

Structured
Investments

HSBC USA Inc.

\$2,450,000

Notes Linked to an Equally Weighted Basket Consisting of Nine Common Equity Securities due July 5, 2016 (the "Notes")

General

- Terms used in this pricing supplement are described or defined herein and in the accompanying Stock-Linked Underlying Supplement, prospectus supplement and prospectus. The Notes will have the terms described herein and in the accompanying Stock-Linked Underlying Supplement, prospectus supplement and prospectus. **The Notes do not guarantee any return of principal, and you may lose some or all of your initial investment. The Notes will not bear interest.**
- This pricing supplement relates to a single note offering. The purchaser of a Note will acquire a security linked to the Reference Asset described below.
- Although the offering relates to a Reference Asset, you should not construe that fact as a recommendation as to the merits of acquiring an investment linked to the Reference Asset or any Basket Component (as defined below) or as to the suitability of an investment in the Notes.
- Senior unsecured debt obligations of HSBC USA Inc. maturing July 5, 2016.
- Minimum denominations of \$10,000 and integral multiples of \$1,000 in excess thereof.
- **If the terms of the Notes set forth below are inconsistent with those described in the accompanying Stock-Linked Underlying Supplement, prospectus supplement and prospectus, the terms set forth below will supersede.**
- Any payment on the Notes is subject to the Issuer's credit risk.

Key Terms

Issuer:	HSBC USA Inc.
Reference Asset:	The Notes are linked to an equally weighted basket (the "Basket") consisting of the respective common equity securities of the Reference Asset Issuers (each such equity security, a "Basket Component" and together, the "Basket Components").
Reference Asset Issuers:	The issuers listed on page 2 of this document.
Component Weightings:	With respect to each Basket Component, approximately 11.11% (1/9 th).
Principal Amount:	\$1,000 per Note
Trade Date:	June 16, 2015
Pricing Date:	June 16, 2015
Original Issue Date:	June 19, 2015
Final Valuation Date:	June 29, 2016, subject to adjustment as described in "Additional Terms of the Notes — Valuation Dates" in the accompanying Stock-Linked Underlying Supplement.
Maturity Date:	July 5, 2016. The Maturity Date is subject to adjustment as described under "Additional Terms of the Notes — Coupon Payment Dates, Call Payment Dates and Maturity Date" in the accompanying Stock-Linked Underlying Supplement.
Payment at Maturity:	For each Note, the Cash Settlement Value.
Cash Settlement Value:	For each Note, you will receive a cash payment on the Maturity Date that is based on the Basket Return (as described below) and calculated as follows: $1,000 \times (1 + \text{Basket Return}) \times \text{Adjustment Factor}$ <i>If the level of the Reference Asset does not increase by at least 1.4%, you will lose a portion of your principal amount, which could be significant.</i>
Adjustment Factor:	98.60%
Basket Return:	The quotient, expressed as a percentage, calculated as follows: $\frac{\text{Basket Ending Level} - \text{Basket Starting Level}}{\text{Basket Starting Level}}$
Basket Starting Level:	Set equal to 100 on the Pricing Date.
Basket Ending Level:	The Basket Closing Level, as determined on the Final Valuation Date.
Basket Closing Level:	The Basket Closing Level will be calculated as follows: $100 \times [1 + (\text{the sum of the Basket Component return multiplied by the respective component weighting, for each Basket Component})]$ Each of the Basket Component returns set forth in the formula above refers to the return for the relevant Basket Component, expressed as the percentage change from the Initial Price of that Basket Component to the Final Price of that Basket Component, calculated as follows: $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$
Initial Price:	The official closing price of the respective Basket Component as determined by the Calculation Agent on the Pricing Date, and set forth on the following page.
Final Price:	The official closing price of the respective Basket Component as determined by the Calculation Agent on the Final Valuation Date.
Estimated Initial Value:	The Estimated Initial Value of the Notes is less than the price you pay to purchase the Notes. The Estimated Initial Value does not represent a minimum price at which we or any of our affiliates would be willing to purchase your Notes in the secondary market, if any, at any time. See "Selected Risk Considerations — The Estimated Initial Value of the Notes, which was determined by us on the Pricing Date, is less than the price to public and may differ from the market value of the Notes in the secondary market, if any."
Calculation Agent:	HSBC USA Inc. or one of its affiliates
CUSIP / ISIN:	40433B2K3/US40433B2K32
Form of the Notes:	Book-Entry
Listing:	The Notes will not be listed on any securities exchange or quotation system.

An investment in the Notes involves certain risks. You should refer to "Selected Risk Considerations" beginning on page 5 of this document and "Risk Factors" beginning on page S-1 of the Stock-Linked Underlying Supplement and page S-1 of the prospectus supplement.

