts to regular accounts. With respect to all other retirement accounts, exchanges may be made only among those accounts.

Fund Exchanges and the Dreyfus Auto-Exchange Privilege are available to shareholders resident in any state in which shares of the fund being acquired may legally be sold. Shares may be exchanged only between accounts having certain identical identifying designations.

Shareholder Services Forms and prospectuses of the other funds may be obtained by calling 1-800-645-6561, or visiting www.dreyfus.com. The Fund reserves the right to reject any exchange request in whole or in part. The Fund Exchanges service or Dreyfus Auto-Exchange Privilege may be modified or terminated at any time upon notice to shareholders.

Dreyfus-Automatic Asset Builder[®]. Dreyfus-Automatic Asset Builder permits you to purchase Fund shares (minimum of \$100 and maximum of \$150,000 per transaction) at regular

intervals selected by you. Fund shares are purchased by transferring funds from the bank account designated by you.

Dreyfus Government Direct Deposit Privilege. Dreyfus Government Direct Deposit Privilege enables you to purchase Fund shares (minimum of \$100 and maximum of \$50,000 per transaction) by having Federal salary, Social Security, or certain veterans', military or other payments from the U.S. Government automatically deposited into your Fund account.

Dreyfus Payroll Savings Plan. Dreyfus Payroll Savings Plan permits you to purchase Fund shares (minimum of \$100 per transaction) automatically on a regular basis. Depending upon your employer's direct deposit program, you may have part or all of your paycheck transferred to your existing Dreyfus account electronically through the ACH system at each pay period. To establish a Dreyfus Payroll Savings Plan account, you must file an authorization form with your employer's payroll department. It is the sole responsibility of your employer to arrange for transactions under the Dreyfus Payroll Savings Plan.

Dreyfus Step Program. Dreyfus Step Program enables you to purchase Fund shares without regard to the Fund's minimum initial investment requirements through Dreyfus-Automatic Asset Builder[®], Dreyfus Government Direct Deposit Privilege or Dreyfus Payroll Savings Plan. To establish a Dreyfus Step Program account, you must supply the necessary information on the Account Application and file the required authorization form(s) with the Transfer Agent. For more information concerning this Program, or to request the necessary authorization form(s), please call toll free 1-800-782-6620. You may terminate your participation in this Program at any time by discontinuing your participation in Dreyfus-Automatic Asset Builder, Dreyfus Government Direct Deposit Privilege or Dreyfus Payroll Savings Plan, as the case may be, as provided under the terms of such Privilege(s). The Fund may modify or terminate this Program at any time.

Dreyfus Dividend Options. Dreyfus Dividend Sweep allows you to invest automatically your dividends or dividends and capital gain distributions, if any, paid by the Fund in shares of another fund in the Dreyfus Family of Funds or shares of certain funds advised by Founders of which you are a shareholder. Shares of other funds purchased pursuant to this privilege will be purchased on the basis of relative net asset value per share as follows:

- A. Dividends and distributions paid by a fund may be invested without a sales load in shares of other funds offered without a sales load.
- B. Dividends and distributions paid by a fund that does not charge a sales load may be invested in shares of other funds sold with a sales load, and the applicable sales load will be deducted.
- C. Dividends and distributions paid by a fund that charges a sales load may be invested in shares of other funds sold with a sales load (referred to herein as "Offered Shares"), but if the sales load applicable to the Offered Shares exceeds the maximum sales load charged by the fund from which dividends or distributions are being swept (without giving effect to any reduced loads), the difference may be deducted.

- D. Dividends and distributions paid by a fund may be invested in shares of other funds that impose a contingent deferred sales charge ("CDSC") and the applicable CDSC, if any, will be imposed upon redemption of such shares.

Dreyfus Dividend ACH permits you to transfer electronically dividends or dividends and capital gain distributions, if any, from the Fund to a designated bank account. Only an account maintained at a domestic financial institution which is an ACH member may be so designated. Banks may charge a fee for this service.

Automatic Withdrawal Plan. The Automatic Withdrawal Plan permits you to request withdrawal of a specified dollar amount (minimum of \$50) on either a monthly or quarterly basis if you have a \$5,000 minimum account. Withdrawal payments are the proceeds from sales of Fund shares, not the yield on the shares. If withdrawal payments exceed reinvested dividends and distributions, your shares will be reduced and eventually may be depleted. The Automatic Withdrawal Plan may be terminated at any time by you, the Fund or the Transfer Agent. Shares for which stock certificates have been issued may not be redeemed through the Automatic Withdrawal Plan.

DETERMINATION OF NET ASSET VALUE

Amortized Cost Pricing. The valuation of the Fund's portfolio securities is based upon their amortized cost, which does not take into account unrealized capital gains or losses. This involves valuing an instrument at its cost and thereafter assuming a constant amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the market value of the instrument. While this method provides certainty in valuation, it may result in periods during which value, as determined by amortized cost, is higher or lower than the price the Fund would receive if it sold the instrument.

The Fund's Board has established, as a particular responsibility within the overall duty of care owed to the Fund's shareholders, procedures reasonably designed to stabilize the Fund's price per share as computed for purposes of purchases and redemptions at \$1.00. Such procedures include review of the Fund's portfolio holdings by the Fund's Board at such intervals as it deems appropriate, to determine whether the Fund's net asset value calculated by using available market quotations or market equivalents deviates from \$1.00 per share based on amortized cost. Market quotations and market equivalents used in such review are obtained from an independent pricing service (the "Service") approved by the Fund's Board. The Service values the Fund's investments based on methods which include consideration of: yields or prices of Municipal Obligations of comparable quality, coupon, maturity and type; indications of values from dealers; and general market conditions. The Service also may employ electronic data processing techniques and/or a matrix system to determine valuations.

The extent of any deviation between the Fund's net asset value based upon available market quotations or market equivalents and \$1.00 per share based on amortized cost will be examined by the Fund's Board. If such deviation exceeds 1/2 of 1%, the Fund's Board will consider what actions, if any, will be initiated. In the event the Fund's Board determines that a deviation exists which may result in material dilution or other unfair results to investors or

existing shareholders, it has agreed to take such corrective action as it regards as necessary and appropriate, including: selling portfolio instruments prior to maturity to realize capital gains or losses or to shorten average portfolio maturity; withholding dividends or paying distributions from capital or capital gains; redeeming shares in kind; or establishing a net asset value per share by using available market quotations or market equivalents.

New York Stock Exchange Closings. The holidays (as observed) on which the New York Stock Exchange is closed currently are: New Year's Day, Martin Luther King Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas.

DIVIDENDS, DISTRIBUTIONS AND TAXES

Management believes that the Fund has qualified for treatment as a “regulated investment company” under the Code for the fiscal year ended November 30, 2005. The Fund intends to continue to so qualify if such qualification is in the best interests of its shareholders. As a regulated investment company, the Fund will pay no Federal income tax on net investment income and net realized capital gains to the extent that such income and gains are distributed to shareholders in accordance with applicable provisions of the Code. To qualify as a regulated investment company, the Fund must pay out to its shareholders at least 90% of its net income (consisting of net investment income from tax exempt obligations and taxable obligations, if any, and net short-term capital gains), and must meet certain asset diversification and other requirements. If the Fund does not qualify as a regulated investment company, it will be treated for tax purposes as an ordinary corporation subject to Federal income tax. The term “regulated investment company” does not imply the supervision of management or investment practices or policies by any government agency.

The Fund ordinarily declares dividends from net investment income on each day the New York Stock Exchange is open for regular business. The Fund's earnings for Saturdays, Sundays and holidays are declared as dividends on the preceding business day. Dividends usually are paid on the last calendar day of each month and are automatically reinvested in additional Fund shares at net asset value or, at your option, paid in cash. If you redeem all shares in your account at any time during the month, all dividends to which you are entitled will be paid to you along with the proceeds of the redemption. If you are an omnibus accountholder and indicate in a partial redemption request that a portion of any accrued dividends to which such account is entitled belongs to an underlying accountholder who has redeemed all shares in his or her account, such portion of the accrued dividends will be paid to you along with the proceeds of the redemption.

If you elect to receive dividends and distributions in cash, and your dividend or distribution check is returned to the Fund as undeliverable or remains uncashed for six months, the Fund reserves the right to reinvest such dividend or distribution and all future dividends and distributions payable to you in additional Fund shares at net asset value. No interest will accrue on amounts represented by uncashed distribution or redemption checks. All expenses are accrued daily and deducted before declaration of dividends to investors.

Ordinarily, gains and losses realized from portfolio transactions will be treated as capital gain or loss. However, all or a portion of any gains realized from the sale or the disposition of certain market discount bonds will be treated as ordinary income.

The Fund intends to be a “qualified investment fund” within the meaning of the New Jersey gross income tax. The primary criteria for constituting a “qualified investment fund” are that (i) the Fund is an investment company registered with the Securities and Exchange Commission, which for the calendar year in which the dividends and distributions (if any) are paid, has no investments other than interest-bearing obligations, obligations issued at a discount, and cash and cash items, including receivables, and financial options, futures and forward contracts, or other similar financial instruments relating to interest-bearing obligations, obligations issued at a discount or bond indexes related thereto and (ii) at the close of each quarter of the taxable year, the Fund has not less than 80% of the aggregate principal amount of all of its investments, excluding financial options, futures and forward contracts, or other similar financial instruments, related to interest-bearing obligations, obligations issued at a discount or bond indexes related thereto, cash and cash items, which cash items shall include receivables, in New Jersey Municipal Obligations, including obligations of Puerto Rico, the Virgin Islands and other territories and possessions of the United States and certain other specified securities exempt from Federal and New Jersey income taxes. Additionally, a qualified investment fund must comply with certain continuing reporting requirements.

If the Fund qualifies as a qualified investment fund and the Fund complies with its reporting obligations, (a) dividends and distributions paid by the Fund to a New Jersey resident individual shareholder will not be subject to New Jersey gross income tax to the extent that the dividends and distributions are attributable to income earned by the Fund as interest on or gain from New Jersey Municipal Obligations, and (b) gain from the sale of Fund shares by a New Jersey resident individual shareholder will not be subject to New Jersey gross income tax. Shares of the Fund are not subject to property taxation by New Jersey or its political subdivisions. To the extent that you are subject to state and local taxes outside of New Jersey, dividends and distributions earned by an investment in the Fund and gain from the sale of shares in the Fund may represent taxable income.

Federal regulations require that you provide a certified taxpayer identification number (“TIN”) upon opening or reopening an account. See the Account Application for further information concerning this requirement. Failure to furnish a certified TIN to the Fund could subject you to a \$50 penalty imposed by the Internal Revenue Service.

