Form 10-K for the Fiscal Year Ended December 30, 2022

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations  
Non-GAAP Financial Measures, page 31

1. We note your response to prior comment 1. It appears to us that you present "EBITDA as a % of revenues before reimbursements" ratio based on revenues before reimbursements as opposed to total revenues. Please tell us how presenting this measure as though you are an agent in these revenue generating transactions when gross presentation as a principal is required by GAAP does not represent an individually tailored revenue recognition method. Refer to Question 100.04 of the Non-GAAP Financial Measures Compliance and Disclosure Interpretations.