Neither the U.S. Securities and Exchange Commission (the "SEC") nor any state securities commission has approved or disapproved of the Notes or determined that this pricing supplement, or the accompanying Stock-Linked Underlying Supplement, prospectus supplement and prospectus, is truthful or complete. Any representation to the contrary is a criminal offense.

HSBC Securities (USA) Inc. or another of our affiliates or agents may use this pricing supplement in market-making transactions in any Notes after their initial sale. **Unless we or our agent informs you otherwise in the confirmation of sale, this pricing supplement is being used in a market-making transaction.** HSBC Securities (USA) Inc., an affiliate of ours, will purchase the Notes from us for distribution to the placement agent. See "Supplemental Plan of Distribution (Conflicts of Interest)" on the last page of this pricing supplement.

J.P. Morgan Securities LLC and certain of its registered broker-dealer affiliates are purchasing the Notes for resale.

The Estimated Initial Value of the Notes on the Pricing Date is \$985.50 per Note, which is less than the price to public. The market value of the Notes at any time will reflect many factors and cannot be predicted with accuracy. See "Estimated Initial Value" above and "Selected Risk Considerations" beginning on page 5 of this document for additional information.

	Price to Public	Fees and Commissions	Proceeds to Issuer
Per Note	\$1,000.00	\$10.00	\$990.00
Total	\$2,450,000	\$24,500	\$2,425,500

The Notes:

Are Not FDIC Insured	Are Not Bank Guaranteed	May Lose Value
JPMorgan Placement Agent June 16, 2015		

Reference Asset Issuers

Reference Asset Issuer	Ticker Symbol	Initial Price	Reference Asset Issuer	Ticker Symbol	Initial Price
Akorn, Inc.	AKRX	\$46.89	Lions Gate Entertainment Corp.	LGF	\$37.46
BioMarin Pharmaceutical Inc.	BMRN	\$121.10	Rite Aid Corporation	RAD	\$8.95
DISH Network Corporation	DISH	\$72.56	Splunk Inc.	SPLK	\$70.58
FireEye, Inc.	FEYE	\$53.16	Workday, Inc.	WDAY	\$78.99
Juno Therapeutics, Inc.	JUNO	\$58.42			

Additional Terms Specific to the Notes

This pricing supplement relates to a single note offering linked to the Reference Asset. The purchaser of a Note will acquire a senior unsecured debt security linked to the Reference Asset. Although the Note offering relates only to the Reference Asset, you should not construe that fact as a recommendation as to the merits of acquiring an investment linked to the Reference Asset or any Basket Component or as to the suitability of an investment in the Notes.

You should read this document together with the prospectus dated March 5, 2015, the prospectus supplement dated March 5, 2015 and the Stock-Linked Underlying Supplement dated March 5, 2015. If the terms of the Notes offered hereby are inconsistent with those described in the accompanying Stock-Linked Underlying Supplement, prospectus supplement or prospectus, the terms described in this pricing supplement shall control. You should carefully consider, among other things, the matters set forth in “Selected Risk Considerations” beginning on page 5 of this pricing supplement and “Risk Factors” beginning on page S-1 of the Stock-Linked Underlying Supplement and page S-1 of the prospectus supplement, as the Notes involve risks not associated with conventional debt securities. We urge you to consult your investment, legal, tax, accounting and other advisors before you invest in the Notes. As used herein, references to the “Issuer,” “HSBC,” “we,” “us” and “our” are to HSBC USA Inc.

HSBC has filed a registration statement (including a prospectus, a prospectus supplement and the Stock-Linked Underlying Supplement) with the SEC for the offering to which this pricing supplement relates. Before you invest, you should read the prospectus, prospectus supplement and Stock-Linked Underlying Supplement in that registration statement and other documents HSBC has filed with the SEC for more complete information about HSBC and this offering. You may get these documents for free by visiting EDGAR on the SEC’s web site at www.sec.gov. Alternatively, HSBC Securities (USA) Inc. or any dealer participating in this offering will arrange to send you the prospectus, prospectus supplement and Stock-Linked Underlying Supplement if you request them by calling toll-free 1-866-811-8049.

Summary

The three charts below provide a summary of the Notes, including Note characteristics and risk considerations as well as a table reflecting hypothetical returns at maturity. These charts should be reviewed together with the other information contained in this pricing supplement as well as in the accompanying Stock-Linked Underlying Supplement, prospectus and prospectus supplement.