PORTFOLIO TRANSACTIONS

General. The Manager assumes general supervision over the placement of securities purchase and sale orders on behalf of the funds it manages. In cases where the Manager or fund employs a sub-adviser, the sub-adviser, under the supervision of the Manager, places orders on behalf of the applicable fund(s) for the purchase and sale of portfolio securities.

Certain funds are managed by dual employees of the Manager and an affiliated entity in the Mellon organization. Funds managed by dual employees use the research and trading facilities, and are subject to the internal policies and procedures, of the affiliated entity. In this regard, the Manager places orders on behalf of those funds for the purchase and sale of securities through the trading desk of the affiliated entity, applying the written trade allocation procedures of such affiliate.

The Manager (and where applicable, a sub-adviser or Dreyfus affiliate) generally has the authority to select brokers (for equity securities) or dealers (for fixed income securities) and the commission rates or spreads to be paid. Allocation of brokerage transactions, including their frequency, is made in the best judgment of the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) and in a manner deemed fair and reasonable to shareholders. The primary consideration in placing portfolio transactions is prompt execution of orders at the most favorable net price. In choosing brokers or dealers, the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) evaluates the ability of the broker or dealer to execute the particular transaction (taking into account the market for the security and the size of the order) at the best combination of price and quality of execution.

In general, brokers or dealers involved in the execution of portfolio transactions on behalf of a fund are selected on the basis of their professional capability and the value and quality of their services. The Manager (and where applicable, a sub-adviser or Dreyfus affiliate) attempts to obtain best execution for the fund by choosing brokers or dealers to execute transactions based on a variety of factors, which may include, but are not limited to, the following: (i) price; (ii) the availability of natural liquidity; (iii) the nature and character of the relevant market for the security to be purchased or sold; (iv) the measured quality and efficiency of the broker's or dealer's execution; (v) the broker's or dealer's willingness to commit capital; (vi) the reliability of the broker or dealer in trade settlement and clearance; (vii) the level of counter-party risk (*i.e.*, the broker's or dealer's financial condition); (viii) the commission rate or the spread; (ix) the value of research provided; (x) the availability of electronic trade entry and reporting links; and (xi) the size and type of order (*e.g.*, foreign or domestic security, large block, illiquid security). In selecting brokers or dealers no factor is necessarily determinative; however, at various times and for various reasons, certain factors will be more important than others in determining which broker or dealer to use. Seeking to obtain best execution for all trades takes precedence over all other considerations.

With respect to the receipt of research, the brokers or dealers selected may include those that supplement the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) research facilities with statistical data, investment information, economic facts and opinions. Such information may be useful to the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) in serving funds or accounts that it advises and, conversely, supplemental information

obtained by the placement of business of other clients may be useful to the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) in carrying out its obligations to the fund. Information so received is in addition to, and not in lieu of, services required to be performed by the Manager (and where applicable, a sub-adviser or Dreyfus affiliate), and the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) fees are not reduced as a consequence of the receipt of such supplemental information. Although the receipt of such research services does not reduce the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) normal independent research activities, it enables it to avoid the additional expenses that might otherwise be incurred if it were to attempt to develop comparable information through its own staff.

Under the Manager's (and where applicable, a sub-adviser's or Dreyfus affiliate's) procedures, portfolio managers and their corresponding trading desks may seek to aggregate (or "bunch") orders that are placed or received concurrently for more than one fund or account. In some cases, this policy may adversely affect the price paid or received by a fund or an account, or the size of the position obtained or liquidated. As noted above, certain brokers or dealers may be selected because of their ability to handle special executions such as those involving large block trades or broad distributions, provided that the primary consideration of best execution is met. Generally, when trades are aggregated, The Fund or account within the block will receive the same price and commission. However, random allocations of aggregate transactions may be made to minimize custodial transaction costs. In addition, at the close of the trading day, when reasonable and practicable, the completed securities of partially filled orders will generally be allocated to each participating fund and account in the proportion that each order bears to the total of all orders (subject to rounding to "round lot" amounts).

Portfolio turnover may vary from year to year as well as within a year. In periods in which extraordinary market conditions prevail, the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) will not be deterred from changing a Fund's investment strategy as rapidly as needed, in which case higher turnover rates can be anticipated which would result in greater brokerage expenses. The overall reasonableness of brokerage commissions paid is evaluated by the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) based upon its knowledge of available information as to the general level of commissions paid by other institutional investors for comparable services. Higher portfolio turnover rates usually generate additional brokerage commissions and transaction costs and any short-term gains realized from these transactions are taxable to shareholders as ordinary income.

To the extent that a fund invests in foreign securities, certain of such fund's transactions in those securities may not benefit from the negotiated commission rates available to funds for transactions in securities of domestic issuers. For funds that permit foreign exchange transactions, such transactions are made with banks or institutions in the interbank market at prices reflecting a mark-up or mark-down and/or commission.

The Manager (and where applicable, a sub-adviser or Dreyfus affiliate) may deem it appropriate for one fund or account it manages to sell a security while another fund or account it manages is purchasing the same security. Under such circumstances, the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) may arrange to have the purchase and sale transactions effected directly between the fund and/or accounts ("cross transactions"). Cross

transactions will be effected in accordance with procedures adopted pursuant to Rule 17a-7 under the 1940 Act.

All portfolio transactions of each money market fund are placed on behalf of the fund by the Manager. Debt securities purchased and sold by a fund generally are traded on a net basis (*i.e.*, without a commission) through dealers acting for their own account and not as brokers, or otherwise involve transactions directly with the issuer of the instrument. This means that a dealer makes a market for securities by offering to buy at one price and sell at a slightly higher price. The difference between the prices is known as a “spread.” Other portfolio transactions may be executed through brokers acting as agent. A fund will pay a spread or commission in connection with such transactions. The Manager uses its best efforts to obtain execution of portfolio transactions at prices that are advantageous to a fund and at spreads and commission rates (if any) that are reasonable in relation to the benefits received. The Manager also places transactions for other accounts that it provides with investment advice.

When more than one fund or account is simultaneously engaged in the purchase or sale of the same investment instrument, the prices and amounts are allocated in accordance with a formula considered by the Manager (and where applicable, a sub-adviser or Dreyfus affiliate) to be equitable to the fund or account. In some cases this system could have a detrimental effect on the price or volume of the investment instrument as far as a fund or account is concerned. In other cases, however, the ability of a fund or account to participate in volume transactions will produce better executions for the fund or account.

When transactions are executed in the over-the-counter market (*i.e.*, with dealers), the Manager will typically deal with the primary market makers unless a more favorable price or execution otherwise is obtainable.

Disclosure of Portfolio Holdings. It is the policy of the Fund to protect the confidentiality of its portfolio holdings and prevent the selective disclosure of non-public information about such holdings. The Fund will publicly disclose its holdings in accordance with regulatory requirements, such as periodic portfolio disclosure in filings with the Securities and Exchange Commission. The Fund will publicly disclose its complete schedule of portfolio holdings, as reported on a month-end basis, at www.dreyfus.com. The information will be posted with a one-month lag and will remain accessible until the Fund files a report on Form N-Q or Form N-CSR for the period that includes the date as of which the information was current. In addition, fifteen days following the end of each calendar quarter, the Fund will publicly disclose on the website its complete schedule of portfolio holdings as of the end of such quarter.

If the Fund’s portfolio holdings are released pursuant to an ongoing arrangement with any party, the Fund must have a legitimate business purpose for doing so, and neither the Fund, nor Dreyfus or its affiliates, may receive any compensation in connection with an arrangement to make available information about the Fund’s portfolio holdings. The Fund may distribute portfolio holdings to mutual fund evaluation services such as Standard & Poor’s, Morningstar or Lipper Analytical Services; due diligence departments of broker-dealers and wirehouses that regularly analyze the portfolio holdings of mutual funds before their public disclosure; and broker-dealers that may be used by the Fund, for the purpose of efficient trading and receipt of relevant research, provided that: (a) the recipient does not distribute the portfolio holdings to

persons who are likely to use the information for purposes of purchasing or selling Fund shares or Fund portfolio holdings before the portfolio holdings become public information; and (b) the recipient signs a written confidentiality agreement.

The Fund may also disclose any and all portfolio information to its service providers and others who generally need access to such information in the performance of their contractual duties and responsibilities and are subject to duties of confidentiality, including a duty not to trade on non-public information, imposed by law and/or contract. These service providers include the Fund's custodian, auditors, investment adviser, administrator, and each of their respective affiliates and advisers.

Disclosure of the Fund's portfolio holdings may be authorized only by the Fund's Chief Compliance Officer, and any exceptions to this policy are reported quarterly to the Fund's Board.

INFORMATION ABOUT THE FUND

Each Fund share has one vote and, when issued and paid for in accordance with the terms of the offering, is fully paid and non-assessable. Fund shares are of one class and have equal rights as to dividends and in liquidation. Shares have no preemptive, subscription or conversion rights and are freely transferable.

Unless otherwise required by the 1940 Act, ordinarily it will not be necessary for the Fund to hold annual meetings of shareholders. As a result, Fund shareholders may not consider each year the election of Board members or the appointment of auditors. However, the holders of at least 10% of the shares outstanding and entitled to vote may require the Fund to hold a special meeting of shareholders for purposes of removing a Board member from office. Fund shareholders may remove a Board member by the affirmative vote of a majority of the Fund's outstanding voting shares. In addition, the Board will call a meeting of shareholders for the purpose of electing Board members if, at any time, less than a majority of the Board members then holding office have been elected by shareholders.

The Fund sends annual and semi-annual financial statements to all its shareholders.

COUNSEL AND INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Stroock & Stroock & Lavan LLP, 180 Maiden Lane, New York, New York 10038-4982, as counsel for the Fund, has rendered its opinion as to certain legal matters regarding the due authorization and valid issuance of the shares being sold pursuant to the Fund's Prospectus.

Ernst & Young LLP, 5 Times Square, New York, New York 10036, an independent registered public accounting firm, serves as independent auditors of the Fund.

APPENDIX A

RISK FACTORS — INVESTING IN NEW JERSEY MUNICIPAL OBLIGATIONS

The following information constitutes only a brief summary, does not purport to be a complete description, and is based on information drawn from official statements relating to securities offerings of the State of New Jersey (the "State") and various local agencies available as of the date of this Statement of Additional Information. While the Fund has not independently verified this information, it has no reason to believe that such information is not correct in all material respects.

General Information

Demographics. New Jersey is the ninth largest state in population and the fifth smallest in land area. With an average of 1,134 persons per square mile, it is the most densely populated of all the states. New Jersey is located at the center of the megalopolis that extends from Boston to Washington D.C., which includes over one-fifth of the nation's population. New Jersey's extensive port developments augment the air, land and water transportation complex that influences much of the State's economy. The State's central location also makes it an attractive location for corporate headquarters and international business offices.

