GATEWAY TAX CREDIT FUND II LTD.  
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2007  
(Unaudited)

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund II Ltd. ("Gateway"), a Florida Limited Partnership, was formed September 12, 1989, under the laws of Florida. Operations commenced on September 14, 1990 for Series 2, September 28, 1990 for Series 3, February 1, 1991 for Series 4, July 1, 1991 for Series 5 and January 1, 1992 for Series 6. Each Series has invested, as a limited partner, in other limited partnerships ("Project Partnerships"), each of which owns and operates one or more apartment complexes eligible for Low-Income Housing Tax Credits ("Tax Credits"), provided for in Section 42 of the Internal Revenue Code of 1986. Gateway will terminate on December 31, 2040, or sooner, in accordance with the terms of the limited partnership agreement (the "Agreement"). As of December 31, 2007, Gateway had received capital contributions of \$192,053 from the General Partners and \$37,228,000 from Beneficial Assignee Certificate investors (the "Assignees"). As of March 31, 2007, Gateway had received capital contributions of \$1,000 from the General Partners and \$37,228,000 from the Assignees. The fiscal year of Gateway for reporting purposes ends on March 31.

Pursuant to the Securities Act of 1933, Gateway filed a Form S-11 Registration Statement with the Securities and Exchange Commission, effective September 12, 1989, which covered the offering (the "Public Offering") of Gateway's Beneficial Assignee Certificates ("BACs") representing assignments of units for the beneficial interest of the limited partnership interest of the Assignor Limited Partner. The Assignor Limited Partner was formed for the purpose of serving in that capacity for Gateway and will not engage in any other business.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly owned subsidiaries of Raymond James Financial, Inc., are the General Partner and the Managing General Partner, respectively.

Gateway offered BACs in five series ("Series"). BACs in the amounts of \$6,136,000, \$5,456,000, \$6,915,000, \$8,616,000 and \$10,105,000 for Series 2, 3, 4, 5 and 6, respectively had been issued as of December 31, 2007. Each Series is treated as though it were a separate partnership, investing in a separate and distinct pool of Project Partnerships. Net proceeds from each Series are used to acquire limited partnership interests in Project Partnerships which are specifically allocated to such Series. Income or loss and all tax items from the Project Partnerships acquired by each Series are specifically allocated among the Assignees of such Series.

Operating profits and losses, cash distributions from operations and Tax Credits from each Series are allocated 99% to the Assignees and 1% to the General Partners. Profit or loss and cash distributions from sales of properties are allocated as specified in the Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

Gateway utilizes the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when obligations are incurred.

Gateway accounts for its investments as the limited partner in Project Partnerships ("Investments in Project Partnerships") using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in losses of the Project Partnerships on a 3-month lag in the Statements of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition, and
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

## NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in losses of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships, and
- 3) Decreased for the amortization of the acquisition fees and expenses.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior years' cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income from the individual Project Partnerships. Any cash distributions received from Project Partnerships which have a zero investment balance are accounted for as distribution income in the period the cash distribution is received by Gateway.

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. No impairment loss has been recognized in the accompanying financial statements for the nine-month period ended December 31, 2007. For the fiscal year ended March 31, 2007, impairment expense was recognized in the Statement of Operations in Series 6 in the total amount of \$103,003. Refer to Note 5 – Investment in Project Partnerships for further details regarding the components of the Investment in Project Partnership balance.

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of Tax Credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment. However, Gateway does not guarantee any of the mortgages or other debt of the Project Partnerships. No such funding to Project Partnerships occurred during the nine months ended December 31, 2007.

### Cash and Cash Equivalents

Gateway's policy is to include short-term investments with an original maturity of three months or less in Cash and Cash Equivalents. Short-term investments are comprised of money market mutual funds.

### Concentration of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund whose investment advisor is a wholly owned subsidiary of Raymond James Financial, Inc. and U.S. Treasury securities.

### Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

### Investment in Securities

Gateway applies Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities ("FAS 115") (refer to Note 3 below). Under FAS 115, Gateway is required to categorize its debt securities as held-to-maturity, available-for-sale or trading securities, dependent upon Gateway's intent in holding the securities. Gateway's intent is to hold all of its debt securities (U.S. Treasury Notes) until maturity and to use these assets to fund Gateway's ongoing operations. The U.S. Treasury Notes are carried at amortized cost, which approximates market value, and are adjusted for amortization of premiums and accretion of discounts to maturity. Such adjustments are included in Interest Income.

## NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

### Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

### Reclassifications

For comparability, certain fiscal year 2007 amounts have been reclassified, where appropriate, to conform with the fiscal year 2008 financial statement presentation.

### Variable Interest Entities

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN46"), "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51," which was subsequently revised in December, 2003. Gateway has adopted FIN 46 and applied its requirements to all Project Partnerships in which Gateway held an interest. Generally, a variable interest entity, or VIE, is an entity with one or more of the following characteristics, (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support; (b) as a group the holders of the equity investment at risk lack (i) the ability to make decisions about an entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. FIN 46 requires a VIE to be consolidated in the financial statements of the entity that is determined to be the primary beneficiary of the VIE. The primary beneficiary, as is applicable to Gateway's circumstances, is the party in the Project Partnership equity group that is most closely associated with the Project Partnership.

Gateway holds variable interests in 110 VIEs, which consist of Project Partnerships, of which Gateway is not the primary beneficiary. Two of Gateway's Project Partnership investments were determined not to be VIEs. Gateway's maximum exposure to loss as a result of its involvement with unconsolidated VIE's is limited to Gateway's recorded investments in and receivables from those VIEs, which is approximately \$59,999 at December 31, 2007. Gateway may be subject to additional losses to the extent of any financial support that Gateway voluntarily provides to those Project Partnerships in the future.

### Basis of Preparation

The unaudited financial statements presented herein have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and note disclosures required by generally accepted accounting principles. These statements should be read in conjunction with the financial statements and notes thereto included with Gateway's report on Form 10-K for the year ended March 31, 2007. In the opinion of management these financial statements include adjustments, consisting only of normal recurring adjustments, necessary to fairly summarize Gateway's financial position and results of operations. The results of operations for the periods may not be indicative of the results to be expected for the year.

## NOTE 3 - INVESTMENT IN SECURITIES:

The December 31, 2007 Balance Sheet includes Investments in Securities consisting of U.S. Treasury Notes which represents their cost, plus accreted interest income and unamortized premiums of \$106 for Series 2, \$106 for Series 3, \$148 for Series 4, \$106 for Series 5 and \$253 for Series 6. The Investments in Securities are commonly held in a brokerage account maintained at Raymond James and Associates, Inc., an affiliate of the General Partners. A separate accounting is maintained for each Series' share of the investments.

NOTE 4 - RELATED PARTY TRANSACTIONS:

The Payable to General Partners primarily represents the asset management fees and general and administrative expenses owed to the General Partners at the end of the period. It is unsecured, due on demand and, in accordance with the Agreement, non-interest bearing. Within the next 12 months, the Managing General Partner does not intend to demand payment on the portion of the Payable to General Partners classified as long-term on the Balance Sheet.

For the nine months ended December 31, 2007 and 2006 the General Partners and affiliates are entitled to compensation and reimbursement for costs and expenses incurred by Gateway as follows:

Asset Management Fee - The Managing General Partner is entitled to receive an annual asset management fee equal to 0.25% of the aggregate cost of Gateway's interest in the projects owned by the Project Partnerships. The asset management fee will be paid only after all other expenses of Gateway have been paid. These fees are included in the Statements of Operations.

## NOTE 6 – SUMMARY OF DISPOSITION ACTIVITIES:

Gateway at one time held investments in 148 Project Partnerships (22 in Series 2, 23 in Series 3, 29 in Series 4, 36 in Series 5, and 38 in Series 6). As of December 31, 2007, Gateway has sold its interest in 36 Project Partnerships (4 in Series 2, 8 in Series 3, 13 in Series 4, 8 in Series 5 and 3 in Series 6). The transactions summaries for the Project Partnerships sold during the current fiscal year-to-date and the previous fiscal year are summarized below:

### Fiscal Year 2008 Disposition Activity:

#### Series 2

Transaction Month / Year	Project Partnership	Net Proceeds	Net Proceeds Per BAC	Gain (Loss) on Disposal
October 2007	Inverness Club	\$ 309,188	\$ 50.39	\$ 309,080
October 2007	Lakeshore Apartments	105,432	17.18	105,324
April 2007	Rolling Oaks II Apartments	56,043	9.13	56,043
April 2007	Brookhaven Apartments	183,026	29.83	<u>182,807</u>
				\$ 653,254

The net proceeds from the sale of Inverness Club and Lakeshore Apartments are a component of the Distribution Payable on the Balance Sheet as of December 31, 2007. These net proceeds will be distributed to the Series 2 Assignees in the fourth quarter of fiscal year 2008.