The following charts illustrate the hypothetical total return at maturity on the Notes. The “total return” as used in this pricing supplement is the number, expressed as a percentage, that results from comparing the Payment at Maturity per \$1,000 Principal Amount to \$1,000. The hypothetical total returns set forth below reflect the Adjustment Factor of 98.60% and the Basket Starting Level of 100.00. The hypothetical total returns set forth below are for illustrative purposes only and may not be the actual total returns applicable to a purchaser of the Notes. The numbers appearing in the following table and examples have been rounded for ease of analysis.

Note Characteristics		Hypothetical Basket Ending Level	Hypothetical Basket Returns	Hypothetical Total Return
Reference Asset:	Equally weighted basket of nine equity securities of the Reference Asset Issuers	200.00	100.00%	97.200%
Reference Asset Issuers:	The issuers listed on page 2 of this document.	190.00	90.00%	87.340%
Currency:	USD	180.00	80.00%	77.480%
Final Valuation Date:	June 29, 2016	170.00	70.00%	67.620%
Adjustment Factor:	98.60%	160.00	60.00%	57.760%
Potential Gain:	$1,000 \times (1 + \text{Basket Return}) \times \text{Adjustment Factor}$	150.00	50.00%	47.900%
Maximum Potential Loss:	100%	140.00	40.00%	38.040%
Maturity:	Approximately one year	130.00	30.00%	28.180%
Settlement:	Cash	120.00	20.00%	18.320%
		110.00	10.00%	8.460%
		105.00	5.00%	3.530%
		101.40	1.40%	0.000%

		80.00	-20.00%	-21.120%
		70.00	-30.00%	-30.980%
		60.00	-40.00%	-40.840%
		50.00	-50.00%	-50.700%
		40.00	-60.00%	-60.560%
		30.00	-70.00%	-70.420%
		20.00	-80.00%	-80.280%
		10.00	-90.00%	-90.140%
		0.00	-100.00%	-100.000%

Summary Selected Risk Considerations (see page 5)

We urge you to read “Selected Risk Considerations” herein and “Risk Factors” beginning on page S-1 of the Stock-Linked Underlying Supplement and page S-1 of the prospectus supplement. Investing in the Notes is not equivalent to investing directly in the Reference Asset. You should understand the risks of investing in the Notes and should reach an investment decision only after careful consideration, with your advisors, of the suitability of the Notes in light of your particular financial circumstances and the information set forth in this pricing supplement and the accompanying Stock-Linked Underlying Supplement, prospectus supplement and prospectus.

- Your investment in the Notes may result in a loss if the level of the Reference Asset does not increase by at least 1.40%.
- You will only participate in 98.60% of any appreciation in the Reference Asset.
- The amount payable on the Notes is not linked to the level of the Reference Asset at any time other than on the Final Valuation Date.
- The Notes are subject to the credit risk of HSBC USA Inc.
- Suitability of the Notes for investment.
- The Estimated Initial Value of the Notes, which was determined by us on the Pricing Date, is less than the price to public and may differ from the market value of the Notes in the secondary market, if any.
- The price of your Notes in the secondary market, if any, immediately after the Pricing Date will be less than the price to public.
- If HSBC Securities (USA) Inc. were to repurchase your Notes immediately after the Original Issue Date, the price you receive may be higher than the Estimated Initial Value of the Notes.
- No interest or dividend payments or voting rights.
- Potentially inconsistent research, opinions or recommendations by HSBC and JPMorgan.
- We are not affiliated with the Reference Asset Issuers.
- There is limited anti-dilution protection.
- Changes in the values of the Basket Components may offset each other.
- In some circumstances, the payment you receive on the Notes may be partially based on the equity security of a company other than the Basket Components initially in the Basket.
- The notes are subject to non-U.S. securities markets risk.
- The Notes are subject to risks associated with Basket Components with limited trading histories.
- The Notes lack liquidity.
- Potential conflicts.
- The Notes are not insured or guaranteed by any governmental agency of the United States or any other jurisdiction.
- Historical performance of the Basket Components should not be taken as an indication of their future performance during the term of the Notes.
- Market disruptions may adversely affect your return.
- Many economic and market factors will impact the value of the Notes.

Selected Purchase Considerations

- **APPRECIATION POTENTIAL** — The Notes provide the opportunity to participate in the appreciation of the Reference Asset at maturity, subject to the Adjustment Factor of 98.60%. Because the Notes are our senior unsecured debt obligations, payment of any amount at maturity is subject to our ability to pay our obligations as they become due.
- **THE NOTES DO NOT GUARANTEE THE RETURN OF YOUR PRINCIPAL** — If the Basket Ending Level does not increase by at least 1.40% as compared to the Basket Starting Level, you will lose all or a portion of the principal amount of your Notes.
- **YOU WILL NOT PARTICIPATE IN 100.00% OF THE APPRECIATION OF THE REFERENCE ASSET**— Because the Adjustment Factor is equal to 98.60%, your return on the Notes will reflect only a portion of any increase in the Basket Ending Level of the Reference Asset as compared to the Basket Starting Level.

