PART I

Item 1. Business

Gateway Tax Credit Fund II Ltd. ("Gateway") is a Florida Limited Partnership. The general partners are Raymond James Tax Credit Funds, Inc., the Managing General Partner, and Raymond James Partners, Inc., (collectively the "General Partners") both sponsors of Gateway Tax Credit Fund II Ltd. and wholly-owned subsidiaries of Raymond James Financial, Inc.

Pursuant to the Securities Act of 1933, Gateway filed a Form S-11 Registration Statement with the Securities and Exchange Commission, effective September 12, 1989, which covered the offering (the "Public Offering") of Gateway's Beneficial Assignee Certificates ("BACs") representing assignments of units for the beneficial interest of the limited partnership interest of the Assignor Limited Partner. The Assignor Limited Partner was formed for the purpose of serving in that capacity for Gateway and will not engage in any other business.

Gateway is engaged in only one industry segment, to acquire limited partnership interests in unaffiliated limited partnerships ("Project Partnerships"), each of which owns and operates one or more apartment complexes eligible for Low-Income Housing Tax Credits under Section 42 of the Internal Revenue Code ("Tax Credits"), received over a ten year period. Subject to certain limitations, Tax Credits may be used by Gateway's investors to reduce their income tax liability generated from other income sources. Gateway will terminate on December 31, 2040, or sooner, in accordance with the terms of its Limited Partnership Agreement. As of March 31, 2007, Gateway had received capital contributions of \$1,000 from the General Partners and \$37,228,000 from Assignees.

Gateway offered BACs in five series. BACs in the amounts of \$6,136,000, \$5,456,000, \$6,915,000, \$8,616,000 and \$10,105,000 for Series 2, 3, 4, 5, and 6, respectively had been issued as of March 31, 2007. Each series is treated as a separate partnership, investing in a separate and distinct pool of Project Partnerships. Net proceeds from each series were used to acquire Project Partnerships which are specifically allocated to such series. Income or loss and all tax items from the Project Partnerships acquired by each series are specifically allocated among the Assignees of such series.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Assignees and 1% to the General Partners. Profit or loss and cash distributions from sales of property will be allocated as described in the Limited Partnership Agreement.

Gateway initially held investments in 148 Project Partnerships. As more fully discussed in Item 7 herein, Gateway is presently in the process of disposing of its interests in Project Partnerships which have reached the end of their fifteen year tax credit compliance period. As of March 31, 2007, Gateway held investments in 136 Project Partnerships, 12 Project Partnerships have been sold as of March 31, 2007. As described in Note 8 herein, one additional Project Partnership has been sold subsequent to the fiscal year-end of March 31, 2007. Project Partnership investments by Series as of March 31, 2007 are as follows: 22 Project Partnerships for Series 2, 17 Project Partnerships for Series 3, 25 Project Partnerships for Series 4, 35 Project Partnerships for Series 5 and 37 Project Partnerships for Series 6. Gateway acquired its interests in these properties by becoming a limited partner in the Project Partnerships that own the properties. As of March 31, 2007, the capital received for each series was fully invested in Project Partnerships and management plans no new investments in the future.

The primary source of funds from the inception of each series has been the capital contributions from Assignees. Gateway's operating costs are funded using the reserves established for this purpose, the interest earned on these reserves and distributions received from Project Partnerships.

All but two of the Project Partnerships are government subsidized with mortgage loans from the Farmers Home Administration (now called United States Department of Agriculture - Rural Development) ("USDA-RD") under Section 515 of the Housing Act of 1949. These mortgage loans are made at low interest rates for multi-family housing in rural and suburban areas, with the requirement that the interest savings be passed on to low income tenants in the form of lower rents. A significant portion of the project partnerships also receive rental assistance from USDA-RD to subsidize certain qualifying tenants.

The General Partners do not believe the Project Partnerships are subject to the risks generally associated with conventionally financed nonsubsidized apartment properties. Risks related to the operations of Gateway are described in detail on pages 23 through 34 of the Prospectus, as supplemented, contained in the Registration Statement, File No. 33-31821 ("Prospectus") under the Caption "Risk Factors" which is incorporated herein by reference. The investment objectives of Gateway are to:

- 1) Provide tax benefits to Assignees in the form of Tax Credits during the period in which each Project is eligible to claim tax credits;
- 2) Preserve and protect the capital contribution of Investors;
- 3) Participate in any capital appreciation in the value of the Projects; and
- 4) Provide passive losses to i) individual investors to offset passive income from other passive activities, and ii) corporate investors to offset business income.

