Consolidated Statements of Operations, page 45

1. If the captions “cost of sales” and “gross profit” exclude depreciation for property and equipment directly attributed to the generation of revenue, we believe that this presentation inappropriately reports a figure for income before depreciation. As required by SAB 11:B, revise your presentation to either reclassify the applicable depreciation to “cost of sales” or remove the caption “gross profit” and indicate the amount of applicable depreciation that is excluded from “cost of sales.” Please address this comment accordingly through your filing.

Consolidated Statements of Cash Flows, page 47

2. Please present the allowance for doubtful accounts on a gross basis by presenting bad debt expense as an adjustment to reconcile net income to net cash provided in operating activities.
