## PART I

### Item 1. Business

Gateway Tax Credit Fund II Ltd. ("Gateway") is a Florida Limited Partnership. The general partners are Raymond James Tax Credit Funds, Inc., the Managing General Partner, and Raymond James Partners, Inc., both sponsors of Gateway Tax Credit Fund II Ltd. and wholly-owned subsidiaries of Raymond James Financial, Inc.

Pursuant to the Securities Act of 1933, Gateway filed a Form S-11 Registration Statement with the Securities and Exchange Commission, effective September 12, 1989, which covered the offering (the "Public Offering") of Gateway's Beneficial Assignee Certificates ("BACs") representing assignments of units for the beneficial interest of the limited partnership interest of the Assignor Limited Partner. The Assignor Limited Partner was formed for the purpose of serving in that capacity for the Fund and will not engage in any other business.

Gateway is engaged in only one industry segment, to acquire limited partnership interests in unaffiliated limited partnerships ("Project Partnerships"), each of which owns and operates one or more apartment complexes eligible for Low-Income Housing Tax Credits under Section 42 of the Internal Revenue Code ("Tax Credits"), received over a ten year period. Subject to certain limitations, Tax Credits may be used by Gateway's investors to reduce their income tax liability generated from other income sources. Gateway will terminate on December 31, 2040, or sooner, in accordance with the terms of its Limited Partnership Agreement. As of March 31, 2002, Gateway had received capital contributions of \$1,000 from the General Partners and \$37,228,000 from Assignees.

Gateway offered BACs in five series. BACs in the amounts of \$6,136,000, \$5,456,000, \$6,915,000, \$8,616,000 and \$10,105,000 for Series 2, 3, 4, 5, and 6, respectively had been issued as of March 31, 2002. Each series is treated as a separate partnership, investing in a separate and distinct pool of Project Partnerships. Net proceeds from each series were used to acquire Project Partnerships which are specifically allocated to such series. Income or loss and all tax items from the Project Partnerships acquired by each series are specifically allocated among the Assignees of such series.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Assignees and 1% to the General Partners. Profit or loss and cash distributions from sales of property will be allocated as described in the Limited Partnership Agreement.

As of March 31, 2002, Gateway had invested in 22 Project Partnerships for Series 2, 23 Project Partnerships for Series 3, 29 Project Partnerships for Series 4, 36 Project Partnerships for Series 5 and 38 Project Partnerships for Series 6. Gateway acquired its interests in these properties by becoming a limited partner in the Project Partnerships that own the properties. As of March 31, 2002 each series was fully invested in Project Partnerships and management plans no new investments in the future.

The primary source of funds from the inception of each series has been the capital contributions from Assignees. Gateway's operating costs are funded using the reserves, established for this purpose, the interest earned on these reserves and distributions received from Project Partnerships.

All but two of the Project Partnerships are government subsidized with mortgage loans from the Farmers Home Administration (now called United States Department of Agriculture - Rural Development) ("USDA-RD") under Section 515 of the Housing Act of 1949. These mortgage loans are made at low interest rates for multi-family housing in rural and suburban areas, with the requirement that the interest savings be passed on to low income tenants in the form of lower rents. A significant portion of the project partnerships also receive rental assistance from USDA-RD to subsidize certain qualifying tenants.

The General Partners do not believe the Project Partnerships are subject to the risks generally associated with conventionally financed nonsubsidized apartment

properties. Risks related to the operations of Gateway are described in detail on pages 23 through 34 of the Prospectus, as supplemented, under the Caption "Risk Factors" which is incorporated herein by reference. The investment objectives of Gateway are to:

- 1) Provide tax benefits to Assignees in the form of Tax Credits during the period in which each Project is eligible to claim tax credits;
- 2) Preserve and protect the capital contribution of Investors;
- 3) Participate in any capital appreciation in the value of the Projects; and
- 4) Provide passive losses to i) individual investors to offset passive income from other passive activities, and ii) corporate investors to offset business income.

The investment objectives and policies of Gateway are described in detail on pages 34 through 40 of the Prospectus, as supplemented, under the caption "Investment Objectives and Policies" which is incorporated herein by reference.

Gateway's goal was to invest in a diversified portfolio of Project Partnerships located in rural and suburban locations with a high demand for low income housing. As of March 31, 2002 the investor capital contributions were successfully invested in Project Partnerships, which met the investment criteria. Management anticipates that competition for tenants will only be with other low income housing projects and not with conventionally financed housing. With significant number of rural American households living below the poverty level in substandard housing, management believes there will be a continuing demand for affordable low income housing for the foreseeable future.