The investment objectives and policies of Gateway are described in detail on pages 34 through 40 of the Prospectus, under the caption "Investment Objectives and Policies" which is incorporated herein by reference.

Gateway's goal is to invest in a diversified portfolio of Project Partnerships located in rural and suburban locations with a high demand for low income housing. As of March 31, 2007 the investor capital contributions were successfully invested in Project Partnerships, which met the investment criteria. The Tax Credits have been delivered to Gateway and the fifteen year tax credit compliance period is now over for 129 of the 148 Project Partnership investments originally made. Gateway is now disposing of its remaining interests in Project Partnerships as they reach the end of their 15 year Tax Credit compliance period. Gateway's objective is to sell Gateway's interest in such properties for fair market value and ultimately, to liquidate the Project Partnerships and in turn ultimately liquidate Gateway.

Gateway has no direct employees. Services are performed by the Managing General Partner and its affiliates and by agents retained by it. The Managing General Partner has full and exclusive discretion in management and control of Gateway.

Exit Strategy

The IRS compliance period for low-income housing tax credit properties is generally 15 years from occupancy following construction or rehabilitation completion.

Of the original 148 Project Partnership investments, 129 have reached the end of their Tax Credit compliance period as of December 31, 2006 and those Project Partnerships that have yet to reach the end of their Tax Credit compliance period will do so no later than December 31, 2008. As of March 31, 2007, twelve of the Project Partnership investments have been sold and, in accordance with the Gateway partnership agreement, the entire net proceeds received from these sales are payable to the Assignee Limited Partners of those series of Gateway. On a cumulative basis as of March 31, 2007, \$99,600 representing \$18.25 per Assignee Limited Partner unit in Series 3, \$157,126 representing \$18.23 per Assignee Limited Partner unit in Series 5 and \$224,074 representing \$22.17 per Assignee Limited Partner unit in Series 6 have been distributed to the Assignee Limited Partners of the respective series. An additional \$357,095 representing \$65.45 per Assignee Limited Partner unit in Series 3 and \$146,944 representing \$21.25 per Assignee Limited Partner unit in Series 4 have been distributed in May, 2007.

Item 1A. Risk Factors

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of Tax Credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment. No such contributions have been made during fiscal year 2007.

Investors eventually may be allocated profits for tax purposes which exceed any cash Gateway distributes to them. Under these circumstances, unless an investor has passive losses or credits to reduce such tax liability, the investor will have to pay federal income tax without a corresponding cash distribution from Gateway. Similarly, in the event of a sale or foreclosure of an apartment complex, an investor may be allocated taxable income, resulting in tax liability, in excess of any cash distributed to the investor as a result of such event.

There is no assurance that investors will receive any cash distributions from the sale or refinancing of a Project Partnership. The price at which a Project Partnership is sold may not be large enough to pay the mortgage and other expenses which must be paid at such time.

Item 1B. Unresolved Staff Comments

None.

Item 2. Properties:

Gateway owns a majority interest in properties through its limited partnership investments in Project Partnerships. The largest single net investment as of March 31, 2007 in a Project Partnership for each respective Series is: Series 2, 3 and 4 is 0% of both the series and Gateway's total assets as there are no Investment in Project Partnership balances in any of those series, Series 5 is 19.5% of the Series' total assets and 3.3% of Gateway's total assets, and Series 6 is 18.2% of the Series' total assets and 5.2% of Gateway's total assets. The following table provides certain summary information regarding the Project Partnerships in which Gateway had an interest as of December 31, 2006:

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

This item should be read in conjunction with the financial statements and other items contained elsewhere in this report.

The Managing General Partner monitors developments in the area of legal and regulatory compliance. For example, the Sarbanes-Oxley Act of 2002 (the "Act") mandates or suggests additional compliance measures with regard to governance, disclosure, audit and other areas and certain provisions of the Act will require implementation by Gateway in subsequent years. In light of these additional requirements, Gateway has and expects to continue to incur increased expenses related to compliance with the Act.

