L.O. Thomas & Co., Inc.
Notes To Financial Statements
December 31, 2023

Note 1 - Organization and Nature of Business

L.O. Thomas & Co., Inc. (the Company) is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The transactions are conducted on a fully disclosed basis with other broker-dealers. Accordingly, the Company operates under the exemptive provisions of the Securities and Exchange Commission Rule 15c3-3 Section (k)(2)(ii) of the rule.

The Company is registered and conducts business from their office located in Linwood, New Jersey, and is registered to conduct business in other states. The Company's primary source of revenue is providing brokerage services to customers, who are predominately small and middle-market business and individuals.

Note 2 - Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") unless otherwise disclosed.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Statement of Cash Flows

For purposes of the statement of cash flows the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business. The company has adopted the indirect method of presenting the statement of cash flows in accordance with current authoritative pronouncements. There were no cash equivalents at December 31, 2023.

(d) Commissions

The commission based revenue is recorded on a settlement date basis. Securities transactions, underlying the commissions, are also recorded on a settlement date basis. Generally accepted accounting principles requires revenue to be recognized on a trade date basis. There is no material difference between trade and settlement date. The Company believes that the performance obligation is satisfied on the settlement because the underlying financial instrument or purchaser has been identified, the pricing agreed to and the risks and rewards of ownership have been transferred to/from the customer.

The Company's commission revenues can vary based on the performance of the financial markets.

L.O. Thomas & Co., Inc.
Notes To Financial Statements
December 31, 2023

(d) Commissions - continued

The Company also earns commissions from the sale of various insurance products. Revenue is recognized in accordance with ASC Topic 606 as services are rendered and a given contract's identified performance obligations are satisfied generally when the premium due has been fully funded and the transaction has closed.

There were no unsatisfied performance obligations at December 31, 2023.

(e) Office Equipment

Office equipment is stated at cost. Significant additions or improvements extending asset lives are capitalized; normal maintenance and repair cost are expensed as incurred. Depreciation has been computed using the straight-line method for financial statement reporting and various accelerated methods allowable for income tax purposes. The cost and related accumulated depreciation of property and equipment retired or disposed of are removed from the accounts and the resulting gains or losses are reflected in income.

(f) Commissions receivable

Commissions receivable have been adjusted for all known uncollectible accounts. An allowance for doubtful accounts is not provided since, in the opinion of management all amounts recorded on the books are deemed collectible. Commissions receivable are not collateralized.

(g) Accounts Payable

Accounts payable consist of all operating liabilities that can be matched to the period the goods or services were incurred.

(h) Income Taxes

The Company elected to be taxed for Federal and New Jersey state income tax purposes as an S-Corporation. Under this structure, the shareholder is liable for any Federal or State income tax due. Therefore, no provision or liability for federal or state income taxes has been included in the financial statements.

The Company's tax returns and the amount of income or loss allocable to the shareholder are subject to examination by federal and state taxing authorities. In the event of an examination of the Company's tax return, the tax liability of the shareholder could be changed if an adjustment in the Company's income or loss is ultimately determined by the taxing authorities.

Certain transactions may be subject to accounting methods for federal and state income tax purposes which differ from the accounting methods used in preparing the financial statements. Accordingly, the net income or loss of the shareholder and the resulting balances in the shareholders' capital account reported for federal and state income tax purposes may differ from the balances reported for those same items in these financial statements.

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic 740, Income Taxes.

L.O. Thomas & Co., Inc.
Notes to Financial Statements
December 31, 2023

(h) Income Taxes - continued

Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the financial reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined that the Company has no uncertain tax positions that would require financial statement recognition at December 31, 2023. This determination will always be subject to ongoing evaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all years subsequent to 2019.

In addition, no income tax related penalties or interest have been recorded for the year ended December 31, 2023.

(i) Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1.* Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2.* Inputs other than quoted prices included in level 1 that are observable for the assets or liability either directly or indirectly.
- Level 3.* Inputs are unobservable for the assets or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining the fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

For further discussion of fair value, see "Note 5 Fair Value"

Notes to Financial Statements

(j) Advertising and Marketing

Advertising and marketing costs in the amount of \$50 are expensed as incurred.

(k) General and Administrative Expenses

General and administrative costs are expensed as incurred.

Note 3 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2023, the Company had net capital of \$29,640, which was \$24,640 in excess of its required minimum net capital of \$5,000. The Company's net capital ratio was .9793 to 1.

Advances to affiliates, contributions, distributions and other withdrawals are subject to certain notification and other requirements of Rule 15c3-1 and other regulatory rules. The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934. The Company relies on its SEC Rule 15c3-3(k)(2)(ii) exemption.

Note 4 - Concentrations

Concentration of Cash

The Company maintains its cash at a financial institution in amounts that at times may exceed federally insured limits. The Company has not experienced any losses in such accounts through December 31, 2023. As of December 31, 2023 there were no cash balances held in any accounts that were not fully insured.

Concentration of Clearing Broker

The Company uses one clearing broker for all clearing services. At December 31, 2023 commissions receivable of \$3,536 was due from this broker.

The Company received revenue from three funds resulting in revenues exceeding ten percent of the Companies total revenues.

Note 5 - Fair Value

Cash, receivables, accounts payable and other current liabilities are reflected in the financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments.

L.O. Thomas & Co., Inc.
Notes To Financial Statements
December 31, 2023

Note 6 - Commitments and Contingencies

Pursuant to Securities and Exchange Commission Rule 15c3-1(e)(2) the Company may not authorize distributions to its members if such distributions cause the Company's net capital to fall below 120% of the Company's minimum net capital requirement. As of December 31, 2023 the Company was not in violation of this requirement.

The Company had no lease or equipment rental commitments (other than as discussed in Note 7 below), no underwriting commitments, no contingent liabilities, and had not been named as a defendant in any lawsuit at December 31, 2023 or during the year then ended.

From time to time the Company and its stockholders are the subject of litigation, inquiries from Regulatory Agencies and arbitration claims. As of December 31, 2023 the Company is not a subject of litigation inquiries from any regulatory agencies or any other arbitration claims.

Note 7 - Related Party Transactions

The Company leases office space from its sole stockholder under a month to month operating lease. The lease requires monthly payments of \$2,400 with the lease to continue at the same rate on a year-to-year basis. The Company made lease payments of \$28,800 to the stockholder during the year. It is anticipated that in the normal course of business, leases that expire will be renewed or replaced with similar leases.

In addition, the Company paid the stockholder a salary in the amount of \$55,124 and reimbursed the stockholder for various travel and overhead expenses.

Note 8 - Anti-Money Laundering Policies and Procedures

The Company is required to implement policies and procedures relating to anti-money laundering, compliance, suspicious activities, and currency transaction reporting and due diligence on customers who open accounts with the Company. At December 31, 2023 the Company had implemented such policies and procedures.

Note 9 - Exemption from Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customer's".

Note 10 - Subsequent Events

The Company has evaluated subsequent events occurring after the statement of financial condition date through the date of February 15, 2024 which is the date the financial statements were available to be issued. Based on this evaluation, the Company has determined that no subsequent events have occurred which require disclosure in or adjustment to the financial statements.

I have reviewed management's statements, included in the accompanying Exemption Report, in which (1) L.O. Thomas & Co., Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which L.O. Thomas & Co., Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: under—k(2)(ii) and Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, (the “exemption provisions”) and (2) L.O. Thomas & Co., Inc. stated that L.O. Thomas & Co., Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. L.O. Thomas & Co., Inc. management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about L.O. Thomas & Co., Inc. compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) and Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 of Rule 15c3-3 under the Securities Exchange Act of 1934.