The State's economic base is diversified, consisting of a variety of manufacturing, construction and service industries, supplemented by rural areas with selective commercial agriculture. New Jersey is bordered on the east by the Atlantic Ocean and on the north and northwest by lakes and mountains, providing recreation for both residents and tourists. Since 1976, casino gambling in Atlantic City has been an important State tourist attraction.

New Jersey's population grew rapidly following World War II, but slowed to an annual rate of 0.27% in the 1970's. Between 1980 and 1990, the annual growth rate increased to 0.51%, and to 0.83% in the 1990's and 2000's. While this growth rate is below that of the nation, it compares favorably with other Middle Atlantic states. However, the increase in the State's population since the 1970's masks the redistribution of the population within the State. There has been a significant shift from the northeastern industrial areas towards coastal and central counties within the State. The State's population was 8,414,350 in 2000.

Economic Outlook. New Jersey's economy continues to expand steadily in 2005, with the State adding over 88,300 jobs between March 2003 and May 2005. The generally improving labor market conditions have kept the State's jobless rate below 5% for the thirteenth consecutive month since May 2004. New Jersey's unemployment rate decreased to 3.9% in May 2005, well below the corresponding rate of 5.1% for the nation.

Payroll employment in May 2005 grew at a 1.4% average annual rate, continuing the positive year-to-year growth trend for the sixteenth consecutive month. The level of payroll employment in May 2005 of 4.051 million surpassed the last record level reported in December 2000 for the seventh month in a row. Employment gains were primarily spread across the services sectors, with particularly strong growth in professional and business services (10,700 jobs) and trade, transportation and utilities (8,800 jobs) followed by education and health (4,400

jobs), leisure and hospitality (3,200) and the financial activities sector (1,500 jobs). The State, however, continues to suffer from losses in manufacturing (5,100 jobs) and downsizing in the telecommunications industry (2,100 jobs). The total government (2,800 jobs) and construction (1,100 jobs) sectors have also reported job losses.

New Jersey and the nation were expected to experience continuing economic momentum through the rest of 2005. The fundamentals of the State's economic health remain stable and the long run prospects for economic growth of the State in calendar year 2005 and beyond are favorable. June 2005 economic forecasts projected continued improvements in the economy at moderate pace in 2005 and 2006. Inflation is expected to remain low with the Consumer Price Index anticipated to remain below 3% in 2005 and 2006. Employment is projected to increase steadily at 1.4% in 2005 and 2006, and personal income is expected to grow steadily around 5%. After another strong year in 2004, the housing sector is expected to remain robust in 2005 with a slight moderation in 2006, as low interest rates have supported spending on housing and other consumer durable in the State. In May 2005 the Federal Reserve Board increased the Federal interest rate, the ninth increase since June 2004, and the possibility of other future rate increases by the Federal Reserve Board could have a moderating influence on interest-sensitive spending in the economy.

The State and the nation may experience further near-term slow growth and the expected pace of economic expansion may stall if consumers, investors, and businesses become more cautious than currently assumed. However, the fundamentals of the State's economic health remain stable and the State's long run prospects for economic growth in 2005 and beyond are favorable.

State Finances

The State operates on a fiscal year beginning July 1 and ending June 30. Annual budgets are adopted for the General Fund and certain special revenue funds. The Legislature enacts the annual budget through specific departmental appropriations, the sum of which may not exceed estimated resources. It is a Constitutional requirement that the annual State budget be balanced. Pursuant to the State Constitution, no money may be drawn from the State Treasury except for appropriations made by law. In addition, all monies for the support of State government and all other State purposes, as far as can be reasonably ascertained or predicted, must be provided for in one general appropriation law covering the span of a single fiscal year. No general appropriations law or other law appropriating money for any State purpose may be enacted if the amount of money appropriated, together with all other appropriations for that fiscal year, exceeds the total amount of revenue available (current and anticipated) for such fiscal year, as certified by the Governor.

State Funds and Accounting.

General Fund. This fund consists of all State revenues, not otherwise restricted by State statute. The largest part of the total financial operations of the State is accounted for in the General Fund. Most revenues received from taxes, most Federal sources, and certain miscellaneous revenue items are recorded in this fund. The Appropriations Act enacted by the Legislature provides the basic framework for the operations of the General Fund.

Property Tax Relief Fund. This fund accounts for revenues from the Gross Income Tax, which are dedicated by the State Constitution. All receipts from taxes levied on personal income of individuals, estates and trusts must be appropriated exclusively for the purpose of reducing or offsetting property taxes. Annual appropriations are made from the fund, pursuant to formulas established by the Legislature, to counties, municipalities and school districts.

State Lottery Fund. Monies derived from the sale of State lottery tickets are deposited into this fund. Disbursements are authorized for the payment of prizes to holders of winning lottery tickets and for the administrative expenses of the Division of State Lottery. Available fund balances are transferred to the State's General Fund in support of the amounts annually appropriated for State institutions and for education. The present value of obligations for future installment payments of lottery prizes, which are funded by the purchase of deposit fund contracts, are accounted for in this fund.

Special Revenue Funds. These funds account for the resources legally restricted to expenditure for specified purposes. Such purposes must be other than special assessments, private-purpose trusts, or major capital projects. Special Revenue Funds include the Casino Control Fund, the Casino Revenue Fund and the Gubernatorial Elections Fund. Other Special Revenue Funds have been created that are either reported ultimately in the General Fund or are created to hold revenues derived from private sources.

Debt Service. This fund accounts for payment of general long-term debt principal and interest.

Capital Projects Fund. This fund accounts for financial resources, usually general obligation bonds, to be used for the acquisition or construction of major capital facilities for the State. Such projects may include mental health, educational and correctional facilities and public transportation projects.

Fiduciary Funds. These funds include the Pension Trust Fund, the Investment Trust Fund, the Agency Funds, Private-Purpose Trust Funds and Agency Funds. These funds hold and report financial resources for their respective beneficiaries.

Proprietary Funds. These funds may be used to report any activity for which a fee is charged to external use for goods and services. Activities are required to be reported as enterprise funds if laws or regulations require that the activity's cost of providing services be recovered with fees and charges, rather than with taxes or similar revenues.

Fiscal Year 2004 Summary. For Fiscal Year 2004, State revenues, net of transfers, totaled \$40.2 billion, an increase of \$471.6 million from the prior fiscal year. General taxes totaled \$20.9 billion and accounted for 52.1% of total State revenues. This amount reflects a \$1.6 billion increase from Fiscal Year 2003. The State's gross income tax totaled \$7.3 billion, the sales and use tax totaled \$6.3 billion and the corporation business tax totaled \$2.4 billion. These three taxes comprised 76% of the total general taxes that were collected during Fiscal Year 2004.

Fiscal Year 2004 expenditures totaled \$43.7 billion, an increase of \$1.6 billion from Fiscal Year 2003. The largest increase in expenditures occurred in educational, cultural, and intellectual development areas. Public safety and criminal justice increased \$163.5 million primarily as a result of increased funding in domestic security initiatives. Overall, 48.8% of all State expenditures occurred in the areas of education, higher education and physical and mental health. In Fiscal Year 2004, net assets of business-type activities totaled \$1.7 billion, a \$522.2 million decrease over the prior fiscal year.

The State's governmental funds reported June 30, 2004 balances of \$7.1 billion. Of this amount, \$601.4 million, or 8.5% constituted unreserved undesignated fund balances. For Fiscal Year 2004, the General Fund's fund balance totaled \$2.9 billion, of which, \$1.5 billion represented unreserved fund balances. During Fiscal Year 2004, the total fund balance in the General Fund increased by \$601.9 million. On a budgetary basis, general revenues of \$23.7 billion were \$3 billion lower than the final 2004 budget (the "2004 Budget"). Total expenditures were \$3.3 billion lower than combined appropriations during Fiscal Year 2004. Although general revenues were lower than expected, momentum from the State's economic recovery resulted in General Fund revenues increasing by \$564.8 million over original estimates.

During Fiscal Year 2004, \$7.2 billion of property tax relief expenditures were made. The Property Tax Relief Fund's Fiscal Year 2004 ending undesignated fund balance was \$175.2 million. In Fiscal Year 2004, gross revenues for the State Lottery Fund totaled \$2.2 billion, of which 55.6% was returned in prizes, 35.6% went to State education and institutions, 7.8% was paid to sales agents and ticket vendors, and 1% covered Lottery operational and promotional expenses. As of June 30, 2004, the State Lottery, since its inception, has generated over \$34.7 billion in gross revenues, \$17.8 billion in prizes, and contributed \$13.9 billion to the State.

Fiscal Years 2005 and 2006 Revenues. Total General Fund revenues are expected to be approximately \$17.88 billion and \$17.06 billion in Fiscal Year 2005 and 2006, respectively. Revenues for the Property Tax Relief Fund are estimated to be approximately \$9.55 billion and \$10.275 billion in Fiscal Years 2005 and 2006, respectively. Total revenues, include all other State funds, are currently forecasted to be approximately \$27.97 billion and \$27.88 billion in Fiscal Years 2005 and 2006, respectively.

The 2004 Budget imposed a new, graduated, supplemental fee on realty transfers, which is payable to the county in which the deed is recorded. A portion of the fee is retained by the county to support public health services with the remainder remitted to the State Treasurer for deposit to the General Fund. The 2004 Budget also inaugurated the State's Hotel/Motel Occupancy Tax. Effective July 1, 2003, the State imposed a 7% fee. For Fiscal Year 2005 and thereafter, a 5% fee is imposed. The legislation establishing the Hotel/Motel Occupancy Tax designates special rate provisions for those municipalities that already impose local taxes or fees on hotel/motel occupancies.

Sales and Use Tax. Collections for Fiscal Year 2005 are estimated to total \$6.52 billion, a 4.6% increase from Fiscal Year 2004. The Fiscal Year 2006 estimate of \$6.85 billion is a 5.1% increase from Fiscal Year 2005.

Gross Income Tax. Collections for Fiscal Year 2005 are estimated to total \$9.55 billion, a 29% increase from Fiscal Year 2004. The Fiscal Year 2006 estimate of \$10.28 billion is a 7.1% increase from Fiscal Years 2004 and 2005. A portion of the Fiscal Year 2005 revenue is expected to be derived from legislation that raised the tax rate to 8.97%, from 6.37% for households with annual incomes of \$500,000 or greater. It is estimated that an additional \$1.08 billion will be collected based on this legislation. The Fiscal Year 2006 estimate includes \$45 million for the elimination of the exclusion for up to \$20,000 in retirement income for taxpayers with over \$100,000 in income.