The net proceeds from the sale of Rolling Oaks II Apartments were distributed to the Series 2 Assignees in August 2007.

The net proceeds from the sale of Brookhaven Apartments were distributed to the Series 2 Assignees in October 2007.

Re-syndications of Project Partnerships occur when a new buyer acquires the assets of a Project Partnership and renovates the existing affordable housing property and finances the costs of the renovation in part through the acquisition and sale of Tax Credits. In such re-syndication transactions, the assets of the existing Project Partnership are sold to a new partnership, net sales proceeds from the sale of assets are remitted to either Gateway or the general partner of the Project Partnership as appropriate, and the Project Partnership is liquidated. In a separate transaction, the new partnership, which has a “fresh” allocation of Tax Credits, is sold to an unrelated third party or fund. In certain limited circumstances, the Managing General Partner of Gateway is involved in “re-syndicating” the sale of interests in the new partnership to an unrelated third party or fund. In those instances, the Managing General Partner has adopted the policy that it will contribute any net profits it received from the re-syndication transaction to Gateway. The following properties were the subject of re-syndication transactions in which the Managing General Partner was involved in the re-syndication, and \$191,053 of re-syndication profit has been contributed to Gateway by the Managing General Partner in October 2007. The re-syndication profit contributions associated with each transaction are as follows:

Rolling Oaks II Apartments	\$ 42,775
Brookhaven Apartments	<u>148,278</u>
Total Re-syndication contribution	<u>\$ 191,053</u>

Gateway’s financial statements reflect this amount as a capital contribution from the General Partners and a component of Distributions paid to Assignees on the Statement of Partners’ Equity (Deficit) as of December 31, 2007.

The entire balance of the net proceeds due from this sale were subsequently received in January 2008 and the net proceeds will be distributed to the Series 3 Assignees in the fourth quarter of fiscal year 2008.

The net proceeds from the sale of Logansport Seniors Apartments are a component of the Distribution Payable on the Balance Sheet as of December 31, 2007. These net proceeds will be distributed to the Series 3 Assignees in the fourth quarter of fiscal year 2008.

See fiscal year 2007 section for breakdown of net proceeds.

Gateway recognized an additional gain on sale of Project Partnerships in the amount of \$185 resulting from the true-up of accrued and actual legal expenses arising from a Project Partnership sale transaction which closed in a prior quarter. This amount will be distributed to the Series 3 Assignees in the fourth quarter of fiscal year 2008.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

### Results of Operations, Liquidity and Capital Resources

Operations commenced on September 14, 1990, with the first admission of Assignees in Series 2. The proceeds from Assignees' capital contributions available for investment were used to acquire interests in Project Partnerships.

Gateway – All Series– The following discusses the overall results of operations, liquidity and capital resources for Gateway as a whole. A summary of the activity within each specific Series of Gateway then follows.

Distribution income arises from any cash distributions received from Project Partnerships which have a zero investment balance for financial reporting purposes. Distribution income decreased from \$75,977 for the nine months ended December 31, 2006 to \$75,467 for the nine months ended December 31, 2007 (a decrease of \$510). Interest income increased from \$64,337 for the nine months ended December 31, 2006 to \$64,377 for the nine months ended December 31, 2007 (an increase of \$40). Equity in Income of Project Partnerships for the nine months ended December 31, 2006 decreased \$23,957 from income of \$16,525 to a loss of \$7,432 for the nine months ended December 31, 2007. The decrease in Equity in Income of Project Partnerships is the result of a decrease in net income from Project Partnerships with investment balances coupled with the sale of several Project Partnerships with investment balances that were producing income.

The capital resources of each Series are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel and legal and accounting associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the investors' return of their original capital contribution).

