I. ELECTION OF DIRECTORS

Eight directors are to be elected at the meeting to hold office until the next annual meeting of stockholders and until their respective successors are duly elected and qualified. Pursuant to TRH's By-Laws, the Board of Directors has set the number of directors on the Board at nine and, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated eight nominees for director. After the meeting and assuming the election of all nominees, the Board will have eight directors and one vacancy, which the Board intends to fill once a qualified candidate is identified. If a quorum is present at the meeting, the affirmative vote of a plurality of the shares present in person or by proxy and entitled to vote thereon is required to elect the directors. Abstentions and broker non-votes will be included in determining the number of shares present at the meeting for purposes of determining the presence of a quorum, but abstentions and broker non-votes will have no effect on the outcome of the vote. A broker non-vote occurs under stock exchange rules when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares and no such voting instructions are given. It is the intention of the persons named in the accompanying proxy to vote for the election of the nominees listed below, six of whom are currently members of your Board of Directors. It is not expected that any of the nominees will become unavailable for election as a director, but if any nominee should become unavailable prior to the meeting, proxies will be voted for such persons as the persons named in the accompanying form of proxy may determine in their discretion. Proxies may not be voted for more than the number of nominees named. The nominees, and certain information supplied by them to TRH, are as follows:

CORPORATE GOVERNANCE, BOARD OF DIRECTORS AND COMMITTEES

During 2004, TRH had 9 directors. On April 4, 2005, each of Maurice R. Greenberg, director and non-executive Chairman, and directors Edward E. Matthews and Howard I. Smith resigned from the Board. On April 5, 2005, the Board elected Robert F. Orlich, President and Chief Executive of TRH, to serve as its interim Chairman.

Governance Principles

TRH's Board has established the TRH Corporate Governance Guidelines (the "Guidelines") to promote the effective functioning of the Board and its committees, to promote the interests of stockholders and to establish a common set of expectations for the governance of the organization. All of TRH's corporate governance materials, including the Guidelines and Committee charters, TRH's Director, Executive Officer and Senior Financial Officer Code of Business Conduct and Ethics as well as TRH's Code of Conduct for employees, is available on TRH's website at www.transre.com by following the links to Investor Information and then to the Corporate Governance section. Printed copies of these materials are available upon request to any stockholder by writing to Transatlantic Holdings, Inc., c/o Investor Relations, 80 Pine Street, New York, NY 10005. TRH's Board regularly reviews corporate governance developments and modifies its guidelines, charters and practices as warranted. Any modifications will be reflected on TRH's website.

Using the Director Independence Standards which are attached in Appendix A, the Board has affirmatively determined that each of Messrs. Balog, Bergsten, Higuchi and Mackowski are independent under the current New York Stock Exchange rules. In making their independence determinations, the Board reviewed the charitable contributions made by The Starr Foundation to any organizations with which the directors are affiliated. The Starr Foundation was established and principally funded by C.V. Starr and his estate. Mr. Greenberg, who served as a director and non-executive Chairman of TRH through April 4, 2005, also served as a director and chairman of The Starr Foundation. Mr. Matthews who served as a director of TRH through April 4, 2005 also served as a director of the Starr Foundation. Mr. Smith who served as a director of TRH through April 4, 2005 also served as a director and treasurer of the Starr Foundation.

The Starr Foundation has contributed \$400,000, \$421,250 and \$300,000 to the Institute for International Economics (the "Institute") for annual funding in the years 2004, 2003 and 2002, respectively. Mr. Bergsten is the Director of the Institute. The Board has determined that these contributions do not impair Mr. Bergsten's independence for purposes of the New York Stock Exchange Listing Standards.

American International Group, Inc. owned 59.39% of the Common Stock of Transatlantic Holdings, Inc. as of March 25, 2005. By virtue of AIG's position as majority stockholder, Transatlantic Holdings, Inc. qualifies as a controlled company under the New York Stock Exchange Listing Standards. Accordingly, Transatlantic Holdings, Inc. has availed itself of the exemptions provided under Section 303A of the New York Stock Exchange Listing Standards as they relate to director independence, and the Compensation and Nominating and Corporate Governance Committees of the Board of Directors.

There were four regularly scheduled meetings of the Board during 2004. All of the directors attended at least 75 percent of the aggregate of all meetings of the Board and of the committees of the Board on which they served, except Mr. Higuchi who attended 50% of the aggregate of all meetings of the Board and the committees of the Board on which he serves. TRH does not require its Board members to attend Annual Meetings of stockholders.

TRH holds at least one regularly scheduled meeting each year of its non-management directors, including directors who are employees of AIG; the presiding director at such meeting will be elected by such non-management directors.

Stockholder Communications with Board Members

The Board of Directors provides a process for stockholders to send communications to the Board of Directors or any of the directors. Stockholders may send written communications to the Board of Directors, or any of the individual directors, c/o the Corporate Secretary of the Company to

Transatlantic Holdings, Inc., 80 Pine Street, New York, NY 10005. All communications will be compiled by the Corporate Secretary of the Company and submitted to the Board of Directors or the individual directors, as applicable, on a periodic basis.