Corporation Business Tax. Collections for Fiscal Year 2005 are estimated to total \$2.3 billion, a 2.8% decrease from Fiscal Year 2004. The Fiscal Year 2006 estimate of \$2.4 billion is a 4.3% increase from Fiscal Year 2005. The Fiscal Year 2005 budget continued the suspension of the net operating loss deduction at a 50% rate. The Fiscal Year 2006 estimate assumes an increase in estimated net operating loss deductions as the phase-in is completed, and a 7.5% growth in refunds over Fiscal Year 2005.

Estimated receipts from State taxes and revenues, including the three principal taxes set forth above, are forecasts based on the best information available at the time of such forecasts. Changes in economic activity in the State and the nation are difficult to predict and may result in actual collections being more or less than forecasted. In the past when actual revenues have been less than the amount anticipated in the budget, the Governor has exercised his or her plenary powers leading to, among other actions, implementation of a hiring freeze for all State departments and the discontinuation of programs for which appropriations were budgeted but not yet spent.

Federal Aid. Actual Federal aid receipts in the General Fund and Special Transportation Fund for Fiscal Years 2002, 2003 and 2004 amounted to approximately \$7.17 billion, \$7.47 billion and \$7.95 billion, respectively. Federal aid receipts in the General Fund and Special Transportation Fund for Fiscal Year 2005 were estimated to be \$8.58 billion. Federal aid receipts in the General Fund and Special Transportation Fund for Fiscal Year 2006 are estimated to be \$9.3 billion.

Atlantic City and Legalized Gambling. Legalized casino gambling was introduced into Atlantic City in 1977. As of July 2003, there are twelve casinos operating in Atlantic City. For the calendar year ended December 31, 2004, the industry reported net income of \$109.5 million compared to net income of \$82.9 million reported for the previous calendar year. For the three months ended March 31, 2005, the industry reported a net loss of \$20 million compared to net income of \$1.9 million for the three-month period ended March 31, 2004. The Casino Revenue Fund funds several programs that assist the elderly and disabled. From May 1978, the date the first casino opened, through May 31, 2005, the industry has paid a total of \$6.4 billion to the State for these programs. As of May 31, 2005, the Casino Revenue Fund earned \$125 million in interest.

State Lottery. The New Jersey Lottery is a major source of revenue for State education and institutions. Higher Education programs have received approximately \$4.560 billion in Lottery funds. For elementary and secondary education, the State Department of Education has

received approximately \$2.454 billion. State institutions have received a total of \$6.899 billion in Lottery monies.

Fiscal Years 2005 and 2006 Expenditures. The State has made appropriations for principal and interest payments for general obligation bonds for Fiscal Years 2005 and 2006 in the amounts of \$270.2 million and \$169.3 million, respectively. The Fiscal Year 2006 appropriation for debt service reflects the effect of the issuance of general obligation refunding bonds in November 2005. Of the approximately \$28 billion appropriated for Fiscal Year 2006 from the General Fund, the Property Tax Relief Fund, the Casino Control Fund, the Casino Revenue Fund and the Gubernatorial Elections Fund, approximately \$11.4 billion (40.9%) is appropriated for State Aid, \$9.3 billion (33.3%) is appropriated for Grants-in-Aid, \$5.9 billion (21.3%) is appropriated for direct State services, \$169.3 million (0.6%) is appropriated for debt service payments and \$1.1 billion (3.9%) is appropriated for capital construction.

State Aid. State Aid constitutes the largest portion of Fiscal Year 2006 appropriations, with the largest appropriation, in the amount of approximately \$9.36 billion, provided for local elementary and secondary education programs. Of this amount, \$3.1 billion is for core curriculum standards. The Department of Community Affairs ("DCA") planned to receive \$1.03 billion in State Aid for Fiscal Year 2006. Fiscal Year 2006 State Aid appropriations for the Department for Human Services ("DHS") are \$468.6 million and for the Department of the Treasury ("DOT") are \$470 million.

Grants-in-Aid. The second largest appropriation in Fiscal Year 2006 is for Grants-in-Aid, which represent payments to individuals or public or private agencies for benefits to whom a recipient is entitled by law, or for the provision of services on behalf of the State. Fiscal Year 2006 appropriations totaled approximately \$9.3 billion. This amount reflects a reduction of approximately \$1.3 billion from Fiscal Year 2005, which is predominantly due to reduction of the FAIR (Fair and Immediate Relief) program. Included in Fiscal Year 2006 appropriations is \$1.02 billion for DOT, \$4.03 billion for DHS, \$1.59 billion for programs administered by the Department of Health and Senior Services, \$273.7 million for the Department of Transportation, \$914.3 million for State colleges and universities and \$116.7 million for the Department of Corrections.

Direct State Services. The third largest portion of Fiscal Year 2006 appropriations is applied to direct State services, which supports the operation of State government's departments, the Executive Office, several commissions, the Legislature and the Judiciary. In Fiscal Year 2006, appropriations aggregated approximately \$5.94 billion.

State Indebtedness

General. As of June 30, 2004, New Jersey's outstanding long-term debt totaled \$25 billion, a \$2.7 billion increase over Fiscal Year 2003. In addition, the State has \$8.4 billion of legislatively authorized bonding capacity that has not yet been issued. During Fiscal Year 2004, the legislatively authorized bonding capacity decreased by \$2.4 billion. The State's long-term debt obligations can be broken categories, including General Obligation Bonds, Revenue Bonds, Installment Obligations, Certificates of Participation, Tobacco Settlement Financing Corporation, Inc. Bonds, and Unamortized Premium (Net) Bonds.

General Obligation Bonds. The State finances certain capital projects through the sale of general obligation bonds of the State. These bonds are backed by the full faith and credit of the State. Certain State tax revenues and certain other fees are pledged to meet the principal payments, interest payments and redemption premium payments, if any, required to fully pay the bonds. The appropriation for debt service on the State's general obligation bonds was \$444.5 million for Fiscal Year 2005. As of June 30, 2004, the State had \$3.2 billion of general obligation bonds issued and outstanding with another \$742.4 million of bonds authorized, but not yet issued.

In Fiscal Year 2003, the State issued more than \$1.5 billion in general obligation bonds to fund various projects, including school construction, refunding of various general obligation bonds, funding of public and private higher educational institutions, construction of State and municipal community projects and other various voter-approved purposes. Final maturity for these bonds ranges from 2011 to 2027, with semi-annual interest payments commencing for the issued bonds in calendar year 2003. In prior years, the State has refunded various bond issuances by creating separate irrevocable trust funds. Refunding debt has been issued and the proceeds have been used to purchase United States Treasury Obligations--State and Local Government Series that were placed in the trust funds. The investments and fixed earnings from the investments have been sufficient to fully service the defeased debt until the debt is called or matures. As of June 30, 2002, the amount of defeased general obligation debt outstanding, but removed from the long-term debt, amounted to \$698 million.

Revenue Bonds. This debt classification represents bond issuances whose segment of debt service is derived solely from legally restricted revenues. Revenue bonds include debt issued by the New Jersey Building Authority, the Garden State Preservation Trust, and the New Jersey Transportation Trust Fund Authority. As of June 30, 2004 the State had \$7 billion of revenue bonds outstanding with another \$1.7 billion of bonding authorization remaining for funding for Garden State Preservation Trust and New Jersey Transportation Trust Fund Authority programs. On May 6, 2004, the Garden State Preservation Trust sold \$500 million of Open Space Farmland Preservation Bonds, which were expected to be delivered on or about December 1, 2005.

Installment Obligations. This debt classification represents obligations whose debt service is subject to and dependent upon the Legislature making annual appropriations. Installment obligations include bonds issued to help fund the State's school facilities construction program, and help fund the installation of college and university dormitory fire suppression equipment. The State's installment obligation bonds outstanding as of June 30, 2004 totaled \$7.9 billion. Total authorized but unissued installment obligations equaled \$6 billion as of June 30, 2004.

Certificates of Participation. Proceeds from certificates of participation are used primarily to finance State equipment needs under the State's master lease program. Currently, the State uses a line of credit as its preferred financing method. The State's Certificates of Participation outstanding as of June 30, 2004 totaled \$77.4 million.

Unamortized Premium (Net). During Fiscal Year 2004, unamortized premium totaled \$498.6 million, a \$133.4 million increase from Fiscal Year 2003. This increase is mainly attributed to the State issuing \$2.8 billion of bonds with associated premium.

Short-Term Debt. The State's short-term note program provides effective cash flow management of imbalances that occur in the timing between collections and disbursements of State revenues and appropriations during the fiscal year. The State Treasurer is authorized to issue short-term debt instruments without it constituting a general obligation of the State, or a debt, or a liability within the meaning of the State Constitution. All short-term notes must be retired within twelve months of their issuance date. During Fiscal Year 2004, the State issued and retired \$1.9 billion in short-term notes.

Tax and Revenue Anticipation Notes. In Fiscal Year 1992, the State initiated a program under which it issued tax and revenue anticipation notes ("TANs") to aid in providing effective cash flow management to fund imbalances that occur in the collection and disbursement of the General Fund and Property Tax Relief Fund revenues. On July 16, 2002, the State issued \$1.9 billion of TANs, which matured on June 12, 2003. The State issued \$1.5 billion of TANs on September 25, 2003, \$400 million on January 23, 2004, and \$2 billion on August 3, 2005. The TANs are payable on June 23, 2006. The State has authorized the issuance of up to \$3.1 billion of TANs for Fiscal Year 2006. Such tax and revenue anticipation notes do not constitute a general obligation of the State or a debt or liability within the meaning of the State Constitution. Such notes constitute special obligations of the State payable solely from monies on deposit in the General Fund and the Property Tax Relief Fund and legally available for such payment.

The Port Authority. The Port Authority is a municipal corporate instrumentality of the States of New York and New Jersey created by compact between the two states in 1921 with the consent of the Congress of the United States. It is authorized and directed to plan, develop and operate terminals and other facilities of transportation and commerce, and to advance projects in the general fields of transportation, economic development and world trade that contribute to promoting and protecting the commerce and economy of the Port District, defined in the compact, which comprises an area of about 1,500 square miles in both states, centering around New York Harbor. The Governor of each State appoints six of the twelve members of the governing Board of Commissioners, subject to confirmation by the respective State Senate. Each Governor has from time to time exercised the statutory power to veto the actions of the commissioners from their state.

The commissioners serve six-year overlapping terms as public officials without compensation. They establish Authority policy, appoint an Executive Director to implement it, and also appoint a General Counsel to act as legal advisor to the Board and to the Executive Director. The Authority undertakes only those projects authorized by the two states.

The compact envisions the Port Authority as being financially self-sustaining and, as such, it must obtain the funds necessary for the construction or acquisition of facilities upon the basis of its own credit, its reserve funds, and its future revenues. The agency has neither the power to pledge the credit of either state or any municipality nor to levy taxes or assessments. Except for Special Project Bonds, the Authority's debt is secured by its full faith and credit, its reserve funds, or a pledge of future revenues. Special Project Bonds are secured by a mortgage on the financed properties.

