## Savannah Bancorp Reports First Quarter Loss of \$285,000 and Reduces Quarterly Dividend

SAVANNAH, GA--(Globe Newswire) – April 21, 2009 - The Savannah Bancorp, Inc. (Nasdaq: SAVB) reported a net loss for the first quarter 2009 of \$285,000 compared to net income of \$1,704,000 in the first quarter 2008. Net loss per diluted share was 5 cents in 2009 compared to net income of 29 cents per diluted share in the first quarter of 2008. The decline in first quarter earnings results primarily from a higher provision for loan losses and a lower net interest margin in 2009 as compared to 2008. Pretax earnings before the provision for loan losses and gain/loss on sale of securities and OREO were \$3,180,000 in the first quarter 2009 compared to \$3,685,000 in 2008. Other growth and performance ratios are included in the attached financial highlights and information.

During the first quarter 2009 the Company's two largest subsidiaries, The Savannah Bank, N.A. ("Savannah") and Bryan Bank & Trust ("Bryan"), continued to be profitable. Savannah and Bryan account for approximately 91 percent of the Company's total assets and loans.

Total assets increased 5.7 percent to \$1 billion at March 31, 2009, up \$54 million from \$946 million a year earlier. Loans totaled \$865 million compared to \$835 million one year earlier, an increase of 3.6 percent. Deposits totaled \$843 million and \$771 million at March 31, 2009 and 2008, respectively, an increase of 9.2 percent. Shareholders' equity increased 1.3 percent to \$80 million at March 31, 2009 from \$79 million at March 31, 2008. The Company's total capital to risk-weighted assets ratio was 11.52 percent, well in excess of the 10 percent required by the regulatory agencies to maintain well-capitalized status.

John Helmken, President and CEO, said, "Many of the highlights of the first quarter of 2009 – higher net interest margin compared to the prior quarter, significant deposit growth, reduced exposure to construction and development loans and the streamlining of support functions – will likely be overshadowed by our first quarterly loss in many years. While we are disappointed by the effect on earnings, our aggressive recognition of charge-offs and impairments and provisioning for potential future losses is more than appropriate in such uncertain economic times. We have not yet seen a stabilization in real estate values, therefore we have pushed our allowance for loan losses up to 1.77 percent of loans at quarter-end, even though our nonperforming loans declined slightly during the quarter."

The allowance for loan losses was \$15,309,000, or 1.77 percent of loans at March 31, 2009 compared to \$12,128,000 or 1.45 percent of total loans a year earlier. Nonperforming assets were \$32,537,000 or 3.73 percent of total loans and other real estate owned at March 31, 2009 compared to \$19,536,000 or 2.33 percent at March 31, 2008. At December 31, 2008, nonperforming assets were \$35,707,000 or 4.09 percent of loans and other real estate owned. First quarter net charge-offs were \$1,711,000 compared to net charge-offs of \$1,806,000 in the same period in 2008. The provision for loan losses for the first quarter of 2009 was \$3,720,000 compared to \$1,070,000 for the first quarter of 2008. The higher provision for loan losses was primarily due to continued weakness in the Company's local real estate markets. In particular, the Hilton Head Island/Bluffton residential market has continued to experience price declines.

Net interest income was down \$405,000, or 5.0 percent, in the first quarter 2009 versus the first quarter 2008. First quarter net interest margin declined to 3.36 percent in 2009 as compared to 3.70 percent in 2008 primarily due to lower loan market rates, competitive local deposit pricing and higher levels of noninterest-earning assets. The prime rate declined 200 basis points from 5.25 percent to 3.25 percent over the one year period ended March 31, 2009. On a linked quarter basis, the first quarter 2009 net interest margin increased 12 basis points from the 3.24 percent margin for the fourth quarter 2008.

Noninterest income increased \$245,000, or 14 percent in the first quarter of 2009 versus the same period in 2008 due to higher service charges on deposits and mortgage related income, a higher gain on hedges of \$112,000 and a gain on the sale of securities of \$184,000 partially offset by lower trust and asset management fees.

Noninterest expense increased to \$6,475,000, up \$324,000 or 5.3 percent, in the first quarter 2009 compared to the first quarter 2008. First quarter 2009 noninterest expense included \$139,000 of higher FDIC insurance premiums and a loss on sale of OREO of \$164,000. The remainder of the increase was due to higher occupancy and equipment and information technology expense partially offset by lower salaries and employee benefits.

Today, the Board of Directors approved a quarterly cash dividend of 2 cents per share payable on May 18, 2009 to shareholders of record on May 1, 2009.