Audit Committee

The Audit Committee, which held twelve scheduled meetings during 2004, assists the Board's oversight of TRH's financial statements and TRH's compliance with legal and regulatory requirements, the qualifications and performance of TRH's independent auditor and the performance of TRH's internal audit function. Mr. Mackowski chaired the Audit Committee, which included Messrs. Balog and Bergsten, during 2004. The Board has determined that all members of the Audit Committee are independent under both New York Stock Exchange and Securities and Exchange Commission rules. The Board has also determined that each member of the Audit Committee is "financially literate" within the meaning of the New York Stock Exchange Listing Standards and that Mr. Mackowski is an audit committee financial expert for purposes of the rules of the Securities and Exchange Commission and has related financial management expertise for purposes of the New York Stock Exchange listing standards by virtue of his 36 years of experience in the insurance industry and having actively supervised the preparation of financial statements as Chairman and Chief Executive Officer of the Atlantic Mutual Companies.

Nominating and Corporate Governance Committee

The primary purposes of the Nominating and Corporate Governance Committee are to recommend individuals to the Board of Directors for nomination, election or appointment as members of the Board and its committees and to review on an ongoing basis the corporate governance principles and practices that should apply to TRH. The Nominating and Corporate Governance Committee will consider nominees recommended by the stockholders. The Nominating and Corporate Governance Committee will evaluate stockholder nominees on the same basis as all other nominees. This Committee was formed in 2004, and the current members of the Nominating and Corporate Governance Committee are Messrs. Balog, Bergsten, Mackowski and Tizzio. Mr. Matthews was a member and served as Chairman of the Nominating and Corporate Governance Committee until his resignation on April 4, 2005.

Compensation Committee

The Compensation Committee, which held one meeting during 2004, oversees the administration of TRH's salary and bonus compensation programs, establishes the compensation of the Chief Executive Officer and makes recommendations with respect to cash compensation programs applicable to senior executives and other employee compensation. During 2004, Messrs. Balog, Greenberg, Mackowski and Tizzio were the members of the Compensation Committee.

Stock Option Plan Committee

The Stock Option Plan Committee administers the TRH Stock Option and Stock Incentive Plans and makes recommendations with respect to the long term incentive compensation plans applicable to senior executives and other employees. During 2004, the members of the Stock Option Plan Committee were Messrs. Balog and Mackowski. The Stock Option Plan Committee held one meeting in 2004.

Other Committees

The principal function of the Executive Committee is to act for the Board between Board meetings. During 2004, Messrs. Greenberg, Matthews and Orlich were the members of the Executive Committee. There was one Executive Committee action in 2004. On April 5, 2005, after the resignations of Messrs. Greenberg and Matthews, the Board elected Mr. Tizzio to the Executive Committee.

The Finance Committee, which oversees the financial affairs and investment activities of TRH and its subsidiaries, held 4 meetings during 2004. Messrs. Balog, Bergsten, Higuchi, Matthews and Smith served as members of the Finance Committee during 2004.

The Underwriting Committee, which oversees the underwriting practices of TRH and its subsidiaries, held 4 meetings during 2004. Messrs. Mackowski, Orlich and Tizzio served as members of the Underwriting Committee during 2004.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act of 1934 (the "Exchange Act") requires TRH's directors, executive officers and persons who own more than ten percent of a registered class of TRH's equity securities, to file with the Securities and Exchange Commission ("SEC") and the New York Stock Exchange initial reports of ownership and reports of changes in beneficial ownership of TRH Common Stock. Directors, executive officers and greater than ten percent stockholders are required by SEC regulation to furnish TRH with copies of all Section 16(a) forms they file. To TRH's knowledge, all Section 16(a) filing requirements applicable to its directors, executive officers and ten percent stockholders have been complied with, except for Mr. Sapnar who inadvertently failed to timely file the initial statement of beneficial ownership of securities upon being elected to the Board of Directors of Transatlantic Reinsurance Company and Putnam Reinsurance Company, wholly-owned subsidiaries of TRH. In addition, Mr. Sapnar inadvertently failed to timely report the exercise of 5,625 TRH stock options. These filings have now been made. In making these statements, TRH has relied on written representations of its directors, executive officers and ten percent stockholders, and copies of reports that they have filed with the SEC.

Compensation of Directors and Executive Officers

All directors, except those who are TRH employees, receive an annual retainer of \$30,000 and a fee of \$1,500 for each meeting of the Board or any committee of TRH or its subsidiaries attended, except for the former Chairman, who received an annual retainer of \$75,000. In addition, certain directors may be granted stock options in recognition of extraordinary service to the Company. On December 2, 2004, the Stock Option Plan Committee granted a total of 48,000 options to purchase TRH Common Stock to Messrs. Bergsten (8,000 options), Greenberg (16,000 options), Matthews (8,000 options), Smith (8,000 options) and Tizzio (8,000 options). Additionally, on December 2, 2004, the full Board of Directors granted options to purchase 8,000 shares of TRH Common Stock to each of Messrs. Balog and Mackowski. These options were granted pursuant to the TRH 2000 Stock Option Plan. The options were granted at fair market value on the date of grant (\$60.34 per share) and first become exercisable at a rate of 25% per year commencing in December, 2005.

The following table sets forth the compensation, for services in all capacities to TRH and its subsidiaries during 2004, of each of the President and Chief Executive Officer and the four most highly compensated executive officers of TRH.