Tobacco Settlement Financing Corporation, Inc. In November, 1998 the State entered into a master settlement agreement (the "MSA") with participating cigarette manufacturers, 46 states, and six other United States jurisdictions in the settlement of certain smoking-related litigation. During Fiscal Year 2003, the State sold to the newly established Tobacco Settlement Financing Corporation, Inc. ("TSFC"), the State's right, title, and beneficial ownership interest in the State's right to receive tobacco settlement payments under the MSA. In return, TSFC issued \$3.5 billion of bonds to pay for the tobacco settlement rights. Proceeds were used to fund General Fund expenditures during Fiscal Year 2003 and Fiscal Year 2004. Pursuant to accounting regulations, TSFC's debt is reflected as a part of the State's debt. After taking into account its bond discount, TSFC had \$3.3 billion of bonds outstanding at the end of Fiscal Year 2004.

Ratings. As of June 30, 2004, the State's short-term credit ratings were SP-1+ (Standard & Poor's Ratings Group), MIG 1 (Moody's Investors Services) and F1+ (Fitch Investors Services). The State's long-term credit ratings were AA- (Standard & Poor's Ratings Group), Aa3 (Moody's Investors Services) and AA- (Fitch Investors Services).

Litigation

The following are cases presently pending or threatened in which the State has the potential for either a significant loss of revenue or a significant unanticipated expenditure. At any given time, there are various numbers of claims and cases pending against the State, State agencies and employees, seeking recovery of monetary damages that are primarily paid out of the fund created pursuant to the New Jersey Tort Claims Act. The State does not formally estimate its reserve representing potential exposure for these claims and cases. At any given time there are also various numbers of claims seeking monetary damages or other relief, which, if granted, would require the expenditure of funds. The State is unable to estimate its exposure for these claims and cases.

Buena Regional Commercial Township et al. v. New Jersey Department of Education et al. This lawsuit was filed on December 9, 1997 on behalf of 17 rural school districts seeking the same type of relief as has been mandated to be provided to the poor urban school districts in *Abbott v. Burke*, which included, without limitation, sufficient funds to allow the school districts to spend at the average of wealthy suburban school districts, to implement additional programs such as full-day kindergarten, half-day preschool programs for three and four year olds, technology, alternative school, accountability and school-to-work and college transition programs, and to upgrade school facilities. The *Buena* school districts are seeking to be treated as special needs districts and to receive parity funding with the *Abbott* school districts as a remedial measure. They also are seeking additional funding as may be necessary to provide an education equivalent to that being provided in the *Abbott* districts. On September 26, 2002, the Administrative Law Judge (the "ALJ") issued an Initial Decision, finding that five of the 17 petitioning school districts were unable to provide a thorough and efficient education to their students. As a remedy, the ALJ recommended full "Abbott" funding for these five districts. On November 9, 2002, the parties submitted written exceptions to the Initial Decision. Of the 12 districts that were unsuccessful in demonstrating a failure to provide a thorough and efficient

education to their students and therefore no remedy was proposed by the ALJ, only six filed exceptions that the ALJ was incorrect as to them.

On February 10, 2003, following a review of the Initial Decision, exceptions and record, the Commissioner of Education (the "Commissioner") adopted in part and rejected in part the Initial Decision. The Commissioner directed the respective County Superintendents to undertake thorough reviews of each of their districts' 2003 and 2004 budgets to determine their sufficiency to provide a thorough and efficient education to their students. On March 6, 2003, 10 districts appealed the Commissioner's decision to the State Board of Education. On July 2, 2003, two of the 10 districts withdrew their appeals. On December 3, 2003, the State filed a brief with the State Board of Education urging that the Commissioner's decision be upheld.

On July 15, 2005, the Legal Committee of the State Board of Education ("Legal Committee") issued a report (the "Initial Report") to the parties. The Initial Report found that the current methods of funding school districts in the State are ineffective and cause disparities. Moreover, the Initial Report found that the appealing school districts and those school districts in this litigation, which did not pursue an appeal, were entitled to relief. The Initial Report directed the Commissioner to undertake a Statewide study of components necessary for a thorough and efficient education and for the Commissioner to conduct individual school district needs assessments for all of the original school districts in this litigation. The Department of Education (the "DOE") filed exceptions to the Initial Report on July 25, 2005. On September 26, 2005, the DOE received a revised report from the Legal Committee, which came virtually to the same conclusions as the Initial Report. The Department has filed exceptions to the revised report and the State intends to continue to vigorously defend this matter.

Abbott V Appeals. Abbott districts, in furtherance of the Court's decision in *Abbott v. Burke* ("*Abbott V*") and DOE regulations, have developed operational plans for the provision of early childhood programs. To date, only one of the original districts that filed petitions for the 1999-2000 school year remains active. Additionally, the Education Law Center (the "ELC") filed petitions for the 1999-2000 school year on behalf of students in each of the three State-operated school districts of Newark, Jersey City and Paterson, and on behalf of the students of West New York arising from the 1999 early childhood departmental decisions. By decisions dated August 20 and November 8, 2001, the matters brought by the ELC were dismissed for mootness, administrative reasons and failure to comply with an order of a judge. Six districts also filed appeals with the Commissioner, which were later transferred to the Office of Administrative Law (the "OAL") and subsequently resolved.

On March 7, 2000 the Supreme Court issued its decision clarifying the requirements of *Abbott V* as to early childhood education and requiring licensed community providers to serve Abbott preschool children with a preschool program meeting DOE standards. On June 1, 2001, after resolving a number of appeals by Abbott districts seeking additional aid for early childhood programs for the 2000-01 school year, a final OAL decision was rendered on the early childhood "global issues". The State is facilitating the expedition of the remaining early childhood appeal from 1999-2000 in the OAL and will vigorously defend DOE's actions.

2001-2002 Abbott District Appeals. Several Abbott districts filed administrative petitions of appeal to the Commissioner of Education regarding departmental decisions rendered

on approved programs and funding for the 2001-2002 school year. Four districts asked that their programs be approved as originally requested, and such requests were amicably resolved or dismissed. Eleven districts filed petitions of appeal on DOE decisions awarding additional State aid, seeking over \$353 million in addition to the aid previously awarded. The ELC filed petitions challenging the decisions and non-decisions of the DOE in this regard on behalf of students in the 30 Abbott districts. Generally, the ELC takes issue with the DOE's process and decisions regarding additional Abbott v. Burke State aid. On August 24, 2001, the State filed a motion for summary decision in lieu of answer and will continue to vigorously defend this appeal.

Carteret, et. Al. v. New Jersey Department of Education. In July 2004, the Carteret school district filed a petition with the Commissioner claiming that the statutory funding formula, the Comprehensive Educational Improvement and Financing Act ("CEIFA"), is unconstitutional as applied to the district because it is alleged that the district cannot raise its local tax levy. In 1994, the district initially sought a judicial determination that it should be accorded *Abbott* status. The complaint was dismissed on various grounds including failure to exhaust administrative remedies. In the current matter, the district restated its case to clarify that it is seeking determinations that (i) CEIFA is unconstitutional as applied, and (ii) that Carteret is entitled to the same type of relief as has been mandated to be provided to the poor urban school districts in *Abbott v. Burke*, which includes, without limitation, sufficient funds to allow the school district to spend at the average of wealthy suburban school districts, to implement additional programs such as full-day kindergarten, half-day preschool programs for three and four year olds, technology, alternative school, accountability and school-to-work and college transition programs, and to upgrade school districts. Much like the *Buena* school districts, Carteret now seeks to be treated as a special needs district and to receive parity funding with the *Abbott* school districts. The matter was transmitted to the OAL for decision on the motion to consolidate and motion to amend the petition. On August 30, 2005, the ALJ granted the DOE's motion to dismiss the Mayor of the Borough of Carteret, in his official and individual capacities, and the Borough of Carteret filed exceptions to the ALJ's August 30, 2005 decision. The Department filed reply exceptions on October 3, 2005. The State intends to vigorously defend this matter.

Medford Township Board of Education et al. v. New Jersey Department of Education. A petition of appeal was filed with the Commissioner on or about May 4, 2005, on behalf of the Medford Township Board of Education, the Evesham Township Board of Education, the Lenape Regional High School District, the Hainesport Township Board of Education (collectively, the "Districts"), the Medford Township Council and the Evesham Township Council (together, the "Townships") against the DOE. The petition alleges that (i) State aid has not increased in the Districts despite the Districts' increases in student enrollment and this failure to increase aid is contrary to the formula established under CEIFA; (ii) the failure to increase State aid has resulted in the Districts being "negatively impacted" in their ability to provide their students with a thorough and efficient education as required by the State Constitution; and (iii) the Townships will have to restore money to the Districts' budgets if the Districts' budgets are not increased through State aid for the 2003-2004 school year.

The DOE filed a motion to dismiss on June 3, 2005, arguing that: (1) the petition of appeal requesting additional State aid for the 2003-2004 school year was out of time; (2) the

Commissioner did not have the authority to provide additional State aid for the 2003-2004 school year; (3) the Townships did not have standing to raise the State aid claims; and (4) even if the Townships did have standing, the claims regarding the Townships are moot as the Districts' budgets passed. The petition was amended on June 6, 2005, to include additional petitioners. Also, the petitioners amended their petition to request an increase in State aid for the 2005-2006 school year and to withdraw their request for an increase in State aid for the 2003-2004 school year. The State intends to vigorously defend this matter.

United Hospitals et al. v. State of New Jersey and William Waldman et al. There are several matters involving approximately 40 hospitals challenging Medicaid hospital inpatient reimbursement rates for rate years 1995 through 2001. The appellate court has remanded some of these matters to the Division of Medical Assistance and Health Services to make further findings, which has been further remanded to the OAL. Some of the hospitals also have filed a notice of appeal. United Hospitals, the lead plaintiff, is in bankruptcy and this case has been settled so far as United Hospitals is concerned. The State intends to vigorously defend these matters.