Helmken added, "We have a strong capital and liquidity position and, more importantly, a strong and growing customer base, all of which aids us now and as we look toward the future. Given the importance of the preservation of capital in the current environment and the challenges of the current credit cycle, we lowered the cash dividend to 2 cents per share from 12.5 cents per share for the same period last year. The lower dividend will preserve over \$600,000 of capital per quarter for our Company and give us additional 'dry powder' beyond our already well-capitalized status. This additional capital will also allow us to take advantage of any opportunities that may arise as we move through this cycle. This reduction was a difficult decision as we are fully aware of how important the dividend is to our shareholders, but we believe this will protect the long-term interests of our shareholders. The Board also reduced director's fees for the Company and all subsidiaries."

In April 2009 the Company filed an application with the appropriate regulatory agencies to consolidate Harbourside with Savannah under a national commercial bank charter. The Company expects to realize operational efficiencies and cost savings by consolidating these charters.

The Savannah Bancorp, Inc. ("SAVB"), a bank holding company for The Savannah Bank, N.A., Bryan Bank & Trust (Richmond Hill, Georgia), Harbourside Community Bank (Hilton Head Island, SC) and Minis & Co., Inc., is headquartered in Savannah, Georgia and began operations in 1990. Its primary businesses include loan, deposit, trust, asset management, and mortgage origination services provided to local customers.

### **Forward-Looking Statements**

This press release contains statements that constitute "forward-looking statements" within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934 as amended by the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, among others, statements identified by words or phrases such as "potential," "opportunity," "believe," "expect," "anticipate," "current," "intention," "estimate," "assume," "outlook," "continue," "seek," "plans," "achieve," and similar expressions, or future or conditional verbs such as "will," "would," "should," "could," "may" or similar expressions. These statements are based on the current beliefs and expectations of our management and are subject to significant risks and uncertainties. There can be no assurance that these transactions will occur or that the expected benefits associated therewith will be achieved. A number of important factors could cause actual results to differ materially from those contemplated by our forward-looking statements in this press release. Many of these factors are beyond our ability to control or predict. These factors include, but are not limited to, those found in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K. We believe these forward-looking statements are reasonable; however, undue reliance should not be placed on any forward-looking statements, which are based on current expectations. We do not assume any obligation to update any forward-looking statements as a result of new information, future developments or otherwise.

## Capital Resources

The banking regulatory agencies have adopted capital requirements that specify the minimum level for which no prompt corrective action is required. In addition, the FDIC assesses FDIC insurance premiums based on certain “well-capitalized” risk-based and equity capital ratios. As of March 31, 2009, the Company and the Subsidiary Banks exceeded the minimum requirements necessary to be classified as “well-capitalized.”

Total tangible equity capital for the Company was \$77.0 million, or 7.70 percent of total assets at March 31, 2009. The table below includes the regulatory capital ratios for the Company and each Subsidiary Bank along with the minimum capital ratio and the ratio required to maintain a well-capitalized regulatory status.

(\$ in thousands)	Company	Savannah	Bryan	Harbourside	Minimum	Well-Capitalized
<b>Qualifying Capital</b>						
Tier 1 capital	\$ 84,389	\$ 54,395	\$ 20,780	\$ 5,227	-	-
Total capital	94,730	61,309	23,270	5,967	-	-
<b>Leverage Ratios</b>						
Tier 1 capital to average assets	8.41%	8.18%	8.63%	7.24%	4.00%	5.00%
<b>Risk-based Ratios</b>						
Tier 1 capital to risk-weighted assets	10.26%	9.88%	10.45%	8.99%	4.00%	6.00%
Total capital to risk-weighted assets	11.52%	11.14%	11.70%	10.28%	8.00%	10.00%

Tier 1 and total capital at the Company level includes \$10 million of subordinated debt issued to the Company’s nonconsolidated subsidiaries. Total capital also includes the allowance for loan losses up to 1.25 percent of risk-weighted assets.

The capital ratios are above the well-capitalized threshold. The Company currently has capacity to add approximately \$14 million of trust preferred borrowings and to the capital markets, if needed, to maintain the well-capitalized status of the Subsidiary Banks.

(a) This table shows the changes in interest income and interest expense for the comparative periods based on either changes in average volume or changes in average rates for interest-earning assets and interest-bearing liabilities. Changes which are not solely due to rate changes or solely due to volume changes are attributed to volume.

(b) The taxable equivalent adjustment results from tax exempt income less non-deductible TEFRA interest expense and was \$8 in the first quarter 2009 and 2008, respectively.

(c) Average nonaccruing loans have been excluded from total average loans and categorized in noninterest-earning assets.
