GATEWAY TAX CREDIT FUND II LTD.
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008
(Unaudited)

NOTE 1 - ORGANIZATION:

Gateway Tax Credit Fund II Ltd. ("Gateway"), a Florida Limited Partnership, was formed September 12, 1989, under the laws of Florida. Operations commenced on September 14, 1990 for Series 2, September 28, 1990 for Series 3, February 1, 1991 for Series 4, July 1, 1991 for Series 5 and January 1, 1992 for Series 6. Each Series has invested, as a limited partner, in other limited partnerships ("Project Partnerships"), each of which owns and operates one or more apartment complexes eligible for Low-Income Housing Tax Credits ("Tax Credits"), provided for in Section 42 of the Internal Revenue Code of 1986. Gateway will terminate on December 31, 2040, or sooner, in accordance with the terms of the limited partnership agreement (the "Agreement"). As of June 30, 2008, Gateway had received capital contributions of \$192,053 from the General Partners and \$37,228,000 from Beneficial Assignee Certificate investors (the "Assignees"). The fiscal year of Gateway for reporting purposes ends on March 31.

Pursuant to the Securities Act of 1933, Gateway filed a Form S-11 Registration Statement with the Securities and Exchange Commission, effective September 12, 1989, which covered the offering (the "Public Offering") of Gateway's Beneficial Assignee Certificates ("BACs") representing assignments of units for the beneficial interest of the limited partnership interest of the Assignor Limited Partner. The Assignor Limited Partner was formed for the purpose of serving in that capacity for Gateway and will not engage in any other business.

Raymond James Partners, Inc. and Raymond James Tax Credit Funds, Inc., wholly owned subsidiaries of Raymond James Financial, Inc., are the General Partner and the Managing General Partner, respectively.

Gateway offered BACs in five series. BACs in the amounts of \$6,136,000, \$5,456,000, \$6,915,000, \$8,616,000 and \$10,105,000 for Series 2, 3, 4, 5 and 6, respectively, had been issued as of June 30, 2008. Each Series is treated as though it were a separate partnership, investing in a separate and distinct pool of Project Partnerships. Net proceeds from each Series are used to acquire Project Partnerships which are specifically allocated to such Series. Income or loss and all tax items from the Project Partnerships acquired by each Series are specifically allocated among the Assignees of such Series.

Operating profits and losses, cash distributions from operations and Tax Credits are allocated 99% to the Assignees and 1% to the General Partners. Profit or loss and cash distributions from sales of properties are allocated as specified in the Agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

Gateway utilizes the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when obligations are incurred.

Gateway accounts for its investments as the limited partner in Project Partnerships ("Investments in Project Partnerships") using the equity method of accounting, because management believes that Gateway does not have a majority control of the major operating and financial policies of the Project Partnerships in which it invests, and reports the equity in loss of the Project Partnerships on a 3-month lag in the Statements of Operations. Under the equity method, the Investments in Project Partnerships initially include:

- 1) Gateway's capital contribution,
- 2) Acquisition fees paid to the General Partner for services rendered in selecting properties for acquisition, and
- 3) Acquisition expenses including legal fees, travel and other miscellaneous costs relating to acquiring properties.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Quarterly the Investments in Project Partnerships are increased or decreased as follows:

- 1) Increased for equity in income or decreased for equity in loss of the Project Partnerships,
- 2) Decreased for cash distributions received from the Project Partnerships, and
- 3) Decreased for the amortization of the acquisition fees and expenses.

Pursuant to the limited partnership agreements for the Project Partnerships, cash losses generated by the Project Partnerships are allocated to the general partners of those partnerships. In subsequent years, cash profits, if any, are first allocated to the general partners to the extent of the allocation of prior years' cash losses.

Since Gateway invests as a limited partner, and therefore is not obligated to fund losses or make additional capital contributions, it does not recognize losses from individual Project Partnerships to the extent that these losses would reduce the investment in those Project Partnerships below zero. The suspended losses will be used to offset future income from the individual Project Partnerships. Any cash distributions received from Project Partnerships which have a zero investment balance are accounted for as distribution income in the period the cash distribution is received by Gateway.