Results of Operations, Liquidity and Capital Resources

Operations commenced on September 14, 1990, with the first admission of Assignees in Series 2. The proceeds from Assignees' capital contributions available for investment were used to acquire interests in Project Partnerships.

Gateway - All Series - The following discusses the overall results of operations, liquidity and capital resources for Gateway as a whole. A summary of the activity within each specific Series of Gateway then follows.

Distribution income arises from any cash distributions received from Project Partnerships which have a zero investment balance for financial reporting purposes. Distribution income increased 15% in fiscal year 2007 to \$112,229, an increase of \$14,459 from the fiscal year 2006 distribution income of \$97,770, which represented a \$10,832 or 10% decrease as compared to distribution income of \$108,602 in fiscal year 2005.

The capital resources of each Series are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel and legal and accounting associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the investors' return of their original capital contribution).

Total expenses of Gateway were \$1,082,466 for the fiscal year ended March 31, 2007, a decrease of \$196,394 as compared to the fiscal year 2006 total expenses of \$1,278,860, which represented a \$578,029 increase in total expenses over the fiscal year 2005 amount of \$700,831. Impairment expense represents a significant component of total expenses in fiscal year 2007 and 2006. Impairment expense is a non-cash element of expense that arises whenever events or changes in circumstances indicate that the recorded carrying value of a respective Investment in Project Partnership may not be recoverable. During fiscal year 2007, impairment expense was recorded in the aggregate amount of \$103,003. In fiscal year 2006, the impairment expense recorded was \$343,241. Net of this impairment expense, expenses of Gateway increased \$43,844, or 5% in fiscal year 2007 versus fiscal year 2006. The increase in fiscal year 2007 results from increases in the expense of the General Partner in administering the business of Gateway as well as increases in the cost of third-parties who provide services such as audit services to Gateway. The fiscal year 2006 expense represented a \$234,788, or 34% increase over the fiscal year 2005 amount of \$700,831.

The sources of funds to pay the expenses of Gateway are cash and cash equivalents and short-term investments which are comprised of U.S. Treasury Security Strips ("Zero Coupon Treasuries") and U.S. Treasury Notes along with the interest earnings thereon, which were purchased with funds set aside for this purpose, and cash distributed to the Series from the operations of the Project Partnerships. Due to the rent limitations applicable to the Project Partnerships projects as a result of their qualifying for Low-Income Housing Tax Credits, Gateway does not expect there to be a significant increase in future rental income of the Project Partnerships. Therefore, cash distributions from the operations of the Project Partnerships are not expected to increase. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

For the year ended March 31, 2007 the Project Partnerships reported losses of \$12,194 which represents a \$68,109 decrease as compared to the Losses from Project Partnerships for the year ended March 31, 2006 of \$80,303. For the fiscal year ended March 31, 2005, the Project Partnerships reported a loss of \$97,495. Typically, it is customary in the low-income housing tax credit industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. Since Gateway invests as a limited partner in Project Partnerships, and is therefore not obligated to fund losses or make additional capital contributions, Gateway does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment balance below zero. Therefore, as the Project Partnership investments mature and the Investments in Project Partnership balances decrease over time, the Losses from Project Partnerships recorded by Gateway decrease.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations
(Continued)

In fiscal year 2007, the Gain on Sale of Project Partnerships amounted to \$475,364, an increase from the fiscal year 2006 Gain on Sale of Project Partnerships amount of \$224,074 which was an increase over the fiscal year 2005 Gain on Sale of Project Partnerships of \$157,126. In addition in fiscal year 2007, \$128,050 of Gain on Sale of Project Partnerships was deferred for revenue recognition purposes and is reflected on the Balance Sheet as of March 31, 2007. This Deferred Gain will be recognized on the statement of operations in fiscal year 2008 when the proceeds are received. As more fully discussed herein, ten Project Partnership investments were sold or disposed of in fiscal year 2007 as compared to fiscal year 2006 and fiscal year 2005 when one Project Partnership investment was sold in each year. The amount of the gain or loss on a sale of a Project Partnership and the year in which it is recognized on the statement of operations is dependent upon the specifics related to each sale or disposition transaction. Refer to the discussion of each Project Partnership sold in the exit strategy section that follows.