Participation in the SICO Plan by any person, and the amount of such participation, has been at the sole discretion of SICO’s Board of Directors, and historically, none of the costs of the various benefits provided under such plan were paid by TRH. The original SICO Plan provided that shares currently owned by SICO may be contingently set aside by SICO for the benefit of the participant and distributed upon retirement provided that the employee fulfills the terms of the original SICO Plan. The SICO Board of Directors permitted an early pay-out of units under certain circumstances, and certain of

This amount represented the market value of shares of AIG Common Stock at January 17, 2003. The amounts distributed by SICO to the participants in 2004, and included in the value shown in the table, represent the market value of shares of AIG Common Stock at May 1, 2004, as follows: Skalicky—\$107,475; Bonny—\$107,475; Vijil—\$96,728; Sapnar—\$64,485. Prior to earning the right to pay-out, the participant is not entitled to any equity interest with respect to such shares, and shares are subject to forfeiture under certain conditions, including but not limited to the participant's voluntary termination of employment with TRH or AIG prior to normal retirement age other than by death or disability (unless the SICO board determines to reinstate the payment right). In addition, SICO's Board of Directors makes the final decision whether to pay a participant cash in lieu of shares of AIG Common Stock. In February, 2005, a determination was made as to the number of AIG shares contingently allocable to the participants in the SICO Plan with respect to units awarded in December 2002 with respect to the January 1, 2003 to December 31, 2004 period but not distributed under the SICO Plan. The values shown for the year 2004 also include an amount representing the number of AIG shares, based on the closing sale price of AIG Common Stock on December 31, 2004 of \$65.67, contingently allocated as follows: Orlich—25,600 shares; Skalicky—8,400 shares; Bonny—7,800 shares; Vijil—7,800 shares; Sapnar—3,200 shares.

- (5) Amounts shown for Messrs. Orlich, Skalicky, Vijil and Sapnar represent matching contributions under TRH's 401(k) Plan. Amounts shown for Mr. Bonny reflect contributions by TRH to The AIG Retirement Savings Plan (United Kingdom.) In addition to the matching contribution under TRH's 401(k) Plan, the amount shown for Mr. Sapnar in 2002 includes reimbursement of moving expenses incurred in connection with his relocation from Transatlantic Reinsurance Company's United Kingdom office to the New York office.
- (6) Amounts shown as salary for Mr. Orlich include \$32,000 received from Starr in each of 2004, 2003 and 2002. In addition to the amounts shown in the above table, Mr. Orlich received dividends on Starr Common Stock (see Ownership of Certain Securities on page 6) as follows: 2004—\$106,000; 2003—\$88,000; 2002—\$70,500.
- (7) On December 2, 2004, Michael C. Sapnar was elected to the Board of Directors of Transatlantic Reinsurance Company and Putnam Reinsurance Company, subsidiaries of TRH. In addition, Mr. Sapnar is Senior Vice President and Chief Underwriting Officer—Domestic Operations for Transatlantic Reinsurance Company and Putnam Reinsurance Company.

The following tables set forth information for each of the five individuals named in the Summary Compensation Table as to (i) grants of options to purchase TRH Common Stock under the TRH 2000 Stock Option Plan during 2004, and (ii) option exercises during 2004, and option values as of December 31, 2004, with respect to options to purchase TRH Common Stock granted under the TRH 2000 Stock Option Plan, TRH 1995 Stock Option Plan and the TRH 1990 Stock Option Plan.

Long-Term Incentive Plans

As discussed in the notes to the Summary Compensation Table, since 1975, SICO has provided a series of 2-year Deferred Compensation Profit Participation Plans to senior TRH and AIG employees. AIG has authorized the creation of a 2005-2006 Deferred Compensation Profit Participation Plan that will be modeled on the SICO Plan for the 2003-2004 period, except that the 2005-2006 Plan will be administered by AIG. In addition, AIG has determined the number of units that will be granted to each TRH and AIG employee. However, the documentation for the new 2005-2006 Plan has not been finalized or approved and formal awards have not yet been issued.

The following table summarizes information with respect to benefits under the 2005-2006 Deferred Compensation Profit Participation Plan that will be awarded (with respect to the 2005-2006 period) to the individuals named in the Summary Compensation Table once the 2005-2006 Plan is finalized.

LONG-TERM INCENTIVE PLANS

<u>Name</u>	<u>Number of Units(1)</u>	<u>Unit Award Period</u>	<u>Estimated Future Payouts(2)</u>
Orlich	1,700	Two years	27,200 shares
Skalicky	750	Two years	9,000 shares
Bonny	700	Two years	8,400 shares
Vijil	700	Two years	8,400 shares
Sapnar	450	Two years	3,600 shares

- (1) Awards represent grants of units that will be made under the forthcoming Deferred Compensation Profit Participation Plan with respect to the two-year period from January 1, 2005 through December 31, 2006. The number of shares of AIG Common Stock, if any, allocated to a unit for the benefit of a participant in the 2005-2006 Plan will be dependent primarily upon two factors: the growth in earnings per share of AIG during the 2005-2006 award period as compared to the 2003-2004 period and the book value of AIG at the end of the award period. As a result, the number of shares to be allocated with respect to units to be awarded for the 2005-2006 period and the value of such shares upon future payout cannot be determined at this time.
- (2) The number of shares to be allocated with respect to units to be awarded for the 2005-2006 period cannot be determined at this time. The "Estimated Future Payouts" column represents the number of shares that would be contingently allocable to the named individuals if, at the end of 2006, the criteria used to allocate shares to units were the same as those used by the Board of Directors of SICO for the 2003-2004 period. However, any share allocation made under the 2005-2006 Plan will be made by the Compensation Committee of AIG's Board of Directors in conjunction with the Compensation Committee of TRH's Board of Directors. Before earning the right to payout, no participant will be entitled to any equity interest with respect to shares allocated to him or her and the allocated shares will be subject to forfeiture under certain conditions, including the participant's voluntary termination of employment with TRH or AIG prior to normal retirement age other than by death or disability.

Pension Benefits

TRH employees are eligible to participate in or have participated in various AIG benefit plans.