Selected Risk Considerations

An investment in the Notes involves significant risks. Investing in the Notes is not equivalent to investing directly in any of the Basket Components. These risks are explained in more detail in the “Risk Factors” sections of the accompanying Stock-Linked Underlying Supplement and prospectus supplement.

- **YOUR INVESTMENT IN THE NOTES MAY RESULT IN A LOSS** — The Notes do not guarantee any return of principal. The return on the Notes at maturity is linked to the performance of the Reference Asset and will depend on whether, and the extent to which, the Basket Return is positive or negative. In order for you to receive a payment at maturity that is not less than the principal amount, the Basket Ending Level must exceed the Basket Starting Level by at least 1.40%. You may lose all or a significant portion of the principal amount.
- **YOU WILL ONLY PARTICIPATE IN 98.60% OF ANY APPRECIATION IN THE REFERENCE ASSET** — The Participation Rate is only 98.60%. Accordingly, the return on the Notes will not reflect the full increase, if any, in the level of the Reference Asset. In addition, because the return on the Notes will not reflect any dividends on the Reference Asset, an investment in the securities represented by the Reference Asset could be greater than the return on the Notes.
- **THE AMOUNT PAYABLE ON THE NOTES IS NOT LINKED TO THE LEVEL OF THE REFERENCE ASSET AT ANY TIME OTHER THAN ON THE FINAL VALUATION DATE** — The Basket Ending Level will be based on the official closing price of each Basket Component on the Final Valuation Date, subject to postponement for non-trading days and certain market disruption events. Even if the level of the Reference Asset appreciates during the term of the Notes but then drops on the Final Valuation Date to a level that is less than the Basket Starting Level, the Payment at Maturity may be less, and may be significantly less, than it would have been had the Payment at Maturity been linked to the level of the Reference Asset prior to such decrease. Although the actual level of the Reference Asset on the Maturity Date or at other times during the term of the Notes may be higher than the Basket Ending Level, the Payment at Maturity will be based solely on the official closing price of each Basket Component on the Final Valuation Date.
- **THE NOTES ARE SUBJECT TO THE CREDIT RISK OF HSBC USA INC.** — The Notes are senior unsecured debt obligations of the Issuer, HSBC, and are not, either directly or indirectly, an obligation of any third party. As further described in the accompanying prospectus supplement and prospectus, the Notes will rank on par with all of the other unsecured and unsubordinated debt obligations of HSBC, except such obligations as may be preferred by operation of law. Any payment to be made on the Notes, including any return of principal at maturity, depends on the ability of HSBC to satisfy its obligations as they come due. As a result, the actual and perceived creditworthiness of HSBC may affect the market value of the Notes and, in the event HSBC were to default on its obligations, you may not receive the amounts owed to you under the terms of the Notes.
- **SUITABILITY OF THE NOTES FOR INVESTMENT** — You should only reach a decision to invest in the Notes after carefully considering, with your advisors, the suitability of the Notes in light of your investment objectives and the information set out in this pricing supplement. Neither HSBC nor any dealer participating in the offering makes any recommendation as to the suitability of the Notes for investment.
- **THE ESTIMATED INITIAL VALUE OF THE NOTES, WHICH WAS DETERMINED BY US ON THE PRICING DATE, IS LESS THAN THE PRICE TO PUBLIC AND MAY DIFFER FROM THE MARKET VALUE OF THE NOTES IN THE SECONDARY MARKET, IF ANY** — The Estimated Initial Value of the Notes was calculated by us on the Pricing Date and is less than the price to public. The Estimated Initial Value reflects our internal funding rate, which is the borrowing rate we pay to issue market-linked securities, as well as the mid-market value of the embedded derivatives in the Notes. This internal funding rate is typically lower than the rate we would use when we issue conventional fixed or floating rate debt securities. As a result of the difference between our internal funding rate and the rate we would use when we issue conventional fixed or floating rate debt securities, the Estimated Initial Value of the Notes may be lower if it were based on the levels at which our fixed or floating rate debt securities trade in the secondary market. In addition, if we were to use the rate we use for our conventional fixed or floating rate debt issuances, we would expect the economic terms of the Notes to be more favorable to you. We determined the value of the embedded derivatives in the Notes by reference to our or our affiliates’ internal pricing models. These pricing models consider certain assumptions and variables, which can include volatility and interest rates. Different pricing models and assumptions could provide valuations for the Notes that are different from our Estimated Initial Value. These pricing models rely in part on certain forecasts about future events, which may prove to be incorrect. The Estimated Initial Value does not represent a minimum price at which we or any of our affiliates would be willing to purchase your Notes in the secondary market (if any exists) at any time.
- **THE PRICE OF YOUR NOTES IN THE SECONDARY MARKET, IF ANY, IMMEDIATELY AFTER THE PRICING DATE WILL BE LESS THAN THE PRICE TO PUBLIC** — The price to public takes into account certain costs. These costs will include our affiliates’ projected hedging profits (which may or may not be realized) for assuming risks inherent in hedging our obligations under the Notes, the underwriting discount and the costs associated with structuring and hedging our obligations under the Notes. These costs, except for the underwriting discount, will be used or retained by us or one of our affiliates. If you were to sell your Notes in the secondary market, if any, the price