New Jersey Protection and Advocacy, Inc. v. James Davy (I). Plaintiff, a non-profit agency designated as New Jersey's protection and advocacy organization ("NJP&A") filed this action on April 5, 2005, and subsequently amended its complaint to remove its state law claims. The suit alleges that the DHS is in violation of the due process provisions of the United States Constitution. NJP&A is seeking prospective injunctive relief, specifically an order requiring DHS to promptly take all necessary steps to enable patients in State psychiatric hospitals on Conditional Extension Pending Placement ("CEPP") status to receive services in the most integrated setting appropriate to their needs; monetary penalties, specifically that DHS pay a *per diem* penalty of \$60 to individuals who remain on CEPP status for longer than 60 days; prevailing party costs, disbursements and attorneys' fees; and an injunction requiring DHS to report to NJP&A on the number and names of CEPP patients and other information as NJP&A may require, on an ongoing basis. The State filed a motion to dismiss the complaint. In its opposition to the motion, NJP&A agreed to strike the portion of the complaint in which it requested a *per diem* penalty of \$60 to individuals who remain on CEPP status for longer than 60 days. The remainder of the motion to dismiss was denied by the court on September 30, 2005. The State filed its answer denying liability on all claims asserted by NJP&A on October 13, 2005. At this time, the State estimates its exposure for these claims to be in excess of \$20 million per year in increased costs for community placements. The State intends to vigorously defend this matter.

New Jersey Protection and Advocacy, Inc. et al. v. James Davy (II). NJP&A and two clients of the DHS filed this action on September 29, 2005. NJP&A alleges that DHS is in violation of the Americans With Disabilities Act, the Rehabilitation Act and the Medicaid Act. Plaintiffs are seeking declaratory and prospective injunctive relief, attorneys fees, litigation expenses and other relief. More specifically, the Plaintiffs seek community placements for the people that Plaintiffs allege are in State-operated developmental centers while awaiting community placement. The State intends to vigorously defend this matter.

East Cape May Associates v. New Jersey Department of Environmental Protection. This matter is a regulatory taking case in which the plaintiff claims that it is entitled to in excess of

\$28 million in damages for a taking of its property without just compensation. The property is approximately 80 acres of freshwater wetlands, where the Department of Environmental Protection (the "DEP") denied an application for 366 single-family homes. On July 25, 2001, the appellate court held that before DEP could approve limited development to prevent its action from constituting a taking it was required to adopt protective rules for the planned development.

Upon remand to the trial court, DEP promulgated regulations under the Freshwater Wetlands Protections Act, which took effect on January 22, 2002, and is now in the process of implementing those rules. In July 2003, the trial judge referred the case to mediation. On February 17, 2005, the assigned mediator advised the court that mediation had concluded without agreement. However, informal settlement discussions continue and no trial date has been set. The State is continuing to vigorously defend this matter.

Southern New Jersey Light Rail Group v. New Jersey Transit Corporation. On July 31, 2002, New Jersey Transit Corporation's contractor for the construction of the Southern New Jersey Light Rail Transit Project filed suit alleging over \$125 million in damages and claims on the project. The contractor, Southern New Jersey Rail Group (a consortium of Bechtel Infrastructure and Bombardier), alleges breach of contract, breach of the covenant of good faith and fair dealing, equitable adjustment, unjust enrichment, and negligent misrepresentation resulting from alleged delays caused by New Jersey Transit and changes in the contract work for which the plaintiff alleges it is entitled to be compensated. The State intends to vigorously defend this matter.

Robert William Moss v. John E. McCormac, Treasurer, State of New Jersey. Plaintiff filed an action in superior court alleging that the Legislature's appropriation of bond proceeds to be used to pay interest on certain bonds was unconstitutional. Plaintiff seeks a declaration that the appropriation is unconstitutional and seeks an order directing the Treasurer to restore any money charged against the bond proceeds. On December 6, 2002, the court dismissed plaintiff's complaint with prejudice for failure to state a claim upon which relief can be granted and for lack of subject matter jurisdiction, and executed an appropriate dismissal order. Plaintiff's time for filing an appeal on this matter has run. On January 9, 2003, plaintiff filed a new complaint, naming the State as defendant and demanding the same relief as in that prior matter. Plaintiff's new complaint also contains an additional allegation that the Legislative fiscal estimate for the appropriation falsely stated that the charge against the bond funds was permitted under the bond acts. On January 31, 2003, plaintiff filed a motion to add the Treasurer as a named party and a motion for summary judgment. On April 25, 2003, the court entered an order dismissing the plaintiff's second complaint with prejudice for failure to state a claim upon which relief can be granted. On May 20, 2003, plaintiff appealed the decision. The matter has been fully briefed, but oral argument has not yet been scheduled.

New Jersey Education Association et al. v. State of New Jersey et al. Plaintiffs' complaint alleges that the State violated various State constitutional provisions, statutes and common law by failing to fund the Teachers' Pension and Annuity Fund ("TPAF") in the amount and manner prescribed by law while increasing the contribution paid by employees who participate in the fund from 3% to 5%. In their complaint, plaintiffs ask that the defendants be directed to make a payment into the TPAF in the approximate amount of \$484 million, or in the alternative, that the employees' contribution be maintained at 3% and not increased. In addition, plaintiffs are seeking attorney's fees, disbursements and costs.

On April 28, 2004, the State moved to dismiss the complaint for failure to state a claim upon which relief can be granted. On July 15, 2004, the court granted the State's motion to dismiss as to claims of violation of the constitutional principles of uniformity and fairness in taxation, violation of the Internal Revenue Code of 1986, as amended, and breach of promissory estoppel. The court denied the State's motion on the other claims. On or about June 28, 2004, the plaintiffs had filed an amended complaint, which included allegations of underfunding the TPAF for Fiscal Year 2005. On November 23, 2004, the State moved to dismiss the amended complaint, which motion was denied. The State then moved for leave to appeal to the Appellate Division seeking review of the court's denial of the State's motion to dismiss. On January 13, 2005, the Appellate Division denied the State's motion. On February 2, 2005, the State moved for leave to appeal to the State Supreme Court. By order dated September 12, 2005, the Supreme Court denied the State's motion for leave to appeal. As a result, this matter will be returned to the trial court for further proceedings. The State intends to vigorously defend this matter.

Professional Firefighters Association of New Jersey at al. v. State of New Jersey et al. This matter was filed on October 4, 2005. The Plaintiffs' complaint alleges that the State violated various U.S. and State constitutional provisions, statutes and common law by failing to adequately fund the Police and Firemen's Retirement System ("PFRS") for Fiscal Years 2004 and 2005. The Plaintiffs also challenge the constitutionality of reductions in PFRS contributions required of local employers for Fiscal Years 2004-07. The State intends to vigorously defend this matter.

AMEC Civil, LLC v. State of New Jersey, Department of Transportation. Plaintiff alleges that the Department of Transportation breached a construction contract through, among other claims, work limitations, design defects, failure to disclose access problems and the obtainment of permits. The claims were originally filed in three separate complaints in 2003 and 2004. On December 15, 2004, all outstanding claims were consolidated into one complaint. Discovery in the consolidated matter is ongoing. The State intends to vigorously defend this matter.

K.J., T.J. and M.J. v. Division of Youth and Family Services. et al. The minor plaintiffs filed a complaint on May 26, 2004 against the Division of Youth and Family Services ("DYFS"), the State and various employees and directors of DYFS, alleging they were starved while in the custody of foster and/or adoptive parents and that DYFS should have been aware of the abuse, thus constituting violations of their substantive and procedural due process rights under the U.S. and State Constitutions and violations of State child welfare laws. A settlement agreement was signed by the parties and filed with the trial court on October 3, 2005 for a total of \$12.5 million. The hearing before the court to approve the settlement was scheduled for November 16, 2005.

DeCamp Bus Lines v. New Jersey Transit Corporation ("NJ Transit"). On October 13, 2004, the plaintiff filed a complaint against NJ Transit alleging claims of inverse takings, destructive competition and other damage-based claims. On January 25, 2005, the trial court dismissed all counts except the inverse condemnation claim. The State intends to vigorously defend this matter.

Horizon Blue Cross/Blue Shield of New Jersey v. The State of New Jersey, et al. The Plaintiff has filed a complaint seeking a declaration that recent State legislation removing the availability of insurance premiums tax "cap" for health services corporations is unconstitutional under various provisions of the U.S. and New Jersey Constitutions, and to enjoin the State from collecting the insurance premiums tax. On October 28, 2005, the trial court granted the State's motion to transfer the matter to the Tax Court. The State intends to vigorously defend this matter.

Lance et al. v. Codey et al. On August 4, 2005, two State legislators filed a complaint alleging that the 2006 Budget violated the State Constitution because it anticipates \$150 million in revenues from the sales of tobacco-settlement bonds to be issued by the TSFC. The complaint seeks to enjoin the issuance of such bonds and the spending of any proceeds from such bonds. On August 12, 2005, the court enjoined the issuance of such bonds in excess of the amount necessary to effect the refunding of tobacco-settlement bonds issued in 2003, and enjoined the transfer of such proceeds to the State. The State and the TSFC filed a notice to appeal on September 25, 2005. The State and the TSFC intends to vigorously defend this matter.

APPENDIX B

Rating Categories

Description of certain ratings assigned by S&P, Moody's and Fitch:

S&P

Long-term

AAA

An obligation rated 'AAA' has the highest rating assigned by S&P. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.

AA

An obligation rated 'AA' differs from the highest rated obligations only in small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong. The rating 'AA' may be modified by the addition of a plus (+) or minus (-) sign designation to show relative standing within this rating category.

Short-term

SP-1

Strong capacity to pay principal and interest. An issue determined to possess a very strong capacity to pay debt service is given a plus sign (+) designation.

SP-2

Satisfactory capacity to pay principal and interest, with some vulnerability to adverse financial and economic changes over the term of the notes.

Commercial paper

A-1

This designation indicates that the degree of safety regarding timely payment is strong. Those issues determined to possess extremely strong safety characteristics are denoted with a plus sign (+) designation.

A-2

Capacity for timely payment on issues with this designation is satisfactory. However, the relative degree of safety is not as high as for issues designated 'A-1.'

Moody's

Long-term

Aaa

Bonds rated 'Aaa' are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as “gilt edged.” Interest payments are protected by a large or by an exceptionally stable margin and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues.

Aa

Bonds rated 'Aa' are judged to be of high quality by all standards. Together with the 'Aaa' group they comprise what are generally known as high-grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in 'Aaa' securities or fluctuation of protective elements may be of greater amplitude or there may be other elements present which make the long-term risk appear somewhat larger than the 'Aaa' securities.

Moody's applies numerical modifiers 1, 2, and 3 to the 'Aa' generic rating classification. The modifier 1 indicates that the obligation ranks in the higher end of the rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of the rating category.

Prime rating system (short-term)

Issuers rated **Prime-1** (or supporting institutions) have a superior ability for repayment of senior short-term debt obligations. Prime-1 repayment ability will often be evidenced by many of the following characteristics:

Leading market positions in well-established industries.

High rates of return on funds employed.

Conservative capitalization structure with moderate reliance on debt and ample asset protection.

Broad margins in earnings coverage of fixed financial charges and high internal cash generation.

Well-established access to a range of financial markets and assured sources of alternate liquidity.