Gateway has no direct employees. Services are performed by the Managing General Partner and its affiliates and by agents retained by it. The Managing General Partner has full and exclusive discretion in management and control of Gateway.

## Item 2. Properties

Gateway owns a majority interest in properties through its limited partnership investments in Project Partnerships. The largest single investment in a Project Partnership in Series 2 is 12.2% of the Series' total assets, Series 3 is 6.6%, Series 4 is 6.3%, Series 5 is 8.1% and Series 6 is 6.5%. The following table provides certain summary information regarding the Project Partnerships in which Gateway had an interest as of December 31, 2001:

## Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

### Results of Operations, Liquidity and Capital Resources

Operations commenced on September 14, 1990, with the first admission of Assignees in Series 2. The proceeds from Assignees' capital contributions available for investment were used to acquire interests in Project Partnerships.

As disclosed on the statement of operations for each Series, except as described below, interest income is comparable for the years ended March 31, 2002, March 31, 2001 and March 31, 2000. The General and Administrative expenses - General Partner and General and Administrative expenses - Other for the year ended March 31, 2002 are comparable to March 31, 2001 and March 31, 2000.

The capital resources of each Series are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel and legal and accounting associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the return of the investors' original capital contributions).

The sources of funds to pay the operating costs of each Series are short term investments and interest earned thereon, the maturity of U.S. Treasury Security Strips ("Zero Coupon Treasuries") which were purchased with funds set aside for this purpose, and cash distributed to the Series from the operations of the Project Partnerships.

From inception, no Series has paid distributions and management does not anticipate distributions in the future.

Series 2 - Gateway closed this series on September 14, 1990 after receiving \$6,136,000 from 375 Assignees. As of March 31, 2002, the series had invested \$4,524,678 in 22 Project Partnerships located in 10 states containing 723 apartment units. Average occupancy of the Project Partnerships was 93% at December 31, 2001.

Equity in Losses of Project Partnerships decreased from \$ 115,544 for the year ended March 31, 2000 to \$76,493 for the year ended March 31, 2001 and to \$43,931 for the year ended March 31, 2002. As presented in Note 5, Gateway's share of net loss decreased from \$716,618 for the year ended March 31, 2000 to \$611,603 for the year ended March 31, 2001 and increased to \$706,233 for the year ended March 31, 2002. Suspended Losses decreased from \$601,074 for the year ended March 31, 2000 to \$535,110 for the year ended March 31, 2001 and increased to \$662,302 for the year ended March 31, 2002. These losses would reduce the investment in Project Partnerships below zero. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$897,242, \$893,266 and \$865,003 for the years ended December 31, 1999, 2000, and 2001 respectively.) As a result, management expects that this Series, as well as those described below, will report its equity in Project Partnerships as a loss for tax and financial reporting purposes. Overall, management believes the Project Partnerships are operating as expected and are generating tax credits which meet projections.

At March 31, 2002, the Series had \$235,805 of short-term investments (Cash and Cash Equivalents). It also had \$261,841 in Zero Coupon Treasuries with annual maturities providing \$56,105 in fiscal year 2003 increasing to \$66,285 in fiscal year 2007. Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$99,198 for the year ending March 31, 2002. However, after adjusting for Equity in Losses of Project Partnerships of \$43,931 and the changes in operating assets and liabilities, net cash used in operating activities was \$17,511, of which \$34,981 was the Asset Management Fee actually paid. Cash provided by investing activities totaled \$39,388, consisting of \$12,460 in cash distributions from the Project Partnerships and \$26,928 from matured Zero Coupon Treasuries. There were no unusual events or trends to describe.

Series 3 - Gateway closed this series on December 13, 1990 after receiving \$5,456,000 from 398 Assignees. As of March 31, 2002 the series had invested \$3,888,713 in 23 Project Partnerships located in 12 states containing 768 apartment units. Average occupancy of the Project Partnerships was 94% as of December 31, 2001.

