**UNITED COMMUNITY BANKS, INC. REPORTS
EARNINGS OF \$17.6 MILLION FOR THIRD QUARTER 2014,
UP 38 PERCENT FROM A YEAR AGO**

- Earnings are 29 cents per diluted share, up 7 percent from second quarter and 38 percent from a year ago
- Loans up \$159 million, or 14 percent annualized
- Net interest margin increases 11 basis points from second quarter
- Core transaction deposits up \$90 million, or 10 percent annualized

BLAIRSVILLE, GA – October 23, 2014 – United Community Banks, Inc. (NASDAQ: UCBI) (“United”) today reported net income of \$17.6 million, or 29 cents per diluted share, for the third quarter of 2014. Earnings per share were up 7 percent from the second quarter, reflecting strong loan growth, a widening net interest margin, and growth in fee revenue. For the first nine months of 2014, United reported net income of \$49.4 million, or 81 cents per diluted share.

“By all measures, we had an exceptional third quarter,” said Jimmy Tallent, president and chief executive officer. “Strong loan growth and an expanding net interest margin increased net interest revenue by \$2 million over the second quarter. Our return on assets rose to 95 basis points, seven basis points higher than the second quarter, and close to our goal of 1 percent. Also, our return on equity was 9.4 percent, up 200 basis points from a year ago.

“Third quarter net loan growth of \$159 million was driven by strong production across all of our markets,” stated Tallent. “Our strongest area, specialized lending, increased \$132 million. This

category includes health care, corporate, SBA, asset-based and commercial real estate lending. We also saw solid growth in our Coastal Georgia and Tennessee markets.”

Third quarter taxable equivalent net interest revenue totaled \$57.0 million, up \$2.0 million from the second quarter and up \$2.7 million from the third quarter of 2013. The taxable equivalent net interest margin was 3.32 percent, up 11 basis points from the second quarter and six basis points from a year ago.

“Preserving our net interest margin and growing net interest revenue, while minimizing exposure to changes in interest rates, have been top priorities for growing earnings per share,” said Tallent. “Our third quarter results confirm that we are on the right path. We remain sharply focused on growing loans and core deposits to increase net interest revenue, while expanding products to grow fee revenue. Second quarter balance sheet management activities, which included restructuring the securities portfolio, interest rate hedges and wholesale borrowings, contributed to the widening net interest margin and growth in net interest revenue. We expect our margin to stabilize at the current level into the fourth quarter and 2015. We are seeing the results of these efforts positively impact our earnings growth.”

The third quarter provision for credit losses was \$2.0 million, down \$200,000 from the second quarter and down \$1.0 million from the third quarter of 2013. Third quarter net charge-offs were \$3.16 million, compared with \$4.18 million in the second quarter and \$4.47 million a year ago. Nonperforming assets at quarter-end were \$21.9 million, down 8 percent from the second quarter and 28 percent from a year ago. Nonperforming assets at quarter-end represented .29 percent of total assets, compared to .32 percent last quarter and .42 percent a year ago.

Third quarter fee revenue totaled \$14.4 million, up \$269,000 from the second quarter and \$187,000 from the third quarter of 2013. Most of the increase from both prior periods resulted from our growing SBA lending business and related gains on the sales of SBA loans. In the third quarter of 2014, we generated gains on these sales of \$945,000 compared with \$744,000 in the second quarter. There were no gains from the sale of SBA loans in the third quarter of 2013.

Service charges and fees dipped slightly from both the second quarter and a year ago, mostly due to lower debit card interchange fees. Overdraft fees were also down from the third quarter of 2013. Mortgage fees were up \$301,000 from the second quarter, but down \$376,000 from a year ago, the decrease reflecting slower mortgage refinancing activity. Closed mortgage loans totaled \$84.2 million in the third quarter compared with \$68.5 million in the second quarter and \$76.6 million in the third quarter of 2013.

Operating expenses were \$41.4 million in the third quarter compared to \$40.5 million in the second quarter and \$40.1 million a year ago. The increase from both prior periods is mostly due to higher staff and incentive costs. Third quarter compensation expense reflects the full cost of additional personnel added through the acquisition of Business Carolina, Inc., which occurred late in the second quarter, as well as staff added for our new vertical SBA business. Occupancy expense was up from the second quarter and a year ago due to higher utilities and maintenance charges, including lease costs for new locations.

Offsetting these increases was a reduction in the deposit insurance assessment rate due to improvement in our credit measures. Additionally, advertising costs were down \$245,000 due to one-time branding costs in the second quarter, and other expenses decreased \$537,000 primarily due to \$486,000 in branch closure and loss share asset costs that were written off last quarter.

“Our operating efficiency ratio improved to 57.96 percent in the third quarter, compared to 58.65 percent in the second quarter,” Tallent said. “We continue to focus on growing revenue while controlling costs.”

On September 30, 2014, capital ratios were as follows: Tier 1 Risk-Based of 12.1 percent; Total Risk-Based of 13.3 percent; Tier 1 Common Risk-Based of 11.0 percent; and Tier 1 Leverage of 8.7 percent.

“We are beginning to see meaningful improvement in our financial results, reflecting the successes of our strategic growth initiatives,” Tallent said. “Our focus on expanding the net interest margin and growing loans, deposits and fee revenue is driving earnings growth. In the

third quarter, we saw a return of strong loan growth and meaningful margin expansion despite the ongoing challenging economic environment. Strategic investments in people and new businesses are driving our growth. We will continue investing in our future by hiring top talent to grow our business. As our third quarter results demonstrate, we are on the right track.”