you would receive for your Notes may be less than the price you paid for them because secondary market prices will not take into account these costs. The price of your Notes in the secondary market, if any, at any time after issuance will vary based on many factors, including the level of the Reference Asset and changes in market conditions, and cannot be predicted with accuracy. The Notes are not designed to be short-term trading instruments, and you should, therefore, be able and willing to hold the Notes to maturity. Any sale of the Notes prior to maturity could result in a loss to you.

- **IF HSBC SECURITIES (USA) INC. WERE TO REPURCHASE YOUR NOTES IMMEDIATELY AFTER THE ORIGINAL ISSUE DATE, THE PRICE YOU RECEIVE MAY BE HIGHER THAN THE ESTIMATED INITIAL VALUE OF THE NOTES** — Assuming that all relevant factors remain constant after the Original Issue Date, the price at which HSBC Securities (USA) Inc. may initially buy or sell the Notes in the secondary market, if any, and the value that we may initially use for customer account statements, if we provide any customer account statements at all, may exceed the Estimated Initial Value on the Pricing Date for a temporary period expected to be approximately six months after the Original Issue Date. This temporary price difference may exist because, in our discretion, we may elect to effectively reimburse to investors a portion of the estimated cost of hedging our obligations under the Notes and other costs in connection with the Notes that we will no longer expect to incur over the term of the Notes. We will make such discretionary election and determine this temporary reimbursement period on the basis of a number of factors, including the tenor of the Notes and any agreement we may have with the distributors of the Notes. The amount of our estimated costs which we effectively reimburse to investors in this way may not be allocated ratably throughout the reimbursement period, and we may discontinue such reimbursement at any time or revise the duration of the reimbursement period after the Original Issue Date of the Notes based on changes in market conditions and other factors that cannot be predicted.
- **NO INTEREST OR DIVIDEND PAYMENTS OR VOTING RIGHTS** — As a holder of the Notes, you will not receive interest payments, and you will not have voting rights or rights to receive cash dividends or other distributions or other rights that holders of shares of the Basket Components would have. In addition, the Reference Asset Issuers will not have any obligation to consider your interests as a holder of the Notes in taking any corporate action that might affect the value of the Basket Components and the Notes.
- **POTENTIALLY INCONSISTENT RESEARCH, OPINIONS OR RECOMMENDATIONS BY HSBC AND JPMORGAN** — HSBC, JPMorgan, or their respective affiliates may publish research, express opinions or provide recommendations that are inconsistent with investing in or holding the Notes and which may be revised at any time. Any such research, opinions or recommendations could affect the level of the Reference Asset, and therefore, the market value of the Notes.
- **WE ARE NOT AFFILIATED WITH THE REFERENCE ASSET ISSUERS** — We are not affiliated with the Reference Asset Issuers. We have not made any independent investigation regarding the adequacy or completeness of the information about the Basket Components contained in this pricing supplement. You should make your own investigation into the Basket Components and the Reference Asset Issuers. We are not responsible for the Reference Asset Issuers' public disclosure of information, whether contained in SEC filings or otherwise.
- **THERE IS LIMITED ANTI-DILUTION PROTECTION** — The Calculation Agent will adjust the Ending Basket Level, which will affect the Basket Return and, consequently, the Payment at Maturity, for certain events affecting the Basket Components, such as stock splits and corporate actions. The Calculation Agent is not required to make an adjustment for every corporate action which affects the applicable Basket Component. If an event occurs that does not require the Calculation Agent to adjust the price of the Basket Components, the market price of the Notes may be materially and adversely affected. See "Additional Terms of the Notes — Antidilution and Reorganization Adjustments" in the accompanying Stock-Linked Underlying Supplement.
- **CHANGES IN THE VALUES OF THE BASKET COMPONENTS MAY OFFSET EACH OTHER** — Movements in the prices of the Basket Components may not correlate with each other. At a time when the price of one or more of the Basket Components increases, the price of the other Basket Components may not increase as much or may even decline. Therefore, in calculating the Basket Closing Level and the Basket Return, increases in the price of one or more of the Basket Components may be moderated, or more than offset, by lesser increases or declines in the price of the other Basket Components.
- **IN SOME CIRCUMSTANCES, THE PAYMENT YOU RECEIVE ON THE NOTES MAY BE PARTIALLY BASED ON THE EQUITY SECURITY OF A COMPANY OTHER THAN THE BASKET COMPONENTS INITIALLY IN THE BASKET** — Following certain corporate events relating to the Reference Asset Issuers where such issuer is not the surviving entity, your Payment at Maturity may be based on the common stock of a successor one or more of the Reference Asset Issuers or any cash or any other assets distributed to holders of such Basket Component in such corporate event. The occurrence of these corporate events and the consequent adjustments may materially and adversely affect the value of the Notes. For more information, see the "Additional Terms of the Notes — Antidilution and Reorganization" in the accompanying Stock-Linked Underlying Supplement.
- **THE NOTES ARE SUBJECT TO NON-U.S. SECURITIES MARKETS RISK** — An investment in securities linked to the value of non-U.S. companies, such as Lions Gate Entertainment Corp., which is a Canadian issuer, involves risks