Equity in Losses of Project Partnerships decreased from \$ 114,700 for the year ended March 31, 2000 to \$26,094 for the year ended March 31, 2001 and increased to \$34,441 for the year ended March 31, 2002. As presented in Note 5, Gateway's share of net loss decreased from \$988,019 for the year ended March 31, 2000 to \$735,412 for the year ended March 31, 2001 and to \$710,345 for the year ended March 31, 2002. Suspended Losses decreased from \$873,319 for the year ended March 31, 2000 to \$709,318 for the year ended March 31, 2001 and to \$675,904 for the year ended March 31, 2002. These losses would reduce the investment in Project Partnerships below zero. (These Project Partnerships reported depreciation and amortization of \$1,213,599, \$941,538 and \$946,476 for the years ended December 31, 1999, 2000 and 2001, respectively.) Overall, management believes these Project Partnerships are operating as expected and are generating tax credits which meet projections.

At March 31, 2002, the Series had \$198,028 of short-term investments (Cash and Cash Equivalents). It also had \$232,901 in Zero Coupon Treasuries with annual maturities providing \$49,888 in fiscal year 2003 increasing to \$58,940 in fiscal year 2007. Management believes these sources of funds are sufficient to meet the Series' current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$80,062 for the year ended March 31, 2002. However, after adjusting for Equity in Losses of Project Partnerships of \$34,441 and the changes in operating assets and liabilities, net cash used in operating activities was \$24,505, of which \$37,164 was the Asset Management Fee actually paid. Cash provided by investing activities totaled \$44,918, consisting of \$20,966 in cash distributions received from the Project Partnerships and \$23,952 from matured Zero Coupon Treasuries. There were no unusual events or trends to describe.

Series 4 - Gateway closed this series on May 31, 1991 after receiving \$6,915,000 from 465 Assignees. As of March 31, 2002, the series had invested \$4,952,519 in 29 Project Partnerships located in 16 states containing 879 apartment units. Average occupancy of the Project Partnerships was 96% at December 31, 2001.

Equity in Losses of Project Partnerships increased from \$175,823 for the year ended March 31, 2000 to \$254,163 for the year ended March 31, 2001 and decreased to \$118,314 for the year ended March 31, 2002. As presented in Note 5, Gateway's share of net loss increased from \$704,086 for the year ended March 31, 2000 to \$847,148 for the year ended March 31, 2001 and decreased to \$766,057 for the year ended March 31, 2002. Suspended Losses increased from \$528,263 for the year ended March 31, 2000 to \$592,985 for the year ended March 31, 2001 and to \$647,743 for the year ended March 31, 2002. These losses would reduce the investment in Project Partnerships below zero. (These Project Partnerships reported depreciation and amortization of \$983,083, \$976,176 and \$979,666 for the years ended December 31, 1999, 2000 and 2001, respectively.) Overall, management believes these Project Partnerships are operating as expected and are generating tax credits which meet projections.

At March 31, 2002, the Series had \$272,179 of short-term investments (Cash and Cash Equivalents). It also had \$295,063 in Zero Coupon Treasuries with annual maturities providing \$63,227 in fiscal year 2003 increasing to \$74,700 in fiscal year 2007. Management believes these sources of funds are sufficient to meet the Series' current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$185,366 for the year ended March 31, 2002. However, after adjusting for Equity in Losses of Project Partnerships of \$118,314 and the changes in operating assets and liabilities, net cash used in operating activities was \$27,548, of which \$44,751 was the Asset Management Fee actually paid. Cash provided by investing activities totaled \$50,236, consisting of \$19,892 in cash distributions from the Project Partnerships and \$30,344 from matured Zero Coupon Treasuries. There were no unusual events or trends to describe.

Series 5 - Gateway closed this series on October 11, 1991 after receiving

\$8,616,000 from 535 Assignees. As of March 31, 2002, the series had invested \$6,164,472 in 36 Project Partnerships located in 13 states containing 1,106 apartment units. Average occupancy of the Project Partnerships was 97% as of December 31, 2001.

Equity in Losses of Project Partnerships were comparable for the years ended March 31, 2000, 2001, and 2002. (These Project Partnerships reported depreciation and amortization of \$1,286,201, \$1,283,498 and \$1,294,116 for the years ended December 31, 1999, 2000 and 2001, respectively.) We have audited the accompanying balance sheets of each of the five Series (Series 2 through 6) constituting Gateway Tax Credit Fund II Ltd. (a Florida Limited Partnership) as of March 31, 2002 and 2001 and the related statements of operations, partners' equity (deficit), and cash flows of each of the five Series for each of the three years in the period ended March 31, 2002. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of certain Project Partnerships for which cumulative equity in losses included on the balance sheets as of March 31, 2002 and 2001 and net losses included on the statements of operations for each of the three years in the period ended March 31, 2002 are:

