**United Community Banks, Inc. Reports Fourth Quarter Results**  
***EPS of \$0.66, Return on Assets of 1.30% and Return on Common Equity of 12.36%***

GREENVILLE, SC – January 19, 2021 - United Community Banks, Inc. (NASDAQ: UCBI) (United) today reported fourth quarter financial results, including solid year-over-year loan and core deposit growth and strong profitability. For the quarter, United's net income was \$59.5 million and pre-tax pre-provision income was \$80.3 million. Diluted earnings per share of \$0.66 for the quarter represented an increase of \$0.05 or 8%, from a year ago. Compared to the third quarter, diluted earnings per share were up by \$0.14 or 27%. On an operating basis, which excludes merger-related and other charges, diluted earnings per share were \$0.68, up \$0.07 or 11% from last year and \$0.13 per share or 24% compared to the third quarter. United's GAAP return on assets (ROA) was 1.30% and its return on common equity was 12.4% for the quarter. On an operating basis, United's ROA was 1.34% and its return on tangible common equity was 16.2%. On a pre-tax, pre-provision basis, and excluding merger-related and other charges, ROA was 1.82%.

Included in the quarter's results was a discretionary \$8.5 million contribution to the United Community Bank Foundation. This contribution lowered operating EPS by \$0.07 and operating ROA by 15 basis points.

Chairman and CEO Lynn Harton stated, "While our markets continue to be impacted by the pandemic, I am proud of the ongoing commitment to service by our employees and am encouraged by the resilience of our customers. The strength of our balance sheet and the diversity of our business model enabled us to continue to post solid financial results in a challenging environment. Most importantly, our teams continued to exhibit outstanding leadership. During the year, we have been able to add new teams of bankers, expand our footprint into new, fast-growing markets, and increase our product offerings. Focused efforts by our teams have led to meaningful high-quality growth in loans, deposits, and fee income despite economic headwinds."

Total loans decreased by \$428 million during the quarter—primarily driven by the forgiveness of \$671 million in SBA Paycheck Protection Program (PPP) loans. Excluding the effect of PPP loans, core organic loan growth was 8% annualized. Core transaction deposits grew by \$369 million during the quarter, or 13% annualized, and United's cost of deposits decreased by 8 basis points to 0.17%. The net interest margin increased 28 basis points from the third quarter due mainly to the accelerated recognition of PPP fees, as well as purchased loan accretion.

Excluding these items, the net interest margin decreased by approximately 10 basis points from the third quarter due to a combination of factors, including lower overall market rates and increased liquidity.

Mr. Harton concluded, "I am pleased by our performance both this quarter and this past year despite the challenging circumstances. I am optimistic going into 2021 knowing that we are well positioned to take advantage of new business opportunities. In October, and for the fourth consecutive year, United was again named one of the Best Banks to Work for in 2020 by American Banker. This honor demonstrates our commitment to employee development and to fostering a strong culture. Our employees continue to lead in supporting our customers and communities, which is directly reflected in our performance and success."
