## **INDEPENDENT AUDITORS' REPORT**

AnnTaylor, Inc. Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the AnnTaylor, Inc. Savings Plan (the "Plan") as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year, December 31, 2001, is presented for the purpose of additional analysis and is not a required part of the basic 2001 financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2001 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2001 financial statements taken as a whole.

### NOTES TO FINANCIAL STATEMENTS (continued)

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the Plan are detailed below:

- The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.
- Investments are reported at fair value which, for investments traded publicly including mutual funds, is based on published market prices.
- Interest on investments is recorded as earned.
- Dividend income is recorded on ex-dividend dates.
- Security transactions are recorded as of the trade date.
- Benefits paid to participants are recorded upon distribution.
- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reported period. Actual results could differ from these estimates. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for Plan benefits.
- Certain 2000 amounts have been reclassified to conform to the 2001 presentation.