associated with the home country of that non-U.S. company. The prices of such non-U.S. company's common equity securities may be affected by political, economic, financial and social factors in the home countries of such non-U.S. company, including changes in that country's government, economic and fiscal policies, currency exchange laws or other laws or restrictions, which could affect the value of the Notes.

- **THE NOTES ARE SUBJECT TO RISKS ASSOCIATED WITH BASKET COMPONENTS WITH LIMITED TRADING HISTORIES** — FEYE has been publicly traded only since 2010, SPLUNK and WDAY have been publicly traded only since 2012, and JUNO has been publicly traded only since 2014. Accordingly, there is only a limited trading history available for these Basket Components upon which you can evaluate their prior performances.
- **THE NOTES LACK LIQUIDITY** — The Notes will not be listed on any securities exchange. HSBC Securities (USA) Inc. may offer to purchase the Notes in the secondary market. However, it is not required to do so and may cease making such offers at any time if at all. Because other dealers are not likely to make a secondary market for the Notes, the price at which you may be able to trade your Notes is likely to depend on the price, if any, at which HSBC Securities (USA) Inc. is willing to buy the Notes. Even if there is a secondary market, it may not provide enough liquidity to allow you to trade or sell the Notes easily.
- **POTENTIAL CONFLICTS** — HSBC and its affiliates play a variety of roles in connection with the issuance of the Notes, including acting as Calculation Agent and hedging its obligations under the Notes. In performing these duties, the economic interests of the Calculation Agent and other affiliates of HSBC are potentially adverse to your interests as an investor in the Notes. HSBC and the Calculation Agent are under no obligation to consider your interests as a holder of the Notes in taking any corporate actions or other actions that might affect the level of the Reference Asset and the value of the Notes.
- **THE NOTES ARE NOT INSURED OR GUARANTEED BY ANY GOVERNMENTAL AGENCY OF THE UNITED STATES OR ANY OTHER JURISDICTION** — The Notes are not deposit liabilities or other obligations of a bank and are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency or program of the United States or any other jurisdiction. An investment in the Notes is subject to the credit risk of HSBC, and in the event that HSBC is unable to pay its obligations as they become due, you may not receive the full Payment at Maturity of the Notes.
- **HISTORICAL PERFORMANCE OF THE REFERENCE ASSET SHOULD NOT BE TAKEN AS AN INDICATION OF ITS FUTURE PERFORMANCE DURING THE TERM OF THE NOTES** — It is impossible to predict whether the level of the Reference Asset will rise or fall. The Reference Asset will be influenced by complex and interrelated political, economic, financial and other factors.
- **MARKET DISRUPTIONS MAY ADVERSELY AFFECT YOUR RETURN** — The Calculation Agent may, in its sole discretion, determine that the markets have been affected in a manner that prevents it from determining the level of the Reference Asset in the manner described herein, and calculating the amount that we are required to pay you upon maturity, or from properly hedging its obligations under the Notes. These events may include disruptions or suspensions of trading in the markets as a whole. If the Calculation Agent, in its sole discretion, determines that any of these events prevents us or any of our affiliates from properly hedging our obligations under the Notes or prevents the Calculation Agent from determining the Basket Return or Payment at Maturity in the ordinary manner, the Calculation Agent will determine the Basket Return or Payment at Maturity in good faith and in a commercially reasonable manner, and it is possible that the Final Valuation Date and the Maturity Date will be postponed, which may adversely affect the return on your Notes.
- **MANY ECONOMIC AND MARKET FACTORS WILL IMPACT THE VALUE OF THE NOTES** — In addition to the level of the Reference Asset on any day, the value of the Notes will be affected by a number of economic and market factors that may either offset or magnify each other, including:
 - the actual and expected volatility of the Basket Components;
 - the time to maturity of the Notes;
 - the dividend rate on the Basket Components;
 - interest and yield rates in the market generally;
 - a variety of economic, financial, political, regulatory or judicial events that affect the Basket Components or the securities markets generally; and
 - our creditworthiness, including actual or anticipated downgrades in our credit ratings.