Total expenses of Gateway were \$669,583 for the nine months ended December 31, 2007, a decrease of \$70,789 as compared to the nine months ended December 31, 2006 total expenses of \$740,372. The decrease for the nine months ended December 31, 2007 results from decreases in 1) asset management fees due to sales of Project Partnerships (Gateway ceases accruing Asset Management Fees for sold Project Partnerships) and 2) decrease in amortization (due to the acquisition fee intangible asset of several Project Partnerships becoming fully amortized).

The sources of funds to pay the expenses of Gateway are cash and cash equivalents and short-term investments which are comprised of U.S. Treasury Notes along with the interest earnings thereon, which were purchased with funds set aside for this purpose, and cash distributed to the Series from the operations of the Project Partnerships. Due to the rent limitations applicable to the Project Partnerships projects as a result of their qualifying for Low-Income Housing Tax Credits, Gateway does not expect there to be a significant increase in future rental income of the Project Partnerships. Therefore, cash distributions from operations of the Project Partnerships are not expected to increase. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

For the nine months ended December 31, 2007 the Gain on Sale of Project Partnerships amounted to \$1,149,790, which includes \$128,050 of Gain on Sale of Project Partnerships that had been deferred for revenue recognition purposes and was reflected on the Balance Sheet as of March 31, 2007. As more fully discussed herein, twenty-four Project Partnership investments have been sold in the first three quarters of fiscal year 2008, and ten Project Partnership investments were sold in fiscal year 2007. The amount of the gain or loss on a sale of Project Partnerships and the year in which it is recognized on the Statement of Operations is dependent upon the specifics related to each sale or disposition transaction. Refer to the discussion of each Project Partnership sold in the exit strategy section herein.

The financial performance of each respective Series is summarized as follows:

Series 2 - Gateway closed this series on September 14, 1990 after receiving \$6,136,000 from 375 Assignees. Equity in Losses of Project Partnerships for the nine months ended December 31, 2007 and 2006 was \$0 as a result of the suspension of all losses in this Series so that the Investments in Project Partnerships does not fall below zero. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$490,794 and \$656,607 for the nine months ended September 30, 2007 and 2006, respectively.) As a result, management expects that this Series, as well as those described below, will report its equity in Project Partnerships as a loss for tax and financial reporting purposes until the year of disposition. Overall, management believes the Project Partnerships are operating as expected and have generated Tax Credits that met projections.

Exit Strategy

The IRS compliance period for low-income housing tax credit properties is generally fifteen years from occupancy following construction or rehabilitation completion. Gateway is currently in the process of disposing of its investments in Project Partnerships which have reached the end of their fifteen year Tax Credit compliance period. Gateway's objective is to sell Gateway's interest in such assets for fair market value and ultimately, to liquidate the Project Partnerships. Generally, the market for Project Partnerships is limited. Some of the factors which negatively impact the marketability of these projects include (1) requirements by government agencies or the project's debt holder to continue to maintain the property in the low-income housing program, and (2) the mortgage balance of the property is very near the initial balance as a result of the heavily subsidized debt of the Project Partnerships and lengthy (usually 50 year) amortization periods.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (continued):

As of December 31, 2007, Gateway holds a limited partner interest in 112 Project Partnerships which own and operate government assisted multi-family housing complexes. Project investments by Series are as follows: 18 Project Partnerships for Series 2, 15 Project Partnerships for Series 3, 16 Project Partnerships for Series 4, 28 Project Partnerships for Series 5, and 35 Project Partnerships for Series 6. All but two of the Project Partnerships have reached the end of their Tax Credit compliance period. As of December 31, 2007, thirty-six of the Project Partnerships have been sold (4 in Series 2, 8 in Series 3, 13 in Series 4, 8 in Series 5, and 3 in Series 6) and, in accordance with the Gateway partnership agreement, the entire net proceeds received from these sales either have been or will be distributed to the Assignees of the respective Series. The transaction summaries for the Project Partnerships sold during the current and previous fiscal years are summarized below:

Fiscal Year 2008 Disposition Activity:

The net proceeds from the sale of Brookhaven Apartments were distributed to the Series 2 Assignees in October 2007.

