REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
GB Capital Markets LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of GB Capital Markets LLC (the "Company") as of December 31, 2022, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2022 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

YSL & Associates LLC

We have served as GB Capital Markets LLC's auditor since 2019.

GB Capital Markets LLC (f/k/a GB Capital Markets, Inc.)
(a wholly-owned subsidiary of GBFS Holdings LLC)

Notes to Statement of Financial Condition
December 31, 2022

1. Organization and Business

GB Capital Markets LLC (f/k/a GB Capital Markets, Inc.) (the “Company”), a Delaware limited liability company, is a broker-dealer in securities registered with the Securities and Exchange Commission (the “SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”). The Company is a wholly owned subsidiary of GBFS Holdings LLC (the “Parent”).

On June 8, 2022 (“Date of Conversion”), the Company converted from a corporation to a single member limited liability company and changed its name from GB Capital Markets, Inc.

The Company acts primarily as a broker or dealer providing investment advisory services.

2. Summary of Significant Accounting Policies

Basis of Presentation

These financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Cash

Cash deposits are held at one financial institution and therefore are subject to the credit risk at this financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Income Taxes

Prior to Date of Conversion, the Company’s earnings were subject to applicable U.S. federal and state taxes. Prior to the Conversion, current income taxes were recorded utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in earnings in the period that includes the enactment date.

Deferred income taxes reflect the tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. At December 31, 2022, there is no deferred tax liability due to the Conversion.

At Date of Conversion, the Company became a limited liability company and is treated as a disregarded entity for federal, state and local income tax purposes. It therefore does not incur income taxes at the company level. Instead its earnings and losses are passed through to the member and included in the calculation of the member’s tax liability. Accordingly, the Company’s provision for income taxes is related to the period for which it was a corporation prior to Date of Conversion.

At December 31, 2022, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will be subject to ongoing reevaluation as facts and circumstances may require.

GB Capital Markets LLC (f/k/a GB Capital Markets, Inc.)
(a wholly-owned subsidiary of GBFS Holdings LLC)

Notes to Statement of Financial Condition

2. Summary of Significant Accounting Policies (continued)

Allowance for Credit Losses

ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”) impacts the impairment model for certain financial assets by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset. Under ASC 326, the Company could determine there are no expected credit losses in certain circumstances (e.g., based on the credit quality of the client).

The allowance for credit losses is based on the Company’s expectation of the collectability of financial instruments, including fees and other receivables utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company’s expectation of the collectability in determining the allowance for credit losses. Under the standard, the allowance for credit losses must be deducted from the amortized cost of the financial asset to present the net amount expected to be collected.

3. Regulatory Requirements

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2021, the Company had net capital of approximately \$14,000 which exceeded the required net capital by approximately \$9,000.

The Company does not hold customers’ cash or securities and, therefore, has no obligations under SEC Rule 15c3-3 under the Securities Exchange Act of 1934.

4. Related Party Transactions

The Company maintains an administrative services agreement (the “Expense Sharing Agreement”) with an affiliate, which is under common control with the Parent whereby GBLLC provides compensation, administration, technology and other services to the Company. The Company does not have any obligation, direct or indirect, to reimburse or otherwise compensate the Parent for any or all shared costs that the Parent has paid on behalf of the Company. These costs have not been recorded on the books of the Company.

5. Going Concern

Accounting Standards Update 2014-15 requires that management evaluate conditions or events that might raise substantial doubt about the Company’s ability to continue as a going concern. Management has evaluated the Company’s conditions and has determined that unless the Company generates enough revenue or continues to be funded by its parent, there is substantial doubt about the Company’s ability to continue as a going concern. Capital is not a significant income producing factor and should the Company have a need for capital, it has been able to rely upon its parent to infuse capital to cover overhead. Management has pledged additional support to the Company to enable it to operate for the next year should that become necessary.

GB Capital Markets LLC (f/k/a GB Capital Markets, Inc.)

(a wholly-owned subsidiary of GBFS Holdings LLC)

Notes to Statement of Financial Condition

December 31, 2022

6. Subsequent Events

Management of the Company has evaluated events or transactions that may have occurred since December 31, 2022. As of February 15, 2023, the Company has received capital infusions of \$1,500 and recognized revenue of \$10,000.