	Cumulative Equity in		Partnership Loss		
	Losses		Year Ended March 31,		
	March 31,		-----		
	2002	2001	2002	2001	2000
	----	----	----	----	----
Series 2	\$3,763,013	\$3,733,616	\$ 29,397	\$ 57,696	\$ 92,023
Series 3	3,126,202	3,114,487	11,713	13,173	79,587
Series 4	3,360,237	3,303,187	57,051	176,447	130,892
Series 5	3,680,345	3,600,697	79,648	92,712	83,458
Series 6	4,418,917	4,237,605	181,311	242,250	276,688

Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for such underlying partnerships, is based solely on the reports of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of each of the five Series (Series 2 through 6) constituting Gateway Tax Credit Fund II Ltd. as of March 31, 2002 and 2001, and the results of their operations and their cash flows for each of the three years in the period ended March 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules listed under Item 14(a)(2) in the index are presented for purposes of complying with the Securities and Exchange Commission's rules and are not part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, based on our audits and the reports of other auditors, fairly state in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

GATEWAY TAX CREDIT FUND II LTD.  
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2002, 2001 AND 2000

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund II Ltd. ("Gateway"), a Florida Limited Partnership, was formed September 12, 1989, under the laws of Florida. Operations commenced on September 14, 1990 for Series 2, September 28, 1990 for Series 3, February 1, 1991 for Series 4, July 1, 1991 for Series 5 and January 1, 1992 for Series 6. Gateway has invested, as a limited partner, in other limited partnerships ("Project Partnerships") each of which owns and operates one or more apartment complexes expected to qualify for Low-Income Housing Tax Credits. Gateway will terminate on December 31, 2040, or sooner, in accordance with the terms of the Limited Partnership Agreement. As of March 31, 2002, Gateway had received capital contributions of \$1,000 from the General Partners and \$37,228,000 from Beneficial Assignee Certificate investors (the "Assignees"). The fiscal year of Gateway for reporting purposes ends on March 31.

Pursuant to the Securities Act of 1933, Gateway filed a Form S-11 Registration Statement with the Securities and Exchange Commission, effective September 12, 1989, which covered the offering (the "Public Offering") of Gateway's Beneficial Assignee Certificates ("BACs") representing assignments of units for the beneficial interest of the limited partnership interest of the Assignor Limited Partner. The Assignor Limited Partner was formed for the purpose of serving in that capacity for the Fund and will not engage in any other business.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly-owned subsidiaries of Raymond James Financial, Inc., are the General Partner and the Managing General Partner, respectively. The Managing General Partner manages and controls the business of Gateway.

Gateway offered BACs in five series. BACs in the amounts of \$6,136,000, \$5,456,000, \$6,915,000, \$8,616,000 and \$10,105,000 for Series 2, 3, 4, 5 and 6, respectively had been issued as of March 31, 2002. Each Series is treated as a separate partnership, investing in a separate and distinct pool of Project Partnerships. Net proceeds from each Series are used to acquire Project Partnerships which are specifically allocated to such Series. Income or loss and all tax items from the Project Partnerships acquired by each Series are specifically allocated among the Assignees of such Series.

Operating profits and losses, cash distributions from operations and tax credits are allocated 99% to the Assignees and 1% to the General Partners. Profit or loss and cash distributions from sales of properties will be allocated as formulated in the Limited Partnership Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

Gateway utilizes the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when obligations are incurred.

Gateway accounts for its investments as the limited partner in Project Partnerships ("Investments in Project Partnerships"), using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in losses of the Project Partnerships on a 3-month lag in the Statements of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition, and
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in losses of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships, and
- 3) Decreased for the amortization of the acquisition fees and expenses.

Amortization is calculated on a straight-line basis over 35 years, as this is the average estimated useful life of the underlying assets. The amortization expense is shown on the Statements of Operations.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior years' cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income from the individual Project Partnerships. Distributions received from Project Partnerships whose investment has been reduced to zero are included in Other Income.

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. No impairment loss has been recognized in the accompanying financial statements.

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of tax credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment.

### Cash and Cash Equivalents

It is Gateway's policy to include short-term investments with an original maturity of three months or less in Cash and Cash Equivalents. Short-term investments are comprised of money market mutual funds.