Through March 31, 1985, when such plan was terminated, employees of AIG and its subsidiaries, including TRH and its subsidiaries, who are citizens of the United States or non-citizens working in the United States were covered under the American International Group, Inc. Pension Plan, a contributory, qualified, defined benefit plan ("Original Pension Plan"). The annual pension for a participant was equal to 1.75% of Average Final Compensation multiplied by years of credited service as a participant (up to 40 years) less 1.4286% of his Social Security Benefit multiplied by years of credited service (limited to 35 years). Average Final Compensation was defined as the average annual compensation of a

participant during the 3 consecutive years in the last 10 years of his credited service affording the highest such average, or during all of the years of his credited service if less than 3 years. Benefits were paid monthly during the life of the participant, or, if applicable, during the joint lives of the participant and his contingent annuitant. The annual retirement allowance for participants with at least 10 years of credited service was not less than 50% of 1.75% of Average Final Compensation, multiplied by years of credited service, or \$1,200, whichever was greater. On April 1, 1985, a new non-contributory, qualified, defined benefit plan ("Current Retirement Plan") was established, with provisions substantially the same as the Original Pension Plan, except for the non contributory feature and except that in the annual pension formula described above, 1.25% of Average Final Compensation is multiplied by years of credited service as a participant (up to 44 years) less 1.25% of his Social Security Benefit multiplied by years of credited service (limited to 35 years). The 1.25% of Average Final Compensation is also used in the determination of the minimum retirement allowance. Effective January 1, 1989, the Current Retirement Plan formula changed in accordance with government mandated regulations from a Social Security offset to a Social Security integration method of computation where the offset is the average of the final three years' compensation but no greater than 150% of the employee's "covered compensation" (the average of the Social Security Wage bases during the 35 years preceding the Social Security retirement age) times credited service up to 35 years, multiplied by an applicable Social Security retirement age factor. For employees terminating from active service after January 1, 1993, the benefit formula for credited service on and after April 1, 1985 changed from 1.25% to 1.35% of Average Final Compensation. Effective January 1, 1996, the Current Retirement Plan formula now equals 1.25% times Average Final Compensation up to 150% of the employee's "covered compensation" plus 1.75% times Average Final Compensation in excess of 150% of "covered compensation" times years of credited service prior to April 1, 1985 (up to 35 years) plus 1.75% times Average Final Compensation times years of credited service in excess of 35 years but limited to 40 years; plus .925% times Average Final Compensation up to 150% of the employee's "covered compensation" plus 1.425% times Average Final Compensation in excess of 150% of "covered compensation" times years of credited service after April 1, 1985 (up to 35 years) plus 1.425% times Average Final Compensation times years of credited service in excess of 35 years but limited to 44 years.

As a result of the termination of the Original Pension Plan, all benefits accruing to the termination date became vested regardless of an employee's years of service and annuities were purchased for benefits payable under that plan. AIG was entitled to receive the surplus remaining in the Original Pension Plan, other than the portion of the surplus attributable to employee contributions.

The 401(k) Plan for employees, provides for salary reduction contributions by employees and matching contributions by TRH. The retirement benefits for most employees who participate in both the Current Retirement Plan and the 401(k) Plan will be substantially greater than the benefits which would have been received under the Original Pension Plan.

Annual amounts of normal retirement pension commencing at normal retirement age of 65 based upon Average Final Compensation and credited service under the Current Retirement Plan and a supplemental retirement plan (“the Supplemental Plan”) are illustrated in the following table:

With respect to the individuals named in the Summary Compensation Table on page 8, other than Mr. Bonny, their respective years of credited service (under both plans) through December 31, 2004 are as follows: Orlich 18.17 years, Skalicky 18.42 years, Vijil 10.92 years, Sapnar 9.42 years. Pensionable salary includes only the regular salary paid by TRH and its subsidiaries and does not include amounts attributable to bonuses or overtime pay. For such named individuals, pensionable salary during 2004 was as follows: Orlich—\$715,962; Skalicky—\$496,538; Vijil—\$466,539; Sapnar—\$371,923.

Effective January 1, 1991 a Supplemental Plan was provided to pay a benefit to Current Retirement Plan participants in an amount equal to the reduction in the benefit payable as a result of the Federal limitation. Messrs. Orlich, Skalicky, Vijil and Sapnar were participants in the Supplemental Plan at December 31, 2004. In September 2002, AIG approved an Excess Retirement Income Plan (effective as of June 1, 2002) which provides the same benefits described above and replaces the Supplemental Plan.

During 1993, 1994 and up to June 1, 1995, Mr. Bonny participated in The AIG Pension Plan (United Kingdom), a defined benefit plan, in which the TRH contributions were calculated by the actuaries for that plan. Mr. Bonny currently participates in The AIG Retirement Savings Plan (United Kingdom), a defined contribution plan, to which he contributed approximately 15 percent of his pensionable salary in 2004. Contributions to this plan by TRH vary based on employee age, pensionable service and the employee’s voluntary contributions. During 2004, TRH contributed approximately 13 percent of Mr. Bonny’s pensionable salary of \$553,472 to the plan based on his age, voluntary contribution and his 22.9 years of pensionable service.

Relationship with AIG

AIG is a holding company which, through its subsidiaries, is engaged in a broad range of insurance and insurance related activities in the United States and abroad. AIG's primary activities include both general and life insurance operations. Other significant activities include financial services, and retirement services and asset management. The AIG Group (AIG, together with its subsidiaries, is referred to herein as the "AIG Group") is one of the largest purchasers of reinsurance in the insurance industry based on premiums ceded.