What Is the Total Return on the Notes at Maturity Assuming a Range of Performances for the Reference Asset?

The following table illustrates the hypothetical total return at maturity on the Notes. The “total return” as used in this pricing supplement is the number, expressed as a percentage, that results from comparing the Payment at Maturity per \$1,000 Principal Amount to \$1,000. The hypothetical total returns set forth below reflect the Adjustment Factor of 98.60% and the Basket Starting Level of 100.00. The hypothetical total returns set forth below are for illustrative purposes only and may not be the actual total returns applicable to a purchaser of the Notes. The numbers appearing in the following table and examples have been rounded for ease of analysis.

Hypothetical Basket Ending Level	Hypothetical Return	Hypothetical Total Return
200.00	100.00%	97.200%
190.00	90.00%	87.340%
180.00	80.00%	77.480%
170.00	70.00%	67.620%
160.00	60.00%	57.760%
150.00	50.00%	47.900%
140.00	40.00%	38.040%
130.00	30.00%	28.180%
120.00	20.00%	18.320%
110.00	10.00%	8.460%
105.00	5.00%	3.530%
101.40	1.40%	0.000%

Hypothetical Examples of Amounts Payable at Maturity

The following examples illustrate how the total returns set forth in the table above are calculated.

Example 1: The level of the Reference Asset increases from the Basket Starting Level of 100.00 to a hypothetical Basket Ending Level of 105.00. Because the hypothetical Basket Ending Level of 105.00 is greater than the Basket Starting Level of 100.00 by more than 1.40%, the investor receives a Payment at Maturity of \$1,035.30 per \$1,000 Principal Amount of Notes, calculated as follows:

$$\$1,000 \times (1 + 5.00\%) \times 98.60\% = \$1,035.30$$

Example 2: The level of the Reference Asset increases from the Basket Starting Level of 100.00 to a hypothetical Basket Ending Level of 100.30. Because the hypothetical Basket Ending Level of 100.30 is greater than the Basket Starting Level of 100.00, but not by more than 1.40%, the investor receives a Payment at Maturity of \$988.96 per \$1,000 Principal Amount of Notes, calculated as follows:

$$\$1,000 \times (1 + 0.30\%) \times 98.60\% = \$988.96$$

Even though the level of the Reference Asset has increased, the Payment at Maturity is still less than the principal amount.

Example 3: The level of the Reference Asset decreases from the Basket Starting Level of 100.00 to a hypothetical Basket Ending Level of 90.00. Because the hypothetical Basket Ending Level of 90.00 is less than the Basket Starting Level of 100.00, the investor receives a Payment at Maturity of \$887.40 per \$1,000 Principal Amount of Notes, calculated as follows:

$$\$1,000 \times (1 + -10.00\%) \times 98.60\% = \$887.40$$

Description of the Reference Asset

This pricing supplement is not an offer to sell and it is not an offer to buy shares in any Basket Component. All disclosures contained in this pricing supplement regarding the Basket Components are derived from publicly available information. Neither HSBC nor any of our affiliates has made any independent investigation as to the adequacy or accuracy of the information about the Basket Components that is contained in this pricing supplement. You should make your own investigation into each Basket Component.

AKORN, INC.

Description of Akorn, Inc.

Akorn, Inc. develops, manufactures, and markets ophthalmic and injectable pharmaceutical products. The company sells various diagnostic and therapeutic pharmaceutical products focused primarily on ophthalmology, anesthesia, antidotes, and rheumatology. The company also markets ophthalmic surgical instruments and other supplies, and provides contract manufacturing for third parties. Information filed by the company with the SEC under the Exchange Act can be located by reference to its SEC file number: 001-32360 or its CIK Code: 3116. The company's common stock is listed on the Nasdaq Global Select Market ("NASDAQ") under the ticker symbol "AKRX."

Historical Performance of Akorn, Inc.

