Form S-1 filed October 29, 2018

Prospectus Summary, page 1

1. We note that your business plan contemplates the issuance of Crypto-Gold (CXAU), a cryptocurrency asset that is backed by physical gold. As it appears CXAU will be a security, please provide us with a detailed legal analysis of how you intend to comply with the U.S. federal securities laws.
2. You disclose that you are developing the CXAU Digital Vault and Crypto-Gold and hope to launch both by March 4, 2019. Please balance your detailed disclosure regarding your business plans to:
 - clarify in the prospectus summary, if true, that these products are not yet operational

and have not yet generated any revenues;

- describe in the business or MD&A sections, the current stage and anticipated stages of development of the CXAU Digital Vault and Crypto-Gold, including any developmental steps you have taken to date and the expected developmental costs and sources of funding of the CXAU Digital Vault and Crypto-Gold; and
- clarify whether whether you will be relying on your own employees or third-party service providers to develop the CXAU Digital Vault and Crypto-Gold.

Risk Factors, page 2

3. Please add a risk factor that your executive officers, directors and principal stockholders hold a majority of your securities and are able to exert significant control over your corporate matters. Disclose the percentage of your common stock that is currently held by your executive officers, directors and principal stockholders.

General

4. Please provide a detailed legal and factual analysis of why this offering is not a primary offering of your common stock and why the selling stockholders are not explicitly identified as underwriters. In this regard, we note the size of this offering relative to the number of shares of common stock held by non-affiliates, your relationship with the selling stockholders, and the amount of time that the selling stockholders have held their shares. In formulating your response, please consider Securities Act Rule 415 and Interpretations 212.15, 612.09 and 612.12 of our Securities Act Rules Compliance and Disclosure Interpretations.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

Refer to Rule 461 regarding requests for acceleration. Please allow adequate time for us to review any amendment prior to the requested effective date of the registration statement.

Please contact Mitchell Austin, Staff Attorney, at (202) 551-3574 or, in his absence, Jan Woo, Legal Branch Chief, at (202) 551-3453 with any other questions.

Sincerely,