In total, Gateway reported a loss of \$419,794 from operations for the year ended March 31, 2007. Cash and Cash Equivalents decreased by \$401,872 but Investments in Securities increased by \$444,723. Of the Cash and Cash Equivalents on hand as of March 31, 2007, \$376,063 is payable to certain series' Assignees arising from the sale of Project Partnerships during fiscal year 2007, which are for distribution to those certain Assignees in fiscal 2008. After consideration of these sales proceeds, cash and cash equivalents and Investments in Securities decreased \$333,212 as compared to the prior year-end balances.

The financial performance of each respective Series is summarized as follows:

Series 2 - Gateway closed this series on September 14, 1990 after receiving \$6,136,000 from 375 Assignees. As of March 31, 2007, the series had invested \$4,524,678 in 22 Project Partnerships located in 10 states containing 724 apartment units. Average occupancy of the Project Partnerships was 93% as of December 31, 2006.

Equity in Losses of Project Partnerships decreased \$32,092 to \$0 for the year ended March 31, 2007, the fiscal year 2006 losses represented an increase of \$21,181 from the fiscal year 2005 loss amount of \$10,911. As presented in Note 5, Gateway's share of net loss decreased from \$679,662 for the year ended March 31, 2005 to \$637,400 for the year ended March 31, 2006 and to \$527,581 for the year ended March 31, 2007. Suspended Losses were \$668,751 for the year ended March 31, 2005, \$605,308 for the year ended March 31, 2006 and \$527,581 for the year ended March 31, 2007. If not suspended, these losses would have reduced the investment in Project Partnerships below zero. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$869,716, \$875,459, and \$886,432 for the years ended December 31, 2004, 2005, and 2006 respectively.) As a result, management expects that this Series, as well as those described below, will report its equity in Project Partnerships as a loss for tax and financial reporting purposes until the year of disposition. Overall, management believes the Project Partnerships are operating as expected and have generated Tax Credits that met projections.

At March 31, 2007, the Series had \$129,724 of short-term investments (Cash and Cash Equivalents). In addition, the Series had \$127,640 in U. S. Treasury Notes with a maturity value of \$127,000 at June 30, 2007. Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$119,127 for the year ending March 31, 2007. However, after adjusting for the changes in operating assets and liabilities, net cash used in operating activities was \$77,279. Cash used in investing activities totaled \$43,526, consisting of \$15,209 in cash distributions from the Project Partnerships and \$66,276 from matured Zero Coupon Treasuries, offset by \$125,011 used to purchase U.S. Treasury Notes in July 2006.

Series 3 - Gateway closed this series on December 13, 1990 after receiving \$5,456,000 from 398 Assignees. As of March 31, 2007 the series had invested \$2,866,874 in 17 Project Partnerships located in 12 states containing 566 apartment units. Average occupancy of the Project Partnerships was 92% as of December 31, 2006.

Exit Strategy

The IRS compliance period for low-income housing Tax Credit properties is generally 15 years from occupancy following construction or rehabilitation completion. Gateway is currently in the process of disposing of its investments in Project Partnerships which have reached the end of their fifteen year Tax Credit compliance period. Gateway's objective is to sell Gateway's interest in such assets for fair market value and ultimately, to liquidate the Project Partnerships. Generally, the market for Project Partnerships is limited. Some of the factors which negatively impact the marketability of these projects include (1) requirements by government agencies or the project's debt holder to continue to maintain the property in the low-income housing program, and (2) the mortgage balance of the property is very near the initial balance as a result of the heavily subsidized debt of the Project Partnerships and lengthy (usually 50 year) amortization periods.

