NOTICE OF AND IMPORTANT INFORMATION REGARDING PROPOSED FUND SUBSTITUTIONS

Voya Insurance and Annuity Company (the “Company”) and its Separate Account B, its Separate Account EQ and its Separate Account U (the “Separate Accounts”) have filed an application with the Securities and Exchange Commission to permit certain funds in which the subaccounts of the Separate Accounts invest (the “Existing Funds”) to be replaced with certain other funds (the “Replacement Funds”).

The principal purposes of the substitutions are as follows:

- **Implement Business Plan.** The substitutions are part of an overall business plan to make the Contracts more efficient to administer and oversee and to offer funds through the Contracts that meet certain performance, risk and pricing guidelines.
- **Reduced Costs.** The replacement of the Existing Funds, which are actively managed by unaffiliated investment subadvisers, with the Replacement Funds which are each directly managed by an affiliated investment adviser using a passive management approach will allow the Company to reduce costs by consolidating administration of the Replacement Funds with its other funds.
- **Due Diligence.** The substitutions will allow the Company to respond to expense, performance and management matters that it has identified in its due diligence review of the funds available through the Contracts.

The Replacement Funds. Each of the Replacement Funds is or will be a series of Voya Variable Portfolios, Inc. or Voya Investors Trust. Not all of the Existing Funds may be available through your Contract. Please refer to your Contract prospectus for the list of Existing Funds available to you.