AIG Group owns 59.39% of the outstanding TRH Common Stock. One of TRH's 6 current directors is a current executive officer of AIG and holds the following position with AIG: Mr. Tizzio is Senior Vice Chairman—General Insurance. In addition, the following nominees hold the following positions with AIG: Mr. Bensinger is Executive Vice President, Chief Financial Officer, Treasurer and Comptroller; Mr. Sullivan is a Director, President and Chief Executive Officer.

AIG Group Reinsurance

TRH, through its wholly-owned subsidiaries TRC, Putnam and Trans Re Zurich either accepts or rejects reinsurance offered by subsidiaries of AIG based upon TRH's assessment of risk selection, pricing, terms and conditions. Historically, and with few exceptions, TRH has generally not set terms and conditions as lead underwriter with respect to treaty reinsurance with subsidiaries of AIG; however, TRH may in the future set terms and conditions with respect to such business as a lead underwriter and

intends that the terms and conditions of any such reinsurance will be negotiated on an arms' length basis. The Underwriting Committee of the Board of Directors of TRH, which includes at least one director of TRH who is not an employee of the AIG Group, monitors TRH's underwriting policies. (See "Compensation Committee Interlocks and Insider Participation").

Approximately \$639 million (15%), \$633 million (17%) and \$395 million (13%) of gross premiums written by TRH in the years 2004, 2003 and 2002, respectively, were attributable to reinsurance purchased by subsidiaries of AIG, for the production of which TRH paid ceding commissions to such AIG subsidiaries totaling approximately \$122 million, \$167 million and \$88 million, respectively, in such years. TRH has no goal with respect to the portion of AIG Group subsidiary versus non-AIG Group subsidiary business it accepts. TRH's objective in determining its business mix is to evaluate each underwriting opportunity individually with a view to maximizing overall underwriting results.

TRH retroceded approximately \$152.8 million of gross premiums written to subsidiaries of AIG in 2004 and received ceding commissions of approximately \$15.8 million for the production of such business.

Certain Transactions with the AIG Group

Pursuant to service and lease agreements, the AIG Group furnishes to TRH certain office space, data processing, human resource related activities and certain other administrative services. TRH may terminate the service agreements by giving six months' written notice to AIG. TRH paid approximately \$5.1 million to the AIG Group for these services in 2004. (See "Compensation Committee Interlocks and Insider Participation").

Pursuant to an investment management contract, AIG Global Investment Corp., an AIG subsidiary, acts as investment manager for TRH. Under the terms of this agreement, AIG Global Investment Corp. has discretion to manage all the investment activities, including cash equivalents, of TRH, subject to the directions of TRH's Board of Directors and within the limits imposed by the New York Insurance Law. The agreement may be terminated by either party at any time. AIG Global Investment Corp. also provides investment management services for other clients. TRH paid an aggregate of approximately \$5.8 million to AIG Global Investment Corp. for such investment management services in 2004.

TRH's employees participate in benefit plans administered by AIG including a noncontributory defined benefit pension plan, an employee stock purchase plan, a stock incentive plan and a voluntary savings plan (a 401(k) plan) which provides for certain matching contributions.

TRH, as a subsidiary of AIG, is covered under AIG's policy of directors and officers ("D&O") liability insurance for itself, its directors and officers, its subsidiaries, and their directors and officers. In 2004, TRH paid AIG approximately \$46,000 for its allocable portion of AIG's D&O premiums.

These services have been obtained at a cost which, in the opinion of TRH, has not exceeded the cost of obtaining such services from unaffiliated sources. The cost of certain of these services may increase or decrease in the future, subject to negotiation, but in any event are expected not to exceed the cost of obtaining such services from unaffiliated sources.

Relationship with SICO and Starr

SICO and Starr, private holding companies, and the Starr foundation owned 12.0%, 1.8% and 2.0%, respectively of AIG's outstanding common stock at January 31, 2005. During 2004, Messrs. Greenberg, Matthews, Orlich, Smith and Tizzio, directors of TRH, were also stockholders, executive officers or directors of SICO or Starr. (See "Ownership of Certain Securities").

TRH and AIG are currently in the process of unwinding various relationships with Starr and SICO. As a result, TRH directors serving as AIG's executive officers have resigned as officers or directors of these companies and their subsidiaries. However, SICO confirmed that it will assure that all benefits accrued to employees under the SICO Plans through 2004 will be paid to employees in accordance with the terms of the SICO plans.

TRH and/or AIG intends to provide new or enhanced compensation opportunities to TRH employees in order to reflect the compensation and benefits previously provided by Starr and SICO in prior years the cost of which may be borne by TRH. TRH executives will no longer be providing services to, or receiving payments and benefits from, Starr or SICO. Starr from time to time offered members of TRH's and AIG's senior management the opportunity to purchase shares of its common stock. Book value was used to determine the purchase price, and the shares have generally paid cash dividends as well as dividends in the form of non-voting preferred shares.

The Starr common and preferred shares are subject to agreements that limit their transferability and give Starr the right, and in some cases the obligation, to repurchase the shares after a holder ceases to be an employee of Starr and substantially all of Starr's affiliated and associated companies. The repurchase price is generally based on the adjusted book value of the common shares and the sum of the liquidation value and unpaid dividends of the preferred shares. However, Starr can repurchase the shares for a substantially lower price if a holder voluntarily departs (without the approval of Starr's board of directors) before the holder turns 60 or, for holders voluntarily departing between 60 and 65, if the holder competes with Starr, or Starr's affiliated and associated companies before turning 65.