As of March 31, 2007, Gateway holds a limited partner interest in 136 Project Partnerships which own and operate government assisted multi-family housing complexes. Project investments by Series are as follows: 22 Project Partnerships for Series 2, 17 Project Partnerships for Series 3, 25 Project Partnerships for Series 4, 35 Project Partnerships for Series 5, and 37 Project Partnerships for Series 6. Many of the Project Partnerships have reached the end of their Tax Credit compliance period. As of March 31, 2007, twelve of the Project Partnerships have been sold (6 in Series 3, 4 in Series 4, 1 in Series 5, and 1 in Series 6) and, in accordance with the Gateway partnership agreement, the entire net proceeds received from these sales either have been or will be distributed to the Assignees of the respective Series. Gateway at one time held investments in 148 Project Partnerships (22 in Series 2, 23 in Series 3, 29 in Series 4, 36 in Series 5, and 38 in Series 6). The transaction summaries for the Project Partnerships sold during the past three fiscal years are summarized below:

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statements of operations, partners' equity (deficit), and cash flows are free of material misstatement. The Partnership is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statements of operations, partners' equity (deficit), and cash flows, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statements of operations, partners' equity (deficit), and cash flows. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the statements of operations, partners' equity (deficit), and cash flows present fairly, in all material respects, the results of operations and cash flows of each of the five Series (Series 2 through 6) constituting Gateway Tax Credit Fund II Ltd. for the year ended March 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

GATEWAY TAX CREDIT FUND II LTD.
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2007, 2006 AND 2005

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund II Ltd. ("Gateway"), a Florida Limited Partnership, was formed September 12, 1989, under the laws of Florida. Operations commenced on September 14, 1990 for Series 2, September 28, 1990 for Series 3, February 1, 1991 for Series 4, July 1, 1991 for Series 5 and January 1, 1992 for Series 6. Each Series has invested, as a limited partner, in other limited partnerships ("Project Partnerships") each of which owns and operates one or more apartment complexes eligible for Low-Income Housing Tax Credits ("Tax Credits"), provided for in Section 42 of the Internal Revenue Code of 1986. Gateway will terminate on December 31, 2040, or sooner, in accordance with the terms of the limited partnership agreement (the "Agreement"). As of March 31, 2007, Gateway had received capital contributions of \$1,000 from the General Partners and \$37,228,000 from Beneficial Assignee Certificate investors (the "Assignees"). The fiscal year of Gateway for reporting purposes ends on March 31.

Pursuant to the Securities Act of 1933, Gateway filed a Form S-11 Registration Statement with the Securities and Exchange Commission, effective September 12, 1989, which covered the offering (the "Public Offering") of Gateway's Beneficial Assignee Certificates ("BACs") representing assignments of units for the beneficial interest of the limited partnership interest of the Assignor Limited Partner. The Assignor Limited Partner was formed for the purpose of serving in that capacity for the Fund and will not engage in any other business.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly-owned subsidiaries of Raymond James Financial, Inc., are the General Partner and the Managing General Partner, respectively.

Gateway offered BACs in five series. BACs in the amounts of \$6,136,000, \$5,456,000, \$6,915,000, \$8,616,000 and \$10,105,000 for Series 2, 3, 4, 5 and 6, respectively had been issued as of March 31, 2007. Each Series is treated as a separate partnership, investing in a separate and distinct pool of Project Partnerships. Net proceeds from each Series are used to acquire Project Partnerships which are specifically allocated to such Series. Income or loss and all tax items from the Project Partnerships acquired by each Series are specifically allocated among the Assignees of such Series.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Assignees and 1% to the General Partners. Profit or loss and cash distributions from sales of properties are allocated as formulated in the Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

Gateway utilizes the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when obligations are incurred.

Gateway accounts for its investments as the limited partner in Project Partnerships ("Investments in Project Partnerships"), using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in losses of the Project Partnerships on a 3-month lag in the Statements of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition, and
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in losses of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships, and
- 3) Decreased for the amortization of the acquisition fees and expenses.

For the fiscal year ended March 31, 2006, Gateway changed the period over which the intangible acquisition fees and expenses are amortized. In all prior years, the period in which such intangible assets had been amortized was 35 years. In the fiscal year ended March 31, 2006, this amortization period was changed to 15 years to better approximate the period over which the benefits of these investments are realized. As a result of this change in estimate, an additional amortization expense of \$23,779 for Series 5 and \$33,465

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

for Series 6, or a total of \$57,244 for all Series of Gateway, was recognized during the year-ended March 31, 2006, as compared to the amortization expense amount which would have been realized had the estimated amortization period not changed during the year. The amortization expense is shown on the Statements of Operations.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior years' cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income from the individual Project Partnerships. Any cash distributions received from Project Partnerships which have a zero investment balance are accounted for as distribution income in the period the cash distribution is received by Gateway.

