Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On March 23, 2006, Financial Federal Corporation's major operating subsidiary, Financial Federal Credit Inc., issued \$200 million of fixed rate senior unsecured term notes to thirteen institutional investors through a private placement. The Company received \$100 million on March 23, 2006 and will receive \$100 million in May 2006. The proceeds will be used to repay debt and for general corporate purposes. The notes include \$160 million due at maturity in five years with an interest rate of 5.45% and \$40 million due at maturity in seven years with an interest rate of 5.56%. Interest is payable semi-annually. Prepayment of the notes is subject to a premium based on a yield maintenance formula. The restrictive covenants in the note agreement are substantially the same as the restrictive covenants in the subsidiary's existing note agreements and include limitations on its indebtedness, encumbrances, investments, dividends and other distributions to the Registrant, sales of assets, mergers and other business combinations, capital expenditures, interest coverage and net worth. The note agreement does not have a material adverse change clause.