Certain of Starr's subsidiaries operate as insurance agencies or brokers for insurance subsidiaries of AIG and, in such capacity, produce reinsurance business for TRH. TRH paid commissions to Starr subsidiaries of \$12 million, \$8 million and \$4 million in 2004, 2003 and 2002, respectively, for such reinsurance purchased by subsidiaries of AIG totaling \$56 million, \$43 million and \$30 million, respectively, in such years. From these commissions, Starr is required to pay its operating and acquisition expenses.

TRH pays for the use of a golf club owned by a subsidiary of SICO. TRH paid approximately \$93,000, \$71,000 and \$74,000 in the years 2004, 2003 and 2002, respectively, for the use of this facility.

A number of senior TRH and AIG executives, including executives named in the Summary Compensation Table, have historically held positions with, and received compensation from, Starr and SICO. Both companies own substantial amounts of AIG common stock and have had other relationships with AIG. For example, from time to time, Starr offered certain members of TRH's and AIG's senior management the opportunity to purchase shares of its common stock and, since 1975, SICO has provided a series of 2-year Deferred Compensation Profit Participation Plans to senior TRH and AIG employees. Consistent with TRH's traditional presentation, the amount of Starr and SICO voting stock beneficially owned by TRH's directors and executive officers is discussed in "Ownership of Certain Securities", awards allocated under the SICO Plans are reflected in the Summary Compensation Table and other transactions between TRH and AIG, Starr and SICO, are discussed in "Compensation Committee Interlocks and Insider Participation."

Compensation Committee Interlocks and Insider Participation

During 2004 the Compensation Committee of the Board of Directors consisted of Messrs. Balog, Greenberg, Mackowski and Tizzio. No member of the Compensation Committee is a current officer or employee of the Company (or any of its subsidiaries) or was such an officer or employee at any time subsequent to June 1990, when the Company became a reporting company under the Exchange Act. Mr. Greenberg is a former director and Chairman of AIG and Mr. Tizzio is Senior Vice Chairman-General Insurance of AIG. Mr. Greenberg, Mr. Sullivan and Mr. Tizzio are stockholders, directors and/or executive officers of SICO and Starr. AIG owns 59.39% of the outstanding TRH Common Stock and members of the AIG Group engage in reinsurance and retrocession transactions with TRH, and provide certain administrative and advisory services to TRH, in the ordinary course of TRH's business. Approximately \$639 million (15%) of gross premiums written by TRH in 2004 was attributable to reinsurance purchased by subsidiaries of AIG, for the production of which TRH paid ceding commissions to such AIG subsidiaries totaling approximately \$122 million in such year. TRH retroceded approximately \$152.8 million of gross premiums written to subsidiaries of AIG in 2004 and received ceding commissions of approximately \$15.8 million for the production of such business. TRH's employees participate in benefit plans administered by AIG including a noncontributory defined benefit pension plan, an employee stock purchase plan, a stock incentive plan and a voluntary savings plan (a 401(k) plan) which provides for certain matching contributions. Pursuant to service and lease

agreements, the AIG Group furnishes to TRH certain office space, data processing, human resource related activities and certain other administrative services. TRH paid approximately \$5.1 million to the AIG Group for these services in 2004. Pursuant to an investment management contract, AIG Global Investment Corp., an AIG subsidiary, acts as investment manager for TRH. In addition, during 2004, AIG Global Investment Corp. also provided investment advisory and management services for substantially all TRH's assets held as cash equivalents. TRH paid an aggregate of approximately \$5.8 million to AIG Global Investment Corp. for such investment management services in 2004. TRH, as a subsidiary of AIG, is covered under AIG's policy of directors and officers ("D&O") liability insurance for itself, its directors and officers, its subsidiaries, and their directors and officers. In 2004, TRH paid AIG approximately \$46,000 for its allocable portion of AIG's D&O premiums. SICO, Starr and the Starr Foundation owned 12.0%, 1.8% and 2.0%, respectively, of AIG Common Stock at January 31, 2005. Certain of Starr's subsidiaries operate as insurance agencies or brokers for insurance subsidiaries of AIG and, in such capacity, produce reinsurance business for TRH. TRH paid commissions to Starr subsidiaries of \$12 million, \$8 million and \$4 million in 2004, 2003 and 2002, respectively, for such reinsurance purchased by subsidiaries of AIG totaling \$56 million, \$43 million and \$30 million, respectively, in such years. From these commissions, Starr is required to pay its operating and acquisition expenses. The members of the Stock Option Plan Committee are Messrs. Balog and Mackowski, each of whom is a "non-employee director" within the meaning of Rule 16b-3 under the Exchange Act.

Committee Reports on Executive Compensation

Report of the Compensation Committee on Executive Compensation

The Compensation Committee ("Committee") met on December 2, 2004. The Committee is composed solely of non-employee directors. The Committee is responsible for developing and making recommendations to the Board of Directors with respect to executive officer compensation policies and determines the cash compensation to be paid to the President and Chief Executive Officer and each of the other executive officers of the Company. The objectives of the Committee in determining the amount and type of cash compensation for each executive officer are to (i) provide a level of base compensation which would allow the Company to attract, retain and reward superior talent, and (ii) align the executive officers' interest with the success of the Company through the payment of bonuses based on the Company's performance. The Committee reviews the actions of the Stock Option Plan Committee and addresses the mix of compensation forms (salary, bonus, stock options) to foster long-term management motivation, development and stability.

The Company's compensation policies continue to be subjective, and no specific formulas are applied in making compensation decisions. Before making any compensation recommendations, the Committee in conjunction with TRH's Human Resources Department and AIG's Corporate Compensation Department ("Corporate Compensation") conducted a proxy analysis using data from selected publicly traded companies and collected and summarized data from the Watson Wyatt Reinsurance Survey ("Watson Survey").