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. For the fiscal years ended March 31, 2007 and 2006, impairment expense was recognized in the Statement of Operations in Series 6 in the total amount of \$103,003 and \$343,241, respectively. There was no impairment expense in fiscal year 2005. Refer to Note 5 - Investment in Project Partnerships for further details regarding the components of the Investment in Project Partnership balance.

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of tax credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment. However, Gateway does not guarantee any of the mortgages or other debt of the Project Partnerships. No such funding to Project Partnership's occurred during fiscal year 2007, 2006 or 2005.

Variable Interest Entities

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN46"), "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51" which was subsequently revised in December, 2003. Gateway has adopted FIN 46 and applied its requirements to all Project Partnerships in which Gateway held an interest. Generally, a variable interest entity, or VIE, is an entity with one or more of the following characteristics, (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support; (b) as a group the holders of the equity investment at risk lack (i) the ability to make decisions about an entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. FIN 46 requires a VIE to be consolidated in the financial statements of the entity that is determined to be the primary beneficiary of the VIE. The primary beneficiary, as is applicable to Gateway's circumstances, is the party in the Project Partnership equity group that is most closely associated with the Project Partnership.

Gateway holds variable interests in 134 VIEs, which consist of Project Partnerships, of which Gateway is not the primary beneficiary. Two of Gateway's Project Partnership investments were determined not to be VIEs. Gateway's maximum exposure to loss as a result of its involvement with unconsolidated VIEs is limited to Gateway's recorded investments in and receivables from those VIEs, which is approximately \$334,182 at March 31, 2007. Gateway may be subject to additional losses to the extent of any financial support that Gateway voluntarily provides to those Project Partnerships in the future.

Cash and Cash Equivalents

Gateway's policy is to include short-term investments with an original maturity of three months or less in Cash and Cash Equivalents. Short-term investments are comprised of money market mutual funds.

Concentration of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund whose investment advisor is a wholly-owned subsidiary of Raymond James Financial, Inc.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

Investment in Securities

Gateway applies Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities ("FAS 115"). Under FAS 115, Gateway is required to categorize its debt securities as held-to-maturity, available-for-sale or trading securities, dependent upon Gateway's intent in holding the securities. Gateway's intent is to hold all of its debt securities (U.S. Government Security Strips and U.S. Treasury Notes) until maturity and to use these assets to fund Gateway's ongoing operations. The U.S. Treasury Notes are carried at amortized cost, which approximates market value, and are adjusted for amortization of premiums and accretion of discounts to maturity. Such adjustments are included in Interest Income. Interest income is recognized ratably on the U.S. Government Strips using the effective yield to maturity. As of March 31, 2007, Investment in Securities on the Balance Sheet consisted entirely of U.S. Treasury Notes.

Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

Reclassifications

For comparability, certain prior year amounts have been reclassified, where appropriate, to conform with the financial statement presentation used in 2007.

NOTE 3 - INVESTMENT IN SECURITIES:

The March 31, 2007 Balance Sheet includes Investment in Securities consisting of U.S. Treasury Notes which represents their cost, plus accreted interest income and discounts of \$2,969 for Series 2, \$2,969 for Series 3, \$3,685 for Series 4, \$2,091 for Series 5 and \$5,776 for Series 6. It is unsecured, due on demand and, in accordance with the limited partnership agreement, non-interest bearing. For the years ended March 31, 2007, 2006 and 2005 the General Partners and affiliates are entitled to compensation and reimbursement for costs and expenses incurred by Gateway as follows:

INDEPENDENT AUDITORS' REPORT

To the Partners
Meadowcrest Apartments Ltd.
Luverne, Alabama

We have audited the accompanying balance sheets of Meadowcrest Apartments, Ltd., a limited partnership, as of December 31, 2004 and 2003, and the related statements of operations, partners' deficit and cash flows for the years then ended. These financial statements are the responsibility of the partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted the audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The partnership has determined that it is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that the audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Meadowcrest Apartments, Ltd., as of December 31, 2004 and 2003, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

The audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information on pages 10 and 11 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the audit procedures applied in the audit of the basic financial statements and, in our opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