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. No impairment loss has been recognized in the accompanying financial statements for the each of the three-month periods ended June 30, 2008 and 2007.

Gateway, as a limited partner in the Project Partnerships, is subject to risks inherent in the ownership of property which are beyond its control, such as fluctuations in occupancy rates and operating expenses, variations in rental schedules, proper maintenance and continued eligibility of Tax Credits. If the cost of operating a property exceeds the rental income earned thereon, Gateway may deem it in its best interest to voluntarily provide funds in order to protect its investment. However, Gateway does not guarantee any of the mortgages or other debt of the Project Partnerships. No such funding to Project Partnerships occurred during each of the three-month periods ended June 30, 2008 and 2007.

Cash and Cash Equivalents

Gateway's policy is to include short-term investments with an original maturity of three months or less in cash and cash equivalents. Short-term investments are comprised of money market mutual funds.

Concentration of Credit Risk

Financial instruments which potentially subject Gateway to concentrations of credit risk consist of cash investments in a money market mutual fund whose investment advisor is a wholly owned subsidiary of Raymond James Financial, Inc. and U.S. Treasury securities.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates that affect certain reported amounts and disclosures. These estimates are based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

Investment in Securities

Gateway applies Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities ("FAS 115") (refer to Note 3 herein). Under FAS 115, Gateway is required to categorize its debt securities as held-to-maturity, available-for-sale or trading securities, dependent upon Gateway's intent in holding the securities. Gateway's intent is to hold all of its debt securities (U.S. Treasury Notes) until maturity and to use these assets to fund Gateway's ongoing operations. The U.S. Treasury Notes are carried at amortized cost, which approximates market value, and are adjusted for amortization of premiums and accretion of discounts to maturity. Such adjustments are included in Interest Income.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Income Taxes

No provision for income taxes has been made in these financial statements, as income taxes are a liability of the partners rather than of Gateway.

Reclassifications

For comparability, certain fiscal year 2008 amounts have been reclassified, where appropriate, to conform to the fiscal year 2009 financial statement presentation.

Variable Interest Entities

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN46"), "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51," which was subsequently revised in December 2003. Gateway has adopted FIN 46 and applied its requirements to all Project Partnerships in which Gateway held an interest. Generally, a variable interest entity, or VIE, is an entity with one or more of the following characteristics, (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support; (b) as a group the holders of the equity investment at risk lack (i) the ability to make decisions about an entity's activities through voting or similar rights, (ii) the obligation to absorb the expected losses of the entity; or (c) the equity investors have voting rights that are not proportional to their economic interests and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. FIN 46 requires a VIE to be consolidated in the financial statements of the entity that is determined to be the primary beneficiary of the VIE. The primary beneficiary, as is applicable to Gateway's circumstances, is the party in the Project Partnership equity group that is most closely associated with the Project Partnership.

Gateway holds variable interests in 108 VIEs, which consist of Project Partnerships, of which Gateway is not the primary beneficiary. Two of Gateway's Project Partnership investments have been determined not to be VIEs. Gateway's maximum exposure to loss as a result of its involvement with unconsolidated VIEs is limited to Gateway's capital contributions to those VIEs, which is approximately \$19,538,866 at June 30, 2008. Gateway may be subject to additional losses to the extent of any financial support that Gateway voluntarily provides to those Project Partnerships in the future.

Recent Accounting Changes

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("FAS No. 157"), which provides enhanced guidance for using fair value to measure assets and liabilities. FAS No. 157 establishes a common definition of fair value and provides a framework for measuring fair value under U.S. generally accepted accounting principles and expands disclosure requirements about fair value measurements. FAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years.