Issuers rated **Prime-2** (or supporting institutions) have a strong ability for repayment of senior short-term debt obligations. This will normally be evidenced by many of the characteristics cited above but to a lesser degree. Earnings trends and coverage ratios, while sound, may be more subject to variation. Capitalization characteristics, while still appropriate, may be more affected by external conditions. Ample alternate liquidity is maintained.

MIG/VMIG--U.S. short-term

Municipal debt issuance ratings are designated as Moody's Investment Grade (MIG) and are divided into three levels -- MIG 1 through MIG 3.

The short-term rating assigned to the demand feature of variable rate demand obligations (VRDOs) is designated as VMIG. When either the long- or short-term aspect of a VRDO is not rated, that piece is designated NR, e.g., Aaa/NR or NR/VMIG 1.

MIG 1/VMIG1

This designation denotes superior credit quality. Excellent protection is afforded by established cash flows, highly reliable liquidity support, or demonstrated broad-based access to the market for refinancing.

MIG 2/VMIG 2

This designation denotes strong credit quality. Margins of protection are ample, although not as large as in the preceding group.

Fitch

Long-term investment grade

AAA

Highest credit quality. 'AAA' ratings denote the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for timely payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

AA

Very high credit quality. 'AA' ratings denote a very low expectation of credit risk. They indicate very strong capacity for timely payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

Short-term

A short-term rating has a time horizon of less than 12 months for most obligations, or up to three years for U.S. public finance securities, and thus places greater emphasis on the liquidity necessary to meet financial commitments in a timely manner.

F1

Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments; may have an added “+” to denote any exceptionally strong credit feature.

F2

Good credit quality. A satisfactory capacity for timely payment of financial commitments, but the margin of safety is not as great as in the case of the higher ratings.

A plus (+) or minus (-) sign designation may be appended to the 'AA' or 'F1' a rating to denote relative status within the rating category.

This combined prospectus to be used only by clients of Janney Montgomery Scott LLC. As with all mutual funds, the Securities and Exchange Commission has not approved or disapproved these securities or passed upon the adequacy of this prospectus. Any representation to the contrary is a criminal offense.

The Funds

INTRODUCTION

Each fund is a money market mutual fund with a separate investment portfolio. The operations and results of one fund are unrelated to those of each other fund. This combined prospectus has been prepared for your convenience so that you can consider four investment choices in one document.

Each fund is a mutual fund: a pooled investment that is professionally managed and gives you the opportunity to participate in financial markets. Each fund strives to reach its stated goal, although as with all mutual funds, no fund can offer guaranteed results.

As a money market fund, each fund seeks to maintain a \$1.00 price per share and is subject to maturity, quality and diversification requirements designed to help it maintain a stable share price.

Generally, each fund is required to invest its assets in securities with the highest or second-highest credit rating or the unrated equivalent as determined by Dreyfus.

Dreyfus Connecticut Municipal Money Market Fund, Inc.

Ticker Symbol: DRCXX

GOAL/APPROACH

The fund seeks as high a level of current income exempt from federal and Connecticut state income taxes as is consistent with the preservation of capital and the maintenance of liquidity.

To pursue this goal, the fund normally invests substantially all of its assets in short-term, high quality municipal obligations that provide income exempt from federal and Connecticut state personal income taxes. The fund also may invest in high quality, short-term structured notes, which are derivative instruments whose value is tied to underlying municipal obligations. Municipal obligations: debt securities that provide income free from federal income tax, and state income tax if the investor lives in the issuing state. Municipal obligations typically include general obligation bonds, which are secured by the full faith and credit of the issuer and its taxing power, and revenue bonds, which are payable from the revenues derived from a specific revenue source, such as charges for water and sewer service or highway tolls.

Although the fund seeks to provide income exempt from federal and Connecticut state income taxes, interest from some of its holdings may be subject to the federal alternative minimum tax. In addition, the fund temporarily may invest in high quality, taxable money market instru-

ments, and/or municipal obligations that pay income exempt only from federal income tax, including when the fund manager believes acceptable Connecticut municipal obligations are not available for investment.

MAIN RISKS

This fund is a mutual fund: a pooled investment that is professionally managed and gives you the opportunity to participate in financial markets. It strives to reach its stated goal, although as with all mutual funds, it cannot offer guaranteed results.

The fund's yield will fluctuate as the short-term securities in its portfolio mature and the proceeds are reinvested in securities with different interest rates.

An investment in the fund is not a bank deposit. It is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. It is not a complete investment program. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the fund. You can lose money in the fund, but you also have the potential to make money.

While the fund has maintained a constant share price since inception, and will continue to try to do so, the following factors could reduce the fund's income level and/or share price:

- interest rates could rise sharply, causing the value of the fund's investments and its share price to drop
- interest rates could drop, thereby reducing the fund's yield
- Connecticut's economy and revenues underlying its municipal obligations may decline
- the fund's portfolio securities may be more sensitive to risks that are specific to investing primarily in a single state
- any of the fund's holdings could have its credit rating downgraded or could default

Generally, the fund is required to invest its assets in securities with the highest or second-highest credit rating or the unrated equivalent as determined by Dreyfus.

Derivative securities, such as structured notes, can be volatile, and the possibility of default by the financial institution or counterparty may be greater for these securities than for other types of money market instruments. Structured notes typically are purchased in privately negotiated transactions from financial institutions and, thus, an active trading market for such instruments may not exist.

The fund is non-diversified, which means that a relatively high percentage of the fund's assets may be invested in a limited number of issuers. Therefore, its performance may be more vulnerable to changes in the market value of a single issuer and more susceptible to risks associated with a single economic, political or regulatory occurrence than a diversified fund.

PAST PERFORMANCE

The bar chart and table shown below illustrate the risks of investing in the fund. The bar chart shows the changes in the fund's performance from year to year. The table shows the fund's average annual total returns over time. All returns assume reinvestment of dividends and distributions. Of course, past performance is no guarantee of future results.

Year-by-year total returns

as of 12/31 each year (%)

Best Quarter: Q3 '00 +0.87%

Worst Quarter: Q3 '03 +0.08%

Average annual total returns

as of 12/31/05

1 Year	5 Years	10 Years
1.75%	1.17%	2.02%

The fund's 7-day yield on 12/31/05 was 2.58%. For the fund's current 7-day yield, please call toll-free: **1-800-645-6561**.

EXPENSES

As an investor, you pay certain fees and expenses in connection with the fund, which are described in the table below. Annual fund operating expenses are paid out of fund assets, so their effect is included in the share price. The fund has no sales charge (load) or Rule 12b-1 distribution fees.

Fee table

Annual fund operating expenses

% of average daily net assets

Management fees	0.50%
Shareholder Services fee	0.05%
Other expenses	0.17%
Total	0.72%

For the fiscal year ended November 30, 2005, Dreyfus waived a portion of its fee so that the effective management fee paid by the fund was 0.43%, reducing total expenses from 0.72% to 0.65%. This waiver was voluntary.

Expense example

1 Year 3 Years 5 Years 10 Years

\$74 \$230 \$401 \$894

This example shows what you could pay in expenses over time. It uses the same hypothetical conditions other funds use in their prospectuses: \$10,000 initial investment, 5% total return each year and no changes in expenses. The figures shown would be the same whether you sold your shares at the end of a period or kept them. Because actual returns and expenses will be different, the example is for comparison only.

From time to time, Dreyfus may limit expenses to the extent it deems appropriate to enhance the yield of the fund during periods when fixed expenses have a significant impact on the fund's yield because of low interest rates. This expense limitation policy is voluntary and temporary and may be revised or terminated by Dreyfus at any time without notice.

The Shareholder Services fee of up to 0.25% reimburses the fund's distributor for shareholder account service and maintenance.

"Other expenses" borne by the fund are for items such as transfer agency, custody, professional and registration fees. The fund also makes payments to certain financial intermediaries, including affiliates, who provide sub-administration, recordkeeping and/or sub-transfer agency services to beneficial owners of the fund.

Dreyfus Massachusetts Municipal Money Market Fund

Ticker Symbol: DMAXX

GOAL/APPROACH

The fund seeks as high a level of current income exempt from federal and Massachusetts state income taxes as is consistent with the preservation of capital and the maintenance of liquidity.

To pursue this goal, the fund normally invests substantially all of its assets in short-term, high quality municipal obligations that provide income exempt from federal and Massachusetts state income taxes. The fund also may invest in high quality, short-term structured notes, which are derivative instruments whose value is tied to underlying municipal obligations. Municipal obligations typically include general obligation bonds, which are secured by the full faith and credit of the issuer and its taxing power, and revenue bonds, which are payable from the revenues derived from a specific revenue source, such as charges for water and sewer service or highway tolls.

Although the fund seeks to provide income exempt from federal and Massachusetts state income taxes, interest from some of its holdings may be subject to the federal alternative minimum tax. In addition, the fund temporarily may invest in high quality, taxable money market instruments, and/or municipal obligations that pay income

exempt only from federal personal income tax, including when the portfolio manager believes acceptable Massachusetts municipal obligations are not available for investment.

MAIN RISKS

This fund is a mutual fund: a pooled investment that is professionally managed and gives you the opportunity to participate in financial markets. It strives to reach its stated goal, although as with all mutual funds, it cannot offer guaranteed results.

The fund's yield will fluctuate as the short-term securities in its portfolio mature and the proceeds are reinvested in securities with different interest rates.

An investment in the fund is not a bank deposit. It is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. It is not a complete investment program. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the fund. You can lose money in the fund, but you also have the potential to make money.

While the fund has maintained a constant share price since inception, and will continue to try to do so, the following factors could reduce the fund's income level and/or share price:

- interest rates could rise sharply, causing the value of the fund's investments and its share price to drop
- interest rates could drop, thereby reducing the fund's yield
- Massachusetts's economy and revenues underlying its municipal obligations may decline
- the fund's portfolio securities may be more sensitive to risks that are specific to investing primarily in a single state
- any of the fund's holdings could have its credit rating downgraded or could default

Generally, the fund is required to invest its assets in securities with the highest or second-highest credit rating or the unrated equivalent as determined by Dreyfus.

Derivative securities, such as structured notes, can be volatile, and the possibility of default by the financial institution or counterparty may be greater for these securities than for other types of money market instruments. From time to time, Dreyfus may limit expenses to the extent it deems appropriate to enhance the yield of the fund during periods when fixed expenses have a significant impact on the fund's yield because of low interest rates. This expense limitation policy is voluntary and temporary and may be revised or terminated by Dreyfus at any time without notice.

The Shareholder Services fee of up to 0.25% reimburses the fund's distributor for shareholder account service and maintenance.