### Concentration of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund that is a wholly-owned subsidiary of Raymond James Financial, Inc.

### Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

### Investment in Securities

Effective April 1, 1995, Gateway adopted Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities ("FAS 115"). Under FAS 115, Gateway is required to categorize its debt securities as held-to-maturity, available-for-sale or trading securities, dependent upon Gateway's intent in holding the securities. Gateway's intent is to hold all of its debt securities (U. S. Government Security Strips) until maturity and to use these reserves to fund Gateway's ongoing operations. Interest income is recognized ratably on the U. S. Government Strips using the effective yield to maturity.

### Offering and Commission Costs

Offering and commission costs were charged against Assignees' Equity upon the admission of Limited Partners.

### Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

### Reclassifications

For comparability, the 2001 and 2000 figures have been reclassified, where appropriate, to conform with the financial statement presentation used in 2002.

The Partnership's equity by Series as reflected by the Project Partnerships differs from the Partnership's Investments in Project Partnerships before acquisition fees and expenses and amortization by Series primarily because of suspended losses on the Partnerships books and differences in the accounting treatment of miscellaneous items.

By Series these differences are as follows:

	Equity Per Project Partnership	Equity Per Partnership
	-----	-----
Series 2	\$ (3,187,246)	\$ (230,175)
Series 3	(4,567,560)	(375,613)

Series 5	(3,138,040)	31,302
Series 6	(1,523,911)	651,022

The report of the independent certified public accountants with respect to the financial statements of one Project Partnership expressed substantial doubt as to the Project Partnership's ability to continue as a going concern. Gateway's net investment in this Project Partnership at March 31, 2002 and 2001 is zero. Gateway's original investment in the Project Partnership approximated \$176,850. Through December 31, 2001, the Project Partnership has had recurring losses from operations and has a net capital deficiency.

Managing General Partner  
Haines Associates Limited Partnership  
Boise, Idaho

We have audited the accompanying balance sheets of Haines Associates Limited Partnership, as of December 31, 2001 and 2000, and the related statements of operations, partners' capital (deficit), and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the USDA, Rural Housing Service Audit Program issued in December, 1989. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Haines Associates Limited Partnership as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued reports dated January 31, 2002 on our consideration of Haines Associates Limited Partnership's internal control and on its compliance with laws and regulations. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The partnership has filed tax returns with the Internal Revenue Service which allow the partners to receive the benefit of a low income housing tax credit. Because the qualifying standards of the low income housing tax credit are different than the requirements of the loan agreement and the interest credit agreements, and due to the fact that the low income housing tax credit relates to income taxes which are the responsibility of the individual partners, the scope of these audits were not designed or intended to audit the compliance with the various low income housing tax credit laws. Therefore, these audits can not be relied on to give assurances with regard to compliance with any low income housing tax credit laws.

INDEPENDENT AUDITORS' REPORT

To the Partners  
Mountain Crest Limited Partnership  
Boise, Idaho

We have audited the accompanying balance sheets of Mountain Crest Limited Partnership as of December 31, 2001 and 2000, and the related statements of operations, partners' equity and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mountain Crest Limited Partnership as of December 31, 2001 and 2000, and the results of its operations, and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued reports dated January 29, 2002, on our consideration of Mountain Crest Limited Partnership's internal controls and compliance with laws and regulations. Those reports are an integral part of an audit performed in accordance with the *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The partnership's tax returns have been filed allowing the partners to claim a benefit of a low income housing tax credit. Because the compliance and qualification standards of the low income tax housing tax credit are not related to the interest credit agreement and loan agreement, and because the low income housing tax credit related to income taxes which are the responsibility of each individual partner, the scope of our audit was not designed or intended to audit the partnerships compliance with the low income housing tax credit laws. Accordingly, our audit cannot be relied upon to give assurance with regard to the partnerships compliance with any of the low income housing tax credit laws.

To the Partners  
Seneca Apartments, L.P.  
Joplin, Missouri 64804

We have audited the accompanying balance sheets of Seneca Apartments, L.P. (a limited partnership) as of December 31, 2001 and 2000, and the related statements of operations, partners' capital and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and GOVERNMENT AUDITING STANDARDS, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Seneca Apartments, L.P. as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

In accordance with GOVERNMENT AUDITING STANDARDS, we have also issued our report dated February 19, 2002 on our consideration of Seneca Apartments, L.P.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws and regulations.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Letter on pages 14-16 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