In February 2008, the FASB issued FASB Staff Position ("FSP") 157-2, "Effective Date of FASB Statement No. 157", which delays the effective date of FAS No. 157 until November 15, 2008 for all nonfinancial assets and liabilities except those that are recognized or disclosed at fair value in the financial statements on at least an annual basis. Gateway will adopt FAS No. 157 effective as of fiscal year end March 31, 2009. The adoption of this standard is not expected to have a material impact on Gateway's financial position, operations or cash flow.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("FAS No. 159"), which permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. FAS No. 159 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Gateway will adopt FAS No. 159 in fiscal year 2009 but does not intend to remeasure its financial assets and financial liabilities as a result of its adoption. Accordingly, the adoption of this standard is not expected to have a material impact on Gateway's financial position, operations or cash flow.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued):

Basis of Preparation

The unaudited financial statements presented herein have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and note disclosures required by generally accepted accounting principles. These statements should be read in conjunction with the financial statements and notes thereto included with Gateway's report on Form 10-K for the year ended March 31, 2008. In the opinion of management, these financial statements include adjustments, consisting only of normal recurring adjustments, necessary to fairly summarize Gateway's financial position and results of operations. The results of operations for the periods may not be indicative of the results to be expected for the year.

NOTE 3 - INVESTMENT IN SECURITIES:

There are no Investments in Securities as of June 30, 2008. The March 31, 2008 Balance Sheet includes Investments in Securities consisting of U.S. Treasury Notes which represents their cost, plus accreted interest income and unamortized premiums of \$1,654 for Series 2, \$1,654 for Series 3, \$2,316 for Series 4, \$1,654 for Series 5 and \$3,971 for Series 6. The Investments in Securities are commonly held in a brokerage account maintained at Raymond James and Associates, Inc., an affiliate of the General Partners. A separate accounting is maintained for each Series' share of the investments.

Re-syndications of Project Partnerships occur when a new buyer acquires the assets of a Project Partnership and renovates the existing affordable housing property and finances the costs of the renovation in part through the acquisition and sale of Tax Credits. In such re-syndication transactions, the assets of the existing Project Partnership are sold to a new partnership, net sales proceeds from the sale of assets are remitted to either Gateway or the general partner of the Project Partnership as appropriate, and the Project Partnership is liquidated. In a separate transaction, interests in new partnerships, which have a “fresh” allocation of Tax Credits, are sold to an unrelated third party or fund. In certain limited circumstances, the Managing General Partner of Gateway is involved in “re-syndicating” the sale of interests in the new partnership to an unrelated third party or fund. In those instances, the Managing General Partner has adopted the policy that it will contribute any net profits it received from the re-syndication transaction to Gateway. The following properties were the subject of re-syndication transactions in which the Managing General Partner was involved in the re-syndication, and \$191,053 of re-syndication profit has been contributed to Gateway by the Managing General Partner in October 2007. The re-syndication profit contributions associated with each transaction are as follows:

Claxton Elderly, Ltd.	\$ 42,775
Lake Park, Ltd.	<u>148,278</u>
Total Re-syndication contribution	<u>\$ 191,053</u>

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Results of Operations, Liquidity and Capital Resources

Operations commenced on September 14, 1990, with the first admission of Assignees in Series 2. The proceeds from Assignees' capital contributions available for investment were used to acquire interests in Project Partnerships.

Gateway – All Series – The following discusses the overall results of operations, liquidity and capital resources for Gateway as a whole. A summary of the activity within each specific Series of Gateway then follows.

Distribution income arises from any cash distributions received from Project Partnerships which have a zero investment balance for financial reporting purposes. Distribution income decreased from \$49,743 for the three months ended June 30, 2007 to \$33,931 for the three months ended June 30, 2008 (a decrease of \$15,812). Interest income decreased from \$22,733 for the three months ended June 30, 2007 to \$12,364 for the three months ended June 30, 2008 (a decrease of \$10,369). Equity in (Loss) Income of Project Partnerships decreased \$10,634 from income of \$5,583 for the three months ended June 30, 2007 to a loss of \$5,051 for the three months ended June 30, 2008. The decrease in distribution income for the three months ended June 30, 2008 is a result of fewer Project Partnerships invested in by Gateway. As of June 30, 2008, Gateway has an investment in 110 Project Partnerships as compared to 134 Project Partnership investments held as of June 30, 2007. The decrease in interest income for the three months ended June 30, 2008 is a result of the maturation of U.S. Treasury Notes in June 2008. Equity in (Loss) Income of Project Partnerships decreased for the three months ended June 30, 2008 as compared to the three months ended June 30, 2007 because of a decrease in suspended losses. Additionally, certain Project Partnerships with investment balances which generated income in the prior three-month period are now generating losses in the current period. For the three months ended March 31, 2008 (Project Partnership financial information is on a three-month lag), Gateway's share of the net loss is \$293,197, of which \$288,146 was suspended. For the three months ended March 31, 2007, Gateway's share of the net loss was \$471,352, of which \$476,935 was suspended. The suspended losses exceed the total net loss because certain Project Partnerships in Series 6 with investment balances generated net income of \$6,645 for the period which was offset by total non-suspended losses from Series 5 of \$1,062.