"Other expenses" borne by the fund for miscellaneous items such as transfer agency, custody, professional and registration fees. The fund also makes payments to certain financial intermediaries, including affiliates, who provide sub-administration, recordkeeping and/or sub-transfer agency services to beneficial owners of the fund.

MANAGEMENT

Investment Adviser

The investment adviser for each fund is The Dreyfus Corporation (Dreyfus), 200 Park Avenue, New York, New York 10166. Founded in 1947, Dreyfus manages approximately \$178 billion in approximately 200 mutual fund portfolios. For the past fiscal year, the Dreyfus Connecticut Municipal Money Market Fund, Dreyfus Massachusetts Municipal Money Market Fund, Dreyfus New Jersey Municipal Money Market Fund, and Dreyfus Pennsylvania Municipal Money Market Fund each paid Dreyfus a management fee at the annual rate 0.50% of the fund's average daily net assets.

A separate discussion regarding the basis for the board's approving each fund's separate management agreement with Dreyfus is available for Dreyfus Connecticut Municipal Money Market Fund and Dreyfus Pennsylvania Municipal Money Market Fund, in each fund's annual report for the fiscal year ended September 30, 2005 and, for Dreyfus Massachusetts Municipal Money Market Fund and Dreyfus New Jersey Municipal Money Market Fund, in each fund's semi-annual report for the period ended July 31, 2005. Dreyfus is the primary mutual fund business of Mellon Financial Corporation (Mellon Financial), a global financial services company. Headquartered in Pittsburgh, Pennsylvania, Mellon Financial is one of the world's leading providers of financial services for institutions, corporations and high net worth individuals, providing institutional asset management, mutual funds, private wealth

management, asset servicing, payment solutions and investor services, and treasury services. Mellon Financial has approximately \$4.7 trillion in assets under management, administration or custody, including \$781 billion under management.

The Dreyfus asset management philosophy is based on the belief that discipline and consistency are important to investment success. For each fund, Dreyfus seeks to establish clear guidelines for portfolio management and to be systematic in making decisions. This approach is designed to provide each fund with a distinct and stable identity.

Distributor

Each fund's distributor is DSC, a wholly-owned subsidiary of Dreyfus. Dreyfus or DSC may provide cash payments out of its own resources to financial intermediaries that sell shares of the fund or provide other services. Such payments are in addition to any shareholder services fees or other expenses paid by the fund. These additional payments may be made to intermediaries, including affiliates, that provide shareholder servicing, sub-administration, recordkeeping and/or sub-transfer agency services, marketing support and/or access to sales meetings, sales representatives and management representatives of the financial intermediary. Cash compensation also may be paid to intermediaries for inclusion of the fund on a sales list, including a preferred or select sales list or in other sales programs. These payments sometimes are referred to as "revenue sharing." In some cases, these payments may create an incentive for a financial intermediary or its employees to recommend or sell shares of the fund to you. Please contact your financial representative for details about any payments they or their firm may receive in connection with the sale of fund shares or the provision of services to the fund.

From time to time, Dreyfus or DSC also may provide cash or non-cash compensation to financial intermediaries or their representatives in the form of occasional gifts; occasional meals, tickets or other entertainment; support for due diligence trips; educational conference sponsorship; support for recognition programs; and other forms of cash or non-cash compensation permissible under broker-dealer regulations, as periodically amended.

Code of Ethics

The funds, Dreyfus and DSC have each adopted a code of ethics that permits its personnel, subject to such code, to invest in securities, including securities that may be purchased or held by the fund. The Dreyfus code of ethics restricts the personal securities transactions of its employees, and requires portfolio managers and other investment personnel to comply with the code's preclearance and disclosure procedures. The primary purpose of the code is to ensure that personal trading by Dreyfus employees does not disadvantage any Dreyfus-managed fund.

FINANCIAL HIGHLIGHTS

The following tables describe each fund's performance for the fiscal periods indicated. "Total return" shows how much your investment in a fund would have increased (or decreased) during each period, assuming you had reinvested all dividends and distributions. These

figures have been independently audited by Ernst & Young LLP, whose report for each fund, along with each fund's financial statements, is included in the fund's annual report, which is available upon request.

Your Investment

ACCOUNT POLICIES

Buying shares

You pay no sales charges to invest in either fund. Your price for fund shares is the fund's net asset value per share (NAV), which is generally calculated as of 12:00 noon Eastern time on days the New York Stock Exchange is open for regular business. Your order will be priced at the next NAV calculated after your order is received in proper form by the fund's transfer agent or other authorized entity. Each fund's portfolio securities are valued at amortized cost, which does not take into account unrealized gains or losses. As a result, portfolio securities are valued at their acquisition cost, adjusted for discounts or premiums reflected in their purchase price. This method of valuation is designed to enable the fund to price its shares at \$1.00 per share.

When calculating its NAV, the fund compares the NAV using amortized cost to its NAV using available market quotations or market equivalents, which generally are provided by an independent pricing service approved by the fund's board. The pricing service's procedures are reviewed under the general supervision of the board.

Your broker may charge transaction fees and may set minimum investments or limitations on buying or selling shares. Consult a representative for further information.

Selling shares

You may sell (redeem) shares at any time. Your shares will be sold at the next NAV calculated after your order is received in proper form by the fund's transfer agent or other authorized entity. The processing of redemptions and the delivery of the proceeds may be delayed beyond the same or next business day, depending on the circumstances.

Before selling shares recently purchased, please note that if you send a written request to sell such shares, the fund may delay selling the shares for up to eight business days following the purchase of those shares.

General policies

Money market funds generally are used by investors for short-term investments, often in place of bank checking or savings accounts or for cash management purposes. Investors value the ability to add and withdraw their funds quickly, without restriction. For this reason, although Dreyfus discourages excessive trading and other abusive trading practices, the funds have not adopted policies and procedures, or imposed redemption fees or other restrictions such as minimum holding periods, to deter frequent purchases and redemptions of fund shares. Dreyfus also believes that money market funds, such as the funds, are not targets of abusive trading practices, because money market funds seek to maintain a \$1.00 per share price and typically do not fluctuate in value based on market prices. However, frequent purchases and redemptions of a

fund's shares could increase the fund's transaction costs, such as market spreads and custodial fees, and may interfere with the efficient management of the fund's portfolio, which could detract from the fund's performance. Accordingly, each fund reserves the right to refuse any purchase or exchange request. Funds in the Dreyfus Family of Funds that are not money market mutual funds have approved policies and procedures that are intended to discourage and prevent abusive trading practices in those mutual funds which may apply to exchanges from or into the fund. If you plan to exchange your fund shares for shares of another Dreyfus fund, please read the prospectus of that other Dreyfus fund for more information.

Each fund also reserves the right to:

- refuse any purchase or exchange request
- change or discontinue its exchange privilege, or temporarily suspend the privilege during unusual market conditions
- change its minimum investment amounts
- delay sending out redemption proceeds for up to seven days (generally applies only in cases of very large redemptions, excessive trading or during unusual market conditions)
- "redeem in kind," or make payments in securities rather than cash, if the amount redeemed is large enough to affect fund operations (for example, if it exceeds 1% of the fund's assets)

Each fund also may process purchase and sale orders and calculate its NAV on days that the fund's primary trading markets are open and the fund's management determines to do so.

DISTRIBUTION AND TAXES

Each fund earns dividends, interest and other income from its investments, and distributes this income (less expenses) to shareholders as dividends. Each fund also realizes capital gains from its investments, and distributes these gains (less any losses) to shareholders as capital gain distributions. Each fund normally pays dividends once a month and capital gain distributions annually. Fund dividends and capital gain distributions will be reinvested in the fund unless you instruct the fund otherwise. There are no fees or sales charges on reinvestments.

Each fund anticipates that virtually all dividends paid will be exempt from federal and, for Massachusetts residents, Massachusetts personal income taxes, for New Jersey residents, New Jersey personal income taxes, for Connecticut residents, Connecticut personal income taxes, and for Pennsylvania residents, Pennsylvania personal income taxes. However, for federal tax purposes, certain distributions, such as distributions of short-term capital gains, are taxable to you as ordinary income, while long-term capital gains are taxable to you as capital gains.

For Massachusetts, New Jersey, Connecticut and Pennsylvania personal income tax purposes, distributions derived from interest on municipal securities of Massachusetts issuers, New Jersey issuers, Connecticut issuers or Pennsylvania issuers, respectively, and from

interest on qualifying securities issued by U.S. territories and possessions are generally exempt from tax. Distributions that are federally taxable as ordinary income or capital gains are generally subject to state personal income taxes.

The tax status of any distribution generally is the same regardless of how long you have been in the fund and whether you reinvest your distributions or take them in cash.

If you buy shares of a fund when the fund has realized but not yet distributed income or capital gains, you will be “buying a dividend” by

paying the full price for the shares and then receiving a portion back in the form of a taxable distribution.

Your sale of shares, including exchanges into other funds, may result in a capital gain or loss for tax purposes. A capital gain or loss on your investment in the fund generally is the difference between the cost of your shares and the amount you receive when you sell them.

The tax status of your distributions will be detailed in your annual tax statement from the fund. Because everyone’s tax situation is unique, please consult your tax advisor before investing.

Dreyfus Connecticut Municipal Money Market Fund, Inc.

SEC file number: 811-3207

Dreyfus Massachusetts Municipal Money Market Fund

SEC file number: 811-6273

Dreyfus New Jersey Municipal Money Market Fund, Inc.

SEC file number: 811-5527

Dreyfus Pennsylvania Municipal Money Market Fund

SEC file number: 811-6126

More information on each fund is available free upon request, including the following:

Annual/Semiannual Report

Describes the fund’s performance, lists portfolio holdings and contains a letter from the fund’s manager discussing recent market conditions, economic trends and fund strategies that significantly affected the fund’s performance during the last fiscal year. Each fund’s most recent annual and semiannual reports are available at www.dreyfus.com.

Statement of Additional Information (SAI)

Provides more details about each fund and its policies. A current SAI for each fund is available at www.dreyfus.com and is on file with the Securities and Exchange Commission (SEC). Each SAI is incorporated by reference (is legally considered part of this combined prospectus).

Portfolio Holdings

Each fund will disclose its complete schedule of portfolio holdings, as reported on a month-end basis, at www.dreyfus.com, under Mutual Fund Center — Dreyfus Mutual Funds — Mutual Fund Total Holdings. The information will be posted with a one-month lag and will remain accessible until the fund files a report on Form N-Q

or Form N-CSR for the period that includes the date as of which the information was current. In addition, 15 days following the end of each calendar quarter, each fund will publicly disclose at www.dreyfus.com its complete schedule of portfolio holdings as of the end of such quarter.

A complete description of each fund’s policies and procedures with respect to the disclosure of the fund’s portfolio securities is available in the respective fund’s SAI.
