Each of the Surviving Portfolios is also designated as a Covered Fund for purposes of certain optional living benefit riders and the enhanced death benefits. Contract value allocated to a Covered Fund is eligible for inclusion in calculating the guaranteed portion of a benefit associated with, and subject to classifications of the investment portfolios available under, your contract.

Please refer to the prospectus for more information.

Important Information Regarding Reorganizations:

These reorganizations will be administered pursuant to an agreement, which has been approved by the board of trustees of the Disappearing Portfolios. The reorganization agreement will also be subject to shareholder approval. If shareholder approval is obtained, it is expected that the reorganizations will take place after the close of business on October 23, 2009, resulting in a shareholder of a given Disappearing

Portfolio becoming a shareholder of the corresponding Surviving Portfolio. Each shareholder will thereafter hold shares of the Surviving Portfolio having equal aggregate value as shares of the Disappearing Portfolio, and the Disappearing Portfolio will no longer be available under the contract.

Unless you provide us with alternative allocation instructions, all future allocations directed to a given Disappearing Portfolio will be automatically allocated to the corresponding Surviving Portfolio. As a consequence of these reorganizations, pursuant to Fixed Allocation Funds Automatic Rebalancing, your contract value may be automatically rebalanced in order to conform to the required specified percentage of contract value in the Fixed Allocation Funds. Please refer to the prospectus for the details of Fixed Allocation Funds Automatic Rebalancing.

References in the prospectus to the Disappearing Portfolios are hereby deleted, effective on and after October 26, 2009.

NOTICE OF LIQUIDATION

Effective after the close of business **on October 23, 2009**, the following investment portfolio indicated as a Liquidating Portfolio will liquidate and the proceeds will be placed in the investment portfolio indicated as a Surviving Portfolio:

Liquidating Portfolio	Surviving Portfolio
ING Multi-Manager International Small Cap Equity Portfolio (Class S)	ING Intermediate Bond Portfolio (Class S)

The Surviving Portfolio is a Fixed Allocation Fund. This designation is important for you to know if you purchased a living benefit rider, along with your contract, which has an asset allocation requirement and is subject to periodic rebalancing, namely, Fixed Allocation Funds Automatic Rebalancing.

The Surviving Portfolio is designated as a Covered Fund for purposes of certain optional living benefit riders and the enhanced death benefits. Contract value allocated to a Covered Fund is eligible for inclusion in calculating the guaranteed portion of a benefit associated with, and subject to classifications of the investment portfolios available under, your contract. Please refer to the prospectus for more information.

Important Information Regarding Liquidation:

The liquidation will be administered pursuant to a plan of liquidation and dissolution, which has been approved by the board of trustees of the Liquidating Portfolio. The plan is subject to shareholder approval. If shareholder approval is obtained, the liquidation and dissolution is expected to take place after the close of business on October 23, 2009. The liquidation and dissolution is being proposed because the Liquidating Portfolio has been less than popular with the public than originally anticipated, and it is not anticipated that the Liquidating Portfolio will gather substantial assets in the future. Maintaining the Liquidating Portfolio at its current asset level has been determined not to be beneficial in the long-term to shareholders.

Before the liquidation date, you may reallocate contract value in the Liquidating Portfolio to another investment portfolio currently available under the contract. This reallocation will neither count as a transfer for purposes of our Excessive Trading Policy nor be subject to a transfer charge under the contract. Contract value remaining in the Liquidating Portfolio on the liquidation date will be placed in the Surviving Portfolio. Thereafter, the Liquidating Portfolio will no longer be available under the contract.

Unless you provide us with alternative allocation instructions, all future allocations directed to the Liquidating Portfolio will be automatically allocated to the Surviving Portfolio. As a consequence of this liquidation, pursuant to Fixed Allocation Funds Automatic Rebalancing, your contract value may be automatically rebalanced in order to conform to the required specified percentage of contract value in the Fixed Allocation Funds. Please refer to the prospectus for the details of Fixed Allocation Funds Automatic Rebalancing. It is important to request a reallocation before the liquidation date if you do not want your contract value in the Liquidating Portfolio to be placed in the Surviving Portfolio.

References in the prospectus to the Liquidating Portfolio are hereby deleted, effective on and after October 26, 2009.