The capital resources of each Series are used to pay General and Administrative operating costs including personnel, supplies, data processing, travel, legal, and accounting and audit fees associated with the administration and monitoring of Gateway and the Project Partnerships. The capital resources are also used to pay the Asset Management Fee due the Managing General Partner, but only to the extent that Gateway's remaining resources are sufficient to fund Gateway's ongoing needs. (Payment of any Asset Management Fee unpaid at the time Gateway sells its interests in the Project Partnerships is subordinated to the investors' return of their original capital contribution).

Total expenses of Gateway were \$188,705 for the three months ended June 30, 2008, a decrease of \$29,284 as compared to the three months ended June 30, 2007 total expenses of \$217,989. The decrease for the three months ended June 30, 2008 results from decreases in 1) asset management fees and general and administrative expenses – General Partner due to sales of Project Partnerships (Gateway ceases accruing Asset Management Fees and General and Administrative expenses – General Partner for sold Project Partnerships) and 2) amortization expense (due to the acquisition fee intangible asset of several Project Partnerships becoming fully amortized).

The sources of funds to pay the expenses of Gateway are cash and cash equivalents and short-term investments which are comprised of U.S. Treasury Notes along with the interest earnings thereon, which were purchased with funds set aside for this purpose, and cash distributed to the Series from the operations of the Project Partnerships. Due to the rent limitations applicable to the Project Partnerships projects as a result of their qualifying for Low-Income Housing Tax Credits, Gateway does not expect there to be a significant increase in future rental income of the Project Partnerships. Therefore, cash distributions from operations of the Project Partnerships are not expected to increase. Management believes these sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

For the three months ended June 30, 2008 the Gain on Sale of Project Partnerships amounted to \$120,977. As more fully discussed herein, one Project Partnership investment has been sold in the first quarter of fiscal year 2009, and twenty-five Project Partnership investments were sold in fiscal year 2008, of which two sales were recorded during the three-month period ended June 30, 2007. The amount of the gain or loss on a sale of Project Partnerships and the year in which it is recognized on the Statement of Operations is dependent upon the specifics related to each sale or disposition transaction. Refer to the discussion of each Project Partnership sold in the exit strategy section herein.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

The financial performance of each respective Series is summarized as follows:

Series 2 - Gateway closed this series on September 14, 1990 after receiving \$6,136,000 from 375 Assignees. Equity in Loss of Project Partnerships for the three months ended June 30, 2008 and 2007 was \$0 as a result of the suspension of all losses in this Series so that the Investments in Project Partnerships does not fall below zero. For the three months ended March 31, 2008 and 2007, Gateway's share of the Project Partnerships' net loss was \$49,649 and \$65,859 generated from Rental and other income of \$597,556 and \$725,665, respectively. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$163,947 and \$200,691 for the three months ended March 31, 2008 and 2007, respectively.) As a result, management expects that this Series, as well as those described below, will report its equity in Project Partnerships as a loss for tax and financial reporting purposes until the year of disposition. Overall, management believes the Project Partnerships are operating as expected and have generated Tax Credits that met projections.

At June 30, 2008, the Series had \$193,382 of short-term investments (Cash and Cash Equivalents). Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$161,834 and \$182,770 for the three months ended March 31, 2008 and 2007, respectively.) Overall, management believes the Project Partnerships are operating as expected and have generated Tax Credits which met projections.