With respect to the proxy analysis, the compensation of TRH executives were compared to executives at other publicly traded competitors based on their job titles and responsibilities. The Committee also considered various financial data of the selected companies, such as return on equity, expense ratio, combined ratio and the value today of \$100 invested in June 1990 in its analysis. With respect to the Watson Survey, two special studies were analyzed, one study looked at companies with Gross Written Premiums greater than \$1 billion and the other study looked at a group of 10 companies against which TRH competes for executive talent.

The compensation analysis considered all cash and equity components, including salary, bonus, intermediate compensation and long-term compensation. Once the analysis was completed, the Committee reviewed the analysis in detail with Corporate Compensation. The Committee believes that the Company's strong performance in 2004 was largely attributable to the leadership of senior management. It was agreed that it would be in the best interest of the Company and its stockholders to compensate these individuals in a manner commensurate with their contributions to the Company's success. Accordingly, based solely on a subjective review, Robert F. Orlich, the Company's President and

Chief Executive Officer, was given an increase in base salary to \$740,000 in 2005 from \$715,000 in 2004. Mr. Orlich's base salary did not increase from 2003 to 2004. Mr. Orlich was also given bonuses by TRH in the amount of \$367,000 in 2004. Management's recommendations with respect to the other executives of the Company were also reviewed, considered and approved, based upon a subjective review of their respective responsibilities and contributions to the Company.

The Committee is informed of all compensation paid by Starr and SICO to TRH's senior management, as well as the opportunities afforded to certain members of TRH's senior management to invest in Starr common stock. It takes such compensation, including awards under the SICO Plan, into account to the extent such compensation is paid for services to TRH and its subsidiaries.

The Compensation Committee has considered the tax deductibility of compensation to its executive officers in light of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Any amounts paid in excess of \$1 million will not be deductible pursuant to Section 162(m). The Company has structured the TRH 1990, 1995 and 2000 Stock Option Plans with the intention that the compensation resulting from such plans would be deductible in light of Code Section 162(m).

Report of the Stock Option Plan Committee on Executive Compensation

The Stock Option Plan Committee ("Committee") met on December 2, 2004. The Committee is composed solely of independent directors. The Committee is responsible for administering the TRH stock option plans and the TRH Stock Incentive Plan. The Committee's philosophy is that stock options are a particularly important part of the compensation that inherently correlates long-term individual motivation and reward to Company performance. The Committee's approach is subjective. The Committee does not use specific criteria or formula to calculate the aggregate number of options granted or the grants to each individual. As part of its general discussion, the Committee considered the past and potential contribution to the Company of its executive officers, the amount of options awarded in prior years, the option grants awarded by other reinsurers as disclosed in publicly available materials as described above, the successful financial performance of the Company, the Company's long-term compensation goals and the cash compensation paid to the Company's executive officers. The Committee concluded that the Company's executive officers demonstrated superior leadership toward the Company's strong performance in 2004. As a result, in December 2004, the Committee provided significant option grants for the Company's executive officers' 2004 performance. In addition, in December of 2004, the Committee approved the granting of options to certain directors. The option grants to directors were made after reviewing and approving management's recommendations, which were based on a subjective assessment of each individual's past and prospective contribution to the Company.

Report of the Audit Committee

The role of the Audit Committee ("Committee") is to assist the Board of Directors in its oversight of TRH's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Committee are "independent", as required by applicable listing standards of the New York Stock Exchange. The Committee currently operates pursuant to a Charter that was adopted on March 25, 2004. Prior to that date, the Committee operated pursuant to a Charter that was last amended and restated by the Board on September 19, 2002. As set forth in the Audit Committee's Charter, the management of TRH is responsible for the preparation, presentation and integrity of TRH's financial statements, TRH's accounting and financial reporting principles and internal controls

and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent public accounting firm (the “independent accountants”) is responsible for auditing TRH’s financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. In 2004, the independent accountants and the Director of Internal Audit attended each Audit Committee meeting. Both the independent accountants and the Director of Internal Audit have free access to the Audit Committee and the Chairman of the Audit Committee. At least annually, the Audit Committee reviews and discusses with the General Counsel his report on compliance matters.

The Audit Committee devoted a substantial amount of time during 2004 discussing with the Company’s independent accountants, internal auditors and management the status and operating effectiveness of the Company’s internal control over financial reporting. The Audit Committee’s oversight involved several meetings with management and with the independent accountants to monitor the preparation of management’s report on the effectiveness of the Company’s internal controls and the independent accountants’ opinion on management’s assessment. The meetings reviewed in detail the standards that were established, the content of management’s assessment, and the independent accountants’ testing and evaluation of the design and operating effectiveness of the internal controls. As reported in the Company’s Annual Report on Form 10-K filed March 16, 2005, the independent accountants concluded that, as of December 31, 2004, management’s assessment of the effectiveness of internal control was fairly stated in all material respects and that the Company maintained, in all material respects, effective internal control over financial reporting based upon the criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements with management and the independent accountants. The Committee has also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, has considered whether the provision of non-audit services by the independent accountants to TRH and audit and non-audit services to TRH’s affiliates is compatible with maintaining their independence and has discussed with the independent accountants their independence with regard to TRH.

Based upon the reports and discussions described in this report, on the role and responsibilities of the Committee described above and in the Audit Committee Charter, the Committee recommended to the Board that the audited financial statements be included in TRH’s Annual Report on Form 10-K for the year ended December 31, 2004 filed with the Securities and Exchange Commission.

II. RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

The Audit Committee and the Board of Directors have recommended the employment of PricewaterhouseCoopers LLP as independent accountants of TRH for 2005. The firm, and its predecessors, has served as TRC’s independent accountants since 1977 and TRH’s since 1986. Representatives of the firm are expected to be present at the Annual Meeting with an opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.

Audit Fees. The aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered for the audit of TRH’s annual financial statements for the fiscal years ended December 31, 2004 and 2003 and for the reviews of the financial statements included in TRH’s Quarterly Reports on Form 10-Q for those fiscal years was \$1,915,125 and \$637,640, respectively.

Audit-Related Fees. The aggregate fees billed by PricewaterhouseCoopers LLP for audit-related professional services for the fiscal years ended December 31, 2004 and 2003 was \$0 and \$0, respectively.

Tax Fees. The aggregate fees billed by PricewaterhouseCoopers LLP for professional tax services for the fiscal years ended December 31, 2004 and 2003 was \$38,338 and \$33,040, respectively. These services were performed in connection with international tax compliance on behalf of the company and expatriate employees.

All Other Fees. The aggregate fees billed by PricewaterhouseCoopers LLP for services rendered to TRH, other than the services described above under “Audit Fees”, “Audit-Related Fees” and “Tax Fees” for the fiscal years ended December 31, 2004 and 2003 was \$0 and \$0, respectively.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by the Company’s independent accountants (the “Policy”) prior to the engagement of the independent accountants with respect to such services.

Under the Policy, proposed services may be pre-approved on a periodic basis or individual engagements may be separately approved by the Audit Committee prior to the services being performed. In each case, the Audit Committee considers whether the provision of such services would impair the independent accountants’ independence. All audit services, audit-related services, tax services and other services provided by PricewaterhouseCoopers LLP for 2004 were pre-approved by the Audit Committee.

Ratification of the selection of accountants requires approval by a majority of the shares of TRH Common Stock present and entitled to vote at the meeting. Abstentions will have the effect of a vote against the proposal and broker non-votes will reduce the number of votes required to achieve a majority vote. Neither TRH’s Certificate of Incorporation, as amended, nor its Amended and Restated By-Laws, require that the stockholders ratify the selection of PricewaterhouseCoopers LLP as its independent accountants. TRH’s Board is requesting stockholder ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP, but may retain PricewaterhouseCoopers LLP. Even if the selection is ratified, the Board and the Audit Committee in their discretion may change the appointment at any time during the year if they determine that such change would be in the best interest of TRH and its stockholders.

Your Board of Directors recommends a vote **FOR** the proposal to ratify the selection of PricewaterhouseCoopers LLP.

III. STOCKHOLDER PROPOSALS FOR 2006 ANNUAL MEETING

All suggestions from stockholders are given careful attention. Proposals intended to be presented at the 2006 annual meeting, and included in the Proxy Statement, should be sent to the TRH Corporate Secretary at 80 Pine Street, New York, New York 10005 and must be received by December 30, 2005. In addition, under TRH’s Amended and Restated By-Laws, stockholders must comply with specified procedures to nominate directors or introduce an item of business at an annual meeting. Nominations or an item of business to be introduced at an annual meeting must be submitted in writing and received by TRH generally not less than 90 days nor more than 120 days in advance of an annual meeting. To be in proper written form, a stockholder’s notice must contain the specific information required by TRH’s Amended and Restated By-Laws. A copy of TRH’s Amended and Restated By-Laws which describes the advance notice procedures can be obtained from the TRH Corporate Secretary.

IV. OTHER MATTERS

While management knows of no other issues, if any other matters properly come before the meeting, it is the intention of the persons named in the accompanying proxy form to vote the proxy in accordance with their judgment on such matters.

Incorporation by Reference

To the extent that this Proxy Statement has been or will be specifically incorporated by reference into any other filing by TRH under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, the sections of this Proxy Statement entitled “Committee Reports on Executive Compensation;” “Report of the Audit Committee” (to the extent permitted by the rules of the Securities and Exchange Commission); “Performance Graph” and the appendices to the Proxy Statement shall not be deemed to be so incorporated, unless specifically otherwise provided in such filing.

Important Notice Regarding Delivery of Stockholder Documents

In accordance with a notice sent to certain stockholders of TRH Common Stock who hold TRH Common Stock through a broker or otherwise through a nominee and who share a single address, only one copy of this Notice of Annual Meeting of Stockholders and Proxy Statement and TRH’s 2004 Annual Report to Stockholders is being sent to that address unless TRH receives contrary instructions from any stockholder at that address. This practice, known as “householding”, is designed to reduce printing and postage costs. However, if any stockholder residing at such address wishes to receive a separate copy of this Notice of Annual Meeting and Proxy Statement or TRH’s Annual Report to Stockholders, he or she may contact Investor Relations at 80 Pine Street, New York, New York 10005, 212-770-2040 and TRH will deliver those documents to such stockholder promptly upon receiving the request. Any such stockholder may also contact Investor Relations if he or she would like to receive separate proxy materials and annual reports in the future. If a stockholder receives multiple copies of TRH’s proxy materials and annual reports, he or she may request householding in the future by contacting TRH’s Investor Relations.

Proxy Solicitation

TRH will bear the cost of this solicitation of proxies. Proxies may be solicited by mail, personal interview, telephone and facsimile transmission by directors, their associates and approximately five officers and regular employees of TRH and its subsidiaries without receiving additional compensation. TRH will reimburse brokers and others holding stock in their names, or in the names of nominees, for forwarding proxy materials to their principals.
