Dear Mr. Paulsen:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your documents in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Form 10-K for the Year Ended December 31, 2008

Item 9A(T), page 30.

1. We note your disclosures regarding your assessment and conclusion on your disclosure controls and procedures. However, it is unclear from your disclosure whether management has conducted an evaluation of internal control over financial reporting and if so, why it did not furnish such report as of December 31, 2008, following the reverse

acquisition that was consummated during the year. We believe that the surviving entity in a reverse merger succeeds to the Exchange Act reporting history of the legal acquirer in the transaction. Therefore, because the legal acquirer was required to file or filed an annual report for the prior fiscal year, it appears you are required to report on your management's assessment of internal control over financial reporting.

Please submit a response within 10 business days that explains how you considered the following factors in making your determination:

- The timing of the transaction;
- The magnitude of integration or changes in internal control over financial reporting as a result of the transaction; and
- The significance of the issuer or legal acquirer's assets, liabilities, and operations to the consolidated financial statements included in your annual report.

Please note that the failure to perform or complete management's assessment may adversely affect the company's and its shareholders ability to avail themselves of rules and forms that are predicated on the current or timely filing of Exchange Act reports. For further information regarding these impacts, please see Compliance and Disclosure Interpretation 115.02, which you can find at <http://www.sec.gov/divisions/corpfin/guidance/regs-kinterp.htm>.

2. In addition, please consider whether management's failure to perform or complete its report on internal control over financial reporting impacts its conclusions regarding the effectiveness of your disclosure controls and procedures as of the end of the fiscal year covered by the report and revise your disclosure as appropriate.

As appropriate, please amend your filings and respond to these comments through correspondence over EDGAR within 10 business days or tell us when you will provide us with a response. Please furnish a letter that keys your responses to our comments and provides any requested information. Detailed letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that

- staff comments or changes to disclosure in response to staff comments in the filings reviewed by the staff do not foreclose the Commission from taking any action with respect to the filing; and

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