At June 30, 2008, the Series had \$192,822 of short-term investments (Cash and Cash Equivalents). Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$132,886 and \$230,313 for the three months ended March 31, 2008 and 2007, respectively.) Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

As disclosed on the statement of cash flows, the Series had net income of \$102,570 for the three months ended June 30, 2008. However, after adjusting for the changes in operating assets and liabilities, net cash used in operating activities was \$16,741. Series 5 - Gateway closed this series on October 11, 1991 after receiving \$8,616,000 from 535 Assignees. Equity in Loss of Project Partnerships increased \$2,756 to \$3,818 for the three months ended June 30, 2008 as compared to \$1,062 for the three months ended June 30, 2007. Gateway's share of the Project Partnerships' net loss was \$45,695 and \$110,502, of which \$41,877 and \$109,440 were suspended, respectively. In general, it is common in the real estate industry to experience losses for financial and tax reporting purposes because of the non-cash expenses of depreciation and amortization. (These Project Partnerships reported depreciation and amortization of \$266,530 and \$305,016 for the three months ended March 31, 2008 and 2007, respectively.) Overall, management believes these Project Partnerships are operating as expected and have generated Tax Credits which met projections.

At June 30, 2008, the Series had \$178,867 of short-term investments (Cash and Cash Equivalents). Management believes the sources of funds are sufficient to meet current and ongoing operating costs for the foreseeable future, and to pay part of the Asset Management Fee.

As disclosed on the statement of cash flows, the Series had a net loss of \$44,594 for the three months ended June 30, 2008. Cash provided by investing activities totaled \$311,438 consisting of \$11,438 in cash distributions from the Project Partnerships and \$300,000 from matured U.S. Treasury Notes.

Critical Accounting Estimates

Gateway reviews its investments in Project Partnerships to determine if there has been any permanent impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the sum of the expected future cash flows is less than the carrying amount of the investment, Gateway recognizes an impairment loss. No impairment loss was recognized during each of the three-month periods ended June 30, 2008 and 2007. Impairment loss is an estimate based on management's knowledge and experience. Accordingly, actual results could differ from these estimates.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

Recent Accounting Changes

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("FAS No. 157"), which provides enhanced guidance for using fair value to measure assets and liabilities. FAS No. 157 establishes a common definition of fair value and provides a framework for measuring fair value under U.S. generally accepted accounting principles and expands disclosure requirements about fair value measurements. FAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years.

In February 2008, the FASB issued FASB Staff Position ("FSP") 157-2, "Effective Date of FASB Statement No. 157", which delays the effective date of FAS No. 157 until November 15, 2008 for all nonfinancial assets and liabilities except those that are recognized or disclosed at fair value in the financial statements on at least an annual basis. Gateway will adopt FAS No. 157 effective as of fiscal year end March 31, 2009. The adoption of this standard is not expected to have a material impact on Gateway's financial position, operations or cash flow.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("FAS No. 159"), which permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. FAS No. 159 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Gateway will adopt FAS No. 159 in fiscal year 2009 but does not intend to remeasure its financial assets and financial liabilities as a result of its adoption. Accordingly, the adoption of this standard is not expected to have a material impact on Gateway's financial position, operations or cash flow.

Exit Strategy

The IRS compliance period for low-income housing Tax Credit properties is generally fifteen years from occupancy following construction or rehabilitation completion. Gateway is currently in the process of disposing of its investments in Project Partnerships which have reached the end of their fifteen year Tax Credit compliance period. Gateway's objective is to sell Gateway's interest in such assets for fair market value and ultimately, to liquidate the Project Partnerships. Generally, the market for Project Partnerships is limited. Some of the factors which negatively impact the marketability of these projects include (1) requirements by government agencies or the project's debt holder to continue to maintain the property in the low-income housing program, and (2) the mortgage balance of the property is very near the initial balance as a result of the heavily subsidized debt of the Project Partnerships and lengthy (usually 50 year) amortization periods.

As of June 30, 2008, Gateway holds a limited partner interest in 110 Project Partnerships which own and operate government assisted multi-family housing complexes. Project investments by Series are as follows: 18 Project Partnerships for Series 2, 15 Project Partnerships for Series 3, 14 Project Partnerships for Series 4, 28 Project Partnerships for Series 5, and 35 Project Partnerships for Series 6. All but two of the Project Partnerships have reached the end of their Tax Credit compliance period. As of June 30, 2008, thirty-eight of the Project Partnerships have been sold or otherwise disposed of (4 in Series 2, 8 in Series 3, 15 in Series 4, 8 in Series 5, and 3 in Series 6) and, in accordance with the Gateway partnership agreement, the entire net proceeds received from these sales either have been or will be distributed to the Assignees of the respective Series. Gateway at one time held investments in 148 Project Partnerships (22 in Series 2, 23 in Series 3, 29 in Series 4, 36 in Series 5, and 38 in Series 6). A summary of the sale or disposition transactions for the Project Partnerships disposed during the current fiscal year-to-date and the previous fiscal year are summarized below:

Re-syndications of Project Partnerships occur when a new buyer acquires the assets of a Project Partnership and renovates the existing affordable housing property and finances the costs of the renovation in part through the acquisition and sale of Tax Credits. In such re-syndication transactions, the assets of the existing Project Partnership are sold to a new partnership, net sales proceeds from the sale of assets are remitted to either Gateway or the general partner of the Project Partnership as appropriate, and the Project Partnership is liquidated. In a separate transaction, interests in new partnerships, which have a "fresh" allocation of Tax Credits, are sold to an unrelated third party or fund. In certain limited circumstances, the Managing General Partner of Gateway is involved in "re-syndicating" the sale of interests in the new partnership to an unrelated third party or fund. In those instances, the Managing General Partner has adopted the policy that it will contribute any net profits it received from the re-syndication transaction to Gateway. The following properties were the subject of re-syndication transactions in which the Managing General Partner was involved in the re-syndication, and \$191,053 of re-syndication profit has been contributed to Gateway by the Managing General Partner in October 2007. The re-syndication profit contributions associated with each transaction are as follows:

In accordance with FASB No. 66, although the sale of Belmont Senior Apts., Ltd. was consummated on or prior to March 31, 2007, the gain on the sale was deferred on the Balance Sheet and not recognized in the Statement of Operations until the period that the net sales proceeds were received. The entire balance of the net proceeds due from this sale were subsequently received in April 2007 and the deferred gain of \$43,850 was recognized in the fiscal year 2008 first quarter Statement of Operations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued):

However, utilizing the sales amounts as approved by Gateway, should all the transactions close without modification, the estimated net proceeds to Gateway from the sales of these Project Partnerships are estimated to be \$370,000, or \$60.30 per beneficial assignee certificate. Sales proceeds would be available for distribution to the Series 2 Assignees subsequent to the closing of these sales transactions which would most likely occur within the next 18-month period.

Series 3

Nowata Properties	Poteau Properties II

Item 3. Quantitative and Qualitative Disclosure About Market Risk:

As a smaller reporting company, no information is required.

Item 4. Controls and Procedures:

Not applicable to this report.

Item 4T. Controls and Procedures:

Disclosure controls are procedures designed to ensure that information required to be disclosed in Gateway's reports filed under the Exchange Act, such as this report, is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms. Disclosure controls are also designed to ensure that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives, as Gateway's are designed to do, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Under the supervision and with the participation of the Managing General Partner's management, including the Chief Executive Officer and Chief Financial Officer, Gateway has evaluated the effectiveness of its disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures are effective. There were no changes in Gateway's internal control over financial reporting during the three months ended June 30, 2008 that have materially affected, or are reasonably likely to materially affect, Gateway's internal control over financial reporting.

Unresolved Staff Comments:

On January 29, 2008, Gateway received a letter (the “Letter”) from the staff of the Securities and Exchange Commission (the “Staff”) requesting responses from Gateway on a number of items arising from the Commission’s review of Gateway’s Form 10-K for the fiscal year ended March 31, 2007. Not all of the comments and questions raised by the Staff in the Letter and subsequent replies have been resolved. Specifically, there remains unresolved a question raised by the Staff regarding how Rule 4-08(g) of Regulation S-X should be applied to Gateway, either through its application at a registrant level (i.e., aggregating financial information in all Series in Gateway) or alternatively by application to each individual series within Gateway.

This Form 10-Q has been prepared by application of Rule 4-08(g) of Regulation S-X at the registrant level, which is consistent with the methodology of Gateway’s prior quarter Form 10-Q filings. Depending upon the outcome of this matter, the Staff may determine additional disclosures to be required either in an Amended Form 10-Q filing or in future Form 10-Q filings.