Re-syndications of Project Partnerships occur when a new buyer acquires the assets of a Project Partnership and renovates the existing affordable housing property and finances the costs of the renovation in part through the acquisition and sale of Tax Credits. In such re-syndication transactions, the assets of the existing Project Partnership are sold to a new partnership, net sales proceeds from the sale of assets are remitted to either Gateway or the general partner of the Project Partnership as appropriate, and the Project Partnership is liquidated. In a separate transaction, the new partnership, which has a "fresh" allocation of Tax Credits, is sold to an unrelated third party or fund. In certain limited circumstances, the Managing General Partner of Gateway is involved in "re-syndicating" the sale of the interests in the new partnership to an unrelated third party or fund. In those instances, the Managing General Partner has adopted the policy that it will contribute any net profits it received from the re-syndication transaction to Gateway. The following properties were the subject of re-syndication transactions in which the Managing General Partner was involved in the re-syndication, and \$191,053 of re-syndication profit has been contributed to Gateway by the Managing General Partner in October 2007. The re-syndication profit contributions associated with each transaction are as follows:

Rolling Oaks II Apartments	\$ 42,775
Brookhaven Apartments	<u>148,278</u>
Total Re-syndication contribution	<u>\$ 191,053</u>

Gateway's financial statements reflect this amount as a capital contribution from the General Partners and a component of Distributions paid to Assignees on the Statement of Partners' Equity (Deficit) as of December 31, 2007.

The following summarizes the most recent status of the sale/disposal process for the remaining Project Partnership investments held as of December 31, 2007:

Project Partnerships sold subsequent to December 31, 2007:

Series 4

Chestnut Apartments

Subsequent to the December 31, 2007 quarter-end, Gateway disposed of its partnership interest in Chestnut Apartments. Gateway did not receive any net proceeds from the disposition of this Project Partnership investment. Gateway will recognize a loss of \$2,000 on the disposition of this asset in the Statement of Operations for the year-ended March 31, 2008.

Gateway has approved the sale to the general partner of the Project Partnership or a third party:

Series 2

Heritage Village Apartments

This approval is subject to a number of contingencies, the outcome of which cannot be predicted with certainty. However, utilizing the sales amount as approved by Gateway, should the transaction close without modification, the estimated net proceeds to Gateway from the sale of this Project Partnership is estimated to be \$52,000, or \$8.47 per beneficial assignee certificate which would be available for distribution to the Series 2 Assignees subsequent to the closing of this sales transaction which would most likely occur within the next 18-month period.

Series 4

Ashland Estates

This approval is subject to a number of contingencies, the outcome of which cannot be predicted with certainty. However, utilizing the sales amount as approved by Gateway, should the transaction close without modification, the estimated net proceeds to Gateway from the sale of this Project Partnership is estimated to be \$22,000, or \$3.18 per beneficial assignee certificate which would be available for distribution to the Series 4 Assignees subsequent to the closing of this sales transaction which would most likely occur within the next 18-month period.

Gateway has consented to the general partner granting an option for either the general partner or a third-party to purchase the Project Partnership interest:

Series 2

Lewiston Country Estates

Should this option be exercised, the estimated net sales proceeds to Gateway from the sales transaction are estimated to be \$115,000, or \$18.74 per beneficial assignee certificate potentially available for distribution to the Series 2 Assignees over the next 18 months. This option to purchase could expire without being exercised which would result in no sales proceeds and remarketing of the Project Partnership, the results of which are undeterminable.

Series 3

Countrywood Apartments

Wildwood Apartments

Should each of these options be exercised, the estimated net sales proceeds to Gateway from the sales transactions are estimated to be \$210,000, or \$38.49 per beneficial assignee certificate potentially available for distribution to the Series 3 Assignees over the next 18 months. These options to purchase could expire without being exercised which would result in no sales proceeds and remarketing of the Project Partnerships, the results of which are undeterminable.

Series 4

Norton Green Apartments

Should this option be exercised, the estimated net sales proceeds to Gateway from the sales transaction are estimated to be \$80,000, or \$11.57 per beneficial assignee certificate potentially available for distribution to the Series 4 Assignees over the next 18 months. This option to purchase could expire without being exercised which would result in no sales proceeds and remarketing of the Project Partnership, the results of which are undeterminable.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (continued):

These options to purchase could expire without being exercised which would result in no sales proceeds and remarketing of the Project Partnerships, the results of which are undeterminable.
