Note 33. Supplemental Guarantor Information, page 145

1. We have reviewed your response to prior comment one from our letter dated August 22, 2013. You believe that the reference in IAS 7.17 to financing activities would typically relate to amounts borrowed from external rather than internal sources in the context of a consolidated statement of cash flow. We note, however, that the Non-Guarantor Subsidiaries column is not presented in the context of a consolidated statement of cash flows but rather in the context of a separate reporting group within your condensed consolidating financial statement. We therefore continue to believe that you should classify the advances (and repayments) in the Non-Guarantor Subsidiaries column within financing activities, in accordance with IAS 7.17(d). We understand that this presentation will require elimination entries on both lines in order to net the transaction to zero at a consolidated level. Please revise your presentation in future filings accordingly.