The following table sets forth (to the extent available) the quarterly high and low intraday prices, as well as end-of-quarter closing prices on the relevant exchange, of the Basket Component for each quarter in the period from January 1, 2008 through June 16, 2015. We obtained the data in this table from the Bloomberg Professional[®] service, without independent verification by us. **Historical prices of the Basket Component should not be taken as an indication of its future performance.**

U.S. Federal Income Tax Considerations

There is no direct legal authority as to the proper tax treatment of the Notes, and therefore significant aspects of the tax treatment of the Notes are uncertain as to both the timing and character of any inclusion in income in respect of the Notes. Under one approach, the Notes should be treated as pre-paid executory contracts with respect to the Reference Asset. We intend to treat the Notes consistent with this approach. Pursuant to the terms of the Notes, you agree to treat the Notes under this approach for all U.S. federal income tax purposes. Subject to the limitations described therein, and based on certain factual representations received from us, in the opinion of our special U.S. tax counsel, Morrison & Foerster LLP, it is reasonable to treat the Notes as pre-paid executory contracts with respect to the Reference Asset. Pursuant to this approach, we do not intend to report any income or gain with respect to the Notes prior to their maturity or an earlier sale or exchange and we generally intend to treat any gain or loss upon maturity or an earlier sale or exchange as long-term capital gain or loss, provided that you have held the Note for more than one year at such time for U.S. federal income tax purposes.

We will not attempt to ascertain whether any Reference Asset Issuer would be treated as a passive foreign investment company ("PFIC") or United States real property holding corporation ("USRPHC"), both as defined for U.S. federal income tax purposes. If a Reference Asset Issuer were so treated, certain adverse U.S. federal income tax consequences might apply. You should refer to information filed with the SEC and other authorities by the Reference Asset Issuers and consult your tax advisor regarding the possible consequences to you if one or more Reference Asset Issuers is or becomes a PFIC or a USRPHC.

For a further discussion of the U.S. federal income tax consequences related to the Notes, see the section "U.S. Federal Income Tax Considerations" in the accompanying prospectus supplement.

Events of Default and Acceleration

If the Notes have become immediately due and payable following an Event of Default (as defined in the accompanying prospectus) with respect to the Notes, the Calculation Agent will determine the accelerated Payment at Maturity due and payable in the same general manner as described in “Key Terms” in this pricing supplement. In that case, the business day preceding the date of acceleration will be used as the Final Valuation Date for purposes of determining the accelerated Basket Return (including the Basket Ending Level). The accelerated Maturity Date will be the third business day following the accelerated Final Valuation Date.

If the Notes have become immediately due and payable following an event of default, you will not be entitled to any additional payments with respect to the Notes. For more information, see “Description of Debt Securities — Senior Debt Securities — Events of Default” in the accompanying prospectus.

Supplemental Plan of Distribution (Conflicts of Interest)

Pursuant to the terms of a distribution agreement, HSBC Securities (USA) Inc., an affiliate of HSBC, will purchase the Notes from HSBC for distribution to J.P. Morgan Securities LLC and certain of its registered broker-dealer affiliates, acting as placement agent, at the price indicated on the cover of this pricing supplement. The placement agents for the Notes will receive a fee that will not exceed \$1.00 per \$1,000 Principal Amount.

In addition, HSBC Securities (USA) Inc. or another of its affiliates or agents may use this pricing supplement in market-making transactions after the initial sale of the Notes. However, it is under no obligation to do so and may discontinue any market-making activities at any time without notice.

See “Supplemental Plan of Distribution (Conflicts of Interest)” on page S-59 in the prospectus supplement.

Validity of the Notes

In the opinion of Morrison & Foerster LLP, as counsel to the Issuer, when this pricing supplement has been attached to, and duly notated on, the master note that represents the Notes pursuant to the Senior Indenture referred to in the prospectus supplement dated March 5, 2015, and issued and paid for as contemplated herein, the Notes offered by this pricing supplement will be valid, binding and enforceable obligations of the Issuer, entitled to the benefits of the Senior Indenture, subject to applicable bankruptcy, insolvency and similar laws affecting creditors’ rights generally, concepts of reasonableness and equitable principles of general applicability (including, without limitation, concepts of good faith, fair dealing and the lack of bad faith). This opinion is given as of the date hereof and is limited to the laws of the State of New York, the Maryland General Corporation Law (including the statutory provisions, all applicable provisions of the Maryland Constitution and the reported judicial decisions interpreting the foregoing) and the federal laws of the United States of America. This opinion is subject to customary assumptions about the trustee’s authorization, execution and delivery of the Senior Indenture and the genuineness of signatures and to such counsel’s reliance on the Issuer and other sources as to certain factual matters, all as stated in the legal opinion dated March 5, 2015, which has been filed as Exhibit 5.3 to the Issuer’s registration statement on Form S-3 dated March 5, 2015.
